

## Top talent 971

Section 971

Of course there is no problem in teleporting Yuanhe God King out.

When I was in the fairy world.

He once teleported a group of Taoist ancestors back and forth across the immortal world.

But what on earth happened?

Could it be that God King Yuanhe is in a hurry to go somewhere?

Think of this.

Zhang Yuhe pondered for a while.

He asked with a confused expression.

"Palace Master, did something happen?"

...

Chapter 699 I'll come back as soon as I go

At this time, Zhang Yuhe was extremely confused.

Did King Yuanhe call him over in such a hurry just to take a flight?

It shouldn't be.

Think of this.

Zhang Yuhe was not in a hurry to answer.

Although it is not difficult to activate the magical power of teleportation and send Yuan He the King of God for a ride.

Anyway, it didn't take much effort for him.

But not before teleporting.

At least let him know what happened.

Zhang Yuhe was originally immersed in cultivation.

Being called over so suddenly.

He is still a little confused now.

King Yuanhe took a deep breath and spoke anxiously.

"Duan Changqing, Wan Fenghai and others are on the Void Continent outside Jiufang Continent."

"Encountered an ambush by Tianyang Sect."

"The Tianyang Sect has mobilized tens of millions of people, and even Liu Yuanguang, the master of the fourth hall, has appeared among them."

"I want to rush over to rescue immediately."

"If it's any later, I'm afraid it'll be too late."

"Does your magical power have any other limitations?"

"With my level of cultivation, can it be teleported?"

Before, God King Wuhe had seen the jade slips recording the infinite supernatural powers of heaven and earth.

He also roughly understands the basic principles of this teleportation magical power.

In his opinion.

The void channel opened by Zhang Yuhe should also be able to teleport other people there.

But consider.

Zhang Yuhe is only at the True God Realm, but he is at the God King Realm.

My cultivation level is too high.

Can the void channel opened by Zhang Yuhe be able to carry him through?

This is a bit hard to say.

If the void channel collapses, it will be a big trouble.

That's why God King Yuanhe asked this question.

Zhang Yuhe thought for a while.

He said calmly.

"Palace Master, I'd better go there."

"You sit in charge of the sect to prevent other accidents from happening."

"I'll go over and bring Senior Brother Duan and the others back."

Hear this.

King Yuanhe was completely stunned.

He said anxiously.

"Do you know what you are talking about?"

"Or did I not make it clear just now?"

"There are tens of millions of disciples of the Tianyang Sect, and there is also Liu Yuanguang, the true Supreme God King?"

"Are you going there?"

"Isn't that a meat bun beating a dog?"

"I don't want someone to be rescued, only to hook up with another one."

Zhang Yuhe said calmly.

"Palace Master, please rest assured."

"Liu Yuanguang is just an ordinary God King."

"He can't stop me."

"I'll be back as soon as I go."

After saying this.

I saw him making a stroke with his right hand.

A small vortex of particles slowly appeared in the void.

Zhang Yuhe took one step forward and quickly disappeared from outside the hall.

Look at the slowly closing particle vortex.

King Yuanhe almost jumped with anger.

Are all the current generation of disciples so brave?

Knowing that there are tens of millions of people on the other side, and there are also god-king monks sitting there.

Zhang Yuhe just teleported over like this?

"wrong."

"I seem to have missed something crucial."

King Yuanhe suddenly thought of something.

"There seemed to be something wrong with the aura on Zhang Yuhe's body just now."

"If I'm not mistaken, it should be the eighth level of the True God Realm."

Think of this.

King Yuanhe was completely stunned.

He muttered to himself.

"How long has it passed? It seems less than 300 million years."

"I rushed all the way from the False God Realm to the eighth level of the True God Realm."

Recalling Zhang Yuhe's cultivation journey into Donghua Palace.

King Yuanhe couldn't help but be shocked.

Zhang Yuhe entered Donghua Palace in less than 300 million years.

He has cultivated all the way to the eighth level of the True God Realm.

What a heaven-defying cultivation speed is this?

Normally.

After a monk reaches the True God Realm, his cultivation progress will be slow.

Although there is no shortage of peerless talents in the sea of chaos.

But like Zhang Yuhe.

After reaching the True God Realm, not only did the cultivation speed not slow down.

On the contrary, none of the people who were getting faster and faster appeared.

Because this is something that goes against common sense.

Throughout the history of the Chaos Sea.

Within tens of millions of years, there have been many people who have been promoted to the realm of true gods.

However, in tens of billions of years, no one has broken through to the realm of God King.

It can be seen from this.

After reaching the True God Realm, cultivation is so difficult.

However, Zhang Yuhe seems to be an existence that goes against common sense.

It only took him less than 300 million years.

Section 972

He broke through from the first level of Virtual God Realm to the eighth level of True God Realm.

It was as if nothing could stop him from moving forward.

There was nothing that could even slow him down.

If this continues.

Then he will be promoted to the God King realm in the future.

How much longer will it take?

A billion years?

Or two billion years?

King Yuanhe simply didn't dare to think about it.

"It seems that our Donghua Palace is really going to produce an unprecedented genius."

Thinking of Zhang Yuhe's current level of cultivation.

Yuanhe Shenwang no longer worried.

What a joke.

Back then, Zhang Yuhe had just broken through to the True God Realm.

On the Tianfeng Continent, Wu Wei, the leader of the Bolin Sect, was killed.

Now his cultivation level has reached the eighth level of True God Realm.

Will he still be unable to defeat Liu Yuanguang?

If we really want to talk about strength.

Liu Yuanguang doesn't know how to do it, he is much better than Wu Wei.

Maybe even weaker.

Even if it is suppressed by the original rules.

Wu Wei can also display his true god-level strength.

An ordinary god king monk.

In front of Wu Wei, he really couldn't take any advantage.

Zhang Yuhe could beat Wu Wei to death back then.

Do you still need to be afraid of Liu Yuanguang now?

Think of this.

King Yuanhe finally breathed a sigh of relief.

He stood outside the main hall, quietly looking into the void in the distance.

He seemed to see a bright new star rising.

...

On the battlefield of the Void Continent.

As Liu Yuanguang sacrificed the divine sword.

The situation of Duan Changqing and others became even worse.

The rain of swords from the sky suppressed them completely, leaving them unable to fight back.

This is because Duan Changqing has been working hard to stay in front.

Otherwise.

Wan Fenghai, Fu Feixue, and Sun Zhenshan were probably already struck by that terrifying sword rain.

It was stabbed directly into ashes.

Liu Yuanguang stands in the void.

He carries his right hand behind his back.

The left hand kept pinching the magic formula.

Sword rain filled the sky and covered the earth.

Autumn breeze and drizzle sword.

This is Liu Yuanguang, one of the strongest magical powers.

Although he seemed indifferent.

It seems that he is quite disdainful towards Duan Changqing and others.

But when taking action.

Liu Yuanguang showed no mercy.

Taking action is the ultimate move.

In fact, he knew it very well.

Top true god cultivators like Duan Changqing.

Not that easy to kill.

Although he could, he always had the upper hand and suppressed the opponent.

But to say that it is easy to win is not that simple.

Otherwise.

Why would Liu Yuanguang allow so many Tianyang Sect disciples to form a huge encirclement on the outside?

He was just worried.

If anyone is not careful, Duan Changqing and others will run away.

For this day.

Liu Yuanguang had been planning for a long time.

He would not let Duan Changqing and others escape from him easily.

And he wants to use this to force God King Donghua to show up.

If Duan Changqing and others ran away.

Then how can you force God King Donghua to show up?

Aren't all the previous plans going to come to nothing?

It is precisely because of this.

Liu Yuanguang took action without mercy.

He enveloped all directions with his sword of autumn wind and drizzle.

At the same time, let the disciples of Tianyang Sect spread out layers of encirclement around the perimeter.

It is to ensure that Duan Changqing and others have no way to escape.

Judging from the current situation.

His goal has been basically achieved.

Now it depends on whether the Donghua God King will appear.

Duan Changqing shook his spear.

The powerful Sky-Splitting Rule seems to tear apart the void.

It quickly moved toward Liu Yuanguang and enveloped him.

However.

The layers of drizzle-like sword light were constantly wiping away his powerful power of rules.

As a result, Duan Changqing was unable to transmit the Sky-Splitting Rules to Liu Yuanguang.

And he frequently uses the power of rules.

It was very taxing on him.

Duan Changqing knows.

He couldn't hold on much longer.

Maybe next moment.

Will be penetrated by the dense rain of swords.

despite this,

Duan Changqing didn't give up either.

Either rise in battle or perish in battle.

"kill....."

Duan Changqing roared.

He waved his spear and killed Liu Yuanguang again.

The way of gun is to advance but not to retreat, and the most important thing is to kill.

If you are discouraged.

I'm afraid it's time for me to fall.

Only by moving forward bravely can we have a chance of survival.

Even this hope is already very slim.

But Duan Changqing felt that he still had to give it another try.

Even if not for himself.

For the three junior brothers Wan Fenghai, Fu Feixue and Sun Zhenshan.

Section 973

For the future of Donghua Palace.

He couldn't give up.

Fight to the death.

In order to achieve the ultimate sublimation.

...

Chapter 700 He couldn't turn the tables

Although Duan Changqing fought back vigorously.

However.

Facing Liu Yuanguang's dense sword rain.

He was already feeling more and more powerless.

Liu Yuanguang's suppression in realm.

Duan Changqing's attack couldn't get close at all.

Before he really started.

He was still thinking.

He had already comprehended the rules of the sky-splitting to the realm of perfection.

The gap between him and Liu Yuanguang shouldn't be too big.

Isn't it just a level of the God King realm?

If he fought half of his life.

Not to mention fighting Liu Yuanguang on equal terms.

At least it could bring a certain threat to the other party.

But now it seems.

Obviously he thought too much.

The gap between the Supreme God King and the True God Perfection.

is far beyond his imagination.

He was simply beaten.

In fact, Duan Changqing is still good.

Facing Liu Yuanguang, the rain of swords falling from the sky.

He could still fight back with all his might.

Although his counterattack would not bring too much threat to Liu Yuanguang.

But at least he was not being beaten passively.

If there were not so many Tianyang Sect disciples outside the Void Continent.

If Duan Changqing wanted to leave.

Liu Yuanguang might not be able to keep him.

Compared with Duan Changqing.

Wan Fenghai and others were obviously more unbearable.

At the beginning.

The three of them could still show their magical powers.

Follow Duan Changqing to besiege.

However.

When Liu Yuanguang displayed the Autumn Wind and Rain Sword Magic.

They were completely powerless.

Facing the majestic rain of swords.

They were exhausted and couldn't even protect themselves.

If Duan Changqing hadn't covered them with the rules of the sky-breaking rules and barely protected them.

They would have been pierced into sieves by the terrifying rain of swords.

As for the counterattack?

That would be a bit difficult for them.

They are not as good as others in realm and rules.

They are not as good as others in magical powers and artifacts.

How to fight?

They are not suitable to participate in this level of battle.

The gap is too big.

They basically can't help Duan Changqing much.

Even to a certain extent.

Wan Fenghai and the other two have become a burden to Duan Changqing.

If Duan Changqing was alone.

It would be more convenient.

He still has a certain degree of autonomy whether he wants to fight or retreat.

Now he has to protect Wan Fenghai and the other two, and he can't even run.

As long as he runs.

In an instant.

Wan Fenghai and the other two will fall in the dense sword rain.

As time slowly passed.

Facing Duan Changqing's violent attack.

Liu Yuanguang seemed to become a little impatient.

He just drew the sword formula.

The sword rain gathered quickly.

Soon formed a huge long sword.

The long sword was like a stream of light, as if it had crossed time and space, and it instantly chopped towards Duan Changqing.

"Not good."

Seeing this situation.

Duan Changqing couldn't help but scream.

He quickly shook the long spear in his hand and rushed towards the sword light that was chopped in front of him.

Boom...

The long spear and the sword light collided violently.

Duan Changqing spit out a mouthful of blood and retreated hundreds of thousands of miles continuously.

His face turned pale.

Before he could catch his breath.

Liu Yuanguang pinched the magic formula with his left hand.

The long sword quickly turned around and chopped towards Duan Changqing again.

"Senior Brother Duan, be careful."

Seeing this situation.

Wan Fenghai in the distance couldn't help but be very anxious.

Liu Yuanguang's full-strength attack just now had already severely injured Duan Changqing.

Now the long sword chopped down again.

Duan Changqing might not be able to block it.

Wan Fenghai waved his right hand.

The long sword cut through the void, and the dazzling sword light illuminated the sky.

The sword light was like a long river hanging in the sky, trying to intercept Liu Yuanguang's sword.

However.

The dazzling sword river, facing Liu Yuanguang's sharp sword light.

It was like tofu, and was pierced through in an instant.

Wan Fenghai tried his best to intercept it.

It didn't work at all.

The long sword still turned into a stream of light and chopped down towards Duan Changqing quickly.

"Senior Brother Duan..."

Wan Fenghai roared.

He was completely desperate.

Seeing Duan Changqing was about to be killed by Liu Yuanguang's sword.

Section 974

There was nothing they could do.

The strength gap is too big.

They even couldn't stop Liu Yuanguang at all.

Just at this time.

A small vortex of particles slowly appeared in the void.

Zhang Yuhe stepped out of the whirlpool.

Um!

Seeing Duan Changqing retreating injured.

A terrifying divine sword was slashing towards him.

"snort."

Zhang Yuhe couldn't help but snorted, and he didn't have time to think too much.

In an instant, he flashed his body and stood in front of Duan Changqing.

I saw him making a fist with his right hand and punching the oncoming divine sword with one fist.

Boom...

The huge sound shook the world.

The terrifying air wave instantly swept across the entire Void Continent.

Even the Chaos Boats of the Tianyang Sect on the periphery were overturned.

Zhang Yuhe knocked back Liu Yuanguang's divine sword with a casual punch.

He stood with his hands behind his hands and looked into the distance with a cold expression.

"Junior Brother Zhang."

Saw Zhang Yuhe suddenly appeared.

Wan Fenghai and others were both excited and extremely shocked.

They never thought that Zhang Yuhe would come to the rescue.

If there is someone in Donghua Palace who can save them.

That should be the God King Yuanhe.

Why did Zhang Yuhe suddenly appear here?

Words that shocked them even more.

When did Zhang Yuhe's strength become so terrifying?

Just a random punch.

Then Liu Yuanguang's divine sword was knocked away.

What the hell.

Even the Divine King Yuanhe is not that powerful, right?

Could it be that Zhang Yuhe has been promoted to the realm of God King?

No way.

How long has it been since Zhang Yuhe practiced Taoism?

How is it possible to be promoted to the Supreme God King?

Moreover, the way Zhang Yuhe appeared also made them very puzzled.

It was as if it appeared out of thin air.

To know.

There are tens of millions of Tianyang Sect disciples outside this Void Continent.

When did Zhang Yuhe come?

How did you get here?

They didn't even notice it.

Although I was very shocked.

But Wan Fenghai and others had no time to think too much now.

They quickly flew behind Zhang Yuhe.

Big thick legs.

Now they were saved.

Zhang Yuhe looked back at Duan Changqing and asked with concern.

"Senior Brother Duan, are you okay?"

"Fortunately, the injury is not too serious. You can recover as long as you rest for a while."

Duan Changqing took a deep breath, and his face gradually turned rosy.

He said solemnly.

"You have to be careful. Liu Yuanguang's strength is extremely terrifying, so don't be careless."

I saw Zhang Yuhe take action just now.

Duan Changqing knows.

Zhang Yuhe is now very strong.

At least much stronger than myself.

But he couldn't help but remind him.

Because Liu Yuanguang's strength is really terrifying.

He was worried that Zhang Yuhe would be careless and fall into the other party's trap.

If that were to happen, it would be troublesome.

Zhang Yuhe said calmly.

"It doesn't matter, it's just a three-step god king, he can't change the world."

"You guys stay back a little bit and wait until I kill Liu Yuanguang."

"Let's see if we should go to Tianyang Territory and sweep away Tianyang Sect as well."

Wan Fenghai supported Duan Changqing and slowly retreated.

The level of this battle is too high.

They can't help if they stay here.

It's better to withdraw as much as possible.

So as not to affect Zhang Yuhe's performance.

At the same time, everyone also has some expectations.

They wanted to see if Zhang Yuhe could beat Liu Yuanguang to death in one fell swoop.

The True God monks rebelled against the Supreme God King.

If it succeeds, it will definitely be a big event that shakes the world.

Liu Yuanguang stretched out his right hand and grabbed the divine sword back into his hand.

He turned to look at Zhang Yuhe, his expression becoming a little solemn.

...

Chapter 701 Let's take advantage of you

Looking at Zhang Yuhe in the distance.

Liu Yuanguang's expression was extremely solemn.

Of course he can see it.

The aura on Zhang Yuhe's body was nothing but the eighth level of the True God Realm.

Not even as good as Wan Fenghai and others.

However.

Just now, Zhang Yuhe just punched out casually.

General's divine sword was blown away.

Even the spirituality on the natal divine sword was slightly damaged.

What kind of strength is this?

Liu Yuanguang knew it very well.

Just now he attacked with all his strength and didn't hold anything back.

Moreover, his natal divine sword was made from extraterrestrial divine iron.

It is a true divine weapon.

despite this.

Still unable to block Zhang Yuhe's punch.

How could a person from the eighth level of the true god realm be so terrifying?

Liu Yuanguang felt very puzzled.

Moreover, the way Zhang Yuhe appeared just now was also a bit strange.

It seems to be traveling through the void.

Section 975

What kind of strength is needed to travel through the void in the Sea of Chaos?

Liu Yuanguang had never heard of it.

Even those eternal emperors seem to be unable to do it.

Could it be that this handsome young man in front of me is a top emperor?

Think of this.

Liu Yuanguang couldn't help but shake his head.

Although he has never met Zhang Yuhe.

But as the master of the Sifang Hall of Tianyang Sect.

He basically knows something about the True God disciples in Donghua Palace.

Liu Yuanguang had also seen information about Zhang Yuhe.

If he remembered correctly.

Zhang Yuhe should have just been promoted to the True God Realm about 200 million years ago.

And he was still in Tianfeng Continent, destroying their Tianyang Sect's plan.

But the problem is.

Is this handsome young man in front of me really Zhang Yuhe?

Probably not?

Could it be someone with the same name?

wrong.

Wan Fenghai and others seemed to be calling Junior Brother Zhang just now.

It should be the same person.

Think of this.

Liu Yuanguang couldn't help but took a breath of cold air.

What kind of genius is this?

It actually only took 200 million years to break through from the first level of the True God Realm to the eighth level of the True God Realm.

And the strength is so terrifying.

"This child must not be kept."

"It must be eliminated as soon as possible."

"Otherwise, it will become a serious problem for Tianyang Sect in the future."

Liu Yuanguang thought silently.

He quickly took out a black token.

After playing a magic formula.

He said in a deep voice.

"Come and help me quickly, and together we will destroy these Donghua Palace disciples."

"Yes, Palace Master."

Following Liu Yuanguang's order.

On the outer Chaos Boat, hundreds of figures soared into the sky at the same time.

They were originally guarding the perimeter to prevent Duan Changqing and others from escaping.

As for the real battle, they don't need to intervene.

The palace master can solve it alone.

In their view.

After all, Liu Yuanguang was a true supreme divine king.

Taking down four Donghua Palace True God disciples was naturally a piece of cake.

However.

With the arrival of Zhang Yuhe.

The situation changed instantly.

Liu Yuanguang was not sure that he could take down Zhang Yuhe and others alone.

He needs to find some help.

Fortunately, they came prepared this time.

The tens of millions of Tianyang Sect disciples around him were Liu Yuanguang's confidence.

He still doesn't believe it.

There are so many people there.

Will Zhang Yuhe be killed?

No matter how incomparable you are, you will be a genius.

Faced with the siege of tens of millions of people, I still had to cry on the spot.

Not to mention Zhang Yuhe, he is still just a True God cultivator.

Even an ordinary supreme god king.

He couldn't even think of killing through such a huge team of Tianyang Sect.

Zhang Yuhe stands tall in the sky.

Looking at the hundreds of Tianyang Sect disciples surrounding him, they were slowly surrounding him.

He couldn't help but smile.

Although these Tianyang Sect disciples are pretty good in strength.

Almost all of them are at the seventh level of True God Realm or above.

But so what?

What he is least afraid of is group battles.

Who can besiege him?

A weak chicken is a weak chicken.

Are a group of weak chickens not weak chickens?

Although Tianyang Sect has tens of millions of disciples around this Void Continent.

But Zhang Yuhe never took these people seriously.

What's the use of having more people?

It's just a sword formation.

The only thing he cared about was Liu Yuanguang in the distance.

This is a true supreme divine king.

to be honest.

Ever since he left the fairy world and came to this sea of chaos.

The supreme god king Zhang Yuhe has ever seen, if you don't count those extraterrestrial evil gods.

Liu Yuanguang is still the second one.

The other one is King Yuanhe of Donghua Palace.

Zhang Yuhe has been practicing in the Sea of Chaos for nearly 300 million years.

He has never even killed a true Supreme God King.

Think of this.

Zhang Yuhe looked at Liu Yuanguang in the distance and murmured to himself.

"I'll take advantage of you today."

After saying this.

He decisively activated the magical power of Hunyuan Guiyi.

Since the creation of the God and Demon Clone Technique.

Zhang Yuhe no longer held back.

Before every battle, the ultimate move will be activated.

The critical moment has never come before.

He would always keep the magical power of Chaos Unification and be reluctant to use it easily.

Because this is his strongest life-saving trump card.

If you go big, you have to win.

But now it's completely unnecessary.

Anyway, he still has nine clones.

I haven't beaten one at the big level, and I can get eight more.

Just keep a clone and hide it to save your life.

Other clones, including the main body, can rush up directly.

No reservations are required.

Zhang Yuhe now is not afraid of any danger.

No one can kill him.

Section 976

That being the case.

Then why keep this trump card?

Wouldn't it be better to activate the ultimate move directly and kill the enemy neatly?

The terrifying aura continued to rise in Zhang Yuhe.

The eighth level of the True God Realm, the ninth level of the True God Realm.

soon.

Zhang Yuhe's cultivation has broken through the barrier of the God King Realm.

Not only that.

The aura on his body was still rising crazily.

After rushing to the eight-step divine king realm, he slowly stopped.

See this situation.

Everyone else around was completely stunned.

Especially Liu Yuanguang in person.

He could hardly believe his eyes.

It was obvious that Zhang Yuhe's cultivation just now was only at the eighth level of the True God Realm.

How suddenly.

Just rushed to the eight-step divine king realm?

Stronger than myself.

How is this possible?

However.

Liu Yuanguang stood there in a daze.

Zhang Yuhe was not idle.

I saw him wave his right hand.

The nine divine swords appeared in a flash and soon fell on the outside of the Void Continent.

Follow the magic formula and pinch it.

A huge sword energy light curtain slowly rose in the distance.

The powerful sword energy light curtain even gathered the Chaos Boats from the Tianyang Sect on the periphery.

All covered in it.

See this situation.

Liu Yuanguang suddenly woke up, and he couldn't help shouting loudly.

"No, quickly break the sword energy light barrier outside."

Although he doesn't know.

What is Zhang Yuhe's purpose in setting up this huge sword energy light curtain?

But he knows.

It is definitely not a good thing to be under the opponent's sword formation.

The sword formation must be broken as soon as possible.

Moreover, Zhang Yuhe's aura at this time was already extremely terrifying.

If you don't move quickly, the sword formation will be broken.

If Zhang Yuhe waits, activate the killing energy in the sword formation.

I'm afraid that all the Tianyang Sect disciples on the periphery will suffer.

Even he himself might be trapped in this sword formation.

Unfortunately.

Liu Yuanguang's reaction was still too slow.

Following Zhang Yuhe, he moved the magic formula.

The boundless sword energy swept across the entire world in an instant.

The sword energy carries the majestic rules of the wave path.

In an instant, all the Tianyang Sect disciples on the periphery were swept into ashes.

Even those huge chaos ships.

He was also shaken by the constant cutting and shaking of those terrifying invisible sword energies.

Soon it turned into a ball of powder.

Zhang Yuhe unfolded the sword formation with one move.

Tens of millions of Tianyang Sect troops were swept into the garbage heap of history by him in an instant.

All dead.

The only one left at the scene was Liu Yuanguang, the polished commander.

...

Chapter 702 So cowardly

The boundless sword energy swept across and killed all the Tianyang Sect disciples in an instant.

See this situation.

Liu Yuanguang was completely stunned.

What kind of magical power is this?

Why is there such terrifying power?

What the hell.

Is it a magical power that a true god monk can display?

Liu Yuanguang was panicked.

The originally mighty Tianyang Sect army.

In an instant, he was the only one left, a polished commander.

To know.

These Tianyang Sect disciples are not just cabbages.

Except for the disciples of the True God, all the others have cultivation in the False God realm.

Each one is truly elite.

If scattered throughout the Chaos Sea.

Every one of these Tianyang Sect disciples is a big shot.

However.

Tens of millions of elite disciples.

After being swept by Zhang Yuhe with a sword formation.

It all turned into ashes.

There is no difference whether he is a disciple of the True God or a disciple of the False God.

Under the terrifying power of the sword formation, they all disappeared silently.

It was as if something terrible had suddenly descended on this continent.

Just wipe them all out.

What kind of sword array magical power is this, and how terrifying is it?

Liu Yuanguang has never seen such terrifying power,

Even the top Supreme God King takes action.

It's not that scary.

Such a powerful sword array magical power.

Can you stop it yourself?

At this time, Liu Yuanguang was as panicked as an old dog.

he knows.

Faced with such a terrifying sword array magical power.

I guess I can't stand it.

At most, he might die after a few rounds of invisible sword energy.

run.

You have to run quickly.

If you don't run again.

He was about to follow in the footsteps of those Tianyang Sect disciples.

Think of this.

Liu Yuanguang no longer hesitated.

He quickly put away the divine sword in his hand and held out a silver shield.

Transform into rain shield.

Section 977

Liu Yuanguang mainly practices water-attributed skills.

So the artifacts he controls are also water-attributed artifacts.

This Huayu Shield is the same as the Qiufeng Sword before, and is also a true Divine King artifact.

Divine King artifacts are extremely precious.

Not all Divine King cultivators can get them.

Because each of the materials for refining Divine King artifacts is extremely rare.

Even in the entire Chaos Sea, no material can be found.

If you want to obtain the materials for refining Divine King artifacts, you have to go to the outer river to take risks.

Liu Yuanguang only has two Divine King artifacts.

One for attack and one for defense.

Such a configuration is already quite good.

That is, the Tianyang Sect is a big family.

They have many supreme Divine Kings who sit in the outer Tianguan all year round.

Naturally, they will go to the long river to find their own opportunities.

Over the years.

Tianyang Sect has indeed accumulated a lot of materials for refining Divine King artifacts.

Otherwise.

Divine King cultivators like Liu Yuanguang who never go to the outer river to take risks.

It is very difficult to get even one Divine King weapon.

Only a Divine King cultivator from a big power like the Tianyang Sect can enjoy this treatment.

Liu Yuanguang quickly pinched the magic formula.

The drizzle shield flashed with light and instantly floated above his head.

The drizzle continued to fall.

All the fast-attacking sword energy was blocked at the periphery.

Seeing this situation.

Liu Yuanguang's face did not show any joy.

He knew.

Now it was just temporarily blocking the attack of the sword energy.

It couldn't last long.

He had to run away quickly.

If it was a little later, he might not be able to run away.

The sword energy was like a raging tide, still sweeping in quickly.

The majestic wave of Dao rules kept hitting the silver shield.

The drizzle shield soon had a slight vibration.

It seemed that there were some signs that it could not hold up.

Liu Yuanguang didn't even think about it.

He turned his head and flew into the distant void under the drizzle falling from the shield light.

While Liu Yuanguang was running for his life, he took out a token and shouted frantically.

"Master, the operation failed, something big happened."

"Zhang Yuhe, the disciple of the True God of Donghua Palace, is a peerless genius."

"This person not only has a very fast cultivation speed, but it only took 200 million years to break through from the first level of the True God Realm to the eighth level of the True God Realm."

"And he can also instantly burst his cultivation from the eighth level of the True God Realm to the level of the Eight-Step God King."

"The strength is extremely terrifying."

"Such a person, once he is allowed to grow up."

"It will definitely be a big problem for my Tianyang Sect."

"The other disciples have all died, and I am returning to the sect quickly."

"Please make a decision quickly, Master."

After informing the Tianyang God King of the information.

Liu Yuanguang put away the token and continued to run forward.

He looked back.

He found that Zhang Yuhe was still standing there and did not continue to chase.

Seeing this situation.

Liu Yuanguang couldn't help but breathe a sigh of relief.

Although he originally felt

Zhang Yuhe's sudden burst of strength should not last too long.

Even if he caught up, he might not be able to do anything to him.

In any case.

He was a true three-step God King.

Let alone Zhang Yuhe, who only temporarily burst his cultivation to the level of the eight-step God King.

Even if the real eight-step God King descended.

It would not be so easy to kill him.

Despite this.

Seeing that Zhang Yuhe did not catch up.

Liu Yuanguang was still relieved.

He did not intend to continue to turn back and provoke Zhang Yuhe.

Although he thought.

Zhang Yuhe's strong burst should not last too long.

As long as it dragged on for a while.

Maybe he could knock Zhang Yuhe, the peerless genius, down to the dust.

But Liu Yuanguang still did not turn back.

Guess is just a guess after all.

It can't be accurate.

If he guessed wrong.

Turning back at this time.

Wouldn't that mean he was sending himself to death?

Although he had some guesses in his mind.

But Liu Yuanguang did not want to take risks.

He had finally cultivated to the Supreme God King.

He hasn't enjoyed the world's freedom enough.

He doesn't want to go back and test it.

Whether Zhang Yuhe is really that strong.

Or he is just bluffing.

Liu Yuanguang doesn't want to look back.

He just wants to run away, the farther away from Zhang Yuhe, the killing god, the better.

It's best to return to Tianyang Sect as soon as possible.

There.

He has the protection of Tianyang God King.

Only then will he feel a little safe.

Zhang Yuhe stood tall in the sky.

When he saw Liu Yuanguang, he suddenly turned around and ran away.

He couldn't help laughing.

This Tianyang Sect's Four-sided Hall Master is really too cowardly.

Facing a true god cultivator like himself.

He actually turned around and ran away.

He didn't even dare to try to test it.

It's simply a disgrace to the God King cultivator.

Such a scumbag.

Can he also be called the Supreme God King?

Don't you feel embarrassed?

Looking at the direction Liu Yuanguang ran away.

Section 978

Zhang Yuhe couldn't help but snorted coldly.

"Hmph, even if I let you run away thousands of miles away, so what?"

"Can you still escape the palm of my hand?"

Just when Liu Yuanguang was about to run out of the Void Continent.

Zhang Yuhe took action.

I saw him quickly using the magic formula.

The huge sword array covering the continent suddenly disappeared.

Instead, a terrifying golden giant sword hung in the sky.

The nine swords merge into one, and gods and demons slay the sky.

This is Zhang Yuhe's most powerful attack method.

Once the sword light comes out, it can kill the sky and destroy the world.

"cut."

Zhang Yuhe waved his right hand and gave a light drink.

The golden giant sword crossed the void, as if it was splitting the entire world.

The dazzling sword light struck Liu Yuanguang instantly with huge pressure.

Liu Yuanguang, who was running away quickly, suddenly froze.

It seemed like it was imprisoned by some terrible force.

Liu Yuanguang looked back with difficulty.

When he saw the giant sword flying across the sky and slashing towards him quickly.

Liu Yuanguang's heart was split with fear, and he screamed in horror.

"No."

The golden giant sword in the sky carries terrifying divine power.

He actually imprisoned him in place, unable to move.

It was as if he felt that the god of death was waving to him.

Liu Yuanguang was completely panicked.

He doesn't want to die.

He has not enjoyed enough of all the good things in the world.

He wants to live.

Think of this.

Liu Yuanguang waved his right hand.

The Autumn Wind Sword appeared in a flash.

With the infusion of majestic divine power.

The divine sword turned into a stream of light and headed straight towards the giant sword that was slashing down.

However.

Zhang Yuhe's nine swords merged into one, with a power as powerful as gods and demons slaying the sky.

How can it be stopped by a mere god-king weapon?

Boom...

The giant sword crossed the sky and instantly split Liu Yuanguang's divine sword into pieces.

The loud noise that shook the sky made the whole world seem to have lost its voice.

The giant sword was unstoppable and continued to slash straight down.

"don't want."

Liu Yuanguang screamed in horror.

At this time he was completely desperate.

He didn't know what kind of magical power Zhang Yuhe was using?

How could it be so terrible?

His natal divine sword couldn't even stop him from breathing.

But there is one thing.

Liu Yuanguang knew it very well.

That is.

He will be finished soon.

No one can save him now.

...

Chapter 703 A little too much force

Looking at the golden giant sword crossing the sky, the terrifying divine power quickly struck.

Liu Yuanguang was completely desperate.

Under the cover of that terrifying divine power.

He couldn't even move.

The golden giant sword has not yet arrived.

The terrifying power of rules has swept over quickly.

Liu Yuanguang reluctantly activated his divine aura, and the drizzle shield guarded the top of his head with difficulty.

However.

When the terrifying wave path rules swept past.

Only a crisp click was heard.

The solid drizzle shield was instantly shattered into countless fragments.

Before the pieces could disperse.

The golden giant sword had already struck down with great power.

"No....."

Liu Yuanguang only had time to let out an unwilling roar.

Soon, he was cut into ashes by the sharp sword light.

Boom...

After the golden giant sword struck Liu Yuanguang to death.

The remaining momentum remains unabated.

The sword light passed between heaven and earth and struck directly on the void continent.

There was a loud noise that shook the sky.

The terrifying aftermath swept across all directions, spreading far beyond the endless void.

This continent is rich in divine crystal mineral veins.

It is completely unable to carry the terrifying power of the Gods and Demons Zhutian.

The entire continent began to slowly disintegrate.

Then it becomes like loose sand.

Gradually disappear into the void.

After Zhang Yuhe activated the magical power of Hunyuan Guiyi, he burst out with the most powerful strength.

Display the most terrifying magical powers.

Gods and demons kill the sky.

Cut it down with one sword.

Not only did Liu Yuanguang, the powerful master of Tianyang Sect's Sifang Hall, be directly chopped into ashes.

It even split the entire Void Continent into pieces.

The sword light spread across the sky and the earth, as if it were destroying the world.

Wherever it passes, everything dies.

See the terrible scene around you.

Zhang Yuhe himself was stunned.

He knows that he is very strong now.

After activating the magical power of Hunyuan Guiyi.

Cultivation reaches the level of the Eight-step God King.

Such cultivation strength.

No matter where it is placed in the Sea of Chaos.

Those are the top powers of one side.

It should be stronger.

But Zhang Yuhe didn't expect it at all.

After he exploded with all his strength, he became so terrifyingly strong.

Section 979

Just a slash of the sword.

He killed a three-step god king.

And incidentally, it also shattered a huge piece of land.

To know.

The area of this void continent is really not small.

It is almost one-tenth the size of Tianfeng Continent.

Compared with the Xilinjiao that Zhang Yuhe met for the first time in the Sea of Chaos.

The area is much larger.

Such a big piece of land.

It was actually chopped into pieces by his sword.

See this situation.

Zhang Yuhe couldn't help feeling numb.

He smiled slightly and murmured to himself.

"It seems like you've used too much force."

One sword shattered the entire continent.

Zhang Yuhe felt that he was becoming more and more inhuman.

If it moves, it will destroy heaven and earth.

Is that human being?

Those gods in ancient legends are probably nothing more than this.

Zhang Yuhe stood quietly in the sky.

I saw him wave his right hand.

A tall pagoda suddenly appeared.

The pagoda sheds light.

Collect all the various items scattered around.

The number of divine crystal veins across an entire continent is truly terrifying.

Too many to count.

Zhang Yuhe didn't even need to dig.

There are so many people in Tianyang Sect who have been busy for more than a year.

Not as fast as his sword.

The entire continent was split into pieces by him. Does he still need to dig up those divine crystals?

The huge mineral veins have long been transformed into pieces of divine crystals, scattered in the endless void.

Zhang Yuhe only needs to sacrifice his magic weapon and collect these divine crystals.

It's simply not too convenient.

Except for the scattered divine crystals.

Zhang Yuhe had wiped out tens of millions of Tianyang Sect disciples before.

Although he was a little violent.

Most of the items belonging to the disciples of Tianyang Sect were affected by his terrifying power.

It was directly shaken into powder.

But before, there were so many Tianyang Sect disciples outside the Void Continent.

There are still many items that survived that terrifying power.

for these items.

Zhang Yuhe did not let go at all.

All of them were happily collected into the pagoda.

Although he is not short of money now.

King Yuanhe filled his identity token with countless contribution points.

As long as he wants.

It can even transport the entire treasure house of Donghua Palace.

But the things in the treasure house of Donghua Palace are not as good as those earned by oneself.

The items left behind by tens of millions of Tianyang Sect disciples around here.

But he earned it all by himself.

Can this be the same?

Waste is shameful.

All must be put away.

Zhang Yuhe was happily walking around, quickly collecting various scattered items.

The only fly in the ointment is.

Everything on Liu Yuanguang's body was chopped into dregs by the gods and demons' heaven-killing powers.

Not even a complete artifact was left behind.

Thinking of the two divine weapons that Liu Yuanguang sacrificed before.

Zhang Yuhe couldn't help but feel a little pain in his body.

"It's so careless."

"If I had known he was so weak, I should have stopped using so much force just now."

"It's a pity that there are two divine king weapons."

Zhang Yuhe, the envoy to the pagoda, happily collected items from everywhere.

He was even a little annoyed.

Because I used too much force just now, I caused huge losses to myself.

At this time, Duan Changqing and others in the distance were completely stunned.

Wan Fenghai said to himself in a daze.

"Is that really Junior Brother Zhang?"

"When did he become so scary?"

"Liu Yuanguang is a true supreme divine king."

"Just let him be killed with a sword?"

Wan Fenghai simply couldn't believe his eyes.

It is also the realm of true gods.

How could Zhang Yuhe be so fierce?

Just now, Liu Yuanguang was beating the four of them like a dog to death.

If it weren't for Duan Changqing, who understood the rules of splitting the sky and reached the Dacheng state.

It is estimated that the four of them were beaten to death by Liu Yuanguang long ago.

However, Zhang Yuhe took action.

Liu Yuanguang was killed in an instant.

The contrast in this.

It's really hard to accept.

This is so fucking fake.

At this time, Wan Fenghai felt as if he was in a dream.

Originally he thought.

I am dead today.

No one can save him.

However.

With Zhang Yuhe appearing.

The four of them emerged safe and sound.

Instead, Liu Yuanguang, the terrifying Supreme God King, was killed by Zhang Yuhe's sword.

Not only that.

Even the tens of millions of Tianyang Sect disciples were wiped out by Zhang Yuhe.

What kind of strength is this?

Can a True God cultivator really be so fierce?

Wanfenghai can't imagine it at all.

Because this is completely beyond his knowledge.

In fact.

Not only Wan Fenghai, but also Duan Changqing and the three people next to him were also completely stunned.

They have never seen such a terrifying True God cultivator.

To be precise.

## Section 980

They had never heard that a True God cultivator would be so fierce.

It would be fine if he could kill the Supreme God King.

In the history of the Chaos Sea.

Such a peerless genius had appeared before.

But it was so easy for Zhang Yuhe to just strike out with one sword.

He directly chopped a Supreme God King into ashes.

Not only that.

The residual power of the sword.

He even chopped off a continent.

Such a fierce True God cultivator.

There should have never been one in the history of the entire Chaos Sea.

Thinking of this.

Duan Changqing couldn't help but mutter to himself.

"Is our Junior Brother Zhang the incarnation of the Heavenly Dao?"

"Why is he so fierce and terrifying."

...

## Chapter 704 Destroyed the Tianyang Sect

Duan Changqing and the other four were completely frightened.

So much so that they didn't dare to step forward to greet Zhang Yuhe for a while.

How could he not be afraid?

The former junior brother.

Now he has become a ruthless man who can kill the Supreme God King with one sword.

The contrast is really too big.

They couldn't adapt to it for a while.

Everyone was just stunned, looking at the handsome figure in the distance, busying around.

After a long time.

Zhang Yuhe finally put all the items scattered around into the pagoda.

He didn't even let go of a divine crystal.

He picked up everything he could see.

Waste is shameful.

Refuse to waste.

About this.

Zhang Yuhe has been doing very well.

After putting away the pagoda.

Zhang Yuhe looked back at Duan Changqing and others.

He smiled and said.

"Brothers, are you all okay?"

"It's okay, it's okay."

Wan Fenghai responded numbly.

Even in his heart, he was still silently complaining.

All the people in Tianyang Sect were killed by you.

What else can we do?

Can the dead bring us any surprises?

After everyone was polite for a while.

Duan Changqing said solemnly.

"Junior Brother Zhang, let's leave here quickly."

"Now that such a big thing has happened, I don't know what kind of reaction the Tianyang Sect will make."

"The Tianyang Sect still has nine God King cultivators."

"Especially the Sect Master of the Tianyang Sect, who is a top-level powerhouse in the Nine-Step God King Realm."

"If they suddenly come to kill us, it will be a big trouble."

"We should return to the sect quickly and let the Palace Master make arrangements early."

Zhang Yuhe nodded gently, but did not rush to reply.

He looked up at the void in the distance, and his heart fell into silent contemplation.

To be honest.

He hates that after beating the younger one, the older one comes.

After beating the older one, what about the old ancestor.

If this goes on endlessly.

When will it end?

Zhang Yuhe has always adhered to a belief.

That is, don't make enemies with others easily.

If there is really no other way and you have to make enemies with others.

It is best to kill the enemy.

If there is a big force behind the enemy.

Then overthrow the entire great power.

Of course.

This requires sufficient strength.

If the strength is not enough.

Then you can only find a place to hide first.

Hide for hundreds of billions of years.

Then come out and overthrow everything.

But does he need to hide this time when facing the Tianyang Sect?

There are a total of ten supreme gods in the Tianyang Sect.

Now Liu Yuanguang has been killed by him.

Then there are nine left.

I just don't know how strong these nine supreme gods are.

Does the Tianyang Sect have any other hidden means?

Thinking of this.

Zhang Yuhe asked Duan Changqing.

“Brother Duan, there are only nine god kings left in the Tianyang Sect. They don’t have any other hidden strength.”

In Zhang Yuhe’s mind.

Since he has already provoked the Tianyang Sect.

Then just kill them all.

Anyway, killing one god king is killing, and killing nine more is no problem.

It was too easy to kill Liu Yuanguang just now.

This gave Zhang Yuhe full of confidence.

He thought.

If the Tianyang Sect was only strong on the surface.

Then he might as well take action himself and wipe them all out.

Although he had already used the Hunyuan Divine Ability.

He could not burst out to increase his strength for the time being.

Now he could only fight on equal terms with ordinary God King cultivators at best.

It was probably impossible to kill a Supreme God King.

But it didn't matter.

The original body couldn't beat him.

He still had nine clones.

Over the years.

The nine clones were hiding in various places in the Chaos Sea and had never fought with anyone.

They could burst out at any time.

If the nine clones attacked together.
