

Trick Me 1061

Chapter 1061: Don't leave again!

When they sat down in the restaurant, Xia Jinqi asked di Qu curiously, "Uncle Qu, how did you know that I was back? Did you see me last night? "

"No. " Di Qu shook his head and looked at Yan Jun. . He smiled and said, "young master never brings any women back, let alone entering his room. So, I knew with one guess that it must be Young Madam! "

He had watched young master grow up and knew young master's character very well.

Young Master loved Young Madam deeply, so he would never mess around with another woman.

Young Master and old master were completely different.

Cough, cough.

Di Qu's words were a double meaning. Not only did he explain the doubts in Xia Jinqi's heart, but he also secretly expressed young master's impatience. He was very clever.

Xia Jinqi smiled as expected. She gently poked Yan Jun with her small hand. "really? "

She asked this question to Tease Yan Jun. She knew that he would definitely not answer, and she might even be a little jealous of herself.

Who knew that he would actually nod his head in an abnormal manner and even make an 'mm' sound.

The appearance of a perfect baby... ..

This was really out of Xia Jinqi's expectations.

For a moment, she was a little stunned.

Yan Jun... .. seemed to be a little different from before ? ?

Or to put it another way, he was completely different from before he got married.

He had changed too much, so much so that she could not even count the number of changes... ..

Just then, the chef brought out the specialty dishes that he was most proud of. A few of them were Xia Jinqi's favorite dishes on a daily basis.

"Young Madam, welcome back! You have left. Our group is looking forward to your return every day! " The CHEF said excitedly.

The servants at the back also nodded. Everyone had smiles on their faces. "Yes, yes, Young Madam, it's great that you're back! "

"Young Madam, don't leave anymore! "

Xia Jinqi looked at the smiling faces and hopeful gazes in front of her one by one. Her heart was warm. "I also feel that it's great to be back. I miss all of you too. "

When the servants heard Xia Jinqi's words, they were touched again. A few of them, who were sensitive, secretly wiped their tears a few times.

Some of them had been in this line of work for many years. It was rare for them to meet a young madam like Xia Jinqi, who was rich, had status, and did not put on airs at all.

In fact, people's hearts were the same.

No matter how much warmth someone gave you, you would remember her kindness and want to give her more warmth.

Xia Jinqi was such a warm person. Wherever she went, she would be like a small sun, illuminating the people around her.

Di Qu looked at the originally happy matter. A few of them were crying. He was afraid that they would upset the young Madam, so he beckoned them to leave. "All of you can leave. Let the young Madam and young master have a good meal. "

"Yes, yes... " only then did the servants leave.

After they left, Xia Jinqi's eyes turned red. She was a little sad.

Yan Jun frowned and held her hand. "So many people respect you. You should be happy. Why are you crying? "

"I just... thought of some things in the Xia family. " Xia Jinqi sniffled. "The human heart is made of flesh. These people who are not related to me at all can treat me so well, but they... "

Some pain was buried deep in the bottom of her heart. She would never get better.

Occasionally, it would be dug out, and blood would drip out.

After the pain was over, it would form a scar and wait for the next time when blood would drip out.

" ... "

In this life, we would always intentionally or unintentionally hurt others.

The words We said and the things we did... ... could turn into sharp swords and stab others until they were dripping with blood "...".

These scars might grow in the hearts of others for the rest of their lives, and even after they died, they couldn't be cured completely.

So, no matter what you do, please remain kind.

Be kind to others, and be kind to yourself.

Su Zhishui.

Chapter 1062: you want to eat this vinegar too?

Yan Jun patted her hand. "Don't think about it. Let's eat. "

"En. " Xia Jinqi nodded and smiled. She looked at the table full of dishes. "The dishes at home are still the most fragrant..." "

Yan Jun also sized up the table of about twenty dishes. When he was alone, there were only about ten dishes.

Although sometimes his appetite wasn't good, he didn't want to eat it.

Boss Yan raised his eyebrows. He was a little jealous. "It seems that all the servants in this room like you."

He hadn't come back for ten days or half a month. Even if he didn't come back for a year or two, he hadn't seen these people welcome him so warmly... ..

Who was the one who paid them?

Xia Jinqi could hear the strong sour smell in his words. She couldn't help but laugh. "You want to eat this vinegar too?" "

"..."Yan Jun snorted and turned his head away.

Xia Jinqi smiled and picked up a piece of West Lake Vinegar Fish for him. "Here, it's your favorite!"

Yan Jun didn't like this kind of Sour Fish. Xia Jinqi said this just to annoy him.

Knowing this, he still ate it obediently and commented, "it's too sweet. "

"It can't be..." Xia Jinqi picked up a piece of it herself suspiciously. "Can vinegar fish be sweet?" "

As she mumbled, she took a bite. "It's really sweet!" "

Xia Jinqi swallowed it in silence and looked at the vinegar fish again. It was no different from usual. Did this chef treat sugar as vinegar today?

Di Qu watched from the side and could not help but say, "maybe the chef thought young Madam was back and felt too sweet in his heart, so..." "

Xia Jinqi did not know whether to laugh or cry when she heard that. She took another bite and nodded in satisfaction. "It's quite delicious!" "

Yan Jun,"..." noVe.IB-In

Such a sensible chef was rare these days!

Looking at the pure smile on Xia Jinqi's face, Yan Jun secretly curled his lips. It was time to give such a sensible chef a raise in salary!

After dinner, Xia Jinqi received a call from Ling Yue.

"Chairman, please come over! Wen Qing is awake, but... something seems to be wrong..." Ling Yue's voice was hesitant and somewhat hesitant ...

It was rare for her to be so indecisive, which made Xia Jinqi a little worried. "Okay, I'll be there in a while."

After hanging up the phone, Xia Jinqi told Yan Jun the whole story and then asked him, "do you want to go with me to take a look?"

Yan Jun frowned slightly. His deep gaze fell on her palm-sized face, and he was a little surprised.

At the auction last night, Xia Jinqi had paid tens of millions to take Wen Qing away from him. She probably didn't want him to have anything to do with Wen Qing.

He wasn't angry. On the contrary, he was very happy.

The reason why she did this was because she cared about him.

However, at this moment, she took the initiative to ask him to go over and take a look?

He was somewhat unable to understand her thoughts.

"Why are you looking at me like that?" Xia Jinqi felt goosebumps from his gaze. She reached out and touched her cheek. There weren't any rice grains on it!

"Are you sure you want me to go?" Yan Jun raised his eyebrows and asked again.

"I'm sure!" Xia Jinqi nodded blankly. Then, she reacted and smiled leisurely. "If you're determined to have an affair, it's useless even if I keep you in a cage."

In other words, if Yan Jun had other thoughts, she wouldn't be able to stop him.

So, it all depended on whether Yan Jun's heart was honest enough.

Yan Jun listened to her eccentric words and helplessly tapped the tip of her nose. "there will never be such a day."

Chapter 1063: actually took the initiative to hug her husband in front of her! ! !

In this world, there was no one who could replace her position in her heart.

"Let's go!" Xia Jinqi smiled and pulled him out of the door.

She was still wearing men's clothes. Outside this door, she was the leader of Lego, Xia Tian. Only in this villa was she Xia Jinqi.

When they went out, Xia Jinqi did not avoid suspicion. She sat in the same car as Yan Jun..

When they left, she saw a black Volkswagen parked at the corner of the street outside the courtyard.

There should be a person sitting inside, but it was too far away and she couldn't see it clearly. Xia Jinqi actually didn't take a closer look.

She didn't need to guess to know that it was definitely Lu Yiming's people.

He had always sent people to monitor Yan Jun, so he must have known that she stayed at the Yan family for a night.

But... .. Who cares ? ?

?`?`

When they arrived at Lego's headquarters, Ling Yue led Xia Jinqi and Yan Jun to see Wen Qing.

The light in the spacious room was very good.

Wen Qing had already been released from the iron cage, and she had changed her clothes to look more normal.

She bent her knees and sat in the bay window, her eyelids slightly drooping. It was unknown what she was looking at.

Ling Yue took the lead and walked over. She called out to her, "Miss Wen? The chairman is here to see you."

Only then did Wen Qing come back to her senses from her own world. She turned her eyes to look in Ling Yue's direction.

Then, it was Xia Jinqi who stood beside Ling Yue. noVe.IB-In

The Moment Xia Jinqi and her eyes met, she suddenly felt a sense of strangeness that she had Never Seen before.

She was a little curious, and when she wanted to take a closer look, Wen Qing had already moved her gaze away from her and landed on Yan Jun who was at the back.

Wen Qing's originally empty eyes suddenly lit up the moment she saw Yan Jun..

She rushed down from the bay window at an extremely fast speed and threw herself into Yan Jun's arms. She sobbed, "Yan Jun! You're finally here! I knew you would definitely come to save me..."

Yan Jun's body stiffened. He subconsciously looked towards Xia Jinqi, only to see that Xia Jinqi and Ling Yue were equally shocked.

He stretched out his hand to push Wen Qing away. Between his brows, he was already a little displeased. "What on Earth is going on?"

Wen Qing did not expect Yan Jun to not push her away. Her eyes instantly turned red and she could hear the unhappiness in Yan Jun's tone. She wanted to cry "Are you angry? I. . . I don't know what's going on. I came back to find you. Why was I sent to the auction? I. . . I don't know anything..."

She spoke pitifully and her eyes were full of tears. It was as if her tears would fall in the next second.

Xia Jinqi was a little confused. Wen Qing in front of her felt a little strange.

She had seen Wen Qing before, and it seemed like there was a big difference between her and Wen Qing now.

Especially when Wen Qing actually took the initiative to hug her husband in front of her! ! !

She was a little regretful. Should she not have asked Yan Jun to come over?

But no matter what, Wen Qing was his former classmate and good friend. It would be a little too much if he did not allow Yan Jun to see Wen Qing again just because he was married to her.

But she was not comfortable letting them meet!

So, ex-girlfriend, old classmate, all of these should be put to an end, just in case! ! !

Yan Jun seemed to have noticed that Wen Qing was a little different, so he frowned and asked her, “you came back to look for me? When? ”

“Just two days ago. I came back to look for you as soon as I graduated...” Wen Qing also looked at Yan Jun strangely. “Yan Jun, why do you see that I’m not happy at all? ”

Chapter 1064: please don’t leave, okay Stay and accompany me

Xia Jinqi’s heart skipped a beat. She turned around and looked at Yan Jun..

Sure enough, she saw that Yan Jun’s expression was also somewhat strange.

“You just graduated two days ago? ” Yan Jun sorted out the logic in her words and asked again, “how old are you now? ”

“twenty-two...” Wen Qing rubbed her head and blurted out.

After hearing Wen Qing’s words, Xia Jinqi also frowned in puzzlement.

She knew that Wen Qing was actually already twenty-six years old, but she said she was twenty-two. How could she have lost four years?

But when she looked closely, Wen Qing didn’t look like she was lying. Could it be... ..

She had lost her memory?

Xia Jinqi walked over and asked her with a frown, “do you know he’s already married? ”

When she asked, she pointed at Yan Jun again.

Sure enough, when Wen Qing heard this, her eyes widened and she shook her head in shock. “married? Impossible! He’s so young. He said he wanted to make a career before getting married...”

Yan Jun and Xia Jinqi looked at each other and felt that something was amiss.

No matter what, after Yan Jun got married, Wen Qing had come back to look for Yan Jun once.

She had even personally interviewed Xia Jinqi. Later on, her stomach disease had relapsed and she was admitted to the hospital... ..

Xia Jinqi still clearly remembered that she had brought a bouquet of flowers to the hospital to visit her.

Although these things had already happened last year, she didn't know if she had completely forgotten it so quickly, right?

"then have you recovered from your illness? Does your stomach still hurt?" Xia Jinqi asked Wen Qing again.

Who knew that this time, Wen Qing looked at Xia Jinqi as if she was looking at a monster. "My stomach is very good. It has never hurt before."

Xia Jinqi, "..."

If Wen Qing was not faking it, then there must be a problem with her memory.

After Xia Jinqi finished asking, Wen Qing carefully leaned over and hid behind Yan Jun. she asked timidly, "Jun, who is this person? Why did she say that I was sick?"

Yan Jun seemed to have seen through something. He let her sit down on the sofa and asked her, "who asked you to come back to the country to find me? When you got off the plane, did anyone pick you up? Where did you go after that?"

Listening to Yan Jun's series of questions, Wen Qing tried to recall carefully. But as she tried to recall, her head hurt very badly and her entire face began to twist.

"I... I came back to look for you. After getting off the plane... it seemed, it seemed that two men in black clothes came to pick me up... after that... I got into a seven-person car..." speaking up to this point.. Wen Qing's memory seemed to have been interrupted. It was very difficult for her to recall only some very blurry shadows.

Yan Jun did not miss these. Instead, he forced her to continue thinking. "What about after getting into the seven-person car? Is there anyone else in the car? Do you recognize anyone? Where did the car go?"

"The car... the car... Hiss, no, I can't remember..." the more Wen Qing thought about it, the more her head hurt, as if something was going to tear her apart.

Seeing her like this, Yan Jun's dark eyes darkened. He wanted to ask again, but was interrupted by Xia Jinqi.

"If she really can't remember, then don't force her." Xia Jinqi glanced at Wen Qing. Whether she was pretending or not, it was obvious that she couldn't remember or was unwilling to say. No matter how hard he tried to force her, it was useless. Moreover, it was very likely to have the opposite effect.

Thus, Yan Jun gave up. "have a good rest."

After saying this to Wen Qing, Yan Jun stood up and pretended to walk out.

However, Wen Qing suddenly came back to her senses at this moment. She grabbed Yan Jun's hand and begged bitterly, "Jun, don't go, okay? Stay with me..."

Chapter 1065: you... .. Are you really married ? ?

Wen Qing's tearful expression and Pale face made Xia Jinqi's heart break.

If it was a white lotus like Fan Yufei who was holding onto Yan Jun, Xia Jinqi would definitely go up and tear him apart.

But... ..

Wen Qing's current situation made even Xia Jinqi a little moved.

She frowned and looked at Yan Jun. "I'll wait for you outside. "

After saying that, she took the lead and walked out.

Ling Yue quickly followed. Before she left, she turned back to look at Wen Qing, deep in thought.

When she reached the door, Xia Jinqi had just taken a deep breath when Ling Yue asked, "chairman, are you just going to let them stay together like this? "

"Or what? " Xia Jinqi asked back.

"If it were up to me, you should have just pulled President Yan away! You wouldn't have given her a chance! " Ling Yue said very neatly.

Or, in the eyes of most people, Xia Jinqi's actions were the right thing to do. It was enough to relieve their anger.

Not to mention Ling Yue, even Xia Jinqi felt that it was very straightforward to do so.

However, she still let Yan Jun stay.

She didn't have any intention of pretending to be magnanimous. She just felt that it should be like this.

After all, Wen Qing had been put up for auction, and now her mind was a little muddled. In her opinion, she only knew Yan Jun here.

Moreover, Yan Jun wasn't such a heartless person. At least let him calm Wen Qing's emotions.

"But he's still his friend. " Xia Jinqi smiled, as if she was answering Ling Yue, but also speaking to herself.

Who could selfishly imprison another person's words and actions in the name of love?

Moreover, if Wen Qing was pretending just now, then only she and Yan Jun were present now. If she had anything to say, she would probably tell Yan Jun, right?

Ling Yue listened to Xia Jinqi's words. At first, she felt that she didn't understand, but after thinking about it, she felt that it was somewhat reasonable.

"Chairman, although you say so, if Wen Qing was really given a chance because of this, will you regret it in the future? "

"No. " Xia Jinqi shook her head. "I just did what I thought I should do. What can one Wen Qing do today? In the future, tens of thousands of Wen Qing will appear. "

Ling Yue nodded as if she didn't understand... ..

She was clearly a little older than Xia Jinqi, but sometimes, she felt that many of Xia Jinqi's words had a lot of logic.

No wonder she could become a leader!

"..."

In the room.

Yan Jun looked at Xia Jinqi's back as she left and frowned slightly.

He brushed Wen Qing's hand away and said calmly, "rest here in peace. I will ask Ben to come and accompany you."

"Ben?" Wen Qing repeated. She was confused again. "Isn't he in advanced studies? If he has time, he can come to Rao city."

"He will definitely come." Yan Jun patted her shoulder and turned to leave.

Wen Qing hurriedly stood up and called Yan Jun, "Jun, you... are you really married?"

She still remembered the question that the youth had asked her just now, which made her particularly concerned.

"Yes." Yan Jun did not turn his head. He only gave an answer and then left directly.

Wen Qing was left frozen on the spot, enjoying the solitude and serenity of the room.

"..."

The first thing Yan Jun did when he opened the door and walked out was to look for Xia Jinqi.

Finally, at the corner of the corridor, he found her leaning against the wall and looking at the scenery downstairs.

He walked over and asked her, "why did you go out first?"

Xia Jinqi heard him and turned around. Seeing that it was him, she said, "didn't I disturb you guys by staying inside?"

Chapter 1066: Stand by my side and don't back down

What she did just now was very rational. Waiting at the door was also very rational, but when she spoke, she couldn't help but feel a little sour.

Yan Jun knew her heart and held her hand. "No matter what happens in the future, stand by my side and don't back down."

His hand was held by him, and it was warm.

Hearing his words, her heart was also warm.

Xia Jinqi nodded with a smile, and then asked, "did she say anything to you?"

Yan Jun shook his head, his face somewhat gloomy.

Seeing him like this, Xia Jinqi roughly guessed it. "She really lost her memory?"

"Not just that. It should be some kind of memory disorder." Yan Jun couldn't say for sure, but from the logic of Wen Qing's words, there seemed to be some deviation.

However, it wasn't difficult to know what exactly was going on. "I'll contact Ben and ask him to come over. He should be very good at these things." $n-(o)/\mathcal{V}(-e(/l())b(-l)/n$

Hearing this, Xia Jinqi also thought of Ben, and her mood suddenly brightened. "Right, BEN SPECIALIZES IN THIS! When he comes, Wen Qing should be fine..."

Yan Jun looked down at the joy on her face and couldn't help but ask, "you don't hate her?"

"Why?" Xia Jinqi looked at him in confusion. "That's the person I spent more than 300 million to buy!"

Xia Jinqi's words were shocking, and Yan Jun was stunned... ..

This logic didn't seem to be able to find anything wrong with it?

When the two of them held hands and went downstairs, Xia Jinqi was still daydreaming. "Now that I think about it, my heart still hurts... do you think I can use some personal connections to make huayu auction house spit out all the money they took from me?"

Even though this bit of money was nothing to Lego.

But huayu auction house was too reckless. Three hundred million, they were really robbing people!

Xia Jinqi was just casually saying it. She didn't expect that Yan Jun would remember this sentence.

Humph, how dare they take his wife's dirty money? huayu auction house, just wait to be taught a lesson!

After leaving Lego, Xia Jinqi and Yan Jun separated.

He had to go to the company to do something, and she was worried about Huo Ting, so she decided to secretly go see huoting.

She heard that Huo Ting had been transferred from the military district to his home, and the higher-ups had asked him to reflect on his mistakes at home.

She didn't know what mistake he had made... ..

When she heard others talk about Huo Ting before, Xia Jinqi had always thought that he might have been having a rough time recently.

After all, he was the most trusted man in the military district. When he was managing the Military District, he was in charge of such a big place.

She felt like a king in a small country.

But later, she was suppressed by the higher-ups, seized power, and put under house arrest. Now, she even rushed home from the Military District.

How big a blow would this be for an ambitious man... ..

Just thinking about it made Xia Jinqi feel sad for Huo Ting.

Therefore, she bought a lot of Huo Ting's favorite food and sneaked into the huo family's courtyard, ready to comfort the disappointed lonely soldier.

In the end... ..

As soon as she walked into the huo family's courtyard, she saw huo ting lying swaggeringly on grandfather huo's favorite armchair, eating sunflower seeds and drinking tea in the sun, and humming a tune... ..

Well!

How could a person be disappointed He was completely enjoying life. It was very comfortable!

Xia Jinqi rubbed her temples helplessly. She walked over and slapped the condolence gifts on the table for Huo Ting. She didn't say anything and just stared at Huo Ting.

Huo Ting was shocked... ..

He was lying here, imitating the old man's old ways, looking for a feeling!

Chapter 1067: I know you no matter what you look like

I was interrupted by this kid who suddenly appeared!

"You! " Just as she was about to scold him, she saw the kid's sharp eyes. Looking at his outfit again, his hand trembled, and a handful of melon seeds spilled on the ground. "Girl? "

"Didn't you say that you were about to be fired? ! " Xia Jinqi questioned him in a bad mood. Looking at his sloppy appearance, he looked like he had given up on himself... ..

Just as she was about to give him a good lecture, Huo Ting rushed over and pulled her into his arms!

"Girl, it's really you... "

Xia Jinqi swallowed the words that were about to come out of her mouth because of his slightly choked voice.

She unconsciously softened her voice. "It's me. I'm back. "

Huo Ting didn't hug her for too long. He only gave her a symbolic hug before quickly letting go.

He lowered his head to look at her eyes. "Why are you suddenly back? It's not over yet. This is the time... "

Halfway through his words, Huo Ting suddenly thought of something and smiled bitterly. "For Yan Jun? "

Xia Jinqi did not deny it. She just smiled and asked him again, "don't mind me. I heard that you were put under house arrest? Are you okay? "

Although the topic had been changed, Xia Jinqi's reaction was equivalent to acquiescence to Huo Ting's question.

He felt a little bitter in his heart, but he seemed to be used to it. He sat back on the armchair and took a sip of his tea. He smiled and said, "do you think I look like I have something to do?" novel88.In

"I don't think so." Xia Jinqi shook her head very straightforwardly and pointed at the gifts on the table.

"I brought you some consolation gifts! They are all your favorite food. It's not bad to eat them as tea and snacks when you have nothing to do!"

Huo Ting looked at the food and frowned again. "Girl, you really shouldn't have come back at this time."

"If I didn't come back, who would have brought you food?" Xia Jinqi smiled and changed the topic. She thought of something and asked him in surprise, "Eh? That's not right. How did you recognize me at a glance?"

She was wearing men's clothes now. She remembered that Xiao ran did not recognize her when she first saw her. She only realized it when she heard her voice later.

Fang Shaoan was even more unbelievable. She was standing in front of him in women's clothes. He could not believe it.

How did Huo Ting recognize her at a glance?

Upon hearing that, Huo Ting looked Xia Jinqi up and down again and said half-jokingly and half-seriously, "I know you no matter what you look like."

Xia Jinqi didn't understand the deeper meaning in his words and only muttered, "you must know that so many people at the auction yesterday were fooled by me, but none of them recognized me!"

Xia Jinqi didn't think too much about it and didn't notice it at all.

In this world, besides Yan Jun, there was another person who could recognize her immediately.

Such a relationship was not something that could be achieved in a day or two.

However, Huo Ting never said it. Even if he did, it would be in the midst of laughter and Banter, making it impossible to tell if it was true or not.

Or perhaps, Xia Jinqi was used to treating him as her big brother, so she did not think about all of this at all.

Huo Ting did not say anything more. He just went along with her question and asked, "you went to the auction? Was Lu Yiming there?"

"He was there. He was sitting next to me." Xia Jinqi thought of what happened last night and could not help but laugh. "That fool even said he was smart. I was sitting next to him and he did not even recognize me!"

She felt like she could brag about this for a year!

Chapter 1068: I didn't go near him

Who knew that not only did huo ting not smile, but he looked at her seriously. "You went near him? Girl, don't go near him! He's not as simple as you think! "

" ... " Xia Jinqi was frightened by his gaze. "I didn't go near him... didn't I just say it to make you laugh because you're in a bad mood? Why are you suddenly so serious... " n)/OveL31n

Of course, she knew that Lu Yiming was not simple, and he was definitely not a fool.

It was just a joke.

How could such a bad person who could select the president be a fool?

Upon hearing Xia Jinqi's words, Huo Ting finally heaved a sigh of relief.

He was really afraid that Xia Jinqi would not be afraid of a tiger when she was a newborn calf. When the time came, he did not know what the consequences would be if he provoked Lu Yiming.

"I'm sorry, I was too excited just now. " Huo Ting touched the back of his head with lingering fear. He sat back on the Armchair and began to rummage through the food that Xia Jinqi had brought.

Indeed, they were all his favorites.

Huo Ting casually took out a piece of preserved fruit. As he ate, he relaxed his emotions.

Xia Jinqi was curious when she saw him like this. "Is he really that scary? Erhuo, why do I feel like all of you are afraid of him? Why is that? "

It had been a long time. Ever since she found out about the existence of Lu Yiming, people had been telling her that Lu Yiming was very scary and was not a simple person. She must not go near him or be targeted by him.

She did feel that Lu Yiming was a pervert sometimes, but she did not know anything about Lu Yiming.

Huo Ting looked up at Xia Jinqi's curious face and let out a long sigh. "Are you sure you want to hear it? "

"Yes. " Xia Jinqi nodded and very seriously moved a small stool to sit in front of Huo Ting, waiting to listen attentively.

Huo Ting was silent for a moment. He thought that Yan Jun didn't tell Xia Jinqi about this because he was afraid that she wouldn't leave Rao city after hearing it.

However, since she was already back and she looked like she wasn't afraid of anything, if she didn't tell her, she might turn around and investigate Lu Yiming herself.

Rather than that, it was better for him to tell her now.

"His matters in the discipline inspection commission have all been sealed up. At our level, we don't know either. "But I think that he has already reached the position he is in today. Those bad things from before should have been destroyed by him long ago, " Huo Ting smiled faintly.

Since ancient times, which family's emperor ascended the throne and didn't destroy his evidence first so that future generations would only remember his merits?

It was understandable that Lu Yiming would do this.

Xia Jinqi listened quietly. "What happened after that?"

"after that?" Huo Ting sneered. He was not in a hurry to explain anything. Instead, he snapped his fingers and the three Li brothers walked out from behind him. "Li Jie, tell the girl about the two of you."

When Xia Jinqi saw this, she was already beginning to have some doubts.

Huo Ting taking in the three Li brothers was already enough to surprise her. How did these people still know about Lu Yiming?

Li Jie stood behind Huo Ting and looked at the youth in front of Huo Ting. Without thinking much, he told Xia Jinqi exactly what he had told Huo Ting.

A tough guy like Li Jie would pause a few times when he talked about his past.

Although he tried his best to keep his voice steady, people could still hear the fluctuations of his emotions.

Xia Jinqi listened to Li Jie's narration in astonishment and pain. Her expression was slightly stiff, and she didn't know what to say for a long time.

Chapter 1069: heroes don't ask where they came from

Heroes don't ask where they came from. She had never been curious about Li Jie and the others before. Now that she heard it, she felt emotional.

When she first saw Li Jie, she was shocked by the deep hostility in his eyes. She felt that he seemed to have crawled out from a pile of thousands of dead people.

She didn't expect the prophecy to come true. He had really grown up stepping on a pile of bones.

Seeing Xia Jinqi's silence, Huo Ting asked her, "do you really want to know who was the person who organized this operation back then?"

"Who?" Xia Jinqi blurted out. She also wanted to know who the person who did such a perverted thing was!

However, after she asked, Huo Ting didn't answer quickly. A person suddenly popped up in her mind... ..

She and Huo Ting were obviously talking about Lu Yiming. The topic somehow shifted to the three Li brothers. Could it be... ..

"It's Lu Yiming?" Xia Jinqi's eyes widened in surprise. Seeing that Huo Ting didn't deny it, she hurriedly looked at Li Jie. "Didn't you say that the person who organized that operation has been executed on the spot?"

Unexpectedly, Li Jie answered, “he’s just a puppet. The real manipulator has always been hiding behind the scenes.”

” ... ” Xia Jinqi’s eyes kept shaking. With difficulty and surprise, she asked again, “the real manipulator is actually Lu Yiming?”

This time, the three Li brothers didn’t answer. Instead, they fixed their eyes on Xia Jinqi.

From their eyes, Xia Jinqi could see that their answer was affirmative.

This was undoubtedly a bolt from the blue for Xia Jinqi. ~~none)~~ In

“Why did he do this?”

“To train men of sacrifice and work for him,” Huo Ting said coldly.

Just by looking at Li Jie, one could tell that the person who survived in the end was definitely not an ordinary person!

As Xia Jinqi listened, she suddenly felt that her faith was a little shattered.

She smiled sheepishly and looked at Huo Ting again. “Erhuo, you’re telling me that none of this is true, right? Such a terrifying devil who treats human lives like grass actually has the qualifications to run for President? And there are so many supporters? What’s wrong with this world?”

She didn’t understand, she really didn’t understand... ..

Huo Ting understood her mentality. After all, in the hearts of most people, the president of a country was also a kind of faith, a kind of role model. He must be open and aboveboard, benevolent and kind.

However, reality was often more cruel.

“Girl, when Lu Yiming succeeds in becoming President, he will eradicate us, and his trust will praise his merits. The people will not know anything, they will only think that he is an upright and good president, deeply loved by the people.” Huo Ting’s tone was full of sarcasm and ridicule. Wasn’t this how history was changed?

“Qin Shi Huang destroyed six countries and unified the world, burning books and killing scholars. Xiang Yu killed 200,000 QIN soldiers in one night. Cao Cao killed over 70,000 Yuan Shao soldiers during the Battle of Guan Du. Li Shimin killed his brother and forced his father during the Xuanwu sect incident. Which one of them was clean? But they were all successful people, history was only written for the successful people. Most of the later generations only remember that they were incomparably brave, invincible, and contributed to the later generations.”

Huo Ting’s example was a bit excessive, but it was indeed the truth.

Xia Jinqi didn’t want to believe it at first, but after hearing Huo Ting’s words, she suddenly thought of her father.

He was also... ..

In that case, no one was perfect. Everyone had greed, but Lu Yiming was even more brutal and cruel.

Chapter 1070: investigating his dirt

Huo Ting saw that Xia Jinqi had become silent. She had not said a word for a long time, and her expression was extremely Pale.

He suddenly felt a little regretful. Weren't these words a little too heavy for the girl?

"Girl..." he called out to her worriedly.

If he could, he really hoped that she would always be as pure and innocent as when she was young, thinking that the people in this world were all pure and kind.

However, people had to grow up. No matter how cruel the truth was, they had to learn to accept it.

Only then did Xia Jinqi come back to her senses.

She took a deep breath and met Huo Ting's gaze again. "Do you have evidence of Lu Yiming's guilt?"

Since she had chosen to return, she had long been prepared to face all of this.

"I'm halfway through the investigation. He must have noticed it, so he found some excuses to pressure your father into limiting me to this place." Speaking of this, Huo Ting could only helplessly spread his hands.

What could he do He was also helpless.

Wasn't he at home learning the old man's Ditty to pass the time? !

"Can we continue investigating?" Xia Jinqi asked again, "or, if we find evidence of his crimes, can we report him?"

"Of course. If we can prove his crimes, the Supreme People's Court can sentence him to death," Huo Ting said confidently.

Xia Jinqi was already a little tempted.

Now, it was no longer a question of whether Lu Yiming was qualified to be president. Once Lu Yiming became president, the Xia family, Huo family, and even Yan Jun would be torn apart by Lu Yiming.

To those who did not know, this might just be a fair and open election.

However, to Xia Jinqi and the others, this was a battle of life and death.

Xia Jinqi's momentary silence had already caused huoting to be a little suspicious. "Girl, don't tell me... you want to continue investigating?" n)(0VeL31n

"Why not? You can't go out now. Yan Jun is also being monitored by Lu Yiming. Only I can come and go as I please." Xia Jinqi was quite clear about her position.

Even though Lu Yiming had begun to suspect her, she still had Lego as her backer. No matter what, Lu Yiming wouldn't dare to directly attack the leader of Lego, right?

If lego didn't send so much money to the bank and government every year, they wouldn't have any policy control.

Especially if Lu Yiming really took office, he would have to spend a lot of money to buy the people's hearts.

She had gotten a pretty good amulet!

After hearing Xia Jinqi's words, Huo Ting's expression became more and more unsightly. He flatly denied it "No! You can't take this risk! Even someone of my level has been reduced to this state by Lu Yiming, let alone you. If he finds out that you are secretly investigating his dirt, he will definitely kill you without hesitation. "

He told this to the girl because he wanted her to know how dangerous Lu Yiming was, but he never thought that she would continue to investigate!

How did this girl's brain work like this?

Other girls would probably be scared silly when they heard this, but she was rubbing her little hands, eager to give it a try? ? ?

"Erhuo, do you think that if I don't do anything, even if I sit and wait for death, he will let me go? " Xia Jinqi smiled bitterly and said without thinking, "if I can find dirt on him, I can counter-balance him. "

Sitting and waiting for death, it was better to take the initiative to attack.

Huo Ting's heart instantly turned cold.

But he couldn't find any words to refute Xia Jinqi.

Indeed, even if she didn't do anything, Lu Yiming wouldn't let her go. On the contrary, if she could find something, it would be the same as catching Lu Yiming.

But... ...
