### The Pinnacle of Life Chapter 3044

Three days later, a piece of news came out that shook America to its core.

[The Stoermer Sect has made a comeback!]

[The Lightning Pavilion has yielded to the Stoermer Sect! From now, the Lightning Pavilion ceases to exist! Only the Lightning branch of the Stoermer Sect will exist!]

For a moment, internet and live-streaming platforms were full of news about the Stoermer Sect and the Lightning Pavilion.

Truths and shams of all manner existed. Americans were no stranger to the Lightning Pavilion. It was because the six ancient sects had just stirred countless turmoil on Earth, especially in American territory, terrorizing the people. The Lightning Pavilion name was also deeply rooted in the people's hearts.

On the contrary, not many people knew about the Stoermer Sect. Everyone who still remembered the name was definitely not an ordinary person.

Countless puzzled netizens asked about the identity of the Stoermer Sect. However, nobody could step up to answer, as if no one knew what Stoermer Sect even was.

Consequently, another piece of news came out not long after the first shocker.

[The Beast King Sect swears its allegiance to the Stoermer Sect. From now, the Beast King Sect ceases to exist. Only the Beast King branch of the Stoermer Sect will exist]

In an instant, the internet was in an uproar again. People had remembered the two words "Stoermer Sect" since then. However, it did not intend to stop the pace of expansion. The next day, another piece of news came out again, as expected, the Demonic Spirit Cult had also joined the Stoermer Sect.

That was simply terrifying.

Surprisingly, the Stoermer Sect could make the ancient sects yield one after another.

What on earth was it?

Currently, nobody bothered speculating about the Stoermer Sect's true identity, but rather, the identity of the next sect that would come under its wing. Supposedly, only the Snow Dragon Valley remained.

In that case, it seemed that Snow Dragon Valley would soon become a vassal of Stoermer Sect, judging by previous developments.

In the Snow Dragon Valley, Lenneberg Snow found her daughter, Maya Howards, and interrupted her cultivation. She told Maya to leave the sect quickly.

"Mom, what happened?"

In the face of her daughter, Lenneberg wasn't as indifferent as she was, but she was very gentle instead. She told Maya about the reemergence of the Stoermer Sect. "You probably have never heard about the Stoermer Sect before, but they are absolutely terrifying! It was an ancient sect ruled by the two Heavenly Emperors, Rowan and Phoenix. It possesses a pivotal status in the universe. Others aren't even qualified to look up to it."

"Moreover, the Stoermer Sect holds an excellent reputation. However, the current Stoermer Sect is a bit intriguing. It is abnormally high-profile and is simply expanding at an alarming rate. It isn't the style of Stoermer Sect at all. Most importantly, the Demonic Spirit Cult is a satanic cult, but Stoermer accepted it wholeheartedly. The Stoermer Sect is probably a fake."

"But no matter what, many sects it has under its wings, it is mighty. It will definitely come after us next. Babe, you have to leave right now and head to Yukon!"

Maya left the large snow mountain on the same day.

Eustace came with his men almost right after she left. The signage at the Snow Dragon Valley's entrance had been razed to the ground.
