Section 961

Even if there are more disciples of Tianyang Sect, they are not worried.

But the question is.

Will Tianyang Sect only send out disciples of True God?

What if the Supreme God King appears, how should they deal with it?

Although in previous conflicts.

Maybe it is because of the deterrence of Donghua God King.

Tianyang Sect has never sent out the Supreme God King.

But it didn't happen before, which doesn't mean that the Supreme God King will not appear this time.

The people of Tianyang Sect are not fools.

Knowing that the four of them are powerful, they still come up to send them every time.

And this time it is obviously a deliberate trap set by Tianyang Sect.

Since the other party took the initiative to set up the trap.

Then they should be confident.

But where does Tianyang Sect's confidence come from?

In addition to the Supreme God King, who is behind the scenes.

Duan Changqing and others can't think of other possibilities.

And Tianyang Sect also has this strength.

The ten great God Kings of Tianyang Sect.

They have enough spare power to draw out the God King cultivators to set up this trap.

In other words.

The possibility of the Supreme God King appearing this time is indeed very high.

Everyone was silent for a long time.

Wan Fenghai said depressedly.

"I don't know where the Grand Palace Master has been all these years."

"If the Grand Palace Master can come forward."

"The Supreme God King of Tianyang Sect will definitely not dare to move a bit."

Sun Zhenshan next to him also echoed.

"Yes, I haven't seen the Grand Palace Master for nearly 10 billion years."

"Isn't the Grand Palace Master in trouble?"

"Otherwise, why does Tianyang Sect dare to provoke our Donghua Palace so frequently."

Hearing this.

Duan Changqing said solemnly.

"Brother Sun, don't say that."

"The Grand Palace Master is invincible, and there are almost no rivals below the Eternal Realm."

"How could he get into trouble?"

"And the rules of the Donghua World have been operating normally."

"This means that the Grand Palace Master is still safe and sound."

"He hasn't appeared for many years, maybe because of something that delayed him."

Everyone was silent.

Of course they knew the reason.

But the problem is.

The Donghua God King has not appeared.

It is inevitable that people will have other ideas.

The frequent provocations of the Tianyang Sect are the best example.

Although the rules left by the Donghua God King are still operating normally.

In theory.

He should not have any accidents.

But who can say for sure about the things in the world.

Maybe the Donghua God King went to a distant place.

Maybe he won't come back for a long time in the future.

Maybe the Donghua God King is trapped in a dangerous secret place.

Although he has not fallen for the time being.

But can he escape and return smoothly?

Who can say for sure?

In short.

As long as Donghua God King does not appear.

For their Donghua Palace, this is a dead end.

An unsolvable dead end.

Tianyang Sect frequently launches provocations.

Anyone with a discerning eye knows.

This is testing the bottom line of Donghua Palace.

Forcing Donghua God King to show up.

They believe.

Tianyang Sect's probing has its limits.

If Tianyang Sect is sure that Donghua God King will not appear again.

Then it is very likely that a large-scale attack will be launched.

Maybe this situation.

It is the last test.

It is also the most dangerous test.

This time, the possibility of Tianyang Sect sending a God King cultivator is definitely very high.

It is precisely because of this.

After arriving at Jiufang Continent, Duan Changqing and the other four did not rashly go to the scene.

Instead, they gathered in the garrison to discuss countermeasures.

If there were no such concerns.

They would have killed them long ago.

Why bother to discuss those meaningless things here.

The atmosphere at the scene was silent.

It's not that they are afraid of death.

But it was a Divine King cultivator, they really couldn't beat him.

Even if the four of them joined forces.

They couldn't beat the real Supreme Divine King.

After all, the Divine King of Tianyang Sect was not comparable to the pseudo-Divine King like He Rufeng.

When a Divine King faced a True Divine cultivator.

It was a complete crush.

Even the top True Divine cultivator couldn't withstand a few attacks from the Supreme Divine King.

What to do now?

Leave it alone and return directly to Donghua Palace?

This obviously won't work.

Tianyang Sect has already hit them at their doorstep.

If they don't respond.

Then the next battlefield might be at the mountain gate station of Donghua Palace.

After everyone was silent for a while.

Wan Fenghai suddenly spoke.

"Why don't we report to the Palace Master of Yuanhe first and see what the Palace Master says?"

"Yes, maybe the Palace Master has a solution?"

Hearing this.

Duan Changqing shook his head.

He spoke slowly.

"Since the Palace Master has sent all four of us out."

"This shows that he has seen the matter thoroughly."

Section 962

"Besides, you must all know the current situation of the sect."

"It is impossible for the sect to draw out stronger strength to support us."

"The First Palace Master has not shown up for many years, and there is no news about the Second Palace Master."

"Now only the Third Palace Master is left, supporting the sect alone."

"He wants to sit in the sect's stronghold, and there is no way he can provide support."

"That is to say."

"Now the four of us are the strongest fighting force in the entire sect."

"If we can't fix the problem."

"Then there is no other choice but to retreat to the mountain gate."

Duan Changqing's words revealed a sense of helplessness.

But it is what it is.

Now Donghua Palace relies on the four of them.

So they can't retreat.

Even without any support.

No matter how insidious the Tianyang Sect has set up.

Even if the opponent really dispatches the Supreme God King, they will still have to make a breakthrough.

Speaking of which.

Duan Changqing paused for a moment, and then he said firmly.

"No matter how difficult the situation is, this battle is inevitable."

"If Tianyang Sect really sends out the God King monks."

"Then it's up to me to take action and hold the other party down."

"You think of a way to retreat first."

"How can this be done?"

"If we want to fight, we will fight together. If we want to retreat, we will retreat together."

"That's right, we are brothers and sisters in the same sect, there is no reason to abandon them."

Hearing Duan Changqing's decision.

Everyone spoke one after another.

"Okay, it's decided."

"It's useless to think about it now. We'll see what happens when the time comes and adapt accordingly."

"What about the God King monk?"

"It's not like I haven't killed before."

Duan Changqing stood up suddenly and said calmly.

A soaring aura emanated from him.

That terrifying momentum.

It was as if he wanted to split the world into two halves.

A place where the rules are complete.

This is a road of rules that is about to come to an end.

Duan Changqing's strength cannot be underestimated.

Even when facing the real Supreme God King.

He is also confident that he can fight.

Even if you can't beat it.

But if you drag it for a while, there will definitely be no problem.

...

Chapter 694 Qingying Shutian Talisman

After Duan Changqing made up his mind.

No one tried to persuade him again.

Because they all know it.

Now Donghua Palace is facing a real crisis.

If they don't step up.

Then who should stand up?

Should we let those disciples with lower cultivation levels go out and risk their lives?

Although this operation is very dangerous.

It is very likely that you will meet the god king monks of Tianyang Sect.

But the four of them joined forces.

It doesn't necessarily mean there is no way to survive.

When Duan Changqing and Zhang Yuhe teamed up, they were able to beat He Rufeng to death.

Are the other three of them not as good as Zhang Yuhe?

To know.

At that time, Zhang Yuhe was just a virtual god monk who had just stepped out of the primitive world.

Moreover, Duan Changqing at that time did not understand the rules of splitting the sky to the state of great success.

Now the four of them join forces.

It is many times stronger than when Duan Changqing and Zhang Yuhe teamed up.

Although the God King monks of Tianyang Sect are indeed stronger than He Rufeng at the beginning.

They can't beat it, that's for sure.

But that doesn't mean.

They wouldn't have a chance to escape.

For those top true god monks.

It is not impossible to escape from the hands of ordinary supreme god kings.

There are four of them now.

The Tianyang Sect could only survive by sending a supreme god king.

They still have a chance.

...

More than half a year later.

A stream of light quickly passed through the endless void.

Duan Changqing stood quietly at the front of the Chaos Boat with a spear on his back.

Looking into the vast void in the distance.

His face was calm.

Facing the Supreme God King who may encounter him.

Duan Changqing had many speculations in his mind.

Tianyang Sect has ten great divine kings.

But these ten people all have their own affairs.

As far as he knows.

The Tianyang Sect used the Sifang Hall to be responsible for the battles in various places.

And Liu Yuanguang, the master of Sifang Hall.

It is very likely that he will encounter the Supreme God King this time.

Think of this.

Duan Changqing couldn't help but feel excited.

Liu Yuanguang fought for Tianyang Sect everywhere.

But this does not mean that he is the Tianyang Sect, the most powerful god king monk.

Quite the opposite.

Liu Yuanguang is the weakest Supreme God King of Tianyang Sect.

Because the other god kings of Tianyang Sect have more important things to do.

For example.

Responding to the call of the Desert Court, he went to the extraterritorial Tianguan to take charge of the guarding mission.

The outer world is no better than the Sea of Chaos.

The god-king monks without any strength simply cannot stand.

Guarding the gates outside the territory is an obligation that the monks of the Chaos Sea God King cannot shirk.

It is also the only mandatory requirement imposed by the Desert Academy on all major forces.

Just like Donghua Palace.

Section 963

The Divine King of Donghua has been guarding Tianguan outside the territory all year round.

The time he spent in the sect was pitifully short.

Even if you come back occasionally.

He would just leave in a hurry after explaining some matters.

The same goes for Tianyang Sect.

The ten great divine kings of Tianyang Sect.

At least half of them are guarding Tianguan outside the territory all year round.

Although it took Liu Yuanguang a long time to reach the level of God King.

But his cultivation realm is only barely reaching the level of the third-step God King.

Moreover, the power of rules has not reached the level of perfection.

In Tianyang Sect.

He is the weakest of the God King monks.

A strength like his.

If it is placed at an extraterritorial gate.

In the event of a war, it would be difficult to have a chance of survival.

It is precisely because of this.

Only then did King Tianyang put Liu Yuanguang in charge of the affairs of the Sifang Hall.

Open up territory for Tianyang Sect in the Sea of Chaos.

There is no need for him to take risks in the outer world.

Duan Changqing looked into the distance and muttered silently to himself.

"It's not like you can't try the Three-Step God King."

After killing He Rufeng last time.

Duan Changqing's belief seems to have been sublimated.

He really wanted to find a true supreme god-king to test the limits of his strength.

I want to see how big the gap is between myself and the God King monks.

the most important is.

Duan Changqing wanted to challenge the Supreme God King, but he faced pressure.

Let's try to reach the bottleneck of the God King Realm.

Now he has understood the rules of splitting the sky and reached the realm of great success.

As for his cultivation, he has already reached the Great Perfection of True God.

Now he is only one step away from the God King realm.

As long as the bottleneck is resolved.

It is possible for Duan Changqing to be promoted to the realm of God King in one fell swoop.

He had thought about it before.

See if you can wait for God King Donghua to send a god flower back from Tianguan outside the territory.

When the time comes, he will use the strange effect of the God Flower to resolve the bottleneck of the God King Realm.

But under the current circumstances, this is obviously impossible.

Although he doesn't know.

What happened to the Divine King of Donghua?

But God King Donghua has not appeared for so many years.

Duan Changqing felt that he could no longer wait.

He had to find a way.

Rely on your own strength to resolve the bottleneck of the God King Realm.

The cross-level challenge is one of the options.

Facing a life and death situation.

Maybe it is possible to reach the bottleneck of the God King Realm.

Of course.

This is also the most dangerous method.

One can't handle it well.

You will directly lose your life.

In the history of the Sea of Chaos.

There are very few successful examples of True God monks challenging the Supreme God King.

Even the examples of people who escaped unscathed are few and far between.

Every true god monk who can successfully escape from the god king monk.

They are all extremely talented people who are famous all over the world.

Those people later achieved extremely high achievements.

There was even someone among them who was eventually promoted to become the Eternal Emperor.

Although Duan Changqing is very confident.

But he also knew it very well.

Compared with those peerless geniuses, there is still a big gap.

to him.

Challenge the Supreme God King head-on.

very dangerous.

However.

He had no other option.

The situation Donghua Palace is facing now.

Let Duan Changqing be unable to make other choices.

He wants to break through to the God King Realm as soon as possible.

Now the entire Donghua Palace.

It was only supported by Yuanhe Shenwang alone.

The situation is really too dangerous.

Survival from death.

It was the path he had to take.

And Duan Changqing thinks.

As the eldest brother of the sect, this is also his responsibility.

Challenging the Supreme God King is indeed very dangerous.

Fortunately, Liu Yuanguang's strength is not too strong.

A more suitable opponent.

They should still have a chance.

Wan Fenghai and the others stood quietly behind them.

Everyone knows it very well.

They may face an extremely difficult battle.

despite this.

No one has any idea of retreating.

Wan Fenghai took out a jade slip.

Engraved on the jade slip is a map of the surrounding void.

He looked up into the distance.

After careful comparison.

Wan Fenghai said with a solemn expression.

"Senior Brother Duan, we are not far away from the target location now."

"Should we kill directly, or should we quietly go over and investigate."

Duan Changqing turned around.

he said with a smile.

"Of course I touched it quietly."

"It would be best if the God King cultivator is not found."

"It doesn't matter if we can discover the Tianyang Sect's God King monks in advance. We will just have a countermeasure in place."

Hear this.

Fu Feixue said worriedly.

"If the opponent really has a god-king in charge, we probably won't have a chance to get through."

"The perception ability of the God King monk is far beyond ours."

Section 964

"Even if we are extremely far apart, our whereabouts cannot be hidden."

Duan Changqing smiled slightly.

I saw him wave his right hand.

A green jade talisman appeared in his hand.

"Blue shadow covering the sky."

I saw the jade talisman in Duan Changqing's hand.

Wan Fenghai and the others couldn't help but exclaimed.

follow closely.

Everyone's faces showed joy.

obviously.

The jade talisman in Duan Changqing's hand must be very unusual.

It must have an extraordinary effect.

This made everyone extremely excited.

...

Chapter 695 Let's do it directly

Looking at the jade talisman in Duan Changqing's hand.

Everyone couldn't help but breathe a sigh of relief.

With this jade talisman, they were confident and could touch it quietly.

Even on the Tianyang Sect side, there are really God King cultivators sitting in charge.

Don't worry, the other party will find out.

Because the Qingying Sky Covering Talisman is not an ordinary thing.

Many years ago.

King Yuanhe accidentally discovered a very strange material.

According to the characteristics of that material.

He developed a very magical seal script.

This is the Qingying Sky Covering Talisman.

The Blue Shadow Sky Covering Talisman can completely block the monk's aura.

No one can see it.

A True God cultivator, after using the Green Shadow Talisman to cover the sky.

Even the Supreme God King cannot see it.

The characteristics of this kind of talisman seal are not to hide the monk's whereabouts.

Instead, it completely blocks the monk's aura.

After the monk used the green shadow to cover the sky.

Look at it from a distance.

Just like an ordinary mortal.

There is no breath on his body.

This is much easier to use than any magical power that conceals cultivation.

After using this jade talisman.

As long as they don't bump into each other, they will be under the eyes of the God King monk.

will not be discovered.

The only pity is.

This kind of strange jade talisman.

At the beginning, a total of three Yuanhe Divine Kings were made.

Two of them have been consumed by others.

The green shadow sky-shielding talisman in Duan Changqing's hand is the last one in stock in Donghua Palace.

Zeng Yuanhe, the divine king, also wanted to continue making this magical jade talisman.

Unfortunately.

That special material can never be found again.

Even though he was frequently in the sect, issuing tasks to collect materials.

And through various channels, bounties are placed everywhere in the Sea of Chaos.

But still no one can find the same material.

Perhaps that material was accidentally discovered by King Yuanhe.

Maybe it's the only one in the Sea of Chaos.

Although it is a pity to use this last jade talisman.

But considering the situation they are facing now.

This blue shadow sky-shielding talisman is just right to use here.

With the shielding effect of the jade talisman, they might be able to avoid fatal dangers.

Duan Changqing put away the Chaos Boat and spoke to the three of them calmly.

"We quietly touched it and hoped everything goes well."

After saying this.

He stretched out his hand and pointed towards the jade talisman.

The surface of the jade talisman soon emitted a soft light, completely covering the four of them.

As the light falls.

Their aura of true god perfection soon disappeared completely.

follow closely.

The jade talisman turned into a ball of powder and quietly disappeared into the void.

Everyone looked at each other.

They all felt very incredible.

If you don't know the basics.

They will all think that the other person is just an ordinary mortal.

Because they can't feel the cultivation aura of other people around them at all.

Wan Fenghai silently operated his skills.

I found that my magical power was still there.

It was not weakened at all by the light of the jade talisman.

See this situation.

He couldn't help but breathed a sigh of relief.

The aura is completely blocked, but the strength is not affected.

The green shadow sky-shielding talisman made by Yuanhe Shenwang is truly worthy of its reputation as a sky-shielding talisman.

It is indeed ridiculously mysterious.

Duan Changqing said no more.

The four of them turned into streams of light and flew quietly into the distance.

Two days later.

A huge void continent soon appeared in front of everyone.

The entire continent is deserted.

In addition to occasionally seeing it, there is the magical light cast by monks.

There is no longer any human habitation.

obviously.

This is an uninhabited void land.

As for those occasional rays of light.

He should be a disciple of the Tianyang Sect, mining the divine crystal veins there.

Duan Changqing waved his right hand and said calmly.

"Come on, let's go take a look first."

Everyone hid their figures and quickly approached the Void Continent.

After a while.

The situation of the entire continent was completely presented to them.

I saw countless figures in Tsing Yi, busy scattered across the mainland.

Over the mainland.

There are also dozens of huge chaos boats floating in the air.

On those chaos ships.

Section 965

Waves of powerful aura were exuded indistinctly.

Duan Changqing knows.

On top of those chaos boats should be the true god disciples of the Tianyang Sect.

He did a rough count.

There are 36 chaos ships in total.

On each chaos boat, there is a true god disciple of the Tianyang Sect sitting on board.

As for those who are mining.

Naturally, they are all disciples of the Tianyang Sect, the True God.

The True God cultivator still couldn't lose face and went to dig the mine himself.

Duan Changqing observed silently for a while.

He didn't see it.

Throughout the Void Continent, there are signs that the Tianyang Sect has the presence of the God King monks.

However, the methods of the Supreme God King are far beyond their comparison.

If the other party deliberately restrains his breath.

It is indeed not that easy to be discovered by them.

Think of this.

Duan Changqing whispered to everyone.

"Don't rush to do it yet."

"Let's explore carefully around this continent."

"Wait until we understand the situation clearly before taking action."

"Be careful and don't get distracted."

"clear."

Although we have arrived at the place.

And on the surface.

Tianyang Sect does not have much power in this void continent.

At most, there are only 36 true god monks.

As for those who are mining, they are Tianyang Sect disciples under the True God.

He didn't even look.

despite this.

Duan Changqing didn't intend to take action in a hurry.

He knows it very well.

What you see in front of you is not necessarily the reality.

Tianyang Sect made such a big move.

You dare to mine at the gate of Donghua Domain. How can you have such little strength?

There must be fraud in it.

Let's investigate more carefully.

Anyway, the effect of the Blue Shadow Sky-Shielding Talisman can last for a few more days.

If you don't understand the situation clearly, you will act rashly.

I'm afraid they will be very passive.

Three days later.

Duan Changqing and others gathered in a hidden valley.

Everyone looked solemn.

There was obviously some confusion.

After searching carefully these days.

They were stunned and didn't see anything wrong in this void continent.

Just like Tianyang Sect, there are really only so many people here.

There are 36 True God monks and about 800,000 False God disciples.

They even explored the nearby void along the outer reaches of the continent.

Still nothing found.

Was it really just an accident?

The Tianyang Sect accidentally discovered the divine crystal veins on this void continent.

Then send people over to mine.

That's all?

There is no conspiracy in it?

Are they overthinking it?

Everyone gathered in the valley.

For a moment, everyone didn't know what to say.

But their intuition told them.

Things that seem normal may be even more abnormal.

But what to do now?

Should we continue and expand the search scope?

There is endless emptiness all around.

If you expand the search scope.

When will it be the size?

more importantly.

The duration of the Green Shadow Sky-Shielding Talisman is about to end.

If there is no shielding effect of jade talisman.

It's not that easy for them to continue searching around without being discovered by the other party.

The scene was dull.

After a long time.

Wan Fenghai suddenly spoke.

"Senior Brother Duan, what should we do now?"

"Why don't we just kill him directly?"

"No matter what conspiracy Tianyang Sect has."

"As long as we move fast enough, they won't be able to react."

"After we kill all the Tianyang Sect disciples on the entire continent."

"Even if the Tianyang Sect's God King monks react, then."

"We also have a chance to fight our way out."

At this time, Sun Zhenshan also echoed.

"Yes, while the effect of the jade talisman is still there."

"We can still do a quick raid."

"Without the effect of the jade talisman, I would like to clear out all the Tianyang Sect monks on the entire continent."

"I'm afraid it will take a lot of time."

"Senior Brother Duan, let's do it."

Duan Changqing looked into the distance.

he knows.

Now that they have, they have no other choice.

Although he knew about Tianyang Sect, he must have ambushed other back-up men.

But they couldn't find it.

That being the case.

Then just do it.

If it drags on any longer.

It will only be more detrimental to them.

Think of this.

Duan Changqing said firmly.

"Okay, let's do it directly."

...

Chapter 696: Like a local chicken or a tile dog

Duan Changqing knows very well.

Section 966

While the effect of the Green Shadow Heaven Covering Talisman is still there.

If they act now.

They can still maintain a certain degree of initiative.

Because the entire Void Continent is not too big.

As long as they act faster.

It is estimated that in a moment, they can kill all the nearby Tianyang Sect disciples.

At that time.

Even if the Tianyang Sect really has a Divine King cultivator hiding in the back.

So what?

If it is really Liu Yuanguang who comes.

Without the interference of other Tianyang Sect disciples.

Duan Changqing is confident.

He can fight with Liu Yuanguang.

After all, the four of them are not weak.

Divine King cultivators are indeed very strong.

Even the weakest Divine King cultivator is far from being comparable to those of them in the True God Realm.

But there are four of them.

With mutual cooperation.

It should not be a problem to get out of Liu Yuanguang's hands.

Thinking of this.

Duan Changqing quickly made a decision.

He looked up into the distance and spoke slowly.

"Don't pay attention to the other Tianyang Sect disciples for now."

"Let's deal with the True God disciples on the Chaos Boats in the sky first."

"As long as we deal with the 36 True God disciples of Tianyang Sect."

"The rest will be easy."

"Understood."

The crowd roughly discussed the division of labor, and then quietly moved to the distance.

...

Thirty-six Chaos Boats, quietly suspended in the void.

On each Chaos Boat, there is a True God disciple of Tianyang Sect sitting in charge.

There are often Void God cultivators who take off from the continent.

The newly dug God crystals are transported to the Chaos Boats in the air.

Liu Ming stood quietly at the front of the Chaos Boat.

Looking at the vast continent under his feet and the large number of busy Void God disciples.

He couldn't help but feel heroic.

This place is almost the doorstep of Donghua Domain.

For more than a year.

They have been mining God crystals here.

Donghua Palace dare not even fart.

Even Donghua Palace, no one dared to come over to take a look.

Thinking of this.

Liu Ming couldn't help but feel proud.

In his opinion.

This is because Tianyang Sect is strong enough.

Donghua Palace doesn't dare to provoke it at all.

Even if they are mining at the gate of Donghua Domain.

Donghua Palace doesn't dare to say a harsh word.

Liu Ming looked up and looked into the distance.

He muttered to himself.

"Donghua Palace occupies such a large plate, it's a bit of a waste."

"Sooner or later, it will become the territory of our Tianyang Sect."

At this time.

A faint voice suddenly came from a distance.

"You may not see that day."

Hearing this voice.

Liu Ming couldn't help but be shocked.

I saw a terrifying gun shadow in the distance, quickly crossing the sky.

Heading straight for the Chaos Boat where he was sitting.

Seeing this situation.

Liu Ming quickly sacrificed a magic sword.

The magic sword burst into a dazzling light and guarded his body firmly.

However.

The sudden appearance of the gun shadow was too fast and too fierce.

Liu Ming had just sacrificed the magic sword.

The terrifying gun shadow had already appeared in front of him.

He didn't even have time to react.

The gun shadows in the sky had already completely enveloped him.

When he saw the appearance of the person coming clearly.

Liu Ming screamed in horror.

"Duan Changqing, why are you here?"

Although they were both true god cultivators.

But Liu Ming knew very well that there was an irreparable gap between him and Duan Changqing.

Seeing Duan Changqing suddenly rush out.

Liu Ming almost lost his mind.

He shouted loudly, trying to seek support from his companions in the distance.

He sacrificed the magic sword at the same time, trying to block the terrifying gun shadow.

However.

Everything was in vain.

As the gun shadows in the sky enveloped him.

The light supported by the magic sword was instantly pierced into a sieve.

Duan Changqing stabbed out with a gun.

Instantly pierced Liu Ming's body.

The terrifying sky-breaking rules directly tore him into powder.

Liu Ming was killed with one shot.

Duan Changqing didn't even look at it.

He just shook his spear and broke the Chaos Boat into pieces.

The other Tianyang Sect disciples who stayed on the Chaos Boat also turned into ashes.

After dealing with Liu Ming.

Duan Changqing took off into the air and quickly rushed to another Chaos Boat.

At the same time.

With three loud noises.

Three huge fireworks exploded in the distance.

Obviously.

Wan Fenghai and others also succeeded in the surprise attack.

But it's too early to say this now.

In the entire Void Continent.

Tianyang Sect has a total of 36 Chaos Boats.

They only destroyed four.

They must speed up.

Section 967

As Duan Changqing and others suddenly came out.

The entire Void Continent soon became chaotic.

Countless Tianyang Sect disciples ran and fled.

The remaining disciples of the True God shouted loudly.

Want to bring people together,

Relying on the numerical advantage, Duan Changqing and others were blocked.

"Don't panic, everyone, there are only four of them here."

"As long as we unite as one, we can completely stop it."

"The disciples of the False God formed an formation, and the disciples of the True God moved closer to me."

A True God disciple of Sky Yang Sect flew up from the Chaos Boat.

He is clearly a seventh-level cultivator in the True God Realm.

This person is probably the Tianyang Sect, the core figure in this operation.

He shouted loudly into the distance.

Want to bring people together.

However.

Just at this time.

I saw a dazzling spear and suddenly came over to kill him.

This powerful Tianyang Sect disciple is almost the same as Liu Ming before him.

Even though he was well prepared, he still couldn't stop Duan Changqing's shot.

It turned into ashes in an instant.

The four pillars of Donghua attack with all their strength.

Tianyang Sect is completely unrivaled.

The thirty-six disciples of the True God were quickly wiped out.

He is also a True God cultivator.

These true god disciples of Tianyang Sect were in front of Duan Changqing and others.

They are not an enemy at all.

In a moment.

They were all killed.

See this situation.

The remaining Tianyang Sect disciples have no desire to fight.

Even the high-ranking True God disciples were in front of Duan Changqing and others.

They are all like chickens and dogs.

They, disciples of the True God, wouldn't it be sending them off if they went up there?

It's better to run quickly.

Everyone was thinking.

Anyway, there are a total of 800,000 people in Tianyang Sect in the entire Void Continent.

Just spread out and escape.

There are only four people on the other side, how many can be chased out?

Not to mention that these Tianyang Sect disciples all have cultivation levels in the Virtual God Realm.

Even if it's 800,000 pigs.

Even the four people from Donghua Palace can't catch them all.

Run quickly.

There are many ways to survive.

Duan Changqing stands in the void.

Looking at the Tianyang Sect disciples running around, he did not continue to pursue them.

So many people.

And they fled in all directions.

There is no efficiency at all in chasing after them.

However, just because he did not pursue them did not mean that he would let these Tianyang Sect disciples leave.

Now that we have arrived at the gate of Donghua Domain.

Of course you have to stay.

Duan Changqing raised his head and looked at Fu Feixue in the distance, and he said calmly.

"Junior Brother Feixue, let's do it."

"good."

Fu Feixue waved her right hand.

A black formation disk soon appeared in his hand.

Follow the magic formula and pinch it.

A huge light curtain slowly rose around it.

The huge light curtain completely enveloped the entire Void Continent.

Boom...

Countless terrifying thunders quickly formed from the light curtain.

Then pounce on the land below.

In an instant.

The entire Void Continent seemed to have turned into a sea of thunder.

...

Chapter 697 Fight to the Death

Duan Changqing and the other four quickly took action.

Soon, Tianyang Sect and all the True God disciples on this Void Continent were wiped out.

For those False God disciples who were fleeing in all directions.

They didn't let it go either.

Long before the action.

Duan Changqing asked Fu Feixue to secretly set up the formation flag outside the mainland.

He had already considered it.

There are so many Tianyang Sect disciples, it is up to them to kill them one by one.

How long will it take to kill?

Now they have to be efficient.

We must clear the entire Void Continent of Tianyang Sect disciples as quickly as possible.

Then deal with possible crises that may arise.

Which method is the most efficient?

Of course it's a formation.

Under the shroud of formation.

As long as the strength is not enough, everyone will die.

Of the four of them.

Everyone has some basic knowledge of formations.

But when it comes to the art of formation, Fu Feixue is the one who has delved the most deeply.

for this operation.

Fu Feixue brought a set of Thunder World Destruction Formation.

It's just right to use here.

Duan Changqing and the four others stood quietly in the sky.

Watching the thunder falling from the sky.

Countless Tianyang Sect monks quickly turned into ashes.

They watched everything in front of them silently.

There is no feeling of compassion in my heart.

Since these people have provoked Donghua Palace, they will naturally have the consciousness to perish.

"presumptuous."

"You are so brave."

Just at this time.

An angry voice came from the distant sky.

Liu Yuanguang flew extremely fast and stretched out his right hand to shoot.

Section 968

Instantly, the huge thunder curtain covering the Void Continent was smashed to pieces.

His figure flashed quickly.

Soon, he appeared in the sky above the distant continent.

Looking at the continent under his feet, all the disciples of the Tianyang Sect had already turned into ashes.

Liu Yuanguang was furious.

He had been staring at the situation here from a distance.

However, because of the Qingying Covering the Sky Talisman, he did not notice the figures of Duan Changqing and others in advance.

When Duan Changqing and others started to act.

Liu Yuanguang wanted to stop them, but it was too late.

In order to avoid being discovered by Donghua Palace.

He deliberately hid far behind.

There was still some distance to this Void Continent.

Duan Changqing and the other four moved too fast.

So fast that even if Liu Yuanguang wanted to come to support.

He was completely in no time.

When he came.

The entire Void Continent had already turned into a scorched earth.

Duan Changqing and the others were too cruel.

They didn't even leave a single disciple of the Tianyang Sect.

Kill them all.

Liu Yuanguang looked at Duan Changqing and others, his eyes seemed to be spitting fire.

He gritted his teeth and said.

"Very good."

"Today, no one of you can leave, all of you stay here."

Duan Changqing held a spear in his hand, secretly on guard in his heart, but said lightly.

"Just you?"

He had heard of the master of the Four Square Hall of the Tianyang Sect.

But it was the first time he saw the real person.

Liu Yuanguang's aura of the God King Realm was indeed extremely terrifying.

Despite this.

Duan Changqing was not afraid at all.

Since they have met.

Let's fight first.

If they don't fight, they can't get away.

At this time.

Wan Fenghai next to him suddenly exclaimed in a low voice.

"Not good, there are many people from the Tianyang Sect over there."

Hearing this.

Duan Changqing turned his head and looked into the distance.

In the distant void, countless Chaos Boats covered the sky and the sun.

Almost covered the entire void.

A large number of Tianyang Sect disciples stood at the front of the Chaos Boat.

On the periphery of the Void Continent, they slowly formed an encirclement.

Seeing this situation.

Duan Changqing couldn't help but feel depressed.

He knew.

This time he was in big trouble.

Originally, he thought.

After all the Tianyang Sect disciples on the Void Continent were wiped out.

At most, they only needed to deal with the possible Divine King cultivator.

Now it seems.

Their previous judgment was really wrong.

Looking at the Chaos Boats all around and the powerful Tianyang Sect disciples on them.

Duan Changqing knew.

Liu Yuanguang came prepared.

His goal was not only the Void Continent under his feet.

It was not for any Divine Crystal Mine.

But to launch a large-scale attack on the Donghua Region.

Otherwise.

For just four of them.

Is it necessary for Liu Yuanguang to mobilize so many people?

Duan Changqing took a rough look.

There were probably tens of millions of people on the Chaos Boats around.

I'm afraid that one third of the disciples of the entire Tianyang Sect are gathered here.

Liu Yuanguang has been hiding in the dark with so many people.

What is he trying to do?

It must be to launch a large-scale attack on Donghua Region.

Thinking of this.

Duan Changqing is no longer calm.

Now is not the time to consider how they can save their lives.

Tianyang Sect is invading on a large scale.

Donghua Palace is already facing a huge crisis.

"We must notify Palace Master Yuanhe as soon as possible. I hope the Palace Master can make preparations early."

Duan Changqing flipped his right hand.

He took out his identity token and quickly cast a spell.

Then he spoke anxiously.

"Tianyang Sect is invading on a large scale, and Liu Yuanguang is leading the team personally."

"There are tens of millions of people. Palace Master, make preparations quickly."

After saying this.

Duan Changqing put away the token.

He tightly grasped the spear in his hand and silently looked at Liu Yuanguang in the distance.

At this time, he was very clear.

Today, the four of them are dead and there is no life.

No one can save them.

Not to mention that Yuanhe God King has to stay in the sect and can't go out easily.

Even if Yuanhe God King wants to come to rescue.

It's too late.

Because there is an endless void around.

After Yuanhe God King teleports to Jiufang Continent, it will take at least a month to fly.

It is possible to arrive.

Can they hold on for so long?

Obviously impossible.

Liu Yuanguang didn't rush to act.

Wait until the Chaos Boat Army on the periphery surrounds the entire continent.

He looked at Duan Changqing and others and said teasingly.

"I'm alone, you try to run."

"From now on, the four pillars of Donghua will become history."

"Even your Donghua Palace will be knocked down to the dust of history."

Duan Changqing took a deep breath.

He didn't want to argue with Liu Yuanguang.

Section 969

Things have come to this point.

There is only death.

He turned to look at Wan Fenghai and others, and said slowly.

"My fellow disciples, we are probably going to die here today."

"But we, the four pillars of Donghua, cannot die silently like this."

"Before we die, we must also drag Liu Yuanguang down with us."

At this point.

Duan Changqing turned his head to look at Liu Yuanguang, his eyes shining with golden light.

"Brother is right, if you want to kill our four pillars of Donghua."

"If Liu Yuanguang doesn't fight half his life, he won't even think about it."

Without waiting for Liu Yuanguang to make a move first.

Duan Changqing shook his spear and rushed directly.

Wan Fenghai and others also sacrificed their own artifacts and rushed towards Liu Yuanguang.

"How courageous."

Seeing this situation.

Liu Yuanguang was completely angry.

He is the supreme god king, is he so unintimidating?

Four true god cultivators dared to jump in front of him.

Gun shadows were flying all over the sky.

Hum.

Liu Yuanguang just snorted coldly.

He stretched out his right hand.

A palm accurately hit the gun barrel.

Duan Changqing flew backwards with the gun, retreating tens of thousands of miles.

He spat out a mouthful of blood.

He muttered to himself.

"The Divine King monk is really strong."

Immediately afterwards.

He immediately flew up again.

There is no retreat.

Only a desperate fight.

At this time, Duan Changqing and others had no other thoughts in their hearts.

They just wanted to shine at the end of their lives.

Since they were already dead.

Why not give it a try.

Even if they couldn't fight for the future, they had to fight for a piece of glory.

That way it would not be in vain for themselves to come to this long river of the road.

...

Chapter 698 Did something happen?

Duan Changqing shook his spear.

Gun shadows seemed to tear the void, covering Liu Yuanguang with terrifying power.

Wan Fenghai's long sword was like a Milky Way hanging in the sky.

The endless sword light illuminated the entire void.

Fu Feixue and Sun Zhenshan also waved their magic weapons and rushed straight to Liu Yuanguang.

The four top disciples of the true gods of Donghua Palace each displayed their peerless magical powers.

They were fighting to the death.

They vowed to kill Liu Yuanguang, the master of the Four Square Hall of Tianyang Sect.

However.

Facing the violent attacks of the four of them.

Liu Yuanguang's face was calm.

It seemed that he didn't take those fierce attacks to heart at all.

There was even a hint of sarcasm at the corner of his mouth.

He was obviously laughing at Duan Changqing and others for overestimating their own abilities.

These four people, with the power of the true gods, actually wanted to challenge him, the supreme god king.

They simply didn't know how high the sky was and how thick the earth was.

Liu Yuanguang just slapped out with a light palm.

Duan Changqing was repelled tens of thousands of miles.

Then another palm smashed the brilliant river of swords in Wanfeng Sea into pieces.

Liu Yuanguang didn't even use his own magic weapon.

He just used a pair of flesh palms.

He easily controlled Duan Changqing and the other four.

Liu Yuanguang's terrifying strength as the Supreme God King was fully demonstrated at this moment.

The more advanced the cultivators are, the more difficult it is to challenge each other.

This is even more true after reaching the God King realm.

Even the most powerful True God cultivators.

Facing the real Supreme God King, they still have no power to fight back.

In the history of the entire Chaos Sea.

There are very few people who can successfully challenge the Wuyi God King with the True God cultivation.

The strength of Duan Changqing and the other four is already very strong among many True God cultivators.

Especially Duan Changqing himself.

He has the cultivation of the Perfect True God Realm, the power of the Great Perfection of Rules, and the top-level spear magic.

His current strength.

It can be said that he has reached a certain extreme among the True God cultivators.

It is almost impossible to be stronger.

However, even so.

Duan Changqing's full-strength attack did not pose much threat to Liu Yuanguang.

As for Wan Fenghai and others.

That's not to mention.

Their rule power is only at the level of small success.

Although they all attacked hard.

However, they were all easily repelled by Liu Yuanguang with a palm.

Liu Yuanguang stood with his hands behind his back and one palm forward.

He looked at Duan Changqing and the other four with a joking look, and said lightly.

"Little True God cultivator, don't you know how big the sky is."

"Today I will let you see what the real Supreme God King is."

After saying this.

Liu Yuanguang waved his right hand.

A dazzling divine sword soon appeared in front of everyone.

The amazing spiritual power slowly emanated from the surface of the divine sword.

Liu Yuanguang drew his right hand.

The divine sword turned into a terrifying sword rain, covering Duan Changqing and others.

Seeing this situation.

Duan Changqing roared.

"Let me do it."

He shook his spear and rushed forward directly towards the rain of swords.

...

Donghua Palace, Yuanhe Temple.

Yuanhe God King suddenly stood up.

Looking at the jade talisman in his hand, he was completely stunned.

Section 970

I just received a summons from Duan Changqing.

Tianyang Sect has already mobilized in large numbers.

In order to compete for a divine crystal mine.

Tianyang Sect actually dispatched tens of millions of people.

Moreover, even Liu Yuanguang, the master of Tianyang Sect's Sifang Hall, has taken action himself.

Tianyang Sect is coming fiercely.

His wolfish ambitions are clearly revealed.

It must be a large-scale invasion of Donghua Territory.

Think of this.

Divine King Yuanhe was extremely anxious.

He is not only worried about the future of Donghua Palace.

At the same time, I am extremely worried about the current situation of Duan Changqing and others.

Duan Changqing and the four of them are the most powerful pillars of Donghua Palace.

If all four of them died.

How much strength does such a huge Donghua Palace have left?

Can you still sustain the situation on your own?

"They have to be rescued."

King Yuanhe thought silently.

In the conflict with Tianyang Sect.

Their Donghua Palace was already at a disadvantage.

Without the support of Duan Changqing and the four others, it would have been even more difficult in the future.

anyway.

He had to find a way to rescue Duan Changqing and others.

Because the current Donghua Palace really cannot afford such a loss.

Rescue is certain.

But the problem is.

How can he save it?

Although there is a teleportation array in Donghua Palace, it can reach Jiufang Continent directly.

But from Jiufang Continent, go to the place where the incident occurred.

Even if he was flying at full speed.

It will take at least nearly a month.

If that's really the case,

Wait until he passes.

I'm afraid the cucumber vegetables are getting cold.

"How to do it?"

"Is there any good way to reach the battlefield quickly?"

"Use the sky boat or the astrolabe?"

"It doesn't seem to work."

King Yuanhe was anxiously pacing back and forth in the hall.

He was thinking about what tools to use to reach the battlefield quickly.

Donghua Palace has stood in the Sea of Chaos for endless years.

Naturally, there is some background.

When it comes to speed, the most important ones are the sky boat and the astrolabe.

The Sky Crossing Boat can break through the void and shuttle forward quickly.

It is at least a hundred times faster than an ordinary chaos boat.

The fixed astrolabe allows the user to locate through the void.

Jump forward quickly in the void.

But now the situation is urgent.

Whether it is using a boat to cross the sky or using a fixed astrolabe.

It would take at least more than a day to reach the battlefield where the incident occurred.

It's simply too late.

Facing Liu Yuanguang and tens of millions of Tianyang Sect disciples.

Can Duan Changqing and others sustain it for so long?

It's obviously impossible.

"By the way, you can ask Zhang Yuhe."

God King Yuanhe had a flash of inspiration and suddenly stopped.

He suddenly remembered.

The last time we met.

Zhang Yuhe once displayed a magical teleportation power in front of him.

Able to open a channel in the void and teleport anywhere in the Sea of Chaos.

If Zhang Yuhe could directly teleport him to the battlefield.

Then wouldn't he be able to rescue Duan Changqing and others?

As for Liu Yuanguang of Tianyang Sect.

King Yuanhe didn't pay much attention.

On strength.

He thinks he is much better than Liu Yuanguang.

Although he wanted to kill Yuanliu Yuanguang directly, it was indeed difficult to do so.

But he was rescued from Liu Yuanguang's hands.

That's absolutely no problem.

King Yuanhe has this confidence.

The premise is.

He must be able to reach the battlefield in time.

"I just don't know about Zhang Yuhe's teleportation power."

"Can he only teleport himself, or can he teleport other people as well?"

"Hurry up and call Zhang Yuhe over and ask."

Think of this.

The Yuanhe Shen Dynasty held the jade talisman and quickly cast a spell.

He spoke eagerly.

"Zhang Yuhe, come to Yuanhe Hall quickly."

...

Bibo Lake, Yitianfu.

Zhang Yuhe slowly stood up from the training platform.

Look at the identity token in your hand.

He couldn't help but have some doubts in his heart.

I just received a message from King Yuanhe, and it seemed very urgent.

Could it be that something big happened?

"Forget it, just go and take a look and you'll find out."

Zhang Yuhe didn't hesitate.

I saw him making a stroke with his right hand.

A five-meter-square particle vortex slowly appeared in the void.

As the cultivation level continues to improve.

Now the particle vortex he can open has begun to gradually grow larger.

Transmission has also become more convenient.

Zhang Yuhe took one step and appeared outside Yuanhe Temple in an instant.

Before he could enter the hall.

The figure of God King Yuanhe appeared directly outside the hall.

He asked Zhang Yuhe anxiously.

"Does your teleportation power have any other restrictions? Can you teleport me to other places in the Chaos Sea?"

Hear this.

Zhang Yuhe couldn't help but be stunned.
