

# The Pinnacle of Life –

## Chapter 0591

The guard turned green and pale, seemingly petrified. A few minutes ago, he didn't expect this average looking man, who looked like a hardcore fan, to be Zendaya's lover.

Zendaya had the utmost power in the company. He would be easily fired as long as she said so.

“Sir, I was wrong to have judged you. I'm sorry, please forgive me...”

Alex interrupted him. “I'm not trying to force you to do anything. However, if you're a man, you have to keep your word. So I hope you learned your lesson. The eyes are easily deceived. The person you insult may be someone who can make your life a living hell. You don't have to eat the whole trash can. Just hug it till you get off work.”

Eating trash and hugging the trash can were very different punishments.

The guard let out a deep sigh of relief. He looked extremely grateful towards Alex as he picked up the trash can. “Thank you sir, thank you.”

Zendaya was smart as she was able to guess what had happened despite not knowing any of the details.

She glared at the bodyguard. “Remember to just do your job right. Don't turn into someone else's tool to hurt others. They might not even remember you after using you.”

Zendaya then proceeded to drag Alex inside.

Alex licked his lips. “Uhm... so today's your birthday?”

Zendaya nodded.

“Why didn’t you tell me sooner? I could’ve prepared a present for you.”

“If I told you that, it would feel like I’m forcing you to give me a present. I don’t want that.”

“Happy birthday then!”

“Thanks!”

Realizing that he had only given her a simple wish, Zendaya felt slightly disappointed. If it were to be anyone like Ellington, they’d probably ask her to wait and get her a present.

‘He could’ve given me something simple like a necklace or a bracelet...’

‘Just a small bouquet of flowers would do too!’

‘But he’s just so dense!’

‘Well, he is a married man after all.’

There were the others inside the filming studio, Zendaya’s manager, Bunty, her bodyguard, Autumn, her assistant, Missy, the cameraman and director.

Some of them were already acquainted with Alex.

Upon his arrival, they were reminded of what had happened on the cruise. Hence, Bunty and the others stood up and welcomed Alex with a big smile.

“Mr. Rockefeller!”

“Welcome, Mr. Rockefeller!”

The director and cameraman were shocked. They thought, ‘Who is this powerful figure that Zendaya brought to the studio?’

‘He’s even able to earn the respect of a feisty manager like Bunty.’

Although they had not spent much time together, they knew just how Bunty was.

She was harsh and would nitpick on every single thing. She couldn’t care less about anyone else apart from Zendaya.

Hence, for her to be so respectful and nice towards this man must mean that he was an extremely powerful figure...

However, all they saw was an average-looking man, he didn’t look intimidating or powerful at all.

Alex nodded gently, not saying a word and sat down to review the films.

The director praised Zendaya. “Miss Stoermer had put in a lot of effort to film these Lush Cosmetics commercials. Not only did she come up with the whole script, she even filmed three different versions of it! I’ve never seen her film for any other company with such passion. You should thank her greatly.”

Alex turned his head to look at Zendaya. “Why did you have to put so much work into it? You just need to film one. I trust your abilities, one would have been absolutely perfect”

Zendaya blushed slightly. “I just wanted to.”

The director was in his early fifties, hence he had experience in reading people.

Looking at Zendaya's reaction, his heart skipped.

'Something is up!'

'Looks like the goddess is in love with a mortal. This man is quite lucky.'

Alex reviewed all three and was satisfied with all of them, they were just perfect. Her beautiful looks were enough to strike the public's hearts. Hence, any of these commercials would immediately gain them popularity as soon as they were broadcasted.

"As expected, all of them are perfect! It feels like a whole fantasy movie! I believe that Lush Cosmetics would be a hot cosmetics line soon, all because of you!" Alex said.

Zendaya smiled. "It's pretty hot already. I heard that both Belle Blossom and City Salon had thousands of preorders for your products. These two beauty salons had probably received a total of 100 million dollars worth of membership fee lately!"

"You knew about it too?"
