Chapter 687 The Sky of Tianfeng Continent

After handing over the Supreme God Statue to King Yuanhe.

Zhang Yuhe ignored the subsequent events.

Instead, he quickly returned to Yitian Mansion and continued to practice silently.

for him.

Regardless of whether King Yuanhe can ask the Master of the Desert Academy to take action.

No matter whether God King Donghua and God King Duantian can escape and return smoothly.

None of these things will be controlled by oneself.

No matter how much he cared, it was all in vain.

What he did was to improve his cultivation as much as possible.

Zhang Yuhe knew deeply.

Only when you are strong enough can you be fearless of any wind and rain.

Strength is fundamental.

Whether it's Tianyang Sect or other big forces in the surrounding area.

What kind of thoughts do you have about Donghua Palace?

As long as you quickly increase your strength to a certain height.

Then all worries will no longer be a problem.

No matter how many plans you have, you can defeat them all with one force.

Zhang Yuhe's true form is sitting cross-legged on the Yitianfu training platform, and his eight clones are scattered across the Chaos Sea.

Practice quietly in hiding.

As for his guardian envoy clone, he naturally continues to be in charge of Tianfeng Continent.

This is the task assigned to him by God King Yuanhe.

Although Zhang Yuhe now has no shortage of contributions.

The contribution on his identity token is enough to redeem all the items in the entire sect's treasure house.

despite this.

Zhang Yuhe still gave in to his clone and returned to Tianfeng Guards House.

Continue to serve as the guardian envoy.

For him anyway.

It's the same no matter where you practice.

As a guardian, he doesn't have to do anything.

Hu Yue and others will naturally handle normal matters.

He doesn't have to worry about it at all.

When the news of the destruction of the two major families of Zhao and Wang quickly spread on the Tianfeng Continent.

Other forces, large and small, immediately became as honest as babies.

No one dares to stab again.

We are all smart people.

They don't want to follow in the footsteps of the Zhao and Wang families.

The shocking vision of the battle at the beginning really scared everyone.

Now word is spreading.

Everyone already knows.

The original war was when the new guardian was slaying the extraterritorial evil gods hidden underground in Jianglin City.

An entire branch of extraterrestrial evil gods were wiped out by the guardian envoys.

People even heard about it.

Even the leader of the Bolin Divine Sect's branch in Donghua Domain.

They were all beaten to death by the new guard envoy.

To know.

That is a supreme divine king.

The Supreme God King can be beaten to death.

How terrible is this?

As for the Wang family, they were just wiped out by the guardian envoy.

As for the Zhao family, the guardian did not even take action.

Under his command.

Ye Zhiqiu, the lord of Qiuye City, quickly wiped out the entire Zhao family.

As more and more news spreads.

The big and small forces in Tianfeng Continent couldn't help but feel shocked when they heard about it.

Even Ye Zhiqiu was originally the number one person on Tianfeng Continent.

Everyone must obey orders obediently.

How can other people not see the direction of the wind clearly?

Now in Tianfeng Continent, the guardian envoy is the heaven.

If anyone dares to act against nature, he will be swarmed up and reduced to a pile of dregs in an instant.

It is precisely because of this.

The large and small forces scattered throughout Tianfeng Continent sent their leading figures to take action.

Everyone rushed to Tianfeng City quickly.

In addition to making up for all the annual tribute they owed in earlier years.

Mainly, I want to meet the terrifying new guardian envoy.

I want to find out what the guardian envoy says.

After all, such a powerful guardian suddenly arrived.

They were really a little scared.

I am afraid that disaster will happen to me one day.

Unfortunately.

Since the eradication of the Bolin branch.

Zhang Yuhe lurked deep in the garrison.

Except for Ye Zhiqiu, Hu Yue, and a few others.

No one else can be seen.

at the same time.

Under the auspices of Hu Yue.

Tianfeng Guards Mansion began to recruit troops aggressively.

Countless monks heard the news and eagerly signed up to join.

Although the welfare of the town hall is not that good.

Basically, they are not much different from the ordinary forces in Tianfeng Continent.

But at this time, the garrison's power was unparalleled, and it still attracted countless people.

Even those big and small forces have also come from the family.

Select elite children to join various departments in the garrison.

For the children of major families.

Hu Yue didn't reject it either.

As long as they pass the assessment, they will all be recruited into the garrison.

He is not worried that someone will cheat and do things that are harmful to the interests of the town.

There is a guardian envoy here.

Who dares to be presumptuous?

Less than a hundred years.

The strength of the Tianfu Guards House was soon greatly expanded.

Hu Yue asked Zhang Yuhe for instructions.

He reassigned all the personnel and formed the Eight Divisions of Tianfeng Guard.

Each unit has a total of 100,000 people.

All eight division sergeants must have Da Luo realm cultivation.

Under the eight divisions, they were divided into ten teams.

Ten thousand people per team.

A virtual god realm monk serves as the captain.

As for the leaders of each department, they are all in the realm of virtual gods.

Eight units guarded the four directions and suppressed all parts of the Tianfeng Continent.

Section 952

After careful calculation.

There are nearly a hundred Void God Realm cultivators in the entire Tianfeng Garrison.

Such a huge force suppressed all places.

The atmosphere of the entire Tianfeng Continent soon changed, presenting a peaceful situation.

There has never been any unrest.

The peaceful situation has made the cultivation atmosphere of Tianfeng Continent more prosperous.

Even the cultivators from the surrounding continents have rushed here.

Countless cultivators have taken root and developed in Tianfeng Continent.

Let the entire continent present a prosperous scene.

...

Zhang Yuhe doesn't care about the outside world at all.

He threw the affairs of the Garrison to Hu Yue to deal with.

As long as nothing big happens, don't disturb him.

Zhang Yuhe devoted himself to cultivation.

For normal cultivators.

After being promoted to the True God Realm, the progress of cultivation will be extremely slow.

Even if there is no bottleneck.

Every time they break through a small realm, it may take a long time to accumulate.

But Zhang Yuhe is different.

Not only is he extremely gifted, but he is also blessed by the Enlightenment Tree.

More importantly.

Zhang Yuhe has nine clones.

The original body and the clones practice at the same time.

How can the speed of practice be just ten times faster than others?

It only took him five million years to improve his cultivation to the second level of the True God Realm.

Another eight million years later.

Zhang Yuhe was promoted to the third level of the True God Realm.

...

Time passed slowly.

Zhang Yuhe's cultivation was improving at an astonishing speed.

Two hundred million years later.

Yitian Mansion.

Wu Yiyi emerged from the Enlightenment Tree.

"Haha, this girl has finally been promoted to the second level of the True God Realm."

Wu Yiyi jumped up in Yitian Mansion excitedly.

At this time, the aura on her body was already the second level of the True God Realm.

After practicing for 200 million years with patience.

Wu Yiyi finally broke through a small realm.

How could she not be excited.

However.

When she looked at the handsome young man on the practice platform in the distance,

The smile on Wu Yiyi's face suddenly became a little stagnant.

She couldn't help but complain.

"What kind of perversion is this?"

"It's only been 200 million years, and you have cultivated from the first level of the True God Realm to the eighth level?"

Looking at the faint breath emanating from Zhang Yuhe.

Wu Yiyi became a little weak all over.

The original excitement disappeared without a trace in an instant.

It's really like comparing a tree to a person, and it's going to make the tree angry to death.

Wu Yiyi felt that she had worked very hard.

But compared with Zhang Yuhe.

Her achievements were really not worth mentioning.

She just took a small step forward.

And Zhang Yuhe was almost there, so that she could hardly see his tail gas.

Sometimes she even doubted.

Was she the Enlightenment Tree, or was Zhang Yuhe the Enlightenment Tree?

Why was Zhang Yuhe's cultivation speed so fast?

"Is he also a kind of creature born in the origin?"

"Is he not a human?"

Wu Yiyi started to think in surprise.

Thinking of some possibilities.

...

Chapter 688 Tianyang Sect

Seeing the majestic aura emanating from Zhang Yuhe.

Wu Yiyi was completely powerless to complain.

It was too outrageous.

He was simply not a human being.

How could someone cultivate so fast?

This is fucking ridiculous.

Could it be that Zhang Yuhe was the biological son of the Great Dao?

Otherwise.

How could it be so exaggerated.

Not only was Zhang Yuhe's comprehension against heaven, but it was even more outrageous than her, the Enlightenment Tree.

What was even more outrageous was.

Zhang Yuhe's cultivation speed was completely beyond the scope of ordinary people's understanding.

And it was always very fast.

It seemed that nothing could affect Zhang Yuhe's pace of cultivation.

Wu Yiyi even suspected.

Maybe Zhang Yuhe was not a human being.

He might be some kind of special creature that was extremely suitable for cultivation.

Born specifically for cultivation?

Of course.

In fact, Wu Yiyi also knew.

Zhang Yuhe was a cultivator who normally embarked on the path of cultivation.

Because when he was in the fairyland.

Zhang Yuhe's growth experience is completely traceable.

He is a cultivator who gradually grew up from an ordinary mortal.

It's just that his growth speed is too fast.

It's even unbelievable.

Wu Yiyi slowly walked to the enlightenment tree.

She waved her right hand.

A beautiful swing quietly hung on the treetop.

She sat on the swing.

While swinging gently, she silently watched the figure on the practice platform.

She was a little dazed.

Wu Yiyi didn't practice deliberately anymore.

Since she followed Zhang Yuhe.

She no longer had the sense of crisis like before.

She no longer worried about being caught.

Section 953

With the protection of Zhang Yuhe.

Everything is safe.

Carefree.

Wu Yiyi once wanted to practice hard.

If you improve your strength more, you might be able to help Zhang Yuhe in the future.

However, after seeing Zhang Yuhe's exaggerated cultivation progress.

Wu Yiyi gave up completely.

Now she could hardly even see Zhang Yuhe's taillight.

Then why are you still practicing?

It doesn't make any sense.

Just be a tool man honestly.

Wu Yiyi felt as if she had suddenly lost her dream.

She just wants to swing on the swing carefree and play with the flowers and plants in Yitian Mansion.

As for improving your cultivation?

Then forget it.

Anyway, her enlightenment tree is rooted in Yitian Mansion.

It can also absorb the surrounding divine energy on its own.

Although this will be slower.

But there are no worries about cultivation.

...

When Zhang Yuhe was still intoxicated in cultivation.

The situation outside is becoming more and more strange.

In these two hundred million years.

There is still no news about Donghua Divine King and Duantian Divine King.

Although the Master of the Desert Academy has already gone to the Taijin Mysterious Territory.

But so far, there hasn't been any good news.

The place in Taijin Confused Realm is really too evil.

Even if the God King monk accidentally enters it, it will be difficult to find the way back.

Only the Eternal Emperor can position himself in the world.

Be able to get out.

There is indeed no danger for the Master of the Desert Academy to enter the Taijin Mysterious Realm.

But he wanted to find and bring back God King Donghua and God King Duantian.

The chances are indeed slim.

God King Donghua has not shown up for many years, which makes Tianyang Sect become more and more unscrupulous.

At the junction of the two major forces, they frequently launched provocations against Donghua Palace.

There were even occasional Tianyang Sect disciples who entered the territory of Donghua Domain and caused various disturbances.

Facing the provocation from Tianyang Sect.

Yuanhe Shenwang refused to give in and responded calmly.

he knows.

Under the current circumstances.

As long as Donghua Palace showed the slightest intention of retreating from the chaos.

If Tianyang Sect knows how to do it, it will become more powerful.

He cannot reveal theft.

Otherwise.

Tianyang Sect is no longer a provocation.

I'm afraid it will be a direct and large-scale attack.

over the years.

The disciples of the True God of Donghua Palace were rushing back and forth.

There are even occasional True God disciples who fall into conflict with the Tianyang Sect.

Especially Duan Changqing, Wan Fenghai and others.

As the pillar force of Donghua Palace.

Whenever Tianyang Sect launches a provocation.

They will be quick and provide support everywhere.

There is nothing we can do about this.

There are not many disciples in Donghua Palace.

Compared with Tianyang Sect.

It's more than one level worse.

The total number of true god disciples in Donghua Palace is just over 10,000.

It's not enough to guard the huge Donghua Domain.

In the entire Tianyang Sect, there are tens of thousands of True God disciples.

As for the disciples under the True God.

Tianyang Sect has an absurd number of them.

The number of disciples in the entire sect is close to hundreds of millions.

Fortunately, Duan Changqing and others are powerful.

The four of them joined forces and suppressed the True God disciples of Tianyang Sect to the point where they could not hold their heads up at all.

Even Tianyang Sect has a large number of True God disciples.

in previous conflicts.

Still didn't take much advantage.

...

Tianyang Domain, Shouyang Mountain.

The mountains are rolling, the clouds and mist are rising, and the divine birds are flying.

Pavilions and pavilions are scattered among the mountains.

Countless disciples controlled the stream of light and quickly streaked across the sky.

What a magnificent image of immortality.

This is where the mountain gate of Tianyang Sect is located.

Legend has it that when the Tianyang God King was young, he once obtained a heaven-defying opportunity near Shouyang Mountain.

From then on, he made rapid progress on the road of spiritual cultivation.

After being promoted to the Divine King Realm, he established the Tianyang Sect in Shouyang Mountain.

Under the leadership of King Tianyang.

Tianyang Sect expanded rapidly and gradually formed its current huge area.

Tianyang Hall.

King Tianyang stood quietly in the main hall.

After a while.

Liu Yuanguang walked into the hall quickly.

He shouted respectfully.

"metropolitan."

"sit down."

King Tianyang stretched out his hand to signal.

The two of them sat separately in the main hall.

Wait until you are seated.

Liu Yuanguang asked with some confusion.

"I don't know if the sect leader asked me to come back, but what are his instructions?"

As the master of the Sifang Palace.

Liu Yuanguang was responsible for opening up territory for Tianyang Sect.

Most of his time.

Usually on the go.

This time, he suddenly received an order from the sect leader to return to Shouyang Mountain as soon as possible.

Liu Yuanguang thought it was because something special had happened to the sect.

This made him come back quickly.

But after returning to Shouyang Mountain.

Section 954

Liu Yuanguang saw that the sect was still at its peak.

Nothing happened.

King Tianyang picked up the tea cup and took a small sip.

After putting down the tea cup.

He smiled and spoke.

"I just got news from the Desert Courtyard."

"As early as 200 million years ago, the Master of the Desert Academy had already left the Outer Territory Tianguan and went to the Taijin Mysterious Territory."

Hear this.

Liu Yuanguang couldn't help but look slightly stunned.

Does the whereabouts of the Master of the Desert Academy have anything to do with their Tianyang Sect?

Why did the sect master suddenly talk to him about this?

Do they still dare to have any thoughts about the eternal world of the desert?

This is naturally impossible.

The Desert Academy has dominated the entire realm for countless years.

Except for the Master of the Desert Academy, the top eternal emperor.

There are also hundreds of supreme god-kings.

As for the True God disciples of the Desert Academy, there are millions of them.

The power of Desert Courtyard has long been deeply rooted in the hearts of the people.

Throughout the desert days.

No force dared to act arrogantly in front of the Desert Courtyard.

Naturally, it is impossible for them to have the idea of attacking the eternal world of the desert.

Although Tianyang Sect is strong.

But not yet, arrogant to this extent.

The sect leader suddenly mentioned this matter.

Could it be that the Master of the Desert Academy, going to the Taijin Mysterious Territory, has something to do with their Tianyang Sect?

Liu Yuanguang pondered for a while.

he asked with a confused expression.

"Why does the Master of the Desert Academy want to go to the Taijin Confused Realm?"

"There is nothing in that place that can attract the attention of the Eternal Emperor, right?"

"Or maybe this matter is actually related to us in some way?"

...

Chapter 689 One last test

"Hahaha....."

Seeing Liu Yuanguang's confused look, King Tianyang couldn't help laughing.

He said proudly.

"Of course it has something to do with us."

"Otherwise, why would I mention the Desert Master?"

"The name of the Eternal Emperor is not something that can be mentioned casually."

"If this matter has nothing to do with us, why would I ask you to come back?"

Hear this.

Liu Yuanguang couldn't help but become interested.

He pondered for a moment, then spoke with a guess.

"Is it related to Donghua Palace?"

Liu Yuanguang immediately thought of the key to the matter.

Although he doesn't know.

The matter of the Master of the Desert Academy going to the Taijin Miyu Realm has something specifically to do with the Donghua Palace.

But he was sure.

This matter must be related to Donghua Palace in some way.

Otherwise.

The sect leader would not be so excited anymore.

over the years.

Tianyang Sect expanded everywhere and conquered a huge area.

It just expanded over the years.

They have also reached a certain bottleneck.

There are big forces around, even stronger than them.

They can't afford it.

The only force weaker than their Tianyang Sect.

Only Donghua Palace is left.

Moreover, the vast area of Donghua Palace has already made them salivate.

But the problem is.

Although the overall strength of Donghua Palace is indeed far weaker than that of Tianyang Sect.

But there is Donghua God King in Donghua Palace, this top God King sits in charge.

They seem to be untouchable.

Once the Donghua God King goes crazy.

Even if Donghua Palace is destroyed by then, their Tianyang Sect will not be able to get any favors.

It is precisely because of this scruple.

They didn't dare to take action yet.

Until recent years.

The God King of Donghua did not show up for a long time.

This made Liu Yuanguang and others make some guesses.

Did something happen to God King Donghua?

Otherwise.

How come he never showed up?

Although the God King monks occasionally retreat, it may last for hundreds of millions of years.

Even staying in retreat for longer periods of time would not be surprising.

But in the past tens of billions of years, no one has seen the figure of God King Donghua.

This made Liu Yuanguang and others have some thoughts.

they know.

The Divine King of Donghua is definitely not dead.

Because the rules and regulations that envelope the Donghua World are still functioning normally.

But just because people haven't died doesn't mean there won't be other accidents.

Maybe God King Donghua is trapped somewhere and cannot come back for the time being?

Over the years, they have continued to provoke Donghua Palace.

Isn't it just to confirm the status of Donghua Divine King?

But after so many years.

No matter how provocative they are.

Although Donghua Palace's counterattack was fierce, Donghua God King himself.

But he never showed up again.

Liu Yuanguang is 60% sure.

Something must have happened to Donghua Divine King.

Although he didn't know exactly what happened.

But God King Donghua must have had an accident.

Otherwise.

Faced with their frequent provocations.

How could it be possible to endure the violent temper of God King Donghua?

He must have gone to Tianyang Sect long ago to get an explanation.

It is precisely because of these bases.

Only Liu Yuanguang would guess like this.

King Tianyang nodded slowly, he smiled and said.

Section 955

"You guessed it right, it is indeed related to Donghua Palace."

"To be precise, it has something to do with God King Donghua himself."

"Based on the information I heard from the Desert Courtyard."

"A long time ago, the God King Donghua accidentally fell into the Taijin Mysterious Territory while exploring the long river outside the territory."

"It's been a long time since I've been back."

"Donghua Palace Yuanhe Shenwang suddenly visited the Desert Courtyard 200 million years ago."

"I don't know what kind of price he paid to be able to ask the Master of the Desert to take action."

"It has been 200 million years since the Master of the Desert Academy left, and no news has been heard."

"This makes all the fellow Taoists in the Desert Court quite complain about this."

"That's why I found out this crucial news."

After listening to the narration of King Tianyang, Liu Yuanguang couldn't help but feel ecstatic.

he asked excitedly.

"This matter is serious. Could it be that fellow Taoists from Taimoyuan made a mistake?"

"How could God King Donghua accidentally go to the Taijin Mysterious Realm?"

He knows what kind of place Taijin Miyu is.

When an ordinary monk enters the Taijin Realm, the hope of returning is very slim.

Even the top God King has basically no chance of escaping.

Countless spaces fold inside the Taijin Mysterious Realm.

Once a monk falls into it, it is difficult to find a way back.

Although it is not a place, it is a terrible place.

It cannot kill people.

But a monk cannot come back after entering, which is actually not much different from a Jedi.

Even if God King Yuanhe pays a heavy price, please ask the Master of the Desert Academy to take action.

But if you want to bring God King Donghua out, you probably don't have much chance.

Think of this.

Liu Yuanguang was extremely excited.

This is a rare opportunity in hundreds of millions of years.

There is no Donghua Divine King sitting in charge.

So how much strength does the entire Donghua Palace have left?

If they launch a large army, they have every chance to bulldoze Donghua Palace.

However, Liu Yuanguang still had some concerns.

He was worried about whether the news was accurate and reliable?

Could it be the smoke bomb deliberately released by God King Donghua?

In case they attack across the board.

As a result, God King Donghua suddenly appeared and came to their base camp.

That wouldn't be great.

King Tianyang pondered for a while, and then slowly spoke.

"I only found out about this news when I overheard Daoist fellow Taoist Jichang of the Desert Court complaining during the last gathering."

"As for the accuracy of the news, it was not convenient for me to ask carefully at that time."

"It's probably close to ten."

Hear this.

Liu Yuanguang couldn't help but fell into deep thought.

If he couldn't confirm the accuracy of the news, it would be difficult for him to make a big move.

Don't be afraid of ten thousand, just be afraid of what happens.

If this is the smoke bomb released by Donghua Divine King.

If they take action rashly.

Wouldn't that mean that he fell into the other party's trap?

We must come up with a solid plan.

Liu Yuanguang thought for a while.

He looked at King Tianyang and asked solemnly.

"What does the sect master think we should do?"

King Tianyang hesitated slightly.

After a while.

He spoke slowly.

"How about this."

"Let's try it again."

"But this time the temptation is stronger."

"It must hurt Donghua Palace."

"If this happens, God King Donghua still doesn't show up."

"That's absolutely fine, confirm the accuracy of the news."

"We will directly mobilize the entire sect's power and destroy Donghua Palace in one fell swoop."

Liu Yuanguang thought for a while.

Then he spoke slowly.

"Then we have to plan carefully."

"It's best to bring out all four pillars of Donghua Palace."

"During previous conflicts."

"Since we have to guard against Donghua Divine King, it is not convenient to take action."

"My disciples are not strong enough, and the four pillars of Donghua Palace have really caused us a lot of losses."

"This time we will set up a trap to lure all four of them out."

"Then I will personally take action and destroy them all."

"If God King Donghua still doesn't show up like this."

"Then we can start preparations and launch a massive attack on Donghua Palace."

Liu Yuanguang only thought about it for a while and quickly came up with a rough plan.

King Tianyang nodded slightly.

"Okay, let's do it."

"We ask others to return to the sect as soon as possible."

"As long as your plan goes well, we can start."

...

## Chapter 690 Divine Crystal Mine

Liu Yuanguang continued to plan carefully with King Tianyang, and then walked out of the hall quickly.

At this time, Zhang Yuhe was still immersed in cultivation.

Facing the coming crisis, he felt absolutely nothing.

In fact.

It's not just Zhang Yuhe.

In the entire Donghua Palace, except for Yuan He Shenwang, no one else felt that the crisis was coming.

Because they didn't know the news that God King Donghua and King Duantian were trapped in the Taijin Confusion Realm.

This news is really important.

It is related to the safety of the entire Donghua Palace.

King Yuanhe did not dare to let anyone know.

Even Duan Changqing and others, these are the pillars of Donghua Palace.

King Yuanhe didn't dare to say either.

He knows it very well.

The fewer people know about this, the safer Donghua Palace will be.

If it wasn't for Zhang Yuhe who happened to seize a supreme statue last time.

He couldn't have told Zhang Yuhe about this.

It was because of this.

At this time, Donghua Palace was still peaceful.

The disciples were either out for training or in seclusion in the sect.

Everyone still thought.

Section 956

There is the God King Donghua sitting in charge.

Just Donghua Palace can stand firm in the Sea of Chaos forever.

They don't know.

The God King Donghua has not appeared again for nearly ten billion years.

...

Jiufang Continent, Guards House.

Zhong Renfang was sitting cross-legged on the training platform, and the aura of divine power around him slowly gathered towards him.

As a true disciple of Donghua Palace.

He has been guarding Jiufang Continent for billions of years.

Although Jiufang Continent is also close to Tianyang Sect.

But because there is endless void between the two sides, the distance is extremely far.

Tianyang Sect has never caused any trouble in the direction of Jiufang Continent.

Zhong Renfang's position as guardian envoy was quite easy.

After carefully sorting out the forces on the mainland.

He stayed peacefully in the guard house and practiced quietly.

As for those trivial matters, there will naturally be others to help him take care of them.

There is no need for him to personally intervene.

Perhaps it is due to the relaxed environment of Jiufang Continent.

As early as tens of millions of years ago.

Zhong Renfang unexpectedly broke through the bottleneck and took a step forward in his cultivation.

Now we have arrived, the fifth level of True God Realm.

In the entire Donghua Palace, among tens of thousands of True God disciples.

His cultivation level.

It can already be regarded as an above-average level.

despite this.

Zhong Renfang did not relax at all.

There is no end to the Tao.

Regarding the matter of cultivation, he did not dare to stop for a moment.

Sudden.

Zhong Renfang couldn't help but frown slightly.

He slowly opened his eyes and murmured to himself.

"Did something happen again? Why would someone come looking for me?"

I saw him wave his right hand.

A golden token soon appeared in his hand.

After playing a magic formula.

An urgent voice came from the token.

"My Lord Guard, I, Liu Yuxi, have something urgent to report."

Zhong Renfang put away his identity token.

He stood up slowly, thoughtfully.

What urgent matter could make Liu Yuxi so panicked?

Let's go out and have a look first.

Think of this.

Zhong Renfang walked off the training platform and soon arrived at the meeting hall.

At this time, a monk in green clothes was waiting anxiously in the main hall.

This person is none other than Liu Yuxi.

The left guard commander of Jiufang Continent.

His main task in the garrison was to lead the left guard ministries.

Patrolling the Jiufang Continent and surrounding areas.

At the same time, he is also responsible for collecting annual tribute in various places, as well as inspecting and mining resources.

Liu Yuxi and the left guard he commanded had a very high and important position in the Jiufang Guards.

It's totally fair to say.

It is the main force in Jiufang's garrison to generate money and resources.

It is the money bag of the entire town government.

so.

Zhong Renfang took Liu Yuxi's sudden summons very seriously.

Sit down behind the main hall.

Zhong Renfang looked at Liu Yuxi and said calmly.

"Tell me what made you so panicked."

Liu Yuxi took a deep breath.

He collected his thoughts for a moment, and then spoke slowly.

"That's right, we have a patrol team in the void not far from Jiufang Continent."

"Discovered an uninhabited void continent."

"After careful inspection, they discovered that the Void Continent is entirely composed of divine crystal veins."

"What, the entire Void Continent is full of divine crystal mineral veins?"

Hearing Liu Yuxi's words.

Zhong Renfang almost jumped up in shock.

Then it turned into a burst of ecstasy.

The entire continent is a vein of divine crystal ore, if it is fully mined.

How many divine crystals can you get?

Zhong Renfang simply didn't dare to think about it.

Follow the rules of Donghua Palace.

As a guardian envoy.

If resources are found locally, after they are mined.

You only need to hand over half to the sect.

The rest is all the welfare of the guardian envoy.

An entire Void Continent's divine crystal veins would be considered as half handed over.

The number of remaining divine crystals is probably extremely exaggerated.

Just don't know.

How big is that void continent?

There is also the distribution of the divine crystal veins. What is the specific situation?

Think of this.

Zhong Renfang asked quickly.

"How big is the specific scope of that Void Continent?"

"How valuable is the mining value of the distribution of the divine crystal veins?"

"How far is it from Jiufang Continent?"

Facing a series of questions from Zhong Renfang.

Liu Yuxi had already thought of a way to respond.

He responded slowly.

"That Void Continent is very large, almost equivalent to one percent of the size of Jiufang Continent."

"And after careful inspection, we found that the density of the divine crystal veins there is very high."

"It's almost easy to pick up scattered divine crystals."

"As for the distance, it's not too far."

"If you drive the fastest chaos boat, you can arrive there in about a year."

"Then what are you waiting for? Gather your strength immediately and prepare to mine the divine crystal veins."

Hear Liu Yuxi's narration.

Zhong Renfang did not hesitate.

He said excitedly.

This kind of windfall comes from heaven.

It is simply unreasonable not to accept it.

However.

Section 957

At this time.

He suddenly discovered.

Liu Yuxi's face did not seem to be excited.

Instead, he seemed to be worried about something.

Zhong Renfang was slightly stunned.

Could there be any changes in this?

Thinking of this.

He immediately asked.

"What's wrong? Is there something wrong?"

Liu Yuxi took a deep breath and said hesitantly.

"Reporting to the garrison commander, we may not be able to mine that vein for the time being."

Zhong Renfang's eyes flashed a fierce look.

"Why?"

"The divine crystal vein is right under our noses, why can't we mine it."

Liu Yuxi sighed and said solemnly.

"Because the people of Tianyang Sect also discovered the vein."

"Our patrol team didn't even have time to complete the survey of the entire Void Continent."

"We were driven out by the people of Tianyang Sect."

"They said that it was already the territory of Tianyang Sect and asked us to get out of here."

"It's ridiculous."

Hearing this.

Zhong Renfang was furious.

That mineral vein was less than a year away from Jiufang Continent.

It was obviously the territory of Donghua Palace.

Tianyang Sect was extremely far away.

They actually wanted to exploit the divine crystal vein at the gate of Donghua Palace.

Isn't this a slap in his face?

If he didn't show them some color.

Then where would he, the governor of Jiufang, put his face?

But he had to find out how many people from Tianyang Sect came this time.

If the other party had a large number of people and was strong.

It would be difficult for him to do it.

Thinking of this.

Zhong Renfang asked immediately.

"How many people from Tianyang Sect came? What is their specific strength? Have you found out?"

He thought to himself.

If there were not many people from Tianyang Sect.

Just take action and destroy the other party.

Then organize the power of Jiufang Continent to mine the divine crystal as soon as possible.

Anyway, Tianyang Sect was far away.

Even if the other party wanted to send support, it would probably not come for a while.

Distance is his biggest advantage.

However.

Liu Yuxi's next words were like a bucket of cold water poured on Zhong Renfang's head.

Liu Yuxi only said in a low voice.

"We haven't found out exactly how many people came from Tianyang Sect."

"But our patrol team saw dozens of disciples of Tianyang Sect who are true gods."

"As for the disciples below the true gods, there are probably more than tens of thousands of them."

...

Chapter 691 Yuanhe God King's judgment

After listening to Liu Yuxi's narration.

Zhong Renfang's heart sank.

Originally there was a mountain of gold in front of him.

But now Tianyang Sect has taken the lead.

How can he bear this?

And this is no longer a matter of a mere mineral vein.

That Void Continent is less than a year away from the Jiufang Territory.

In the vast sea of chaos.

This is already a very close distance.

Now the Tianyang Sect has already dug up the mines right under the nose of the Jiufang Continent.

If they don't take measures immediately.

Then the next step.

Isn't the Tianyang Sect going to come to the Jiufang Continent to mine?

Or even go directly to Donghua Palace to mine.

Zhong Renfang understood.

This matter must not be compromised.

Otherwise.

Under the encroachment of the Tianyang Sect.

Maybe it won't be long.

The huge Donghua Region may be slowly eroded by the Tianyang Sect.

They must fight back.

They must beat the people of the Tianyang Sect back.

But the problem is.

It is obviously impossible to do it by himself.

According to Liu Yuxi.

The inspection team alone saw dozens of true god cultivators.

In fact, only God knows how many people came from the Tianyang Sect.

Zhong Renfang even has some doubts.

This may be a sign of a large-scale invasion by the Tianyang Sect.

The so-called divine crystal vein may just be a trigger.

The Tianyang Sect might be testing the bottom line of the Donghua Palace.

If they don't fight back resolutely.

The next time the Tianyang Sect comes, it may really be possible that they will set foot on the Jiufang Continent.

We must report to the sect immediately.

I hope that the Palace Master Yuanhe can send a strong support force immediately.

This invading Tianyang Sect team will be completely annihilated.

Thinking of this.

Zhong Renfang looked back at Liu Yuxi and asked solemnly.

"Are you sure the inspection team is not mistaken?"

"Those are indeed people from the Tianyang Sect, and there are more than dozens of True God cultivators?"

Liu Yuxi responded affirmatively.

"It can't be wrong."

"There are three people in the patrol team who successfully escaped the pursuit of Tianyang Sect."

"I received the messages from the three of them almost at the same time, and the content is basically the same."

"It is indeed the people of Tianyang Sect, and the scale is very large."

"And they also used the photo stone in advance to record the scene at that time."

"But those three people are still on their way back to Jiufang Continent. We can't see the information on the photo stone for the time being."

"It will take more than a year for them to bring the photo stone back."

Zhong Renfang tapped the tabletop lightly with his fingers, silently lost in thought.

Section 958

Although Liu Yuxi said it with certainty.

But they currently have no direct evidence.

If he just reported directly to Palace Master Yuanhe.

If you get it wrong, that's not good.

Does he want to make a trip in person?

Go to that void continent to investigate?

Zhong Renfang thought silently in his heart.

However, this idea only flashed through his mind, and he quickly gave it up.

There is absolutely no point in checking it out now.

Although the Void Continent is indeed not too far away from the Jiufang Continent.

But it also takes about a year to arrive.

It took two years to go back and forth.

Have this time.

It would be better to wait for the patrol team member to come back with the photo stone.

One more thing is.

If the news Liu Yuxi got is true and reliable.

This means.

At this time, a large number of Tianyang Sect disciples gathered on the Void Continent.

There are at least dozens of disciples of the True God alone.

If he were alone and ventured over to investigate.

In case someone from Tianyang Sect discovers it.

Wouldn't that be like a meat bun beating a dog?

Ever gone and never returned?

"No matter, let's report it to the palace master first."

Zhong Renfang just thought about it for a while and quickly made a decision.

Because he knows.

This matter cannot be delayed.

Although the information currently known is limited.

And there is a possibility that what Liu Yuxi got was just false news.

But no matter what.

He had to report it as soon as possible.

This is not a matter of a divine crystal mine.

For the entire Donghua Palace.

A divine crystal mine is not a big deal.

No matter how large the scale of the mine is and how high the mining value is.

Donghua Palace is not too rare either.

Because Donghua Palace does not lack these conventional resources.

Zhong Renfang is most worried.

He was afraid that Tianyang Sect was planning to use the Void Continent as a springboard.

Launch a surprise attack on Donghua Territory.

If Tianyang Sect established a super teleportation array on that void continent.

Then we can quickly gather a large army and invade the Donghua Territory on a large scale.

Although Zhong Renfang feels that this possibility should not be too great.

However, this possibility cannot be ruled out.

Especially in recent years.

Tianyang Sect frequently launches provocations.

The relationship between the two parties is already very tense.

Maybe one day, there will really be a fight.

Just to be on the safe side.

Zhong Renfang thought about it again and again and decided to report it to Palace Master Yuan He immediately.

As for what follows.

It just depends on what Palace Master Yuanhe plans to do.

Think of this.

Zhong Renfang quickly took out his identity token.

...

Donghua Palace, Yuanhe Temple.

Palace Master Yuanhe looked solemn and stood up slowly.

He walked out of the palace and looked up at the distant sky.

He muttered to himself.

"There is no news about Donghua and Duantian yet."

"Tianyang Sect, can't you wait any longer?"

After receiving the summons from Zhong Renfang.

King Yuanhe knew it.

It's definitely not going to be that simple.

A mere mine of divine crystal is not worth such a big fight by the Tianyang Sect.

There are dozens of True God cultivators discovered alone.

It's just a mine.

There is absolutely no need for Tianyang Sect to dispatch so many troops.

And what made him feel even more strange was.

After being discovered by the people of Tianyang Sect, the patrol team of Jiufang Guards Mansion.

There were actually three people who were able to escape smoothly.

This is simply impossible.

The patrol members of the garrison have no higher cultivation than the False God Realm.

How could it be possible to escape from dozens of disciples of the True God of the Tianyang Sect?

I'm afraid this was deliberately released by the Tianyang Sect for fishing, right?

Want to lure the true god disciples of Donghua Palace out to ambush them?

King Yuanhe quickly thought of this possibility.

in previous conflicts.

Because they responded well, they sent powerful disciples to attack every time.

Donghua Palace did not suffer much, but took advantage of it.

Maybe this time it was Tianyang Sect who wanted to find the previous venue.

So I deliberately set up such a trap.

Lure Donghua Palace into being deceived?

Divine King Yuanhe believed that he had grasped the Tianyang Sect's thinking.

He said silently to himself.

"Since you dare to fish at the gate of Donghua Domain."

"Then don't blame me for eating all the bait in one bite."

Think of this.

King Yuanhe quickly returned to the hall.

He took out a jade talisman.

After playing a magic formula.

King Yuanhe said calmly.

"Changqing, come here."

...

Chapter 692 Bureau

Four streaks of light streaked across the sky and quickly flew out of the gate of Donghua Palace.

After receiving the summons from King Yuanhe.

Duan Changbiao immediately joined Wan Fenghai and others and flew towards the teleportation hall.

Just to be on the safe side.

Section 959

This time, Yuanhe God King asked the four pillars of Donghua to go out at the same time.

In his opinion.

No matter what kind of plan the Tianyang Sect has.

As long as the God King cultivators do not take action.

With the strength of Duan Changqing and others, they are enough to deal with it.

At least they will not suffer any loss.

Although the Tianyang Sect has a large number of True God disciples.

But at the top level.

There is still a big gap with Duan Changqing and others.

Let alone just dozens of True God cultivators.

Even if the Tianyang Sect has more than a hundred True God disciples.

Duan Changqing and the other four can still gain the upper hand.

Yuanhe God King thought.

This time, let's give the Tianyang Sect a hard time.

All the invading personnel of the other party will be annihilated in the Void Continent.

A severe blow to the arrogance of the Tianyang Sect.

Otherwise.

This endless provocation.

I don't know when it will end.

Yuanhe God King thought.

Only when the Tianyang Sect is hurt.

They will retract their expanding claws.

Over the years.

Facing the frequent provocations of Tianyang Sect.

God King Yuanhe has been fed up.

That is, God King Donghua and God King Duantian are trapped in Taijin Miyu.

Otherwise.

They would have killed Tianyang Sect and asked for an explanation from the other party.

...

Far away from Jiufang Continent.

A small uninhabited continent stretches across the void.

Because this place is remote.

Few people pass by here.

However, at this time, this continent is in full swing.

A large number of Tianyang Sect disciples in green clothes are busy all over the continent.

Above the continent.

Dozens of huge chaos boats are quietly suspended in the void.

Not long ago.

They suddenly got the news.

There is a huge divine crystal vein on this continent.

For this reason.

Tianyang Sect sent a large number of disciples, each riding dozens of chaos boats, and rushed over quickly.

Although it is less than a year away from Donghua Territory.

But these Tianyang Sect disciples did not care too much.

In their opinion.

Chaos void is an unowned land.

Whoever occupies it first, it belongs to him.

They don't have it, so go to Donghua Territory to mine.

Donghua Palace doesn't care.

At this time, hundreds of thousands of Tianyang Sect disciples are scattered all over the Void Continent.

They use their magical powers to mine the underground divine crystals.

Piles of divine crystals were quickly collected by them.

Of course.

Ordinary Tianyang Sect disciples got the same news.

They only know that they are here to mine.

Mining is not a hard job.

According to the system of Tianyang Sect.

Similar collective actions.

Each person only needs to hand in half of the divine crystals they have dug, and the rest belongs to themselves.

This is equivalent to picking up money.

Let everyone be full of energy.

As for whether the sect has other plans.

They don't know.

They are too lazy to think about it.

The divine crystals that fall into their pockets are the most real thing.

At this time, it is not far from the Void Continent.

Countless Chaos God Boats filled the void.

Each Chaos Boat was filled with a large number of Tianyang Sect disciples.

These were the elite of Tianyang Sect.

On the periphery of the Chaos Boat.

There were also a large number of Tianyang Sect disciples in purple clothes, patrolling everywhere.

They completely cut off the surrounding large areas.

Anyone who broke into this place would be ruthlessly killed.

This was a secret operation.

According to the orders from above.

Before the operation was launched.

Their whereabouts must not be known to anyone.

On one of the huge Chaos God Boats.

Liu Yuanguang stood quietly at the front.

He looked up at the void in the distance and muttered to himself.

"At this time, the four pillars of Donghua should have set off."

For this operation, Liu Yuanguang had been planning for a long time.

He wanted to see.

Whether Donghua God King would show up this time.

If Donghua God King really did not show up again.

Then it could be completely confirmed.

Something really happened to the God King Donghua.

Trapped in the Taijin Maze.

It's not that easy to get out again.

Even if the head of the Desert Academy took action personally.

It was basically impossible to bring the God King Donghua out.

In order to set up this situation.

Liu Yuanguang took many measures.

He deliberately sent a large number of disciples to mine mineral veins near the Donghua area.

And he also deliberately let the Jiufang Garrison know.

Otherwise.

How could the three patrol members escape at the time?

Liu Yuanguang thought.

They made such a big noise this time.

There were dozens of true god disciples who showed up, and they appeared around the Donghua area.

Section 960

It will definitely attract enough attention from Donghua Palace.

With Yuanhe Shenwang's steady character.

The Four Court Pillars of Donghua will definitely come to support him.

Because Donghua Palace has limited manpower.

If you send others over.

It is simply not enough to deal with the Tianyang Sect disciples who have already appeared.

In Liu Yuanguang's imagination.

Wait until Duan Changqing and others appear.

He took action directly.

Leave Duan Changqing and others behind completely.

If that time comes.

If God King Donghua still hasn't appeared.

Then he would lead the Tianyang Sect disciples around him and directly attack the Donghua Territory.

In Liu Yuanguang's view.

There is no Donghua Palace where Donghua God King sits.

Totally nothing to worry about.

It's not even necessary for Tianyang Sect to dispatch all of them.

Just have these people around you.

He has confidence.

Go directly to the mountain gate of Donghua Palace.

...

After continuous transformation of the teleportation array.

Duan Changqing and Wan Fenghai quickly arrived at Jiufang Continent.

It is different from other remote continents.

To go from Donghua Palace to Jiufang Continent, you don't need to travel through secret realms and dangerous places.

They can reach directly through the teleportation array.

Jiufang Guards House.

At this time, the atmosphere in the meeting hall seemed a little solemn.

After arriving at Jiufang Continent.

Duan Changqing quickly found Zhong Renfang and learned the general story of what happened.

It's just that this thing is a bit weird no matter how you look at it.

How dare Tianyang Sect dig mines under the nose of Donghua Palace.

To know.

There is no harmony between their two families at all.

Isn't Tianyang Sect afraid?

Will these disciples who come here to mine be wiped out by them?

But that's not even a big deal.

Because it can be said that Tianyang Sect is arrogant.

Don't take Donghua Palace seriously.

But there is another doubt.

It's really hard to explain.

How did the three patrol members who summoned the messenger escape from the Tianyang Sect?

Because this is simply impossible.

Duan Changqing went to Liu Yuxi and verified it carefully.

Those three patrol members.

There is only one person who is in the Virtual God Realm, and he is only in the third level of the Virtual God Realm.

As for the other two, they actually only have Daluo realm cultivation.

Two Da Luo monks were able to escape from under the eyes of dozens of Tianyang Sect True God disciples.

It's just a joke.

Duan Changqing knows very well.

This is a game.

This is the bureau set up by Tianyang Sect specifically for Donghua Palace.

Now they want to break this situation.

Where to start specifically.

This is worth considering.

Duan Changqing did not become arrogant just because Tianyang Sect only had dozens of true god disciples.

In his opinion.

The cards on the surface are not cards.

Since Tianyang Sect has set up a situation in advance.

How can we let them see the real trump card?

obviously.

What the three patrolling disciples saw.

Must be just the tip of the iceberg.

As for the power hidden behind the scenes by Tianyang Sect, it is all up to them to guess.

The atmosphere was dull.

Just at this time.

Wan Fenghai said slowly.

"No matter what the Tianyang Sect is doing, as long as we are careful, it should be fine."

"With the four of us joining forces, Tianyang Sect can't stop it at all."

Sun Zhenshan also followed suit.

"That's right, now Senior Brother Duan has understood the rules of splitting the sky and reached the realm of great success."

"Unless the Supreme God King takes action, otherwise."

"No matter how many people come from Tianyang Sect, we can come and go as we please."

"No matter how many plans they make, they are bound to fail in the end."

"Then how do we know that the other party does not have a Supreme God King?"

Fu Feixue, who was next to him, said slightly worriedly.

...

## Chapter 693 Duan Changqing's Determination

Fu Feixue finished speaking.

Everyone was silent.

That's what they're worried about.

The situation is actually very clear now.

It was Tianyang Sect who was setting up a trap to lure them into taking the bait.

If Tianyang Sect only dispatched True God disciples.

Then they don't have to worry at all.

Even if there are more true god disciples from Tianyang Sect.

It is impossible to leave them behind.

Because in recent years, Duan Changqing has finally understood the rules of splitting the sky and reached the realm of great success.

The true God is perfect and the rules are complete.

It can be said that the current Duan Changqing has reached the ultimate level of the True God Realm.

The idle disciples of the True God of Tianyang Sect are not his enemies at all.

not to mention.

Wan Fenghai and others are not weak.

They are all top True God cultivators.

In many cases.

The quality advantage cannot be compensated by quantity.

There are no particularly outstanding disciples among the True God disciples of Tianyang Sect.

If they want to leave.

The other party will definitely not be able to stay.
