

## Top talent 861

### Section 861

Zhang Yuhe put away the receiving order, looked at Liu Xishan and others, and responded with a smile.

"Fellow Taoists, you're welcome, I'm just doing it casually."

"Besides, in Xilin City, even if I don't want to take action, that Chaos Beast won't give up."

"Haha, fellow Taoist Zhang is right."

"However, my fellow Taoist killed the Chaos Beast and rescued the monks across the continent. This must be celebrated."

"Fellow Daoist Zhang, come with me."

Liu Xishan extended his hand to invite.

"Then excuse me."

Zhang Yuhe did not refuse.

Although he had already planned to leave Xilinjiao and go to Zhenji Continent.

But it's not a short amount of time.

It doesn't hurt to get together with everyone again.

Under the leadership of Liu Xishan.

Everyone flew over the city and quickly flew towards the north of the city.

At this time, the monks in the city were filled with joy.

That terrifying chaos beast had been killed by a mysterious power.

This means.

The danger at West Linn Point has been lifted.

They finally saved a small life.

Thinking of the terrifying power of the Chaos Beast, countless monks felt a sense of fear.

At the same time, he was also full of infinite gratitude and admiration for that mysterious monk.

The scene of Zhang Yuhe crossing the void and suppressing the chaos beast with one hand.

Deeply imprinted in the hearts of the monks.

Watching the figures passing by in the sky.

Everyone's hearts can't help but be filled with infinite yearning.

"It would be great if I could have the strength to suppress the void anytime."

Zhang Yuhe now seems to have become the idol of the entire Xilin City.

Many monks worshiped him.

...

Chapter 631 Is there really such a person in the world?

Duan Changqing hides his figure in the void.

Watching Zhang Yuhe and others quickly fly into a hall in the north of the city.

He had no intention of showing up immediately.

to be honest.

The timing of Duan Changqing's arrival was really unlucky.

When he first arrived in Xilin City, Zhang Yuhe had already suppressed the Chaos Beast.

And he was quickly killed on the spot.

That is to say.

He, the true god of power, did not help in any way.

Just being a spectator.

Zhang Yuhe did all the work alone.

Now people all over the city are beaming with joy and are preparing to celebrate the victory.

It seemed a bit too embarrassing for him to show up at this time.

You weren't there when there was danger, and you didn't come until it was over?

It was as if he was here to eat and drink.

How bad that is.

"Just wait."

"After their banquet is over, I will quietly go over and meet with the junior brother who has not yet started."

"I don't know if this peerless genius is willing to join Donghua Palace."

Duan Changqing was calculating silently while feeling a little entangled.

He was worried about Zhang Yuhe and was unwilling to join Donghua Palace.

Follow the rules of Donghua Palace.

As long as you hold the admission order, you can worship at the door of Donghua Palace unconditionally.

But the problem is.

Whether Donghua Palace is willing to accept it or not is a matter of two opinions.

even though.

In the vast scope of the desert sky.

Donghua Palace can be considered as one of the top powers.

Most monks have sharpened their heads and want to join Donghua Palace.

But this peerless genius in front of him is not an ordinary person.

This is a ruthless man who came out of the primitive world.

Duan Changqing knows it very well.

Although Zhang Yuhe holds the induction order, there is no guarantee that he will join Donghua Palace.

A monk like him walked from the primitive world to the sea of chaos.

I have long been accustomed to calling myself the ancestor in my own world.

Now let me start from ordinary disciples.

Even Donghua Palace is indeed powerful.

It's not always possible for others to be able to let go of their airs.

Tangled.

At this time, Changqing's heart was very tangled.

Such a peerless talent.

Once missed.

That would be an immeasurable loss to Donghua Palace.

Duan Changqing even had an impulse.

If he wants to rush into the main hall, he will directly tie Zhang Yuhe to Donghua Palace.

"Forget it, wait for now."

Duan Changqing took a deep breath, and then quietly observed Zhang Yuhe in the hall.

With his perfect cultivation in the True God Realm.

As long as he doesn't show up, no one in Xilin City can discover his existence.

At this time, the atmosphere in the hall was enthusiastic.

All kinds of fine wines and wines, delicacies and delicacies, fill the table.

Everyone toasted to celebrate.

After three drinks.

Liu Xishan asked Zhang Yuhe.

"I heard that Fellow Daoist Zhang is planning to go to Donghua Palace?"

"I plan to go over and have a look."

Zhang Yuhe nodded lightly.

Liu Xishan had always believed that Zhang Yuhe was the core disciple of Donghua Palace.

But after Liu Beiwang's reminder.

He felt something wasn't right again.

Because Zhang Yuhe, after settling down in Xilin City, has been looking for the route map to Donghua Palace.

You can see it from here.

Zhang Yuhe should not be, he came from Donghua Palace.

Otherwise.

How could he not know the route map to Donghua Palace?

"Could it be that this Fellow Daoist Zhang is a monk from Xilinjiao who accidentally wandered to Xilinjiao from another region?"

Liu Xishan thought silently.

But he didn't get too hung up on it.

It doesn't really matter where Zhang Yuhe is from.

Section 862

The important thing is.

Zhang Yuhe saved their lives, the lives of all the cultivators in the entire Xilin corner.

He helped the Xilin Liu family to preserve the foundation passed down by their ancestors.

It was enough for him to know this.

As for where they came from, maybe there was something unspeakable.

Why should he dig into the details.

Thinking of this.

Liu Xishan pondered for a while, then slowly spoke.

"Fellow Daoist Zhang, please wait for a while in Xilin City."

"I will send a message immediately and ask Chaos Divine Ship to return as soon as possible."

"Then let Chaos Divine Ship take you to Zhenji Continent."

"But we can only do this step."

"Once you reach Zhenji Continent, you will have to walk the rest of the way by yourself."

"To be honest."

"In all these years in Xilin Corner, no one has ever been to Donghua World."

"The Chaos Sea is too big and too vast."

"For us, without the strength of the True God Realm, it is too difficult to go to Donghua World."

"It is really too difficult."

Hearing Liu Xishan's sincere narration.

Zhang Yuhe was stunned.

Wait for Chaos Divine Ship?

Isn't it necessary?

Although Liu Xishan can order Chaos Divine Ship to return as soon as possible.

But that will take a long time, right?

Zhang Yuhe really doesn't want to wait any longer.

He wants to arrive at Zhenji Continent as soon as possible.

From there.

He went to find a way to go to the Donghua World.

Thinking of this.

Zhang Yuhe said with a smile.

"Fellow Daoist Xishan, you are too polite."

"There is no need to wait for the Chaos Divine Ship, I can just fly over directly."

Hearing this.

Liu Xishan couldn't help but be surprised.

He asked with some doubts.

"Fellow Daoist Zhang, do you know that to go from here to the Zhenji Continent, you need to pass through the Sea of Mist."

"In the Sea of Mist, there are True God Realm Mist Beasts."

"It's too dangerous for you to fly through the Sea of Mist alone."

Zhang Yuhe responded lightly.

"If it's just a True God Realm Mist Beast, it's okay."

"Ordinary True God Realm can't do anything to me."

As soon as Zhang Yuhe finished speaking.

The hall fell into silence in an instant.

Everyone was completely stunned.

So fierce?

You are not afraid of the True God Realm Mist Beast?

You know.

You are only in the first level of the Void God Realm.

Dare you ignore the True God Realm Mist Beast?

But thinking of the previous time, Zhang Yuhe suppressed the powerful Chaos Beast with a wave of his hand.

Everyone was a little surprised again.

It seems to be right.

When dealing with the Chaos Beast just now, Zhang Yuhe obviously did not use his full strength.

Although the peak of the Void God Realm is far from being comparable to the True God Realm.

But the Zhang Yuhe in front of him is also a bottomless pit.

They can't even imagine where the limit of Zhang Yuhe's strength is?

Until now, everyone woke up.

They have always used their own cultivation to replace Zhang Yuhe's strength.

They thought Zhang Yuhe was the same as them.

As a Void God Realm cultivator, he must not dare to take risks easily.

To challenge the True God Realm Mist Beast.

Now think about it.

It is indeed their short-sightedness.

Zhang Yuhe is completely different from ordinary Void God cultivators.

He can suppress the Chaos Beast at the peak of the Void God Realm with his backhand.

Maybe he can really fight a few rounds with the True God Realm Mist Beast.

At least there is a chance to escape.

Thinking of this.

Everyone was shocked.

Since Zhang Yuhe said so, he must be sure.

With the strength of the first level of the Void God Realm, he is sure to challenge the True God Realm Mist Beast.

How shocking this is.

Is there really such a person in the world?

...

Chapter 632 Are you willing to join Donghua Palace?

"So he is preparing to go to Donghua World."

"Then he must want to join Donghua Palace."

Duan Changqing hid his figure in the distant void and silently observed the situation in the hall.

When he heard.

Zhang Yuhe was about to leave Xilin Corner and look for the way to Donghua World.

Duan Changqing was tangled for a long time and finally relaxed.

He was originally worried that Zhang Yuhe did not plan to join Donghua Palace.

Now it seems that he thought too much.

Zhang Yuhe brought the invitation order with him, obviously he had this intention.

At least he would go to Donghua Palace to have a look.

Unless Donghua Palace would disappoint him in some aspects.

Otherwise.

It makes no sense for Zhang Yuhe to leave such a big backer and not join.

As for.

Will Zhang Yuhe return disappointed after going?

Duan Changqing never worried about this problem.

As the first major force in the entire domain.

Donghua Palace has the best spiritual veins and countless cultivation resources.

There is also a vast collection of classics.

The most important thing is.

Donghua Palace is united and united.

There has never been any hustle and bustle.

Duan Changqing is completely confident.

As long as Zhang Yuhe goes, he will not want to leave.

Section 863

Think of this.

A faint smile couldn't help but appear on his face.

Duan Changqing thought silently.

"Since he is going to leave immediately, I will wait from a distance for now."

...

In the main hall in the north of the city.

Zhang Yuhe put down his wine glass.

He stood up, smiled and said to everyone.

"Fellow Taoists, please take the first step if you have something to do. I wish you a prosperous path."

Everyone stood up immediately.

Liu Xishan said.

"Fellow Daoist Zhang, please wait a moment."

He took out a storage bracelet and handed it to Zhang Yuhe.

He said solemnly at the same time.

"Fellow Taoist saved Xilinjiao from danger, and we have nothing to repay."

"A few divine crystals, just to express my gratitude."

Zhang Yuhe took the storage bracelet and glanced at it roughly.

I saw a pile of divine crystals piled up in the bracelet space, roughly tens of thousands of them.

this.....

Zhang Yuhe hesitated for a while, and then put away the bracelet.

He didn't refuse.

Firstly, he is really short of money now, and secondly, if he doesn't accept it.

I'm afraid that others won't feel at ease.

Think of this.

Zhang Yuhe said with a smile.

"Since Fellow Taoist Xishan is so polite, I would be disrespectful."

Everyone walked outside the hall together.

Zhang Yuhe bowed his hands towards Liu Xishan and others, and then said with a smile.

"You don't need to see me off."

After saying this.

He then rose into the air, quickly transformed into a stream of light, and disappeared before everyone's eyes.

Watching Zhang Yuhe go away.

Everyone was stunned.

After a while.

Liu Beiwang said with emotion.

"It's a pity that our Xilinjiao's background is too shallow to support a peerless talent like Daoyou Zhang."

"yes."

"Characters like Daoyou Zhang will definitely ride the wave of success in the future."

"Perhaps one day in the future, we will be able to hear his name resounding throughout the Donghua Territory."

...

Zhang Yuhe passed by Xilin City and flew quickly into the distance.

At this time, he was holding a jade slip in his hand.

While checking the contents on the jade slip, adjust the flight direction.

It's not like it was when I first came out of the fairy world.

Just find any direction and keep flying forward.

There was no predetermined target before, so I could fly wherever I wanted.

That can't be the case now.

He plans to go to Zhenji Continent.

You have to know the right direction.

Otherwise.

As long as the direction is slightly deviated, you don't know how many wrong roads you will take.

After several adjustments.

Zhang Yuhe put away the jade slips and activated the Galaxy Wandering Dragon Body Technique with all his strength.

The body turned into a stream of light and soon moved away from Xilinjiao.

However.

It didn't take long for Zhang Yuhe to fly out.

He suddenly stopped and looked ahead warily.

Only a faint figure was seen, standing quietly in the void.

As if waiting for him.

The person who came was wearing a purple robe, with an aura as vast as the abyss, and a spear on his back.

It seems to have the potential to break the sky.

Zhang Yuhe's eyes narrowed slightly.

He has never seen such a terrifying monk.

Even the supreme true god back then was far less powerful than this man.

Who is this person?

How could it be just right, standing in front of him?

"I'm Zhang Yuhe, I've met my senior."

Since others have already been waiting in front of him, they obviously have a plan.

Zhang Yuhe thought.

No matter what the other person's purpose is, it's always right to say hello first.

at the same time.

Zhang Yuhe's nerves were tense, ready to activate the Hunyuan Guiyi magical power at any time.

He had a premonition.

If this person takes action against him.

Without the blessing of Hunyuan Guiyi's magical power, he might not be able to block even one move.

Seeing Zhang Yuhe on alert.

Duan Changqing couldn't help but shake his head.

This young junior brother who has not yet started is really too wary. .

He floated up and landed in front of Zhang Yuhe in an instant.

Then he said with a smile.

"Don't be too nervous."

"My name is Duan Changqing, from Donghua Palace."

"Lu Jiuzhou's receiving order must be with you."

Hear this.

Zhang Yuhe couldn't help but be stunned.

Donghua Palace?

How could a disciple from Donghua Palace just appear here?

This is too much of a coincidence.

Seeing Zhang Yuhe's expression, he seemed a little confused.

Duan Changqing said slowly.

"Palace Master Yuanhe detected that the reception order left by Lu Jiuzhou suddenly appeared near Xilinjiao."

"Just let me come here and take a look."

"According to the rules of Donghua Palace, as long as you hold the admission order, you can join Donghua Palace."

"Is that lead order on your person?"

At this time, Zhang Yuhe finally had his head figured out.

It turned out that when he first came out of the fairy world.

The power of Donghua Palace has been discovered.

Of course.

What was discovered was not him, but the receiving order.

Think of this.

Section 864

Zhang Yuhe couldn't help but be a little shocked.

What kind of magical power is this, to be able to monitor such a vast world.

You know.

Donghua Palace is separated from here by an endless and distant void.

It takes countless transfer arrays and a long flight of years to arrive.

But even if it is so far away.

The great power of Donghua Palace can still accurately monitor the location of the reception order.

Such a profound magical power, how can Zhang Yuhe not be shocked.

But this is also a good thing.

He was planning to go to Donghua Palace, but he didn't know how to get there.

Now there are disciples of Donghua Palace appearing here.

Isn't it just right to take him there?

Thinking of this.

Zhang Yuhe took out a jade token and handed it over respectfully.

"Is this the token you are talking about, senior?"

Duan Changqing took the token and felt the familiar breath on the token, as if it aroused some memories.

Lu Jiuzhou's talent in Donghua Palace was not particularly outstanding.

However, because he joined the sect early, and he practiced diligently.

And he had good luck.

In the end, he was promoted to the seventh level of the True God Realm.

Such strength.

Among the many disciples of Donghua Palace, he is also ranked at the forefront.

It's a pity.

An accident.

Lu Jiuzhou actually fell at the hands of the Chaos Beast.

The road is difficult, which makes people sigh.

Duan Changqing took the guide order.

After a long time, he gradually pulled back his thoughts.

He looked at Zhang Yuhe and asked solemnly.

"Are you willing to join Donghua Palace?"

...

Chapter 633 The Sea of Mist

"I am willing."

Hearing Duan Changqing ask if he is willing to join Donghua Palace.

Zhang Yuhe answered without hesitation.

During his time in Xilin City, he also had a general understanding of Donghua Palace.

In general.

Donghua Palace has a very good reputation in the eyes of cultivators.

Whenever everyone talks about Donghua Palace.

Their hearts were filled with infinite yearning, as if it was an incomparable holy land.

Even in such a remote place as Xilinjiao.

The monks all recognized Donghua Palace very much.

Then there is no doubt.

Donghua Palace is definitely a good place to go.

After all, if everyone says it is good, then it is really good.

Besides.

Zhang Yuhe wants to find a big force to join.

Now, apart from Donghua Palace, he has no other better choice.

In the entire Donghua domain, is there a force stronger than Donghua Palace?

There is definitely not.

Although there are indeed many forces stronger than Donghua Palace in the Chaos Sea.

For example, the Desert Court that dominates the Desert Sky.

But the problem is.

Zhang Yuhe doesn't even know where the Desert Court is.

What's more.

A super overlord like the Desert Court will definitely be very strict in recruiting disciples.

He may not be able to get in.

How can it be as convenient as going to Donghua Palace?

He has the guide order left by Lu Jiuzhou.

You can join Donghua Palace unconditionally, even the assessment is exempted.

The most important thing is.

It is convenient to join Donghua Palace.

With Duan Changqing taking him there, he doesn't have to worry about the various dangers on the road.

Zhang Yuhe is a person who seeks stability.

He is born not to like adventure, nor does he like uncontrollable accidents.

To be honest.

Zhang Yuhe is completely confident in his talent.

And there is Wu Yiyi by his side.

For him.

In fact, it is the same wherever you practice.

The key is to be stable.

Donghua Palace is stable enough.

So in Zhang Yuhe's view.

Joining Donghua Palace is his best choice now.

It is precisely because of this.

He agreed without hesitation.

Hearing that Zhang Yuhe is willing to join Donghua Palace.

Duan Changqing finally breathed a sigh of relief.

He was worried that this peerless genius with a powerful fighting force would miss Donghua Palace.

If that really happens.

That would be a big loss for Donghua Palace.

Duan Changqing took a deep breath, then smiled and said.

"Very good, Junior Brother Zhang, follow me back to the sect first. After meeting the Palace Master, you will be a formal disciple of Donghua Palace."

Thinking that he just came out to pick someone up casually, he could actually pick up such a peerless genius.

Duan Changqing was very excited.

Maybe this is the will of heaven.

Donghua Palace is indeed not short of geniuses.

But the problem is.

It seems that there has never been a genius like Zhang Yuhe.

Now Zhang Yuhe has joined Donghua Palace.

Maybe one day in the future, he may become the fourth God King of Donghua Palace.

That is the Supreme God King.

Although Duan Changqing himself has already reached the perfection of the True God Realm.

But he knows very well.

The True God Realm is his limit.

As for the Supreme God King Realm, he has no hope for life.

He has this self-knowledge.

But Zhang Yuhe is different.

Duan Changqing is very optimistic about Zhang Yuhe.

Section 865

He felt that this young junior brother had great hope of being able to step into the realm of the Supreme God King.

...

The Chaos Divine Boat turned into a stream of light and quickly passed through the void.

Zhang Yuhe stood at the front of the Shenzhou, feeling quite curious.

Duan Changqing's Shenzhou is not too big.

It's only ten feet long at most.

But Shenzhou's flying speed is extremely fast.

Zhang Yuhe made a rough estimate.

The divine boat under his feet was at least a hundred times faster than the speed at which he could use all his strength.

With this Shenzhou as their transport, the time it takes for them to arrive at Donghua Palace should be shortened a lot.

Along the way.

Duan Changqing told him one after another about the current situation of Donghua Palace.

As well as the situation of the major forces in the surrounding Chaos Sea.

There are three god kings sitting in Donghua Palace, throughout the desert and heaven realm.

It can also be regarded as a party, a top power.

Except for the three God King Palace Masters.

Passed down through countless epochs.

There are nearly ten thousand True God disciples in Donghua Palace.

As for the disciples under the True God, there are not too many.

There are only about one hundred thousand.

In Donghua Palace.

There is no distinction between elders and disciples.

Except for the three palace masters, everyone else is an ordinary disciple.

Everyone is treated equally, but their responsibilities are different.

The so-called core disciples.

It's just an outsider's opinion.

In Donghua Palace, everyone is treated equally without any distinction.

As long as you join Donghua Palace, you can browse the classics in the library at will.

The cultivation resources in the treasure house can also be exchanged independently.

Of course.

If you want to redeem cultivation resources, you need to look at your personal contribution.

Donghua Palace has a relatively fair exchange system.

As long as you are willing to work hard, you don't have to worry about lack of resources.

As for where it will go in the end.

Then it depends on the individual's talent.

In the sea of chaos.

The talent of a monk is extremely important.

It can even be said that it is the most critical factor that determines how far a monk can go.

After some people are promoted to the virtual god realm, they can no longer make any progress.

Some people cannot comprehend the rules of the Great Dao after they have reached the realm of False God.

Stuck for life.

Talent determines the upper limit, and hard work determines the lower limit.

This is common sense recognized by all the major forces in the Chaos Sea.

Zhang Yuhe stood at the front of the Shenzhou, looking into the endless void in the distance.

Silently lost in thought.

He never worried about his talent.

Since embarking on the path of cultivating immortality.

He has never seen anyone with talent comparable to his.

Whether it's the chaotic body or the explosive understanding.

None of them are comparable to ordinary people.

He has the talent.

Zhang Yuhe only needs a stable training environment and sufficient resources.

He has confidence.

You can slowly push your cultivation level up.

Perhaps after the Virtual God Realm, the progress of cultivation will be very slow.

But what does it matter?

The road is boundless.

Time is just an abstract constraint.

Think of this.

Zhang Yuhe couldn't help but feel excited.

He was looking forward to it.

Where can I go in the end?

Is it the supreme god king, the eternal emperor, or the illusory supreme realm.

Maybe there is a realm above the Supreme.

Maybe there is a broader world beyond the sea of chaos?

all of these.

They all need him to explore in the future.

Just when Zhang Yuhe was still thinking about the future.

Duan Changqing, who was next to him, suddenly spoke.

"Junior Brother Zhang, there is the Sea of Mist in front of us."

"As long as we pass through the Sea of Mist, we will soon reach the Zhenji Continent."

"When we get there, we can take the teleportation array, which can save a lot of flight time."

"Is this the Sea of Mist?"

Zhang Yuhe raised his head and looked into the distance.

I saw the void in front of me, shrouded in white mist.

The white mist is endless, with no end in sight.

In the white mist in the distance.

Occasionally, you can still see some strange shadows.

Some of the phantoms take on the shape of animals, while others look like birds in the sky.

The shapes vary.

Zhang Yuhe asked.

"Senior Brother Duan, are those phantoms the mist beasts?"

"Yes, that's the Mist Beast."

"The Sea of Chaos is vast and boundless. In some special places, some strange creatures will be born."

"The strongest of the Mist Beasts is the True God Realm. It can only be regarded as a relatively ordinary existence."

Hear this.

Zhang Yuhe was speechless.

That is the realm of true gods.

Can it be considered ordinary?

Brother, I'm afraid you are a bit too Versailles.

...

Chapter 634 The strength of the top true god

Looking at the sea of mist in the distance, Zhang Yuhe couldn't help but sigh.

Strength is the courage of a hero.

In Duan Changqing's eyes.

The mist beast that the Xilinjiao monks feared like a tiger was actually only considered ordinary.

But it's right to think about it.

The terrifying aura on Duan Changqing's body was even stronger than the Supreme True God.

Obviously it is not comparable to ordinary true gods.

Section 866

He naturally wouldn't take a group of mist beasts seriously.

Not to mention the possibility of encountering a golden mist beast, which is not very high.

Even if he really encountered one.

I think Duan Changqing would only be happy, not retreat at all.

After all, a mist beast in the True God Realm must be worth a lot of money.

If a mist beast came to his door, Duan Changqing would naturally be very happy.

However, according to Zhang Yuhe's understanding.

In fact, there are not many golden mist beasts in the entire sea of mist.

If you want to look for it deliberately, you may not be able to find it.

Standing at the front of the Shenzhou, Duan Changqing said lightly.

"Junior brother, let's go."

The Chaos Shenzhou turned into a stream of light and soon rushed into a mist.

The mist seemed like white clouds in the sky.

From a distance, it was a thick piece.

But after entering the mist, it was discovered that these mists were only a thin layer.

In addition to affecting the line of sight, there is not much difference from the void outside.

The Chaos Divine Ship flew through layers of fog and shuttled forward quickly.

Duan Changqing stood at the front of the Divine Ship, his expression indifferent.

Zhang Yuhe looked around curiously at the strange environment around him.

Occasionally, a small group of fog beasts suddenly emerged from the white fog.

However, the strength of these fog beasts was not strong, and there was not even a silver fog beast.

After feeling the terrifying power of Duan Changqing on the Divine Ship.

Those fog beasts quickly scattered like birds and beasts.

They didn't dare to get close at all.

Seeing this situation.

Zhang Yuhe couldn't help but sigh.

When I was in Xilin Cape, I always heard how terrible the fog beasts were.

Just like this...

They didn't even dare to get close.

Can it be called terrible?

Originally, Zhang Yuhe wanted to find some fog beasts to try his hand.

But seeing these fog beasts, they looked frightened.

He instantly felt bored.

They were too weak.

He was completely uninterested.

As the Chaos Divine Ship continued to go deeper.

The frequency of mist beasts appearing nearby is also increasing.

Even occasionally, some silver mist beasts will appear.

Zhang Yuhe is a little eager to try.

He wants to see the strength of these special creatures.

However, after Duan Changqing's reminder.

He quickly gave up the idea.

According to Duan Changqing.

Mist beasts below gold have no value.

After being killed, they will turn into white mist and dissipate.

They will not leave anything valuable.

There is no need to take action.

Only golden mist beasts can condense true cores.

The true core of golden mist beasts can not only be used to refine some special artifacts.

But also can be used to set up illusion arrays or mazes.

It is a relatively precious resource.

Hearing this.

Zhang Yuhe finally understood.

Why the Sea of Mist can exist all the time.

The strength of the mist beasts is only at the True God Realm, so why no one comes to wipe them out?

Because most of these mist beasts are worthless.

No one is willing to waste energy on worthless things.

Time passed slowly.

After the Chaos Divine Ship had been shuttling back and forth in the Sea of Mist for three years,

Duan Changqing's expression suddenly changed slightly.

"Hey, there seems to be a golden mist beast over there."

He turned around and said to Zhang Yuhe.

"Junior brother, stay on the Divine Ship for the time being, I'll be back soon."

Before Zhang Yuhe could react,

Duan Changqing disappeared from sight in an instant with a spear in his hand.

Boom...

After a while,

the mist rolled in the distance.

A huge golden shadow slowly appeared in the mist.

The golden shadow covered the sky and the sun, covering the entire sky.

The appearance is roughly similar to that of an ordinary bird.

It's just magnified countless times.

Zhang Yuhe looked from a distance, and his brows couldn't help but frown slightly.

"Is this the mist beast of the True God Realm? This momentum is indeed a bit fierce."

He roughly felt it.

The strength of this mist beast should not be comparable to that of the Supreme True God.

But it won't be much worse.

If he were alone and encountered this mist beast.

I'm afraid he would have to turn around and run away.

He couldn't beat it.

Even if he activated the magical power of Hunyuan Guiyi, he probably couldn't beat it.

After all, this was a true god in good condition.

It was different from the Supreme True God at the beginning.

The Supreme True God was seriously injured at the beginning.

Otherwise.

He really couldn't handle it.

The golden mist beast was full of momentum.

However, after seeing Duan Changqing, it had no intention of fighting.

It turned around and ran away.

"Hmph, stay here."

Duan Changqing snorted coldly.

I saw the shadows of guns in the sky passing through the mist, directly covering the huge mist beast.

The long spears crisscrossed the sky and the white mist around was completely shattered.

It was as if a large piece was dug out from the mist.

Roar...

The golden mist beast let out a shocking roar.

It flapped its wings quickly, trying to escape from the shadows of the guns.

What a pity.

It had just shaken twice when a long spear pierced through it.

The long spear carried the terrifying power of the avenue, instantly tearing the mist beast into pieces.

Section 867

The white mist gathered again, leaving only a golden core on the scene.

Duan Changqing flew back to the Chaos Divine Ark with a satisfied smile on his face.

"Haha, I'm lucky this time, I can actually encounter the Golden Mist Beast."

"It's not a bad trip."

Zhang Yuhe stood blankly on the Shenzhou, his heart filled with infinite shock.

He finally saw the power of the top true gods.

That golden mist beast is obviously not an easy character to deal with.

Zhang Yuhe ordered himself.

Even if he activates the Hunyuan Guiyi magical power, he probably won't be able to defeat him.

He could only run.

However, Duan Changqing only fired one shot and killed this powerful mist beast.

The gun shadows filled the sky, and the tearing artistic conception carried by the gun shadows.

It was deeply engraved in Zhang Yuhe's mind.

"Is this the power of rules?"

"It's really scary."

Even if it's just for a moment.

But Zhang Yuhe still roughly understood it.

The reason why Duan Changqing was able to kill the Golden Mist Beast with one strike.

What it relies on is the power of rules attached to the gun shadow.

The power of the rules is extremely terrifying, as if it can tear everything apart.

To know.

The Mist Beast has no entity, even the Golden Mist Beast.

It's just an illusory existence.

However, Duan Changqing's power of rules can tear even this illusory substance into pieces.

"What a terrifying power of rules."

Zhang Yuhe thought silently.

This time he finally saw the power of rules.

At the same time, he also understood the gap between himself and the True God cultivators.

If you want to break through to the True God Realm, you must understand a certain rule.

That is to say.

All True God cultivators have mastered at least one kind of power of rules.

Face this power.

Zhang Yuhe felt like he couldn't cope with it.

However, the mastery of the rules by True God cultivators is also strong or weak.

Some True God cultivators have just begun to understand the rules.

Some have reached the stage of minor success, even some true god monks.

Take a road of rules to the realm of great success.

Zhang Yuhe believes it.

Duan Changqing's tearing rule is at least a small success.

If it were changed to entry-level rules, it shouldn't be so scary.

Think of this.

Zhang Yuhe couldn't help but breathed a sigh of relief.

Take it easy.

He had just entered the Sea of Chaos.

After cultivating for hundreds of millions of years, these will be nothing.

...

Chapter 635 Pauline Cult

The Chaos Divine Boat flies rapidly through the void.

Donghua Domain is composed of countless continents, some of which are not too far apart.

It can be easily reached through an ordinary teleportation array.

And some continents are too far apart.

It's so far away that even ordinary teleportation arrays can't teleport there.

The monks can only rely on themselves to fly forward in the vast void.

After many transformations of teleportation arrays.

Duan Changqing took Zhang Yuhe and started another long flight.

Standing at the front of the Shenzhou.

Duan Changqing said slowly.

"Junior brother, ahead is the Chaos Star Sea."

"At the speed of the Chaos Divine Boat, it will take about five to six thousand years to cross the Chaos Star Sea."

Zhang Yuhe nodded lightly.

After this period of study, he already had a general understanding of the information about Donghua Domain.

The Chaos Star Sea is located in the southwest of Donghua Domain and is the only way for them to go to Donghua Palace.

Although there are many small continents in the Chaos Star Sea.

But because here, it is full of all kinds of chaos.

The Sea of Chaos Stars is not suitable, and a large number of monks thrive.

But that doesn't mean.

There are no monks in Chaotic Star Sea.

Quite the opposite.

Because of the cover of various chaotic auras, many lawless and evil cultivators have been hiding here for a long time.

Even if they are as powerful as Donghua Palace, they cannot be wiped out completely.

You can say that.

The Sea of Chaotic Stars is a cancer in the Donghua Territory.

Recall the information about the Chaos Star Sea.

Zhang Yuhe asked Duan Changqing cautiously.

"Senior Brother Duan, those evil cultivators who are messing up the Xinghai won't try to trick us."

Duan Changqing smiled lightly.

"Junior brother, don't worry. Although those evil monks are arrogant, they are not without brains. They will not come looking for death."

Hearing Duan Changqing's words, he was full of confidence.

Zhang Yuhe said nothing more.

Actually that's right.

With the perfect strength of True God Duan Changqing, who dares to come here to seek death.

As for whether he will encounter the Supreme God King Realm.

Then don't worry at all.

The God King is considered a powerful person in the entire Chaos Sea.

Within the Donghua territory.

Except for the three palace masters, there are no other god king realm monks.

It is precisely because of this.

Only Duan Changqing can be so confident.

As long as he doesn't leave Donghua Domain, he has nothing to worry about.

There are indeed true god cultivators who are stronger than him in the Donghua Region.

But there is no true god monk who can do anything to him.

The Chaos Divine Boat sailed through the void, moving rapidly along the way.

Zhang Yuhe sat cross-legged at the front of the Shenzhou, slowly running the Scripture of Chaos Gods and Demons.

The divine aura around him quickly gathered towards him.

Along the way.

Zhang Yuhe never relaxed his cultivation.

Especially after seeing the strength shown by Duan Changqing.

Zhang Yuhe felt a slight pressure in his heart.

This is the Chaos Sea.

Section 868

His current strength is still too weak.

Not even enough to protect yourself.

He might not be able to escape even if he encounters a stronger True God cultivator.

Zhang Yuhe did not dare to relax for a moment, eager to improve his strength.

As the technique moves slowly.

The aura of divine power from the outside world quickly gathered through the meridians towards the sea of dantian.

After this period of practice.

At this time, his Dantian was filled with the boundless immortal energy.

A small part of it has turned into a light golden color.

This is a manifestation of divine transformation.

Wait until all the immortal energy in Dantian is converted into divine power.

Then he is considered to be at the pinnacle of the first level of the Virtual God Realm.

Duan Changqing stands at the front of Shenzhou.

Looking at Zhang Yuhe not far away, he couldn't help but feel a little emotional.

No wonder this little junior brother has such incredible strength.

There are not many people who can compare to this kind of non-stop cultivation attitude.

To know.

After the monks were promoted to Taiyi Immortal, they no longer had to worry about longevity.

Many people will slowly become slack because of this.

Especially after entering the virtual god realm.

Due to the slow progress in cultivation, many people may have started herding sheep.

In fact.

Most monks are not too anxious about cultivating divine power.

Because of their limited talents, they may encounter insurmountable bottlenecks at any time.

Then there will be no way forward.

That being the case.

So what's the rush?

Take it easy.

Anyway, I don't know which day I will touch my own ceiling of despair.

Zhang Yuhe obviously didn't think that much.

There is no need to consider the bottleneck issue for the time being.

Let's talk about it later.

Now he just wants to complete the transformation of his divine power as soon as possible.

...

Chaos Star Sea, a small broken continent.

A huge underground palace is hidden inside.

In the center of the hall.

There stands a tall statue of the god.

A faint radiance continued to emanate from the statue.

These mysterious radiances seem to be magical.

When people take one look at it, they can't help but want to worship it.

Underneath the statue of the god.

An old man in linen clothes closed his eyes slightly and quietly sat cross-legged to practice.

Just at this time.

Two figures walked quickly into the hall.

They shouted respectfully towards the old man in sackcloth.

"See Hall Master He."

The old man in sackcloth slowly opened his eyes, glanced over, and then asked calmly.

"Have you found out everything clearly?"

The two looked at each other.

One of them responded respectfully.

"Go back to the hall master, I've already found out everything."

"Duan Changqing from Donghua Palace went out alone some time ago."

"Now we are returning to Donghua Palace with a False God cultivator."

Hear this.

Hall Master He's eyes glowed with sharp colors.

he asked again.

"Can you confirm clearly that Duan Changqing is the only one?"

Another person responded cautiously.

"Back to the hall master, there is a virtual god monk next to him."

Hall Master He waved his right hand and said calmly.

"It's just a virtual god, don't worry about it."

"In the early years, our branch of the Bolin Sect here was attacked by Donghua Palace."

"So much so that we were completely unable to gain a foothold in the Donghua Domain, so we hid in the chaotic Sea of Stars."

"This is an opportunity. If you kill Duan Changqing, you can recover some interest."

Hear this.

The two people below couldn't help being surprised.

One of them quickly spoke to persuade.

"Master, please be careful."

"Duan Changqing has reached the True God Realm and his strength is unfathomable. I'm afraid he won't be that easy to deal with."

"Hmph, what are you afraid of? I will take action personally this time, and you can just help me."

Hall Master He snorted coldly, then his expression softened and he continued to speak.

"You don't know that our branch hall has been hit repeatedly, which has made the hall master who is in charge of Desert Sky very dissatisfied."

"If we don't do something, I'm afraid the Lord of the Palace will let our souls return to the Holy Realm."

"Although Duan Changqing is strong, he is not insurmountable."

"As long as we cooperate properly, we have every chance to kill him."

"If you really can't kill Duan Changqing, then kill the False God monk next to him."

"Remember, we need to act."

"Only constant actions can resolve the Palace Master's dissatisfaction with us."

"Yes, Hall Master."

After hearing what Hall Master He said, the two stopped trying to persuade him.

As the messenger of Paulin Holy World, he was arranged to come here.

They need to constantly disrupt the order of the Chaos Sea and cause all kinds of turmoil.

Waiting for the arrival of the Holy World army in the future.

If nothing is done.

How can I have the face to see Paulin Supreme again?

...

Chapter 636 Falling into an ambush

The Chaos Divine Boat quickly sailed through the void.

Zhang Yuhe sat cross-legged at the front of the Shenzhou, silently running the Chaos God and Demon Scripture.

Duan Changqing carried a spear on his back and looked into the void in the distance.

He doesn't need to practice.

Ever since he was promoted to the True God Realm, he has been unable to advance further into the realm of divine power.

Unless you follow the rules of the great road and continue to understand the realm of Dacheng.

Then break through the bottleneck of divine power and advance to the realm of the God King.

But he also knew.

The realm of the God King was really too far away.

Not to mention the numerous, hopeless bottlenecks, even pushing the Sky-Splitting Rules to the realm of perfection.

He had no clue.

Section 869

Rules are hard to comprehend.

This is the common feeling of the Chaos Sea monks.

The Great Dao is ethereal and untraceable.

It is extremely difficult to push the power of rules forward one step at a time.

This requires a far superior understanding to ordinary people, or a chance against the sky.

Duan Changqing thought that his understanding was not bad, and he also had a small chance.

Then after pushing the Sky-Splitting Rule to the realm of minor success.

It was difficult to push forward any further.

Maybe there was still a chance.

Maybe his life would end here.

Duan Changqing was not reconciled.

He wanted to push forward one step further.

Not to mention being promoted to the realm of God King, at least he had to push the power of rules to the realm of major success.

But he also knew.

This kind of thing can't be rushed.

"Maybe I need to leave the Donghua Territory and travel to other places in the Great Desert Heaven to find a chance to break through."

Duan Changqing muttered to himself silently.

He looked back at Zhang Yuhe, who was practicing beside him, and couldn't help but feel a little envious.

It is also a kind of happiness to be able to practice and improve.

Yeah!

At this moment.

Duan Changqing's expression suddenly changed slightly. His sharp eyes looked at the void in the distance, and he shouted loudly.

"Who is hiding there in a sneaky way? Come out."

Zhang Yuhe suddenly woke up.

He stood up quickly and looked in the direction where Duan Changqing was looking.

However, it was quiet in the distance, without even a ghost.

This made him a little confused.

Did Duan Changqing see it wrong?

It shouldn't be possible.

With Duan Changqing's strength, he would naturally not be suspicious.

He should have discovered some abnormal situation.

Thinking of this.

Zhang Yuhe walked quickly to Duan Changqing's side and asked in a low voice.

"Brother, did you find something wrong?"

Duan Changqing nodded solemnly, and then said to him solemnly.

"Brother, be careful. A large formation has been set up around here."

"Just now, the Chaos Divine Ship was flying in the enemy's large formation, and I didn't notice it."

"I'm afraid the enemy this time is not simple. We must be careful."

Seeing Duan Changqing, so serious.

Zhang Yuhe couldn't help but be stunned.

But he quickly reacted.

Can Duan Changqing treat it so seriously, this time the enemy may be a bit troublesome.

Thinking of this.

Zhang Yuhe waved his right hand.

Nine immortal swords flashed and appeared, slowly flowing around his body.

At the same time, he closed his eyes slightly and silently comprehended.

Sure enough.

Zhang Yuhe soon felt something was wrong.

The divine power around him seemed to be stagnant.

It was not as round and free as the outside world.

But what kind of formation could silently cover such a vast world?

Just when Zhang Yuhe was still thinking.

I saw Duan Changqing soar into the air, and the spear in his hand quickly stabbed into a calm void.

Boom...

A shocking roar came.

Three figures slowly appeared in the distant void.

Zhang Yuhe looked around and soon his heart sank.

The three figures in the distance.

One of the monks in hemp clothes had a much stronger aura than Duan Changqing.

The other two monks in green clothes beside him also had a terrifying aura.

They were far from ordinary True Gods.

Two True Gods, one of whom was in an unknown realm.

Maybe he was the Supreme God King.

How to fight this?

"Humph, the evil demons of the Bolin Cult, you dare to show up instead of finding a rat hole to hide."

At this moment, Duan Changqing snorted coldly.

At the same time, he turned around and whispered to Zhang Yuhe.

"Brother, don't worry. These evil gods from outside the domain seem to have a strong aura."

"In fact, they can't exert much of their true strength."

"After these people from outside the domain enter the Chaos Sea."

"They will be suppressed by the origin of the Chaos Sea and cannot master the power of rules."

"It's just that the aura of divine power is stronger. As long as you are careful, you can still deal with it."

After hearing Duan Changqing's words.

Countless doubts emerged in Zhang Yuhe's mind.

Evil demons from outside the domain?

Outside the Chaos Sea?

What the hell is this?

Is there another world outside the Chaos Sea?

But now is not the time to entangle these.

Duan Changqing also has no time to explain too many details to him.

Zhang Yuhe only knows one thing.

The three enemies in front of him are all weakened versions of true gods or god kings.

It seems that they can be beaten.

Without the blessing of the power of rules.

He is not really afraid of ordinary true gods.

The hemp-clothed monk stood in the void, he looked over here and said coldly.

"Duan Changqing, I really underestimated you. You can actually see through the Shadow-changing Sky-shifting Formation that I set up."

"But no matter how strong you are, you will definitely die today."

"Just you."

Duan Changqing tightly grasped the spear and couldn't help but sneered.

"He Rufeng, don't say you are only in the God King Realm."

"Even if you are the Eternal Emperor of your Bolin Universe, after entering the Chaos Sea."

"You can only find a dog hole to hide, and never dare to show up in front of people."

"You demon cubs from outside the domain, I have killed many of you in the True God Realm."

"I have never killed anyone in the God King Realm, today I will use you to sacrifice my Sky-Splitting Spear."

As soon as Duan Changqing finished speaking, he swung his spear and rushed over quickly.

The spear passed through the void and actually directly enveloped the three people on the opposite side.

"Humph, arrogant."

Seeing Duan Changqing's spear encircling them all.

He Rufeng was completely angry.

Section 870

Thinking of him as a great Divine King, even in the Bolin Holy Realm, he is a powerful person.

I didn't expect that after entering the Chaos Sea, he would be looked down upon by others.

Despite this.

He Rufeng was not careless.

Who made the three of them not native to the Chaos Sea?

They were born to be suppressed by the origin of the Chaos Sea.

The powerful power of the law could not be used at all.

Without the blessing of the power of the rules, his strength was reduced to 90%.

Thinking of this.

He Rufeng took a deep breath.

He turned to the two people next to him and said.

"You kill the virtual god first, and then besiege Duan Changqing together."

He Rufeng knew very well.

Under the suppression of the origin of chaos.

It must not be so easy for them to kill Duan Changqing.

For this reason, he had already arranged a large sealing formation around.

According to He Rufeng's plan.

They planned to use the power of the formation to slowly consume Duan Changqing to death.

But before that.

They had to first get rid of the virtual god cultivator who came with Duan Changqing.

Although a virtual god cultivator was not a big deal in their eyes.

But if Zhang Yuhe came out to make trouble when they were besieging Duan Changqing.

That would be a big trouble.

More importantly.

They needed to rely on the power of the formation to be sure to get rid of Duan Changqing.

If they left Zhang Yuhe alone.

What if Zhang Yuhe found a flaw in the formation.

If he broke the formation in one fell swoop, that would be a huge trouble.

So He Rufeng thought.

No matter what.

It would be right to get rid of the weak chicken next to him first.

Only in this way.

They could concentrate on dealing with Duan Changqing.

...

Chapter 637 Am I a weak chicken?

At this time, Zhang Yuhe didn't know that he was actually regarded as a weak chicken.

Actually, that was right.

The aura he exuded was indeed very confusing.

It was only the first level of the virtual god realm.

What else could he be if not a weak chicken?

Those present were either true gods or god kings.

Even if the three evil demons from outside the domain were suppressed by the origin of the Chaos Sea.

They could not exert the power of rules.

But their divine power realm was still real.

Zhang Yuhe was just a virtual god, how could anyone take him seriously?

He Rufeng turned around and said to the two people next to him.

"Quickly deal with that weakling, and then we will concentrate all our efforts to kill Duan Changqing."

"Be careful to be quick, this action cannot afford to fail."

"Yes, hall master."

The two blue-clothed monks took back the magic sword to protect themselves, and wanted to get away from the gun shadows in the sky.

Seeing this situation.

Duan Changqing couldn't help but snorted coldly.

"Hmph, you can't leave, all stay here."

He turned his spear.

Endless gun shadows seemed to tear through the void.

The spear tips were like a forest, forming a huge formation, and actually trapped the three people on the opposite side.

There was no way to get out.

Duan Changqing certainly couldn't let these people escape from his gun.

Otherwise.

Zhang Yuhe would be in danger.

In his opinion.

Although Zhang Yuhe's strength is good, he can even kill the Chaos Beast at the peak of the Void God Realm.

But the three people on the opposite side are not comparable to the Chaos Beast in Xilinjiao.

Except He Rufeng, the Supreme God King, the other two are also real True God Realm.

Even if they are suppressed by the Chaos Sea Origin and cannot use the power of rules.

But they are also True God Realm, far from the Chaos Beast in the Void God Realm.

It's not easy to have such a peerless genius join Donghua Palace.

Duan Changqing doesn't want Zhang Yuhe to have any accidents.

He thought.

Even if he is seriously injured, he must protect Zhang Yuhe.

Duan Changqing used all his strength to activate the Sky Split Spear, the majestic divine power, and the terrifying Sky Split Spear.

It was like it didn't cost money, and it poured down quickly.

He held the three people on the opposite side firmly.

"Hmph, Duan Changqing, you are looking for death."

Seeing Duan Changqing so arrogant.

He wanted to hold them all back like he didn't care about his life.

He Rufeng couldn't help but get angry.

How much did he look down on him?

At the same time, he was also a little curious about Zhang Yuhe's identity.

Looking at Duan Changqing's desperate posture, it was obvious that he wanted to protect Zhang Yuhe on the Shenzhou in the distance.

Then the question came.

What was Zhang Yuhe's background, and would it be worth Duan Changqing's desperate protection?

Could he be an important person from Donghua Palace?

He Rufeng thought for a long time.

He didn't figure out the key to the problem.

Forget it.

Why think so much.

Duan Changqing was willing to fight, wasn't it just what he wanted?

He was originally worried that Duan Changqing would try to escape first.

If Duan Changqing really ran away.

Then all their previous efforts would be in vain.

Now Duan Changqing didn't run away, and he was going to fight them desperately.

Wouldn't that be better?

Can Duan Changqing fight against the three of them alone?

He is at the Supreme God King level, even if he is suppressed by the origin of the Chaos Sea.

He is still the Supreme God King.

How can Duan Changqing outlast him?

Thinking of this.

He Rufeng sacrificed a pagoda.
