

Trick Me 1011

Chapter 1011: how dare you bully my precious granddaughter! YOU MUST BE TIRED OF LIVING!

Ji Heng, who was originally unwilling to do so, heard his granddaughter's Happy Smile. How could he still harden his heart?

It was all because his precious granddaughter wanted to do whatever she wanted.

"Xiao Qi, remember this. Grandfather didn't just give Lego to you. The entire Ji family is now yours. You are no longer the child who was bullied in the Xia family. You have a powerful backer behind you. If you encounter any difficulties or problems that you can't solve on your own, come back and look for grandfather. Grandfather will support you!"

"okay..." Xia Jinqi nodded her head, almost choking on her sobs. Her eyes were red and red again.

It felt so good to have family pampering her... ..

..

No matter when, no matter where, no matter what you want to do, you must do your best and think of ways to get the approval and support of your parents and family.

Because no matter how far away you are, no matter how dangerous the things you do, they will always be the ones who worry about you the most. *no-re-lb*)In

... Su Zhishui.

After persuading her grandfather and cousin, Xia Jinqi prepared to leave that night.

Bai Ran found out where Zhuo Ning was, so she left first to clean up the house.

Before she left, she was still a little reluctant to part with Xia Jinqi. "originally, there was an auction in Rao city that I should go to, but I haven't found Zhuo Ning yet. I have to stay here first. You be careful."

"Okay." Xia Jinqi nodded and smiled slightly.

The Xia family had held many charity auctions, but she had never been interested.

Ji Heng's grandfather originally wanted Ji Yunjing to accompany Xia Jinqi back, but Xia Jinqi refused.

Rao City was currently in a mess. If her cousin went back with her, not only would it be easy to expose the target, it might even lead to an accident... ..

If an accident happened to her, at least her cousin would be able to accompany her grandfather.

After leaving the two children with Ji Yunjing, Xia Jinqi stepped onto the helicopter to Rao city.

A small helicopter was not large in size, so it was not easy to be discovered. Moreover, it was more convenient and fast.

As the booming sounds lingered in her ears, Xia Jinqi looked down at her grandfather and cousin who were getting smaller and smaller on the ground. She smiled and waved at them.

Xia Jinqi was only willing to look away when they slowly turned into the size of sesame seeds and disappeared in the end. She stared blankly at the dark night surrounding her.

Yan Jun, wait for me.

I'm back.

The two people on the ground also waited until the helicopter disappeared before they sighed and lowered their eyes.

Ji Heng turned around and instructed Ji Yunjing, "increase the manpower by three times. We must ensure the safety of Yu Han and XIAO PUFF!"

"Don't worry, grandfather." Ji Yunjing naturally wouldn't be careless in this matter, but... ..

After hesitating for a moment, Ji Yunjing still asked, "Grandpa, what about the Casino? Little Qi just stepped out to subdue them, and now she's suddenly left. I'm afraid there will be complaints."

"With just these few people, can they really cause a Ruckus? Go, arrange a time for me to personally meet them! They dare to bully my precious granddaughter, they MUST BE TIRED OF LIVING!" Ji Heng fiercely said a few words and walked into the House with his crutch.

The rest of Ji Yunjing stood rooted to the spot and silently mourned for Zhao Bao and the others.

Who asked them to make things difficult for Little Qi?

But now, little Qi was stubborn and insisted on leaving to look for Yan Jun. although grandfather agreed on the surface, he was definitely still feeling stifled in his heart.

It was just the right time to vent his anger on these guys... ..

As he sneered, the phone in his pocket vibrated.

Ji Yunjing took out his phone and looked at it. His expression suddenly froze.

There were only three words on the screen.

Ye Qinghuan.

Chapter 1012: was so eager to leave?

Without hesitation, he picked up the phone. "Hello?"

"Mr. Ji, are you free now? I've already packed, but I don't know where the keys are at home. Can you come and get them?"

The girl's voice was clear and melodious, but it instantly made Ji Yunjing frown.

"You're leaving?"

“Yes, Mr. Ji. It’s not good for me to live here all the time...”

“Wait for me.” Ji Yunjing didn’t say much. After hanging up the phone, he got in the car and sped toward the apartment.

Ji Yunjing did not know why he was so anxious all of a sudden. He almost stepped on the gas pedal to the bottom and ran several red lights. The forty-minute drive normally was completed in twenty minutes today.

He almost ran back to the apartment. He pushed the door open anxiously and saw that Ye Qinghuan had already packed her luggage and was sitting on the sofa waiting for him.

Seeing him appear at the door with sweat all over his head, Ye Qinghuan was also shocked.

She originally thought that she would wait here for the whole night. Who knew that he would come back so soon?

Yes... ... Is he nearby ??

Ye Qinghuan really wanted to ask, but the words were on the tip of her tongue, but she did not say it in the end.

She smiled and got up. She took her luggage obediently and handed the door key to Ji Yunjing.

“Mr. Ji, thank you for taking care of me during this period of time. “Qingzhou also attended the best boarding school here, and the loan sharks stopped looking for us. “I’ve also memorized your cell phone number. When I graduate in the future, I’ll definitely work hard and return this money to you bit by bit.

“your great kindness will be remembered by me and Qingzhou for the rest of our lives. “thank you so much.”

After saying that, she even bowed deeply to Ji Yunjing.

For Ye Qinghuan, her fate was completely changed because of the moment she met Ji Yunjing.

Her stepfather was fond of gambling and owed a loan shark. His hand was cut off and her mother ran away.

Only she and her younger brother were approached by the loan shark. *no ve-llb*)In

She would never be able to return that much money.

For her, there were only two ways out.

First, she could sell her body in exchange for money.

Second, she could be sold by loan sharks in exchange for money.

No matter which way it was, there was no way out.

And she couldn’t die. Once and for all, she had a younger brother.

She couldn’t escape. When she was desperate, she met Ji Yunjing.

Not only did he pay back all the loan sharks for her, but he also let her younger brother go back to school.

To her, Ji Yunjing's appearance was like a God, saving her whole world.

If it was possible, she was willing to pay with everything she had... ..

Ji Yunjing had a lot to say, but when he heard her thanks, he suddenly felt his throat choke and could not say a word.

He looked down and his gaze fell on the key that the girl held in her fair hand.

His face instantly turned green.

He did not reach out to take it. Instead, he bypassed the girl and sat on the Sofa at the side.

After a long silence, he snorted. "Now that there are no loan sharks chasing you and my brother has settled down, you can't wait to leave?"

As he spoke, Ji Yunjing's attitude was extremely bad.

Perhaps even he himself did not realize how awkward he looked when he said these words.

Ye Qinghuan was stunned. She did not know why Ji Yunjing was suddenly in a bad mood.

After thinking about it, perhaps it was because of what happened outside?

Chapter 1013: should have a woman by his side

After all, what she said just now was reasonable and should not have upset him.

After hesitating for a moment, she said again, "I really appreciate Mr. Ji's care during this period of time."
"

Ji Yunjing did not answer and continued to be silent.

Ye Qinghuan waited for a moment, but Ji Yunjing did not speak.

He probably did not want to hear her continue, so he put the key on the coffee table in front of Ji Yunjing, turned around, pulled the Wanxiang wheel suitcase, and walked toward the entrance.

Her steps were very slow and hesitant. Even she couldn't tell what she was expecting or waiting for.

Did she hope that Ji Yunjing would ask her to stay?

How could it be... ..

A girl like her who came from a poor family and went to a nightclub must be extremely unbearable in his heart, right?

Forget it, forget it, don't have any more improper thoughts.

A man like him was more suitable for a better person than her.

To be able to meet him was already a rare blessing in her life. She should be grateful for it all her life.

With that thought, Ye Qinghuan suddenly quickened her pace and went straight out of the room. Then, she gently closed the door.

The clicking sound of the door lock was like a death knell that rang in silence. It instantly woke up Ji Yunjing who was still in a daze.

He stood up with a swoosh. He instinctively wanted to chase after him, but his feet only moved a little before they froze again.

As a man, his dignity told him that Ji Yunjing had already left without looking back. Why was he still chasing after him like this? What was going on?

His body did not move, but the fire in his heart burned brighter and brighter until his brain became hot. Ji Yunjing suddenly bent down and swept everything on the coffee table to the ground!

The key, the coffee table, the teacups and teapots on the coffee table all fell to the ground and broke into pieces.

He was so angry that his chest began to rise and fall violently, and the veins on his forehead were popping out. n/(O)elbIn

After countless deep breaths, he walked to the kitchen and opened the refrigerator. He wanted to find something to drink, but he found a few dishes lying inside?

There was a small note beside the dish.

Ji Yunjing's brows moved slightly as he took out the small note. He took a look and realized that it was left by Ye Qinghuan.

[Mr. Ji, I saw that there are still some ingredients in the refrigerator. I helped you make some before I left. I don't know if you'll come back for dinner. If it's after tonight, pour it out. Your wound hasn't healed yet. Remember not to eat anything too cold, and don't drink alcohol.]

It was just a few words, but Ji Yunjing spent a few minutes to look at it.

When he put down the note, he casually glanced at the refrigerator.

He found that the beer was gone, replaced by Mineral Water and soda.

A subtle part of his heart was touched.

Ji Yunjing hesitated for a moment, but he still took out a bottle of mineral water, opened it, and leaned against the edge of the cabinet to drink.

He couldn't find words to describe the thoughts in his heart, but he felt... ..

The feeling of living with her these days was not bad.

Every day when he came back, the House had already prepared a steaming hot meal.

He was no longer alone when he ate.

He was used to her always being on the left and on the right, but suddenly it became quiet, and he began to feel a little uncomfortable.

In fact, even if he kept her by his side, it was nothing.

After so many years of being alone and getting used to it, it was time for him to have a woman.

Chapter 1014: if only the young Madam were here... ..

In such a big house, only a woman could make it smell like fireworks. Only then could it be considered a home... ..

Silently drinking a large bottle of water, Ji Yunjing remained indifferent.

But in the next second, at a specific moment, he suddenly threw away the mineral water bottle and rushed out of the house. It could almost be said that he ran to the elevator.

He punched the Elevator Call Button a few times, but found that the elevator had just gone down.

It would only take him a few dozen seconds to wait for the elevator to come up again.

But he was not willing to wait even a few dozen seconds. Instead, he opened the door of the economic stairs and rushed down the thirteenth floor in one breath.

But when he reached downstairs, there was no sign of Ye Qinghuan anymore?

She must have taken a taxi early in the morning and left.

Ji Yunjing's chest rose and fell violently. He panted heavily and looked around him. His deep eyes were filled with complete regret.

Just now... .. He should have held her back when he was upstairs and not let her go ...

"Qing Huan..." He pressed down on his left arm that was in pain. His eyes were bloodshot and his face was full of dejection.

If he missed this chance, he did not know when they would meet again.

Only the old street lamps that stood by the roadside all year round witnessed everything that happened here today.

..

This night, Rao city was exceptionally cool.

Two days ago, there was a heavy rain. Everyone said that there would be an autumn rain and a cold. In the blink of an eye, it was already late autumn.

The recent days were pretty much over. Around 8 PM, Yan Jun's car drove into the gates of the Yan family's old mansion.

The entire old mansion seemed especially quiet.

Ji Xinyu had turned herself in and was currently in prison. Yan Sheng followed her closely and took the initiative to work as a kitchen helper in the prison's canteen.

In his words, Ji Xinyu's appetite had become worse over the years.

He was afraid that she would not be able to eat properly in prison alone, so he followed her to help with the cooking.

At least, he could guard her well and let her eat three meals a day on time.

Ever since Yan Qing took over the Black Tortoise Hall, he did not stay in the Yan family anymore. Instead, he went to the Black Tortoise Hall's secret base to receive training.

Yan Youcheng was worried and followed him. He probably wanted to impart something to Yan Qing.

After all, Yan Qing was still young. He had just taken over a place and without anyone to guide him, it was very tiring.

Yan Jun did not care about these things. He just wanted a stable inner residence, and then they would face the outside world together. He would drag Lu Yiming into the water and help Xia Jitian to take over.

After getting off the car, he entered the villa alone.

The servants were already guarding the door. When they saw him enter, they all bent down and said respectfully, "young master."

Yan Jun did not say much and walked straight into the house. At the same time, he took off his black coat.

Di Qu quickly followed up and took the coat from Yan Jun's hands.

Yan Youcheng asked Di Qu to stay behind when he left. He must have felt that Yan Jun was alone at home and needed someone to take care of him.

Di Qu was the one he was most at ease with.

"Young Master, have you eaten dinner? Do you want the kitchen to prepare some?"

"No need." Yan Jun shook his head. He had eaten a little at the company and had no appetite now.

He went straight upstairs, took a shower, changed into a light gray bathrobe, and went back to the study room.

The situation was getting more and more difficult. Seeing that Yan Jun was getting less and less sleep and always leaving early and returning late, di Qu was very worried.

But no matter how much he tried to persuade him, the young master would not listen to him.

He was getting thinner and thinner.

Every time at this time, di Qu would sigh. If only young Madam were here... .

Chapter 1015: the loneliness of a person's soul

Young Madam must have a way to let young master rest.

At 10 pm, di Qu punctually sent a cup of strong coffee to the study room, and then left.

In the huge study room, the incandescent light illuminated the room very brightly, as if it was daytime.

Working day and night, Yan Jun had long forgotten that it was already late at night, and it was time to rest.

Now that the Yan enterprise was forced to suspend trading, of course, this was not necessarily a bad thing for Yan Jun..

Lu Yiming was serious this time. It could be seen that he was not much more relaxed than Yan Jun..

Therefore, the most important thing at the moment was not the suspended shares of the Yan Corporation, but Huo Ting, whose movements had been restricted.

At the beginning of the battle between the two sides, the one who had battle value was always the first to be suppressed.

This could not be blamed on Huo Ting. Although he was the head of the military region, he still had to listen to the higher-level government.

Lu Yiming did something to it. It was very easy for Huo Ting to not be able to resist.

It was not until two o'clock in the morning that Yan Jun finally finished reading the documents sent from the Middle East. He also knew the latest situation on the Arqi Island, so he stretched out his hand and pinched the space between his eyebrows. He leaned against the chair and closed his eyes to rest for a while.

Every time such a moment came, the room was especially quiet. It was so quiet that one could only hear the sound of "Da Da da..." coming from the clock hanging on the wall. n.(σ/-∇--ε/.L--b/(1(-n

This kind of sound, every movement, was a kind of stimulation to the nerves, reminding Yan Jun of the loneliness he was experiencing at this moment.

It was a kind of loneliness that could tear a person's soul apart.

After a long silence, Yan Jun opened his dark eyes again and was about to grab a Coffee Cup.

When he picked it up, he realized that the cup was exceptionally light.

When he looked down, the bottom of the cup had already been seen.

Xiu Mei frowned very much. He pressed the internal line, wanting to get the servant on duty to send another cup of coffee up.

But just as he was about to say it, a gust of wind suddenly blew outside the window.

The chilly night wind rolled up the snow-white curtains, instantly blowing away the annoyance in Yan Jun's heart.

That slightly cold feeling was refreshing with a hint of sweetness.

For some reason, he suddenly thought of the night when he and Xia Jinqi took their wedding photos.

He drove the car and brought her to the beach.

It was also so cold that she ran to buy two cups of hot milk. The tip of her nose was slightly red from the cold.

She cutely stomped her feet and handed the milk to him, saying that it would be better to drink some hot milk since it was already so late.

Her thin lips suddenly curled into a smile.

He did not know if his heart had been bewitched, but he changed his answer at the last minute. "Send A cup of hot milk up. "

"Yes, young master. "

Letting go of the inner line, Yan Jun stood up to stretch his body.

He casually took two steps and took out a picture book from the bookshelf in front of him, flipping through it page by page.

The maid quickly brought the hot milk up. Seeing that it was indeed late, she added, "young master, it's already three in the morning, it's time to rest. "

"En. " Yan Jun only gave a perfunctory "en. " His gaze was still fixed on the slightly immature sketch.

Seeing this, the servant did not dare to continue persuading him. She turned around and left quietly.

Ever since young Madam left, young master had always been in this state. As servants, they had long gotten used to it.

With the hot milk, Yan Jun flipped through an entire picture book before going back to the room where Yu Han and Xiao puff had stayed before.

It was dark inside and not a single sound could be heard.

Chapter 1016: are you really not going to invite me upstairs?

"PA! " Yan Jun pressed the switch of the Chandelier, and the entire room lit up in that instant.

The first thing he saw was a familiar and warm room.

He strode in slowly with his long legs.

There were maids in charge of cleaning the place every day. It was very clean, so clean that it was as if they had only left yesterday... ..

He walked around the room with his well-defined fingers, passing the toys, dolls, and cars that the children liked. Finally, he stopped on the huge crib.

He couldn't help but think of the brother and sister snuggling inside. Yan Jun smiled faintly.

After such a long time, did they grow taller again?

Yu Han was so smart. Did he already know how to Call Him Daddy?

Xiao puff was so cute. Did she grow into a little princess?

They... .. Did they forget about him as a daddy ? ?

Maybe. After all, they hadn't seen each other for such a long time. It wasn't easy for such a young child to remember anyone.

Perhaps not. After all, blood was thicker than water. Even if they had really forgotten, they would be able to remember it very quickly the next time they met.

With these thoughts in his mind, Yan Jun felt that time could pass faster. Only then could the longing in his heart be slightly relieved.

?

Xia Jinqi could have reached Rao city on the same day. However, when she had just entered the border of Rao city, she discovered that there was a special reconnaissance plane in the area ahead.

Their helicopter would definitely be investigated, so they could only temporarily change their route to the city next door.

Then, they would take a car to enter Rao city. When they arrived, it was already the evening of the next day.

Xia Jinqi did not directly return to the Yan residence. She heard that the surroundings of the Yan residence had already been monitored by Lu Yiming's subordinates. If there was even the slightest movement, Lu Yiming would know.

If she rashly returned, wouldn't she be courting death and expose her whereabouts to the enemy at the first opportunity?

Therefore, Xia Jinqi thought about it again and again. She decided to first look for Zuo Xiaoran and then think of a way to contact Yan Jun..

However, when she went to Zuo Xiaoran's house, she realized that Zuo Xiaoran was not at home at all...

...

No one answered when she knocked on the door. The Sky was already dark, but the windows did not light up.

It was already so late, where could she go?

Xia Jinqi was hesitating whether she should go somewhere else when a flash of light flashed in front of her eyes. It was accompanied by the rough sound of the wheels pressing against the ground.

When she looked up, she realized that it was a familiar red Maserati that had arrived at the apartment building.

Xia Jinqi instinctively stood behind the bushes and stuck her head out to look inside the car... ..

In the end, she was caught off guard and saw that Fang Shaoan and Zuo Xiaoran were actually in the car... BOOP ? ? n/(O)vel&In

“...”Xia Jinqi was really stunned and completely dumbfounded.

Had she been away for too long When did the two of them develop to such a state Why didn't she know anything?

She had sent them to their house and had even openly kissed them. Could it be that the two of them were officially together?

Xia Jinqi gulped, indicating that her head was a little off.

On the other side, Fang Shaoan finally could not bear to part with Zuo Xiaoran. The thumb of his right hand rubbed against her pink lips and he began to act shamelessly. “Are you really not going to invite me upstairs for a visit? ”

“It's so late. You should hurry home. ” Zuo Xiaoran rejected him without thinking.

What a joke. They were in a normal relationship now. How could they bring their boyfriend home in just a few days?

Although they had done it before, but... It was all an accident ! !

“I'm the only one at home. How lonely...” Fang Shaoan shook his head and started to act coquettishly. He grabbed Zuo Xiaoran's sleeve and refused to let go.

Chapter 1017: Don't look at indecent things

Zuo Xiaoran couldn't do anything to him. She could only lean over and kiss his face forcefully. “BE GOOD! Go back and rest early. Cultivate your body and mind, okay? ”

“okay...” Fang Shaoan got a kiss and smiled in satisfaction. He pulled her over and continued to be intimate with her.

Xia Jinqi, who was peeping from behind the bushes, quickly covered her eyes. Don't look at indecent things, don't look at indecent things... ..

After a while, Zuo Xiaoran got out of the car.

She waved at Fang Shaoan and watched his car drive out of the neighborhood before turning around to go upstairs.

Just as he was about to swipe his key card, Xia Jinqi's cold voice came from behind him. “I don't know who told me earlier that she and Fang Shaoan are absolutely impossible...”

The joke is a little sour.

Zuo Xiaoran all of a sudden heard out, this is not small Qi Voice!

“Small Qi!” She surprised shout, turned around to Hug Xia Jinqi.

The result opens the hands just to stretch out half, brush again stunned.

Because standing in front of her is a handsome young man in men’s clothes with short hair... ..

Huh This isn’t Kev?

Zuo Xiaoran still stunned moment, Xia Jinqi has laughed, “I really changed a lot? You do not recognize me?”

Hearing her say so, Zuo Xiaoran in the heart of that little hesitation, immediately disappeared, jumped up and hugged Xia Jinqi, by the way a kiss down.

“Xiao Qi! Wu Wu Wu! Where did you go! More than half a month can not contact you!” Zuo Xiaoran Snot a tear of Complaint Xia Jinqi, eyes brush a disappointing red.

She had also asked Fang Shaoan, but that guy didn’t say anything. He only said that Xia Jinqi was in a very safe place now.

Xia Jinqi was almost suffocated by her hug. She struggled to break free and took a few deep breaths before she felt the value of life again! n/(OvelbIn

“You almost strangled me to death...”

Zuo Xiaoran didn’t care about this. She pulled Xia Jinqi to look around and said in surprise, “Xiao Qi, why are you wearing men’s clothes? You cut your hair too! SOB SOB! Such beautiful long hair, why did you cut it so easily? !”

Initially, she did not think it was a big deal, but now that Zuo Xiaoran mentioned it, Xia Jinqi reached out to touch the end of her hair and smiled sheepishly. “If you want to cut it, then cut it... don’t tell me you don’t plan to let me in?”

Zuo Xiaoran was shocked to realize that the two of them had been outside the apartment building the whole time!

She quickly opened the door with a smile and pulled Xia Jinqi upstairs. “I won’t let anyone in, and I don’t dare to let the most adorable Xiao Qi in!”

“really?” Xia Jinqi recalled the scene she saw just now and started to feel sour. “I think there’s someone who should be entering the house soon, right?”

Zuo Xiaoran was completely confused by Xia Jinqi’s words. She was stunned for a full five seconds before she remembered that it was possible that Xia Jinqi had seen the scene where Fang Shaoan had sent her back to the car... ..

Wu.

Zuo Xiaoran’s face turned red instantly. She looked at Xia Jinqi shyly and anxiously. She was extremely embarrassed. “You saw everything?”

“Yes... I saw everything that I should have seen. I saw everything that I shouldn’t have seen.” It was rare for Xia Jinqi to seize such an opportunity. Of course, she had to say a few words of jealousy. “I don’t know who was the one who said that it was absolutely impossible with Fang Shaoan! I remember that it hasn’t even been a month since you said that, right? You can’t control yourself so quickly?”

“Aiya, don’t say it anymore...” Zuo Xiaoran hurriedly covered her face, not daring to look at Xia Jinqi at all.

Those sanctimonious words were just casually said.

Chapter 1018: two months later, I completely broke up with him

Xia Jinqi saw that her little face was so red that it was about to explode, so she finally gave up. She asked again, “does his mother know that you two are together?”

Xia Jinqi remembered that before she left, Xiao ran had come to look for her. She said that Fang Shaoan’s mother had always been against the two of them.

When she mentioned this, Zuo Xiaoran, who was originally in high spirits, suddenly fell silent. The smile on her face also disappeared.

Seeing her like this, Xia Jinqi knew that things were definitely not as simple as she had imagined.

“Did his mother come looking for you again?” Xia Jinqi asked with a frown.

Zuo Xiaoran sighed. She and Xiao Qi had been together for so many years, and she really didn’t want to hide it from Xiao Qi.

So she walked to the SOFA, picked up a bag, and placed it in front of Xia Jinqi. “His mother came twice after that, and each time she spent quite a lot of money.”

Xia Jinqi looked into the bag, and sure enough, it was filled with banknotes.

“Shao’an still doesn’t know about this?” Xia Jinqi frowned. Looking at Fang Shaoan’s beaming face just now, it didn’t seem like he knew about these things.

Sure enough, Zuo Xiaoran quickly nodded “I don’t want to affect our relationship because of these things. Xiao Qi, you know, it took me a lot of effort to muster up the courage. If we’re destined not to be together, then even if we had it before, I’m satisfied.”

“What do you mean? Do you want to...”

Before Xia Jinqi finished speaking, Zuo Xiaoran directly admitted, “yes, two months. I’ll give myself two months to have a good relationship with him. After two months, I’ll completely break up with him.”

Fang Shaoan’s mother coming over to make trouble every now and then made Zuo Xiaoran even more determined.

The Fang family would never allow a daughter-in-law like her to enter the house. However, when she was sick, Fang Shaoan’s meticulous care made her fall in love again.

She had no way to change the disparity in status. The only thing she could change was her state of mind.

Thinking of this, Zuo Xiaoran smiled again. "I want to be a hooligan, a hooligan who only talks about love and not marriage!"

She was clearly smiling, but Xia Jinqi could see tears flashing in her eyes.

Feeling sorry for her, Xia Jinqi hugged her. She wanted to comfort her, but she was one step ahead of her.

"Oh right, Xiao Qi, you haven't told me what happened to you! It's fine if you took the children and left, but why are you dressed like this when you came back? Did something happen to you?" Zuo Xiaoran took two deep breaths. After tidying up her emotions, she began to pay attention to Xia Jinqi.

The current her was really a different person from the previous Xiao Qi... ..

Xia Jinqi saw her strange gaze and asked in amusement, "am I becoming very strange now?"

"That's not it." Zuo Xiaoran shook her head thoughtfully and sized up Xia Jinqi several times before letting out a long sigh. "Hey, Xiao Qi, why don't you say that you're a man? Look at how handsome you look in men's clothes. If you were a man, I would marry you!"

"GO TO HELL!" Xia Jinqi pointed at Zuo Xiaoran's forehead with her finger and scolded jokingly, "if you marry me, what will happen to your brother Fang?"

"At that time, who would still want him! Of course, I want you to be more to my liking..." Zuo Xiaoran became frivolous; she was simply a female hooligan.

Looking at Xia Jinqi's handsome brother's attire, she immediately revealed her true colors of infatuation!

The two of them had not seen each other for a long time. After a while, they finally gave up.

Chapter 1019: of course, was to buy, buy, buy!

Xia Jinqi went to take a shower. When she came out, she had already changed into Zuo Xiaoran's pajamas. She hugged her computer and looked up the recent major news in Rao city.

Zuo Xiaoran sat beside her with a can of potato chips in her arms. She looked at the web pages that Xia Jinqi had browsed through and listened to her talk about the reason for her departure. She still couldn't help but sigh.

"That's why people with high status and power enjoy more than ordinary people, but they also suffer more than ordinary people. "Look at me, a good citizen. Even if the political power changes, it has nothing to do with me at all!" She ate the potato chips proudly. From time to time, she fed Xia Jinqi a mouthful of potato chips, and Zuo Xiaoran suddenly felt much better.

In the past, she always felt that the world was unfair. Some people were born to control the life and death of others, and some people worked hard for several lifetimes, but they were still determined by the words of others.

But now that she thought about it, she would rather be a carefree ordinary person.

Xia Jinqi listened to Zuo Xiaoran's words and said helplessly, "yes, yes, yes. You are a good citizen, a perfect taxpayer."

"Of course." Zuo Xiaoran smiled smugly and glanced at the computer. She noticed that Xia Jinqi was reading the news about the suspension of the Yan Corporation's shares. She took the opportunity to complain a little "speaking of which, I bought a lot of the Yan Corporation's shares. Now they are all in my hands."

A person like Zuo Xiaoran who was omnipotent in all aspects was involved in moral, intellectual, physical, and aesthetic work. How could she ignore the shares?

Back in the day, she even panned for gold... ..

Later, when the price of gold rose, she earned quite a bit of a difference in price. But later, she lost almost all of her money when she bought stocks.

At first, she wanted to cut off her hand if she wanted to buy more stocks, but who knew that Xiao Qi would marry Yan Jun again?

Uh-huh How could she not support the stocks of her best friend's husband's company?

Of course, she was buying!

In the end... ..

The stock was suspended before it even rose.

That's true... .. A little unlucky ...

Xia Jinqi was also stunned for a moment. She turned her eyes to look at Zuo Xiaoran in astonishment.

Zuo Xiaoran was flustered by her stare. She thought that she was angry because of what she had just said, so she quickly explained "Don't misunderstand. I don't blame you. I'm just saying... after all, when you buy stocks, you're willing to do it! Moreover, a suspension may not necessarily be a bad thing. Maybe it's a good thing!"

In fact, she was just complaining a little. She really didn't mean to blame anyone.

However, Xia Jinqi didn't care about these things at all.

She stared at Zuo Xiaoran and asked again, "what is a good thing?"

"Well, for example, if the group acquires another company and wants to restructure, or if there are big changes among the shareholders, and it involves stock reform or something, these are the pros and cons," Zuo Xiaoran mumbled. After all, she had studied stocks for a period of time She still had some understanding of these things.

"Then, is there any downside?" Xia Jinqi continued to ask.

"The downside... if the suspension of trading is because the Yan Corporation is suspected of major violations or something like that, it would be a profit margin. At that time, the shareholders would lose

everything, and I'm afraid they would all go to the Yan Corporation's building to commit hara-kiri." The latter part of the sentence was a little too much. But it was also quite a good image.

If it was Li Kong, many people would go bankrupt, and committing hara-kiri suicide was considered a light punishment.

When Xia Jinqi heard the words "suspected of a violation of the rules", she instantly became nervous again.

She heard from her cousin that the reason why the Yan Corporation was suspended was because of Lu Yiming behind the scenes.

If he wanted to frame the Yan Corporation for any crime, it would simply be too easy.

"..."

She recommended her good friend's new book to search for [Gu Ximo] or [hidden wife: First Husband, deeply in love!], a submarine couple who claimed to only drive a boat but not a car

Chapter 1020: What if was discovered?

If he continued like this, there would be a day when the Yan Corporation would collapse... ..

"No, I have to go see Yan Jun. ." Xia Jinqi's brows were tightly furrowed. She suddenly felt that time was of the essence. Missing a second could change the situation.

Zuo Xiaoran hurriedly stopped Xia Jinqi. "Don't be anxious. It's already so late. How are you going to go? Besides, didn't you say that Lu Yiming is definitely spying on Yan Jun? If you go like this, what if you are discovered?"

Hearing this, Xia Jinqi's movements paused again.

Even though she was already mentally prepared to be discovered on the way back... ..

But if she was ambushed by Lu Yiming before she could even see Yan Jun on her shoulder, wouldn't she be sending herself to her death? *nOve(l&/In*

She didn't want such a stupid thing to happen to herself.

But if she didn't go to the Yan family to look for him, where else could she go?

After pondering for a moment, Xia Jinqi suddenly thought of the auction that Bai ran mentioned earlier... ..

She suddenly came back to her senses and immediately asked Zuo Xiaoran, "Xiaoran, did Shao'an tell you that there's a world-famous auction in Rao city these two days?"

"Auction?" Zuo Xiaoran recalled for a moment and nodded in a daze. "I think so... I heard that there's going to be an auction of something very precious. People with money and status from all countries and provinces will come."

“Is that so... that’s great.” Xia Jinqi smiled slyly. She already had an idea in her heart ...

Since people with money and status would go, even if she were to mingle with them, it should be very difficult for others to notice, right?

Yan Jun would definitely go to the world-famous auction.

At that time, she would find an opportunity to get close to Yan Jun. wouldn’t that be logical?

Zuo Xiaoran looked at Xia Jinqi for a moment. After a long while, she realized her intention. “So, you want to go to that auction?”

“Yes.” Xia Jinqi nodded. She felt that this was a pretty good idea. “when the time comes, just sneak in quietly.”

“But I heard Shao an say that anyone who goes in must have a name card. Without a name card, even if the president goes, he won’t be allowed to enter,” Zuo Xiaoran said hesitantly.

“So strict?” Xia Jinqi raised her eyebrows. “What kind of auction is this?”

“I don’t know either. I just heard that the person who organized the auction is very mysterious and has a lot of supernatural powers. People from all walks of life came to Rao city for his name.” Zuo Xiaoran shrugged and only said a little.

Moreover, she had occasionally heard Fang Shaoan mention these superficial things.

She was not interested in the auction, especially since she was short of money... ..

With one look, one could tell that this kind of high-end auction was prepared for the rich and powerful.

Ordinary people wouldn’t even hear about it, let alone go in.

“No wonder when I came back, when I just entered the territory of Rao city, I found a reconnaissance plane flying along the way. So it wasn’t just against me,” Xia Jinqi said thoughtfully.

The timing of this auction was really sensitive. It was neither early nor late, but it just happened to be at such a time of turmoil.

Was it purely a coincidence, or was someone deliberately arranging it?

Zuo Xiaoran didn’t quite understand what Xia Jinqi was saying. She only remembered that she had said that she wanted to go to the auction. She thought for a moment and asked, “Xiao Qi, why don’t I get Shao’an to give you the name card? You can go.”

“No. Everyone here knows Fang Shaoan. Won’t I be exposed if I go?” Xia Jinqi shook her head decisively.

“Then what should we do? They won’t let you in without the name card.” Zuo Xiaoran spread her hands. She couldn’t think of a better way.
