

The Chaos Sea is vast and boundless, and there are countless geniuses.

Donghua Palace can firmly occupy a region.

The foundation is indeed beyond his imagination.

Zhang Yuhe has just arrived and has overturned the situation in Tianfeng Continent.

Two of the three true god families have been gone.

Zhang Yuhe alone is so terrifying.

Then how powerful should the entire Donghua Palace be?

Ye Zhiqiu has no second thoughts.

He just wants to dominate one side and collect as many resources as possible.

So that he can practice smoothly.

Now Zhang Yuhe no longer pursues the past.

This makes Ye Zhiqiu's tense spirit finally relax.

The past is over.

This means.

Their Qiuye City is still the dominant force in Tianfeng Continent.

As long as they obey the orders of the garrison, everything else will remain the same.

For him.

This is a good thing.

The Wang family was destroyed and Zhao Zheng was dead.

He has two fewer competitors.

Maybe in the future.

Their Qiuye City can grow and develop further with the support of the garrison.

Just as Ye Zhiqiu was still thinking.

Zhang Yuhe's voice came faintly.

"Now Zhao Zheng is dead, but the Zhao family is still there."

"I'm too lazy to run away. I'll leave the Zhao family to you. Do you have any objections?"

Hearing this.

Ye Zhiqiu was alert.

He immediately responded respectfully.

"I will obey the order of the garrison commander and go to Zhengyang City immediately to wipe out the Zhao family."

Ye Zhiqiu knew it very well.

Zhang Yuhe wanted him to submit a letter of surrender.

If the Zhao family was destroyed in his hands.

Then the Tianyang Sect behind the Zhao family would definitely vent their anger on him.

And Zhao Zheng also has a son who joined the Tianyang Sect in his early years.

He will definitely seek revenge on him in the future.

Despite this.

Ye Zhiqiu did not hesitate at all.

It is better to manage the county magistrate now.

The Tianyang Sect is indeed very powerful, even stronger than the Donghua Palace.

But so what.

It is useless to think too much about the future.

If he dares not to obey the order now.

Zhang Yuhe will probably slap him to death.

Besides.

Wiping out the Zhao family is also a good job.

Zhao Zheng has been accumulating for many years in Tianfeng Continent.

There are countless precious resources in Zhengyang City.

If the Zhao family is destroyed, won't these things fall into his hands?

Although most of them must be handed over to the garrison.

But even if only a small part of them is taken, it is not a small amount.

Ye Zhiqiu rose from a weak position.

He has never joined any big force.

Every resource is earned by himself.

He knows the preciousness of cultivation resources.

Now the Zhao family is like a fat sheep in front of him.

Zhang Yuhe has to give orders again.

Ye Zhiqiu naturally has no pressure, and he is also happy to take on this matter.

Seeing that Ye Zhiqiu is so sensible.

Zhang Yuhe nodded gently.

He spoke lightly.

"Remember wrong, cut the grass and root it out, leaving no one alive."

After saying this.

Zhang Yuhe made a stroke with his right hand.

A two-meter square vortex suddenly appeared in the void.

Zhang Yuhe took a step and soon disappeared without a trace.

"What kind of magical power is this?"

Seeing this situation.

Ye Zhiqiu was completely shocked.

Broken the void and teleported away directly.

What kind of amazing power does it take to achieve this?

He couldn't understand it at all.

The Chaos Sea is not those primitive worlds.

Even the Eternal Emperor, unless there are special means.

Otherwise.

It is impossible to break the void and shuttle forward in the Chaos Sea.

It is obvious.

Zhang Yuhe has mastered an extremely powerful magical power.

It allows him to teleport quickly in the void.

Thinking of this.

Ye Zhiqiu couldn't help but show envy on his face.

"If I can master such a magical power."

"The world is so big, wouldn't I be able to go anywhere?"

Looking at the distant direction of Zhang Yuhe.

Ye Zhiqiu was silent for a long time.

After a long while.

He flew up, turned into a stream of light, and flew quickly towards Zhengyang City.

Let's destroy the Zhao family first.

This is the task given to him by the garrison commander.

Ye Zhiqiu dared not be careless.

Especially before Zhang Yuhe left, he left the last sentence.

Kill the entire Zhao family, leaving no one alive.

Isn't this a warning to him?

He has to do this properly.

Ye Zhiqiu believes.

As long as this matter is done.

Zhang Yuhe will not come to trouble him again.

...

Tianfeng City, Garrison.

Hu Yue walked back and forth anxiously outside the hall.

Section 942

Just now.

There was a shocking phenomenon in the direction of Jianglin City.

It is suspected that there is a super powerful fighting there.

Logically speaking.

The garrison governs one side.

It should immediately send forces to Jianglin City to check.

It also has to report to Donghua Palace immediately.

However.

The garrison is weak now.

There are only five or six virtual gods.

Facing such a terrifying and shocking phenomenon.

How dare they go there.

As for reporting to Donghua Palace?

If it were usual.

He did report it a long time ago.

But now there is a new garrison commander in Tianfeng Continent.

He can't make these decisions on his own.

He has to ask the garrison commander.

Whether to report to Donghua Palace and how to report.

All these require the garrison commander to decide.

He can't cross the line.

If he breaks the rules.

He won't be able to stay in this garrison in the future.

When the strange phenomenon came from afar.

Hu Yue immediately came to the outside of the hall, he was worried that Zhang Yuhe didn't see it.

However.

After he came.

He found that the door of the hall was closed.

Hu Yue couldn't even see Zhang Yuhe.

This made him very anxious.

Such a big thing happened in Tianfeng Continent.

Now he couldn't see the garrison commander.

What if there was an invasion by foreign enemies.

The consequences would be unimaginable.

Squeak...

At this time.

The door slowly opened.

Zhang Yuhe walked out of the hall and saw Hu Yue waiting anxiously outside.

He couldn't help but frown and asked.

"What's the matter?"

Uh...

Hearing Zhang Yuhe's words.

Hu Yue didn't know how to respond.

Damn it.

The sky is about to fall, didn't you see it?

What's the matter?

It's simply.

Hu Yue took a deep breath and reported anxiously.

"Reporting to the garrison commander, a terrible vision suddenly appeared in the direction of Jianglin City just now."

"It is suspected that there is a supreme god king fighting over there."

"Should we send someone to check it out, or report to the sect immediately and seek support from the sect."

Hearing this.

Zhang Yuhe was stunned.

He thought something big had happened.

That's it...

Still asking for help from the sect?

What the hell.

He was beaten to death by him.

Should Donghua Palace send someone to clean up the mess?

Thinking of this.

Zhang Yuhe was speechless.

He said lightly.

"Oh, so you want to talk about this."

"It's not a big deal."

"It's just that Wang Jiangyuan colluded with the evil god from outside the domain, and I have destroyed him."

"In addition, the Zhao family defected to the Tianyang Sect, and I have asked Ye Zhiqiu to deal with it."

"It is estimated that it will not be long before there is no Zhao family on the Tianfeng Continent."

Ah...

Hearing this.

Hu Yue was completely stunned.

...

Chapter 682: Clan Extermination

Hu Yue was confused.

What did he hear just now?

Wang Jiangyuan colluded with the evil demon from outside the domain, and was killed by the garrison commander?

Zhao Zheng defected to the Tianyang Sect, and was also killed by the garrison commander.

What the hell is this?

The world changed too fast for him to react at all.

Could it be that the terrible fighting phenomenon in the direction of Jianglin City before.

Was it caused by the garrison commander?

But such a shocking phenomenon, no matter how you look at it, it looks like the Supreme God King is fighting over there.

Isn't the new garrison commander in front of him the newly promoted true god disciple of Donghua Palace?

Could it be the hidden Supreme God King?

This is impossible.

Wait.

Hu Yue seemed to remember something.

His heart couldn't help but tighten.

Wang Jiangyuan colluded with the evil god from outside the domain, and Zhao Zheng defected to the Tianyang Sect.

Obviously, it didn't happen in a day or two, it must have lasted for a long time.

For so many years.

They didn't find anything.

The garrison commander would not hold them responsible for their dereliction of duty.

Thinking of this.

Hu Yue was a little panicked.

He quietly raised his head and glanced at Zhang Yuhe.

Zhang Yuhe looked indifferent.

As if this was just a trivial matter.

He didn't care too much.

Seeing this situation.

TOP TALENT, GAME UPGRADE

Section 943

Hu Yue couldn't help but let out a long sigh of relief.

The garrison commander didn't mean to blame him.

Actually, that's right.

In Hu Yue's opinion.

Maybe this is a big event that will make the sky fall.

But in Zhang Yuhe's eyes.

This is just a problem that can be solved with a wave of the hand, and it's not a big deal.

In the future, let the people in the garrison keep a close eye on it.

Don't let similar things happen again.

Thinking of this.

Zhang Yuhe said lightly.

"You should start preparing, and you should also find a way to expand the power of the garrison."

"The dignified Tianfeng Garrison has only five or six virtual gods, which is not as good as those second-rate nobles."

"It's really outrageous."

"You will take the lead in handling this matter. I believe that after what happened today, you shouldn't encounter too much resistance."

"If you have any difficulties, go find Ye Zhiqiu."

"I believe he will be happy to help."

After saying this.

Zhang Yuhe turned around and walked into the hall.

Followed closely.

The door of the hall slowly closed.

Hu Yue was the only one left at the scene, standing there in a daze.

He muttered to himself.

"I am not dreaming."

"The Wang family and the Zhao family have been destroyed, and the garrison needs to expand its strength. Can we ask Ye Zhiqiu for help if there is anything?"

The world is changing too fast.

Hu Yue was a little confused for a moment.

He even had some doubts.

This new garrison commander is not fooling him.

Is this true?

Hu Yue took a deep breath.

He knew.

This must be true.

Because such a big event only takes two or three days at most.

It will spread throughout the Tianfeng Continent.

It will be confirmed soon.

The garrison commander, there is no need to fool him.

Thinking of this.

Hu Yue's face couldn't help but show excitement.

Their Tianfeng Garrison Command is finally going to rise.

With this powerful garrison commander, suppress the four directions.

Who dares not to obey?

From then on.

Tianfeng Garrison was truly a place of suppression.

Even the old men in the Garrison could raise their heads and feel proud.

"I have to tell the others about this news."

"At the same time, let everyone prepare and issue a recruitment notice."

"To expand the power of the Garrison, we must recruit people."

Thinking of this.

Hu Yue looked at the hall in front of him with awe.

Then he left in a hurry.

...

Zhengyang City.

Ye Zhiqiu suddenly descended over the city.

His powerful peak true god pressure enveloped the entire city.

Countless Zhao family cultivators who stayed behind quickly soared into the air.

Seeing Ye Zhiqiu so unscrupulously exerting pressure.

They couldn't help but be shocked.

This was obviously hostile.

Otherwise.

How could a cultivator do this and exert pressure wantonly?

Zhao Ming, the elder of the Zhao family, quickly flew in front of Ye Zhiqiu.

Facing Ye Zhiqiu, the powerful True God cultivator.

He did not dare to be presumptuous.

He had to bite the bullet and shouted respectfully.

"Meet City Lord Ye."

"The ancestor has not returned yet. I wonder if City Lord Ye is here to visit.

What's the important matter?"

Ye Zhiqiu glanced at him and shook his head lightly.

He did not reply.

These people of the Zhao family are actually very pitiful.

Most of them do not know that Zhao Zheng has surrendered to the Tianyang Sect.

However, as a wealthy family.

Zhao Zheng has taken the wrong path, and others will naturally have to bear the consequences together.

After all, they have enjoyed the various benefits brought by the Zhao family.

They have to bear the various causes and consequences brought by these benefits.

The so-called innocent people do not exist at all.

How can there be so many innocent people in this world?

It's just a matter of who has the bigger fist.

Ye Zhiqiu's consciousness covered the whole city.

He just waved his right hand.

One by one, the formation flags fell quickly outside the city.

As the magic formula was pinched,

A faint light curtain of formation slowly rose outside the city.

After doing all this.

He spoke lightly.

"Zhao Zheng surrendered to Tianyang Sect and betrayed Donghua Palace."

"According to the order of the garrison commander, the entire Zhao family will be exterminated, leaving no one alive."

After saying this.

Before the Zhao family could react.

Ye Zhiqiu waved his right hand.

A long sword flew out of his hand.

The blazing sword light shone through the sky.

The sword light was like the Milky Way hanging in the sky, shedding endless light, and instantly covered the entire Zhengyang City.

"Ah..."

"What happened?"

"I'm not willing to accept it."

"I'm not from the Zhao family, I'm just passing by Zhengyang City, why don't you let me go out."

As the sword light enveloped.

Countless cultivators screamed unwillingly.

Then soon, they were all cut into ashes by the terrible sword light.

Section 944

Ye Zhiqiu stood in the sky, looking at all this with an indifferent expression.

Although he also knew.

There are many cultivators in the city, who may have nothing to do with the Zhao family.

But so what?

The garrison commander told him.

To make the Zhao family wipe out.

Then they can only wipe out.

Ye Zhiqiu was in no mood, and slowly screened in Zhengyang City.

Who is related to the Zhao family and who is innocent.

As a peak true god.

He is not a mortal constable.

He is not in the mood to investigate the case.

If there are really innocent people.

Then he can only blame himself for his bad luck.

Who made the other party appear in Zhengyang City at this time.

The world of cultivators has always been like this.

Simple and cruel.

After a while.

The whole Zhengyang City soon fell into a dead silence.

The creatures in the city were extinct, leaving only pieces of collapsed waste.

Ye Zhiqiu sacrificed a pagoda and collected the items left in the city.

As small as a divine crystal or a fairy grass.

He did not let go.

After cleaning the entire city carefully.

Ye Zhiqiu put away the pagoda and soon turned into a stream of light, disappearing quickly in the distance.

He still had to go to Tianfeng City.

After destroying Zhengyang City, he had to report the results to the garrison commander.

And the benefits of exterminating the Zhao family.

He did not dare to take it all by himself.

He had to hand over most of it to the garrison.

Ye Zhiqiu obviously put his role in the right place.

He wanted to be an obedient citizen.

An obedient citizen who bowed his head.

Only in this way.

He would not follow the footsteps of the two families of the Zhao King.

And he could hold the thigh of the garrison commander.

There were only benefits for him, no harm.

...

Chapter 683 Yuanhe God King was stunned

In the main hall of the garrison.

Zhang Yuhe made a stroke with his right hand.

A two-meter square particle vortex slowly appeared in the void.

Zhang Yuhe's guardian clone took a step and instantly appeared in the Yitian Mansion of Bibo Lake.

On the training platform.

Zhang Yuhe smiled and slowly stood up.

The clone handed over a storage bracelet and quickly returned to Tianfeng Continent.

The teleportation magic is boundless, which is convenient.

Even if there is an infinite distance, he can reach it instantly.

If it were someone else.

It would probably take thousands of years to send something back from Tianfeng Continent.

How can it be as convenient as him.

Zhang Yuhe held the storage bracelet in his hand, thinking in his heart.

In addition to the large amount of training resources looted from the Zhao Wang family.

The most important item is the supreme statue.

This thing is too mysterious.

Zhang Yuhe did not dare to deal with it without authorization, for fear of causing something unpredictable.

After all, it was related to Supreme Bo Lin.

The statue also contained a trace of the Taoist charm of Supreme Bo Lin.

Zhang Yuhe couldn't figure out the tricks either.

It's better to be careful.

He muttered to himself.

"It seems I need to go to see the Lord of Yuanhe Palace again."

Thinking of this.

Zhang Yuhe couldn't help but smile bitterly.

He just accepted the position of Tianfeng Guardian from the Lord of Yuanhe Palace yesterday.

It's only been a day.

He made such a big fuss in Tianfeng Continent.

And he also seized a supreme statue.

This is a bit hard to explain.

"Forget it, just tell the truth."

Zhang Yuhe didn't hesitate for too long and made a decision quickly.

Whether it's the clone technique or the teleportation magic.

He didn't intend to hide it.

Zhang Yuhe thought.

If you have strength, you must show it.

Only by showing enough strength can you gain enough status.

And letting others know your strength can save a lot of trouble.

The weak will have troubles.

Just like Duan Changqing and others, no one dares to provoke them no matter where they go.

There is no trouble at all.

Because everyone knows.

This is Donghua Palace, the top disciple of the True God.

As long as you don't leave Donghua Domain, no one can afford to offend you.

This is an invisible power.

With Zhang Yuhe's current strength, he is naturally worthy of such power.

But there is a premise here.

You have to let others know his strength.

Otherwise.

If you keep practicing in a low profile, who knows that you are so powerful.

So many times.

If you have strength, you have to show it.

Zhang Yuhe took off and flew quickly towards Yuanhe Palace.

After a while.

He landed outside a magnificent palace.

"Come in."

When he just walked to the door of the palace.

The voice of Yuanhe God King came out faintly.

Zhang Yuhe walked quickly into the hall and looked at the green figure in the hall.

He shouted respectfully.

Section 945

"Disciple Zhang Yuhe, I pay my respects to the Palace Master."

Divine King Yuanhe nodded.

He smiled and asked.

"Why are you here again? I thought you had already gone to Tianfeng Continent?"

"Did you encounter any problems?"

Zhang Yuhe pondered for a while, and he sorted out his thoughts a little.

Then he spoke slowly.

"Disciple just came back from Tianfeng Continent, something happened there, so I came to report to the Palace Master."

Hearing this.

Divine King Yuanhe could not help but look slightly stunned.

Do you think I am a fool?

The Tianfeng Continent is infinitely far away from Donghua Palace.

Even if he makes a trip, if he does not use special means.

It will take hundreds of years.

You are a newly promoted True God disciple.

You ran back and forth from Tianfeng Continent in just one day?

What else do you say, something happened in Tianfeng Continent, and you came back to report.

You are fooling me.

You don't want to take this task, so you come here to lie to me.

Thinking of these.

Yuanhe God King couldn't help but frown.

Zhang Yuhe certainly knew.

Yuanhe God King would definitely not believe the empty talk.

But it's also very simple to make Yuanhe God King believe.

Zhang Yuhe made a stroke with his right hand.

A small particle vortex slowly appeared in the void.

At the other end of the vortex, it was the scene of Tianfeng Garrison.

Seeing this situation.

Yuanhe God King stood up in a flash.

He looked at the vortex channel in front of him and asked Zhang Yuhe in shock.

"What's going on?"

"Can you open the void transmission channel in the Chaos Sea?"

Zhang Yuhe nodded gently, and then slowly spoke.

"This is a magical power I created a long time ago."

"It can be teleported to any location."

"It's just that when I first arrived at the Chaos Sea, I was not strong enough to use this magical power."

"After being promoted to the True God Realm, it can be used now."

"It is with this teleportation magical power that I can quickly travel back and forth from the Tianfeng Continent?"

After listening to Zhang Yuhe's narration, Yuanhe Divine King was completely stunned.

How terrible is it to be able to teleport freely in the Chaos Sea?

Although in the Chaos Sea, the major forces have built countless teleportation arrays.

Even cross-domain super teleportation arrays are built in each domain.

It can be directly teleported from the Desert Sky to other domains.

It's just that these super teleportation arrays will not be used easily unless facing an emergency.

But even so.

The teleportation array is far less convenient than Zhang Yuhe's teleportation magical power.

The physical body breaks the void, opens a temporary teleportation channel, and quickly teleports to any place.

Such a magical power simply subverts his cognition.

The Divine King Yuanhe has been practicing Taoism for countless years.

I have never heard of anyone who can perform similar magical powers.

And this magical power was actually created by Zhang Yuhe himself.

What kind of talent is this to create such a magical power.

Yuanhe God King simply dared not think about it.

I don't know if this magical power can be taught to others.

If all the disciples of Donghua Palace can learn this magical power.

Wouldn't it be invincible?

Thinking of this.

Yuanhe God King hurriedly asked.

"Can you teach others to learn this magical power?"

Zhang Yuhe shook his head and said slowly.

"When I was in the primitive world before, I tried to teach others."

"But no one could learn it."

"This is a magical power created to match my own talent."

"Unless someone has the same talent as me."

"Otherwise, it is estimated that this magical power cannot be learned."

After saying this.

Zhang Yuhe took out a jade slip and handed it to Yuanhe God King.

The jade slip recorded the cultivation method of Tiandi Wuji.

Yuanhe Divine King took the jade slip.

He just glanced at it roughly and shook his head helplessly.

The essence of this magical power is to use one's own strength to forcibly amplify the particles in the void.

Open a temporary channel between two entangled particles.

In this way, the purpose of teleportation is achieved.

But the problem is.

Void particles are the most basic component of all things in the world.

How can it be possible to amplify particles?

Even with the amazing power of the Eternal Emperor, it is impossible.  
Unless one's own power system has the same origin as the void particles.  
It is possible to do it.  
Zhang Yuhe can create and perform such a teleportation magical power.  
This shows.  
Zhang Yuhe should have eight spiritual roots.  
The eight attributes contain all things.  
All things in the world are composed of these eight attributes.  
Yuanhe Divine King guessed that  
Zhang Yuhe not only has eight spiritual roots.  
And these eight spiritual roots are already extremely powerful.  
Otherwise,  
His power system would not be compatible with the void particles.  
He would not be able to perform such teleportation magic.  
Thinking of this.  
Yuanhe God King could not help but marvel.  
They really found a treasure by letting Zhang Yuhe join Donghua Palace.  
Zhang Yuhe has such a heaven-defying talent.  
Then what will his future achievements be?  
Yuanhe God King simply dared not think about it.  
I'm afraid that the Divine King Realm will not be his final destination?

Could it be that their Donghua Palace will produce an Eternal Emperor in the future?

Or even the illusory Invincible Supreme?

Thinking of this.

Section 946

Divine King Yuanhe became extremely excited.

...

Chapter 684 Do you know how much this thing is worth?

After a monk enters the virtual god realm, his talent becomes even more important.

Because the higher the talent, the less likely the monk will encounter a bottleneck.

And even if you hit a bottleneck.

It is relatively easy for monks with high talents to resolve this problem.

Zhang Yuhe's talent is so incredible, his eight-line spiritual roots are at the top of his game.

Maybe they are all the sea of chaos, the only one in history.

It was really hard for him to imagine.

What will Zhang Yuhe's achievements be in the future?

He is the supreme divine king and the eternal emperor.

Even the invincible supreme being who has never been born in the history of the Chaos Sea?

The more Yuanhe Shenwang thought about it, the more excited he became.

After a while.

Then he slowly calmed down.

He suddenly remembered.

Zhang Yuhe came here this time, seemingly to report what happened on Tianfeng Continent.

Think of this.

King Yuanhe asked with a smile on his face.

"By the way, you just said that something happened on Tianfeng Continent."

"Let me tell you what the specific matter is."

Palace Master Yuanhe looked kind, with a chrysanthemum smile on his face.

no way.

Donghua Palace has Zhang Yuhe, a disciple with such outstanding talent.

How could he not be happy?

Zhang Yuhe pondered for a while.

He's thinking about it.

Where to start?

After all, what happened on Tianfeng Continent was indeed very simple.

Say something complicated.

I am afraid that even if I talk for a long time, I may not be able to explain it completely.

Zhang Yuhe collected his thoughts and then spoke slowly.

"As soon as I arrived at Tianfeng Continent, I quickly checked out the situation on the entire continent."

"It turned out that the local wealthy Zhao family had already defected to the Tianyang Sect."

Hear this.

King Yuanhe said with a smile.

"It's not a big deal."

"Tianfeng Continent is close to Tianyang Sect, and it is inevitable that the local wealthy families have two minds."

"As long as we get the handle, we can just wipe them out."

"Why, could it be that the Zhao family is very powerful and you are not sure about it alone?"

"Planning to ask the sect to send support?"

"No problem, I'll call Duan Changqing over right away and ask him to accompany you."

Zhang Yuhe hasn't finished speaking yet.

Palace Master Yuanhe talked a lot.

Why did you ask Duan Changqing to accompany him?

Why did you ask Duan Changqing to go there?

Everyone was killed.

Should Duan Changqing be asked to wash the floor?

Think of this.

Zhang Yuhe was speechless.

Yuanhe Shenwang is really capable of thinking.

How much you look down on him.

Are you still worried that he won't be able to win over a group of local nobles in Tianfeng Continent?

Think of this.

Zhang Yuhe took a deep breath and spoke slowly.

"Zhao Zheng, the true god cultivator of the Zhao family, has been beaten to death by me, and I have also destroyed the Zhao family."

"The main reason is that there is another thing that I am a little undecided about."

"That's why I came back specially to report to the palace master."

"Oh, are there other things happening on Tianfeng Continent?"

King Yuanhe asked with a slightly embarrassed expression.

Originally he thought.

Zhang Yuhe couldn't handle the Zhao family, so he came back to ask for help.

No idea.

They've already done it.

There is something else to do when I come back.

Just now he said so much excitedly.

It's really a bit embarrassing.

Zhang Yuhe nodded slightly and spoke slowly.

"The three major true god families in Tianfeng Continent."

"In addition to the Zhao family, the Wang family also has problems."

"And the problem is much more serious than that of the Zhao family."

"After careful investigation."

"I discovered that the Wang family actually colluded with the evil gods from outside the territory."

"And the branch of the Bolin Religion is located in Jianglin City, the ancestral home of the Wang family."

Hear this.

Palace Master Yuanhe looked solemn for a moment, and he asked solemnly.

"Are you sure you're not mistaken? Colluding with extraterrestrial evil gods is no small matter."

"It's best to find out the real evidence."

Zhang Yuhe nodded slightly and said calmly.

"As soon as I discovered the problem, I rushed to Jianglin City."

"Kill the entire Wang family and destroy the Bolin branch hidden under the city."

"Those believers under the true God are not counted."

"Only the members of the Bolin Church who are above the True God have killed more than ten people."

"There is another one, the real evil god from outside the territory, who should be the leader of the Bolin Sect's branch in the Donghua Territory."

"It seems to be called Wu Wei."

"This man was a bit strong, but he was killed by me."

Listen to Zhang Yuhe's narration.

God King Yuanhe seemed to be listening to a book from heaven.

He was completely numb.

What did he hear just now?

Zhang Yuhe wiped out all the Wang family.

In addition, he also killed more than ten Bolin followers in the true god realm.  
the most important is.

Zhang Yuhe killed someone, the leader of the Bolin Sect?

King Yuanhe even had some doubts as to whether he had heard wrongly.

To know.

The Bolin Religion is in the Sea of Chaos, and every hall leader is in the realm  
of the God King.

Even if he is suppressed by the original rules, he is still the supreme god king.

Section 947

Definitely not that easy to kill.

That Wu Wei is the best among them.

King Yuanhe had long heard of this man's illustrious reputation.

This person is extremely powerful.

Even under the suppression of the original rules, his strength is not weaker  
than that of the ordinary God King.

Even if God King Yuanhe takes action himself.

He was not sure that he could capture this person.

What did Zhang Yuhe just say?

He has already killed the powerful Bolin Hall Master Wu Wei?

Seeing King Yuanhe, his face was full of doubts.

Zhang Yuhe didn't pay attention, he continued to speak.

"Other things are easy to talk about."

"After killing Hall Master Wu, I captured a statue of the Supreme God."

"This thing looks really mysterious. I don't dare to handle it without permission."

"That's why I came here to ask the palace master for instructions."

After saying this.

Zhang Yuhe took out a storage bracelet and handed it to King Yuanhe.

"The statue of the Supreme God is installed inside."

Divine King Yuanhe numbly took the bracelet and glanced at it with his spiritual consciousness.

A statue of a god about a foot tall soon appeared in his field of vision.

I saw a faint aura exuding from the surface of the statue.

When people take one look at it, they can't help but want to worship it.  
no doubt.

This is a key item placed by the Pauline Religion in each branch and used for preaching.

This Dongxi Yuanhe Shenwang has only heard of it.

As for the actual statue of the god, this was his first time seeing it.

But this thing is easy to recognize.

The Taoist aura flowing on the surface of the statue is vast and grand.

There is a supreme flavor.

There is no way to fake it.

Look at the statue of the Supreme God in the bracelet.

King Yuanhe was completely stunned.

He didn't even know what to say.

Zhang Yuhe only went out for one day and did such a big thing.

A Pauline branch was destroyed by him in a matter of seconds.

Not only that.

He also beat to death all the church leaders of the Bolin Religion.

That is the true supreme divine king.

In this way, Zhang Yuhe, the newly promoted True God disciple, was beaten to death.

the most important is.

Zhang Yuhe also seized the statue of the Supreme God in the Bolin Branch Hall.

I'm afraid Zhang Yuhe himself doesn't even know how rare this thing is.

King Yuanhe was stunned for a long time.

He took out the statue of the Supreme God from his bracelet and asked Zhang Yuhe with a smile.

"Do you know how much this thing is worth?"

...

Chapter 685 Crisis in Donghua Palace

I heard King Yuanhe ask this.

Zhang Yuhe couldn't help but look slightly stunned.

He knew that this supreme statue was very important to those evil gods from outside the realm.

And it should also be of some use to the monks in the Chaos Sea.

But as for how to use it specifically, and what its uses are.

Then he doesn't know.

He didn't even know how much this thing was worth.

Listen to what Yuanhe God King said.

Could it be that this thing is very valuable?

Looking at Zhang Yuhe's confused eyes.

King Yuanhe said with a smile.

"These idols are crucial to the evil gods outside the realm."

"In times of crisis, if they can't take it away, they will try to destroy the statue."

"We will never let it be captured easily."

"As far as I know, in the history of the Sea of Chaos, yours is the second statue of the Supreme God that has been completely captured."

"These statues contain a trace of the supreme Taoist charm."

"The supreme Taoist charm is mysterious and profound. Ordinary monks will be completely unable to understand it if they get the idol, and it is basically useless."

"But for those eternal emperors, the Tao Yun in the Supreme God Statue is the best item for them to understand the rules of the road."

"If this thing is sold to those Eternal Emperors, it may be worth more than our entire Donghua Palace."

Hear this.

Zhang Yuhe was completely stunned.

A small statue of a god is actually more valuable than the entire Donghua Palace?

This is too exaggerated.

He began to calculate, if he packed up the entire Donghua Palace and sold it, how much would it cost?

This statue is actually more precious than the entire Donghua Palace.

Then he became rich instantly.

Even though I think so.

Zhang Yuhe was not too excited either.

What does he want so much money for?  
to him.

The divine crystal is enough.

As for those cultivation resources.

Normally, Donghua Palace has no shortage of precious cultivation resources.

Even if you get more divine crystals, you may not be able to buy them.

the most important is.

This supreme statue is only needed by the Eternal Emperor.

Who is he selling to?

Where can I find a reliable Eternal Emperor to seal this deal?

To know.

In the entire Desert Heaven Realm, there is only the Master of the Desert Academy, the Eternal Emperor.

With his current status and strength.

I want to make a deal with the owner of Desert Courtyard.

I'm afraid I can't even find the temple even if I'm carrying a pig's head.

If Zhang Yuhe makes the news public.

It is estimated that the death disaster has already happened before the items were sold.

Fair trade is based on equality of strength.

What qualifications does he have to have a fair deal with the Eternal Emperor?

If you don't do it well, you might get tricked.

Although he is now alive and well.

In this sea of chaos, no one can kill him.

But even so.

Zhang Yuhe didn't want to cause trouble either.

Section 948

Well, it's better to leave it to the sect and let King Yuanhe handle it.

Donghua Palace will never treat him badly.

And Donghua Palace must have a way to find a suitable emperor.

Sell this supreme statue.

While Zhang Yuhe was still deep in thought.

King Yuanhe suddenly asked hesitantly.

"Are you willing to leave this statue to the sect for disposal?"

"Don't worry, the sect will not let you suffer."

"As long as you give this statue to the sect, you can use the materials in the sect's treasury from now on."

"If you need anything else, just ask."

"The sect will find a way to help you get it."

Well.....

I heard that King Yuanhe made such a huge investment.

Zhang Yuhe couldn't help being stunned.

Didn't you say that this thing is only useful to the Eternal Emperor?

Why is God King Yuanhe so enthusiastic about this thing?

Before Zhang Yuhe could react.

King Yuanhe said in a low tone.

"Did you know that Donghua Palace is currently facing a huge crisis?"

"If you are not careful, you may be in trouble."

Hear this.

Zhang Yuhe's heart trembled.

what happened?

Donghua Palace has stood in the Sea of Chaos for countless years, and there are three great god kings sitting there.

How could there be a danger of extinction?

Legend has it that the God King Donghua is extremely powerful.

An invincible existence for almost eternity.

There is this great god sitting in charge.

Who dares to bring trouble to Donghua Palace?

Where did the disaster of annihilation come from?

Zhang Yuhe shook his head blankly.

God King Yuanhe slowly walked outside the hall and said silently.

"About two billion years ago, when Donghua was exploring the long river outside the territory."

"I accidentally entered the Taijin Realm by mistake, and I haven't been able to get out since then."

"In order to assist Donghua in the past, Duantian took the initiative to enter the Taijin Mysterious Realm 300 million years ago."

"So far, however, there has been no news from either of them."

"Although they did not perish, they have been trapped in the Taijin Mysterious Realm."

"This leaves a huge gap in the strength of our Donghua Palace."

"Moreover, Donghua and Duantian have not shown up for such a long time, which has attracted the attention of interested people."

"Over the years, Tianyang Sect has frequently provoked us."

"Actually, I just want to test whether Donghua is still there."

"If it is determined that Donghua cannot return."

"The Tianyang Sect will definitely launch a massive attack."

"If that really happens, we won't be able to withstand it."

Speaking of which.

King Yuanhe paused for a moment.

He turned to look at Zhang Yuhe and said solemnly.

"Actually, I want to take this statue and ask the Master of the Desert Academy to take action."

"I hope that the Master of the Great Desert can go to the Taijin Confused Realm and bring Donghua and Duantian out."

After listening to the narration of Yuanhe Shenwang.

Zhang Yuhe couldn't help but sigh.

It never occurred to him.

Currently, Donghua Palace is facing such a big crisis.

The most powerful Divine King Donghua and Duantian Divine King were both trapped in dangerous places outside the territory.

In the entire sect, only Palace Master Yuanhe, the God King, is left.

Donghua Domain is a huge territory.

It would be impossible to defend Yuanhe God King alone.

Zhang Yuhe was still strange before.

Why does Tianyang Sect dare to provoke so many times?

Aren't they worried that they will suffer revenge from Donghua God King?

Now I finally understand.

It turns out that the Divine King of Donghua has been missing for many years.

No wonder Tianyang Sect becomes more and more courageous.

If this supreme statue is used, the Master of the Desert Academy can help find the God King Donghua and the God King Duantian.

Zhang Yuhe is naturally willing.

He didn't want to.

One day, Donghua Palace suddenly disappeared.

I have been practicing in Donghua Palace for so many years.

Zhang Yuhe is already used to this place.

He didn't want to change places again.

Even if there is a better place to go, he doesn't want to change it.

Although the statue of the Supreme God is extremely precious.

But for Zhang Yuhe, it was completely nowhere.

He had no use for it.

And he has no shortage of various resources.

Because of talent.

In addition to promoting the natal divine sword, you need to use some refining materials.

He really doesn't have much demand for other things.

Think of this.

Zhang Yuhe responded seriously.

"Leave this supreme statue to the Palace Master."

"I hope that the Desert Master can bring back the two palace masters."

Hear this.

King Yuanhe said gratefully.

"On behalf of Donghua and Duantian, I would like to thank you in advance."

"If you need anything in the future, please feel free to ask."

"Even if you try your best, I can still do it for you."

Zhang Yuhe responded with a smile.

"It's okay. As a disciple of Donghua Palace, this is what I should do."

"Okay, okay, okay, that's good."

King Yuanhe laughed happily.

The more he looked at Zhang Yuhe, the more he liked it.

Zhang Yuhe is not only talented, but also extremely responsible.

to be honest.

Compared with other disciples.

Zhang Yuhe has never enjoyed too many benefits of Donghua Palace.

But he was able to easily contribute such a precious statue of the Supreme God to the sect.

Just this responsibility.

Both Yuan and Shenwang felt a little inferior to themselves.

The two continued chatting for a while.

Section 949

Zhang Yuhe flew away freely.

Looking at the direction Zhang Yuhe left.

On the face of Yuanhe God King, the gratified smile could not be concealed at all.

He murmured to himself.

"With such disciples in Donghua Palace, why worry about not being able to prosper."

"Tianyang Sect, hum."

"Wait for Donghua to return, you will have a hard time."

...

Chapter 686 The Master of the Desert

Return to Yitian Mansion.

Zhang Yuhe took out his identity token.

After casting a spell.

Seeing that the column of sect contribution turned into a long string of numbers.

Seeing this situation.

A faint smile appeared on Zhang Yuhe's face.

He murmured to himself.

"It can't be spent, it can't be spent at all."

So many contributions.

Even if the entire sect treasury is emptied, it is estimated that it can't be spent.

Yuanhe God King is really straightforward.

Said to let him use the sect treasury at will.

It's for real.

Directly raised his sect contribution to an infinitely high level.

It can't be spent at all.

"This is good."

Zhang Yuhe put away his identity token and muttered to himself in his heart.

He walked to the practice platform and slowly sat down cross-legged.

After meeting Yuanhe God King this time.

Zhang Yuhe couldn't help but feel a huge sense of crisis in his heart.

Although he had handed over the Supreme God Statue to Yuanhe God King.

In theory.

With the Supreme God Statue, Yuanhe God King should be able to ask the Desert Dean to take action.

But Zhang Yuhe knew.

There are countless dangerous places in the long river outside the domain.

Some parties even have the danger of falling if the Supreme enters.

He didn't know what level of dangerous place the Taijin Miyu mentioned by Yuanhe God King was.

But it was able to trap Donghua God King and Duantian God King for such a long time.

It is estimated that it would not be too simple.

Even if the Desert Dean agreed to help.

Can we rescue Donghua God King and Duantian God King in the end?

How long will it take?

It is still hard to say.

Once Donghua God King has an accident, or cannot come back for a long time.

Zhang Yuhe can hardly imagine.

What kind of pressure will Donghua Palace face.

When that time comes.

I am afraid that it is not just Tianyang Sect that will target them.

Maybe other forces around will want to get a piece of the pie.

Zhang Yuhe does not like accidents.

He does not want to break this peace because of other things, he just wants to practice quietly.

He does not want to pin his hopes on others.

Zhang Yuhe understands.

In fact, the best way is to quickly improve his cultivation.

If he is now in the God King realm, how can he care about the threat of Tianyang Sect.

Not to mention the God King realm.

Even if he advances the True God cultivation a few more steps forward.

He is not afraid of the threat of Tianyang Sect.

Doesn't Tianyang Sect have ten supreme God Kings?

Zhang Yuhe is confident.

As long as he improves his cultivation to the peak of the True God realm.

You can press Tianyang Sect to the ground and rub it with one hand.

"Practice."

Zhang Yuhe sat cross-legged on the practice platform, slowly running the Chaos God and Demon Heavenly Scripture.

The divine power around him quickly gathered towards him.

Behind him.

Wu Yiyi's enlightenment tree body is still the same.

Still in the first level of the True God Realm.

I don't know if she is not practicing seriously.

Or.

As a special spiritual creature born in the origin.

Wu Yiyi's practice progress is so slow.

Zhang Yuhe didn't care too much about this.

He never expected that Wu Yiyi could help him in other aspects.

The enlightenment tree can improve perception and quickly gather divine power.

It is already the greatest help to him.

...

Yuanhe God King held the Supreme God Statue in his hand and walked back and forth quietly in the palace.

Suddenly he took out a token.

He cast a spell and said lightly.

"I'm going out for a while. Please pay attention to guarding the sect."

"If there is an emergency, send a message immediately."

"Yes."

Duan Changqing was stunned, looking at the identity token in his hand, thinking.

In his impression.

How long has it been since Yuanhe God King walked out of the mountain gate?

Is it 10 billion years, or 100 billion years?

He can't remember clearly.

Yuanhe God King has been in the sect for many years and almost never goes out.

Why did he suddenly go out?

Did something big happen?

Duan Changqing didn't ask.

He knew it in his heart.

Yuanhe God King would naturally tell him what he should know.

Since he didn't say it now.

I'm afraid the matter is not simple.

Even if he told him, it would be useless.

Thinking of this.

Duan Changqing slowly walked out of the cave.

He stood quietly on the top of the mountain, his eyes swept across the entire Donghua Palace.

Section 950

...

After the summons is issued.

Divine King Yuanhe rose into the air and quickly passed by the mountain gate.

Soon he appeared on top of a tall formation.

The runes on the formation flashed, as if they could communicate with the entire world.

This is a super teleportation array.

You can teleport directly from Donghua Palace to the Eternal World of the Desert.

A super teleportation array like this.

There is only one Donghua Palace.

The resources consumed for each activation are enough to cultivate a true god monk.

In normal times.

This teleportation array almost never activates.

Even most of the Donghua Palace disciples.

No one knew that this super teleportation array existed.

King Yuanhe stood on the formation platform.

Follow the magic formula and pinch it.

A dazzling light flashed across the sky and the earth.

His figure disappeared from Donghua Palace in an instant.

...

Ten days later.

Deep in the desert courtyard.

God King Yuanhe walked slowly into a magnificent hall.

Above the main hall.

A phantom-like figure appeared quietly.

The figure has no breath at all.

It's as if it doesn't exist in this world.

Saw this figure appear.

God King Yuanhe immediately shouted respectfully.

"I've met the master."

This figure is none other than the overlord of the Desert Sky Realm and the only eternal emperor of the Desert Sky, Nangong Desert.

The Master of the Desert Academy is also the top existence in the entire Chaos Sea.

Among all the Eternal Emperors in the Sea of Chaos, he is considered the strongest.

However, the figure that appeared in the hall at this time was not the master of the Desert Academy.

This is just a way, the incarnation of divine power.

The Master of the Desert Academy sits at Tianguan outside the territory all year round and rarely returns to the Sea of Chaos.

despite this.

Divine King Yuanhe still behaved very respectfully.

The master of the desert courtyard glanced at him, and then asked calmly.

"What you said before is true."

"Did your Donghua Palace capture a complete statue of the Supreme God?"

"Indeed."

Yuanhe Shenwang doesn't talk nonsense either.

He immediately took out a statue of a statue about a foot tall and handed it over respectfully.

The master of the desert courtyard took over the statue.

He closed his eyes and thought silently.

After a long time.

He then spoke in amazement.

"It is indeed the Supreme God Statue. The Taoist aura on it is so vast and mysterious."

The Master of the Desert Court touched the statue in his hand with a faint smile on his face.

With this supreme statue.

Maybe he could just go one step further.

To his current state.

It would be too difficult to take a step forward.

Whether it is the realm of cultivation or the understanding of rules.

Even if countless epochs have passed.

It's hard to make even a tiny bit of progress.

After the monks were promoted to the eternal realm, they seemed to have entered some kind of limit.

Every time they take a step forward, they have to break some kind of limit.

No Supreme Being was born in the Sea of Chaos.

They have no previous experience to guide them, and they rely entirely on their own slowly groping progress.

The difficulty can be imagined.

But now there is this supreme statue.

Just understand it carefully.

Maybe you can try to break the limit again and make your strength even further.

After putting away the statue of the Supreme God.

The Master of the Desert House pondered for a while.

He looked at King Yuanhe and then spoke slowly.

"I took the stuff."

"But it's not that easy to find someone in the Taijin Mysterious Realm."

"Although for me, Taijin Miyu Realm is not very dangerous."

"But that place is filled with countless folds of space."

"And those spatial folds are still changing and taking shape."

"Don't say I go in alone, even if all the Eternal Emperors of the entire Chaos Sea go in."

"It is simply impossible to search the entire Taijin Mysterious Territory."

"If you want to bring Donghua and Duantian out, you need luck."

"Let's do this, let's limit it to one billion years."

"I will try my best to search the Taijin Mysterious Realm for a billion years."

"If you really can't find someone, there's really nothing you can do."

"what do you think?"

"Thank you, Master, just follow what the Master said."

King Yuanhe responded gratefully.

As long as the Desert Master is willing to take action, that's good.

As for whether it is possible to bring Donghua and Duantian back.

Then it just depends on God's will.

There are countless dangerous places outside the territory.

Taijin Miyu is pretty good.

It just makes people feel lost, for the top god king monks.

Not too dangerous.

Maybe one day, Donghua and Duantian will come back on their own.

despite this.

King Yuanhe didn't feel that he would lose money on this transaction.

It is useless for them to hold the statue of the Supreme God.

Making this deal for the Master of the Desert Academy is equivalent to bringing some friendship closer.

What if there is a major change in Donghua Palace in the future?

Just one word from Desert Court.

Maybe the crisis can be resolved.

It is with these in mind.

Only God King Yuanhe would bring the statue of the Supreme God and hurriedly came to pay homage to Master Moyuan.
