

# The Pinnacle of Life – Chapter 0908

Alex nodded his head. This result was considered to have ended up in everyone's delight and satisfaction.

Someone walked in while they were eating. After taking a look, Hailey was surprised. The person was actually Dorothy.

She frowned because she did not like this woman at all. However, she started smiling soon after. She said, "Long time no see, Miss Assex! You seem to be more nourished after the divorce! Have you found someone else already? Why did you come to your ex-husband's place? We don't seem to welcome you here though. It would be very nice if my sis-in-law were to see you, the ex-wife, entangling with your ex-husband. Don't you think so?"

Dorothy glanced at Hailey coldly.

Suddenly, Hailey felt a chill sensation all over her body.

Therefore, she hated her even more. She then said, "How did you come in?"

Dorothy said, "You should ask him. Am I his ex-wife?"

In that instant, Hailey was incensed. "The both of you have gotten a divorce. Who do you think you're if you're not his ex-wife? Hmph, no matter how much I look at your family, you people are not pleasing to my eyes. All of you are snobs. You used to dislike my brother for having no money nor capability, now that you know that he's rich and you've come all the way here to harass him. Last time, it was your mother and now it's you. Why did you do those things if you knew it would come to this? Anyhow, you're also a CEO yourself, can't you save some face for yourself? Try acting like that again, do you believe I'll ask my Charles to cancel the cooperation with your company?"

"Are you done yet? Please get out when you're done!" Dorothy said nonchalantly.

“What did you say?” Hailey jumped.

In the end, Alex dissuaded her. “Hailey, you should go back first. I’ll talk to her.”

Hailey warned him. “Then, you mustn’t be an idiot. Once you’ve moved on, don’t go back to her again. Don’t break Waltz’s heart.”

After Hailey had left, Dorothy hummed softly. “She’s really worried about you.”

Alex stood up and grabbed her arm. “Wife, why are you here?”

“Who’s your wife? I’m your ex-wife!”

She rolled her eyes. Clearly, Hailey’s words still had irritated her. She said angrily, “Remarry! I want to get remarried now!”

Alex was stunned. “Huh?”

“What’s with this response? Are you unwilling to do so?”

“No, it’s just... The danger hasn’t been removed yet.”

“I think that’s just your excuse. If the danger hasn’t been removed yet, why did you drag that shameless female doctor to wander around on the roads? The CEO of Thousand Miles Conglomerate still lives together with you. Wouldn’t they be in danger as well?”

Alex’s expression changed abruptly. “You... You’ve misunderstood.”

Dorothy replied, “My mother saw you kissing Cheryl Coney yesterday with her own eyes. Should I bring my mother over to confront you?”

Alex was speechless. His expression also became upset. “I’m sorry, Dorothy. Why not...”

“Shut up!” Dorothy suddenly yelled. She reached out her hands to grab his face and kissed his chin.

“Ah!”

No, it was not a kiss.

Alex shuddered in pain.

Dorothy took a bite on his chin so hard that he started bleeding. She even sucked a mouthful of blood out of him.

At this moment, her eyes were clouded with tears, there was blood on the corner of her mouth. She clutched her chest and said, “Do you still remember that marriage certificate? I can never leave you! I just want to tell you, this is what you owe me. Whenever you have another woman, it’ll be another dagger stabbing into my heart, do you understand? I’ll die from the stabbing of so many daggers.”

Alex was dumbfounded.

He thought she was here to have a showdown, so that they would never see each other again. He would have never thought that it would be a slap on the wrist.

He was so touched that he started tearing up.

Smack!

Dorothy took out a bowl like performing a magic trick and put it on the table. It was a bowl of rice.

“I cooked this for you. Eat it!”

After staring at it, Alex was dumbfounded.

This bowl of rice exuded a strong rush of essence.

“This, this is...”

“This is the grain that you planted in the pot last time. I re-cultivated it. It’s amazing, it grew very fast. I ate some, it tasted great.”
