

Trick Me 1001

Chapter 1001: was on his side

Soon, a servant came up to clean up the broken glass on the ground and brought a new cup of tea.

Ji Heng's originally furious heart had more or less calmed down. When he opened his mouth again, his words were not as fierce as before.

"HMPH, the Bai family wants to kill Zhuo Ning, so what if I'm biased? She wants to make trouble, don't tell me I'm afraid of her? LET HER MAKE TROUBLE! In my territory, can she still ascend to heaven?"

Twisting his neck, Ji Heng's grandfather snorted coldly.

"..."Xia Jinqi immediately knew that her grandfather was speaking out of anger. Helpless, she could only rub her temples and coax him in a gentle voice "Grandfather, you and Bai Jiutian, that was a long time ago. Now that they have taken the initiative to come to us to seek peace, if we continue to hold back and refuse to see them, others will say that you're stingy and have been holding a grudge for so many years. Since they came to seek peace first, why don't... .. We give them a way out, how about it?"

Ji Heng rolled his eyes and felt that what Xia Jinqi said made some sense, but he still snorted awkwardly. "If they want a way out, I'll give it to them? How generous is that? Why didn't that old thing Bai Jiutian come? Let a little doll come, how can that be considered sincerity?"

When Xia Jinqi heard this, she couldn't help but snicker in her heart.

Sometimes, grandfather was really like a child. He had gambled for so many years in a fit of Pique. He had to force his words, but in his heart, he still wanted Bai Jiutian to personally come and apologize to him, right?

With a Soft Sigh, Xia Jinqi leaned over to sit beside Ji Heng's grandfather and took the initiative to serve him tea "I heard from Bai ran that her grandfather's health is getting worse by the day. It's difficult even to get out of bed, let alone travel so far. "

When he heard that Bai Jiutian's health was already this bad, Ji Heng's expression turned slightly cold and he was slightly moved.

However, his words were still unforgiving. "I think if it wasn't for capturing Zhuo Ning this time, he wouldn't have thought of me!"

These words, for some reason, made Xia Jinqi feel a little jealous.

Could it be... .. Grandfather had long known about the relationship between Zhuo Ning and the Bai family. He knew that the Bai family would definitely not let Zhuo Ning off, so he deliberately took Zhuo Ning in so that the Bai family would come looking for him personally ? ?

After thinking about it, Xia Jinqi felt that it wasn't impossible. *nove-lb-1n*

After all, she was well aware of her grandfather's strange temper!

Perhaps he had just been holding it in for so long and had no place to vent it all these years, which was why he had been throwing a tantrum.

If that was really the case, then the more she tried to persuade her grandfather to reconcile, the more depressed he would be.

Why not... .. Instead, stand on his side and help him scold the Bai family ? ?

A crafty glint flickered in her bright eyes. Xia Jinqi coughed heavily, cleared her throat, and said, "YOU'RE RIGHT "Back then, Bai Jiutian took so much money from our casino and ran off to the north by himself. He's been free and unfettered for so many years, but he never thought of coming to apologize "Now that he has something to ask for, he's coming back eagerly. He's really shameless to the extreme! "

Ji Heng's eyes really lit up when he heard that. He immediately followed up with a scolding "that shameless old thing, relying on his hand speed, he beat me without any face at all! Tell me, there were so many people back then, but none of them could tell if he was cheating or not! He really makes me angry! "

After cursing fiercely, Ji Heng finally came back to his senses. He looked back at Xia Jinqi with surprise. "How did you know? "

He shouldn't have told her about this, right?

"cousin told me. " Xia Jinqi chuckled and casually mentioned, "I also saw the sign at the casino's entrance! GRANDPA, you're really too domineering! "

Chapter 1002:; why should he be gentler?

"Is that so? " Ji Heng also thought of the sign, and he was somewhat pleased with himself. "I just want to shame that old guy's face in front of everyone! Let's see how he will continue to mingle in the underworld in the future! "

Xia Jinqi really didn't know whether to laugh or cry, but she had no choice but to go along with him and say, "yeah, I heard from cousin that he lost some face in those years. He hid himself for several years and didn't leave his house. In the end, he simply went into seclusion. It must have been difficult for him. "

In fact, when old master Bai took that money back then, not only did he make a fortune, he also became the head of the once famous 72nd street gang in the north. In the end, he even married and had a son and a daughter It was hard to imagine how happy and carefree he was.

However, Xia Jinqi definitely couldn't say anything about this. She could only bring out Bai Jiutian's old age and say that it was miserable. Only then could she make grandfather's heart feel better... ..

Cough, cough, cough. After all, he knew that his enemy had tricked him, yet he still walked up to the peak of his life. No matter who saw him, they would definitely be angry, right?

Ji Heng had never paid attention to that old fellow Bai Jiutian all these years. Now that he heard Xia Jinqi say this, he immediately believed her words. He even slapped his thigh as if he was venting his anger

and was excited “that old fellow will also have such a day? ! HMPH! At least the heavens have eyes! He should be like this! ”

Xia Jinqi smiled apologetically. Seeing that her grandfather’s mood had improved a lot and the time was right, she carefully brought up the matter of Bai ran “Grandfather, why don’t you meet Bai ran? Let the Bai family apologize to you. The anger I felt at that time wasn’t for nothing! ”

It would be best if he could convince his grandfather to meet Bai ran.

There were many things that could not be explained in person. Who would know about the entanglement?

Ji Heng fell silent. He took two more sips of tea before his anger subsided. He nodded. “where’s that girl? ”

“She’s upstairs. I’ll go get her now. ” Xia Jinqi was overjoyed. She lifted the Hem of her dress and was about to go upstairs when she moved back and hugged Ji Heng’s grandfather’s arm coquettishly. “Grandfather, can you be gentle with her later? ”

Ji Heng looked back at Xia Jinqi as if he had heard a lie. His eyes were wide open. “It’s already good enough that I didn’t kill her to vent my anger. How can I be gentler? ! ”

In his entire life, other than loving Xiao Fu and Xia Jinqi, he had never been gentle to anyone!

Even when Yun Xiang did something wrong, he still scolded him like a dog!

Then why did Bai Jiutian’s granddaughter have to ask him to be gentler?

Xia Jinqi didn’t care and continued to act coquettishly. “Grandfather... She’s Xiao Qi’s good friend now. Maybe in the future, we’ll even be in-laws! Can you just do it for Xiao Qi’s sake? ”

“ ... ” Ji Heng was really at a loss for words after being shaken by Xia Jinqi, so he could only agree. “Alright, alright. If you continue shaking her, Grandfather’s old bones will fall apart! ”

After hearing her grandfather’s words of relief, Xia Jinqi smiled and went upstairs. “Thank you, Grandfather! You’re really the best grandfather in the world! ”

“You little rascal, you only know how to say Nice things! ” Ji Heng shook his head helplessly. The smile on the corners of his eyes and brows became even more profound.

This clever fellow always had a way to make him happy!

Perhaps, he was right to choose to move his family to Rao city.

To be able to live with his family, no amount of fame, wealth, and money could replace it... ..

Xia Jinqi went upstairs to call Bai ran. She did not follow her downstairs, but stayed upstairs to play with the three children.

Chapter 1003: Eternal Life to protect the Ji family!

Bai Ran knew that Xia Jinqi was giving her a chance to meet old master Ji alone.

When she reached the courtyard downstairs, Bai ran saw the old man sitting on the Rattan Chair drinking tea from afar. She furrowed her beautiful brows and took a deep breath to calm herself down before walking over.

When she was only three steps away from Ji Heng, Bai ran suddenly stopped in her tracks.

“Hello, old master Ji. I’m Bai Jiutian’s grandson, Bai ran. Sorry to disturb you...” Bai ran said respectfully. Every word she said was after careful consideration.

When Ji Heng heard this, he turned around and glanced at Bai ran.

The Servant girl was quite good-looking. She was delicate and well-behaved, fair and clean. She didn’t look like a rough man like Bai Jiutian when he was young.

His first impression was not bad. Ji Heng’s attitude was naturally not that bad, but his tone was still not very good. “I heard that you want to see me?”

“Yes. Old Master Ji, I came here this time because my grandfather asked me to see you personally. I must return this to you personally.” After saying this, Bai ran took out a piece of white jade and handed it over respectfully.

Ji Heng’s tiger-like body trembled. His gaze was filled with a sense of familiarity... ..

His trembling hand, which was already covered in age spots, picked up the piece of white jade.

This was... .. This was the token of love that Xiaofu’s mother had given him back then ...

It was the day that Bai Jiutian went to the casino to win money and conveniently took it from Ji Heng.

After so many years, Ji Heng had thought that he would never be able to get it back in this lifetime, but who knew... ..

As if holding the most precious treasure in the world, Ji Heng stroked the piece of white jade one by one, his eyes red.

The world only knew that he was a stingy person. They thought that he had placed the sign at the entrance of the Casino only because Bai Jiutian had won the casino’s money. Little did they know that Ji Heng only cared about this piece of jade.

Bai Ran stepped aside and told her everything that her grandfather had told her “Grandfather said that this jade pendant must be returned to you. He was supposed to come in person, but as spring passed and autumn came, his body was no longer the same as before. He couldn’t travel far, so he asked me to do it for him.”

“...” Ji Heng didn’t say anything. All he could see was the white jade, and his eyes lost focus. It was as if he didn’t hear what Bai ran was saying at all. He was just immersed in his boundless memories.

Bai Ran knew that he was definitely listening.

And there were many more things that grandfather had told her.

“grandfather often told me that if he hadn’t received your help in Macau back then, he wouldn’t have had the money to go back and accomplish such a feat. “He took this jade pendant back then because he wanted to remember your great kindness forever. Now that it’s returned to its rightful owner, if grandfather Ji is willing to let go of past grudges, then our Bai family will be willing to be on good terms with the Ji family for generations to come and protect the Ji family forever!” n))Ove**L**1n

Bai Ran’s every word was filled with determination.

Every time her grandfather told her these things, his expression would be especially solemn.

She knew that although her grandfather had enjoyed glory for most of his life, this matter had always been weighing on his heart.

Back then, it was indeed because he had made a windfall with old master Ji that he had a good way out when he returned, and that was how the later Bai family came into being.

Bai Ran had always remembered this point.

“Are you serious?” Ji Heng’s grandfather suddenly came back to his senses, and his burning gaze landed on Bai ran.

The eternal guardian of the Ji family... .. This point was simply too alluring !!

Chapter 1004: I SWEAR WITH MY LIFE!

“I swear with my life!” Bai Ran looked straight into Ji Heng’s grandfather’s eyes without any hesitation!

“...” Ji Heng’s grandfather was finally stunned.

So many years had passed. He and Bai Jiutian were half-buried old men. They didn’t have many years left to live.

What was the point of pursuing the right and wrong of those things?

Xiao Fu’s mother had passed away many years ago, and Xiao Fu was no longer around. At the very least, this piece of white jade had returned to him.

If he refuses to let go, he will become enemies with the Bai family.

Look at the white nine day selection of the heir, I can see, she is also a man of his word, brave and resourceful, if the future and small Qi against, that... ..

“Forget it, forget it. Xiao Qi told me that she likes you very much. For her sake, I can let bygones be bygones.” Ji Heng let out a long sigh and put down the obsession in his heart.

He also know how many years can not live, and small Qi is still young, can a person accompany small Qi, protect small Qi, than let her more than one enemy better AH.

He was willing to let go all because of Little Qi.

Bai Ran was momentarily delighted. She did not expect old master Ji to be so easy to talk to?

She thought that she would have to wring her tongue to persuade him, but she did not expect... ..

“thank you, old master Ji!”

“Don’t be in a hurry to thank me. I’m only doing this for Little Qi’s sake. If you want to thank her, then thank her... Also, what you said just now better be true, or else...”

Bai Ran immediately understood. “Don’t worry, old master! I, Bai ran, will definitely keep my word! In the future, as long as the Ji family has needs, my Bai family will definitely go through fire and water without any hesitation!”

“En.” Ji Heng nodded in satisfaction and waved his hand. “You can go back.”

Bai Ran nodded. She turned around and was about to leave when she was stopped by Ji Heng. “The sign at the casino’s entrance, I’ll get someone to leave. The person you’re looking for is in grand entertainment city in Portugal capital. Go look for Zhao Bao, he’ll tell you.”

The past was like a fleeting smoke. Ji Heng naturally had no reason to protect Zhuo Ning anymore. He could treat it as a favor he gave to the Bai family on behalf of Xiao Qi. **novel**(In

Before he went to see Xiao Fu, he could pave more roads for Xiao Qi.

If he wanted to live well in this world, it was better to have one more friend than one more enemy.

Bai ran’s feet stiffened slightly, and a smile appeared on her lips. “thank you, old master Ji!”

Ji Heng continued to wave his hand, and he looked back at the distant sky.

The white jade in his hand had already become warm from his touch. Under the sunlight, it was quite warm.

After putting it down, a person’s heart would really feel relaxed.

Even he, who had lived for so long, only understood this point.

It was such a pity that he couldn’t figure it out earlier in the past years?

“...”

Upstairs.

Che Er took the initiative to take care of Xiao puff.

Not only did he protect her every moment, he also fed her water, milk, and sweets.

Other than that, he also loved to play with Yu Han’s wooden blocks, just like a big brother.

Xia Jinqi saw that this child liked him so much that she started to imagine that when Che Er grew up in the future, would she also step on the colorful auspicious clouds to marry Xiao puff?

At this moment, Yu Han, who was playing with the building blocks in front of him, suddenly smacked his small mouth and began to Mumble, “Ba... Ba...”

“What’s wrong, baby?” Xia Jinqi lowered her head to look at Yu Han and conveniently wiped the saliva on his cheek.

Chapter 1005: Missing Daddy

“Ba...” Yu Han did not turn around. He was still focused on playing with the building blocks.

Xia Jinqi also glanced at them and asked in amusement, “What are you piling up?”

Other people’s building blocks were placed vertically, but Yu Han’s were placed horizontally in a mess. Xia Jinqi looked at them for a long time but could not make out a shape.

After thinking about it, she decided to forget about it. How would such a young child know how to put together building blocks? She probably thought that the colors of the large and small squares and circular strips were pretty.

“Ba...” Yu Han was stubborn and kept muttering.

When Che Er heard this, she turned around curiously.

He looked at her for a moment and suddenly told Xia Jinqi, “Auntie, my brother put a person there. Does he miss his Daddy?”

Xia Jinqi’s heart skipped a beat. She focused her eyes and took about three to four seconds to see that the shape that Yu Han put was really like a human face.

“It really is...”

Two circles were eyes, and one long strip was a mouth.

It was a very simple shape, but it didn’t seem eye-catching in the pile of blocks. No wonder she hadn’t noticed it earlier.

Moreover, most adults looked at the blocks and guessed the shape. Houses, Castles, and doors were all three-dimensional and vertical. This belonged to the habit of thinking.

Children had different ideas. They could always think of strange things.

Che Er had played with a lot of blocks when she was young. It would be easy to understand if she changed her mind a little.

Xia Jinqi lowered her head to look at Yu Han and asked him, “Yu Han, do you miss Daddy?”

Yu Han did not understand the meaning of this sentence. He simply listened to the word ‘Daddy’ and recalled some memories. Then, he began to read, “Daddy... little brother...”

When Xia Jinqi heard this, the tip of her nose became slightly sour.

They had been in Macau for more than ten days. Children would miss their fathers too.

Speaking of which, she had spoken to Yan Jun on the phone a few times before. After that, they did not contact each other anymore.

Xia Jinqi conveniently took the cell phone at the side and dialed Yan Jun's number again.

It was good to let the children hear his voice.

However, when she made the call this time, she still heard, "sorry, the subscriber you dialed is not in the service area..."

Xia Jinqi instinctively frowned.

It was like this a few days ago, and it was still like this today?

Puzzled, Bai ran came up.

As soon as she entered, she saw Xia Jinqi making a call with a serious expression.

She was originally happy to thank Xia Jinqi, but when she saw the situation, she did not say anything. She quietly walked to Che Er's side and sat down.

Xia Jinqi just happened to hang up the phone. When she saw Bai ran, she didn't have the time to ask how the conversation between her and Ji Heng's grandfather went. She said, "can I borrow your phone for a while?"

"Of course you can." Bai Ran casually handed the phone over.

Xia Jinqi skillfully pressed a series of numbers and then dialed the number.

"sorry, the subscriber you dialed is not in the service area..."

.. It was still the same.

Xia Jinqi gently bit her teeth. She didn't notice that her hand holding the phone was slightly trembling.

It had been so many days, why couldn't she get through?

Could it be that something had happened to Yan Jun?

Her mind was in a mess.

Xia Jinqi silently returned Bai ran's phone, then silently stood up and walked out of the House. n(-
0vε1BIn

Aunt Chen saw that Xia Jinqi had left, so she hurried over to take care of the two children.

Bai ran frowned slightly, as if she had noticed something, and followed.

Xia Jinqi leaned against the side of the corridor, breathing heavily, and her eyes were very unfocused.

Chapter 1006: Huo Ting's movements were restricted

It could be seen that she was trying her best to suppress something, or rather, she was trying her best to think about something. However, no matter what, her little face, which had lost all its color, still revealed the uneasiness in her heart.

“What’s wrong? What happened?” Bai Ran went over and asked.

Xia Jinqi saw that it was Bai ran who came over. She took a deep breath and suppressed the doubt in her heart. She smiled stubbornly and shook her head. “nothing.”

How could she look like nothing when she was like this? There was clearly something.

Bai Ran held her hand and said gently, “didn’t you say that we’re very similar and want to be good friends? If there’s anything, why don’t you tell me? Maybe I can help you think of a way?”

Bai Ran didn’t forget the promise she made in front of old master Ji.

She would take care of Xia Jinqi and the Ji family.

Moreover, she liked Xia Jinqi to begin with.

Xia Jinqi hesitated for a moment. She had kept these things bottled up in her heart for many days and had nowhere to say them. Now, she finally had a friend.

Sighing softly, Xia Jinqi still told Bai ran about the phone call.

After listening to it, Bai ran also felt a little strange. “It’s not in the service area? Is it overseas?”

“No.” Xia Jinqi shook her head. “It’s in Rao city.”

“Rao city? Wait a minute.” Bai Ran seemed to have thought of something. She turned around and used her phone to make a call.

After only two rings, the call was picked up.

“Mingyue? Yes, it’s me. Have you arrived in Rao city?”

Xia Jinqi listened from the side. She roughly guessed that Bai ran probably had a friend in Rao city, so she helped her call to see if the signal there was stable.

Bai ran chatted briefly before hanging up.

When she looked back at Xia Jinqi, her tone was hesitant. “The signal in Rao city is definitely fine. My friend Mingyue arrived there yesterday.”

The signal was fine, but Xia Jinqi’s husband’s phone couldn’t be reached. Did something really happen?

In an instant, Xia Jinqi’s expression became very ugly.

Bai Ran was very worried about her, so she suggested, “don’t be anxious. I’ll ask Mingyue to help find out. What’s your husband’s name?”

“No need.” Xia Jinqi shook her head. Her eyes became very determined. “I want to go back personally.”

No matter what, she could not contact Yan Jun for so many days, and he had not called. She could not let go of her worries.

She still wanted to see him with her own eyes. Only when she saw that he was fine could she be at ease.

Bai Ran did not stop her. She also felt that it was better to go back. “When do you want to leave?”

"It's best tonight. I'll go and tell grandfather." Xia Jinqi nodded at Bai ran, turned around, and ran downstairs.

The Macau incident had clearly come to an end. Even if she left now, it shouldn't have much of an impact.

On the contrary, Yan Jun made her worry.

She walked downstairs quickly. She searched the living room and dining room but couldn't find her grandfather. After asking the maid, she found that her cousin had returned and was chatting with her grandfather in the courtyard.

Only then did Xia Jinqi walk into the courtyard. After circling around, she saw her grandfather and her cousin at a stone table.

"Grandfather..." Xia Jinqi wanted to call them, but before she could say a word, she heard Ji Yunjing say, "the situation in Rao city is getting more and more complicated. I heard that Huo Ting's movements are restricted, but the exact reason is unknown."

Huo Ting... .. has been restricted ? ?

Xia Jinqi's footsteps suddenly froze in the distance.

GRANDPA and her cousin had news of circling the city Why didn't they tell her?

Chapter 1007: allowed him to have no worries

Ji Heng and Ji Yunjing, who were chatting on the other side, did not notice Xia Jinqi's arrival at all. The two of them deliberately chose a remote place to chat, so they did not have any scruples.

"What about Yan Jun? How is he?" Ji Heng asked again.

Xia Jinqi's heart was instantly raised.

Ji Yunjing frowned and was somewhat hesitant "He has cut off contact with us, so we don't know the specific situation. We only know that the securities office has suspended the Yan Group's shares. A large number of shareholders, because they could not cash out or trade the shares in their hands, jointly went to the Yan group's building to cause trouble a few times."

Hearing this, Ji Heng's frown deepened. "The government stepped in?"

It was almost impossible for a company like the Yan group to automatically suspend its shares. Someone must have put pressure on it.

"Lu Yiming did it." Ji Yunjing only knew now that Lu Yiming actually had such great ability "No wonder Yan Jun wanted us to bring Xiao Qi to Macau no matter what. He even insisted that she disguise herself as a man and hide. That Lu Yiming is really not an ordinary person. As long as he has a relationship with Xia Jitian, he did it all over again."

Xia Jinqi's heart was already pounding when she heard this... ..

So Yan Jun deliberately sent her to Macau?

To let her and the children take refuge?

But now, Huo Ting's movements were restricted, and the Yan group's trading cards were suspended. So what happened next WHO WOULD IT BE?

She kept saying that she wanted to share the glory and disgrace with Yan Jun, that she wanted to share the difficulties with Huo Ting, but what happened in the end?

At the end of the day, she became a cowardly turtle and hid far away in Macau... ..

It was as if an invisible hand was strangling her throat, and even breathing became difficult.

Ji Heng was also a little worried "At that time, it was thanks to Yan Jun's army that we were able to successfully escape from the internal strife in Berlin. Now that Huo Ting was restricted, it was equivalent to cutting off one of Xia Jitian's arms. If Yan Jun's side did not counterattack, Lu Yiming would very likely obtain the final victory."

"grandfather, don't worry too much. You know what kind of person Yan Jun is. He would never let himself fall into such a dangerous situation. What we can do is to take good care of little Qi and the two children, so that he doesn't have to worry about the future," Ji Yunjing said to comfort Ji Heng.

The change of political power was supposed to happen in an instant.

The Ji family had already experienced it once, so they knew how dangerous it was.

Ji Heng also nodded. As he sighed, he thought of Xia Jinqi.

"You can hide this matter from Xiao Qi as long as you can... "

Before he could finish his words, the maid who walked out of the villa saw Xia Jinqi standing alone behind the bushes. She asked curiously, "Miss, what happened to you? "

Xia Jinqi was stunned. Before she could turn around to look at the maid, Ji Heng's grandfather and Ji Yunjing's cousin looked at her simultaneously.

Their gazes were filled with astonishment and shock... ..

"Miss? " The Servant asked again when she saw that Xia Jinqi hadn't answered for a long time.

"It's fine. You can go in first. " Xia Jinqi shook her head. After sending the servant away, she walked straight to Ji Heng's grandfather.

Ji Heng and Ji Yunjing looked at each other. Both of their expressions were very bad.

No one had expected that Xia Jinqi would suddenly appear... ..

Shouldn't she be playing with the children upstairs at this time?

Why... ..

They didn't know if she had heard their conversation just now, so both of them chose to remain silent.

Xia Jinqi walked over and suddenly felt like laughing. "Why didn't you say anything when I came?"

They were clearly talking very enthusiastically just now.

Chapter 1008: I won't let him fight alone!

"... " Ji Yunjing's face was a little stiff. He coughed lightly and said, "Xiao Qi, just now... you've been here for a long time?"

When he asked this question, Ji Yunjing actually had some hope in his heart. What if she just happened to pass by and didn't hear their conversation?

Unfortunately, Xia Jinqi quickly broke his guess.

She looked back at Ji Heng's grandfather and Ji Yunjing seriously and asked directly, "did something happen to Yan Jun?"

As soon as she said this, Ji Yunjing immediately knew that she must have heard it.

She immediately felt a little discouraged.

After hiding it for such a long time, she didn't expect that all her previous efforts would go to waste.

Ji Yunjing didn't know how to tell Xia Jinqi for a moment, so she could only choose to remain silent.

Ji Heng's brows were also knitted tightly together. Xia Jinqi's sudden finding out also made them a little flustered.

After waiting for a long time, Xia Jinqi had roughly guessed it since the two of them didn't speak.

Yan Jun must be in deep trouble at this moment.

Otherwise, with his ability, he would definitely not have chosen to push her and the child away.

Just like the time when Yan Qing had planted the explosives in the Yan family, he knew all the dangers but chose to bear them alone.

Xia Jinqi did not pursue the matter, nor did she blame them for hiding these things from her. Instead, after pondering for a moment, she said with an extremely solemn tone, "I want to go back." n-o(-v())e-l-)B/-1-)n

These four simple words did not have any fluctuation in the voice, and there was not even the slightest hesitation!

Ji Yunjing raised his eyes and looked at Xia Jinqi, his eyes filled with surprise and worry.

Before he could speak, Ji Heng growled, "I forbid it!"

"Grandfather!" Xia Jinqi was a little excited. She didn't expect Ji Heng's grandfather to be so decisive. "I must go back! I won't let him fight alone!"

“You won’t let him fight alone? What about me, the old man? Do you want me to die in vain? !” Ji Heng’s grandfather slammed the table angrily. His eyes were bloodshot as he glared at Xia Jinqi with anger!

Xia Jinqi was stunned for a full two seconds... ..

In her memory, her grandfather had never been so angry at her.

Even when she had sent the army to surround the Ji family in Berlin the last time, her grandfather had never treated her so fiercely... ..

Ji Yunjing could also see that Xia Jinqi was shocked. He hurriedly went forward to Stop Ji Heng.

“Grandfather, don’t be anxious. Xiao Qi said those words in anger. ”

“No, I’m not saying those words in anger. I’m going back tonight. ” Xia Jinqi gritted her teeth. When she came back to her senses, she refused to budge a step!

“You! ” Ji Heng directly stood up and glared at Xia Jinqi. “You’re not allowed to go anywhere! STAY HERE PROPERLY! ”

After saying that, he turned around and walked into the villa.

He seemed to be quite used to the climate in Macau. After coming here for a few days, his legs had become much more agile. Now, he walked as fast as a bird.

In fact, only he himself knew that the reason why he walked so fast was because he was afraid that Xia Jinqi would stop him. Besides, he was going to leave... ..

“GRANDPA! ” Xia Jinqi wanted to chase after him, but she was stopped by Ji Yunjing. “GRANDPA is angry. It’s useless for you to chase after him now. If you anger him, he might even lock you up. ”

Ji Yunjing had grown up by Ji Heng’s side since young. Xia Jinqi had always believed his words.

Moreover, according to GRANDPA’s violent temper, it was really possible.

Taking a deep breath, Xia Jinqi prepared to persuade Ji Yunjing first. “cousin, help me persuade GRANDPA. I really have to go back! ”

Chapter 1009: believed in her and supported her

Ji Yunjing looked at her carefully for a long time. In the end, he sighed and sat to the side, pouring Xia Jinqi a cup of tea. “Do you know what the situation is like in Rao city? If you go back rashly, what if something happens? ”

” ... ” Xia Jinqi watched Ji Yunjing pour the tea and watched the clear liquid pour into the cup. She frowned. “I know. If you don’t let me go back, it shows how dangerous Rao city is right now. ”

Hearing this, Ji Yunjing’s hand shook violently.

When he looked up again, he saw that Xia Jinqi was different from before.

“Even if you die, you still want to go back?”

“Yes.” Xia Jinqi nodded.

“Why?” Ji Yunjing didn’t understand where Xia Jinqi’s determination came from. He suddenly wanted to know the reason. “because of love?”

What was it that could make a person willing to give up their own life without hesitation?

Xia Jinqi didn’t expect Ji Yunjing to ask this question. She was stunned and used his question to ask herself.

Was it because of love that she had to return to his side?

After a long time, Xia Jinqi finally came to a conclusion. “Yes, but not entirely.”

“What do you mean?” Ji Yunjing asked.

Xia Jinqi smiled, but she did not explain it to him in detail. Instead, she stood up and was about to head into the villa. “cousin, do you believe it? If one day, I was in danger, he would definitely do the same to save me.”

Ji Yunjing’s heart trembled.

He was moved by Xia Jinqi’s affirmative tone... ..

For her to say such words, it was obvious that it was Yan Jun who gave her confidence.

However, he still felt indignant and stopped her. “That’s because the two of you are currently in a passionate relationship. Why didn’t you think that one day, the two of you would get tired of each other, or that he would change his heart and fall in love with another woman?”

Was there really an indestructible love in this world?

In any case, he didn’t believe it.

Xia Jinqi’s footsteps suddenly stopped at this moment.

She didn’t turn around. She only clenched her hands tightly by her side and then slowly released them.

She smiled in relief. “I won’t know what will happen in the future until the future. I just want to live in the present and cherish this moment.”

With that, she took a step forward and left resolutely.

There wasn’t much time left, and she didn’t want to go against her grandfather’s wishes and leave alone.

So, she had to think of a way to convince her grandfather.

After Xia Jinqi left, Ji Yunjing was left standing there in a daze.

The tea in the cup had already been blown cold by the wind.

After an unknown amount of time, he waved his hand and called his subordinate over. "Go, prepare the helicopter."

"Ah? Didn't master just say that he wouldn't let miss leave?" His subordinate had a puzzled look on his face.

Ji Yunjing, on the other hand, understood. "when has grandfather ever been able to persuade Little Qi?"

Ji Heng had once said that he would stay in Berlin for the rest of his life. The Ji family's roots were in Berlin.

Wasn't it because of Little Qi that the entire family had moved to Rao city.

Actually, this was just a matter of a sentence.

Little Qi seemed to have this kind of magic power that made people want to believe in her and support her.

—

Ji Heng went back to his bedroom.

Just walk a bit fast, the knee is dull pain, can only sit on the balcony chair, with the hand lightly hammers.

Not long after, there was a knock at the door.

"knock, knock..."

Ji Heng did not say a word. When he looked up, he saw his irritating granddaughter come in with a blanket.

When Xia Jinqi came in, she saw GRANDPA Ji hiding in the room knocking on his old cold leg. She guessed that he was sick.

Chapter 1010: he gave me warmth and taught me how to be strong

His legs were clearly not good, yet he still walked so fast on purpose just now... ..

He walked over in a few steps and covered his knees with a blanket. Then, he gently massaged his legs. "Isn't it much more comfortable, GRANDPA?"

"HMPH!" Ji Heng turned his head away and snorted ungratefully.

Sugar-coated bullets were useless against him!

Xia Jinqi found it funny. When GRANDPA was angry, he was really like a child.

"GRANDPA, just let me go back. I promise that I will definitely protect myself well!"

Ji Heng's knees felt warm, and his heart felt warmer as well. However, he did not say a word, nor did he want to let go.

If even Yan Jun knew how to dote on his wife, did he not know how to dote on his granddaughter?

Lu Yiming was a sly and devious guy. Even Huo Ting was tricked by him. How could Xiao Qi get any benefits when she went back?

When that time came, Xia Jinqi might be the first to bear the brunt, becoming the victim of men fighting for power.

Ji Heng was very clear about this truth.

However, Xia Jinqi was determined to go back.

She lay on her grandfather's knees and sighed "I grew up in the Xia family. I never felt the warmth of a family. "until I met Yan Jun, he gave me a family, gave me warmth, and taught me to be strong. "In the face of a great disaster, he wanted me to be alone. However, Grandfather, how could I not care about his life "If something really happens to him in the future, I will definitely regret not being able to be by his side.

"There's also huo ting. He took care of me like a big brother since I was young. Several Times, he risked his life for me and almost lost his life. No matter what, I can not sit idly by.

But even so, I still want your understanding, grandfather. You are my most respected family member, an elder. I don't want you to be sad because of my departure."

Every word was spoken with emotion and logic.

Hearing this, Ji Heng's originally incomparably hard heart instantly softened... ..

He had always been the person who loved Xia Jinqi the most. How could he bear to be angry with her?

Sighing in his heart, he raised his hand and stroked Xia Jinqi's short hair lovingly. "silly child, even if you go back, you won't be able to change the situation. On the contrary, he will be distracted to take care of you."

"I can take care of myself. Grandfather, you have to trust me. " Xia Jinqi raised her head and looked straight into Ji Heng's grandfather's eyes.

She knew that her grandfather had already lost a child. He could not bear to lose another child.

It was precisely because of this that he was so against her going back.

However, she really could not hide here alone.

Ji Heng sized her up for a long time before he finally gave up. n--O-(V--e-)1--B))I-.n

"Forget it. You're older now. Your personality is as strong as your mother's. If I really stop you, you'll definitely run back secretly and never contact me again for the rest of your life. " Ji Heng shook his head. Perhaps it was because he thought of his past loss, the corners of his eyes were slightly moist "since you've already made up your mind, grandfather can't stop you anymore... "

Xia Jinqi heard that her grandfather had relented and immediately burst into tears of joy. She rushed up and hugged Ji Heng. "Grandfather, thank you!"

Ji Heng paused for a moment before helplessly patting Xia Jinqi on the shoulder and ordering her sternly, "be careful yourself! Bring people with you wherever you go. Don't wander around alone if you have nothing to do! Do you hear me?!"

"I know..." Xia Jinqi chuckled. As long as she was in front of her grandfather, she always felt that she was still a child who could act shamelessly and coquettishly.
