

Top talent 931

Section 931

He would like to take a look.

How many swords could Wu Wei, the extraterrestrial god-king, be able to withstand.

The aftermath swept across the world.

Zhang Yuhe stood with his hands behind his back, but he was not in a hurry to take action.

In fact.

The move he made just now was behind the God-Devil-Slaying Sword.

This clone of his can no longer display much combat power.

Although the power of the Heaven-Destroying Sword Formation of Gods and Demons is extremely terrifying, its consumption is also extremely exaggerated.

The sword strike just now had almost exhausted his vast Dantian sea.

In fact, even if the divine sword no longer needs to be cultivated.

He couldn't use the terrifying sword formation again.

despite this.

Zhang Yuhe still showed an indifferent expression.

This is a kind of momentum.

He wanted to overwhelm Wu Wei with his momentum.

Let Wu Wei make a wrong judgment and then flee in panic.

Thus.

Zhang Yuhe's clone lurking on the periphery can take action suddenly.

Give Wu Wei a hard blow.

Otherwise.

A supreme god king as powerful as Wu Wei cannot be killed so easily.

The supreme divine king who has reached the nine-step perfection state.

If it were placed in the Changhe River outside the territory, it would be comparable to the existence of the Lord of Donghua Palace.

How could it be so easy to kill?

Zhang Yuhe pretended to be indifferent, but in fact he was forcing Wu Wei to run away.

This is a kind of psychological warfare.

It is also a kind of confidence.

Zhang Yuhe had the confidence, so he dared to do this.

Wu Wei took a slow breath and looked back.

The dozen Bolin followers who were following him before.

At this time, there was no trace.

In the fierce collision just now.

The dozen or so Bolin cultists who were in the true god realm were directly hit by the collision, triggering terrifying power, and evaporated out of thin air.

Not even a piece of clothing was left behind.

But what Wu Wei was looking at was certainly not those Bolin followers.

for him.

After the congregation is gone, it will still be possible, and the baptism will slowly develop.

Anyway, these believers are all monks from the mainland of Chaos Sea.

They are not their colleagues in the Paulin Holy World.

No matter how many people die.

Wu Wei won't feel bad either.

At this time, his eyes were falling on the wasteland behind him.

That piece of wasteland was exactly where the Bolin branch was originally located.

On top of waste.

A tall statue of a god was emitting a faint brilliance.

These radiances are filled with an endless mysterious atmosphere.

When people take one look at it, they can't help but want to worship it.

"The statue of the Supreme God must be taken away."

Wu Wei thought silently.

If all the members of the congregation died, he wouldn't feel bad.

But this statue must not be lost.

When they entered the Sea of Chaos in batches.

A total of ninety-nine statues of the Supreme God were carried one after another.

in these long years.

At first it was because of carelessness.

More than thirty statues of gods have been destroyed by the local forces in the Chaos Sea.

Now, they only have about sixty such supreme statues left in their hands.

These idols are distributed throughout the Chaos Sea.

Each statue represents a Pauline branch.

Wu Wei would rather die than see the statue destroyed by Zhang Yuhe.

Because this is the fundamental means for them to develop their power in the Sea of Chaos.

If there is no baptism of the idol.

How could they possibly transform the Chaos Sea monks into devout believers?

How to develop a congregation?

If there is no congregation.

How many Brother Bolin were there in total who had infiltrated into the Sea of Chaos?

What big thing can it accomplish?

Not to mention leading the arrival of Supreme Bolin, how can they survive in the Sea of Chaos?

That's a big problem.

Moreover, these statues have a greater function.

That is through the idol.

Allow them to get in touch with Paulin Holy World.

That is why.

These statues of the Supreme God are very important to him.

They are the lifeblood of Bolin Evil God in the Sea of Chaos.

They can die, but the idols must not be thrown away.

Zhang Yuhe stands tall in the sky.

Seeing that Wu Wei was already unable to protect himself, he was still looking at the statue behind him.

He couldn't help but smile lightly.

"Wu Wei, you're done."

"At this point, why are you still looking at that statue?"

"Do you still expect Supreme Bolin to be able to cross the long river outside the territory?"

"Come to the Sea of Chaos to save you?"

...

Chapter 676 Where else can you run?

There was a hint of sarcasm in Zhang Yuhe's words.

So what, Paulin Supreme, came to the Sea of Chaos to rescue Wu Wei.

This is naturally impossible.

Although the Supreme is invincible, it is not omnipotent.

The original rules of the Chaos Sea are the biggest obstacle to the Extraterrestrial Supreme.

As long as the original rules still exist.

Those supreme beings from outside the territory do not dare to step into the Sea of Chaos easily.

Otherwise.

A group of top local Eternal Emperors can beat the Invincible Supreme to death.

If the Extraterrestrial Supreme wants to invade the Sea of Chaos, there are only two ways to go for the time being.

One of the ways is to conquer the top emperor of the Chaos Sea.

All killed outside the origin.

If there weren't those eternal emperors blocking it.

Even if he is suppressed by the original rules, the Extraterrestrial Supreme is still fearless.

Section 932

This is of course impossible.

The Eternal Emperor of the Sea of Chaos is not someone they can kill if they want to.

Even in the long river outside the territory, the Supreme cannot easily do it.

If you can do this.

Then the Sea of Chaos would no longer be what it is now.

Maybe it had been built into their back garden by a certain supreme being.

There is another way, and that is what Wu Wei and others are doing.

By developing their followers, they slowly spread the power of Paulin Supreme's rules in the Sea of Chaos.

If one day.

The power of the rules of Supreme Bolin can overwhelm the original rules of the Chaos Sea.

Even replace the original rules themselves.

Then he can run rampant in the Sea of Chaos.

This is a way to replace Heaven's heart with my own heart.

The original rules of incarnation are the path to the supreme.

Of course.

This method is difficult and the hope of success is very slim.

After all, the major forces in the Chaos Sea will not watch the development of evil gods outside the territory.

They didn't even dare to show their heads.

If you show your head, you will be killed.

Like them, hiding in mouse holes and living in obscurity.

If you can still manage the power to suppress the original rules, that would be a damn thing.

...

Wu Wei looked at Zhang Yuhe angrily.

obviously.

Zhang Yuhe's words just now deeply stimulated him.

A supreme being like Pauline Supreme.

Zhang Yuhe actually called him by his first name.

Damn it.

Unfortunately.

Under the current circumstances.

There was nothing he could do about Zhang Yuhe.

Now he has neither the strength nor the time to quarrel with Zhang Yuhe.

He just wanted to run away quickly.

Think of this.

Wu Wei took a deep breath.

He stared at Zhang Yuhe and shouted fiercely.

"I don't believe that you can use the magical power like that just now."

Zhang Yuhe smiled lightly.

"Wouldn't you know if I can perform it if you come up and try it?"

Seeing Zhang Yuhe, he looked unscrupulous.

Wu Wei felt a little drummed in his heart.

He didn't know if Zhang Yuhe was bluffing or if he really had a back-up plan.

But no matter what.

Wu Wei knows it all.

It's really time for him to go.

If it drags on any longer.

Even if he is not beaten to death by Zhang Yuhe, he will be beaten to death by other god king monks who come later.

"Hmph, the power of words."

Think of this.

Wu Wei just snorted coldly.

He quickly turned around and rushed towards the statue of the Supreme God behind him.

"Still want to run?"

Seeing Wu Wei turn around.

Zhang Yuhe waved his right hand.

The nine divine swords quickly fell towards the surroundings.

The sword energy light curtain rose again.

Invisible sword energy spread across the sky and earth, sweeping towards Wu Wei.

at the same time.

A huge black millstone quietly appeared in mid-air.

As the grindstone rotates gently.

The terrifying divine power shrouded down, suppressing Wu Wei to death.

"Ah, open it for me."

Wu Wei roared.

I saw him pumping his fists.

The fist shadows all over the sky soared into the sky.

The shadow of the millstone in the sky just started to rotate twice.

It was directly smashed to pieces by Wu Wei's fists.

As for the boundless sword energy around him, he completely ignored it.

When the Gods and Demons Killing Heaven Sword Formation cannot be used.

Zhang Yuhe was simply unable to pose any threat to Wu Wei.

Even at this time, Wu Wei only had half his life left.

His powerful aura of divine power was still very terrifying.

After punching out.

Wu Wei just glanced at Zhang Yuhe, but he did not step forward.

to him now.

The most important thing is to run away quickly with the Supreme God Statue.

If you continue to struggle with Zhang Yuhe.

It will only become more and more disadvantageous for him.

Wu Wei quickly moved his body and sat down at the base of the Supreme Statue.

He looked solemnly and glanced at the statue.

Then press your right hand towards the base of the statue.

Follow the magic formula and pinch it.

The tall statue shrunk rapidly.

After a while.

It became about a foot tall.

Wu Wei put away the statue.

He turned back and took a deep look at Zhang Yuhe, then turned into a stream of light and flew quickly into the distance.

Looking in the direction where Wu Wei disappeared.

Zhang Yuhe couldn't help but reveal a faint smile.

He muttered to himself.

"There are ambushes all around, where can you run?"

"Now that I have met you, you are destined to die here today."

Think of this.

Zhang Yuhe rolled up his sleeves and followed after him.

Wu Wei quickly flashed his figure and flew forward quickly.

He ignored Zhang Yuhe who was chasing behind him.

Wu Wei finally saw it.

After displaying that terrifying fusion sword formation.

Zhang Yuhe was at the end of his strength.

to be honest.

Section 933

If you weren't worried, there might be other god kings coming here.

Wu Wei must beat Zhang Yuhe to death first, and then run away.

But reason told him.

It's better to get out as soon as possible.

He had to quickly get away from Tianfeng Continent and find a place to hide again.

Even Wu Wei has already thought of a place.

Just go back to Chaos Xinghai.

The former Pauline branch church was located there.

Just for missionary convenience.

He just moved the branch hall to Tianfeng Continent.

Now it seems.

He was still careless.

In Tianfeng Continent.

Although preaching is indeed very convenient.

You can arrest the monks nearby and then send them to the statue in the branch hall for baptism and transformation.

As for those who fail to transform, they will be killed directly.

The efficiency is very high.

However.

Wu Wei had previously ignored the most critical issue.

That's privacy and security.

Although they were covered by Wang Jiangyuan on Tianfeng Continent.

It does look safe.

But this is not enough.

In public, exposure is a matter of time.

Even if there is no Zhang Yuhe this time.

There will also be a certain Supreme God King who happens to pass by next time.

I accidentally discovered the location of their branch church.

Wu Wei flew quickly while constantly reflecting on his mistakes.

I was still too radical before.

If I could do it all over again.

He will definitely not move the branch hall out of Chaotic Star Sea.

For these outsider monks who cannot see the light.

Chaotic Star Sea is a good place.

It's their best hiding place.

so.

Now he wants to correct all of this.

Return to the Sea of Chaos Stars and slowly lay down the foundation.

For later.

"snort."

Wu Wei glanced at Zhang Yuhe who was following behind him.

He couldn't help but snorted.

Sooner or later he will get this place back.

Wu Wei has already thought about it.

Wait until he has settled down in Chaotic Star Sea.

He immediately went to the desert domain to see the palace master.

A peerless genius like Zhang Yuhe must not be allowed to continue to grow.

If Zhang Yuhe waits, he will be promoted to the Supreme God King or even the Eternal Emperor.

Will anyone be Zhang Yuhe's opponent in this sea of chaos in the future?

Even if the Supreme One takes action himself.

In this sea of chaos, there is probably nothing that can be done to Zhang Yuhe.

Wu Wei simply didn't dare to think about it.

Please inform the palace master as soon as possible about the matters that require Zhang Yuhe.

Although Wu Wei thinks.

As long as he was well prepared, he was certain that he could beat Zhang Yuhe to death.

But this certainty is not guaranteed.

It's better to inform the palace master.

Let the Palace Master send someone to take action, or the Palace Master can take action himself.

Only then did he have full confidence to beat Zhang Yuhe to death completely.

To avoid future troubles.

Wu Wei was thinking silently while flying quickly.

Just at this time.

A soaring momentum rose in front.

Zhang Yuhe's voice came faintly from a distance.

"Wu Wei, where else do you want to run?"

...

Chapter 677 Stop struggling

Seeing Zhang Yuhe suddenly appear in front, the expression on Wu Wei's face.

It was almost like seeing a ghost.

Zhang Yuhe had obviously been chasing behind him before.

Why did he suddenly run to the front?

Wu Wei is very confident.

With his perfect cultivation at the God King Realm, he should have already thrown Zhang Yuhe away.

However.

Who is that person in front?

This man not only looks exactly like Zhang Yuhe.

The key is that the terrifying aura on his body also makes no difference.

Wu Wei was convinced.

I am not dazzled.

The person blocking him in front was undoubtedly Zhang Yuhe.

And from what I just said.

He could hear it too.

Zhang Yuhe had obviously been waiting in front for a long time.

"What exactly is going on?"

Wu Wei expressed confusion.

Are there two identical Zhang Yuhes in this world?

Sudden changes.

He felt very puzzled.

But now there is obviously no time for him to think about more things.

Just when Wu Wei was still confused.

The nine divine swords merged into one, turning into a terrifying sky-high sword to crush the void.

It quickly struck down at him.

See this situation.

Wu Wei did not dare to be careless at all.

Zhang Yuhe relied on this fusion sword formation magical power before.

Both his arms were chopped off.

Now do it again.

This made Wu Wei feel very panicked.

Just chopped off his arms.

Not this time, half of his life will be taken away.

Section 934

However.

Now there is no time for Wu Wei to think too much.

The golden giant sword has already chopped down from the air.

He has no chance to avoid it.

Wu Wei had to raise his fists.

The sky full of fist shadows soared into the sky, and quickly rushed towards the sword light above his head.

Boom...

A deafening roar instantly spread throughout the world.

The sword light shone brightly, and the fist shadows were scattered.

Compared with the previous collision.

Now Wu Wei's fists are obviously much weaker.

Facing Zhang Yuhe's God and Demon Sword Formation, he couldn't stop it at all.

"Ah, open it for me."

Feeling the golden giant sword, with the light of death, quickly covering it.

Wu Wei was completely panicked.

He couldn't help but roar.

At the same time, he offered a black roulette.

As the spell was pinched.

The roulette flew out of his hand and went straight to the golden giant sword above his head.

Boom...

The violent collision started again.

The roulette wheel emitted a black light that covered the whole world.

The golden giant sword cut through the black curtain.

The sword light shone in all directions.

The black roulette wheel only blocked for a moment.

The sword light still slashed towards Wu Wei quickly.

However, after being blocked many times.

The power of the sword light was indeed much weaker at this time.

Despite this.

As the giant sword slashed down.

Wu Wei spit out a mouthful of blood and retreated tens of thousands of miles continuously.

After a long time.

He finally stabilized his body.

Looking at Zhang Yuhe in the distance.

Wu Wei's face was pale.

Although his arms were not shattered after this collision.

It seemed that the result was better than the previous collision.

But Wu Wei was very clear about his physical condition.

At this time, the powerful force of rules was running wild in his body.

Even if he tried his best, he still couldn't suppress these forces of rules.

Wu Wei knew.

He had reached his limit.

If Zhang Yuhe did this again.

Then he would definitely die.

But there shouldn't be any more.

Wu Wei didn't know what special means Zhang Yuhe had used just now.

Or there were really two identical Zhang Yuhe in this world.

But it was impossible that a third one would appear.

If that was the case.

That would be really weird.

Thinking of this.

Wu Wei breathed a sigh of relief.

With a gloomy face, he looked at Zhang Yuhe in the distance.

Then he flew away quickly without looking back.

Run quickly.

He must find a safe place as soon as possible to stop and recuperate.

Otherwise.

No one else would have to help.

He might die of serious injuries.

Seeing Wu Wei flying away.

Zhang Yuhe did not chase him.

He just saw him draw his right hand.

A two-meter square particle vortex slowly appeared in the void.

Zhang Yuhe took a step forward.

He soon disappeared.

This clone was just here to help temporarily.

After releasing a move of the God and Demon Sword.

There is not much strength left.

In this case.

Then why stay here?

Go back to practice.

As for whether Wu Wei will really run away.

There is no need to worry about it.

This time, Zhang Yuhe gathered nine clones around.

Now only two clones have made a move, which has seriously injured Wu Wei.

There are seven other clones, and they have not made a move yet.

If Wu Wei can run away.

That would be hell.

...

Wu Wei turned around and ran all the way.

He looked back.

He did not see Zhang Yuhe continue to catch up.

He could not help but breathe a sigh of relief.

To be honest.

He is really a little panicked now.

Even if Zhang Yuhe can no longer display the terrifying magical power just now.

Wu Wei does not want to entangle with Zhang Yuhe again.

Because he knows very well.

How bad his physical condition is now.

It is already very difficult to maintain fast flight.

If Zhang Yuhe caught up with him and continued to tangle with him for a while.

Wu Wei even suspected that he might die.

Being dragged to death.

Died in the hands of a true god cultivator.

What a ridiculous thing.

However.

Such a thing is indeed very likely to happen.

As long as he ran a little slower.

Then he would definitely die.

In order to escape with his life.

Section 935

Wu Wei doesn't want to pay attention to anything now.

Just keep your head down and go quickly.

Even the previous desire for revenge.

It had already been extinguished by this time.

I met two identical Zhang Yuhes in a row.

This frightened him greatly.

In fact, Wu Wei also wants to understand now.

It is naturally impossible that there will be two identical Zhang Yuhes in this world.

And they also appeared in one place at the same time, using the same magical power.

It has the same spiritual aura again.

This must be a very strange magical power.

It can make Zhang Yuhe split into two.

And it has the same strength.

Think of this.

Wu Wei couldn't help but feel a little scared.

"I hope he won't. Let's find a third one."

As he flew quickly, he prayed silently in his heart.

Just at this time.

Several powerful auras rose into the sky around him.

Zhang Yuhe's voice came faintly from a distance.

"Master Wu, you'd better die honestly."

"Stop struggling."

Wu Wei suddenly stopped.

His face turned pale and he looked around in horror.

Only seven identical Zhang Yuhes were seen, slowly revealing their figures.

Every Zhang Yuhe exudes a soaring aura.

Every Zhang Yuhe is surrounded by nine identical divine swords.

Seven Zhang Yuhe formed a faint encirclement.

All his escape directions were sealed tightly.

"It's over."

See this situation.

Wu Wei was completely desperate.

The two people before had beaten him to death completely.

Now seven Zhang Yuhe suddenly appeared.

How does this make him fight?

Wu Wei couldn't bring up any desire to resist.

It's really too much.

What kind of magical power is this?

It's so scary.

It allows Zhang Yuhe to create nine clones at the same time.

Moreover, the aura of these clones is exactly the same.

He even had some doubts.

Including the two I met before, these may all be Zhang Yuhe's clones.

As for Zhang Yuhe's true identity, he may not have appeared at all.

This is too terrible.

Is this the strength a true god monk should have?

What kind of magical power can allow a person to take on countless incarnations and display his strength perfectly.

Wu Wei felt very puzzled.

Of course he can tell.

These clones are real.

It's not a false phantom.

Each one is incredibly powerful.

"Ah ah, great Supreme Bolin, why do you want me to come to this damn sea of chaos?"

Wu Wei let out a roar of grief and anger.

he knows.

This time I was completely dead.

No chance of escape.

He didn't even want to resist.

I just want to be quiet and wait for death to come.

Waiting to die is the only thing he can do now.

...

Chapter 678 Wu Wei's Death

Wu Wei was heartbroken.

He looked around.

Want to find a way to survive.

However.

The seven identical figures around him had already blocked all the ways out.

Want to stay alive.

He had to fight his way out.

But Wu Wei made a sad discovery.

In his current situation, there is no hope that he can escape.

Could it be that he could only wait quietly for death?

Seven figures in the distance looked at each other.

Then the fierce sword light shone across the entire sky.

The terrifying sword light was like a tide, drowning Wu Wei in an instant.

Zhang Yuhe did not hesitate.

He also didn't want to talk nonsense to Wu Wei.

Villains die from talking too much.

He considers himself to be upright.

Of course, he won't do evil things.

If you can beat him to death, don't force him.

Why are you talking so much?

Just beat him to death and that's it.

Zhang Yuhe's seven clones took action at the same time.

The sword light shines in the sky and the earth.

Even in an endless distance, you can still see this terrifying sword light.

Seven giant golden swords carry sharp sword light.

He immediately blasted Wu Wei into ashes.

Even the items he was carrying were instantly evaporated by this terrifying sword light.

All that was left at the scene was a statue of a god that was about a foot tall.

The glory of the statue remains.

He was not injured in the slightest by the world-destroying sword light.

Items related to the Supreme are indeed extraordinary.

Not so easily damaged.

Wait until the smoke clears.

After confirming that Wu Wei was completely dead.

The seven clones looked at each other.

Then they each created a vortex and quickly disappeared.

There was only silence.

Section 936

After a while.

Zhang Yuhe's guardian clone slowly showed up.

He flew down.

He looked at the Supreme God statues scattered on the ground with vigilance.

He had seen the name of the Supreme God statue countless times in the classics of the Daozang Hall.

Various classics made this thing sound magical.

Some said that just one look at the Supreme God statue would make people indulge in it.

Become a slave of the foreign supreme.

Other classics said that the Supreme God statue was invincible.

As long as the native cultivators of the Chaos Sea approached the statue.

They would be turned into ashes by the terrifying power in an instant.

There are even records in the classics.

It is said that the Supreme God statue is actually the incarnation of the foreign supreme.

When needed.

The foreign supreme can use the statue to attack in the Chaos Sea from a distance.

Of course.

As a disciple of Donghua Palace.

Zhang Yuhe naturally would not believe these ignorant statements.

If the Supreme God Statue is really that powerful.

Then how could Wu Wei die just now?

Why did the Bolin followers from all over the world hide in the dog hole secretly?

They took the Supreme God Statue and swept across the Chaos Sea directly, wouldn't that be the end of it?

Why bother with all that effort?

Zhang Yuhe knew.

The Supreme God Statue is indeed somewhat magical.

But it is far less exaggerated than what is recorded in the classics.

However, what are the specific functions of these Supreme God Statue?

He really doesn't know.

"Put it away first."

"Take it back to the sect later and give it to the Palace Master Yuanhe to deal with."

Zhang Yuhe thought.

Although the Supreme God Statue is an item brought by foreign cultivators.

But for them, the local cultivators in the Chaos Sea.

It should be of some use.

After all, it is something made by the Invincible Supreme.

And on it.

There is still a trace of the Supreme Dao rhyme.

It should be of great value.

It's a pity.

Zhang Yuhe doesn't know how to use this thing.

Let's take it back and let the Yuanhe God King deal with it.

Thinking of this.

Zhang Yuhe offered a pagoda and put the statue in it.

He didn't dare to reach out and touch the statue.

If he was accidentally tricked, it would be a joke.

After putting away the supreme statue.

Zhang Yuhe did not leave immediately, but stood quietly in the air.

After a while.

Two streams of light passed from a distance.

Ye Zhiqiu and Zhao Zheng appeared almost at the same time.

When they saw a figure standing in the sky in the distance.

A white dress fluttered in the wind, like a god descending to the world.

The two couldn't help but look at each other.

The shock in their eyes could not be concealed at all.

Zhao Zheng whispered.

"Brother Ye, is the person in the distance the new garrison commander?"

"It should be."

Ye Zhiqiu nodded silently.

He really couldn't believe it.

How could Zhang Yuhe appear here?

Didn't he just arrive at Tianfeng Continent? Shouldn't he be in Tianfeng City now?

You know.

Tianfeng City is much farther away from here than they are.

How could Zhang Yuhe get ahead of them?

Could it be...

Ye Zhiqiu seemed to have thought of something, but it was incredible.

He couldn't believe it at all.

At this time.

Zhao Zheng continued to transmit his voice.

"Why did the garrison commander appear here? He made such a big noise just now, didn't he?"

Ye Zhiqu remained silent.

After a long while.

He slowly transmitted his voice.

"If this is true, then this new garrison commander is too scary."

Looking at the Dao rhyme in the distance, the terrible sword energy still exudes a terrifying aura.

Cultivators below the true god are afraid that they will die if they touch it.

The vast area around has turned into a Jedi.

The originally magnificent Jianglin City can't see any trace at all.

Obviously, it has been razed to the ground.

As for the Wang family who were originally here, and the mysterious Wang Jiangyuan.

There was no trace of them.

They were probably dead long ago.

If this terrible scene was caused by the town guard,

then who was he fighting with?

Looking at the situation in front of him.

Ye Zhiqu thought silently.

To be able to make such a big noise, his strength must be at the God King level.

But the town guard alone would not go crazy.

What about the other opponent?

Has he been killed by the town guard?

The town guard can kill the Supreme God King?

Then what kind of strength is he?

Thinking of this.

Ye Zhiqiu couldn't help but tremble slightly all over.

At this time.

Zhang Yuhe turned around and looked at the two of them indifferently.

Ye Zhiqiu's heart trembled.

He and Zhao Zheng shouted almost at the same time.

"Greetings to the town guard."

If.

Section 937

Before, they had some contemptuous words towards the new guardian envoy.

Now it has completely disappeared.

They felt nothing but deep awe.

Just in the blink of an eye.

Ye Zhiqiu and Zhao Zheng have already figured out a clue.

Regardless of whether the person who fought here before was Zhang Yuhe or not.

But there must be a direct connection with Zhang Yuhe.

Just this.

Can they not be afraid?

I have never seen the Wang family that once dominated Tianfeng Continent for countless years like them.

Have they all turned into ashes now?

They don't want to follow in Wang Jiangyuan's footsteps.

This new guard envoy is obviously not a simple character.

They must pay attention.

Otherwise.

Maybe one day, a big disaster will happen to you.

Don't wait until then.

Don't even know how he died.

Zhang Yuhe's light swept across the two people, and then stopped on Zhao Zheng.

That indifferent and indifferent gaze made Zhao Zheng, the true god, hair-raising.

It was as if he was being targeted by something terrible.

Zhao Zheng was panicked.

he does not know.

Did Zhang Yuhe discover something?

If there is no ghost in your heart.

That's easy to say.

But the problem is.

His Zhao family is not clean either.

It couldn't be Zhang Yuhe who found out about their defection to Tianyang Sect.

Think of this.

Zhao Zheng couldn't help but trembled slightly.

he shouted in a stammering tone.

"Lord Guardian Envoy."

...

Chapter 679 Damn it!

Looking at Zhang Yuhe, his eyes were extremely cold.

Zhao Zheng was panicked.

Although the Zhao family's decision to join the Tianyang Sect was indeed very secretive.

Even within the family, only two or three people know about it.

Zhang Yuhe had just arrived at Tianfeng's garrison today.

It should be impossible to detect anything abnormal.

But the problem is.

The terrifying sight in front of me was really scary.

More importantly.

This was originally the Jianglin City of the Wang family.

Zhao Zheng has always suspected that there is some hidden force behind Wang Jiangyuan.

Zhang Yuhe appeared in Jiang Yuancheng as soon as he took office today.

And it seems that he even had a battle with a certain terrifying power.

Who is that mighty one?

Could it be the force behind Wang Jiangyuan?

If that's the case.

Zhang Yuhe was able to discover the secret behind Wang Jiangyuan.

So has the secret of their Zhao family been discovered?

Think of this.

Zhao Zheng had the urge to run away immediately.

But reason told him.

Can't run.

As soon as he ran away, his secret was really exposed.

And with Zhang Yuhe here, can he still run away?

Zhao Zheng could only pray that Zhang Yuhe did not find out about their defection to Tianyang Sect.

Otherwise.

That consequence.

He simply didn't dare think about it.

Just when Zhao Zheng was still feeling uneasy in his heart.

Zhang Yuhe said calmly.

"I don't dare to call you an adult, Master Zhao."

"The Master Liu of Tianyang Sect's Sifang Hall is the master in your heart, right?"

Zhang Yuhe's words immediately made Zhao Zheng feel cold all over.

he knows.

Things have come to light.

Although he doesn't know clearly.

Where did Zhang Yuhe know about his defection to Tianyang Sect.

And he also specifically mentioned Palace Master Liu.

To know.

Just now.

He also went through a summons with Liu Yuanguang.

Why did Zhang Yuhe know so quickly?

Is this new guardian envoy so powerful?

Zhao Zheng tried to calm down as much as possible.

he was thinking.

How should I quibble.

At least think of a way to get away and run out.

Zhao Zheng was thinking.

As long as you can escape this level.

He immediately took the entire Zhao family and ran to Tianyang Domain.

He really didn't dare to stay in this Tianfeng Continent.

But the problem is.

Now that Zhang Yuhe has found out, they took refuge in the Tianyang Sect.

Can you still let him go now?

Just at this time.

Zhang Yuhe's cold voice came over again.

"I heard that you and Tianyang Sect have some big plans?"

"Can you tell me the plan?"

"Also, that Hall Master Liu told you that he planned to lure me out and get rid of me."

"How are you going to lure me out?"

"Where are you planning to lead me to and get rid of me?"

"Um!"

Zhang Yuhe's voice was like the ice of June falling on Zhao Zheng's head.

"It's over."

Section 938

He knew that he was finished.

The entire Zhao family will soon be finished.

Hear Zhang Yuhe's words.

Ye Zhiqiu, who was next to him, immediately and quietly distanced himself from Zhao Zheng.

He didn't want Zhang Yuhe to think that he and Zhao Zheng were in the same group.

If that's the case.

That's a bit unclear.

In fact, Ye Zhiqiu was also full of doubts at this time.

Zhao Zheng defected to Tianyang Sect.

He had indeed known it for a long time.

But he didn't know that the Zhao family and Tianyang Sect were so deeply involved.

There is actually a big plan.

Even the new guardian envoy has just arrived in Tianfeng Continent.

Zhao Zheng and Tianyang Sect wanted to get rid of the guardian envoy.

Thinking of taking up the post of Tianfeng Guardian.

It seems that he also disappeared suddenly and unexpectedly.

Ye Zhiqiu couldn't help but feel cold in his heart.

Originally he thought.

Zhao Zheng is just stepping on two boats.

Now it seems.

Zhao Zheng had sold his life to Tianyang Sect a long time ago.

Now the new guard has revealed the truth.

There was no chance for him to survive.

Ye Zhiqiu doesn't care about the life and death of Zhao Zheng and the Zhao family.

He just didn't want this matter to involve him.

Just now, he just saw a vision of a great battle.

There was some curiosity in my heart.

Just come over and take a look.

How could Ye Zhiqiu know?

It doesn't matter if you look at it.

Would you actually let yourself get involved in such a big trouble?

I should have known this was the case.

Even if he was beaten to death, he would not have taken a step out of Qiuye City just now.

Think of this.

Ye Zhiqiu was secretly on guard.

Since he was on guard against Zhang Yuhe, he suddenly attacked him.

At the same time, it was also to prevent Zhao Zheng from escaping.

If Zhao Zheng's affairs were exposed, he would definitely die.

If Zhao were allowed to run away.

And he was watching from the sidelines.

If you really jump into the Yellow River, you won't be able to wash yourself out.

And at this time.

Zhao Zheng will definitely run away.

Because he already has no other choice.

Since the matter of taking refuge in Tianyang Sect has been exposed by Zhang Yuhe.

How could Zhang Yuhe let him go?

really.

As soon as Zhang Yuhe finished speaking.

Zhao Zheng immediately stopped hesitating.

I saw him wave his right hand.

Dozens of identical figures suddenly appeared around them.

The aura of these figures was almost exactly the same as his own.

It makes it impossible to tell the truth from the false.

Dozens of figures flew up at the same time, turning into streams of light and flying quickly in all directions.

Magical power, shapeshifting.

This is Zhao Zheng's strongest life-saving magical power.

After successfully cultivating this magical power.

He has never used it in front of others.

Nobody knows.

He knows this powerful life-saving magical power.

Zhao Zheng was seen transforming into dozens of figures, flying in all directions at the same time.

Ye Zhiqiu, who was next to him, couldn't help but be stunned.

But he reacted quickly.

I saw him wave his right hand.

A terrifying sword light shot across the sky.

The sword light flashed across quickly, smashing dozens of figures in succession.

However, the moment the sword flashed across.

These figures immediately turned into nothing and disappeared in mid-air.

obviously.

He did not find Zhao Zheng's true identity.

The figure was chopped into pieces by him continuously.

But they are all illusions.

Just as Ye Zhiqiu was thinking.

Should we continue the pursuit in another direction?

Zhang Yuhe could only hear a cold snort.

"Hmph, death is imminent, why bother struggling anymore."

"You'd better die honestly."

Zhang Yuhe just finished speaking.

I saw a huge millstone suddenly appearing in the void.

The millstone shrouded all directions with terrifying power.

As the millstone slowly rotates.

Those figures that had already rushed far away turned into bubbles and disappeared in an instant.

Only one figure was left, struggling hard under the suppression of the power of the millstone.

This figure is naturally Zhao Zheng's true body.

Although the phantom power he used was indeed somewhat mysterious.

Dozens of figures were running away in all directions at the same time, making it impossible to distinguish the real ones from the fake ones.

If you pursue it alone.

It is very likely that the real target will be lost.

It is indeed a good life-saving magical power.

But in front of Zhang Yuhe, that's not enough.

Zhang Yuhe has a hundred ways to find out his true identity.

Ye Zhiqiu, who was next to him, saw this situation.

He was completely stunned.

What kind of magical power is this?

How could it be so terrible.

He could feel it clearly.

The shadow of the square millstone above the head is terrifying.

Even true god monks like Zhao Zheng.

Under the suppression of the millstone shadow, he was completely imprisoned in place, unable to move at all.

How terrifying is it to be able to suppress and imprison True God cultivators?

Section 939

Fortunately, this millstone phantom didn't seem to target him.

This new garrison commander should have known everything.

That's why he didn't get involved.

Thinking of this.

Ye Zhiqiu couldn't help but let out a long sigh of relief.

As the millstone phantom pressed down.

Zhao Zheng froze.

While struggling hard, he shouted to Ye Zhiqiu in the distance.

"Brother Ye, save me. Donghua Palace is planning to completely clean up Tianfeng Continent."

"Once I die, it will be your turn next."

"Damn it."

Hearing Zhao Zheng's shouting.

Ye Zhiqiu couldn't help but curse inwardly.

Damn it.

You are going to die, why do you want to drag me in?

Damn it.

...

Chapter 680 His heart should be killed!

When the millstone phantom enveloped him.

Zhao Zheng knew that he was going to be completely finished.

He was unwilling to die like this.

After countless years of cultivation, he finally reached the realm of true god.

Moreover, he also has a huge Zhao family and a talented son who has already joined the Tianyang Sect.

Zhao Zheng has many dreams and concerns.

How could he be willing to die like this?

Looking at Ye Zhiqiu in the distance.

Zhao Zheng seemed to have grabbed the last straw.

While struggling hard, he shouted for help.

There was no way.

The pressure from the millstone void on him was too great.

Zhao Zheng clearly felt that his vitality was fading quickly.

If no one saved him.

Maybe in a while, he would die completely.

But who can save him in this Tianfeng Continent?

Zhao Zheng looked at Ye Zhiqiu in the distance, as if he saw the last hope.

He knew.

Ye Zhiqiu was powerful.

Even if he was not as good as the terrifying garrison commander, he should not be too far behind.

Zhao Zheng thought.

As long as Ye Zhiqiu was willing to take action, he might be able to rescue him.

However, his shouting was not a big deal, but it frightened Ye Zhiqiu.

Facing the terrifying garrison commander in front of him.

Ye Zhiqiu just wanted to get himself out as much as possible and didn't want to have anything to do with the Zhao family.

How could he possibly help?

Hearing Zhao Zheng's shout.

Ye Zhiqiu wanted to chop this shameless guy to death with a knife.

Damn it.

You can die by yourself.

Why do you have to drag me with you.

The knife flashed in Ye Zhiqiu's hand.

He was thinking.

Should he just take advantage of Zhao Zheng's inability to move now.

Just give him a knife.

Let this shameless guy shut up quickly.

However.

Although Ye Zhiqiu wanted to let Zhao Zheng die immediately.

But he didn't dare to do it.

Because Zhang Yuhe in the distance was standing with his hands behind his back, looking at him with a playful look.

Ye Zhiqiu was afraid that it would cause Zhang Yuhe's misunderstanding.

He immediately put away his long sword and stood far away, not daring to move.

Seeing Ye Zhiqiu, he had no intention of taking action.

Zhao Zheng was completely desperate.

He shouted loudly.

"Brother Ye, don't you understand the principle of lips and teeth being cold?"

"If our two families join forces, we may still have a chance of survival."

"If our Zhao family is destroyed, your Qiuye City will definitely not be spared."

"We stick together and have the support of Tianyang Sect."

"Even Donghua Palace will never dare to act rashly."

However.

No matter how Zhao Zheng shouted, Ye Zhiqiu remained unmoved.

In many cases.

The choice of life is crucial.

One wrong step will lead to the abyss.

Maybe Zhao Zheng is right.

Over the years.

Tianfeng Continent has been outside Donghua Palace.

The three families have never obeyed the orders of the garrison.

They have not even handed in the most basic annual tribute.

Even their Qiuye City once beat the people of the garrison.

If Donghua Palace wants to bring up the old accounts.

They Qiuye City will probably not have a good life in the future.

Even so.

Ye Zhiqiu still didn't dare to make a move.

Because he had seen it.

Although the aura of the new garrison commander in front of him seemed ordinary.

There was not much difference from an ordinary True God Realm.

But the millstone phantom hanging in the sky, and the aftermath of the battles crisscrossing around.

Ye Zhiqiu was shocked.

He knew.

Zhang Yuhe seemed to be silent.

But his strength was extremely terrifying.

If he dared to make a move, he would definitely follow in Zhao Zheng's footsteps.

Ye Zhiqiu was gifted and had now cultivated to the ninth level of the True God Realm.

There was even a good chance in the future that he could enter the Supreme God King Realm.

Ye Zhiqiu had a bright future.

He didn't want to die.

The most important thing was.

Ye Zhiqiu knew very well.

Their Qiuye City was completely different from the Zhao Wang family.

Section 940

Although he and his colleagues in Akiyoshi City were indeed a little disrespectful towards the garrison in the past.

But he has never taken refuge in anyone.

At best, he can be considered a bit arrogant and domineering, but he has not betrayed Donghua Palace.

Situations like his.

They are everywhere in the entire Donghua Domain.

After all, everyone has selfish motives, which is normal.

It is impossible for Donghua Palace to really destroy them all.

At most, it's just a matter of beating them to make them more obedient in the future.

It is precisely because of this.

Ye Zhiqiu didn't want to take risks, but stood quietly by the side.

He watched helplessly as Zhao Zheng was crushed by the phantom of the millstone.

Slowly turned into a ball of blood mist.

No matter how Zhao Zheng shouted, he remained unmoved.

After a while.

Zhao Zheng's aura soon completely disappeared from this world.

Only two people were left at the scene, Zhang Yuhe and Ye Zhiqiu.

Zhang Yuhe stretched out his hand and waved.

He put away the items left behind by Zhao Zheng, and then looked back at Ye Zhiqiu.

He said calmly.

"Master Ye City, Wang Jiangyuan colluded with evil spirits from outside the territory, and I will completely destroy the Wang family. This is not too much."

Hear this.

Ye Zhiqiu couldn't help being shocked.

Zhang Yuhe's words contained a large amount of information.

First of all, the Wang family has really been destroyed, and it was the new guardian who personally destroyed it.

Secondly, Wang Jiangyuan actually colluded with evil spirits from outside the territory.

This was something he didn't expect.

Although Ye Zhiqiu has always been suspicious of Wang Jiangyuan's origins.

I feel that there should be a very powerful force behind this person.

But he never thought about it.

Wang Jiangyuan actually dared to collude with evil spirits from outside the territory.

This is the real way to die.

In the sea of chaos.

You can do anything wrong.

But it must not have anything to do with the evil spirits outside the territory.

Otherwise.

Once things are exposed, it will be life or death.

No matter how strong the strength is.

Even the Eternal Emperor.

If someone discovers it, he will collude with evil spirits from outside the territory.

They will also be beaten to death.

Nothing left to chance.

This is a taboo.

The extraterrestrial evil spirits are the public enemies of everyone in the entire Chaos Sea.

Whoever touches him dies.

There are never exceptions.

Thinking that in the Tianfeng Continent, Wang Jiangyuan actually colluded with evil spirits from outside the territory.

Ye Zhiqiu couldn't help but feel a little scared.

He believes it.

Zhang Yuhe must not have just made an excuse, he must have sufficient evidence.

Think of this.

Ye Zhiqiu said solemnly.

"Wang Jiangyuan colluded with evil spirits from outside the region, and everyone caught him and punished him."

"Fortunately, the guard was aware of everything and eliminated a lot of harm to Tianfeng Continent."

"This is Tianfeng Continent's good fortune, and naturally it cannot be overstated."

Zhang Yuhe nodded slightly, then changed his voice and spoke slowly.

"Zhao Zheng defected to Tianyang Sect and conspired to rebel against Donghua Palace. I killed him. Isn't this too much?"

Ye Zhiqiu responded firmly.

"Zhao Zheng is so ambitious that he dares to betray Donghua Palace. He has a terrible heart and deserves to be killed."

Ye Zhiqiu quickly expressed his attitude.

He didn't want to get involved in anything with the Zhao family.

Zhao Zheng defected to Tianyang Sect, but now Zhang Yuhe revealed his background.

If he is killed, no one will sympathize with him.

Zhao Zheng made a wrong move.

He should bear the consequences.

There was silence for a while.

Zhang Yuhe said leisurely.

"I don't want to pursue the past matters anymore."

"It's good that you have outstanding talents and are dedicated to the Tao."

"But you still need to have the respect you deserve."

"Donghua Territory is very large, and Donghua Palace is really unable to control it."

"But if you go too far and trigger the anger of Donghua Palace, you can't afford the consequences."

"Yes, please follow the instructions of the guardian envoy."

"I will definitely restrain my subordinates, and I will never do any more transgressions."

Ye Zhiqiu understood that Zhang Yuhe was trying to beat him.

Let them all be more honest in Akiye City from now on.

In fact, there is no need to knock it.

Ye Zhiqiu didn't dare to show any disrespect to the governor's mansion.

There is this terrifying guardian envoy.

How dare he.

...

Chapter 681 It's no big deal

Facing Zhang Yuhe's beating, Ye Zhiqiu breathed a sigh of relief.

Beating means that the past things are in the past.

Zhang Yuhe did not intend to pursue the matter.

As long as he can obey the orders of the garrison in the future.

for this.

Of course Ye Zhiqiu had no objection.

He was devoted to the Tao, and unlike the Zhao and Wang families, he had two minds.

In the past, their behavior in Qiuye City was indeed a bit arrogant and domineering.

But that was because the previous strength of the garrison was too weak.

Ye Zhiqiu has his own arrogance.

How can the strong bow to the weak?

That's why he looked down upon the people who guarded the mansion.

He even looked down upon Donghua.

I feel that one day I will be able to break through to the realm of the Supreme God King.

Then why should he act based on the face of Donghua Palace?

But after meeting Zhang Yuhe.

Ye Zhiqiu understands.

It's him who is arrogant.
