Chapter 101: Be Obedient

“What official business?”

Zuo Xiaoran hesitated for a moment before hesitantly asking, “Xiao Qi, didn’t we agree to take the postgraduate entrance exam together? Why did you secretly transfer your student status?”

Zuo Xiaoran had been spending the past two days in school, and she had accidentally heard about it.

She wasn’t very sure, so she came to ask Xia Jinqi.

Xia Jinqi was also stunned by the question. “I didn’t transfer my student status...”

She had been busy with her marriage recently, so she had no time to care about other things. She didn’t even go to school.

“I happened to hear it when I went to the Dean’s office today. I think it was your family who came to handle the formalities,” Zuo Xiaoran said softly.

Xia Jinqi came back to her senses and frowned. “They didn’t inform me.”

As soon as she said that, there was a knock on the door behind her.

Xia Jinqi said anxiously, “Xiaoran, I’ll call you later.” Then she hung up the phone.

She turned around and opened the door. She saw that it was Yan Jun..

She opened her mouth and asked, “did you mean to transfer my academic status?”

Her University parents had never asked about it. If she suddenly transferred her student status at this time, it shouldn’t be their doing.

In that case, the only one who could interfere in her private life was Yan Jun..

Yan Jun originally came to see if she was really uncomfortable, but seeing her glaring at him angrily, he figured that she wasn’t sick anymore.

“I can let you go to a better school.”

Yan Jun didn’t deny it. Transferring her student status was indeed his idea.

Because that day, he heard Yan Qing say to Xia Jinqi that if she had any difficulties in her postgraduate exam, she could go to him.

Yan Jun wanted to eliminate any possibility of Xia Jinqi and Yan Qing having any contact.

Moreover, when he was handling this matter, he had not thought of discussing it with Xia Jinqi beforehand.

He had always done things his own way and had never discussed it with anyone.

Unexpectedly, Xia Jinqi directly rejected him. "I just want to stay in my Alma Mater."

It was no wonder that Xia Jinqi would be angry. Her parents' indifference from a young age had allowed her to develop an independent character.

What University to go to, what major to study, and whether or not to take the master's examination had always been her own decision.

Now that a husband had suddenly appeared, it was already enough to mess her up. It had even directly decided the major events in her life?

Was He planning to quietly settle this matter without her asking?

After hearing her rejection, Yan Jun pursed his thin lips slightly. His pitch-black eyes were suffused with a faint cold light as they landed on her face. "Be Obedient."

His tone was cold and harsh, and there was already some displeasure in it.

Xia Jinqi might be obedient in other matters, but this was the only one. She only wanted to continue her studies.

Moreover, she had promised Xiao Ran Wenjing that the three of them would take the postgraduate entrance examination together.

She did not want to separate from her friends.

"I don't want to transfer schools." Xia Jinqi repeated her wish. She raised her head and looked at the man standing in front of her.

Why didn't she realize that his desire for control was so strong in the past?

Yan Jun narrowed his eyes slightly and did not take a step back. "then you don't need to go to school. No one expects you to earn much in the future."

His meaning was very clear. Either you transfer schools, or you don't even need to go to school anymore.

Xia Jinqi's heart clenched when she heard this. She raised her watery eyes to look at him angrily. "You! What right do you have to care about me?!"

"because I'm your husband." A familiar and smooth sentence flowed out from the corner of Yan Jun's cold and thin lips.

"..."

Xia Jinqi really wanted to tear apart this damn marriage with her bare hands!

She had given birth to so many restrictions for nothing!

Could she still take back what she said last night about not regretting her marriage?

She was very regretful!

Chapter 102: She still admitted to

After a moment of stalemate, Xia Jinqi decided not to argue with him about this!

The school record was hers. When the time came, she would go back!

“Why did you come to find me?” She snorted and casually asked in an unfriendly tone.

Yan Jun seemed to be very dissatisfied with her disdainful tone. He furrowed his brows slightly but did not say anything. He only said, “I have something to do tonight. I have to go back.”

“Oh.” Xia Jinqi nodded. She had almost forgotten that this was long Qingxin’s courtyard. She and Yan Jun were only here to pay a little visit.

Since he said that he was leaving, she naturally had to follow him back.

However, Xia Jinqi did not expect that when Yan Jun brought her to see long Qingxin before they left, they would coincidentally see Qi Maolin in a suit and tie sitting next to long Qingxin. The two of them were drinking tea as if they were chatting.

In an instant, Xia Jinqi felt a loud bang in her mind... ..

Didn’t they say that the guests from this morning had already left Why was Qi Maolin still here?

When Yan Jun saw her ashen face, he could not help but curl his lips. “The one who came this morning is Huo Qishan’s grandson.”

Xia Jinqi narrowed her eyes. Huo Qishan?

What a familiar name... ..

Without waiting for her to think further, Yan Jun had already pulled her to long Qingxin.

He simply told her that he wanted to leave, but long Qingxin did not stop him. She only told Xia Jinqi to come and play often.

Xia Jinqi lowered her head the entire time, not daring to look at Qi Maolin. Qi Maolin was also a smart person. Ever since Xia Jinqi clarified at the wedding that he had mistaken Xia Jinqi for someone else, he no longer mentioned that he had seen Xia Jinqi at the casino.

It was the same this time. Qi Maolin only looked at Xia Jinqi twice and didn’t say anything else.

Xia Jinqi was still rejoicing when long Qingxin suddenly opened her mouth and asked, “Maolin, don’t you know my granddaughter-in-law? Why didn’t you say anything?”

When Qi Maolin heard this, he raised his eyes to look at Xia Jinqi, who was smiling sheepishly.

Afraid that he would say something like ‘we met once at the Casino’, Xia Jinqi quickly interrupted, “grandma, I’ve only met Mr. Qi once, so I don’t really know him...”

As Qi Maolin’s eyes moved, he seemed to have understood Xia Jinqi’s meaning. He added, “Yes, Mrs. Yan is a very interesting person.”

It was indeed very interesting, wasn’t it?

He recognized her at the wedding, but she refused to admit it at that time.

Now, she took the initiative to say that she had met him once?

The heart of a woman was really like a needle at the bottom of the ocean. He couldn't understand it.

"Is that so..." Long Qingxin looked at the two of them and didn't continue to ask. She waved her hand and asked Yan Jun and the others to leave.

When she turned around, Xia Jinqi quietly wiped the cold sweat from her forehead.

Fortunately, Qi Maolin didn't mention the casino.

Xia Jinqi thought about it all the way until she got into the car. Only then did Xia Jinqi finally let out a sigh of relief.

However... ..

She always felt that the atmosphere in the car was very subtle.

Xia Jinqi carefully looked at the man who was focused on driving beside her, feeling a little suspicious.

Usually, he would seize such an opportunity and ask her all kinds of questions. Why was it so quiet today without a word?

If he didn't ask, she would find it strange instead.

"Why don't you ask me why I met Qi Maolin at the casino?"

Hearing this, Yan Jun's thin lips curled into a triumphant smile.

She still admitted it.

"Didn't you say that you were going to get sleeping pills?" He returned the words that she had lied to him to her.

"..." Xia Jinqi choked and coughed awkwardly. "Then, aren't you worried that I'm a gambler?"

Chapter 103 she was like a thick book

"You don't know how to play," Yan Jun answered with absolute certainty.

Coincidentally, there was a bend. He was holding the steering wheel with one hand, and his handsome face was slightly tilted to the side. He was extraordinarily handsome.

Xia Jinqi was a little dazed for a moment. It was not easy for her to regain her senses before she asked in confusion, "how do you know that I don't know how to play?"

"You don't know how to play cards." Thinking that she did not understand the meaning in her words, Yan Jun did not mind saying it in more detail.

This time, Xia Jinqi was completely stunned.

Yes, she didn't know how to play cards.

But how did he know?

.. After a moment of silence, Xia Jinqi suddenly remembered that yesterday afternoon, Yan Jun took her to a game and ran away halfway, leaving her alone.

The game that day happened to be a gambling game... ..

So, that day wasn't a coincidence. He deliberately set it up?

The purpose was to see if she knew how to play cards?

Xia Jinqi, who suddenly came to a realization, had a feeling that she had been sold and was still helping others count their money!

She shook her head and stared at the cold-looking Yan Jun, sighing in her heart. BLACK-BELLIED, black-bellied. Step by step, they were all scheming against her, right?

It was a pity that she had accidentally walked into his trap!

"could it be that it was you who arranged for me to meet Qi Maolin here today?" Xia Jinqi clicked her tongue. She really wanted to pry open this man's head to see what was inside?

Every step he took, how did he connect the dots?

"It's considered a coincidence." Yan Jun didn't expect Qi Maolin to come to grandmother's place. However, it was indeed his intention to lure Xia Jinqi into admitting that she had met Qi Maolin at the casino.

Xia Jinqi did not believe in coincidences. How could there be such a coincidence? ! !

One by one, could they be linked together so perfectly?

She did not even notice it at all, okay?

Once again, she gently touched her temples, feeling a myriad of emotions.

Just what kind of person did she marry?

"... have you already investigated me thoroughly?"taking a deep breath, Xia Jinqi asked one last question ...

However, Yan Jun shook his head and frowned slightly. There were still many questions in his heart that had not been solved.

For example, Yue Yue reported about the people in the casino, but it wasn't to gamble. What could she be doing it for?

Yan Jun knew that even if he asked her, this girl wouldn't tell him the truth.

Since that was the case, then he would directly bring her to Las Vegas and personally see what she was doing in the casino.

Therefore, when Ji Xinyu suggested their honeymoon to Las Vegas, he immediately agreed.

Unfortunately, Xia Jinqi hadn't thought of Yan Jun's intentions, and Yan Jun didn't plan to tell her, so as to prevent her from making preparations in advance.

The car drove up the Huan Cheng Expressway. Looking out from the side of the car window, it was just enough to take in the entire Rao city's neon night scene.

However, Xia Jinqi was not in the mood to enjoy the beautiful scenery at the moment. She stretched out her hand and hammered her heart. It was so stuffy there... ..

"We'll go to Las Vegas in two days," Yan Jun said faintly, his voice cold and clear.

However, Xia Jinqi snorted in a fit of Pique. "I don't want to go."

"I'll write you a prescription for sleeping pills," Yan Jun's reply made Xia Jinqi feel even more uncomfortable.

When he unintentionally saw the girl beside him being choked to the point that she was beating her chest and stomping her feet, a gentle smile appeared in Yan Jun's pitch-black eyes.

She was like a thick book. Every time she flipped a page, she would bring him countless surprises.

It turned out that women were such magical creatures.

It was not as boring as Wen Tao said.

On the contrary, she seemed to be able to make him laugh easily.

Chapter 104 I want Yan Qing

When she returned to the Yan family, Xia Jinqi's butt hadn't even warmed up when someone from the Xia family came. They said that there was something going on at home and they wanted to take her back to discuss it.

Xia Jinqi originally didn't want to go back, but because of the Xia family's reputation, she could only bite the bullet and go back.

Before she went, Yan Jun pulled her back. "Are you okay going alone?"

Xia Jinqi's heart warmed up at his sudden concern, but she immediately smiled in relief. "In the end, they're still my parents. They won't eat me."

With that, she got into the car.

After Xia Jinqi left, Yan Jun narrowed his eyes and made a call. "Wang Mang, find a few reliable people and keep an eye on the Xia family's every move."

"okay, I'll do it right away." Wang Mang never asked why.

However, recently, he found that second young master Yan was becoming more and more concerned about the Xia family's matters... ..

When Xia Jinqi returned home, she found out the reason why he was in such a hurry to get her home — Xia Tianjiao was sick. Her high fever did not subside, and her kneecap and Patella were contused with many soft tissues.

Xia Jinqi's mother was anxious. She wanted to send Xia Tianjiao to the hospital, but she refused and kept tossing around at home.

Xia Jitian was out socializing, and she could not contact her eldest daughter and third son. Hong Xianglin could only look for this easy-to-bully fourth brother.

“fourth brother, quickly go and see your second sister. She has been nagging about something called Qing. I don't know if she's confused from the fever!”

Although Xia Jinqi was very unwilling, she still went in to take a look when she saw her mother's anxious look.

Xia Tianjiao lay on the bed. Her face was burning red, and she furrowed her brows in discomfort. She was no longer as arrogant and domineering as usual, and she was no longer as annoying.

“Yan... Qing...”

Xia Jinqi thought she had heard wrongly. Why would Xia Tianjiao call Yan Qing's name?

However, when she stopped in front of Xia Tianjiao's bed and listened carefully for a while, she realized that she was indeed calling Yan Qing's name!

“Yan Qing? Why would she call Yan Qing's name?” Xia Jinqi frowned in confusion. When did she meet Yan Qing?

Hong Xianglin also paused for a moment. “Yan Youcheng's illegitimate child? How does your second sister know him?”

At this moment, Xia Tianjiao, who was lying on the bed, started to talk nonsense again in a daze.

“Yan Qing... I want...”

Hong Xianglin immediately went forward to coax him. “Okay, okay, okay, mom will go find him for you! Don't be anxious!”

After saying that, she turned around and instructed Xia Jinqi, “go and find Yan Qing! Isn't he your uncle? ASK HIM TO COME OVER!”

Xia Jinqi was a little speechless. Why did she call Yan Qing over at this time?

“It's not convenient for me to contact him.” Xia Jinqi directly refused. She looked at Xia Tianjiao who was lying on the same bed. Even if she had a fever, no one would die. There was no need for so many people to guard her.

She turned around and was just about to leave when Hong Xianglin started crying behind her “You UNFILIAL DAUGHTER! Are you trying to anger me to death? I raised you up and married you off in a grand manner. You don't recognize me now, do you? You're not even willing to do this little thing that I asked you to do?”

A flurry of bombardments caused Xia Jinqi's scalp to go numb.

Helpless, she could only call Yan Qing in the end.

After the Beep, the phone was picked up.

"Xiao Qi?" Her tone was filled with unconcealable excitement and excitement. Yan Qing must have been waiting for Xia Jinqi's call these days.

However, such excitement brought a lot of burden to Xia Jinqi. She hesitated before asking, "yes, it's me. Um... do you know Xia Tianjiao?"

"..." Yan Qing was silent for a moment. He knew that he could not hide what happened in the afternoon. "Did she look for you?"

Chapter 105 meeting in private

"No. She had a fever at home and kept calling your name. My mother said that she wants you to come over..." Xia Jinqi braced herself and said, but she still felt that it was inappropriate. She added, "It's okay if you can't come, I just..."

Before she could say anything, she was interrupted. "You're at the Xia family's house?"

"Yes." Xia Jinqi nodded.

"I'll come right away." Yan Qing answered without saying anything else.

After hanging up the phone, he looked up at Yan Jun who was drinking tea with Yan Youcheng in the courtyard.

When he was at home, he could barely speak to Xiao Qi. Now that Xiao Qi was at the Xia family home, it was a good opportunity.

"..."

As expected, Yan Qing kept his word. In less than half an hour, he appeared at the Xia family home.

He gave a simple glance at Xia Tianjiao, and Yan Qing only said coldly, "she deserved it."

Fortunately, Hong Xianglin was not here at this time. If she heard this, who knew what would happen...

...

Xia Jinqi quickly got up and closed the door. She asked, "so, she invited you to dance at the dance this afternoon? And then you deliberately sped up and let her fall?"

"Yes." Yan Qing nodded. He had no intention of hiding anything.

Xia Jinqi coughed awkwardly. Now she knew why Xia Tianjiao had bruised her soft tissue.

She had only kneeled for three hours in the morning, and she was already dancing in such high shoes in the afternoon?

Should she say that her courage was commendable, or that she would do anything to achieve her goal?

But... ..

Xia Jinqi looked at Yan Qing suspiciously. "You've only met her for the first time, how could it be..."

In her impression, Yan Qing was a rather gentle person. He was handsome and was the most popular professor in the school. Logically speaking, he should not be so hostile towards Xia Tianjiao when they first met.

"because she treats you badly," Yan Qing answered without thinking. Then, he looked at Xia Jinqi worriedly. "Xiao Qi, are you okay? Did your mother make things difficult for you when she called you back?"

"..." Xia Jinqi didn't say a word. She was already in a difficult situation. She had to force her to call Yan Qing over just to see a unconscious person lying on the bed.

Helpless, Xia Jinqi took a deep breath and changed the topic. "Yan Qing, only you won't scold me for being so stupid. You haven't resisted for more than ten years and don't know how to leave this house."

Everyone felt that she should raise the banner of resistance and make a scene with her parents to fight for her position.

Even Yan Jun was the same.

But only Yan Qing, only he wouldn't. Only he would always comfort her in such a situation... ..

"What's the use of resisting? Some things are destined from birth. No one can change it." Yan Qing smiled bitterly.

He understood Xia Jinqi's feelings.

To be honest, he and Xia Jinqi were very similar... ..

Even though he had lived in the Yan family since he was young, in reality, he didn't have any status at all. His family treated him like air.

There would always be people who would ask, why didn't you leave that home Why didn't you resist?

WAS IT USEFUL TO RESIST He was originally an illegitimate child. He was an existence that shouldn't exist. What position did he have to leave?

Thinking of this, Yan Qing glanced at Xia Jinqi again.

Perhaps, they were somewhat different.

Xia Jinqi could endure because she cared about this family and her own family.

But he... .. HMPH, if it wasn't for the Yan family's estate, how could he have left his birth mother when he was young and lived under someone else's roof ? ?

Chapter 106: Treat this world gently

Yan Qing pondered for a moment, and Xia Jinqi smiled again. "perhaps when I cultivate myself into a person with a heart of stone, I will completely cut off relations with this family."

"Don't." Yan Qing hurriedly stopped her. "It's fine as it is now. Do what you think is right, and don't care what others say."

He liked this kind-hearted Little Qi. Although it was precisely because of this that she was treated as a good-for-nothing by others, and was bullied wantonly.

"Xiao Qi, remember this: a truly mature person will still treat this world gently after being hurt by the world."

Xia Jinqi's heart was slightly stifled when she heard this, but she quickly came back to her senses and stood in a military posture towards Yan Qing with a smile. "Alright, great professor!"

As expected of a good teacher and good friend. Just a simple sentence had already benefited her greatly.

Yan Qing looked at the lively and cute Xia Jinqi in front of him gently, but he sighed softly in his heart. I can't treat this world that has hurt me gently, but Xiao Qi, promise me that you must do it.

Not long after the two of them spoke, Xia Tianjiao, whose fever had subsided, woke up.

In her daze, she recognized the man in front of her and shouted excitedly, "Yan Qing..."

Just as she finished shouting, she turned her eyes and saw Xia Jinqi.

Her face immediately darkened. "fourth brother, why are you here?"

When Xia Jinqi heard this, she saw that Xia Tianjiao had already woken up. She immediately turned around and walked out of the door. "Yan Qing, let's go."

She was already awake, so she could at least leave, right?

Yan Qing did not even glance at the woman on the bed. He followed Xia Jinqi's footsteps.

He had come to see Xia Jinqi in the first place. What did the life and death of the woman on the bed have to do with him?

Xia Tianjiao looked at the two people who had left and her face turned green with anger!

"Xia Jinqi! You already have Yan Jun. do you still want to snatch Yan Qing from me?!"

She struggled and moved forward, wanting to catch up to Xia Jinqi and teach her a lesson!

However, her legs were not able to move properly. After Mengran exerted force, her entire body fell onto the hard floor along the edge of the bed!

With a bang, Hong Xianglin, who had just entered the room, was so frightened that she quickly came over to help her up. "Jiao Er? You're awake? What happened to you? GET UP QUICKLY!"

Xia Tianjiao grabbed Hong Xianglin's hand and asked anxiously, "mom, was it Yan Qing just now? Was it him?"

“Yes, your sister called him over.” Hong Xianglin nodded. “Are you feeling better?”

Xia Tianjiao directly ignored Hong Xianglin’s concern and turned to look in the direction where Xia Jinqi had just left.

She was so lost that she seemed to have heard Xia Jinqi and Yan Qing talking about something... ..

From the looks of it, they should be very close!

When did they meet?

“Mom, I want to marry Yan Qing.” Xia Tianjiao suddenly blurted out without thinking.

Hong Xianglin was immediately stunned. “What? Him? But your sister has already married into the Yan family...”

“So what? She can marry, why can’t I? MOM, help me! I WANT TO MARRY HIM!” Xia Tianjiao roared and shook Hong Xianglin’s arm non-stop.

“This... don’t be agitated, I’ll discuss it with your father first...” Hong Xianglin hurriedly comforted her second daughter, but her heart was extremely conflicted ...

The Yan family could only have one heir.

They had already decided to help Yan Jun. if they were to marry Jiao Er to Yan Qing, then who should they help?

..

Xia Jinqi and Yan Qing left the Xia family together.

They came in the Xia family’s car. On the way back, Yan Qing picked her up along the way.

They were all going back to the Yan family, so it was indeed on the way.

Chapter 107: Call Me Yan Qing

Xia Jinqi thought of Yan Jun’s warning. She had originally planned to go back on her own, but Yan Qing had invited her again and again, so she couldn’t refuse.

Halfway there, both of them were hungry. They happened to pass by their Alma Mater, so they drove to look for food.

There was a street behind the school’s residential area, which was filled with food stalls.

The students who came and went were all students from this school district. Some had just finished their self-study, and some had just returned from outside... ..

Xia Jinqi picked a dumpling stall that she used to frequent and sat opposite Yan Qing at a simple fast-food table.

In front of her were two plates of steaming hot dumplings, and beside them was a noisy and bustling street.

Such an atmosphere could easily evoke memories of the past.

Xia Jinqi ate a dumpling in one bite and let out a long sigh of satisfaction. "Even the taste is exactly the same as before. It hasn't changed at all!"

In front of Yan Qing, she never had to hide anything. She only cared about being her truest self.

"It's been a long time since I've been here. Not to mention, I really miss this taste!" Yan Qing ate a few in a row, and the smile on his lips was sincere from the bottom of his heart.

Separated from the world of the Yan family, he was actually a very pure person.

Xia Jinqi quickly finished a large plate, and even the bottom of her eyes were tinged with a hint of contentment.

After she was 70% full, she put down her chopsticks and looked at Yan Qing apologetically. "I'm really sorry about what happened tonight. I also didn't expect that my mother would insist on calling you over..."

"When did we become so distant?" Yan Qing seemed to be a little dissatisfied. He frowned slightly and looked solemnly at Xia Jinqi. "Xiao Qi, do you still remember what I said? Even if you marry into the Yan family, our relationship will not change."

Indeed, if it was in the past, Xia Jinqi would definitely not thank Yan Qing.

But now... .. It was finally a little different ...

Xia Jinqi was silent. In her mind, she only thought of what Yan Jun had said, telling her to stay away from Yan Qing. He did not like to see the two of them together.

Yan Qing waited for a while, but did not receive an answer from Xia Jinqi. He sighed softly and said with incomparable sadness, "It's been four years. Just because of a superficial marriage, you want to draw a line between us. Xiao Qi, isn't this too unfair to me?"

Perhaps it was the plate of dumplings in front of her that reminded her of the past, or perhaps it was the current Yan Qing who looked really too sad. Xia Jinqi's heart was stabbed with pain.

Yes, in her heart, Yan Qing was just like Wen Jing and the others, they were all her friends.

Four years of friendship, if it was just because of a marriage, wouldn't it be too heartbreaking?

Seeing that Xia Jinqi was also struggling in her heart, Yan Qing struck while the iron was hot. "When we were in the Yan family, you called me uncle, but outside, you still called me Yan Qing, okay?"

"This..." Xia Jinqi hesitated for a moment and finally agreed. "Okay."

After getting a positive answer from Xia Jinqi, Yan Qing smiled again and said happily, "This is my little Qi!"

Xia Jinqi also smiled. Perhaps she shouldn't have minded this identity so much from the beginning.

As for the expectations she had for Yan Qing, she thought, let it go with the wind.

From now on, they would only be friends.

This was also good.

When the dumplings were almost done, Yan Qing got up to take a call. When he came back, he said to Xia Jinqi with a difficult expression, "my mom has something to ask me, I have to go back. Little Qi, you can go back by yourself, right?"

"Oh, then you go quickly! I can go back by myself!" Xia Jinqi saw that he didn't look too good and thought that something important must have happened, so she hurriedly said.

Chapter 108 got married without waiting for me to come back

"Okay, I'll leave first." Yan Qing nodded, then turned around and walked in the direction of the parking lot.

After he left, Xia Jinqi paid the bill. She was not in a hurry to go back to the Yan family, so she stayed alone at the school gate.

Yan Jun secretly transferred her academic status. This was still a troublesome matter.

Based on her understanding of Yan Jun, the matter that he had decided on was not something that could be easily changed.

She had to think of a way to coax him into agreeing to stay with her?

Using force was definitely not going to work. With his personality, if his attitude was too tough, it was very likely to anger him. At that time, he might really not let her continue her studies... ..

As she walked, she was thinking when suddenly, a piercing whistle sounded behind her!

"BEEP beep beep..."

Xia Jinqi instinctively looked back, but two beams of light shot straight into her eyes!

She narrowed her eyes in discomfort. When she reached out to block the light in front of her, she inadvertently saw a military camouflage car.

Then, the lights of the car were turned off. A handsome figure jumped out of the driver's seat and quickly walked towards her!

"Girl!" A familiar voice and a familiar name.

Xia Jinqi was slightly stunned. This tall, handsome man in front of her with a small buzz cut and slightly tanned skin... was this still the Erhuo who dyed his hair yellow and always acted casually in her memory?

"Huo Ting?" She couldn't believe her eyes... ..

Seven years was enough to make a person undergo such a drastic change?

Huo Ting had already walked up to her. He snapped his fingers and said proudly, “how is it? Are you so handsome that you can’t recognize me? Do you regret it? You got married before I came back!”

Xia Jinqi was really too excited, so much so that she didn’t even notice the unnoticeable bitterness in Huo Ting’s tone when he said those words... ..

Her big, misty eyes suddenly narrowed into a crescent moon. She was so happy that she almost jumped up. “It’s really you! Erhuo, why did you only come back now!”

Looking at the sparkling eyes of the girl in front of him, Huo Ting’s heart more or less felt comforted. “Who told you not to miss me? If you missed me, I would have come back long ago!”

He pursed his lips and actually looked a little wronged.

Ever since he was young, he liked to cause trouble with Xia Jinqi. He didn’t know how to speak properly, and Xia Jinqi had long been used to it.

“Who dares to miss you? The famous second generation of the Huo family, I can’t afford to provoke you!” She said sourly, wrinkled her nose, and looked at him with a smile.

Not to mention, the training in the army seemed to have really made him look a lot more handsome!

Especially the camouflage suit on his body, people couldn’t help but respect him!

“little heartless!” Huo Ting snorted and quickly said, “let’s go, get in the car! I’ll take you for a walk!”

It had been a long time since they last met, so naturally, they had to get together!

“Okay!” Xia Jinqi had just taken a step forward when the phone rang.

She picked it up and saw that it was Yan Jun calling?

“where are you?” The moment she opened her mouth, she asked for her location.

Xia Jinqi answered without thinking, “I’m at the school gate. What’s the matter?”

“It’s ten o’clock.” His tone was a little unhappy.

“What’s wrong with ten o’clock?” Xia Jinqi asked in confusion. Could it be that she had something to do at ten o’clock?

“On the second day of our wedding, my wife is still wandering around in the middle of the night. What do you think the headlines will say?”

Xia Jinqi finally snapped out of her daze. It was already ten o’clock!

She estimated that it would be eleven o’clock when she returned to the Yan family from here... ..

If she went back so late, she didn’t know if there would be reporters waiting for her. When that time came, she would have to write a bunch of nonsense again!

Chapter 109 is he nice to you?

Just as she was about to rush back, she turned around and saw Huo Ting waiting for her by the car.

It had been seven years since they last met, and she really wanted to chat with him.

Moreover, she had just promised Huo Ting that they would get together... ..

Xia Jinqi suddenly had an idea and asked Yan Jun, "are you busy now? Why don't you come out and play with us? I have a friend who just came back from afar."

It was a problem for her to not go home in the middle of the night alone, so it shouldn't be a problem for her to ask Yan Jun to come with her, right?

However, the result was very bone-chilling.

"..."the other side of the phone was silent for a very long time. Moreover, there was an eerie coldness drifting over from the other end of the phone, causing Xia Jinqi to tremble slightly.

She had almost forgotten who Yan Jun was. How could he come out so casually?

Immediately, she tactfully made up for it. "I was just casually saying... I'll be back very soon!"

After saying that, she directly hung up the phone, afraid that Yan Jun would say something to her again. At that time, she would have to beat her chest again!

WHOOSH... ..

Putting down the phone, Xia Jinqi looked at huo ting with some difficulty. "Er Huo, why don't we meet again tomorrow? I have to go back first."

Hearing that, Huo Ting couldn't help but feel a little disappointed.

"Your husband urged you to go back?" He more or less guessed who had called just now.

"... " when Xia Jinqi heard the word "husband" , she still felt a little uncomfortable in her heart. She laughed dryly. "Yes... I'm sorry."

Huo Ting didn't want her to be in a difficult position, so he said happily, "anyway, I'm back, and I don't plan to leave! We have plenty of time to get together in the future! Let's go, I'll send you back."

Seeing that he did not seem to be too angry, Xia Jinqi smiled in relief. Just as she was about to get into his car, she suddenly hesitated. "Do you know how to drive? I remember that you stole your grandfather's car once and lied to me that you knew how to drive. In the end, the car crashed into the wall..."

After so many years, she did not expect the picture to be so clear when she recalled it.

Huo Ting was angered by her words and quickly changed the topic. "How long has it been? Do you still remember? Hurry up and get in the car. Tonight, I'll show you what real driving skills are!"

At that time, he was young and frivolous, and he did a lot of bad things. Otherwise, his grandfather wouldn't have sent him to the army.

Xia Jinqi laughed heartily and got in the car.

She was originally just teasing him. She knew that they were still children at that time, so it was normal for them to be reckless.

Now that so many years had passed, he must have already learned how to drive. Wasn't he the one who drove here by himself just now.

After getting in the car, Huo Ting drove the GPS. As he drove, he couldn't help but look at Xia Jinqi beside him.

"Oh right, I haven't asked you yet. Why did you get married so suddenly? You said that you would only get married when you were thirty years old!"

If he had known that she would be in such a hurry to get married, he would have come back earlier even if he died... ..

Xia Jinqi was slightly stunned by his question. Then, she said, "we have to get married eventually. It doesn't make a difference whether we get married sooner or later."

Since her identity meant that she couldn't choose a marriage, she might as well marry Yan Jun..

This was the thought she had when she first met Yan Jun..

"Then, is he good to you?" Huo Ting asked again.

"Yes, he's pretty good." Xia Jinqi nodded. Other than when Yan Jun was angry, the rest of them were pretty good to her.

Hearing her answer, the deep worry in Huo Ting's heart more or less dissipated a little.

Knowing that she was living well, he was relieved.

But even faster, a strong sour feeling that could not be dissolved rushed into his heart again.

Chapter 110 two small guess, Childhood Sweethearts, you and I love each other

Almost from memory, he always had a little follower behind him, his brother called him, it was very annoying.

When he played with the remote control car, she clapped her little hands at the side, big brother Wu drive really good!

– really silly. He always looked at her with disgust.

When he was punished by his grandfather to stand in the corner not to eat, she always secretly pinched a small rice ball for him.

– really stupid. ONLY RICE BALL WITHOUT FOOD!

He was far away from home, about to join the army, she hid at home refused to come out to see him off, until his car drove away, she ran out, crying and running after his car.

What a fool. How could a person with two legs outrun a car with four wheels?

She had always been a stupid girl who only knew how to run around him. He thought that she would be like this for the rest of her life... ..

Therefore, he was at ease to go to the army. Occasionally, he would contact her and he would be satisfied.

It was not until that day when his father had to return to Rao city at the last minute and said that he was going to attend Xia Jitian's daughter's wedding that he was shocked to realize that the girl no longer belonged to him.

He had applied overnight and wanted to return to Rao city!

However, even if he did return, he did not dare to look for her at the first moment.

After taking his time to finish what he needed to do, he drove the car. He thought that she had been wandering around her former school, but who would have thought that it would be such a coincidence to run into her.

He looked at her walking alone by the roadside, sometimes frowning, sometimes smiling, sometimes slightly annoyed... ..

What a silly girl.

She had been alone since she was young. Although there were many brothers and sisters in the family, none of them could play with her.

Only he was willing to accompany her. Even though he always called her a fool, he would still leave a portion of his favorite pastries for her and give her a remote-controlled car that he liked.

He slowed down the car and turned off the headlights. Just like that, he slowly followed behind her and watched her all the way.

When he left, she was only 14 or 15 years old. Now that she had returned, she had already grown into a young lady in her twenties.

Her facial features had not changed, only becoming more exquisite.

She was taller, but still slim.

It seemed that she had not been obedient all these years since he left. She had to eat more.

She had accidentally fallen into the abyss of memories. When Huo Ting came back to his senses, he realized that his throat was slightly sore and his mood was extremely low.

He hurriedly glanced at Xia Jinqi beside him. Fortunately, she was focused on looking ahead and did not notice his loss of composure... ..

Taking a deep breath, huo ting stopped his wild thoughts.

He was here to congratulate the girl happily. How could he make the atmosphere so awkward?

Thinking of this, he tried his best to laugh. "If I knew this, I would have come back earlier and missed your wedding."

At first, he said it apologetically, but who knew that he would change the topic immediately. “You have to treat me to a meal and make up for it!”

Xia Jinqi didn’t know whether to laugh or cry at his words. “I’m not going along with the meal, and you’re rushing over to ask for food? No Way!”

“What relationship do we have? Whatever you like, I’ll give it to you! But this meal, you have to treat me. After all, we can be considered childhood sweethearts. You and I are lovey-dovey!” Huo Ting laughed like a Ruffian His pair of handsome peach blossom eyes also narrowed. It was as if this was the only way to hide the true feelings in his eyes and also hide the sorrow in the depths of his heart.

“Sure, when do you have time?” Xia Jinqi didn’t notice the sincerity in his words. She always thought that he was joking with her.

Ever since they were young, he liked to say that. Ever since they were together, they loved to play House and get married.
