

The Pinnacle of Life – Chapter 1303

Whoosh!

Azure fell onto the ground heavily. His buttocks landed on the ground like a goose falling on the sandbank. Fortunately, he had now successfully advanced into a Mystic ranked martial artist. With the inner force protecting his body, the fall would not cause him to become half paralyzed.

Meanwhile, Alex saw a gray haired old woman through that broken window.

One martial artist from Thousand Miles Conglomerate immediately went forward to help Azure up. “Bro Azure, are you okay? What happened up there? How did you get thrown out?”

Right after he said that, three vibrations sounded.

Bang! Bang! Bang!

The other three martial artists who followed Azure into the parlour were thrown out of the second floor as well. Immediately afterwards, an old woman jumped down from the second floor casually while holding a dragon head cane in her hand. Her gray hair was tied up in a bun and wrapped in an elderly's scarf. Her appearance was very similar to Nanny Kim from the martial arts TV series.

‘She’s definitely a martial arts fan! This look is an exact cosplay of Nanny Kim’s look from the TV series.’ Alex could not help but complain secretly.

After the old woman jumped down, she landed on the ground sturdily. When the dragon head cane thumped hard to the ground, it even made a metal clanging sound.

Even the concrete ground that was thumped by the cane formed a cracked area. It was extremely powerful. Clearly, the dragon head cane in her hand was not made of ordinary wood but metal. It was completely black and it seemed quite heavy.

“Azure, do you think that I don’t know who you’re?”

“We don’t interfere with one another and I’m too lazy to care about the underworld whatsoever. Now that you monkey has become the king, you shouldn’t cross the line, or else you’ll not end up well!” Nanny Kim said in a cold manner. After turning around to take a look, only then did she notice the dumbfounded Norton who was standing not far away from here.

Norton never knew that Nanny Kim was a martial artist and even an expert who could easily defeat Azure. He was stunned at that moment.

When Nanny Kim saw Norton, her expression changed instantly.

The breaking news about Disneyland was known to most people in California. Naturally, she knew it as well. However, never did she expect that Norton would surrender so quickly and sold her out as well. They even found her lair, it was unforgivable... Fortunately, the people who came were not police, so she still had a glimmer of hope in her. As long as she killed all these people, there would be no testimony of the witness against her.

So, the moment Nanny Kim saw Norton, she had the urge to kill him.

“Die!”

Nanny Kim thumped her dragon head cane, causing her entire body to soar into the sky. She did not look like a senile old woman at all, but she seemed to be a sharp sword being shot out.

The cane in her hand was aimed straight at Norton’s head as she wanted to kill him instantly.

Meanwhile, Alex and Zella, who were standing aside, were not noticed by her because they seemed like two trash that could be easily killed. However, such trash suddenly made a move and pinched her dragon head cane, defusing her killing move.

Norton broke out in a cold sweat as he looked at Alex thankfully.

At that moment earlier, he really thought that he was going to die under the cane of Nanny Kim.

“Hmm?” Nanny Kim was startled. As her feet landed on the ground, she swung the cane with force.

However, Alex’s hand was like a giant clamp. She couldn’t pull it out of his hand at all.

“Who are you? Let go!” Nanny Kim shouted with a stern voice.

The martial cultivation belonging to Intermediate-Earth ranked exploded abruptly from her body. She wanted to attack Alex’s body through her cane. If he were an ordinary person, the old woman’s full powered blast of inner force would definitely break his heart and take his life instantly.

However, she ran into Alex.
