

The Pinnacle of Life – Chapter 0873

‘Do you also want to reach Foundation Establishment? Do you want to live a hundred years longer? Don’t you have any idea how that son of a b*tch got people to Foundation Establishment? Do you want to cheat on me?’ Although Noah Rockefeller didn’t speak his thoughts aloud, his facial expression conveyed everything.

Mariah Hamilton seemed to sense her husband’s rage. She rolled her eyes at him. “What I meant was, is there a way to reach Foundation Establishment without doing what Carol did?”

“Sister, does this really work? Increasing one’s lifespan by a hundred years and staying young forever sounds absurd. Do bizarre things like this really exist in the world? Could he... Could he be a fraud?” Natalie Rockefeller asked.

Carol Rockefeller snorted coldly. “This once in a lifetime opportunity is right in front of you. Do you still not know how to cherish it? Seamus is a god like person. This is our great luck! Fine, I’ll show you something.”

Carol was prepared long ago.

When she came out, Seamus Owen gave her a talisman. After retrieving it, she tossed it forward forcefully just like how Seamus taught her.

Poof!

The talisman immediately started burning and exploded in the air.

Immediately after that, an enchanting beauty appeared in front of them. She looked lively with a smile on her face, almost as if she had walked out of a painting. Most importantly, this beautiful woman could even speak. She saluted them one at a time before speaking. “Sir, Madam, nice to meet you!”

Apart from Carol, everyone in the Rockefeller family was shocked. The talisman had transformed into a living being!

If this wasn't a god like move, what was ?

The beautiful woman even danced for a while before gradually disappearing.

Natalie immediately nodded. "Sister, I'm willing to do it."

Noah opened his mouth. He wanted to say something, but he closed his eyes and remained silent in the end. On the contrary, Mariah's eyes kept rolling around.

If it was as magical as her daughter mentioned, it would be worth it even if she had to sacrifice a little!

Unfortunately, none of them knew that it was merely a simple talisman for the manifestation of spirits.

That beautiful woman was only a female ghost raised by Seamus... When Carol walked out, the female ghost was already following her.

Meanwhile, living a hundred years longer and staying young forever were merely jokes.

Half an hour later, Alex Rockefeller and other people rushed over from Michigan to California.

There were ten cars in total.

Including Zendaya Stoermer and her personal female bodyguard, they added up to over thirty people. Without even entering their own house, they went straight to Rockefeller Manor.

Carlos Jung and Max Dunne, the two banner wielders from Leviathan Gate, severely injured as they were, had also been dragged over.

The main entrance to Rockefeller Manor was closed. But nobody had the intention to knock and wait for someone to open the door. Brittany Rockefeller, the strong woman who walked in front of the group, directly slammed her palm against the brand new, vermillion colored door.

Creak...

A brief, subtle sound could be heard.

Right after that, the entire door exploded like a piece of compressed ice.

Zendaya's female bodyguard, who stood not far behind Brittany, nearly cried out when she witnessed this. This female bodyguard was newly appointed by Michigan's Stoermer family. Her name was Helen Stoermer, and her surname was given to her. At Beginner-Earth expert rank, Helen was the strongest female bodyguard Michigan's Stoermer family could offer. She was around the age of forty.

Now, due to Alex, Zendaya's status had risen significantly. Zendaya herself managed to showcase her strong mental powers. This made Zayn Stoermer think even more highly of her.

Her previous bodyguards naturally weren't good enough anymore.

On their way here, Helen already found out a lot of information about Brittany.
