Chapter 89

It will probably take one or two months to reach the gate of Daosheng Sect.

As long as they close all the teleportation arrays, they can buy a lot of time to prepare countermeasures.

Immediately afterwards, Feng Xiaotian continued.

"You quickly arrange to close the teleportation array. I will ring the Yufan Bell and immediately summon all the elders to the Feixian Hall for a meeting."

"Yes."

Lu Mingfang responded quickly and flew out of the hall.

He would immediately inform the disciples guarding all places to close all the temporary teleportation arrays.

This matter cannot be delayed.

Feng Xiaotian walked out of the Feixian Hall and looked up at the top of the hall.

I saw a simple and ancient bell hanging on the attic on the top floor of the hall.

It was the Yufan Bell.

This is a special spiritual treasure.

The Yufan Bell has neither attack nor defense capabilities.

It has only one function.

That is to spread sound.

As long as the Yufan Bell is struck, the sound of the bell can instantly spread throughout the world.

It is equivalent to a super loudspeaker.

A loudspeaker that can make everyone in Yufantian hear the bell.

Daosheng Sect has established the Daoism in Yufantian for millions of years.

In these endless years, the Yufan Bell has only rung three times.

This is the fourth time.

Every time the Yufan Bell rings, it means that something big has happened that concerns the entire Yufantian.

Feng Xiaotian looked up at the Yufan Bell on the attic and took out a golden seal.

The Yufan Bell is very special, so naturally not everyone can ring it.

If that were the case, wouldn't it be a mess?

Only the Sect Master himself, who holds the sect seal, can ring the Yufan Bell.

Feng Xiaotian took a deep breath, injected his magic power into the seal, and a golden light flew out of the seal and hit the big bell on the attic.

Dang...

Dang...

Dang...

The bell rang nine times, and it instantly spread throughout the entire Yufantian.

...

Chapter 86 Flowing Cloud Corridor

The bell rang, and the world was shocked.

Countless disciples and elders in the mountain gate woke up from their practice.

They flew into the sky and looked towards the Daosheng Peak.

No one knew what had happened.

"Brother, do you know what happened?"

"I don't know."

"Could it be that a demonic disaster broke out somewhere again?"

"Definitely not. A small demonic disaster doesn't need to ring the Yufan bell."

"Could it be that the demons have invaded Yufantian in large numbers?"

"It's hard to say."

Everyone speculated.

Although they didn't know what happened specifically, it must be a very serious matter.

Thinking that the sect master had ordered the establishment of demon-suppressing armies in various places a thousand years ago.

Everyone tended to believe that the demons might have invaded in large numbers.

Apart from the invasion of the demons, there was really nothing else that could make the sect master so serious.

The sound of the bell spread all over the world, and even Mo Yuetian and others who were far away in Tianxinghai heard the sound.

But he didn't care.

In Mo Yuetian's view.

The advantage is on my side. I just need to wait until the army gathers and push forward all the way.

...

Zhang Yuhe returned from Yunzhong Mansion after escaping the calamity.

When he just approached the mountain gate, he suddenly heard the sound of the bell.

This made him stunned.

"Li Tian, why is this bell ringing?"

Li Tian was also startled.

Compared to Zhang Yuhe, Li Tian knew more after all.

He answered solemnly.

"This is the Yufan Bell. As long as the bell rings, it means that something big has happened that concerns the entire Yufantian."

"Big event? Has the demon clan invaded in large numbers?"

Zhang Yuhe quickly came to his senses.

Apart from the invasion of the demon clan, he could not think of any other reason.

Suddenly, the two of them looked at each other, and then each took out a jade card.

Only the solemn voice of Feng Xiaotian came from the jade card.

"Come to Feixian Palace to discuss matters quickly."

"Yes."

Zhang Yuhe put away the identity jade card and flew quickly to Daosheng Peak with Li Tian.

At this time, he had already condensed his own aura to the late stage of Lianxu.

No one else knew about his breakthrough except Li Tian.

Even Wang Guofeng was unaware of it.

For Wang Guofeng, he only knew that Zhang Yuhe was very strong.

As for how strong he was, he didn't know.

No one knows.

Zhang Yuhe had not only broken through to the fusion realm hundreds of years ago.

Now he has even broken through to the Mahayana realm and has just returned from the tribulation.

Zhang Yuhe thinks.

In this troubled time, he should be more low-key.

If even his own people don't know the news that he has broken through to the Mahayana realm.

The demons are even less likely to know.

Then he may be able to do things quietly.

Although Zhang Yuhe doesn't know the specific strength of the demons.

But he has never been so arrogant that he can repel the demons by himself.

Only when the enemy doesn't know his existence.

That way he will be unprepared and he can find an opportunity to quietly harvest the demons.

They quickly flew to Daosheng Peak.

Along the way, they saw hundreds of streamers flying towards Daosheng Peak.

Arriving at Daosheng Peak, Zhang Yuhe and Li Tian walked into Feixian Hall.

There was a dead silence in the hall.

Everyone looked solemn, and no one spoke.

Feng Xiaotian stood in front of the hall.

After a while, all the elders of Daosheng Sect arrived.

Zhang Yuhe took a quick look.

There were more than 500 people in the hall.

Among them, there were more than 400 elders in the Refining Void Realm, and only about 30 in the Fusion Realm.

As for the Mahayana Realm, there was only Feng Xiaotian.

The legendary Wu Laozu did not show up.

Seeing that everyone was already there, Feng Xiaotian turned around.
