The Pinnacle of Life Chapter 1611

This person was one of the main elders within Floral Valley, in charge of the library of Floral Valley, and was fairly older than the president, Alcina Bela. Her name was Cassandra Lane.

Alex was currently holding her by the neck, mid-air. She kept kicking and struggling, but it was to no avail. Her entire face was flushed red. Not only was it because she was being choked, but she was also very embarrassed by her own actions.

Just a while ago, Alex had risked his life to save every member of their clan, yet she, as the main elder, tried to trick Alex into giving her the token. Moreover, her lies were exposed right on the spot as well.

Anyone would've died of embarrassment if this happened to them as well.

Even worse, Luna's words struck fear directly into her heart

If Flora Valley really were to be destroyed because of this, she would be the one to blame.

"I... I'm so sorry!" Cassandra apologized with every strength she had left. "I... I know what I did was wrong, and I'm willing to... Die for my sins. Please, young warriors, please don't put the blame on... The entire Floral Valley!"

After that, she stuck her tongue out, prepared to bite down on it and kill herself.

"Hmph!" Alex threw her to the ground. "Do you think I wouldn't be mad at your clan after you commit suicide? Aren't you a little too indulgent?"

Cassandra's face turned pale as soon as she fell to the ground, her actions interrupted.

"You! Come here!" Alex pointed towards Jasmine.

"Follow us when we enter the Spiritual Valley. I'm a man of my word. I will cure the parasitic worm within you after we find the Dragon Blood Vine."

Alcina was startled. She turned to Jasmine with a shocked expression. "You... You have a parasitic worm within you?"

Alex decided not to pay any more attention to these people. He just grabbed a man from Hygieia Valley and said, "Bring me to where you hid your treasure."

The members of Hygieia Valley had already lost their fighting spirit, hence they had no objections against Alex's request.

In just a few moments, the member brought Alex and the others to one of the president's rooms. "The treasury of Hygieia Valley is here."

The door was locked. Alex preferred to just kick it down. However, he became very disappointed as soon as he entered the room.

Other than a few gold bars, nothing else in there was unique or of value. They were just ordinary materials to make pills and drugs. Apart from those, there was also a pile of faulty pills that weren't made properly.

"Is that it?" Alex seemed to be unsatisfied as he turned to look at the member.

The member nodded profusely. "Yes, sir. There's only one treasury in the whole of Hygieia Valley. I really wouldn't dare to lie to you, sir. I swear on my life!"

Alex frowned and looked at the faulty pills. "What position are you in Hygieia Valley?"

The man replied. "I'm just an ordinary member, ranked at 109th in the clan."

"So that means you're just on the sideline. No wonder you don't know where the real treasure is," Alex said as he shook his head.

"There's another?" Luna asked.

Alex replied. "Hygieia Valley is such a big place, yet all it has are such average stuff? Would you believe that? And look at these faulty pills; they're definitely not made of ordinary materials. None of the stuff here can compare to these. Just look at how many of these are here. There are definitely other inventories of rare materials elsewhere."

Suddenly, an idea popped into his head.

Alex called for Maiko and ordered her to look around for any secret rooms. Since she was a spirit, it was more convenient for her to travel around the area.

Now that he had achieved Core Formation, his powers and spiritual consciousness had significantly improved as well.

Back then, he could only expand his consciousness to a five-meter radius. Now, it could expand ten times more than before.

However, he knew that he couldn't use this current power. If he were to search a fifty meter radius, he would be exhausted.
