The Pinnacle of Life Chapter 3380

Since Alex got his cultivation back, he was able to open his mind palace, open storage gadgets, and do many other things. Owing to that, he tried summoning the teleportation door. However, it didn't work, despite him having access to everything else. Alex would've been able to send Jade out otherwise. So he could only bring Jade along with him.

He then summoned both Shelly and Ancestor Bodhi out of his mind.

"Ancestor Bodhi!"

"Hey, take a look at him. Is he your twin or something?"

Returning back to the place filled with blood talismans, the evil Bodhi could still be easily recognized though he had been sliced in half by the Phanes Ax.

Ancestor Bodhi seemed calm. "I knew all along, so just give me a pit to deal with him. I almost had a heart attack when he appeared out of nowhere!"

"What does that mean? You already saw it a while ago?"

Ancestor Bodhi said, "I came from the same roots as he did. We were the ancestor spirits that came from the Ancestral Bodhi Tree. I branched out to the South, whereas he branched out to the North."

"The tree's Yang energy faced the South as the Yin energy faced the North. That is probably why we never got along since birth."

This was the first time Alex had heard such an explanation, but it made sense.

"But to us spirits, my powers are not as strong as his despite striving towards kindness. Since spirits naturally have more Yin energy, he is much stronger than I am. Back then, we were fine with each other's presence since we aren't aggressive."

"Yet, later on, he managed to grow a divided soul..."

Upon hearing this, Alex sympathized with Ancestor Bodhi and tried comforting him. "I understand now. You poor child, you have been abused since then,

huh? Even if he was still one being despite having six divided souls, he was still much stronger than you. That's how you ended up this way, right?"

"Exactly!" Ancestor Bodhi was even older than the Earth. Yet, he still teared up upon looking back on his horrific childhood memories.

It seemed that this guy had been treated as an enslaved person even back in the Dairaionji Temple. He was basically the evil Bodhi's lapdog, as the evil Bodhi took [search control](#) over everything. The evil Bodhi had him take care of the tree, but he could already leave the Ancestral Bodhi Tree for long periods of time and travel around freely, making trouble anywhere he went. As long as the tree was alive, the evil Bodhi wouldn't die...

Juvia was actually wrong to have called the evil Bodhi 'Father'. The evil Bodhi had swallowed her father and merged their memories together. That was how he was able to mask as her father when speaking. Moreover, with them merging, their blood naturally mixed together as well. That was why Juvia's blood could activate the blood talismans in the ground.

"Hahaha!" Suddenly, Ancestor Bodhi started cackling maniacally, acting even crazier than the evil Bodhi.

Shelly, who was standing at the side, started shaking her head. "Poor child, give him a moment. If he doesn't let out any of his pent-up emotions now, he might become depressed... So this is why he's so timid now."

In the end, Ancestor Bodhi swallowed up the evil Bodhi. Since they were both from the same roots, this was the best course of action for now. However, the evil Bodhi was now just a shell. His actual spirit had been killed by the Phanes Ax and swallowed up by Alex.

Shelly looked towards Phoenix. "How are you holding up?"

The two knew each other quite well, in fact.

"I'm okay."

"No, you're not I can tell." Shelly stared at Phoenix's face with a stern expression.

"What could possibly be wrong? Come on, Shelly, why are you nagging all the time?"

“Something’s wrong with you and him!” Shelly huffed.

“I can see it in your soul and eyes. You’re developing feelings!”

“Huh???” Phoenix nearly spat out a mouthful of blood.

As the Little Divine Phoenix, she couldn’t possibly take such comments. Phoenix then looked at Shelly’s body, which still hadn’t finished growing at the time. Suddenly, she had a cold and exciting idea.

‘Hehehe...’

Just then, Alex sent out a few seals with his hands to the blood talismans on the ground. Moreover, large amounts of blood flowed down from the grimstone while the flesh slid to the other side. This blood was able to help them open the altar entirely.

Roar!

“Seiryuu, three steps to the left!”

“Byakko, four steps to the right!”
