The Pinnacle of Life Chapter 1608

Herschel Lancaster's pupils became larger, and the whites of his eyes became smaller. Toward the end, the whites completely disappeared.

An ambiguous smile appeared on his face. "Turns out that you're actually someone with a true legacy, one that can work with demonic cultivation. The combination of Yin and Yang will allow us to fuse! Hehe. You're a beautiful woman yourself, and I happen to like that. You can stay behind and become my lover!" Herschel said.

"In your dreams!" Luna Flores' expressions changed.

She raised her Sky-Devil Zither.

Luna then started strumming the nine strings on the zither, and her Demonic Chi delivered its final blow.

Right then, Alex Rockefeller fiercely bounced off the ground. He turned into a beam of light and charged toward Herschel.

"Senior, be careful!" someone shouted.

Herschel instantly sensed it. Without a second thought, his Soul Harvesting Sword appeared in his hand, and he swiped it at Alex.

Pfft!!!

The blade struck Alex directly on his waist.

The Mystic Armor couldn't block the blade completely. A large gaping wound appeared, and Alex's waist nearly tore apart. However, Alex's hand had also slammed Herschel's forehead.

Alex was using the Divine Fetter Talisman that Luna previously gave him as a gift. As soon as the talisman landed on Herschel's forehead, his entire body stopped moving.

Boom!

A strumming that sounded almost like a dragon's roar could be heard.

It was the strongest attack from the Sky-Devil Zither in Luna's hands, Nine-Stringed Strum of Death!

The sonic arcs transformed into a sharp blade that directly shot toward Herschel's heart from the back.

Alex also forcefully pierced his Seven Blades of Death into Herschel's throat!

Herschel's eyes instantly widened in disbelief. He was about to turn into a godlike figure. How could he die in this place?

He shouldn't die!

A black liquid flowed out from his eyes.

However, the darkness in his eyes became even brighter.

"Argh!!!" Herschel cried out loudly.

His eyes emitted black mist that gradually gathered and formed a black ghost.

"D*mn it!"

"You all deserve to die! How dare you kill the body I've worked so hard to gain control of!"

"I'm going to eat all of you!"

The ghost was filled with a sense of evil. Its resentful aura spread across the sky.

The Divine Fetter Talisman that still had one usage left actually started burning, eventually getting destroyed.

"He isn't Herschel Lancaster. He's a ghost that possessed Herschel," Luna exclaimed.

Boom!

Alex struck the ghost directly with his Thunder Palm Mantra.

The ghost instantly howled in pain.

Boom! Boom! Boom!

Seeing that his Thunder Palm Mantra was effective, Alex struck the ghost with it repeatedly. In the end, he even summoned Maiko Chiba to devour the ghost.

Meanwhile, Alex finally couldn't take it anymore and he slumped to the ground.

Luna grabbed him from behind. "You're not going to die, are you?"

While Luna spoke, she shoved half a rejuvenation pill into his mouth.

Alex leaned back and rested his head against something soft. His head coincidentally sank in deeper. It felt very comfortable. "My queen, I've worked so hard. Can't you say something nice?"

Luna pouted. "I always say terrible things like this," she said.

Alex struggled to get up.

Luna, however, pushed him down. "Don't move. You've got yourself a severe wound. Even your innards are nearly showing. Let me tend to it!"

Indeed, Alex didn't have any energy left. After turning his neck around a little, he found himself in more a comfortable position.

"I'm famished!"

"I have a sudden craving for buns!"
