

Top talent 991

Section 991

Hear this.

King Yuanhe finally believed that what Duan Changqing and others said just now was true.

He looked at Zhang Yuhe with a sense of awe.

How terrible.

You, a true god monk, actually killed a supreme god king.

At the same time, tens of millions of monks were wiped out.

To know.

The monks who can join the Tianyang Sect have all started in the False God Realm.

Among those thousands of people.

I'm afraid there are tens of thousands of disciples of the True God.

At this time, King Yuanhe could only think of three words in his mind.

Invincible at the same level, going against the odds and advancing to the next level, a peerless genius.

This is the true genius.

One man swept thousands of troops.

Cultivation in the True God Realm and defeating the Supreme God King.

Look at the entire sea of chaos.

How many such characters can you find?

In their Donghua Palace, such a peerless genius actually appeared.

I'm very excited just thinking about it.

"Okay, very good, hahaha."

King Yuanhe laughed excitedly.

The presence of Zhang Yuhe in Donghua Palace is equivalent to the addition of a supreme divine king.

And he is also a powerful and powerful supreme god king.

Now Donghua Palace is at a low ebb.

God King Donghua and God King Duantian are trapped in the Taijin Confusion Realm.

I don't know when I will be able to return to the sect.

May never come back.

In this time of crisis.

The rise of Zhang Yuhe becomes even more important.

"No, Tianyang Sect suffered such a big loss, even Liu Yuanguang died."

"They will definitely launch a massive attack on us."

King Yuanhe suddenly remembered something and couldn't help but scream in his heart.

If it were placed in the past.

He doesn't care at all.

In the past, the sect had the Divine King Donghua in charge.

As long as the Eternal Emperor doesn't knock on the door.

Then no one is afraid.

There is a sect formation to help.

No matter how powerful the enemy is, they can remain invincible.

But not now.

There is no God King Donghua in charge now, and God King Duantian is not here either.

It just depends on him and Zhang Yuhe.

How could he possibly block Tianyang Sect's ferocious attack?

Although Tianyang Sect now lacks a Supreme God King.

But the remaining nine god kings are not simple things.

Especially the leader of Tianyang Sect, He Tianyang.

That's the Nine-Step God King Realm, so it's not easy to deal with.

Even if he is guarding the sect's formation.

He couldn't beat He Tianyang either.

Once Tianyang Sect launches a massive attack.

Their Donghua Palace may be in danger of destruction.

King Yuanhe suddenly discovered it.

in the current situation.

Zhang Yuhe beat Liu Yuanguang to death, which was not a good thing.

On the contrary, it will put Donghua Palace into a greater crisis.

"What to do, what to do now?"

"Should we temporarily disband the sect and let the disciples disperse to various places?"

"We will rebuild the sect after God King Donghua returns or after Zhang Yuhe's strength improves several levels."

King Yuanhe's face suddenly changed, and he was planning something quickly in his mind.

He didn't think that Zhang Yuhe did anything wrong.

Of course you can't hold back when you encounter an enemy.

If you are afraid of your hands and feet, how can you fight?

Should we let the enemy be beaten to death?

But the problem now is.

What are they going to do?

There is no God King Donghua here.

It is simply impossible for them to block Tianyang Sect's offensive.

Should we temporarily disband Donghua Palace?

This is an issue that must be considered.

And as soon as possible.

If it were a step slower.

I'm afraid Tianyang God King has already brought his men to kill him.

...

Chapter 711 Zhang Yuhe is not a human?

Divine King Yuanhe was extremely anxious.

In his opinion.

Now is the most dangerous moment for Donghua Palace.

A Supreme God King of Tianyang Sect died, and so many disciples were killed.

If not revenge.

That's the weird thing.

But the problem is.

God King Donghua is not here now.

Facing the Tianyang Sect's revenge, they were completely unable to withstand it.

King Yuanhe didn't know.

In his eyes, the Tianyang Sect, which was extremely powerful, had long been swept into the garbage heap of history by Zhang Yuhe.

All the God King monks of Tianyang Sect, as well as those elite disciples.

They have long since turned into ashes.

The three or two remaining big and small kittens were probably frightened and found a dog hole to hide.

He is still worried there.

After thinking carefully for a while.

King Yuanhe made up his mind.

Temporarily disband Donghua Palace and let the disciples of the sect disperse to various places to take shelter first.

Think of this.

He said eagerly to Duan Changqing.

"Now that something like this has happened, Tianyang Sect will definitely not let it go."

"Send the order immediately."

"Let the disciples who have not returned to the sect find a place to hide for a while."

"In addition, all the disciples who are still in the sect must gather together. Let's go to the Eternal World of the Desert for a while."

Hearing these words from King Yuanhe.

Section 992

Everyone was completely confused.

What is going on?

Is Donghua Palace going to be abandoned?

Why are they running?

Is Tianyang Sect so scary?

The strength of our Donghua Palace is not weak.

For so many years, I have never seen Tianyang Sect do anything to us.

Why this time.

Yuanhe God King actually let everyone abandon the sect and go far away.

Duan Changqing looked depressed, and he asked silently.

"Palace Master, is there any accident with the Grand Palace Master?"

In his opinion.

To make Yuanhe God King make such a decision, it must be that Donghua God King had an accident.

Otherwise.

It makes no sense for them to abandon the entire sect.

If Donghua God King is in charge.

Even if Tianyang Sect comes to the door, what can we do?

Yuanhe God King nodded silently.

He looked up and looked into the distance, and said with a sad look.

"Yes, Donghua and Duantian have been trapped in Taijin Maze for many years."

"I don't know if they can return smoothly in the future."

Speaking of this.

Yuanhe God King paused for a while.

Then he spoke solemnly.

"Without Donghua and Duantian, we are definitely not the opponent of Tianyang Sect."

"Instead of being trapped in the sect, it is better to avoid it first."

"If one day, when we are strong enough, or Donghua and Duantian return."

"We can take back everything we have lost."

After listening to Yuanhe God King's narration.

Duan Changqing and others felt like they were struck by a bolt from the blue.

In their eyes, Donghua God King is the most solid backer.

Now this backer is gone.

What should we do in the future?

Although Yuanhe God King said.

Let everyone go to the Eternal Realm of the Desert to avoid for a while.

But what about after that?

Even if they took all the disciples and fled to the Eternal Realm of the Desert.

How long can they last?

Without the cohesion of the sect.

It is estimated that it will not take long.

People's hearts will be scattered.

Will there be a chance to rebuild Donghua Palace in the future?

If Donghua Palace is gone.

Then wouldn't they all become independent cultivators with nothing to rely on?

Thinking of this.

Everyone seemed to feel that the sky was about to fall.

Just when everyone was hesitating in their hearts.

Zhang Yuhe said with a little surprise.

"Palace Master, are you talking about Tianyang Sect?"

"Don't worry."

"I have already destroyed Tianyang Sect."

"There is no Tianyang Sect in the world anymore, and it will no longer pose a threat to us."

"What did you say?"

Hearing Zhang Yuhe's words.

Everyone was completely stunned.

Yuanhe God King widened his eyes, and he walked quickly to Zhang Yuhe.

He almost wanted to grab his collar and ask questions.

How is this possible?

You just went out for a short while.

Not only did you kill Liu Yuanguang, but you also wiped out tens of millions of disciples of Tianyang Sect.

Now you tell me.

You also destroyed the entire Tianyang Sect?

Are you dreaming?

Let's not talk about how terrible the strength of Tianyang Sect is.

In addition to Liu Yuanguang, there are nine supreme gods.

Each supreme god is an extraordinary existence.

Among them, Tianyang God is the top nine-step god.

Such a powerful Tianyang Sect.

Can you destroy it just by saying it?

Even when Donghua God was there, he didn't dare to say such a big talk.

You just went out for a short while.

And you came back at the same time as Duan Changqing and others.

Even if you can open the void channel and teleport everywhere in the Chaos Sea.

I guess you don't have time to go to Tianyang Sect, right?

Not to mention.

Destroy the entire Tianyang Sect.

What nonsense is this.

Although Yuanhe God King hopes this is true.

But he knows.

This is simply impossible.

Even if he is dreaming, he dare not think so.

Facing Yuanhe God King, that unbelievable look.

Zhang Yuhe nodded gently.

He spoke slowly.

"After killing Liu Yuanguang."

"I considered that the Tianyang Sect would not give up."

"Since that's the case, I thought."

"Why not just destroy the entire Tianyang Sect together."

"So I sent my clone to the Tianyang Region and destroyed them all."

"It probably won't take long for this news to come."

Hearing this.

Yuanhe God King was completely stunned.

He asked anxiously.

"Are you serious?"

"The nine great God Kings of the Tianyang Sect, including the Tianyang God King, are all dead."

"All dead."

Zhang Yuhe nodded gently.

"Hahaha, good, good, good."

Yuanhe God King laughed heartily.

Although he didn't know what method Zhang Yuhe used.

Section 993

He was actually able to kill all the nine great god kings of Tianyang Sect.

Not even the powerful leader of Tianyang Sect could escape.

But King Yuanhe believed it.

What Zhang Yuhe said is true.

Because in such an emergency.

There is no need for Zhang Yuhe to lie.

And this is easily proven.

Tianyang Sect was destroyed.

What a big deal is this?

Maybe it won't be long.

The entire desert sky will be shaken by it.

Moreover, God King Yuanhe also heard something else from Zhang Yuhe's words.

That's the doppelgänger.

Zhang Yuhe actually practiced avatar-like magical powers.

He had no idea about this before.

All he knew.

The clone-like magical power is one of the strongest secret skills and magical powers in the entire Chaos Sea.

Moreover, such magical powers are almost impossible to teach.

More of them are innate magical powers.

Occasionally, there are a very small number of innate species, after cultivating to a certain level.

Will awaken the supernatural power of the clone.

But among the human monks, it seems that they have never heard of it.

Has anyone ever awakened to the innate supernatural power of avatars?

Isn't Zhang Yuhe a human being?

Think of this.

King Yuanhe couldn't help but startled himself.

He glanced at Zhang Yuhe with a strange expression.

I want to see if there is anything abnormal about Zhang Yuhe.

No matter how you look at it.

There is no doubt that Zhang Yuhe is also a human race.

What exactly is going on.

Could it be that this magical power of avatar was also created by him?

Think before.

Zhang Yuhe also created a teleportation magical power of his own.

King Yuanhe couldn't help but be amazed.

There are such talented people in the world.

The talent is so strong that it is simply terrifying.

And he happened to be born in their Donghua Palace.

Is this also a kind of blessing from heaven?

God arranged for Zhang Yuhe to come to Donghua Palace. Will he lead Donghua Palace to rise?

...

Chapter 712 Zhang Yuhe's needs

King Yuanhe took out a jade talisman.

After playing a magic formula.

After a while.

He put away the jade talisman excitedly and murmured to himself.

"It's true."

"The entire Tianyang Sect's mountain gate has now become a desert."

Although King Yuanhe believed that it was completely impossible for Zhang Yuhe to lie on such an issue.

But after all, this matter is related to the safety of the entire Donghua Palace.

Of course he wanted to confirm.

Therefore, God King Yuanhe used special means to contact his old friends near Tianyang Domain.

The result is indeed what Zhang Yuhe said.

The entire Tianyang Sect was wiped out.

The endless and terrifying Dao Yun aura crisscrossed the Tianyang Sect's mountain gate.

[It is suspected that the Eternal Emperor has taken action.]

These were the exact words given to him by his old friend.

King Yuanhe couldn't help but laugh.

Where can there be so many eternal emperors?

The person who really destroyed Tianyang Sect turned out to be a true god disciple of their Donghua Palace.

Even if he says this.

I guess no one would believe it, right?

Think of this.

King Yuanhe wanted to laugh.

After a while.

He happily said to Duan Changqing and others.

"It's okay now, Tianyang Sect has been destroyed, everything remains as usual."

"However, the matter of Donghua and Duantian being trapped in the Taijin Confusion Realm must be kept secret for the time being."

"Remember not to tell anyone."

"By the way, don't tell anyone about Tianyang Sect."

"We don't know anything."

"Just think that God has taken over the Tianyang Sect."

Speaking of which.

King Yuanhe paused for a moment.

Then he waved his hand and said.

"Let's all disperse. We need to practice harder when we go back."

"If any of you can be promoted to the realm of God King."

"My old bones won't be under so much pressure anymore."

"Yes, Palace Master."

Duan Changqing and the four others responded respectfully in unison.

While everyone was replying, they quietly looked at Zhang Yuhe beside them.

His eyes were full of awe.

Originally they knew that Zhang Yuhe was very strong, very strong.

Strong enough to go against all odds.

With the power of the eighth level of the True God, Liu Yuanguang was killed with one sword.

But they never arrived.

Zhang Yuhe's incredible level is far more than that.

Just when I sent them back.

Zhang Yuhe actually found time to arrange a trip to Tianyang Territory.

The entire Tianyang Sect was wiped out.

That terrible mountain that once weighed on them.

He was actually killed by Zhang Yuhe so easily.

He didn't even take action himself.

Just arrange for the clones to go out.

This swept the powerful Tianyang Sect into the garbage heap of history.

This is simply terrible.

Everyone looked at Zhang Yuhe beside them, as if they were seeing an endless and terrifying abyss.

Bottomless.

Inscrutable.

Section 994

It makes people feel a sense of awe.

Who could have imagined.

Zhang Yuhe's delicate appearance actually hides such terrifying strength.

A top force on one side.

If you say it will be destroyed, it will be destroyed.

Such a generous hand.

Except for those elusive eternal emperors.

Who else can do this?

It's no wonder that God King Yuanhe was asking about his old friend just now.

The other party will think that the Eternal Emperor took action and destroyed the Tianyang Sect.

Because it is the most normal guess.

As for the real situation.

Even if they use a loudspeaker to promote it, no one will believe it.

Wait until Duan Changqing and the others leave.

King Yuanhe looked at Zhang Yuhe and said with emotion.

"From now on, Donghua Palace will rely on you."

"If you need anything, please ask."

"As long as I can do it, I will help you find it even if I travel across the Sea of Chaos."

"Thank you, Palace Master."

Zhang Yuhe responded politely, and then he thought a little in his heart.

He's thinking about it.

What is it that I am missing?

He definitely has no shortage of ordinary resources.

Originally, the treasure house of Donghua Palace was already very rich.

Moreover, he also took over Tianyang Sect's lair.

All the wealth Tianyang Sect had accumulated over countless epochs fell into his hands.

At least in the True God Realm, Zhang Yuhe will not lack cultivation resources.

But what about the future.

Now his cultivation level has reached the eighth level of True God Realm.

Maybe it won't be long before we can break through to the ninth level.

He also needs to make some plans for his future promotion to the God King Realm and beyond.

Think of this.

Zhang Yuhe said slowly.

"Palace Master, I wonder if I can have someone collect more magical books from the outside world."

"It doesn't have to be many good magical books, as long as there are enough."

"In the future, when I understand the power of rules, I may need a large number of classics for reference."

Although there are countless books on various supernatural powers in the Daozang Hall of Donghua Palace.

But Zhang Yuhe felt that.

This is not enough.

Far from enough.

It would be better to collect more.

Because of the next time.

He may need to spend more energy on understanding the rules.

so far.

Zhang Yuhe just understood the rules of the wave path.

There are other avenues of rules that you can't even understand before you get started.

It's not that he didn't put in the effort.

He also once visited the Daozang Hall of Donghua Palace completely.

I just want to understand the second avenue of rules from it.

Unfortunately.

Even though his understanding was incredible, he still didn't succeed.

The avenue of rules blocked the progress of countless monks.

even though.

Zhang Yuhe doesn't have any urgent needs now.

With his Dacheng Realm's Wave Dao rules, it is enough to support promotion to the God King Realm.

But after being promoted to God King.

The God King takes nine steps, one step to the sky.

Every step forward requires a new understanding of the rules.

Zhang Yuhe didn't want to.

In the future, he will be stuck halfway because he has not understood enough rules.

If that's the case.

That's really nonsense.

With his incredible understanding, he still gets stuck on the rules.

Isn't that funny?

However, this is indeed what is likely to happen.

Because now Zhang Yuhe has not found a clue to the new rules road.

Maybe he didn't accumulate enough.

Since arriving in the Sea of Chaos.

He has been practicing in seclusion.

In addition to reading various classics in Daozang Hall.

There is no other way to understand the magical rules of the Chaos Sea.

After all, Donghua Palace is just a place.

throughout the sea of chaos.

Just an insignificant existence.

Zhang Yuhe has no plans to travel around the Chaos Sea by himself.

He didn't even plan to let his clone travel.

no need.

If you want to understand a world, the best way is to read books.

Read many, many books.

If Donghua Palace could collect various classics from the nine heavens and ten places of the Chaos Sea.

Then he doesn't have to travel at all, and he can still increase his knowledge.

Understand the sea of chaos, the avenue of different rules.

It is precisely because of this.

Zhang Yuhe thought twice before making such a request.

Yuanhe Shenwang didn't even think about it.

He said with a solemn expression.

"Don't worry about this."

"When the situation here stabilizes, I will personally go to the Eternal World of the Desert."

"There is a Wandao Tower there, opened by an eternal emperor."

"Wandao Tower has branches in all nine heavens and ten places."

"They have collected almost all the magical books that can be found in the entire Chaos Sea."

"It's hard to buy advanced magical books."

"Wandao Tower can buy as many ordinary magical books as you want."

"At that time, I will go to Wandao Tower and buy a batch of magical books."

"Thank you very much, Palace Master."

Zhang Yuhe pondered for a while.

He took out a pagoda and handed it to King Yuanhe.

Then he spoke slowly.

"These are various resources I collected from Tianyang Sect."

"I won't be able to use most of it."

Section 995

"Palace Master, let's take it and deal with it, and replace them all with magical books."

King Yuanhe took over the pagoda.

He glanced briefly.

I saw a vast and boundless space inside the pagoda.

Countless cultivation resources of all kinds fill the entire space.

The piles of divine crystals were as graceful as mountains, and it was almost blinding.

Yuanhe Shenwang is not an ignorant person.

But seeing such a huge amount of cultivation resources in the pagoda space.

He was still stunned.

After a while.

King Yuanhe put away the pagoda.

He said solemnly.

"I just accepted the stuff."

"From now on, you just have to practice and leave the rest to me."

"But if you ask for anything, I will do it for you."

"Thank you, Palace Master."

Zhang Yuhe bowed his hands and said seriously.

The two continued chatting for a while.

Zhang Yuhe then rose into the sky and flew towards Bibo Lake.

Looking in the direction where Zhang Yuhe disappeared.

King Yuanhe murmured to himself.

"Such a gifted person, yet so low-key and casual."

"If you don't become eternal, it would be a disaster."

"Maybe I will also witness the rise of an invincible supreme being."

...

Chapter 713 Deacon Hall of Desert Courtyard

The ruins of Tianyang Sect.

A large number of monks were wandering around the perimeter.

Everyone wants it and breaks in to find a chance.

The once extremely powerful Tianyang Sect was suddenly destroyed.

Everyone was thinking.

The mysterious figure who destroyed Tianyang Sect has already cleaned up everything inside.

There will definitely be some omissions.

Something that mighty men look down upon.

For ordinary monks like them.

If you find one or two at random, that's a huge opportunity.

Maybe their road ahead will be very different.

Unfortunately.

Over the entire ruins, the powerful Taoist aura crisscrossed the air.

It was very scary to look at.

At the very beginning.

Some monks still don't believe in evil.

Thinking that the opportunity is right in front of you, there is no reason to back down.

As a result, the monk broke in.

Without exception.

All were silently obliterated by that terrifying Dao Yun Qi machine.

There are even several well-known True God cultivators in Tianyang Domain.

After breaking into the ruins, he also disappeared silently.

With the death of a large number of monks.

The people who came after hearing the news no longer dared to act rashly.

Everyone had to carefully search around the outside of Tianyang Sect.

Hope to find some unexpected gains.

As time passes slowly.

The number of monks gathered outside the ruins of Tianyang Sect became more and more numerous.

Just at this time.

Two streams of light passed quickly from a distance.

Two figures, one green and one purple, slowly emerged from the outside of Feixu.

The two of them stood tall in the sky, their tyrannical aura slowly flowing around them.

Saw these two people appear.

The monks around him soon became commotion.

Everyone was talking in whispers.

"Hey, look at the style of those two people's robes, they seem to be from the Desert Courtyard."

"Carry the sky on your back, and have an endless river embroidered on your chest."

"He is undoubtedly from the Desert Courtyard."

"Who are these two people? How come the people from the Desert Courtyard are here?"

"Did the Tianyang Sect be destroyed by the Desert Academy?"

"Keep your voice down and don't talk nonsense."

"I know these two people."

"That monk in green is the protector of the Deacon Hall of the Desert Court, Wu Yuheng, the God King of Yuheng."

"As for the origin of the powerful man in purple, that's even more remarkable."

"I have seen it from a distance in the eternal world of the desert before."

"That's the Deacon Hall of the Desert Courtyard, the master of Qi Feilong Qi Hall."

"Brother Dao, you read that right."

"How could the Lord of the Desert Courtyard come to our Tianyang Domain?"

"Who knows."

"Perhaps they are here to investigate the reasons for the collapse of Tianyang Sect."

"The sudden collapse of the Tianyang Sect is a huge event."

"Of course we need to pay attention to the Desert Courtyard."

"The Deacon Hall is responsible for all matters in the entire realm and everywhere."

"It makes sense that Palace Master Qi will take action in this matter."

"I see."

"From what Brother Dao said, it seems that it is indeed the case."

"But who destroyed this Tianyang Sect?"

"Except for the Desert Courtyard, is there any other force around here that has such strength?"

"Can you destroy the entire Tianyang Sect quietly?"

"It's hard to say."

"It may be a powerful person from other realms, or it may be an evil god from outside the realm."

"Extraterritorial Evil God?"

Speaking of which.

Everyone immediately silenced.

Things about the evil gods outside the territory are taboo in the entire Sea of Chaos.

No one dares to talk about it easily.

He was afraid that he would be implicated in the evil gods from outside the territory.

If that's the case.

That would be big trouble.

...

Looking at the terrifying scene above Feixu in the distance, sword energy criss-crossed and Dao rhymes intertwined.

Wu Yuheng said in amazement.

"What a powerful swordsmanship."

Section 996

"Even if this person's strength has not reached the Eternal Realm, he probably won't be too far behind."

"No wonder Tianyang Sect can be destroyed in one fell swoop."

Hear this.

Qi Feilong next to him shook his head gently.

He spoke slowly.

"Not the Eternal Emperor."

"The strength of the person who takes action will never exceed the level of God King."

Wu Yuheng asked puzzledly.

"Well, why is the palace master so sure?"

The aura is obviously so terrifying.

Even Wu Yuheng felt.

He had to carefully brace himself for defense before he dared to walk into this wasteland.

Just the remaining Dao Yun Qi machine is so terrifying.

Then when it broke out with all its strength.

How terrifying should it be?

Wu Yuheng even thinks.

There is an 80% chance that it was the Eternal Emperor who took action.

However, Palace Master Qi is so sure.

This made him feel very puzzled.

Could it be that the Lord of the Palace has already seen something?

Qi Feilong said slowly.

"Please pay attention to the rules of Dao Yun."

"The sword energy left in it is extremely powerful, although it is extremely powerful."

"But the rules contained in it are relatively simple."

"If I read it correctly, it should be the wave path rule."

"And the highest level does not exceed the Dacheng Realm."

"A single Dacheng rule cannot be the eternal emperor."

"It's even possible that it's just one step to the level of a God King."

Hear this.

Wu Yuheng exclaimed.

"impossible."

"How can it be possible to destroy the Tianyang Sect in one step of the God King Realm?"

"Are the Divine King monks of Tianyang Sect not in the sect at the beginning?"

"Even if they weren't there at the beginning, they should be there now."

"So far, no one has seen the God King of Tianyang Sect show up."

"It is estimated that all the ten god kings have fallen."

"How can one step into the realm of God King kill there are so many God King cultivators from Tianyang Sect?"

"Even the most unparalleled genius can't achieve this level."

"Absolutely impossible."

Qi Feilong shook his head gently.

Then he spoke slowly.

"It's hard to say."

"I also want to know which Taoist friend was able to destroy the Tianyang Sect with a single hand."

"But this matter has nothing to do with us."

"As long as it's not an alien evil god."

Wu Yuheng nodded.

Indeed.

After they received the news, they immediately sent it to Tianyang Domain to investigate.

Mainly just wanted to take a look.

Is it because the evil god from outside the territory is taking action?

If an evil god from outside the territory is causing trouble.

Of course they cannot ignore it.

As the overlord of Desert Sky.

It is their duty to protect the security of the desert realm.

As long as the evil gods from outside the territory dare to show up.

They will all be beaten to death.

As for the collapse of Tianyang Sect in front of us.

Obviously it has nothing to do with the evil gods outside the territory.

That terrifying sword energy and magical power, as well as the ubiquitous aura of rules.

The evil gods outside the territory cannot be used.

Under the suppression of the origin of the Chaos Sea.

The alien evil gods simply cannot exert the power of rules.

And even if it is, there are occasional evil gods from outside the territory who have some special methods.

Able to use the power of rules for a short period of time.

The power of their rules is also obviously different from the rules of the Chaos Sea.

An ordinary god king monk.

As long as you take a look, you can see the difference.

no doubt.

The collapse of Tianyang Sect has nothing to do with the evil gods outside the territory.

In Wu Yuheng's view.

It was probably the Tianyang Sect that had offended a certain extraordinary genius.

As a result, the other party came to kill him.

The entire sect was wiped out.

The Tianyang Sect acted domineeringly and expanded aggressively to the surrounding area all year round.

Wu Yuheng thought.

That's how they behave.

It is common sense to encounter such an accident.

When people are crazy, there will be natural disasters.

As a major force, the same is true.

...

Chapter 714 We must find him

Qi Feilong stands tall in the sky.

After checking silently for a while.

He smiled and spoke.

"Come on, let's go in and take a look."

After saying this.

The plainclothes man flicked his sleeves and flew directly into the ruins.

Wu Yuheng pondered for a while.

He can't compare with Qi Feilong.

Qi Feilong is extremely powerful.

As early as countless epochs ago, he was already in the nine-step divine king realm.

No matter how terrifying the Tao Yun Qi machines around him were, they could not threaten Qi Feilong.

But Wu Yuheng knew.

You can't compare yourself.

He is only worthy of the five-step god king level.

The criss-crossing sword energy and Daoyun were quite a threat to him.

If he were just like Qi Feilong, he would rush in with such swagger.

If not, it will overturn.

Think of this.

Section 997

Wu Yuheng waved his right hand.

A golden bead soon appeared in his hand.

Follow the pinching method.

The golden beads slowly hung in the air.

Faint golden light continued to shine down, enveloping his entire body.

After doing all this.

Wu Yuheng waved his sleeves and jumped into the air, quickly chasing after Qi Feilong.

Looking at the scene of ravines in front of me, mountains collapsing, and rivers flowing backwards.

Invisible Tao rhyme fluctuations seem to be everywhere.

Qi Feilong said with emotion.

"If this fellow Taoist who takes action is really only one step into the realm of God King."

"That would be terrible."

"I'm afraid I wouldn't even dare to take on such a fierce sword energy."

Wu Yuheng followed behind, nodding silently in his heart.

It's really scary.

When I looked outside just now, I didn't have any intuitive feelings.

Now deeper into the ruins.

Only then did he know.

The Tianyang Sect had ten great god kings sitting in charge, so why would it be destroyed?

Facing such a formidable opponent.

How could Tianyang Sect be able to block it?

Wu Yuheng even imagined the scene at that time.

A certain genius stands tall in the sky.

He casually slashed out a sword.

The light of the sword spread across the sky as if it were destroying the world.

Many of the God King cultivators of Tianyang Sect could only watch in despair as the sword energy approached.

But he had no choice but to die unwillingly.

The two of them walked slowly among the ruins.

"wrong."

Qi Feilong suddenly stopped.

He suddenly remembered.

This is the wave channel rule.

Although before that.

He could see at a glance the power of rules used by the person who made the move.

However, he did not expect the special nature of this rule road.

It suddenly occurred to me now.

The main role of this avenue of rules is not in combat.

But in other application scenarios.

It's just that the rules of the wave path have been lost for many years.

The entire sea of chaos.

I have never heard of anyone understanding the rules of this great avenue.

This made Qi Feilong not pay too much attention to it for a moment.

Now I suddenly remembered.

Qi Feilong couldn't help shouting.

Wu Yuheng, who was next to him, saw Qi Feilong suddenly stop and shouted something was wrong.

He quickly took out the artifact and looked around vigilantly.

However, there was nothing unusual around him.

He asked doubtfully.

"Palace Master, what's wrong?"

Qi Feilong took a deep breath.

He said with a solemn expression.

"We have to find this person as soon as possible."

"This man can be of great use to us?"

Wu Yuheng was very puzzled.

what the hell is this?

Such a talented person will have a great effect on any major force.

Is there anything surprising about this?

Could it be that the Lord of the Palace wants to drag this peerless talent into the Desert Courtyard?

It seems a bit difficult.

Although the Desert Academy dominates the entire realm.

But this does not mean that others will be willing to join.

Many monks have their own origins and do not want to change their families easily.

the most important is.

They had no idea who this man was.

Even if you want to find it.

I don't know where to start.

Wu Yuheng asked doubtfully.

"Palace Master, do you want to recruit this person into our Desert Courtyard?"

"This seems a little difficult to do."

Qi Feilong shook his head and spoke slowly.

"It would be best if we could recruit this person into the Desert Courtyard."

"But that doesn't matter."

"It's important that we find him."

"Because this person will be of great help to us in digging out those hidden extraterrestrial evil gods."

Hear this.

Wu Yuheng was completely stunned?

Where is this?

Why are the extraterrestrial evil gods involved again?

Could it be that this person's origin is related to the evil god from outside the territory?

Can you know the hidden stronghold of the alien evil god in Desert Sky?

It doesn't seem right either.

Just when Wu Yuheng was very puzzled.

Qi Feilong then spoke.

"We have ignored one of the most critical issues before."

Wu Yuheng asked subconsciously.

"what is the problem?"

"The rules of the wave path."

"Do you still remember what is the greatest use of the wave path rules?"

"Palace Master, are you talking about investigation?"

Until this time.

Wu Yuheng suddenly realized it.

The most important role of the Fluctuating Path Rules is in exploration.

The rules of the Wave Path of Dacheng Realm can completely cover a huge continent.

If you understand the rules of the wave path and realize the state of perfection.

A large domain like Tianyang Domain can be almost completely covered.

Under the shroud of fluctuating rules.

The situation in the entire great domain cannot escape the perception of Wave Dao at all.

The alien evil god is to them.

What's the biggest trouble?

Not strength.

Section 998

Although there are indeed many powerful people among those extraterrestrial evil gods.

It is even much stronger than the ordinary Supreme God King.

But in front of Desert Courtyard.

What does this count for?

There are hundreds of monks from the God King of the Desert Academy.

Among them, there are many top supreme god kings.

Even if they only send out a small part.

It is enough to wipe out all the evil gods outside the territory.

But the problem is.

Those extraterrestrial evil gods have always been hiding in dog holes.

It is almost impossible for them to grasp the roots of these people.

All these years.

Desert Court also knows.

The Pauline Cult has a temple in Desert Sky.

There is a powerful palace master sitting in charge.

But they never knew where these people were hiding.

If you can find this genius who masters the rules of the Wave Path.

Then can they use this person's wave path rules?

Dig out all the alien evil gods hiding in the desert sky and kill them one by one?

The more Wu Yuheng thought about it, the more excited he became.

He said excitedly.

"The palace master is right, we must find this person."

"As long as the person is willing to help."

"We will definitely be able to sweep away all the extraterritorial evil hidden in the desert sky."

Qi Feilong sighed.

He said leisurely.

“But who is this man and where does he come from?”

"Where should we start to find him?"

Hear this.

Wu Yuheng frowned.

This is indeed a big problem.

They didn't even know who was responsible.

Where to start?

What if they are people from other realms?

After they destroyed Tianyang Sect, they ran away immediately.

Where did they find it?

And even if this person is a monk from the desert sky.

But so what?

They destroyed Tianyang Sect and caused such a big commotion.

At this time, I guess I will hide it quietly.

It certainly won't be easy to find.

Standing above the ruins, the two couldn't help but fell into deep thought.

Their mood at this time.

It seems like it is.

Suddenly I learned that there was a key that could perfectly solve the problem of the evil god outside the territory.

But the problem is.

Now they don't know.

Where is this key?

It's very confusing.

There was silence for a while.

Qi Feilong said firmly.

"We must find him."

"Even if we search the entire desert area, we must ask this person to take action."

...

Chapter 715 Could he be from Donghua Palace?

"We must find the God King Tianjiao who destroyed the Tianyang Sect."

Qi Feilong said firmly.

Of course.

He didn't know.

Zhang Yuhe's strength is far from reaching the level of God King.

Just the eighth level of True God Realm.

But the one-step God King realm is already the lowest limit that Qi Feilong can imagine.

If someone told him.

The person who destroyed Tianyang Sect was just a True God cultivator.

Qi Feilong might not be able to bear it anymore and just slap him in the face.

Isn't this nonsense?

The True God cultivator went up against the odds and fought against ten.

Among them is also the top nine-step god king, the leader of Tianyang Sect.

How is this possible?

Even if it is a fairy tale, I would not dare to write it like this.

So Qi Feilong decided.

The strength of the person who takes action must be at the level of God King.

Moreover, he has mastered the rules of the wave path and is in the one-step divine king realm.

They have to find this person.

As long as the person is willing to help.

Then there will be a chance to eradicate the countless evil gods from outside the territory that have troubled the Desert Courtyard in one fell swoop.

A long time has passed since the alien evil god lurked in the Sea of Chaos.

Except for the very beginning.

Because of his arrogant behavior, some of them were destroyed by the Chaos Sea monks.

The remaining extraterritorial evil gods have become very low-key.

They rarely take action personally.

Usually it is arranged for those local believers who have been baptized to come out and take action.

It is precisely because of this.

Only Chaos Sea monks are capable, but they have never been able to catch the roots of these people.

Although these extraterritorial evil gods rarely take action.

But their threat to the Sea of Chaos is still fatal.

It must be eradicated as soon as possible.

Because they followed the order of the Invincible Supreme and lurked into the Sea of Chaos.

Want to completely reverse the original rules of the entire Chaos Sea.

Even though it looks like this.

It seems a bit unrealistic.

There is almost no chance of success.

But it is related to the plan of the Invincible Supreme.

No one dares to underestimate it.

Those invincible supreme powers will never do useless work.

Maybe this is one of them.

There are also secrets they don't know.

If those extraterritorial evil gods are really allowed to succeed.

If the original rules of the Chaos Sea are completely reversed.

Section 999

Then wouldn't all the cultivators in Chaos Sea be doomed?

So, facing these foreign evil gods.

The major forces in Chaos Sea's nine heavens and ten lands have long agreed on a common idea.

That is to kill.

Kill all the foreign cultivators who have lurked in Chaos Sea.

Completely get rid of this trouble.

No matter what those invincible supremes are planning.

As long as all the foreign evil gods who have sneaked into Chaos Sea are killed.

Even if those supremes have more plans, it will be in vain in the end.

Qi Feilong can't control the foreign evil gods in other places.

But the foreign evil gods in Desert Heaven.

He must completely wipe them out.

Otherwise.

Keep these people and keep lurking in Desert Heaven.

Maybe something bad will happen.

As far as Qi Feilong knows.

The foreign evil gods lurking in Desert Heaven are all from Bolin Holy Realm.

Led by a mysterious Eternal Emperor.

They established Bolin God Cult in Desert Heaven.

Each major domain has a branch.

Its core institution, the Bolin Temple, is said to be hidden near the Eternal Realm of the Desert.

For this reason.

The Desert Academy once dispatched a large force to search near the Eternal Realm.

Unfortunately.

The Chaos Sea is too big.

Even just around the Eternal Realm of the Desert, there are countless large and small lands.

Without the support of reliable intelligence.

They simply have no way to find it.

It is precisely because of this.

The Bolin Cult has been able to stir up trouble in the Desert for countless epochs.

And has not been destroyed.

Now there is a key in front of them.

As long as they find the God King Tianjiao who can exert the rules of the wave path.

Then they have a chance.

Dig out all the Bolin evil gods hidden in the Desert and destroy them.

But the problem is.

How can we find that God King Tianjiao?

Thinking of this.

Qi Feilong couldn't help but fall into deep thought.

The two stood there silently.

Wu Yuheng, who was standing next to him, said in a depressed tone.

"Palace Master, there is no way to find this person."

"We know nothing except that he has mastered the rules of the wave path."

"We know nothing else."

"It is impossible to find him with just this information."

Hearing Wu Yuheng's complaints.

Qi Feilong was not angry, but his expression brightened.

He said excitedly.

"No, we can definitely find it."

"The rules of the wave path are the most effective clue."

"Because this rule of the avenue is learned from the wave magic power."

"Although this magic power was widely circulated in the past."

"But it is not a common product."

"Ordinary cultivators really have no chance to come into contact with this magic power."

"Only those powerful forces with deep foundations may have collections."

"That is to say."

"We just need to follow this line of thought and slowly eliminate those powerful forces that have collected the wave magic power one by one."

Hearing Qi Feilong's analysis.

Wu Yuheng, who was standing next to him, said excitedly.

"Yes, the Palace Master is right."

"This is indeed a very reliable idea."

"And we can also narrow the scope."

"Start with those big forces that have grudges against the Tianyang Sect."

"After all, that Tianjiao God King couldn't have destroyed the Tianyang Sect for no reason."

"The two sides must have long had a blood feud."

Qi Feilong nodded.

He spoke slowly.

"Yes, this is indeed a good idea."

"In this way, the scope of search is much narrower."

Speaking of this.

Qi Feilong paused for a while.

Then he continued.

"The Tianyang Sect has expanded wildly, and they have offended many big forces."

"But as far as I know."

"In recent years, the expansion direction of the Tianyang Sect has focused on the Donghua Region."

"Do you think it is possible that the God King Tianjiao came from the Donghua Palace?"

Qi Feilong gradually pondered and soon accurately located the truth.

However.

Wu Yuheng next to him, after pondering for a while.

But he shook his head and said.

"It should be impossible."

"There are only three God Kings in Donghua Palace."

"Among them, God King Donghua and God King Duantian are still trapped in Taijin Miyu."

"The old man, the dean, went to Taijin Miyu for this purpose."

"Until now, he has not returned."

"Now there is only one God King, Yuanhe, in the entire Donghua Palace."

"I haven't heard that a new God King was born in Donghua Palace."

"They should not have the strength to destroy Tianyang Sect."

Hearing Wu Yuheng say this.

Qi Feilong didn't care at all.

He smiled and said.

"It doesn't matter."

"Whether that person is from Donghua Palace or not, this is already a clearer direction."

"Let's go to Donghua Palace first."

"If we can't find anyone, it's not too late to go to other places."

"Just follow the words of the hall master, let's go to Donghua Palace first."

After determining the direction to find.

The two flew over the ruins and quickly flew towards the nearest teleportation array.

...

Section 1000

Chapter 716 The Palace Master Comes to the Door

Qi Feilong and Wu Yuheng continuously switched teleportation arrays and quickly approached Donghua Palace.

At this time, Zhang Yuhe was still sitting cross-legged on the training platform, practicing silently.

He never paid attention to external affairs.

In Zhang Yuhe's view.

The collapse of Tianyang Sect.

As long as Yuan He Shenwang and others don't say anything.

It was simply impossible that anyone else would know.

No matter how hard others can figure it out.

It's impossible that it will be blamed on him.

It only took Zhang Yuhe a total of 300 million years to go from the Immortal World to the Sea of Chaos.

Who could have imagined.

At first, he was just a person in the False God Realm, but now he was able to wipe out such a behemoth as the Tianyang Sect?

Don't say that.

Even when he broke through to the eighth level of the True God.

Not many people in the entire Donghua Palace knew about it.

As for people from the outside world.

Then it is even more impossible to know.

No one would have thought of it.

A virtual god monk who just stepped out of the primitive world, 300 million years later.

Not only has he achieved a breakthrough in cultivation, he has reached the eighth level of the True God Realm.

Moreover, he could also burst out with great strength and wipe out the powerful Tianyang Sect in one fell swoop.

Such a fantasy thing.

Even if Donghua Palace publicizes it.

I guess no one would believe it.

Of course.

Zhang Yuhe didn't care about the movements of the outside world, but more from his own strength.

After killing King Tianyang with one sword.

He has a relatively clear understanding of his own strength.

Not to mention invincible under eternity.

That's not much different.

Zhang Yuhe's four major clones exploded with all their strength and could kill a nine-step god king like He Tianyang.

Even if He Tianyang is among the nine-step god kings, he may not be very outstanding.

But that is also the Nine-step God King.

Throughout the desert days.

There may be many Divine King cultivators who can defeat He Tianyang.

But there are probably only a few people who can kill him.

Zhang Yuhe only produced four clones.

You can beat He Tianyang to death.

Then what if the nine clones of him take action at the same time.

Look at the entire sea of chaos.

How many god king monks can stop him?

It is precisely because there is enough strength to support it.

Only Zhang Yuhe can ignore all opinions from the outside world.

Even if someone knows.

He destroyed the Tianyang Sect, so what?

Is there anyone who dares to trouble him?

Unless the master of the desert courtyard comes in person.

Otherwise.

Look at the entire Desert Heaven Realm.

Zhang Yuhe is not afraid of anyone.

King Yuanhe sat cross-legged in the main hall.

More than half a month has passed since Zhang Yuhe wiped out the Tianyang Sect.

In the past tens of billions of years.

King Yuanhe has never been as relaxed as he is now.

Tianyang Sect is finished.

There is no other force in the surrounding area that would take advantage of Donghua Palace.

the most important is.

Zhang Yuhe is here.

The rise of Donghua Palace has become unstoppable.

They don't look for trouble in others.

The big forces around are going to burn incense.

Who dares to come and cause trouble for them?

Just when Yuanhe God King was still deep in thought.

He suddenly stood up and muttered to himself.

"Hey, it seems that there is a God King monk approaching Donghua World."

King Yuanhe quickly walked out of the hall.

He looked into the distance with a solemn expression.

The sea of chaos is huge.

It is not that easy to meet a supreme god king.

Now suddenly there are two God King monks, quickly approaching the Donghua Palace Great World.

There must be some reason.

"It's impossible. Someone really wants to cause trouble for us."

Divine King Yuanhe muttered silently to himself.

He quickly took out a formation plate.

After playing a magic formula.

The situation in the entire Donghua world.

It is clearly displayed on the array plate.

King Yuanhe looked around.

Only two dazzling light spots were seen, approaching quickly at the edge of the formation disk.

After a while.

The light spots gradually turned into two figures.

"Desert Courtyard?"

"How could they suddenly come to Donghua Palace?"

"Is it because of the Tianyang Sect incident?"

After seeing the figure of the visitor clearly.

King Yuanhe couldn't help being shocked.

He really hadn't thought about it.

People from the Desert Courtyard will come to your door.

It stands to reason.

Desert Courtyard is high and high.

Regarding the battles between other major forces in the entire realm.

They almost never intervene.

I have never tried to uphold justice.

As long as the god king monks from the major forces can obey the orders of the Desert Academy.

Go to the extraterritorial gate on time to guard.

As for other things.

Desert Court never cares.

Then here comes the problem.

What are these two Supreme God Kings of the Desert Court doing in their Donghua Palace?
