

The Pinnacle of Life – Chapter 1253

“What?”

“You’re my brother’s daughter?”

Holly became even more shocked.

Then, she looked at Zella.

Zella’s current age was unknown. However, she might be related to the unique gene. Holly could not tell that she was a woman who had given birth to a child at all from her appearance. However, when she took a closer look, she could feel the natural feminine charm exuding from her. Hence, she was definitely past her early twenties.

The little devil, Michelle, just took a step forward and snatched Winnie, hugging her. “Wow! Bro Alex, is this your love child? She looks quite good, just like a porcelain doll. Can you lend her to me to play with her for a few days?”

Winnie pursed her lips and was about to cry.

Zella was so anxious that she almost wanted to rush forward and snatch her away.

However, she soon discovered that the group of women before her was naturally beautiful and as pretty as flowers, but they all had decent cultivation. Even if she did not seriously go through the cultivation formally, she could still feel their cultivation.

“Michelle, stop fooling around!” Brittany spoke.

After taking the child from Michelle, she took a few looks at her. From her eyebrows, it could be seen that she liked Winnie very much. She even suspected. ‘This child can’t be a love child born out from my son’s reckless behavior in the past, right?’

She looked at her son. “Alex, is she really my granddaughter?”

Alex made a cough. When he was about to say something, Winnie looked at Brittany with a terrified expression as she shouted weakly, “Grand... Grandma, h-hello to you!”

This made Brittany happy.

She really thought that she was her granddaughter who had been suffering out there, so she instantly responded with a hum, grinning from ear to ear.

Alex hurriedly introduced. “Mom, let me introduce them. This is Zella Yaeger. She is Winnie’s mother. That’s Winnie. Her full name is Winniefred Wood. If you like her, then just treat her as your granddaughter!”

With such an introduction by Alex, everyone understood that the child was not really her granddaughter.

However, the few women’s expressions became weird as they looked at Zella.

Holly blurted, “Bro, are you taking care of someone else’s child? Then, introduce Sis-in-law to us!”

Alex raised his hand and scratched his nose. “Stop talking nonsense. She’s not your sis-in-law.”

Then, Alex briefly introduced Zella and her daughter. When the crowd heard that the person was the candidate fancied by that mysterious aunt, everyone’s expression became stern. It was evident that the aunt had left an indelible image in their minds.

“Hurry, we’ll talk about it after going inside!”

“Since Alex has become Winnie’s father, then I’ll shamelessly be Winnie’s grandma!”

Brittany handed Winnie over to Alex. When the little girl returned to Alex’s side, she became cheerful, and her eyes were once again filled with its quick wittedness as well. She looked around at the crowd, but she still felt afraid when she saw Michelle because that woman had actually wanted to play with her like a doll.

She was too terrifying.

On the other hand, Brittany affectionately took Zella’s hand and walked into the manor.

Alex introduced the aunts and sisters to the little girl. After introducing Hailey, he could not help but ask Hailey, “Hailey, Long time no see. Why does a busy person like you have the leisure to come here today?”

Hailey glared at him. “How am I a busy person? You’re the busy one! Ever since you guys moved away from Maple Villa, you haven’t gone back even once. When I wanted to drop by your house, I couldn’t find you guys at all!”

Alex said with a smile, “Then, what about you come and stay here too? It’ll be lively.”

Hailey cackled as she said, “But I think it’s inconvenient for me to be in this harem of yours!”
