The Pinnacle of Life Chapter 3233

“Could someone have gotten ahead of us?”

Juvia started panicking. She had been working on this for ten thousand years. She couldn't possibly let anyone take the rewards of her hard work after all.

“Damn it, who could it be?”

“Is it someone from the Seven Brilliance?”

Seeing that the boundary was enhanced again, she assumed that more enemies were now arranging new tactics against them. Moreover, she couldn't sense anything but Cheryl's touch, despite being connected... Hence, she couldn't get any information about this universe, instead could feel every single sensation when Alex was making love to Cheryl. She had to experience such odd punishment countless times.

“No, I have to think of a way!”

Just then, Aria rushed over to her. “Sister, good news!”

“What is it?”

“I just received news that Big Brother is coming. He will be bringing the Shuttle of Nine Stars with him.”

“What? The Shuttle of Nine Stars?! This is great... With that, we would be able to break through this turtle shell in a shorter period of time. When is he arriving?”

Aria said, “He's already on the way, taking the Shadowless Car. He'd likely reach here within two days!”

After Alex and the others set the boundary, they left the Genbu Dungeon.

“It's almost time. The Beast King Pool should be open soon!” Phoenix turned to Alex.

“Have those people arrived yet?”

“Almost. I can sense a few familiar people. Ah, this brings me back, it’s been so many years, and yet these old things are still alive and well.” Phoenix looked towards a distance, sounding rather melancholic.

Alex asked, “Are all of them your friends?”

“Friends?”

Phoenix smiled coldly. “Kind of... We just fought back in the Undead territory then. They’re old friends who wanted me dead. How else did you think I became this way. I’m neither human nor ghost.”

Alex’s eyes widened. “Is it because of them?”

Phoenix nodded. “Yeah! I will never forget how the people around me started falling one by one. I swore to take revenge for them... Considering our situation now, those who died would agree if I make these old friends suffer the same fate, right?”

Alex concentrated and was able to feel some faint divine consciousness brushing over his body. If his mental power weren’t strong enough, he wouldn’t be able to feel it either.

“Let’s go. It’s time!”

“Are we really going to the Beast King Pool?”

“Of course, how else are we going to make that sly old fox take the bait?”

More importantly, the Beast King Pool was not on Earth. It was situated in another world within the universe.

Not long after, Saria showed up with a boat that could sail through space.

Alex, Phoenix, and Saria then secretly left America in the middle of the night, rushing up towards the void. Although Alex could already go through voids, this was the first time he had to leave Earth. He’d be able to look at Earth from space yet it looked completely different from what the media showed the public.

“Could it be... That the ancient boundary was completely sealed off?”
