

## Trick Me 1021

### Chapter 1021:

Both of them fell into silence at the same time.

This was really a difficult problem... ..

After pondering for a long time, Xia Jinqi suddenly thought of Bai ran. Her eyes lit up instantly and she said excitedly, "right, she must have a name card too! I'll ask her if she has a way to let me in!"

As she said that, she stood up, took her phone, and walked out.

Zuo Xiaoran tilted her head to look at Xia Jinqi. She didn't understand who she was talking about, so she stuffed a mouthful of potato chips into her mouth and continued to flip through the news on the computer page.

"Who is it? Why is it so resourceful?" Zuo Xiaoran casually asked as she started scrolling through Weibo.

After some thought, Xia Jinqi was prepared to keep her in suspense and create a sense of mystery.

"HMM... the descendant of the gambling Saint!"

She originally wanted to tease Zuo Xiaoran, but after Xia Jinqi said this, she was suddenly stunned.

The descendant of the gambling saint had a famous card.

Then, as the leader of Lego, could she not have one?

Speaking of which, Lego could be considered a well-known group... ..

Thinking of this, Xia Jinqi did not go look for Bai ran. Instead, she gave Ling Yue a call.

Just as Xia Jinqi left, Zuo Xiaoran happened to read a report about the successor of the gambling saint. The mysterious girl had appeared in Macau a few days ago!

EMMMMMMM... ..

"Wow! There really is a successor of the gambling Saint! And so young and beautiful! Oh my God! I thought it was a fat uncle in his forties or fifties who had lost all his hair and had a big belly!"

Zuo Xiaoran was immediately filled with admiration. She almost licked the screen!

However, Xia Jinqi did not hear these words. She had already called Ling Yue's phone.

"Miss? You're back?" When Ling Yue picked up the phone, she was completely dumbfounded.

This morning, she had just heard that the miss had been extremely influential at the banquet yesterday. It was as if she had ruthlessly taught those men a lesson. She was in the limelight!

Why did she come back to Rao city in the blink of an eye?

"En. Have there been any auction posts recently?" Xia Jinqi did not beat around the bush and asked straightforwardly.

"posts? There have been a lot of posts recently... please wait, I'll look for them."

“Okay.” Xia Jinqi frowned. She didn’t rush Ling Yue but waited patiently.

In less than a minute, Ling Yue’s voice reached her ears again with a hint of surprise. “I found it! huayu auction house! You can enter at six o’clock tomorrow afternoon with your family!”

Hearing this, Xia Jinqi finally let out a sigh of relief. “Ling Yue, come to me with your name card tomorrow.”

“Okay! Do you need to bring someone, Miss?” Ling Yue nodded. Since miss was back, she would definitely follow her.

“...” Xia Jinqi wanted to say no, but when she thought of her grandfather’s instructions before she left, she said, “bring as many as you have.”

Nothing was more important than her life.

Moreover, she was not alone anymore.

She still had her grandfather, two children, and Yan Jun... .. nøVe-Lb/In

After giving Ling Yue instructions, Xia Jinqi let out a sigh of relief. She walked back to Zuo Xiaoran and sat down. “Done!”

Zuo Xiaoran’s attention was completely not on the auction. She was staring at the report about Bai ran on the Internet and drooling... ..

“What are you looking at?” Xia Jinqi asked curiously and followed Zuo Xiaoran’s line of sight.

On the screen, Bai ran, who was wearing a long dress with exposed shoulders, was walking down from the luxury yacht with a handsome man on her arm.

The caption beside her read: The descendant of the gambling saint and her husband are visiting Macau together!

**Chapter 1022: this king will grant you a dragon bed tonight. You can lie down anywhere you want!**

Before she could read the small words on the side, she heard Zuo Xiaoran exclaim, “it’s fine if he’s the descendant of the gambling saint, but he’s actually so beautiful and gentle! Xiao Qi, look at her husband. Is he super handsome? He’s Quan Rui, the CEO of the Quan Corporation!”

Xia Jinqi nodded in agreement and gossiped, “they even have a three-and-a-half-year-old son! He’s so cute!”

“Ah? A son already? But he still looks so young! HIS FIGURE IS AMAZING!” Zuo Xiaoran continued to exclaim. Suddenly, she realized something. She pulled Xia Jinqi and asked, “Do you know them?”

“MORE OR LESS!” Xia Jinqi nodded with a smile.

Anyway, she knew Bai ran. In the future, she might also know her husband, Quan Rui.

“Then can you help me get an autograph? ! The descendant of the gambling Saint! It sounds so cool and awesome!”

Xia Jinqi, “...”

“Xiao Qi, you’re the best. Help me get an autograph!”

“Okay, I’ll give it to you!” Xia Jinqi could not beat her.

“I am! Xiao Qi is the best! This king will give you a dragon bed tonight. Lie Anywhere you like!” Zuo Xiaoran rolled onto the bed happily and danced around.

Xia Jinqi looked at her helplessly and shook her head as she lay on the bed. “King, your dragon bed is a little small...”

“A 1.5 meter wide bed, that’s about it! Are you used to sleeping on a big bed? You have to experience the suffering of the human world!” Zuo Xiaoran snorted She pulled the blanket over the two of them and hugged Xia Jinqi like an octopus, rubbing against her like a kitten.

After the commotion, Zuo Xiaoran closed her eyes and muttered very seriously, “Xiao Qi, don’t leave next time. You haven’t been here for so long, I’m bored to death.”

She didn’t have many friends, so she could play with Wen Jing and Xia Jinqi.

Ever since Wen Jing founded the company, she rarely went out to play. Xia Jinqi disappeared again, and she couldn’t find anyone to go shopping with.

Xia Jinqi knew that she was worried about her, so she nodded with a smile. “Okay, I won’t leave.”

“That’s more like it!” Zuo Xiaoran snorted and continued to hug her arm, unwilling to let go.

Not long after, Zuo Xiaoran began to snore and fall asleep.

However, Xia Jinqi couldn’t fall asleep. She could only stare at the ceiling in a daze.

Actually, the moment she returned, she had wanted to see Yan Jun... .. To see what he was doing, whether he had lost weight, was hungry, or tired ...

However, this matter that appeared out of thin air had forcefully separated the two of them.

They were originally husband and wife. It was only right and proper for them to meet, but now, they could only find an opportunity to approach him carefully.

They really hoped that this storm would end quickly... ..

They really hoped that the four of them could be reunited as soon as possible. n-/Ove**l**In

..

The night was dark and windy.

A group of people carried a huge sack and quickly rushed into a hotel.

Huayu auction house had already booked the largest hotel in Rao city, the Royal Luxury Hotel under the Fan Corporation, a few days ago.

The auction house had always been the best in terms of confidentiality and security.

But even so, someone still thought of a way to sneak into the room where the auction house would be auctioning the most important item tomorrow.

There was only a huge iron cage in the room.

Inside the cage, a woman wearing a red gauze dress was lying on the ground.

The woman's entire body was snow-white. There was not a single mark on her body. Her black hair cascaded down like a waterfall, covering half of her face.

Her snow-white skin and long black hair complemented each other. Coupled with the contrast of her Red Gauze Dress, she was extremely beautiful. Just a glance at her would make one's blood boil!

### **Chapter 1023: men Heh, she had seen it all before**

The men present exchanged glances and hurriedly averted their gazes, not daring to look at the woman again.

She was truly a monster that could bring disaster to the country. No wonder she became the grand finale of the huayu auction house!

After sighing, one of the men put down the sack on his shoulder. After untying the sack, he dragged the woman out.

The woman in the sack was also wearing a red dress. Her skin was fair and her hair was long and black. However, her charm was much less than that of the woman in the cage.

The other people worked together to open the cage and pulled the woman out to put her in the sack.

After cleverly stealing the Dragon and Phoenix, the few of them quietly disappeared into the night.

Only the poor woman who was still unconscious and had no idea that she had been locked in the cage was left. n-/Ove**l**In

Half an hour later, the group went to an apartment building.

Behind the man who stood in front of the glass window with his hands behind his back, three men in black knelt down.

"Mr. Lu, we have already sent the woman in according to your instructions."

As soon as he finished speaking, the man standing in front of the glass window turned around.

That fair and handsome face and black eyes that were like stagnant water were none other than Lu Yiming.

He glanced at the sack on the ground. Before he could ask, the person kneeling below had already opened the sack. "Mr. Lu, this is the finale of the huayu auction house."

As soon as the sack landed, the woman's seductive and peerless beauty was immediately revealed.

Even Lu Yiming's expression was shocked when he saw it... ..

The three men in black looked at each other. They were all men, so they naturally knew what Mr. Lu's expression meant.

The three of them immediately stood up and left. Before they left, they did not forget to close the door for the boss.

After they left, someone would naturally give them money.

After they left, Lu Yiming stood still for two seconds before he took two steps forward. Then, he squatted down and looked at the beautiful woman up close.

In just a moment, the woman rolled her eyes and slowly woke up.

The moment she opened her eyes, she did not look at where she was first. Instead, she met Lu Yiming's gaze.

A man?

Heh.

She had seen it many times.

And all the men in the world looked at her the same way as the man in front of her.

Stunning, ecstatic, and uncontrollable... .. Desire !!

Noticing the sneer on her lips, Lu Yiming stretched out his finger and lifted the woman's Sharp and Thin Chin. He moved closer to her. "Aren't you afraid of me?"

"Why should I be afraid?" The woman continued to smile, but there was no fear in her eyes.

She even boldly moved closer and took the initiative to put herself into Lu Yiming's arms. Her lips were only two inches away from him.

She exhaled like a orchid and caressed his face. "Didn't you snatch me here just to take me?"

Lu Yiming raised his eyebrows. This woman was quite sensible.

However, he didn't want to snatch her from the beginning. He just wanted to send another woman in and coincidentally bring her out.

It was clear that her throwing herself into his arms had stirred up some of his emotions.

"Are you willing?" He asked in a deep voice as he wrapped his large palm around her waist.

“Of course I’m willing.” The woman’s figure was agile like a soft snake. She suddenly jumped into his arms and wrapped her arms around his neck. Her ice-cold red lips bit his earlobe. “If mister is happy, then let me go. How about it?”

Lu Yiming sneered and raised his eyebrows. “That won’t do. I’m afraid that a beauty like you will be imprisoned by my side for the rest of my life. Enjoy yourself.”

#### **Chapter 1024: Use more strength, baby**

As expected, the moment he said this, the woman in his arms trembled heavily.

His smile became even more brilliant and bloodthirsty. “Such a good skin is destined to exist to please men.”

These words seemed to have provoked the woman. She gritted her teeth and pulled out a steel needle from somewhere. It was ten centimeters long and pressed against Lu Yiming’s neck!

“Let me go!” The woman shouted in a low voice. The hand holding the steel needle was extremely Pale. The needle was pointing at Lu Yiming’s carotid artery!

As long as the needle was pierced, the main artery would be punctured. At that time, the huge pressure would cause blood to spurt out!

Not long after, when the blood loss reached 2,500 milliliters, Lu Yiming’s heart would stop beating at the same time.

Facing such a death threat, Lu Yiming was still calm. Let alone the fact that his heart was beating faster, he did not even make a sound.

“What a FEMME fatale.” He laughed in a low voice, as if he did not care about everything that the woman did.

The woman was stunned. She did not expect that he was not afraid at all?

“I told you to let me go!” She shouted. She used more strength to hold the steel needle, and the sharp end pierced into the skin on Lu Yiming’s neck.

The pain spread from his neck to every cell in Lu Yiming’s body!

He was in so much pain that the blue veins on his forehead popped out, but he was not afraid at all!

He suddenly laughed, as if he enjoyed the pain!

“harder, baby, harder... one more inch, one more inch before I can touch the artery...” he was even teaching her and urging her to hurry up !!

The woman was shocked... .. She had never thought of killing him, she just wanted to force him to let her go !!

But who would have thought that this man was so perverted?

Not only was he not afraid of death, he actually enjoyed it?

Lu Yiming waited for a long time, but the woman did not make a move. He was starting to get impatient. He directly grabbed the woman's hand and pushed the steel needle into his neck!

At that moment, a great pleasure swept through his soul!

It was painful with the smell of death, his favorite smell! n-σ)(v-e)-I(.b--l(-n

What a great feeling... ... It was too exciting ! !

The woman was really scared. She didn't dare to continue. She even used all her strength to pull out the needle to fight against the strength of Lu Yiming's hand. "YOU'RE CRAZY! You'll really die! "

She roared and pulled out the needle with force.

At this time, her hand was already stained with his blood... ...

And Lu Yiming's neck was already bright red... ...

He reached out to touch the blood on his neck, then brought it to his mouth and gently touched it with the tip of his tongue. With that one touch, his eyes instantly turned scarlet red!

"Why didn't you make a move? Don't you dare? " He glared at the woman on the ground, his teeth almost crushed by his teeth!

What a coward!

If it was Xia Jinqi, if it was her, she would definitely make a move without hesitation!

Unfortunately, it wasn't her, unfortunately, the woman in front of him wasn't her!

She ran away!

She ran away openly right under his nose!

How detestable! ! !

He had to catch her and torture her mercilessly!

The woman was scared out of her wits. She held the steel needle in her hand and pointed it straight at Lu Yiming. She shouted in fear, "Don't come over! Don't come over! "

However, Lu Yiming didn't care and continued forward. He wasn't afraid of death, and he wasn't afraid of dying in the hands of a woman!

**Chapter 1025: I've already given you a chance, woman.**

"I've already given you a chance, woman. " He sneered and directly pounced on the woman. The woman's face was deathly Pale. Her strong desire to survive prompted her to use more force. The steel needle was poked out just like that, directly poking into Lu Yiming's stomach.

Lu Yiming's movements paused. He lowered his head to look at the steel needle that suddenly appeared on his stomach.

The woman cried out in shock. After releasing the steel needle, she stepped back and accidentally fell onto the SOFA.

She was scared silly... ..

As for Lu Yiming, he didn't seem to feel any pain at all. He casually pulled out the needle and threw it to the side.

The needle was too thin and it was pulled out too quickly. Even if it pierced through the intestines or something, there wasn't much blood from the wound.

Under the woman's terrified gaze, Lu Yiming walked forward step by step until he pressed her under him.

"Get away! YOU BASTARD! Let me go!" The woman was still struggling!

However, Lu Yiming did not do anything to her between a man and a woman. Instead, he raised his hand and slapped her hard!

"B \* Tch!" He hit her hard and cursed her.

He was too strong. With one slap, the woman's face was tilted to the side. Her eyes were dizzy and she could see double. She could not say a word.

"Ah! ! You... Ah! "

Seeing her like this, Lu Yiming became more and more energetic. With a few more slaps, the woman's mouth was bleeding. Countless slaps quickly appeared on her fair face!

Before the woman fainted, she did not know if she was in pain or scared.

She had seen countless men.

Some coveted her beauty, some yearned for s & M, all sorts of things, but she had never seen such a terrifying man... ..

He kept hitting her for an unknown amount of time, cursing and swearing as he hit her.

Until she was knocked unconscious.

After that, she did not know anything else.

She only knew that this man was not a human at all. He was a devil that had walked out of Hell!

Terrifying, dark, and perverted to the point of suffocation!

The next day, the maid who was in charge of cleaning came in. Lu Yiming was long gone from the room. Only the poor woman lying on the bed with bruises all over her body and disheveled clothes... ..

"Ah!" The maid screamed. She was so frightened by the bloody scene in front of her that she threw the mop away and ran out of the door.

..

The Sky had completely brightened up.

Zuo Xiaoran and Xia Jinqi both slept quite late last night and couldn't get up in the morning.

It was a rare chance for them to sleep in. It was a long time for them to relax.

At nine o'clock, the two of them slowly got up.

Breakfast was also very simple. It was freshly ground soy milk with a sandwich.

Xia Jinqi had only eaten two mouthfuls when Zuo Xiaoran finished a large sandwich and went to the balcony to stretch.

"The weather is really good today... it's suitable for an outing!"

"It's suitable for a date, right?" Xia Jinqi found it funny.

No matter what would happen in the future, at least Zuo Xiaoran, who was now with Fang Shaoan, was in a much better mood and liked to smile a lot.

It was much better than the previous Zuo Xiaoran who was always gloomy and unwilling to say anything more. Her eyes would always turn red?

"Aiya, Xiao Qi, don't be like this. I..." Zuo Xiaoran did morning exercises while complaining that Xia Jinqi always made fun of her.

However, before she could finish her sentence, Zuo Xiaoran was completely stunned.

At first, she thought that she had seen wrongly. In the end, she rubbed her eyes and looked downstairs. Only then did she realize that she had not seen wrongly!

### **Chapter 1026: lay low...**

It was so dark... ... At least 200 people ? ?

All black suits, all white shirts... ...

It's... ... It's kind of like a gang meeting ? ?

Zuo Xiaoran swallowed hard throat, scared voice is distorted, "Xiao Qi... Xiao Qi you quickly come and see! My God! This is the legendary axe gang?"

Xia Jinqi had just finished her sandwich and had a sip of soy milk when she walked over. Hearing what she said, she even laughed at her. "Have you watched too many movies? Where did the axe gang come from?"

As she chatted and laughed, Xia Jinqi also lowered her head and looked downstairs.

It would have been fine if she hadn't looked, but when she did, she was completely dumbfounded.

There really were more than 200 people, all of them facing Xia Jinqi and Zuo Xiaoran's building.

At first, she was a little stunned, but soon, Xia Jinqi reacted.

These people... COULD THEY BE LEGO's people ? ?

Yesterday, she told Ling Yue to bring more people?

Just as this thought flashed through her mind, Ling Yue seemed to have seen a figure downstairs. She immediately took the lead and shouted, "Good Morning, chairman! "

Then, although the Group of people below did not see Xia Jinqi, they still shouted, "Good Morning, chairman! ! "

Two hundred strong men, with all their strength, roared. It was simply earth-shattering, shaking the rivers and mountains!

Xia Jinqi's entire body trembled from the thunder. She squatted down in a flash, not daring to look down again.

Zuo Xiaoran was also scared silly, but when she saw Xia Jinqi squatting down, she also hurriedly squatted down. "Xiao Qi, what's going on! Did we encounter some terrorists? ! "

Xia Jinqi, "... "

Before she could speak, the entire building's residents who had not gone to work or school had already poked their heads out of the windows.

To be honest, many people wanted to scold her back. The roar just now had almost deafened their ears, and the entire building felt like it was shaking!

However, when they poked their heads out, they found that the vast group of people below had all shut their mouths, not daring to say a word.

Everyone was guessing what exactly had happened?

Was it a military drill?

Looking at how orderly these people were standing, they were either soldiers or gangsters!

Zuo Xiaoran rolled her eyes. She was brave enough to quietly stand up, wanting to see what was going on downstairs.

However, the moment she moved, Xia Jinqi grabbed her clothes and pulled her down.

"Xiaoqi! Don't pull me, I want to..."

Before she could finish her sentence, Xia Jinqi's call was already connected.

She did not care about the consequences and lowered her voice to give a lecture. "Ling Yue, what are you doing? ! Why did you bring so many people? ! "

Ling Yue looked innocent on the other end of the phone. "Didn't you say that I should bring as many people as I can? Those who didn't show up today were with more than 200 people. By the time they come back at night, there will be more than 700 to 800 people! "

Xia Jinqi, "..."

It was her fault.

She thought it would only be 10 to 20 people at most. Who knew that Ling Yue would be so straightforward and bring over 200 people!

This wasn't the end. She still had to bring 700 to 800 people at night?

Oh my God, Oh my God, let her go... ..

Taking a deep breath, Xia Jinqi said in an extremely calm tone, "tell them to go back immediately. Only 10 of them will be waiting for me outside the residential area. Keep it quiet and keep a low profile..."

"Is 10 too little?" Ling Yue hesitated for a moment. She felt that 200 people was still too little.

### **Chapter 1027: Xiao Qi, you're really amazing!**

Who knew that Xia Jinqi only wanted ten?

That would be too unostentatious... ..

"believe me, there's quite a lot," Xia Jinqi replied through gritted teeth.

"Oh, alright then," Ling Yue agreed.

She turned around and instructed the men behind her, "the chairman said that only the ten best fighters are left. The rest can go back!"

There was still order among the two hundred plus people. They knew that those standing in the first row were the best fighters, so they looked at each other. Then, they faced the building where Xia Jinqi was and shouted, "Goodbye, Chairman! !"

The ground shook again... ..

Xia Jinqi hurriedly wiped the sweat off her forehead. She could not help but sigh in her heart.

Fortunately, the people downstairs left very quickly. In the blink of an eye, they had disappeared without a trace.

Ling Yue's voice came from the phone again. "Miss, I TOLD THEM TO LEAVE! I'll wait for you outside!"

"okay..." Xia Jinqi answered with a trembling voice. She hung up the phone while trembling.

She really wanted to know, wasn't this Ling Yue really sent by God to punish her?

She finally heaved a sigh of relief, but when she turned around, she was stared at by Zuo Xiaoran's sharp eyes.

"Tell me honestly! Did you go to some place and become a king recently, becoming a small landlord? Why do these people call you chairman?" Zuo Xiaoran had a surprised look on her face. When she looked at Xia Jinqi, she felt like she was looking at a God... ..

Xia Jinqi continued to wipe her sweat. She walked back to the living room, took a glass of water, and drank half of it in one go. Only then did she regain her senses.

“Chairman is the name used in Hong Kong and Macau. Actually, it’s nothing much. It’s just the company left behind by my biological mother. She must let me inherit it.” Xia Jinqi felt that her story was too long, and she didn’t know how long she would have to talk about it. She might as well simplify things and pick the important ones to talk about.

“Oh...” Zuo Xiaoran nodded as if she didn’t understand. Then, she stared at Xia Jinqi with great admiration. “I told you that you’re definitely not an ordinary person. Her biological mother is also a person with strength.” “Tell me, when Yan Jun came last time, he gave me a yard full of daisies. After that, he was scolded by the property management, so I donated them to the park. “This time, he brought over 200 gangsters. It’s simply too awesome.” “Xiao Qi, you’re really amazing!”

“...” Xia Jinqi’s eyes twitched. She thought that Zuo Xiaoran would be frightened by her. After all, she was a member of a gang.

After hesitating for a moment, Xia Jinqi decided to ask, “Xiao Ran, don’t you... feel that it’s very strange? Do you feel that I... Don’t seem like a normal person?”

“It’s a little abnormal.” Zuo Xiaoran nodded as if she was thinking. Then, she thought of herself. “If you were a normal person, how could the daughter of the chairman become good friends with a poor boss like me?”

Xia Jinqi was slightly stunned.

Zuo Xiaoran turned around and moved a pot of daisies next to the television over. She placed it on the coffee table in front of Xia Jinqi. “Yes, this is one of the many flowers that Yan Jun gave you last time. I donated the rest to the park in your name. I only have a few pots left at home to raise. I’m just waiting to be your gift to me.” “I’ve been raising it well. When you weren’t around, I told it whatever I had in my heart. There were a few days when it was almost listless!”

Xia Jinqi was originally quite sad and sad, but after Zuo Xiaoran’s vivid words, she couldn’t help but laugh out loud. “You have too many negative emotions, and you’ve infected it!”

### **Chapter 1028: As long as a person is alive, nothing else matters!**

“hehe... so, as long as a person is alive, nothing else matters!” Zuo Xiaoran smiled as she went over to hug Xia Jinqi’s arm. She really treated her like a sister. “You, don’t worry! I’m even more abnormal than you, so nothing about you matters!” n-/0velb1n

It turned out that Zuo Xiaoran was quite self-aware. She also knew that she was an abnormal person!

Xia Jinqi’s originally worried heart suddenly widened.

“thank you, Xiaoran.”

“Why are you thanking me? I wanted to thank you! It would be fun if we thanked each other like this. Didn’t you ask someone to wait for you at the door? HURRY UP AND PACK UP! I still want to go back to sleep...” as she said this, Zuo Xiaoran yawned and urged Xia Jinqi to go out.

She didn’t sleep well.

Xia Jinqi pushed her little head. “You’re still sleeping? Aren’t you going to work?”

“I quit my cousin’s job, and the professional team has also retired. I’m now a jobless vagrant... I just want to eat and sleep for a few days.” Zuo Xiaoran yawned and did not care about Xia Jinqi anymore. She took a few steps back to her room and fell asleep ! !

Xia Jinqi shook her head helplessly. She carefully closed the door for her before freshening up. She changed back into her men’s clothes and went downstairs.

When she reached the neighborhood, she saw a few cars parked by the side of the road.

A few men in black suits were either standing, leaning, or squatting by the car, chatting and smoking. From Afar, they looked like gangsters.

Xia Jinqi walked over in a few steps, glanced at them, and then turned back to look at the car. Ling Yue was playing with her phone with her head down.

She knocked on the car door behind her, and Ling Yue only looked up at Xia Jinqi when she heard the sound.

She didn’t even dare to recognize her at first glance... ..

When she was downstairs just now, she only glanced at her, not sure if it was Xia Jinqi, so she just called her that.

But now... ..

This handsome silver-haired youth in front of her was really unfamiliar!

But she had long learned from her colleagues in Macau that the chairman had silver hair.

At first, she thought that she was wearing a wig or something. After all, her eldest miss was good at disguising herself.

But now, it didn’t look like a wig at all... ..

Ling Yue’s heart stirred. She immediately opened the car door and got out. She looked at Xia Jinqi in surprise. “Chairman! Is that you? !”

Xia Jinqi nodded. She was a little surprised that Ling Yue didn’t call her eldest miss in public.

But that was also true. In the eyes of the people below, she was a real boy!

Ling Yue was excited and quickly waved behind her. “Hurry up and come over to greet the chairman!”

When they heard this, they all looked at Xia Jinqi at the same time.

Everyone was very surprised. After all, the previous few times they met the chairman, the chairman always wore a mask and hat. When they saw her lineup for the first time, all of them were stunned... ..

The rumors were true!

Their chairman was really a beautiful youth! ! !

Seeing that they hadn't spoken for a long time, Ling Yue frowned and coughed heavily to remind them.

Then, everyone came back to their senses. "Greetings, Chairman!"

Xia Jinqi waved her hand and didn't say much. She only got into the car with a cold expression.

The moment she put on her men's clothes, she quickly entered the role.

As the leader of Lego, she didn't forget the four self-confidence her grandfather had taught her.

Since she hadn't built up her self-confidence yet, she was still more suited to play the role of a facial paralysis, commonly known as a cold face.

The people below didn't know what you were really thinking, so they naturally didn't dare to rashly provoke their superiors.

#### **Chapter 1029: was quite fun**

After entering the Nanny van, Ling Yue asked, "chairman, is there something important for you to come back so suddenly?"

"Yes." Xia Jinqi nodded, but she didn't say what it was for. She only asked, "did you bring the name card?"

"I did." As Ling Yue said that, she took out the name card from her bag and handed it to Xia Jinqi.

Xia Jinqi took it and saw that on the blood-red back cover, Hua Yu's two large, gilded characters were dancing in the wind, looking quite elegant.

After opening it, a series of polite words were clearly written with the words 'Xia Xia', and it was clearly indicated that it belonged to the Lego group.

Seeing that Xia Jinqi had fallen into silence, Ling Yue had no choice but to ask, "chairman, are you really going? If you go, you'll be admitting to everyone that you're the leader of Lego. When that happens, it'll be difficult to hide your identity."

The past Lego leaders were all very mysterious existences.

It was just like how outsiders did not know that the previous leader of Lego was Ji Heng.

Now that Xia Jinqi wanted to appear in person, it was undoubtedly a risk.

As an assistant, Ling Yue felt that it was very necessary to remind the chairman.

How could the current Xia Jinqi care about that?

It was not that she did not understand the principle of self-preservation, but now that Yan Jun and Huo Ting were both in danger, how could she be alone.

If she could not protect herself with Xia Jitian's daughter, Xia Jinqi's identity, then she could only use the identity of Lego's leader, Xia Tian.

"Ling Yue, when you first saw me, could you recognize me as Xia Jinqi?" Xia Jinqi suddenly looked up from the name card and asked Ling Yue in return.

"This..." Ling Yue looked at Xia Jinqi a few more times. "I really couldn't recognize you. You've changed quite a lot, but I think you look a little familiar..."

With the addition of men's clothing and short hair, coupled with the change in voice, as well as the makeup technique, which was one of the four Great Evil Arts in Asia, it really had the effect of changing one's appearance. *novel* **(Lb)**1n

However, it was similar to a kind of camouflage technique. People with sharp eyes should be able to see through it.

"That's enough." Xia Jinqi smiled coldly and put away the name card. She then asked, "what's the background of this huayu Auction House?"

"I heard that it's a special auction house popular among the rich and powerful. In addition to auctioning jewelry, calligraphy, paintings, and antique houses, it also auctioned women and men," Ling Yue coughed lightly at the end of her sentence.

This kind of auction house was a little creepy.

"Men and women?" Xia Jinqi raised her eyebrows, showing some interest. "What kind of auction is it?"

"I'm not too sure about the details. ". There was no news about this auction house on the Internet... ... It seems to be spread by word of mouth ? But their auction requirements are very high, and the number of invitation cards they send out is very limited. They only invite the richest and most powerful people ? Probably to improve the overall quality of the auctioneers ? Their items are not cheap. Before sending out the invitation cards, they will secretly investigate the auctioneers to see if the invited auctioneers have the financial strength."

Not to mention that the rich people wanted to buy things from the auction house, but now it was the other way around.

The auction house never lacked customers, and their standards were quite high. They only looked for rich customers.

Therefore, the circle became smaller and smaller. It was so small that there weren't many people who knew about it, but those who knew about it were definitely high-quality goods.

"You're quite good at playing." Xia Jinqi smiled. She only felt that these things were new and wasn't interested.

**Chapter 1030: practice was the only criterion to test the truth**

After saying a few words, Ling Yue asked, "chairman, where are we going next?"

"Let's take a stroll. We'll rush to the Royal Hotel before 6." Xia Jinqi originally wanted to take a stroll around the military district, but after thinking about it, she decided against it.

"Okay, chairman." Ling Yue nodded and began to plan the route.

Xia Jinqi leaned against the car, frowning as she thought about every road they were going to take next.

Perhaps some people would think that her rushing back was an impulse and that she didn't have any plans at all.

But she knew in her heart that plans could not keep up with changes. It was not as important as taking one step at a time.

She thought about it a million times in her mind. It was better to put it into practice once.

After all, practice was the only criterion to test the truth.

??`?

At the YAN building.

Yan Jun still did not know that Xia Jinqi had returned.

He had cut off contact with Macau earlier, which meant that all the calls from Macau would not be in the service area.

He himself would not call Macau. In this way, even if Lu Yiming bugged his phone, he would not be able to trace it.

Everything was a double-edged sword. There were pros and cons.

Lu Yiming could not get any information about Xia Jinqi from him, and he could not get any information about Xia Jinqi either.

But no matter what, with the Ji family around, they would definitely protect Xia Jinqi and the children.

As long as he knew that she and the children were fine, he would be relieved.

In the afternoon, while flipping through the documents, Fang Shaoan and Zhuge Wentao came.

Fang Shaoan was still dressed in a pink shirt. He was extremely flirtatious. As soon as he entered, he made a familiar trip to Yan Jun's Guest Sofa. He asked Yan Jun like a local emperor, "Hey, are you going to the auction tonight?"

"No." Yan Jun didn't even raise his eyelids. n).Ov**ELB**In

"really not going? I heard that there's a rare beauty tonight!" Fang Shaoan deliberately teased Yan Jun. Thinking that his wife was not by his side, he didn't know how strong his willpower was and whether he could withstand the temptation.

Yan Jun raised his eyes and looked at him coldly. The small knife whizzed into Fang Shaoan's heart.

He was hurt and looked away. He tactfully turned to Zhuge Wentao and asked, "are you going, Bro?"

"I'm not going either. I have a child to take care of at home." Zhuge Wentao sounded relaxed. He threw his suit jacket on the SOFA and rubbed his temples after he sat down.

There had been a lot of things going on recently. Yan Jun had been busy, so he had been busy as well.

When Fang Shaoan heard Zhuge Wentao talking about that child, he stretched his neck out curiously, wanting to find out more "Wen Tao, don't blame me for not reminding you. Young girls nowadays like fresh meat. People like you are considered old in their eyes. How could rose like you? Don't let your enthusiasm go down the drain!"

When Fang Shaoan said this, he had reason and evidence.

A few years ago, it was fashionable to be an uncle and a hot guy.

Now, for some reason, fresh meat was popular.

Not to mention those little girls, even he couldn't help but exclaim when he saw those fresh meat.

Wen Tao had put all his attention on rose these years. It could be seen how important rose was in his heart.

Fang Shaoan was also a blind man. He just couldn't bring himself to bring it up. Wen Tao was so angry that his face turned green. "Mind Your own business! Look at how proud you are these days. You are like a wolf with a big tail!"

Ever since Yan Jun and Fang Shaoan imparted the ultimate skill of 'a man is not bad, but a woman does not love' to each other, Fang Shaoan had been living a blissful life.
