

The Pinnacle of Life – Chapter 1305

Nanny Kim begged loudly as her body trembled.

This was because she had seen people who were infected by the parasitic disease from the heart scratching pill of a hundred days with her own eyes. The situation at that time was simply a horrible sight, especially when the person was about to die, his entire body would be eaten out alive. She had nightmares for several months due to it

“I... I have a name list. The name list is in the parlour, I'll go get it now.”

She struggled to get up. Only then did she realize that both her legs had been trampled off, she was unable to walk at all. The pain was gut wrenching whenever she tried to move.

In the end, two martial artists under Azure dragged the old woman inside. The name list was found inside a hidden compartment in the wall.

Alex still walked into the foot reflexology parlour in the end. He saw a few beautiful women with exposed outfits hiding in a room, secretly poking their heads out to watch them. After that, he even saw a few younger girls but they were dressed very maturely.

He straightaway pushed open the door and pulled one of them out to ask.

The girl was so shocked that her face turned pale. She looked at Nanny Kim in fear.

Azure immediately gave Nanny Kim a few slaps on the face and said to the girl, “Don’t be afraid. This old hag is pretty much useless now. If you have any grievances, you can tell them all! I’ll call the shots! California has now formed a special raid team, all the human traffickers will be apprehended.”

The girl tremblingly asked, “Is it true?”

Azure said, “I can assure you that.”

Afterwards, this thirteen or fourteen years old girl cried out loudly right away. She said that she was kidnapped four years ago. During the period, she had been through many tearful and tragic encounters. She was forced to be an attendant here while living an inhumane life. She complained about Nanny Kim’s crimes...

And, the entire parlour was almost full of such ill fated girls. It was truly tearful for those who heard about it.

The killing intent in Alex’s eyes got even thicker.

He asked, “Nanny Kim, let me ask you. I heard that lately you’ve been looking for girls who are born in the lunar year, lunar month and on a lunar day. Why are you looking for such girls?”

Nanny Kim truthfully replied, “I don’t know the specifics either. A friend of mine asked me for them.”

“Who is the person?”

“It’s a woman named Paige Rockefeller.”

Alex was stunned for a moment, “Which Paige Rockefeller?”

Nanny Kim confessed, “It’s that Paige Rockefeller from Rockefeller Group. She’s a very wealthy woman.”

As soon she said that, both Azure and Zella looked at Alex at the same time.

Twenty minutes later, Alex reached Paige’s house. However, he saw that a funeral was being held in her house.

The mourning target was Paige’s husband, Wes Jefferson.

Alex saw Paige’s son, Elijah Jefferson.

When Elijah heard that Alex was looking for his mother, he angrily pointed at Alex right away and said, “You’re looking for my mom? I even wanted to find you! Ever since your family forcibly bought all of our shares in Rockefeller Group with one dollar that day, my mom has been missing and my dad was killed. This is all because of you and your mother. Give me back my mom and dad!”

Alex was slightly shocked as he asked, “How did your father die?”

Elijah reddened his eyes as he yelled, “Who should I ask when you ask me? My father’s heart was dug away and I’m suspecting that you’re the one who killed my dad!”
