The Pinnacle of Life Chapter 2990

“Sh*t, it’s this a*shole’s tribulation!”

“Then we don’t have to be afraid anymore. This guy’s cultivation is weak. I wonder what kind of messy skills he has learned. Just look. He’s only at Core Formation... You could pass such tribulation with your eyes closed.”

“Clinton, did you forget? Our cultivation levels would be included in it too!” an old man reminded him.

Only then did Clinton remember, and he quickly felt relaxed again.

“What are you afraid of? We’ve even bluffed the Immortal-slaying sword formation. This lightning tribulation is nothing.”

“It’d be easy to fool.”

As they had lived for thousands of years, they’d been through many lightning tribulations. Having some experience, they knew many ways to pass it.

However...

When Alex appeared, the rich Demonic Chi from his body was so strong that it made everyone freeze in place.

“He... He’s a Demonic Cultivator?”

“Oh god, how could there be such pure Demonic Chi? Could he be a celestial demon’s son?”

The Demonic Chi that came from Alex wasn’t completely pure, leftovers by the Blue Demonic Lotus. That was enough to shock everyone, though. If the Blue Demonic Lotus had appeared directly under the tribulation, it might’ve caused quite a havoc.

Rumble...

The tribulation clouds changed swiftly as they sensed Alex’s Demonic Chi. Countless circles of lightning and electrical patterns appeared on the dark

clouds. The whole space was locked in and covered by it. The lightning attribute that roamed in the air made everyone shudder in absolute terror.

“I... D*mn it! I want to escape!” Clinton looked at the lightning tribulation above him. He squeezed the divine stone on his waist suddenly. Such a scary tribulation worried him. He was afraid that it would destroy his divine stone.

As he looked at the Cleansing Vase, he felt reluctant to leave it. The two of them had worked so hard to refine it. While he had just this little thought of doubt, the lightning tribulation started.

Boom!

Instantly, the skies and grounds changed color. It was as if the whole universe was in chaos. The two old men were flabbergasted.

‘What kind of lightning tribulation is this?’

They’d never heard of a tribulation that arrived so quickly and hit so hard. Everyone within its range was attacked at the very same time.

Crack!

Countless streaks of lightning and roaring thunder rained from the skies.

The disciples had spent so much effort entering Yukon just to think of what weapons to choose from the Troop Raising Pond. Despite this, they met their demise in the blink of an eye.

With a clap of thunder, they were all killed on the spot!

Alex himself was stunned. He hadn’t expected such a terrifying lightning tribulation. Yet he seemed to not feel anything.

Since he was the main target of the lightning, it meant eighty percent of the tribulation’s attacks would land on him. However, it was rather odd. As the lightning landed on his body, they entered his mind palace immediately and disappeared in the mud swamp where the nine lotus seeds were planted.

The mud swamp was absorbing all of the lightning tribulation’s attacks.

‘This... What’s happening?’

Alex stood still under the tribulation, confused.
