Section 821

The Supreme True God dare not be careless at all.

He moved quickly.

Relying on the advantages in realm.

Zhang Yuhe later used his Soul-Destroying Finger, but was unable to lock onto the figure of the Supreme True God.

Its huge body is more flexible than ordinary people imagine.

Boom...

The Supreme True God shuttled out from the void and once again blasted Zhang Yuhe away with one claw.

The battle is back to what it was before.

It's just that the current Supreme True God is obviously much more cautious.

Although its offensive is still so fierce, its speed is still so fast.

But the frequency of those huge claws landing on the sword energy light screen was much lower.

It has to be careful.

Because Zhang Yuhe, the randomly shot World-Destroying Soul Finger would most likely fall on it.

The Supreme True God doesn't want to get in contact with him again.

This kind of soul pain is simply unbearable.

more importantly.

Now it is just a temporary fusion of the soul and body into one.

Far from stable.

What if Zhang Yuhe hits him again?

Then its remnant soul will most likely be ejected from the divine body.

If this is the case.

Then it is not far from death.

The Supreme God is very clear.

Without the protection of the divine body.

Its remaining soul only needs one shot of the Soul-Destroying Finger.

It will probably dissipate in an instant.

If that's the case.

Then it is really going to die.

Facing the threat of the Soul-Destroying Finger.

At this time, the Supreme True God seems to be still strong, but in fact he is at a loss.

He simply didn't dare to take action with all his strength.

It was even considering whether to avoid it first.

Leave the fairy world first.

Stay away from this pervert Zhang Yuhe.

After the injury has completely recovered, we will come back to this place again.

"Do you want to run?"

The Supreme True God looked at the huge vortex channel in the distant sky.

I couldn't help but feel a little hesitant.

...

Chapter 605 The Soul-Destroying Finger Shows Its Power

The Supreme True God traveled through the void, waving his crocodile claws, and quickly slapped Zhang Yuhe.

While turning his head to look at the extraterritorial passage in the distance.

At this point it was already hesitant.

It's thinking.

Do you want to run away?

Because it feels.

The newly promoted False God Realm boy in front of him is an iron turtle.

It seems impossible to kill him.

Even if it attacks like a tide and is extremely fierce.

But the sword energy barrier surrounding Zhang Yuhe was still unbreakable.

This strange sword formation has a ridiculously strong defensive capability.

If the Supreme True God is still in his prime.

It is naturally confident.

Even the hardest turtle shell can be smashed.

But the problem is.

It only has half a life left now.

To be precise.

There is only a wisp of remnant soul left in the sky.

Its body, which looked extremely strong, was actually dead long ago.

Now it's just a temporary integration for a period of time.

I want to completely awaken my divine body.

It will take a long time.

That is to say.

Now the Supreme True God seems to be extremely powerful.

In fact, it doesn't last long.

Its huge divine body may fall asleep again at any time.

before this.

Can it beat Zhang Yuhe to death?

If it is just starting out.

The Supreme True God must be very confident.

It's just a newly promoted False God realm human race.

It could turn Zhang Yuhe into ashes with just two slaps.

but now.

The Supreme True God is a little lost.

The sword array defense around Zhang Yuhe was really too strong.

Even though it tried its best, there was still no sign of breaking through the sword formation.

more importantly.

Zhang Yuhe not only has a turtle shell with strong defensive power.

He also has a weird soul-destroying finger.

This magical power makes the Supreme True God completely unable to let go of his hands and feet.

In the eyes of the Supreme True God.

The Zhang Yuhe in front of him was like a spiny turtle.

Let it have no strength but no way to start.

This feeling.

It's very uncomfortable.

I kind of want to run away.

The Supreme God is very clear.

If the stalemate continues, it will definitely be very detrimental to yourself.

If not, it will overturn.

The Supreme God quickly attacked while his eyes rolled.

Do you want to run?

Very confused.

to it.

Originally, the fairy world was a safe place.

It heals here.

No worries at all, no need to worry about being disturbed.

If you leave the fairy world.

The powerful people in the Chaos Sea are like clouds.

In case of being encountered by a powerful monk.

Section 822

I'm afraid I don't want to peel off his skin.

But the originally safe fairyland.

Now comes Zhang Yuhe, this ridiculously powerful pervert.

Don't beat Zhang Yuhe to death.

It can no longer rest in peace of mind.

"Roar....."

The Supreme True God let out an angry roar.

It's so confusing.

Facing the fierce attack of the Supreme True God.

Zhang Yuhe guarded the sword formation carefully and occasionally fired a few soul-killing fingers.

It doesn't matter if you hit it or not.

At least the supreme arrogance must be knocked down so that it cannot attack unscrupulously.

Both sides went back and forth, and the battle quickly came to a stalemate.

...

Chaos City.

At the edge of the distant sea of origin.

The Dao Ancestor Emperors and the Immortal Kings and Immortal Lords of the Dao Sheng Sect looked quietly into the distance.

I saw red clouds filling the sky in the distance, and the void was shattered.

That terrifying divine power.

Even though the distance was so far away, it still made them tremble.

The battle is fierce in the distance.

But they don't know what the situation is now.

Has Zhang Yuhe gained the upper hand? Is there any danger?

Because the distance is really too far.

They stood on the side of Chaos City and couldn't even see a shadow.

If it weren't for the Origin Sea in the distance, it would be exuding terrifying divine power.

They didn't know that there was already a fight over there.

Everyone looked anxiously at Li Tianxing next to them.

I saw that he was throwing out formation flags one after another at this time.

The formation flags were nailed into the void, gradually forming a huge formation.

An Tianzuo asked anxiously.

"Tianxing, are you done?"

"Soon."

After continuing to throw out a few formation flags, Li Tianxing kept pinching the magic formula in his hand.

The last time Zhang Yuhe crossed the tribulation.

Because the distance is too far.

They were the same at the beginning, unable to see the situation on the other side of Galaxy Island.

after this.

Li Tianxing made up his mind.

To create a super long-distance mapping formation.

He does not require this formation to have other functions.

As long as they can see the scene in the distance.

Through the power of the formation, the scene in the distance is mapped over.

There are many similar formations in the fairy world.

It's just that the observation distances of most of these formations are very limited.

I want to map scenes from super long distances.

These formations must be greatly improved.

During Zhang Yuhe's retreat.

Li Tianxing finally completed the deduction of this formation.

And he also refined a large number of formation flags.

It's just because it's the first time to set up this mapping array.

Li Tianxing is not very familiar with it either.

He needs constant adjustments.

That's why it took so long.

This mapping array has not been fully deployed yet.

Another moment passed.

Li Tianxing continued to adjust the position of the formation flag while twisting the magic formula.

Suddenly he gave a light drink.

"Get into formation."

A magnificent battlefield scene soon appeared in front of everyone.

Everyone watched intently.

I saw a huge crocodile monster, covering the sky and the sun, flashing rapidly in the void.

The huge crocodile claws shattered the void and kept hitting the figures in the distance.

"metropolitan."

"Fellow Daoist Zhang."

Looking at the scene in front of them, everyone's hearts tightened and they shouted silently.

The huge size of the Supreme True God is really terrifying.

What shocked everyone even more.

The Supreme True God is so huge and so fast.

It was so fast that even Zhang Yuhe couldn't react.

The huge crocodile claws can accurately hit the sword array light screen around Zhang Yuhe every time.

Everyone watched for a while.

An Tianzuo took a deep breath, and then spoke slowly.

"It seems that there is no problem. Zhang Daoyou's sword array defense ability is very amazing."

"Although the Supreme True God is extremely powerful, he cannot break through Fellow Daoist Zhang's sword array defense."

"In other words, Fellow Daoist Zhang is completely invincible."

"I'm just afraid that if I keep it for a long time, I'll lose it."

Li Tianxing next to him said worriedly.

There was silence.

Everyone knows the truth.

But what can be done?

They couldn't help.

Such a terrible battlefield.

Not to mention the claw of the Supreme True God, none of them can stop it.

He probably didn't even wait for them to get close.

The terrifying aura was enough to crush them.

After merging with the divine body.

The current Supreme True God is different from the phantom they had seen before.

Totally different.

That terrifying momentum.

Just the pictures mapped through the formation made them feel a little chilly.

terrible.

Just at this time.

The Qinglong Daozu next to him said with some doubts.

"I wonder if you have noticed."

"The Supreme True God seems to have no desire to fight."

"It seems a little timid."

Um!

I heard the reminder from Qinglong Daozu.

Everyone looked at the formation screen carefully again.

Section 823

It wasn't until this moment that they understood the situation.

The Supreme True God really wants to get closer to the space passage leading to the outside of the domain.

But every time, he was forced back by a black aura lit by Zhang Yuhe.

It seems that the Supreme True God is very afraid of these black spiritual lights.

"What kind of magical power is this? It makes the Supreme True God so afraid?"

Looking at the scene in front of them, everyone was filled with doubts.

...

Chapter 606: Surrounding Wei and rescuing Zhao?

On the land in the middle of the origin sea.

The void is shattered and mountains and rivers are cut off.

The battle is still going on.

The battle was fought from the lake in the center of the land to the edge of the land.

Soon he reached the other side.

At this time, the Supreme True God was still attacking like a tide, fiercely.

Its huge crocodile claws slapped crazily on the sword array light screen.

However.

Zhang Yuhe looked calm.

While activating the sword formation with all his strength, he fired several soul-destroying fingers from time to time.

Now he is not in a hurry at all.

Even when the Supreme True God wants to get close to the space channel.

Zhang Yuhe will also continuously hit the Soul-Destroying Finger to force it back.

Don't let go.

It's all come to this time.

Still want to run?

There are no doors.

The Supreme God controlled the Chaos Beasts and wreaked havoc in the fairy world for countless years.

If you let it run away.

Wouldn't that leave a huge disaster to the fairy world?

While you are sick, I will kill you.

Now Zhang Yuhe's goal is very clear.

That is to beat the Supreme True God to death.

Completely beaten to death.

And he believes that he can definitely do it.

Zhang Yuhe finally figured it out.

Even though the Supreme True God is now, he is still incredibly powerful.

As fast as lightning.

The huge claws shattered the void and slapped the sword array light curtain around him.

Still so heavy and powerful.

That is to say, Zhang Yuhe has now been promoted to the virtual god realm.

The immortal energy is abundant, and the strength has been greatly improved.

Otherwise.

Just rely on the Nine Heavens Hunyuan Sword Formation.

It's really not certain that he can stop the Supreme True God.

The Supreme True God has terrifying attack power and lightning-fast speed.

It is indeed very scary.

despite this.

Zhang Yuhe didn't have any worries.

Because he had already seen it.

At this time, the Supreme True God was already at the end of his strength and could not survive for much longer.

As time passes slowly.

The Supreme True God's attack clearly showed signs of exhaustion.

At this time, Zhang Yuhe's heart was like a mirror, and he could see clearly.

"I can kill you with all my energy."

After firing several soul-killing fingers in succession, Zhang Yuhe thought silently.

At this time, the Supreme True God was as panicked as an old dog.

The arrogant attitude before was completely gone now.

It really doesn't want to fight anymore.

no way.

Zhang Yuhe relied on the defense of the sword array to act like an iron turtle.

Make it helpless.

But the problem is.

Even if the Supreme True God wanted to run away, Zhang Yuhe would not give him a chance.

Several times, it wanted to escape to the Sea of Chaos through the space channel.

This is the fairy world, and I don't want to stay here at all.

There is this pervert Zhang Yuhe here.

Where is the place for it to stand?

The Supreme True God really wants to run away.

However.

Every time when it just does something.

Zhang Yuhe immediately swung several soul-destroying fingers towards the distant space passage.

Under the carelessness of the Supreme True God.

He was almost hit by the Soul-Destroying Finger again.

Don't let it go?

Think of this.

The Supreme True God was extremely depressed.

once Upon a time.

Can a newly promoted False God Realm block its path?

Yet it is what it is.

Zhang Yuhe really stopped it.

Although the Supreme True God is as fast as lightning.

It was so fast that even Zhang Yuhe couldn't lock onto its figure.

But as long as the judgment is accurate.

Zhang Yuhe doesn't need to lock the figure of the Supreme True God.

Just find out it wants to run away.

Just point directly in the direction of the passage and throw out the Soul-Destroying Finger crazily.

Zhang Yuhe thought.

There is only one way.

I blocked the road.

See where else you can run.

As long as you can't escape from the fairy world.

No matter where you are, I can wear you down.

The Supreme True God continued to attack while restraining his violent emotions.

It's thinking.

What to do, there will be a way out.

If you continue to fight like this, it will definitely not work.

The Supreme True God has clearly felt it.

Its degree of control over its own divine body has become less and less.

No telling when.

The remaining soul of it will be forced out of the divine body again.

Section 824

Because its divine body has been extinct for many years.

Although after these years of cultivation, some control has been gradually restored.

But in the beginning.

The Supreme True God was hit hard by Zhang Yuhe's soul-destroying finger.

Let the remaining soul of it be hit hard again.

If you can't find a place, take some time to recuperate.

I am afraid that the last remaining ray of soul will dissipate soon.

We must get out quickly.

The Supreme True God attacked frantically, trying to force Zhang Yuhe back.

While thinking silently in his heart.

What do you have to do to find a way out?

If it wants to escape at this time, there are only two ways.

One is to beat Zhang Yuhe to death directly

Another way is to run back to the Sea of Chaos through that space passage.

But the problem is.

It can't do either of these two methods.

Zhang Yuhe can't be beaten to death.

If it had this ability, it would still be a tangled mess.

Zhang Yuhe had been hammered to death long ago.

As for saying.

Pass through the space passage and run directly to the Sea of Chaos.

This is indeed the best way out at the moment.

But the problem is.

Zhang Yuhe relied on the intimidating power of the Soul-Destroying Finger to seal this passage.

Don't let it go at all.

What should we do now?

At this time, the Supreme True God was filled with anxiety.

We have to find a way.

It can't be delayed any longer.

After slapping his claws again, the Supreme True God suddenly turned his head and looked into the distance.

"That's it."

"Huh, since you won't give me a way to survive, then don't think about it."

The Supreme True God snorted coldly.

After it slapped Zhang Yuhe back with one paw, it did not continue to pursue forward as before.

Instead, he turned suddenly, as fast as lightning.

It disappeared from sight in an instant.

"Ran?"

Zhang Yuhe looked into the distance and couldn't help but feel a little confused.

What's the use of running to other places in the fairy world?

I really can't outrun you.

But no matter how fast you run.

Can it be faster than my magical power of teleportation, the infinite world?

Looking at the direction in which the Supreme True God was escaping, Zhang Yuhe was thoughtful.

"That's Chaos City over there."

"Could it be that the Supreme True God wants to play a trick of besieging Wei and rescuing Zhao?"

"Isn't this method too low-level?"

Zhang Yuhe quickly judged the thoughts of the Supreme True God.

At this time, all the Dao ancestors in the immortal world, as well as the Immortal Kings and Immortal Lords of the Dao Sheng Sect.

They all gathered in Chaos City.

Now that the Supreme True God is heading towards Chaos City, he has to go back to rescue.

It was impossible for Zhang Yuhe to watch these elites from the immortal world being beaten to death by the Supreme True God.

After all, except for those Tao ancestors.

The Immortal Kings and Immortal Lords of Dao Sheng Sect are all in Chaos City now.

Attack the enemy and save them.

have to say.

The Supreme True God still has some brains.

Its purpose is simple.

I just want to temporarily move Zhang Yuhe away from the space passage.

Wait until Zhang Yuhe leaves.

The Supreme True God relied on its lightning speed to quickly return here.

Then go through the space channel and go to the Sea of Chaos to relax.

This idea.

Just perfect.

"What a beautiful thought. Can I make it happen as you wish?"

Think of this.

Zhang Yuhe couldn't help but laugh.

...

Chapter 607: If you can't beat them, take it out on the audience, right?

Looking at the direction in which the Supreme True God was leaving, Zhang Yuhe couldn't help but smile.

This abacus calculation is too untechnical.

The thoughts of the Supreme True God are indeed beautiful.

With one move, he surrounded Wei and rescued Zhao, and lured Zhang Yuhe away from the passage.

It has the right idea.

Over in Chaos City, Zhang Yuhe really had to save him.

It was impossible for him to let the Supreme True God kill all the Dao Ancestor Emperor of the Immortal Realm and the Immortal King and Immortal Lord of the Dao Sheng Sect.

He couldn't bear this loss.

Zhang Yuhe must go back.

But the problem is.

The Supreme True God overestimated his speed and underestimated Zhang Yuhe's teleportation power.

You do run fast.

But no matter how fast you are, you can't go faster than the infinite world.

"Let you run for half an hour first."

Zhang Yuhe stood quietly in the air.

He was in no rush to act.

Regardless of whether the Supreme True God wants to attack the east and attack the west, or he wants to surround Wei and save Zhao.

That doesn't matter.

He first stayed near the space passage and guarded it for half a quarter of an hour.

If the Supreme True God returns halfway.

He will be caught right away.

If the Supreme True God doesn't come back, he will really go to Chaos City.

That doesn't matter either.

After half a quarter of an hour, he teleported back.

It's not too late at all.

Chaos City is an endless distance away from here.

The average Dao Ancestor Emperor would need to fly for at least hundreds of years before he could survive.

The speed of the Supreme True God is indeed not comparable to ordinary people.

It might not take an hour for it to run back and forth from Chaos City.

That being the case.

I'll give it to you first, it'll be ready in half a quarter of an hour.

Section 825

Zhang Yuhe stayed where he was quietly.

He did not notify Li Tianxing and others.

distance is too far.

It has exceeded the scope of the Immortal Mirror.

Even if he wanted to notify, he couldn't do it for the time being.

but.

Although Zhang Yuhe was unable to inform the Dao Ancestor Emperors in Chaos City.

But he still has ways to monitor the situation over there.

Don't worry about accidents.

I saw him making a stroke with his right hand.

A vortex of particles the size of a pond slowly appeared in the void.

The scene in Chaos City soon appeared clearly before his eyes.

...

The Supreme True God ran all the way.

Its tyrannical consciousness shrouded the entire sea of origin.

Zhang Yuhe's movements were all seen in the eyes of the Supreme True God.

When he saw Zhang Yuhe, he did not catch up with him.

The Supreme True God felt very depressed.

It seems useless to surround Wei and rescue Zhao.

"Does this kid have no regard for the life and death of those people?"

"Hmph, since you don't care, then I will simply kill all these people."

The Supreme True God snorted coldly.

It hasn't looked back.

Before Zhang Yuhe left the space channel.

There is no use in going back.

The Supreme God is very clear.

It can't beat Zhang Yuhe's level.

The magical power of the Soul-Destroying Finger is very terrifying.

In particular, it poses a fatal threat to people with unstable souls like it.

The Supreme True God thought.

That being the case.

Then it would simply destroy the group of monks in Chaos City first.

As a Chaos Beast.

For monks, it is a great tonic.

Especially the group of Dao Ancestor Emperors.

It has been free-range in the fairyland for so many years.

It's also time to harvest a wave.

The Supreme True God is moving rapidly through the void.

While thinking silently.

If we can successfully harvest all these monks.

Then its soul, which is about to dissipate, may be stabilized.

If that's the case.

It can hold up Zhang Yuhe's soul-destroying finger and rush through the space passage.

"Hmph, just wait, don't let me escape this."

The Supreme True God snorted coldly, and then accelerated his flying speed.

Zhang Yuhe stood quietly in the void.

Through the particle vortex, he can accurately grasp the situation in Chaos City.

However, half an hour passed.

The Supreme True God shows no signs of returning.

"Are you really heading towards Chaos City?"

"You're really not afraid of death."

"In that case, I will go to Chaos City and squat there."

Zhang Yuhe looked into the distance, thinking silently in his heart.

I saw his expression moving slightly.

Figures appeared quickly beside him.

Three thousand incarnations of magical powers.

This magical power was learned from Zhao Mingyue when Yu Fantian was a child.

Even in the fairy world, it still plays a big role.

In order to prevent the Supreme True God from suddenly turning back midway.

Zhang Yuhe needs to arrange some warnings in advance here.

if that is the case.

Even if the Supreme True God comes back.

He can also detect it in advance.

Then you can quickly teleport to the vicinity of the passage, continue to block the Supreme True God, and escape from the fairy world.

The three thousand incarnations quickly dispersed and flew towards the outer sea area.

After doing all this.

Zhang Yuhe took one step forward and soon appeared outside Chaos City.

He didn't show up.

Instead, he restrained his aura and quietly hid outside the city.

Zhang Yuhe knows.

The consciousness of the Supreme True God can cover the entire sea of origin.

If he is discovered by the Supreme True God and returns to Chaos City.

Then I definitely won't come here again.

First, hide quietly, and prepare for a vicious attack.

...

Chaos City.

The images of the Taoist Ancestors and the Immortal Kings and Immortal Lords of the Tao Sheng Sect are reflected through formations.

Silently looking at the battlefield in the distance.

Sudden.

Everyone was surprised to find that the Supreme God actually ran away.

Cang Yue Daozu asked with some confusion.

"What's going on? The Supreme True God is so fierce, how could he suddenly escape?"

"I don't know, maybe the injury is too serious and it can't hold on any longer."

"Haha, the Supreme True God has run away. Isn't the space passage leading to the outside of the domain unobstructed now?"

"We will be able to leave the fairy world soon."

"Don't worry, wait a minute, the Galaxy Emperor is still there and hasn't moved, maybe the Supreme True God hasn't gone far yet."

Just at this time.

Qinglong Daozu said with some worry.

"The Supreme True God won't suddenly come to us, right?"

Hear this.

Everyone couldn't help being surprised.

This possibility cannot indeed be ruled out.

Or.

This possibility is very high.

If that really happens, it will be a big trouble.

In the picture just now.

Everyone has seen it.

Even someone as fierce as Zhang Yuhe was constantly being suppressed and beaten by the Supreme True God.

If the Supreme True God suddenly ran to Chaos City.

So how could they possibly stop it?

Section 826

Afraid of a claw coming down.

I'll turn them all into scum.

Just at this time.

Li Tianxing's expression suddenly changed slightly.

An Immortal Mirror soon appeared in his hand.

After playing a magic formula.

Zhang Yuhe's voice came faintly from the fairy mirror.

"The Supreme True God may be coming for you."

"But don't worry, I will stay outside the city."

"You all stay where you are and act like you don't know anything."

As the sound disappeared, everyone looked at each other.

No one spoke.

This is scary.

A little scared.

Did the Supreme True God really come to them?

Zhang Yuhe will definitely not talk nonsense.

Since he specifically summoned the message, he must be very confident.

Thinking of the crocodile silhouette that was seen in the picture just now, covering the sky and the sun.

Everyone couldn't help but feel scared.

despite this.

They were still standing where they were, with no intention of running away.

What are you running for?

Could they still be able to outrun the Supreme True God?

If you run away now, you will die faster.

Zhang Yuhe must be right.

This is their only way to survive.

Because they all saw it just now.

Zhang Yuhe is absolutely capable of withstanding the attack of the Supreme True God.

Thinking that they were just here to watch the battle.

The result will actually be, falling into a huge crisis.

Everyone couldn't help but feel a little regretful.

Should have known so.

It's better to stay in Galaxy Fairy City.

The Supreme True God is too careless.

If Zhang Yuhe can't be moved, he will take it out on the audience.

Shameless.

...

Chapter 608 Prepare to be taken away in a wave

After issuing a summons to Li Tianxing.

Zhang Yuhe casually took a piece of talisman and hid it quietly outside Chaos City.

The nine fairy swords flew out slowly and soon disappeared around the city.

This time he had no plans and continued to use the sword formation to defend himself.

He wanted to use all his firepower and kill the Supreme True God in one wave.

After the continuous battle just now.

Zhang Yuhe knows very well.

At this time, the Supreme True God has already reached the end of his power.

Maybe all it takes is one straw to crush it completely.

What Zhang Yuhe has to do now is.

Increase the weight of this straw as much as possible.

The Nine Heavens Hunyuan Sword Formation, the Taoist Chaos Return to the Void, the Demonic Sword, and the God-Destroying Finger.

Various divine channels that can exert their power.

When the time comes, they will all be beaten out in one fell swoop.

Yin people will be Yin wave ruthlessly.

Before the Supreme True God could react.

Just kill it.

In the previous battle.

Because the speed of the Supreme True God is too fast.

Zhang Yuhe has always been unable to lock the opponent's figure.

Now he was squatting outside the city waiting early.

Zhang Yuhe still didn't believe it.

The Supreme True God can also avoid his attacks.

In fact, in the battle just now.

It's not that he's not strong enough.

But there was no chance at all to hit the Supreme True God with his attack.

Otherwise.

Zhang Yuhe believes it.

A few more soul-killing fingers.

The Supreme True God has long since died.

How could there be so much trouble?

Unfortunately.

When the battle is fierce, the Supreme God is as fast as lightning.

Don't give him a chance at all.

But Zhang Yuhe knew.

Now is your chance.

The Supreme True God does not know that he is squatting outside the city at this moment.

If he can't hit the Supreme True God in this way, then he might as well buy a piece of tofu and kill him.

Will a sneak attack while squatting still fail?

Moreover, Zhang Yuhe still had Hunyuan Guiyi's magical power that he didn't use.

In the previous war.

Zhang Yuhe had no chance at all.

Even if the Hunyuan Guiyi magical power is activated, it will be of no use.

Can't hit the enemy.

No matter how powerful it is.

That's also a waste.

Therefore, he had never used this explosive magical power just now.

Zhang Yuhe had already thought about it.

I'll do the big move later.

Then he directly carried away the Supreme True God in a wave.

The desolate Chaos City now revealed a hint of nervousness.

An Tianzuo held the spear tightly and silently looked at the sea of origin in the distance.

Qinglong Daozu held a huge ax and looked into the distance warily.

World-destroying spear, sky-opening axe.

In addition, Zhang Yuhe had the Demon Sword obtained from the Demon Emperor.

In order to fight against the Supreme True God.

The three most powerful innate Taoist weapons in the immortal world have all appeared at this time.

But Zhang Yuhe knew.

Innate Taoist weapons cannot stop the Supreme True God.

to be honest.

No matter how powerful the innate Taoist weapon is, it is only a semi-sacred weapon.

Section 827

And the Supreme True God is a true God of the Great Perfection.

If you want to use the innate Dao weapon to deal with the Supreme True God, it is still too far away.

An Tianzuo and Qinglong Daozu, offering the innate Dao weapon, are just seeking some psychological comfort.

In fact, everyone knows.

If you want to defeat the Supreme True God, you can only rely on Zhang Yuhe.

This group of people are not even qualified to play soy sauce.

At this time.

The sky suddenly cracked, a wide crack.

A huge crocodile monster slowly rushed out of the crack.

The Supreme True God is here.

Its terrifying momentum that covered the sky and the sun made everyone present tremble with fear.

At the moment when the Supreme True God appeared.

The Immortal King and Immortal Lord of the Daosheng Sect almost couldn't stand up.

An Tianzuo and Qinglong Daozu frantically urged the innate Dao weapons in their hands.

The faint breath of Tao rhyme completely enveloped everyone on the city wall.

It struggled to resist the terrifying power of the Supreme God.

It held up two weak defense barriers for everyone.

Looking at the figures on the city wall.

A trace of disdain flashed in the eyes of the Supreme God.

These ant-like characters actually dared to resist?

They were just some cattle and sheep that it kept in the fairyland.

Do cattle and sheep have the ability to resist the harvest of farmers?

Obviously impossible.

If it weren't for the freak Zhang Yuhe.

This fairyland is its eternal pasture.

It's a pity.

This pasture can no longer stay.

After harvesting the last wave, it has to run back to the Chaos Sea.

I don't know if there will be a chance to return to this pasture again in the future.

A trace of regret flashed in the eyes of the Supreme God.

It doesn't want to leave either.

Compared to the fairyland.

Chaos Sea is full of masters, and it is the world of cultivators.

These Chaos Beasts can only eat weaker monks quietly in the marginal areas.

They dare not be too presumptuous.

Otherwise.

They will definitely attract the masters among the monks.

Then they will be dead.

It is not like in the fairyland.

It doesn't even need to do it itself.

The Chaos Beasts below will take the initiative to sacrifice the monks for it to enjoy.

The Supreme True God even misses the days of recuperating in the fairyland.

It doesn't want to leave.

But there is no way.

Now there is a freak Zhang Yuhe in the fairyland.

It has to move.

Don't look at it just now. It has been attacking like a tide and has been suppressing Zhang Yuhe.

But the Supreme True God knows very well.

If it doesn't run away quickly.

It is estimated that it will be exhausted to death by Zhang Yuhe in a short time.

So it has to run away quickly.

After harvesting a wave, run away quickly.

At this time.

The Supreme True God frowned slightly.

It did not sense Zhang Yuhe's breath.

In fact, it had already discovered it.

Zhang Yuhe had already left the big island in the center of the Sea of Origin.

But after that, it had never sensed Zhang Yuhe's existence again.

Now it has arrived at Chaos City, and Zhang Yuhe's figure has not been exposed yet.

"Where did this kid hide?"

"Does he really not care about the lives of these people?"

"Forget it, harvest a wave to restore some vitality, and then hurry to the Chaos Sea."

The Supreme True God thought silently.

Since Zhang Yuhe has left the vicinity of the space channel.

Then it is too lazy to care about it.

As long as it doesn't block its way out.

The Supreme True God slowly raised its huge claws, and was about to slap it.

At this time.

Outside the Chaos City, a strong momentum rose to the sky.

At the moment when the Supreme True God appeared.

Zhang Yuhe decisively opened the Hunyuan Guiyi magical power.

The strong aura burst out instantly.

His cultivation level was directly raised to the Great Perfection of the Void God Realm.

Immediately afterwards.

A huge sword energy light curtain quickly lit up outside the Chaos City.

The sword energy swept across the sky and earth, and instantly pressed towards the Supreme True God.

This is not over yet.

A black millstone suddenly appeared in the sky at some point.

The millstone brought endless divine power and directly suppressed the Supreme True God in the void.

After opening the magical power of Hunyuan Guiyi.

The power of the Taoist art of Chaos Guixu at this time is naturally not comparable to that of the past.

At that time, the Supreme True God could shatter the millstone phantom by flicking his tail.

It is not that easy now.

The black millstone brought terrifying divine power, which could at least suppress the Supreme True God for a moment.

Zhang Yuhe appeared in the wilderness outside the city.

After seeing the Supreme True God being suppressed.

He did not hesitate at all.

He quickly pinched the magic formula.

The index finger of his right hand slowly pointed out.

A black spiritual light, with a frightening spiritual fluctuation, quickly crossed the sky.

It went straight to the Supreme True God in the distance.

...

Chapter 609 The Fall of the Supreme True God

Seeing Zhang Yuhe suddenly appear.

The Supreme True God was completely stunned.

It still hasn't figured out how Zhang Yuhe got ahead of it.

He even squatted outside the Chaos City early and tricked it.

But these are not the key points.

The most important thing is.

Section 828

At this time, Zhang Yuhe's aura was extremely amazing.

He had reached the Great Perfection of the Void God Realm, approaching the True God Realm.

Compared with before, Zhang Yuhe was like a completely different person.

The pitch-black millstone was like a mountain, suppressing it in place and unable to move.

Endless sword energy swept across, showing a terrible might.

If it were just these.

The Supreme True God would not be too worried.

After all, it had the strength of the Great Perfection of the True God Realm.

Even if Zhang Yuhe's explosion was a bit exaggerated now.

The Supreme True God was confident that he could withstand this wave.

However.

When he saw the black spiritual light, carrying the terrifying soul fluctuations, crossing the sky.

The Supreme True God was extremely terrified.

It seemed to feel the coming of the god of death.

These black spiritual lights with the breath of the soul.

It was too familiar.

In the previous battle.

Zhang Yuhe used this magical power to sneak attack it.

It didn't notice it at the beginning.

Being hit by the Soul-Destroying Finger, his soul was almost knocked out of his body.

This is a real killing move.

A killing move specifically targeting his own weaknesses.

Roar...

The Supreme True God let out a violent roar.

It struggled hard.

It wanted to get rid of the suppression of the sword formation and the return of chaos to the void.

The Supreme True God believed.

As long as it was given a breath of time.

It could completely get rid of it.

However.

Looking at the black spiritual light that quickly passed through the sky.

The Supreme True God was completely desperate.

Ah ah ah...

"I am not willing."

The Supreme True God let out a desperate cry.

Because it knew.

All this is irreversible.

The black spiritual light crossed the void and instantly touched the top of the Supreme True God's head.

In an instant.

Time seemed to stop.

After a while.

The huge crocodile monster in the sky suddenly fell down at a high speed.

A faint shadow of the soul slowly floated out from the top of the crocodile monster's head.

Compared with the beginning.

This shadow is much fainter.

Obviously.

The Soul-Destroying Finger just now.

It brought irreparable damage to the Supreme True God.

Now it can't even maintain unity with the divine body.

The divine body is completely out of control, and it falls into silence again, falling down at a very fast speed.

A wisp of residual soul floats out.

The Supreme True God showed a horrified expression.

It struggled to break through the suppression of the sword formation and the return of chaos to the void, and quickly fled to the distance.

Even if there was only a wisp of residual soul left.

The Supreme True God still hasn't given up.

Full of desire to survive.

When it was with Lu Jiuzhou.

It also had only a wisp of residual soul left, even worse than now.

After millions of years of recuperation, it gradually recovered.

Now it was beaten back to its original form by Zhang Yuhe's Soul-Destroying Finger.

But the Supreme True God still hasn't given up.

It wants to live.

In its opinion.

As long as it runs fast enough.

Then there is still a chance.

At worst, I can start over again.

The spirit shadow leaped across the void and quickly fled into the distance.

"Humph, you still want to run."

Zhang Yuhe held the Demon God Sword in his hand, and his figure quickly soared into the air, chasing closely.

The nine immortal swords that were originally scattered around the periphery of Chaos City also flew back.

The immortal swords surrounded him, and the Demon God Sword cut through the void.

Zhang Yuhe's figure disappeared in an instant.

Only the Daozu Emperors and the Immortal Kings and Lords of the Daosheng Sect were left at the scene.

Everyone looked at each other, completely speechless.

They originally thought.

They would see a shocking battle soon.

The result surprised them.

This is not a shocking battle at all.

It's a complete crushing game.

Thinking of the majestic momentum when the Supreme True God appeared just now.

It was like the advent of the demon god.

As a result, Zhang Yuhe made a move.

He was taken away directly in one wave.

The Supreme God threw away his awe-inspiring divine body, leaving only a remnant soul to flee.

The scene was silent.

Everyone looked at each other, quietly looking at the huge crocodile monster corpse in the distance.

No one spoke.

It was really shocking, I didn't know what to say.

The contrast was a bit big.

They haven't reacted yet.

At the beginning.

Wasn't it the Supreme God who suppressed Zhang Yuhe?

How did he get to Chaos City.

The Supreme God who seemed unstoppable.

But was killed by Zhang Yuhe in one wave?

What's going on?

I don't understand.

Everyone said that they didn't understand it at all.

...

The Supreme God ran all the way.

Section 829

After leaving the divine body.

It's not slowing down much, it's getting faster and faster.

The desire to survive pushed its potential to the limit.

Zhang Yuhe followed behind and couldn't catch up at all.

He could only watch helplessly as the faint shadow of the Supreme True God quickly disappeared from sight.

"Hmph, let's see where you can escape."

Zhang Yuhe stopped and looked at the direction in which the Supreme True God was escaping.

He didn't care.

What's the use of running fast?

No matter how fast you run, can you still run faster than the magical power of teleportation?

Zhang Yuhe roughly judged the direction where the Supreme True God would escape.

I saw him making a stroke with his right hand.

A vortex of particles slowly appeared in the void.

The shadow of the Supreme True God quickly flashed across the other end of the vortex.

"Where can you run to?"

See this situation.

Zhang Yuhe murmured to himself.

Through the particle vortex, he can easily monitor a large area.

If only he would spend a little more time.

There is no problem at all even in monitoring the entire fairy world.

"Let it end soon."

Zhang Yuhe cut through the void again, and then took a step forward.

Soon an endless distance appeared.

Just at this time.

The phantom of the Supreme True God's soul is traveling through the void at high speed.

When looking at Zhang Yuhe, he suddenly intercepted him in front.

It was completely hopeless.

How is this possible?

How could Zhang Yuhe be faster than that?

The Supreme God is completely incomprehensible.

But it's fast, so you don't have to worry about this problem anymore.

Zhang Yuhe pointed out.

The black spiritual light flashed across the sky and hit the shadow in an instant.

Ahhhh...

The Supreme True God let out a scream.

Its faint spiritual shadow seemed to turn into a wisp of smoke, slowly dissipating in the sky.

Without the protection of a divine body.

Faced with Zhang Yuhe's soul-killing finger magical power.

The phantom of the Supreme True God's soul is as fragile as paper.

Completely vulnerable.

With just one click of his finger, he completely wiped out the Supreme True God from this world.

Zhang Yuhe stood quietly in the void.

After confirming that the Supreme True God has indeed completely fallen.

He couldn't help but let out a long sigh of relief.

True God Realm Da Yuan is indeed a bit fierce.

If it weren't for the Supreme True God and was seriously injured.

He really can't beat him.

Zhang Yuhe is self-aware.

With all his abilities, he could completely beat the Supreme True God to death.

That's because he found the opponent's Achilles' heel.

The soul body of the Supreme True God is scattered.

Even if they are temporarily fused into one, they will not be able to exert their normal strength.

It is for this weakness.

Zhang Yuhe used the magical power of the Soul-Destroying Finger to severely injure the Supreme True God in one fell swoop, until he was finally killed and fell.

Looking into the distance.

Zhang Yuhe sighed silently.

The avenue is boundless, even if it is as powerful as the Supreme True God, it will also fall.

...

Chapter 610 The Tongtian Avenue is in front of you

Zhang Yuhe stood quietly in the void, looking at the direction in which the Supreme True God disappeared.

There was no joy or sadness in my heart, but I couldn't help but feel a little emotional.

The road is difficult, so only by being cautious can you go further.

Otherwise.

Like the Supreme True God, he raises a circle of monks as his resources.

Such arrogant and disrespectful behavior.

Sooner or later there will be backlash.

Even without him Zhang Yuhe.

Li Yuhe and Wang Yuhe will also appear.

Or there may be a powerful monk who accidentally discovers the situation in the fairy world.

In a word.

Such arrogant behavior by the Supreme True God is seeking death.

Being beaten to death is its inevitable outcome.

Think of this.

Zhang Yuhe couldn't help but feel secretly vigilant.

Don't be crazy if you have some strength.

Crazy people will be punished by heaven.

The Supreme True God is the best example.

It thinks that since it is invincible in the fairy world, it can do whatever it wants.

In the end, he died without a burial place.

Zhang Yuhe was still feeling emotional.

He suddenly looked at his left hand.

I saw a spiritual light flashing from the ring on his left hand.

The aura quickly turned into a figure and appeared next to him.

Wu Yiyi appeared.

Looking around not far away, he saw the position where the Supreme True God disappeared.

She jumped up excitedly and said happily.

"Haha, Zhang Yuhe, you are so awesome, you really beat this shameless big crocodile to death."

"Without this crocodile monster guarding the space passage, I can finally go back to the Sea of Chaos."

"By the way, Zhang Yuhe, when are we going to the Sea of Chaos?"

Seeing Wu Yiyi's happy look, Zhang Yuhe couldn't help but have a faint smile on his face.

He said softly.

"Just give it a while, and wait for me to arrange things in the fairy world."

"We will go to the Sea of Chaos together then."

"Uh-huh."

Wu Yiyi nodded gently.

Now she is not in a hurry.

She knew that Zhang Yuhe was not alone.

Zhang Yuhe has a sect, friends, and many concerns in the fairy world.

Once you leave the fairy world and go to the Sea of Chaos, you don't know when you can come back.

Section 830

Before leaving, you must arrange things in the fairy world.

Anyway, after waiting for so many years, it's not too late.

Zhang Yuhe looked into the distance.

After a while.

He said softly.

"Yiyi, let's go. I'll go say hello to the others first."

"All right."

Wu Yiyi turned into a spiritual light and returned to the purple ring.

Because of her special status, she didn't want to meet other people.

After so many years in the fairy world.

Except for Zhang Yuhe, no one else has seen her true body.

In Wu Yiyi's eyes.

Most of the monks are people with endless desires.

These people are either for the fruits of her tree, or for her body and enlightenment tree.

None of them are good people.

Wu Yiyi felt that Zhang Yuhe was completely different from other monks.

Staying by Zhang Yuhe's side, you feel free and unrestrained.

Just very comfortable.

Zhang Yuhe made a move with his right hand, then took a step forward, and soon teleported to Chaos City.

Saw Zhang Yuhe coming back.

The Dao Sheng Sect members and the Dao Ancestor emperors immediately stepped forward and shouted.

"metropolitan."

"Fellow Daoist Zhang."

At this time, everyone looked at Zhang Yuhe, their hearts filled with infinite respect.

Even such a fierce Supreme True God can be beaten to death.

Everyone has no idea how powerful Zhang Yuhe is now.

The Supreme True God is a mountain that presses on the heads of the monks in the immortal world.

However, Zhang Yuhe moved the mountain away as soon as he took action.

From then on, the sky in the fairy world suddenly became clear.

Not only are they no longer needed and threatened by the Chaos Beasts, but they also have a chance to escape the fairy world.

Go to a wider world and find a higher road.

Zhang Yuhe nodded lightly.

He looked towards the distance and saw the huge crocodile monster corpse of the Supreme True God.

I saw him wave his right hand.

A pagoda-like fairy weapon flew out and quickly put away the crocodile.

This is the Chaos Beast of the Perfect God Realm.

Everything is a treasure.

Zhang Yuhe believes it.

Even in the Sea of Chaos.

Such things are probably not commercially available, and are probably worth a lot of money.

I have the body of the Supreme True God in my hand.

After Zhang Yuhe arrived in the Sea of Chaos, he was penniless.

He once heard Wu Yiyi say it.

The resources of the fairy world, whether it is fairy crystals or various fairy minerals and fairy materials.

In the Origin Sea, they are almost everywhere.

Not worth the money at all.

That is to say.

When the monks just stepped out of the primitive world.

Basically they are all paupers.

Everything has to be accumulated from scratch.

Zhang Yuhe once searched carefully on the desert island in the middle of the Origin Sea.

I want to see if I can find the relics left by Lu Jiuzhou back then.

Lu Jiuzhou was beaten to death by the Supreme True God.

Logically speaking.

Everything on him should be with the Supreme True God.

It didn't.

Zhang Yuhe couldn't find even a hair.

He found out later.

Chaos beasts strengthen themselves by devouring everything.

Everything Lu Jiuzhou left behind had already been eaten up by the Supreme True God.

There can be no good things left.

Just the pick-up order in his hand.

No one knows what kind of methods Lu Jiuzhou used.

The talent has been preserved in the sacred monument of Tianzuo Holy Land.

After putting away the body of the Supreme True God.

Zhang Yuhe said lightly.

"Let's go, let's go to the center of the Origin Sea first."

After saying this.

I saw him making a stroke with his right hand.

A vortex of particles slowly appeared in the void.

Everyone did not hesitate and quickly jumped into the vortex.

...

Standing on a dry lake.

Everyone looked up and looked at the huge space vortex in the sky.

My heart is filled with endless excitement.

The space vortex is mysterious and deep, and the terrifying Taoist aura emanates from the vortex.

Without the strength of the Dao Ancestor Realm, it would be impossible to withstand those terrifying Dao Yun auras.

That is to say.

Only the Great Emperor Daozu can enter that space vortex in the sky.

Everybody knows.

This space vortex is the passage out of the fairy world and to a higher level world.

That huge Dao Yun aura cannot be faked at all.

Everyone will understand just by taking a look.

This is a road to heaven.

As long as you cultivate to the Dao Ancestor Realm, you can move from this passage to a broader world.

The road is right in front of us, how can we not be excited?

Not to mention those Dao Ancestor Emperors, even Yang Yueyue, Lu Yunfei and others were also extremely excited.

Pursuing the path forward is the dream of all monks.

Although they are still far away from the Dao Ancestor Realm.

But who doesn't have a dream yet?

Everyone looked at the channel vortex in the sky, their hearts filled with infinite yearning.

After a while.

An Tianzuo took a deep breath, and then spoke slowly.

"Fellow Daoist Zhang, do you know where the other end of this vortex is?"

Zhang Yuhe responded with a smile.

"I don't know much about it. I only know that it's called the Sea of Chaos."

"There are endless vast continents there, as well as numerous void lands."

"The most important thing is that there are powerful monks there and an extremely splendid avenue civilization."

"As long as you pass through the space vortex, you can go to the Sea of Chaos."

"But as far as I know, this kind of space vortex is extremely complex inside, with countless forks in the road."
