

Transmigrated Into A Billionaire by Unusualdee Chapter 18

Chapter 18 It's a date

"Just your British accent, I mean I have heard traces but this time it was really....more pronounced I guess," she replied.

"Schooled in London...remember??" Yandel said while tapping her skull lightly as if to make her remember.

"Well, I will be damned..."

They both turned around to see a pissed off Xander. Rachel rolled her eyes a double three sixty at how fast he was able to ruin her time of admiring a beautiful male specimen which was Yandel of course...not that she was gonna tell him or anything.

"Xander..." Rachel called out warningly trying to silently tell him not to start a fight because the look in Yandel's eyes said he was ready today for any shit that was thrown at him.

"What is he doing here Araceli?" Xander asked pointedly, completely ignoring the warning in her voice not to start any drama.

"He is my guest and also my business partner, I don't see why you have a problem with him being here," Rachel replied, crossing her arms.

"Hey man I don't mean to break up your what seems to be a "jolly" breakfast but I just came to check on

Celi and Ace, that's it...I mean if you weren't busy doing God knows what, you would have called or tried to find your fiancée but it seemed like you had better things to do".

Handle took over sparking up the drama way more than just a notch. He completely went all out defensive and attack at the same time making Xander get madder about him being here, not only did he call Xander an incompetent partner but also criticized his ego and self-centeredness.

"Excuse me!!" Xander yells starting to get all raged up.

"oh oh...shits about to get real messy if I don't calm this two boys, I mean I don't get it, and Yandel hasn't said anything about liking her, just pointless flirts here and there and Xander set her up to be raped and left her for her supposed to beat friend, why the hell was both of them getting all worked up over her," Rachel thought.

"Why don't you let Celi decide if I get to stay" Yandel teases Xander further.

"Ok hold your shit Mister fancy shit...first of all, Did you fucking give my fiancé a nickname!!!"

"Yh i did...cute right?" Yandel Teased further.

"Cute!!!???....Man are you fucking kidding me,I'm getting married to this woman show some respect to me for pete sake" Xander exckaimed.

"She doesn't seem to have a problem with it or Celi, Do you?" Yandel asked

"Nope," she replied, popping the P.

"And has anyone ever told you that you got some messed up control issues man.. I mean for pete's sake she's an adult dude "Yandel pointed out to Rachel while she just drank coffee and looked anywhere but the dramatic encounter Xander and Yandel were having.

If she didn't stop this banter anytime soon she knew things would get more messier and it won't just be xander veins popping but also it joint and tooth and black eye and THAT she would really love to avoid.

"Heyyy Baldwin, would you like to join us for breakfast or I guess just me" Rachel interrupted them.

"Baldwin???" Xander asked, wondering who that was.

"Yh of course I will love to have breakfast with you araceli" Yandel replied looking directly at Xander with a cold expression.

"Alright then let's head back to the kitchen so i can cook something up for you" Rachel replied walking into the kitchen with her empty mug of coffee, if she wanted to live through this banter she needed her coffee and a very strong one at that,maybe she was addicted like her sister used to tell her but now wasn't the time for nostalgic thoughts.

"Araceli are you being serious right now!!" Xander exclaimed while walking with her into the kitchen not after giving yandel a stink eye.

"Yeah I'm serious xander and you know what, Xander??"

"Delusional, completely out of it," Xander replied rudely.

"That's you describing yourself and it's pretty accurate if i may add and NO I'm hungry and I bet Baldwin is too" Rachel replied smiling sweetly at Xander.

Honestly Yandel thought he had seen the most fire from Araceli, but it seemed like she had more than enough furnace in her to burn Xander all day, he had to

admit though, he thought Celi was just the soft easily will bendable kinda person who can stand up for herself and accepts push overs but now he knows he's completely in the wrong.

"So you are gonna make breakfast for your so called business partner but not for me your finance" Xander asked.

"Exactly Xander...Exactly, " Rachel answered, rolling her eyes at him."Now Baldwin, what would you like to eat? We got toast,bacon,eggs,waffles and soke pancakes...which would you like? " Rachel asserted in a sweet voice with complete intentions to aggravate Xander more than Yandel has done.

"Toast is fine and i guess some coffee with cream and a little sugar won't be that bad" Yandel replied getting himself on the 4sitter dining table.

"Alright I will be back with it in a sec" rachel replied.

"What the hell are you up to with my fiancée mr shitty fancy pants" xander sneered at yandel completely pissed.

"I ain't doing nothing nothing bruh you just got trust issues so don't put that on me alright,I'm just checking up on a friend" yandel replied innocently.

"Yh...Right"

"I got my eyes on you fancy pants,one wrong move and you are gonna be the reason we don't marry" Xander retorted angrily like it was a threat.

"I don't get it...is that supposed to be a threat to me? because if it is, I don't know if I'm interested in her currently. But you will be making my job easier, " Yandel replied with a half smirk.

"Yh whatever man, just don't get all sus I'm warning you" Xander replied.

"Yh whatever..."

"Sooo...I made toast and eggs with bacon"Rachel said, holding a cup and plate in her arms.

She dropped it in front of Yandel.and went back to sit back to her sit.Yandel started taking his meal while Xander was watching in shock.

"What?!!!" Yandel asked, feeling uncomfortable about the way he was looking at him.

"Call me delusional or controlling but I know you are sleeping with my fiancée and you coming here to rub it on my face is just low as hell," Xander said hitting the table while standing up

"Woah woah.....chill man,nobody is sleeping with anybody ok" yandel said trying to clear the air,the sudden outburst took not just him by surprise but also araceli from the look on her face.

"Hey Xander I told you yesterday and I repeat it again,I and Baldwin are not sleeping with each other for christ sake. How long will it take you to let it sink in that thicc ass head of yours?" Rachel countered angrily.

"I mean if i wanted to sleep with him, I would have prolly done that but seems like you just held bent on try not to understand,"

"And to think to think that you would go as low as saying I'm using as an excuse to do shit with him is just so fucking wrong and will not let you talk to my guest and business partner that way, if you got trust issues why don't you go speak to Alice who you have been so close with nowadays but you don't see me complaining and whining about it now do you?" Rachel vented.

"If you need some reassurance, that is all I can give, believe all you want to believe"

"I I..." Xander stuttered

"No Xander no....I have had enough for one morning, why don't you just use the door and help yourself out" Rachel finalized.

"And just so you know....if i want to sleep with someone you will never know about it," Rachel added and walked upstairs completely vexed about the situation.

Xander feeling angry, he walked out and slammed the door leaving Yandel looking more confused and dumb founded with half eaten toast hanging out of his mouth.

He decided to go after Araceli considering she seemed to have had some more pent up anger in her. He walked up to a door that was opened slightly guessing it was Celi's room, he knocked lightly.

"Come in" he heard in a muffled voice.

"Hey Celi ...are you okay?" He asked not really knowing what else to say

"Yh I'm fine,sorry you had to witness that...that was so embarrassing" Rachel said still talking in the pillow

"Hey, it's okay...I grew up with all of that"

"Hey I got an idea" he said while he sat at the edge of the bed.

"Alright I'm listening,"

“How about we go out this evening, just the two of us...to wash out the bad energy from this morning...what do you say?”

“Is it a date,” Rachel turned over to smirk at a jaw-dropping Yandel
