

## **The Pinnacle of Life – Chapter 1381 - 1390**

Hearing such vicious words from Ruby and Bennett almost caused Geronimo to burst into anger. Honestly, he was in doubt when Lexia said that it was Ruby who killed Yvonne and her daughter because Ruby had always given him a feeling that she could see the big picture and had a sense of propriety. She did not seem like a person who would kill her own family. Furthermore, how vicious would she be for even trying to poison ten year old Brianna?

However, now that he had heard it with his own ears, it had truly shattered his values!

“Ah!”

“Master?!”

It was because Ruby and Bennett were mentally unstable after being injected with poison coupled with the onset of the parasitic disease. All they could do was just slump onto the massage chair, screaming and cursing wildly. They did not even know that someone else was beside them but the two nannies knew. These two were Ruby’s maids and naturally they had seen Geronimo before.

At this moment, seeing Geronimo unexpectedly descending from the sky, the two of them turned pale with fright and did not even dare to breathe loudly. After hearing Ruby and Bennett’s cursing went worse, Geronimo was going to explode in anger. The two of them immediately kneeled on the ground with a thud and said together, “Master, please forgive us. We were forced by the first lady to come here.”

At this time, Bennett seemed to have heard something and he became slightly more sober. After cursing Yvonne, he opened his eyes slightly and said, "Merilyn, who are you talking to? What Master? My father is still in seclusion and I don't know if he could even come out alive. That old thing can't stop thinking about that old b\*tch, Yvonne Wilmer. He really shouldn't come out. If he were to come out here, we'd be so dead!" After he finished talking, he started screaming again. There were trails of small worms swimming underneath their skins, as if aliens had invaded their bodies. It was shabby to look at. "B\*stards!" Slap!

Geronimo really could not control himself anymore, so he slapped Bennett's face fiercely, causing his entire face to be swollen red and even two teeth fell off. The pain on Bennett's cheek made him even more sober. He turned his face sideways and realized it was Geronimo. However, he thought he was hallucinating. He spat out a mouthful of bloody saliva and said, "What the hell. I must've been blinded by the demons. I actually dream of the old thing coming out! The effect of the poisonous injection is really strong!" Ruby next to him said, "Bennett, what are you mumbling over there? Oh, the episode this time is even more unpleasant. Oh my, one injection is not enough. Merilyn, get me another one! God d\*mn it! This is all because of that old b\*tch, Yvonne Wilmer. If only she died with her daughter, how would she have given birth to that b'tstard, Alex Rockefeller. Just wait! I'll definitely cut that b\*stard into pieces and feed him to the wild

dogs after his death!”

Geronimo’s whole body started trembling when he heard up to here. Meanwhile, Alex, Brittany, Maya, Waltz and Hailey had already entered the management office. They were slightly delayed by dealing with the security guards guarding the periphery just now. When they entered the office at this moment, they happened to hear Ruby’s vicious words.

Snap!

Alex snapped his fingers. After a rush of spiritual power hovered over the two people, the onset of the parasitic disease in them was temporarily lifted. Afterwards, they were sobered up. Just when Ruby let out a long breath of relief, she heard a voice all of a sudden. “I made you people kneel before my grandmother’s grave to repent. What did you come here to do? Enjoy your life?”

“Ah!”

Ruby was very familiar with that voice because she had to curse him hundreds of times each day. She remembered his voice and smile so well that she would never forget it.

“A... Alex Rockefeller, w-when did you come?”

Bennett jumped off the massage chair instantly and broke out in a cold sweat.

‘Why did they come to this little cemetery? Isn’t it just an act for Alex to see?!’

They hoped that Alex would get rid of the parasitic disease in their bodies three months later.

However, they could not actually kneel before Yvonne’s grave, right?

They were nice to not dig her out of her grave. They even complained that it was too tiring to kneel for a

minute on such a hot day. How could they possibly kneel for three months?

Hence, they had hired thirty bodyguards at the cemetery's periphery to prevent the

sudden arrival of Alex so that they could be reminded and put on an act beforehand.

Unfortunately, their tricks were seen through when Alex and the others just arrived at

the foot of the cemetery mountain.

Chapter 1382

During the conversation, Ruby realized that Marilyn and Mariah were kneeling on the

ground and trembling with fear. She took another glance and noticed an old man with a

cold expression standing at the side. Wasn't that her husband, Geronimo Melvis?

In an instant, Ruby was about to explode.

"M-master, why... Why did you come?"

Geronimo showed no expression yet his eyes were fearfully cold. "Why did you think I

came? My first wife is suffering here. Could it be that you think I, the husband, shouldn't

come here and have a look?"

As soon as Ruby heard that, she was agitated.

She cried and said, "Master, Bennett and I are suffering a great sin this time. It's him,

this d\*mn b\*stard poisoned us with some kind of parasitic disease. Every time we had

an episode, it felt like we were being eaten by tens of thousands of worms. It's very

painful! Oh, this guy is a liar. He must have lied to you saying that he's your grandson,

didn't he? Don't be fooled by him. Everything is fake. Kill him

immediately, kill him

immediately!"

Alex chuckled softly, "If you kill me, there'll be no cure for the parasitic disease in your

body.”

“Ah! This... Yes, yes, yes. You can’t kill him right now. Let him remove the parasitic

disease in our body first. Kill him after the disease is removed!”

Alex grunted softly.

Meanwhile, Brittany’s eyes were blazing with anger. Back then, the scene of her and her

mother being harmed was still vivid in her mind. Sometimes, she would even dream of

this wicked woman. During her teenage years, Ruby was once like a demon that had

pressed against her body.

“Oh, Stepmom. So many years have passed, yet you’re still so wicked!”

“Back then, you tried to poison my mother and I. Now, you even want to kill my son?

Unfortunately, you can’t do that!”

Ruby stared at Brittany. “Y-you’re... Brianna Melvis?”

Brittany said, “You’re very surprised, right? Did you think that I died ages ago?”

Ruby looked toward Geronimo. “Master, Yvonne was a special agent.

She was the

underground destroyer and America’s enemy. And, this little b\*tch was raised by Yvonne

since she was young, she’s a little spy too. I’ve never done anything wrong. Everything

that I’ve done was for you and this family! And for the entire America!

I’m a hero of

America and I’m not wrong!”

However, would Geronimo believe her?

Just yesterday, he had investigated the matter to the fullest.

With a far-reaching gaze, he said to Brittany, “Where is your mother buried? Take me to

see it!”

“Alright!”

Soon, the group of people reached Yvonne’s grave.

Alex directly dragged Ruby and Bennett along and threw them on the ground.

“Kneel down!”

The two people dared not object before Geronimo.

Meanwhile, Geronimo’s body trembled with all sorts of mixed feelings when he looked

at Yvonne’s picture on the gravestone. He did not say anything but blood slowly

streamed down from the corner of his lips.

There was a saying, ‘one’s heart hurts so much that he couldn’t even breathe.’

This was probably what it was like.

After an unknown period of time, he suddenly said, “Ruby, does it hurt when the

parasitic disease attacks?”

Ruby nodded her head. “It hurts! It’s really more painful than death!”

“Let me help you!”

“Huh?”

Bam!

Without even turning his head, Geronimo pressed his palm on Ruby’s head.

## Chapter 1383

Ruby said that the parasitic disease was more painful than death, so Geronimo helped

her to relieve the pain. With a burst of inner force within his palm, Ruby’s head

immediately turned into a lump of paste.

Compared to the daily suffering of the heart-scratching parasite of a hundred days, such

instant death was a much happier ending.

“Ah!”

Seeing his own mother being killed by his father with a palm and slowly dropped to the

ground, Bennett shockingly jumped up with a terrifying expression. “Dad, how... How

could you do this? She's your first wife no matter what. It has been so many years, how can you bear to kill her?"

"How can I bear it?"

Bennett's words had completely angered Geronimo. He turned around with reddened eyes and stared at his eldest son. "Back then, how did you people bear to kill Yvonne and Brianna? How old was Brianna back then? She was only ten years old!"

"Also, have you forgotten? Who was the one that risked her life to save you when you were kidnapped by the bandits back then? It was your Aunt Yvonne! If she hadn't stepped forward bravely, you would have been dead ages ago."

"When your mother's identity was unclear and she was besieged by the Red Guards, who gave her cover? Your mother ran away while your Aunt Yvonne almost got beaten to death, do you still remember?"

"You people don't remember! Who are the heartless ones? How could I, Geronimo Melvis, marry such a wife and give birth to a son like you?"

After yelling all these, Geronimo looked at Bennett with an uncertain expression.

Bennett knelt on the ground with a thud out of fear. "Dad, I know I've done wrong.

Back then, it was Mom who forced me to do it. I had no choice either!"

Geronimo expressionlessly said, "Then, what about now? Forty years later, who's the

one that wanted to snatch Brianna's company? Who's the one that wanted to kill my

grandson? Could it be that you're still forced by your mother even until now?"

"I..."

"Kill yourself!"

“Dad, I was wrong, I really was wrong! Sis, Sis Brianna, I beg of you. Please forgive me, please forgive me! I won’t do it again. I don’t want to die!”

Brittany looked at him without any reactions. However, Alex spoke. “You don’t want to die, my grandmother didn’t want to die either and my mother didn’t want to die back then as well! Don’t cry at your age, how awful is it? Take a good look at the view of this world once more. Do remember to be a good person in your next life when you reincarnate later.”

“No, please, no...”

Bennett was terrified to the core. He really did not want to die at all. He jumped up ferociously and made a last dying struggle since he was an Earth expert as well. He knew that the chances for him to escape from the experts like his own father and Alex was almost zero. However, if he could hold Brittany as a hostage, his chances of success would be much higher.

Hence, he immediately charged toward Brittany and tried to get her. However, what he did not know was that Brittany was no ordinary person as well. Just when Bennett was about to strangle Brittany on the neck, she suddenly attacked with her palm right on Bennett’s heart area fiercely. It was the specialty of Silver Frost-Icebound. It immediately took effect on his heart.

“What? How’s this possible?”

Bennett was in utter disbelief. He was unguarded as well. In addition to torture of the parasitic disease and the poisonous injection, his strength was greatly reduced. There was no way he could dodge it. In a breath’s time, his heart has completely frozen into a chunk of ice. Without the blood supply, Bennett gasped for air as his face instantly turned purple. He

looked at Brittany shockingly yet terrifyingly. “H-how did you...”  
Brittany kept her palm back and whispered, “I’ve forgiven you!”

Bennett widened his eyes but he could not die in peace.

\*\*\*

Geronimo stood in front of Yvonne’s grave for a total of a day and a night.

In the end, it was Brittany who went to pull him back. After a night had passed,

Geronimo looked as if he had gotten a few years older and his spirit was emaciated.

However, that was sadness.

Chapter 1384

Even if the Immortal Doctor, Guilherme Extraordinaire came over, there was nothing he could do as well.

However, the miracle doctor, Guilherme, was really here. He was going to Michigan with

Cheryl because she also heard what happened to Phoebe. She was far away in

California. In addition, she had been studying intensively on medical knowledge under

Guilherme, she paid very little attention to the news outside. She was only aware of it in

shock when her grandfather, James Coney mentioned it.

California was not far away from Long Beach.

Alex received a distressed call from Phoebe. “Rockefeller brat, Cheryl is coming to

Michigan. She knows what happened to me, which involves my fiancé. She still doesn’t

know that person is you. But, I don’t know how I should explain it to her. Tell me, what

should I do? I’m afraid that I might accidentally let the cat out of the bag and tell her

about what you’ve done to me the other night.”

Alex was shocked. "You better be careful about it. Cheryl is your best friend. If she were to find out about it, wouldn't you both cease to be friends?"  
"Isn't it all your fault? If you hadn't done that to me, I wouldn't be in such a bad position!"  
Oh, great now. I might not even be a virgin anymore!"  
"You are!"  
"How sure are you?"  
"I was very careful at that time."

"Then, you should get over here immediately so that we can tally our confessions. Otherwise, we'll say different things. If Cheryl ever notices it, we'll be so dead!"  
After pondering for a while, Alex immediately promised her. Cheryl had a knot in her heart because of her own parents. The knot was finally opened up a bit because of his appearance. If she were to find out that her best friend had backstabbed her, things would surely get worse. Soon, Alex went to the train station at Long Beach to take the train while tallying his confession with Phoebe. Their conversation was heard by a beautiful woman in her twenties, who was beside them. She looked at Alex disdainfully and said in a soft voice,  
"Scum!"  
Alex was awkward for a moment but he could only touch his nose. His current behavior was indeed quite despicable but he had a clear conscience! If he had not helped Phoebe under those circumstances, she might really end up as an idiot.

Afterwards, Alex said a few more words to Phoebe. All the details were finalized to ensure that there would be no more omissions. At this moment, Phoebe suddenly said,  
"You didn't drive? You took the train? I could hear the broadcasting sound."

“Yeah. There are not enough cars.”

Phoebe immediately said, “Great. Cheryl will drive over here and arrive at three o’clock in the afternoon. I’m about to pick up someone at Michigan Train Station. I’ll pick you up on the way. That’s it for now, see you later.”

Alex chuckled, “Alright!”

After hanging up the phone, Alex realized the girl next to him was leaning against the window and trying to stay as far away from him as possible, as if he were a source of contagious disease. Alex took a quick glance, then he kept his phone and closed his eyes.

He could hear the girl mumbling again. “Scum.”

Soon, he reached Michigan Train Station.

When Alex got off the train, he realized the woman beside her got off as well. She was right in front of him when he left the station. She was dragging her luggage while making a phone call. “Cousin, you have to wait for me at the entrance, okay? I’m not familiar with Michigan at all. Moreover, I can feel that there are a lot of scums in Michigan. I met one in the train just now. It would be troublesome if a scum kidnaps such a devastatingly beautiful woman like me...”

Alex was speechless.

This woman exaggerated the moral issue too much. Immediately, he arrived at the exit.

At first glance, Alex saw Phoebe standing among the crowd. A tall, beautiful woman with a hot body stood out from the crowd, attracting many people to peek at her.

Meanwhile, Alex also stood out among the crowd.

She waved at Alex.

Alex smiled and walked up to her.

Unexpectedly, the young woman also rushed toward and hugged Phoebe. “Cousin, you’re really getting prettier!” Upon witnessing this scene, Alex instantly stopped in his tracks. ‘It can’t be such a coincidence, right?’  
Chapter 1385

For a moment, Alex did not want to walk up to them. He just wanted to turn around and walk off, as if they did not know Alex. However, Phoebe was already waving at him. “Rockefeller brat, quickly come over. What are you doing standing over there?” When her cousin turned around and saw Alex, she instantly frowned. Afterwards, she had her mouth agape. “No way? Cousin, how do you know this scum?” The woman said right away. “What scum? Judy, don’t spew nonsense,” said Phoebe instantly as she was confused.

“That’s him, that’s the scum that I told you on the phone earlier. I don’t know which woman he was colluding with to cheat on his girlfriend. He had an affair with his girlfriend’s best friend. Is he still not a scum?” She was quite loud and immediately attracted a crowd of onlookers. Phoebe was terrified to the core. It turned out that the person Judy told her on the phone was Alex. However, never did Judy expect that the said best friend who was colluding with this scum was actually her own cousin! “Judy, don’t you spew nonsense if you don’t know anything. You must’ve heard it wrongly,” said Phoebe immediately.

“Alright, let’s go! There are a lot of people here. You’re really one of a kind too, you know. Why did you take the train when you’re coming from Alaska? You could’ve reached way earlier if you took the plane.”  
“I’m afraid of heights!”

Afterwards, she seemed to have realized something suddenly and shouted, “Cousin, the person who talked to this scum on the phone couldn’t be you, right?”

\*\*\*

Until they were in the car, Phoebe generously admitted to it. “That’s right, the person who gave him a call was me. That’s why I told you that you’ve misunderstood it. Do I look like the kind of person who would steal my best friend’s boyfriend? Besides, look at this guy, which part of him is worthy for me to be on the losing end?” The woman named Judy Larsen was Phoebe’s third uncle’s daughter. She was twenty-three years old this year and just returned from studying in England. Judy looked at both of them suspiciously. Even though she did not hear clearly what Phoebe said on the phone at the time, she pricked up her ears and heard everything said by Alex. They both were indeed tallying their confessions. She wanted to continue asking to get to the heart of the matter. However, considering that Phoebe was her cousin, she certainly would like to keep her ego. How would she possibly admit to such a personal matter?

Hence, she nodded. “Indeed, Cousin, with your appearance and family background, you

rank high even in Alaska but not everyone could claim social connection with you.”

After a pause, she continued, “By the way, Uncle has a great improvement this time.

Soon, he’ll become the governor of Michigan. When the time comes, you’ll become the governor’s daughter with an even higher position. I heard that many big families in

Alaska have been asking to see Grandpa because they all want to be your husband!”

When she said that, her eyes were staring at Alex, wanting to tell that to Alex.

However, Alex, who was in charge of driving, did not seem to hear it. Phoebe shook her head and smiled. “This is impossible. I’ll decide on my own marriage!

Nobody can force me, even if my grandfather can’t do so.”

Judy smiled and said, “Cousin, you can’t do that! We’re born in a family like the Larsen

family, we can’t decide on our own marriage! Well, you’re quite lucky though. The

second young master of the Quarters family is coming to Michigan soon.

His target is

very clear, it’s you! The Quarterses’ patriarch has talked to Grandpa about this matter.

It’s basically cast in stone. You’ll soon be the Quarterses’ daughter-in-law soon.”

“What? The Quarterses of Alaska?!” Phoebe exclaimed.

Her expression turned very awful. She knew about the Quarterses of Alaska. They had

a far greater existence than the eight royal families of America and many in the family

were high officials and noble persons. On the other hand, the second young master of

the Quarters family was also very well-known. He was famous for being the little prodigy

of the Quarters family. He had gained his popularity at the age of six and achieved a

PhD in three subjects at the age of eighteen. Now at the age of twenty-six, he had already established a multinational corporation that was worth hundreds of billions of dollars.

If such a person went to the Larsen family to propose a marriage, would the Larsens' patriarch refuse it?

Chapter 1386

She was slightly startled as she looked toward Alex. "Rockefeller brat, what do you think I should do?"

Alex raised his eyebrows and said, "As long as you're unwilling, I can guarantee that no one can force you to get married!"

Alex only said that because he had to consider that big shot, Yuno, in her body.

Yuno wanted Alex to promise her that he would let Phoebe achieve the Spirit Severing stage within three years . This was an extremely tough mission.

And, it was a very important point for Phoebe still being a virgin. Upon entering the cultivation process, a woman who maintained her Yin would inevitably be easier to advance to the mentioned stage than women who had lost their virginity.

Within these three years, Alex would never allow her to lose her virginity. Otherwise, before she could achieve the Spirit Severing stage within three years, Yuno would surely take over her body.

When he said that, Phoebe secretly peeked at him. She was secretly happy about it.

However, Judy scoffed. She grunted and said, "You guarantee? How are you going to guarantee it? Do you even know who the second young master of the Quarters family of

Alaska is? Second Yong Master Quarters has a nickname called Shakespeare II! Meaning, he's the reincarnation of Shakespeare. He's a genius and rides to the top of the world. Who knows how many women wish to marry him!" Alex said, "My word is a guarantee." Judy immediately burst into laughter. "You're really not humble. Then, may I ask, who are you? What do you do? How much assets does your family own, and do you have any people that you know in the government?"

Alex smiled and said, "I'm Alex Rockefeller, your cousin's bodyguard." "Hahaha! After so long, it turns out that you're just my cousin's bodyguard!" Judy's eyes grew contemptuous. "Oh, I'm so sorry for wronging you. You certainly don't deserve my cousin's love. Compared with Second Young Master Quarters... Forget it, let's not compare. Talking about the comparison is certainly bullying towards you. But, you shouldn't say anymore lies like that in the future. If Second Young Master Quarters ever hears it, you'll be dead for sure."

Alex smiled and kept quiet. Half an hour later at the Larsens' residence, it was already afternoon. On the other hand, Wayne was at work. He had been quite busy recently as Quentin would be transferred to other locations. He did not know if he would be promoted or demoted, but the higher-ups had already told Wayne about the appointment of Quentin as the governor. The time would be within this month.

During this period of time, everything was pressured into him, regardless of the affairs of the governor or the mayor. How would he have time to come home in the afternoon?

Besides, Grace Larsen was tantamount to becoming her husband's bodyguard now.

Judy said, "We're finally here. I'm so hungry. I heard that there are many snacks in

Michigan and most of them were featured on the show, 'The Tip of American's Tongue'.

Cousin, you have to show me around to have some good food."

However, Phoebe shook her head. "Forget it now. If you really want to eat, you can

order some takeaways. I just want to eat dishes cooked by Rockefeller brat now...

Rockefeller brat, can you do it? Ever since I've eaten the food that you've cooked, my

stomach is in love with it. Anything else I eat feels tasteless."

Judy kept blinking as she listened to her. She felt that it was not suitable for her cousin

to talk to a bodyguard like that.

Could it be that there was something going on between them?

Alex nodded in agreement.

Phoebe asked Judy to go upstairs and get some rest first while she stayed in the

kitchen to help out. At this moment, Judy even felt that there was something fishy

between the two of them...

She thought, 'Cousin may not take a fancy to this guy's family background but probably

she likes his muscles? It's impossible for her to marry him, but it could be possible if

she's just playing around!'

She knew that children from families like their kind usually had complicated private lives.

She went upstairs. The more she thought about it, the worse it got.

Then, she quietly went back downstairs. When she peeked into the kitchen, she was

instantly dumbfounded.

Her cousin was actually sucking that bodyguard's thumb.

'Oh my goodness! Cousin is actually so flirtatious in private!'

'Hmph! I must take some pictures and show it to Second Young Master Quarters!'

Chapter 1387

The true name of Second Young Master Quarters was Joel Quarters. Not only was he ingenious, but he was extremely handsome as well. In Alaska, he and the other three outstanding sons of the great families were known as the four young masters of Alaska.

Each of the four people was said to be a prestigious figure in Alaska.

Most importantly,

they had an incomparably deep background, and they were fundamentally different from

the four young masters of Imperial Capital circulating in the entertainment industry.

In their eyes, the so-called four young masters of Imperial Capital were not even worthy

of lifting their shoes for them.

Whereas, Joel was the leader of the four young masters of Alaska, as well as the most

handsome and graceful one amongst the four. His words and deeds were coveted by

countless women secretly. He was also regarded as the model for men.

For this reason,

Joel had also become the public enemy of the young men in Alaska.

Would Judy like such a person? Without any doubt, she liked Joel a lot in private.

When the Quarterses went to the Larsens' residence in Alaska to propose a marriage,

Judy was so excited that she almost fainted because the only person who was single

and had reached the marriageable age in the entire Larsen family of Alaska was Judy

Larsen. The target that the Quarters' family came to propose to could only be her.

Unfortunately, she got happy too soon.

Soon, she found out that the marriage proposal from the Quarterses was not directed to

her but to Wayne Larsen's daughter who was developing far away in Michigan. It was

her cousin, Phoebe Larsen.

She was dumbfounded the moment she found out about the news.

Why?

She knew a bit about her cousin, Phoebe. Instead of going for business studies, she

chose to study medicine. Despite her achievements in medicine, it was not enough for

an upper-class family like the Larsen family. To her surprise, Joel chose Phoebe instead

of herself. Was he blind?

Most importantly, she and Joel were acquainted. Unexpectedly, Joel found her and

asked her to go all the way to Michigan for his matchmaking so that he could conquer

Phoebe even faster.

It was because the last thing that the patriarch of Larsens said was Phoebe herself was

not against it

\*\*\*

At this moment, seeing Phoebe licking Alex's fingers, she felt contemptuous and snide.

The gentleness, virtuousness and purity displayed in the family before turned out to be

fake. In essence, she was just a b\*tch without any moral baseline. Doing such dirty

deeds to a bodyguard, she surely knew no limit.

At first, she thought that Phoebe was having a secret affair with the bodyguard and it

would have been a disgrace to the Larsens. However, now that she had taken the footage, she did not think so anymore. When she showed it to Joel later, he would certainly not like her anymore. Instead, if the Quarterses ever wanted to join the Larsens in marriage again, the remaining target would only be her. She sneered soundlessly while concentrating on filming the video.

\*\*\*

Meanwhile, Alex had not noticed her actions at all because his mind was fixed on Phoebe now. Earlier, he took out a pill and let Phoebe consume it because the goal of achieving the Spirit Severing in three years' time was very urgent and it could not be delayed for a moment. Alex purposely concocted a blood energy pill for her these few days so that she could enter the Chi Refinement stage as soon as possible.

However, when he took it out for her to consume it, she was holding something in her hands, asking him to feed her right away. As a result, while he was feeding her, Phoebe bit his finger. "Hurry up and consume it. I'm still waiting for your reaction!" said Alex. Alex was afraid that her meridians might burst when she took the pill for the first time, so he had to pay full attention to her. However, when those words were heard by Judy, it sounded like Alex wanted Phoebe to eat his finger and he even wanted to see the sordid expression on her face. 'Haha! This scene is really fantastic. Joel will surely go crazy if he sees this!'

Chapter 1388

'It'd be the best if they do the deed in the kitchen right away,' she thought excitedly.  
Afterwards, she really saw Alex touch Phoebe's chest with his hand... In fact, it was an angle problem and she saw it wrongly. With the spiritual power as a guidance, Alex was helping Phoebe digest and absorb the pill as well as guiding the spiritual power to lay the foundation in her body.

After everything was done, Judy ended filming in advance and acted as if she just got down the stairs. "Cousin, can we have the meal already? I'm very hungry!"  
Phoebe replied, "Oh, soon, we're almost done."  
"Hm? Cousin, why is your face so flushed?"  
"Huh? Is it? Maybe it's warmer in the kitchen!"  
When they were eating, Judy realized the food that the bodyguard, Alex, cooked was quite nice. It was comparable to the food made by a Michelin-star chef. No, it seemed to be even better and tastier.  
She glanced at Alex astonishingly but soon she was even more disgusted. For a highly skilled chef being Phoebe's bodyguard, she was afraid the purpose was not simple, he must have wanted to be Wayne Larsen's son-in-law. 'But, this is destined to be wishful thinking. Even if you do the deed with Phoebe every day until she gets pregnant, the Larsens would never allow Phoebe to marry a chef.'  
They were destined to be a temporary unorthodox couple.

\*\*\*

Before three o'clock in the afternoon, Cheryl arrived.  
Ding Dong! Ding Dong!  
Cheryl rang the doorbell. To her surprise, it was Alex who opened the door for her. She was stunned and looked at Alex dumbfoundedly. "W-why are you here?"

“Are you surprised?” said Alex as he smiled.

“V-very surprised.”

Afterwards, Cheryl directly jumped on Alex and kissed him without a doubt. During this

time, she felt as if she had returned to her high school days. She resigned from the

position at the Premier Hospital in California. She concentrated on receiving education

at home and slept for only five hours a day.

Calculating the time, it has been almost half a month since she last saw Alex.

How could she not be excited?

When Phoebe in the house saw the scene, her expression changed slightly while Judy

widened her eyes.

She was now certain that when Alex was having the phone call in the train earlier, he

was tallying confession with her cousin. Phoebe was having an affair with her own best

friend’s boyfriend.

‘Haha. What a threesome show!’ Cheryl had a lot of questions in her mind.

The news released by Quentin Zimmer was quite vague and the general public just

watched the fun. Moreover, the matter mainly happened in Michigan, and the influence

was even lesser when it was out of Michigan. In addition, after the trial, the news had

completely died down.

Even if Cheryl wanted to know about it, there was no way for her to do it.

Phoebe first introduced Judy’s identity. Then, she said, “Judy, you’ve taken the train for

so many hours. You should get some rest in the afternoon. We have some matters to

talk about!”

Afterwards, she pulled Cheryl. "Let's go to my room!"

Judy was very curious. "Cousin, you can't do this by leaving me out. Can I join?"

"No. This is confidential!"

"Confidential..?"

In the end, Phoebe, Cheryl and Alex went into Phoebe's room. Of course, this was not

her original room. She would never stay in the original room that had three people once

died in there with blood all over the place. Furthermore, she had been looking for a new

place and was ready to move out.

Meanwhile, Judy, who kept cursing in her heart, listened to them outside the door for a

long while but she could not hear a single sound. In the end, she left angrily back to her

room and made a call to Joel. "Bro Joel, I think your plan to marry my cousin is going to

fail. I'll send you a video, have a look at it!"

Chapter 1389

Joel would definitely not come to Michigan by himself. He had two pretty secretaries

following him closely, with one of them being a foreign beauty with blue eyes and a tall

nose bridge.

Besides, as soon as Joel reached Michigan, many rich folks and people from notable

families immediately went to the airport to welcome him. Even if they knew that they

were not qualified and could not even say a single word, meeting Shakespeare II for

once was also a capital that could be bragged in front of people.

Meanwhile, he was half lying on a certain master bed in the most prestigious Blue

Heavens Club in Michigan. Beside him were his two secretaries who were dressed in

revealing outfits and serving him with utmost flattery.

There would be no shortage of women at all when one had reached a position like Joel's.

Just in Alaska alone, at least hundreds of thousands of women were willing to get on his bed, including many rich wives, mistresses as well as the famous celebrities in the entertainment industry. However, Joel had never touched any of them because that was the requirement of his persona.

He was known as Shakespeare II, who was very handsome and had a high intellect. At the same time, it had also created the image of a pure, good young man. If the news about him having illicit relationships with many women were to get out, the image that he had worked so hard to shape for so many years would be completely destroyed.

However, in reality, he was also a person who had no resistance for beauty and lust.

The two beautiful secretaries could copulate with him at any time. Not only that, the close two secretaries were even constantly in charge of finding pretty and young women for his pleasure.

Ring! Ring! Ring!

Just at this moment, Joel's phone rang.

"Bro Joel, I think your plan to marry my cousin is going to fail. I'll send you a video, have a look at it!"

It was a call from Judy. Joel frowned. When he saw the video, his expression darkened.

He would have never expected Phoebe to be a woman like that in private.

However, the scene of her sucking the man's finger was too seductive.

The expression

and those eyes swelled Joel's heart with a burst of jealousy and envy.

After that, all he

felt was extreme hatred. The Larsens' patriarch had already agreed to the marriage, so Phoebe was regarded as his fiancée as well. Seeing his fiancée being intimate with another man, it would be strange if he could feel happy.

"Bro Joel, you don't know my cousin very well. She may seem like a decent person normally but in private, she's very indecent. I don't even know how many boyfriends she has had. As for the current one, I believe you don't even know who that man is for sure."

"Let me tell you. He's my cousin's bodyguard."

"And there's something even more shocking. This bodyguard has a girlfriend and she's my cousin's best friend. The three of them are currently in my cousin's room. Can you guess what they are doing inside? Oh, no one would ever believe this even if I tell them.

Bro Joel, I feel truly sorry for you. This b\*tchy cousin of mine doesn't deserve you at all."

After hearing Judy's words, Joel's expression darkened. However, he was still excited.

"Judy, can you bring them to the Blue Heavens Club tonight? I would like to meet them."

"What? You still want to meet them? Bro Joel, honestly, I think I'm far better than my cousin. I'm already..."

"Tonight at seven o'clock. I'll be waiting for you people at the Blue Heavens Club. It's confirmed then." Joel did not let Judy finish her sentence and cut her off right away.

Why did the Quarterses ask the Larsens in the hands of marriage? It was not because they took a fancy to the Larsens of Alaska, but Wayne Larsens's potential caught their eyes. More importantly, they had information that Grace Larsen

was in fact an underling of Elder Crain. This was the most important reason as to why Joel had to marry Phoebe. So, let alone Phoebe had another man, even if she was a man herself, he had to marry her.

Meanwhile, inside Phoebe's room in the Larsens' residence...  
Chapter 1390

Cheryl looked at her classmate who was also her best friend strangely, then glanced at Alex. She could not understand the current situation no matter what. If she were to be slightly more hot tempered, she would have jumped up to accuse Phoebe. "B\*tch, I treat you as my best friend, yet you steal my boyfriend? Why don't you go and die?" However, Cheryl was not that kind of woman.

Alex explained. "Cheryl, did you know that Phoebe's father was seriously injured and unconscious after being attacked by thugs a few days ago? He almost failed to wake up forever."

Cheryl was shocked. "Huh? I don't know about this. Did such a thing happen?"

Phoebe said, "It's true. My mom and I were very anxious. Then, we begged Alex for help. Luckily, he arrived in time, only then did my dad manage to wake up."

On the other hand, Alex sighed as he said, "Speaking of which, I'm responsible for this matter. Uncle Wayne was only attacked repeatedly by the thugs because of the Sky Tower project. Whereas, I was the one who took the lead to take down the Sky Tower project. Besides, we have found the people who attacked Uncle Wayne were people

from Leviathan Gate. They are my old enemies. Our people from Divine Constabulary have also been investigating this matter. Since the danger has not been lifted yet, the people from Leviathan Gate will come after Phoebe to capture her as a hostage at any time. So, Divine Constabulary has assigned me as her bodyguard for the time being.”

“The Sky Tower? Leviathan Gate?”

Cheryl had never heard about these matters before. She took a long time to digest it.

Afterwards, she pulled Phoebe’s hand and said, “Phoebe, why didn’t you tell me when such a huge incident happened? Then, you must be careful. Alex, I’ll leave Phoebe’s safety in your hands, you have to be careful too.”

“Okay, I’ll be careful.”

After pondering for a while, Phoebe said to Cheryl with a smile, “Cheryl, let me tell you something, you’ll be very shocked for sure. Alex’s father and my mom actually knew each other before! When Alex treated my dad last time, Quentin Zimmer’s son came to harass me and force me to marry him. So, my mother got mad and said that Alex was my fiancé and that’s how the rest of the story happened... Cheryl, you don’t mind, do you?”

Cheryl was stunned. Then, she said, “Why would I mind? If someone were to mind it, it should be his wife!”

Phoebe was dumbfounded. “His wife?”

Only then did Cheryl remember that the matter of Alex and Dorothy’s fake divorce could not be revealed to the outside.

She immediately said, "What I mean is his future wife. His junior and godsister are much closer to him than me. Who knows who his future wife will be! If you want to use him, then just take him. I have no issues with that! It's even better if you break him!"

"Cough! What are you two saying? I'm not an object."

"Yeah, you're not an object but a bodyguard!" said Cheryl as she laughed. Afterwards,

she massaged her calf. "I haven't driven for such a long time. My legs are almost

cramped from driving all the way here."

Phoebe said, "Alex, why don't you hurry and massage Cheryl's leg? My best friend has

taken a fancy to you, yet you're still messing around with other women out there? You'

re really getting on my nerves! If you dare to treat Cheryl badly, just see how I'll fix you!"

Whereas, when Alex was massaging Cheryl's leg, she said, "Oh, I think my leg is a bit

sore as well. Cheryl, can I borrow your boyfriend for a while and let him massage me as

well?"

Chery immediately said, "Massage!"

While Alex was massaging the soles of the two women's feet, his eyes turned, pouring

a stream of spiritual power to the acupoints on the sole of their feet.

In the next second, the two women immediately fell on the bed, laughing loudly as they

struggled hard. The soles of their feet were very itchy but Alex still did not let them go.

Soon, it became a shouting match.

Judy, who was listening outside, was dumbfounded. This was too shameless. She, a

living person, was still here!

At night, Wayne had to work overtime and have a meeting.

Judy strongly requested to go to Blue Heavens Club for dinner, saying that a friend

wanted to treat them to a meal.

When the few people arrived at Blue Heavens Club, Phoebe was stunned after seeing

Joel. "Judy, he's treating us to dinner?"

Joel reached out his hand and said toward Phoebe, "Phoebe, long time no see!"
