

Trick Me 1111

Chapter 1111: only you can know my heart.

Last night, Xia Jinqi had thought about it for a long time. She and Yan Jun's personalities were very similar. They were both soft-hearted and would not listen to force.

If she acted recklessly, he might not allow her to go out if she got angry.

She did not want to be a canary kept in a cage, so she planned to act coquettishly and soften his emotions. Then, she would use her emotions and reason with him. Perhaps this matter would be successful!

Sure enough, if she coaxed him so softly, he would not be as harsh as last night. Instead, he was silent for a long time before he sighed softly and said, "do I have to go?"

"Yes, we have to go." Xia Jinqi nodded and rubbed against his chest again. "Is that okay?"

Yan Jun, "..."

Every time she acted coquettishly and said a few nice words, he could not refuse.

She always ate him up like this.

He sighed softly but did not agree. Instead, he asked, "Do you think that Huo Ting and I are indifferent to Lu Yiming's attack, so you want to help us?"

He still remembered what she said yesterday.

She said that Huo Ting's movements were restricted, and he did not see anyone all day, so she had to go.

Xia Jinqi heard his calm voice, but she could sense his displeasure.

She frowned and half sat up, looking into his dark eyes very seriously. "I want to help you, but it's definitely not because I don't think the two of you have the ability to deal with Lu Yiming.

"I don't know why you haven't done anything up until now, and I don't know why you let Lu Yiming do whatever he wants. I also don't know why you would rather send me and the children away than have a direct conflict with him.

But I know that you have always been a calm person.

You must have your own thoughts. If you don't tell me, I won't ask."

Yan Jun's slender fingers brushed across her fair cheeks. He looked deeply at her. "Only you know my heart."

He had not moved for a long time not because he was afraid of Lu Yiming, but because his army had not been fully prepared.

Moreover, if he acted rashly, it would affect the whole body. Lu Yiming could simply counterattack and he would be convicted of being a traitor.

If he didn't get a good reason and opportunity, he would mobilize his troops because he had to respect himself and would be despised by the people of Rao city.

After discussing with Huo Ting, he decided to wait and see. He wouldn't let down Lu Yiming's spirit and let him lower his guard, revealing more clues.

Timing was too important.

"I just want to do my best and help you a little. I don't want to be a stupid woman who only knows how to rely on you and doesn't know anything. I want to shoulder the burden with you. Although you may think I'm stupid, but..."

When she said this, Xia Jinqi lowered her eyes slightly.

But very soon, when she raised her eyes again, the depths of her beautiful eyes were already clear, filled with hope, and incomparably strong.

"I've never doubted your ability, but I also want to lend you a hand!"

When Yan Jun heard this, his deep black eyes were already sparkling... ..

He was never a person who was easily moved, but in front of her, he was always easily moved to a complete mess.

His heart moved, and he suddenly turned around and pressed her under his body.

A fiery kiss fell from the sky and covered the earth. It was passionate and deep.

Xia Jinqi closed her eyes and accepted his deep affection like a tide. A string of crystal clear tears rolled down from the corner of her eyes.

After an unknown amount of time, he was finally willing to let her go.

Looking at her in his arms, who was panting non-stop, rubbing her beautiful and swollen red lips with his thumb, Yan Jun suddenly smiled. "again?"

Chapter 1112: was a little oxygen-deprived!

"No... I don't want it..." Xia Jinqi shook her head in a daze. She had been kissed by him for too long, and she was a little oxygen-deprived !!

Her actions made Yan Jun chuckle repeatedly. He leaned over and hugged her. "with your personality, the more I don't let you go, the more you have to go."

He could only follow her heart and give her advice "There's a summit in the afternoon. Lu Yiming will be attending the speech, and I'll be there too. Take this time to bring Huo Ting along and investigate what you want to investigate. But remember, the summit ends at 10 pm. You have to rush back before then."

Xia Jinqi's eyes immediately lit up when she heard that. "Can you stall him?"

Yan Jun nodded. He tried his best.

"But isn't huo ting not allowed to walk around casually?" Xia Jinqi asked back.

"He'll have a way." Yan Jun was not worried at all.

Lu Yiming seemed to be able to cover the sky with one hand, but in reality, there were still many places he could not see.

The Huo family's foundation for so many years was not in vain.

Only then did Xia Jinqi feel relieved. She lay back in his arms and thought for a moment before asking, "how's Wen Qing?"

He had come back so late yesterday. She knew that he had gone to see Wen Qing.

Initially, she was very concerned, but on the surface, she pretended not to care and did not ask.

But now, she could not pretend anymore, so she still asked.

"She's fine," Yan Jun's answer was very simple. He did not tell her that Wen Qing had become like that because of Lu Yiming, nor would he tell her that Lu Yiming wanted her to exchange for Wen Qing's antidote.

He would use his own way to get the antidote.

"really?" Xia Jinqi raised her eyebrows and looked at him in disbelief.

Previously, when she looked at Wen Qing, she did not look like she was fine at all... ..

Could it be that something happened again that Yan Jun was not willing to tell her?

Other things could be forgiven, but when it came to Wen Qing... .. Xia Jinqi could not see this issue objectively anymore ...

Yan Jun did not want her to worry, so he lowered his head and kissed her forehead. "Ah Jin, leave this matter to me."

"... okay." Xia Jinqi did not refuse in the end. Instead, she smiled and nodded in agreement ...

Since he had already said so, she naturally would not reject him again.

The two of them laid down for a while before getting up.

When they went downstairs, Xia Jinqi looked at her phone a few more times. Her brows were knitted tightly together. "Why hasn't Shao'an received any news? Could it be that he hasn't gotten up yet?"

Normally, Xia Jinqi would not be in a hurry to rush him.

However, this time was different. If Fang Shaoan could find something, they would have more clues.

Yan Jun went downstairs with her. When he heard her, he asked, "are you waiting for news from him?"

“Yes, I asked him to help me look into Lu Yiming’s past,” Xia Jinqi said casually. Then, she realized that Yan Jun had never liked the fact that she cared about Lu Yiming, so she laughed dryly “Just look into it, just look into it...”

Yan Jun looked at her helplessly and sighed. “I’ve already asked him to look into it, but he didn’t find anything.”

What Xia Jinqi meant was that she had placed her hopes on Fang Shaoan. She had found the wrong person.

“Is that so...” Xia Jinqi raised her eyebrows suspiciously. Could it be that Fang Shaoan had also found something and had forgotten about her?

If that was really the case, then forget it.

She had better go to the place shown in the photo last night to look for it.

If she could find substantial evidence from there, the matter would progress by leaps and bounds.

Chapter 1113: Huo Ting on a blind date

After having lunch together, the two of them left their homes.

Yan Jun went to the summit, while Xia Jinqi brought Li Jie and went to look for Huo Ting.

When they arrived at the Huo residence, they were informed that Huo Ting was not at home... ..

Xia Jinqi was very puzzled. How could a person whose movements were restricted be able to move around and lead such a happy life?

So this restriction, was it just a pretense? There was no practical meaning at all?

No wonder Yan Jun insisted that she come to look for Huo Ting... ..

Xia Jinqi suddenly felt that she was the only one who was worried. These two men seemed to be living a very relaxed life!

She reached out and rubbed her temples. Only then did Xia Jinqi walk to the roadside and call Huo Ting.

“GRANDPA whose movements are restricted, where did you run off to?” Xia Jinqi asked in a strange tone.

Unexpectedly, the other side of the phone replied to her in a very serious voice, “okay, I’ll be back soon.”

“?” Xia Jinqi put down the phone and looked at the remarks. It was indeed Er Huo. She didn’t dial the wrong number. Then, she put the phone back to her ear. “where are you?”

Just as she finished asking, the line had already been disconnected.

“Du du Du...” the sound reached her ear. Other than the corner of her eyes twitching violently, Xia Jinqi realized that there was no better way to relieve her current emotions!

What the Hell?

Xia Jinqi wouldn't know that this call of hers was practically a timely help to huo ting! ! !

In a cafe in the downtown area, Huo Ting stood up with a solemn expression and said to the girl sitting in front of him, "I'm sorry, there's an urgent matter. I need to go back. "

After saying that, Huo Ting didn't care about the reaction of the girl in front of him. He took big strides and left.

That's right, he was here for a blind date... ..

Sigh, it was his fault for not being able to convince his old man. He could only come out and put on an act. He could meet any girl and drink coffee or something.

He had to put on an act.

The moment he left the cafe, Huo Ting's tight jaw loosened.

He took out his phone and quickly called Xia Jinqi back. "Girl? What's the matter? "

He had returned to his previous Ruffian tone.

"..."Xia Jinqi raised her eyebrows. Could it be that he was a shrewd person? "I found some clues and want to discuss it with you..." "

"where are you? I'm going to look for you. " Huo Ting's tone suddenly became serious.

Xia Jinqi reported an address and said that he was waiting for her. Then, she hung up.

Half an hour later, the two of them met.

Xia Jinqi looked at Huo Ting's dark blue suit from afar. Her clear eyes instantly burned with gossip. "Why are you dressed so delicately? Where have you been? "

She Patted Huo Ting's shoulder as she asked. He was spotless.

Huo Ting's face turned red. He was too embarrassed to say that he was on a blind date. He cleared his throat and changed the topic. "I have a date. What about you? What did you find out? Why are you in such a hurry to find me? "

"Get in the car and tell me! " Xia Jinqi pointed at a black Volkswagen not far away. Her eyes narrowed.

Huo Ting knew what she meant. This was a public place. There were too many people and too many eyes. It was easier to talk to them in the car.

Li Jie was originally following behind Xia Jinqi. When he walked to the car, he ran a few steps faster. After opening the door for Xia Jinqi, he entered the driver's seat.

Huo Ting calmly watched Li Jie's actions and nodded in satisfaction.

It seemed good to have Li Jie follow Xia Jinqi.

Chapter 1114: the legendary chosen one!

Seeing that this kid had a fake mustache, he looked like a completely different person. If one didn't look closely, one wouldn't be able to recognize him.

After the three of them got into the car, the car drove to the outskirts of the city.

In the car, Xia Jinqi showed the photo from yesterday to Huo Ting.

"This is the place where Li Jie was previously locked up for training. I've checked it out. It was the original base of unit 47. Later, the city defense was changed, and the unit moved away. Later, someone from the discipline commission applied for a transfer."

Huo Ting took the photo and looked at it. It was a very ordinary old training base, and there was nothing special about it.

"How did you find it?" Huo Ting frowned and looked at the information behind it. He was quite surprised.

Even he didn't know about these documents.

"I flipped through them last night and saw it by chance." Xia Jinqi gave the most magical and direct explanation.

Who Knew In any case, she had flipped through so many books and memorized this photo inexplicably.

Perhaps God was guiding them to find out the truth of that year.

"Then this place..." Huo Ting went to see Li Jie again.

After all, he was the main character who had experienced those things. Huo Ting wanted to ask him if Xia Jinqi was telling the truth.

Li Jie looked at the rearview mirror and knew the doubts in Huo Ting's heart.

He nodded without hesitation. "It's that place. I won't remember it wrongly."

Huo Ting, "..."

He had searched for so long and still couldn't find the place, but the girl found it in one night?

Huo Ting looked at Xia Jinqi from the corner of his eyes and asked her, "girl, did you cheat?"

Not to mention him, even the Group of private detectives didn't find it!

If it wasn't for the fact that he cheated, could he be so awesome?

Xia Jinqi was amused by his eyes and sneered, "look at her! Look at her from the corner of Your Eyes and be careful of getting beaten up!"

When they were young, they often played this game. You looked at me from the corner of your eyes, and I looked at you from the corner of my eyes. Then, every time GRANDPA hu found out about it, he would beat her up one by one!

Huo Ting still looked at her sideways, his eyes filled with fear. "You... could it be that you are the legendary chosen one?!"

His tone and manner were so exaggerated!

Xia Jinqi knew that he was teasing her on purpose, so she immediately slapped him. "SPEAK PROPERLY!"

Only then did Huo Ting burst into laughter. He flipped through a few pages of information seriously again. Compared to the information when Lu Yiming entered the Discipline Inspection Commission, he also felt that it was inexplicably a bit of a coincidence.

"No matter what, your guess seems to be somewhat reasonable. "When I was in the army, I also had a comrade who had retired from the 47th division. "I heard from them that there was a mudslide at the place where they were originally stationed, causing a lot of casualties. That's why they changed the army. "At that time, they left in a hurry. Many of the facilities had not been completely destroyed." Huo Ting carefully recalled. He realized that he did not have a deep impression of this 47th division. He rarely heard people mention it.

As she spoke, she pointed at the wooden stake in the photo. "This should be used for training soldiers in the early years."

"What about these tires?" Xia Jinqi's attention was on the huge tires next to the wooden stake.

"The vehicles used to transport military supplies were abandoned, right?" Huo Ting was just guessing. The tires couldn't hurt people, and they weren't prohibited items. It didn't seem strange to leave them there.

Xia Jinqi was skeptical. She didn't know if it was because of a woman's innate sixth sense, but she had a feeling that things might not be that simple.

Chapter 1115: will not let you show your face in public. Don't worry, Little Lady!

Huo Ting saw that Xia Jinqi was frowning. He thought that she might have noticed something again, so he did not disturb her wandering thoughts. Instead, he asked Li Jie, "where are we going?"

"To the place where the original 47th division was stationed," Li Jie replied and focused on driving.

At that time, they had already left the city. They had just gotten off the highway and were on a long mountain road.

Huo Ting was shocked when he heard this. "You're going already? That place is still under the jurisdiction of the Discipline Inspection Commission and is considered a military important place. Can you go in?"

As he spoke, Huo Ting stared at the little girl beside him. He suddenly felt that she was even more daring than he had imagined.

Hearing this, Xia Jinqi finally came back to her senses. She expressed a high degree of agreement with Huo Ting's words. "I know! That's why I brought you here! You're the great chief. If you want to go in, do you think they would dare to stop you?"

Huo Ting, "..."

Rubbing his head helplessly, Huo Ting indicated that he was under a lot of pressure. "The higher-ups have yet to withdraw their orders to restrict me. In theory, I shouldn't even take a step out of Rao city. You still want me to show my face in public? If I'm discovered, I'll be punished even more!"

He regretted getting into the car. The black car.

"HAHAHA! Enough, I'm just teasing you!" Xia Jinqi finally couldn't hold back her laughter. She took out a new set of documents and showed them to Huo Ting. "Li Jie checked last night. Although this place is still under the jurisdiction of the Discipline Inspection Commission, it was originally under Lu Yiming's sole responsibility. After he was transferred away, there was actually no one to manage this place anymore. There might be one or two patrolling the mountain occasionally. We just have to be careful."

After saying that, she mocked Huo Ting again. "They won't let you show your face in public. Don't worry, Little Lady!"

"..." Huo Ting was finally relieved. He continued to quibble with Xia Jinqi. "That kid, Yan Jun, knows that you're here?"

"UH-HUH!" Xia Jinqi nodded. Then, she thought of something and added, "he said that he wants me to come with you."

"that vinegar jar can say such things?" Huo Ting was surprised.

That kid, Yan Jun, had an extremely strong possessiveness. He probably felt very unhappy when he saw him with the girl? ? ?

He could actually say such things? n(-Ove**l**B1n

"What Vinegar Jar? His name is Yan Jun!" Xia Jinqi glanced at him.

"Yo Yo Yo, you even protected him!" Huo Ting also wanted to roll his eyes. Why didn't he see her protecting him like this!

Sigh, it was really like a married girl throwing water on the water, turning her elbow outwards!

After a long journey, when they reached their destination, it was already two hours later.

This place was not particularly far from the city, but because it was a mountainous road, it was difficult to drive, so they wasted so much time.

After Li Jie parked the car in a relatively hidden place, he cut down a few branches with lush leaves to cover the car. The three of them took the map and followed the path up the mountain.

Li Jie walked in the front, holding a machete in his hand as he cut through the thistles and thorns.

Xia Jinqi walked in the middle, while Huo Ting stayed behind.

“It seems that no one has been here for a long time. The road is full of weeds and branches, and no one has cleaned it up,” Xia Jinqi pushed aside the branches in front of her and muttered.

“There are a few big signs at the foot of the mountain. On them, it says: military important places, do not enter! The signs say, who would dare to come up here?” Huo Ting looked back at the road they had walked on and frowned thoughtfully.

There wasn’t even a single person guarding this place?

Chapter 1116: called for a few more people to come over and search through the night

Xia Jinqi thought about it and felt that it made sense, especially since she still remembered that there were signs of skulls on those big signboards.

Most people really didn’t dare to come in.

After walking for a while, no one spoke again.

Firstly, they were a little tired, and secondly, they all became serious.

Especially Li Jie, who was walking at the very front. He had been leading the way without saying a word. His footsteps were very fast, and his back was very firm.

Xia Jinqi knew what he was thinking. This place was like hell to him in the past. Every step he took was a great test to his soul.

After walking for more than half an hour, the three of them finally stopped to rest.

After flipping through the map, they realized that they hadn’t gone far at all. This former army base was as wide as four mountains, and the picture on it was just a small corner. Moreover, so many years had passed.. It must have changed a lot.

Whether they could find it or not was another matter. In short, it was absolutely impossible to go through all four mountains in one day.

Xia Jinqi wiped the sweat from her forehead and suddenly remembered Yan Jun’s words. “Yan Jun said that he would delay Lu Yiming at the summit, but it’s only for half a day. We have to go back before 10 pm.”

Huo Ting handed her a bottle of water and looked at the endless mountain peak. His brows were deeply furrowed “If we have to rely on the few of us to look for a needle in a haystack, who knows how long we’ll have to find it. I think we should go back first and call a few more people over. Let’s search through the night.”

What Huo Ting said was not unreasonable. Xia Jinqi was a little tempted by what he said.

Just as she was about to discuss with Li Jie, she looked up and saw that he had suddenly started to walk forward alone. She did not know what he had discovered.

“Li Jie?” Xia Jinqi called out to him, but he did not respond. It was as if he had been possessed. His speed was quite fast, and with a whoosh, he rushed down the mountain!

Xia Jinqi and Huo Ting were stunned at the same time. After they came back to their senses, they quickly chased after him!

“Li Jie! WAIT!” Huo Ting shouted, but his running speed was not fast. He was still protecting Xia Jinqi, afraid that if he ran too fast, he would turn around and not be able to find Xia Jinqi.

Xia Jinqi and Huo Ting chased after him, but Li Jie had already disappeared.

However, by the time he regained his senses, they had already run to the foot of the mountain.

In other words, they had directly crossed a mountain. From the other side of the mountain, they had all come to this side of the mountain.

Xia Jinqi’s body was a little weaker. She panted a few times from exhaustion and began to search left and right again. However, after looking for a long time, she still could not find any trace of Li Jie.

“What do you think happened to him?” Xia Jinqi asked with a frown.

“He might have found something.” Huo Ting also looked around, but he could not find any trace of Li Jie.

When he turned back, he saw Xia Jinqi running breathlessly.

He found an empty spot and helped her over. “How is it? Are you okay? Look at your small body. You need to strengthen your training. You’re panting after running a few steps.”

“Try it... in one breath... climb up the mountain and then go down...” Xia Jinqi wanted to explain herself, but before she could finish, she missed a step. “Ah! !”

“BE CAREFUL!” Huo Ting wanted to reach out to pull her, but he found that the ground under his feet shook and then completely collapsed!

“AHHHHH!”

A scream echoed throughout the valley... ..

Chapter 1117: being stalked by a pervert

A group of birds perched on the treetops flapped their wings in fright at the shrill cries!

“Pu, PU, PU!” The entire valley was filled with the sound of flapping wings.

After that, no one could be seen.

?`?`

Rao City.

Under the movie city of Soaring Dragon Square.

Zuo Xiaoran had already waited for a full hour!

She had made an appointment with Fang Shaoan to watch a movie the day before yesterday, saying that they would meet here!

In the end, after waiting for her to dress up meticulously for the entire morning, she arrived in high spirits. However, after waiting in the cold wind for a long time, Fang Shaoan still did not appear.

When her patience ran out, Zuo Xiaoran finally called Fang Shaoan.

“I’m sorry, the subscriber you dialed has turned off its phone.”

The Moment Zuo Xiaoran put down her phone, it was as if she could hear the sound of her heart breaking.

“It actually... turned off its phone? !” Zuo Xiaoran tried her best to take a deep breath. It took her twenty years of Good self-cultivation to barely suppress the anger in her heart ! !

Who was the one who said that they would not leave until they saw each other? ! !

Alright!

When this matter came to an end, it was fine if she stood up, but she actually turned off her phone?

Zuo Xiaoran covered her forehead and paced back and forth. “No, no, I need to calm down. I need to calm down. Impulsiveness is the devil. Impulsiveness is the devil...”

Just as she suppressed her explosive state of mind, Zuo Xiaoran took out the expired movie tickets, tore them into pieces, and threw them into the trash can by the roadside!

“Damn it! You actually stood me up! I want to eat a big meal to comfort my injured little heart!” She shouted explosively. Zuo Xiaoran turned around and went to the street to look for food.

However, when she turned around, she was met with a malicious gaze.

Her eyebrows jumped and she saw a man standing at the corner of the street, secretly looking at her!

She hurriedly turned her face away and Zuo Xiaoran did not dare to look at him again.

She swallowed her throat and her hands nervously clasped together. Her limbs became a lot stiffer.

Could it be... That she was being followed by a pervert ? ?

After realizing this, Zuo Xiaoran gritted her teeth and quickly walked a large distance forward. When she secretly looked back, she found that the man who had peeked at her just now had followed her again!

She walked fast, the man walked fast, and if she walked slowly, the man also walked slowly. In short, he had been following her, neither too far nor too close!

It was already confirmed that the man had been following her all the way, with evil intentions!

Zuo Xiaoran patted her beating heart and looked at where she was. It was a very lively square!

Fortunately, there were many people here. That damn pervert would not dare to make a move easily!

So how could she get rid of this pervert?

Zuo Xiaoran looked around and quickly judged the terrain. Then, she chose the complex interior of the mall.

She held her bag and quickly entered the mall along with the flow of people.

The pervert followed her.

She started to change the elevators and went to places with a lot of people. She managed to get rid of the pervert and hid in a snack bar. She found a remote spot and ordered a few snacks. She started to enjoy herself.

After changing the elevators a few times in the shopping mall, the man could no longer find Zuo Xiaoran.

He touched the back of his head. After making sure that he could not find her, he made a call. "Madam, I've lost her."

"Trash! You can even lose a little girl? Then go to her house and stop her! You must bring her back!"

"Yes, Madam."

Zuo Xiaoran was satisfied and filled her stomach. Then, she deliberately strolled around the mall for a while. After making sure that no one was following her, she clapped her hands and went home.

LITTLE BRAT!

You still want to follow me? ! You even forgot where your house is ? ?

Chapter 1118: could not contact Fang Shaoan

Yan Jun and Zhuge Wentao were also unable to find Fang Shaoan.

Both of them had arrived at the summit.

Zhuce Wentao wanted to call Fang Shaoan over, but his phone was switched off.

"This kid, could he have gone to cause trouble again last night? Why isn't he up yet?" Wen Tao smiled helplessly. "He even turned off his phone!"

Actually, he was quite envious of Fang Shaoan sometimes.

He was carefree and just focused on being his young master. He did not have to worry about anything else.

It seemed like even if the sky collapsed, it had nothing to do with him.

When Yan Jun heard Wen Tao's words, he turned to look at him. "Did you turn off your phone?"

"Yeah, I've been trying to call him all morning, but I still can't get through." Wen Tao put away his phone. It was obvious that he didn't want to bother with that kid anymore.

However, Yan Jun's eyes darkened.

In the morning, Xia Jinqi also said that she couldn't contact Fang Shaoan.

...

Just as he was a little concerned about this matter, Wen Tao beside him signaled for Yan Jun to look at the door.

"Look, Lu Yiming is here, and Qu Yang is with him. I thought he would bring Cui Ziyang here."

Yan Jun's thoughts were interrupted, so he looked in the direction Wen Tao was looking.

Yan Jun's long and narrow eyes narrowed with interest. Yan Jun curled his thin lips. "Cui Ziyang talks too much. Today is a public occasion. If you talk too much, you will lose."

Wen Tao nodded. He had seen Cui Ziyang before. Every time he spoke, he pretended to be the smartest person in the room. He was very arrogant and disgusted people.

As for Qu Yang, although he did not talk much, he took care of everything. He did not have any intention of flattery. Listening to him talk made him feel comfortable.

"Lu Yiming also has a confidant called Li Kun. I heard that that person has been by Lu Yiming's side for the least amount of time, but he is the most appreciated. Why didn't he come today?" Wen Tao looked around Lu Yiming. He realized that Lu Yiming had only brought Qu Yang.

Hearing this, Yan Jun's deep black eyes sank into a thought that was hard to detect.

Those who didn't come naturally had other things to do.

And those who came here weren't very idle either.

After standing for a while, the summit began.

Yan Jun was not interested in the content of the summit at all. He only listened to it intentionally or unintentionally. His hand, which was in the pocket of his suit pants, was holding a phone that had been set to silent mode.

When Lu Yiming went on stage to give a speech, Xia Chuanxu quietly walked behind Yan Jun.

"brother-in-law, how have you been?" Xia Chuanxu had been promoted quite well recently. In addition, the relationship between Yan Jun and Xia Jinqi had deepened, and even the way Xia Chuanxu addressed Yan Jun had changed.

Yan Jun pretended to drink wine and covered his lips. "very good."

"The stock exchange will be released tomorrow." Xia Chuanxu quietly revealed the news, which meant that the suspension of the trading of the Yan group would end.

Yan Jun nodded slightly, indicating that he had heard it.

The conversation between the two people was only completed in two seconds when they brushed past each other. Even Wen Tao, who was the closest to them, did not hear it at all.

Xia Chuanxu did not stay any longer. He continued to walk leisurely and began to greet people he knew in the venue.

This summit was attended by top talents in the industry. Every time he saw one more person, it was possible to make one more friend.

And every time he made one more friend, he might be able to help him one day in the future.

As for Yan Jun... ..

The content of today's summit was no longer important. He had already gotten the information he wanted.

The end of the suspension of the Yan Group's shares meant that Xia Chuanxu had already taken care of the Stock Exchange and the Bureau of Industry and Commerce. At the same time, it meant that Xia Chuanxu's ability was further expanded and he could slowly do more and more things.

Chapter 1119: The more I struggle and the more I run away, the more interested I become

On the stage, Lu Yiming finished his speech very quickly. When he left the stage, he deliberately looked in Yan Jun's direction.

As soon as he got off the stage, he walked towards Yan Jun..

The corners of his mouth held a complacent smile, thinking that Yan Jun should already know about Wen Qing. Then how would he beg me to give him the antidote later?

He especially liked the kind of vulnerability that a strong person would be weakened bit by bit... ..

That would represent his success, as well as his great affirmation of him.

"President Yan, I didn't expect such a small summit to be able to invite you to come?" Lu Yiming was used to being refined and elegant.

Yan Jun smiled faintly. "with the current situation of the Yan family, I'm happy to be idle."

What he meant was that with the Yan family being suspended, he was powerless.

When Lu Yiming heard this, his smile deepened "So, why does a talent like President Yan have to hang himself on a tree? As long as you are willing to cooperate with me, I guarantee that the Yan family will immediately resume trading. Not only that, the Yan family will also become the number one family in Rao city! IT WILL BE GLORIOUS FOR GENERATIONS!"

As he spoke, Lu Yiming intentionally glanced at Xia Chuanxu who was watching him and Yan Jun not far away.

The so-called 'tree' was obviously referring to someone.

Yan Jun smiled coldly and asked in return, "if I agree to cooperate with you, will you give me the antidote?"

As he spoke, Yan Jun suddenly changed the topic.

When it came to Wen Qing, things became much more interesting.

Lu Yiming's expression changed as expected. He glanced sideways at Yan Jun and his tone turned cold as well. "You know I have the antidote, so I'll give you Xia Jinqi in exchange."

From the beginning to the end, Lu Yiming had a mysterious obsession with Xia Jinqi.

This time, he used a human life as bait and vowed to find Xia Jinqi who was hiding in the ends of the earth!

Yan Jun's eyes were cold as he said in a deep voice, "don't even think about it."

Lu Yiming was stunned. He didn't expect Yan Jun to reject him with such a certain tone.

The corner of his mouth curled into a cruel arc. "even if you see Wen Qing die, you won't hesitate? Yan Jun, Oh Yan Jun, you're really ruthless. No matter what, you're still your confidante..."

He had thought that Yan Jun would more or less struggle in his heart, but in the end, he was so calm, as if he did not need to struggle to make a decision.

He was really like the cold, ruthless, and decisive king of Hell.

However... ..

"Do you think that I won't be able to find her if you don't tell me? I still have a hundred ways to force her to show herself." Lu Yiming suddenly grinned hideously, looking extremely terrifying.

Hearing this, Yan Jun's brows suddenly furrowed. His cold gaze landed on Lu Yiming's disgusting face. "You seem to be quite obsessed with Xia Jinqi."

Although Xia Jinqi was an important link to the Yan, Xia, and Huo families, Lu Yiming had already started to suppress the Yan and huo families. Logically speaking, he had already achieved his goal. Why did he keep chasing after Xia Jinqi?

Lu Yiming seemed to be curious about this question. Why did he keep staring at Xia Jinqi? Why did he have to kill her?

HMM... ..

Lu Yiming pondered for a moment.

His right hand was playing with a ring on the ring finger of his left hand.

One ring after another.

After a long time, he finally came to a conclusion. He smiled and said, "maybe it's because she can move? I'm a person who likes things that move. The more I struggle and the more I run away, the more interested I am..."

He often imagined himself as a hunter.

Chapter 1120: even if I destroy this entire city, I will not let you off!

How could a hunter let his prey escape so easily?

Moreover, even if he let his prey escape in a moment of relaxation, the hunter's heart would always be thinking about it.

This kind of thinking was like the claws of a kitten, constantly scratching and scratching in his heart. The longer it took, the stronger his desire to conquer, the more he had to get it!

The aura around Yan Jun had already dropped to zero degrees. His tensed handsome face made the atmosphere even more tense. "Lu Yiming, I'm warning you for the last time. If you dare to touch her in the slightest, even if I destroy this entire city, I will not let you off!"

Every word was filled with an icy chill, like the frozen prism under the Changbai Mountain in winter. It was sharp and bone-chilling!

Lu Yiming's expression stiffened slightly, but then he smiled even more happily. "The more you protect her, the more I want to hurt her. Just wait and see. Let's see if you can protect her well, or if my sharp knife will stab into her heart first!"

That was exactly how it was supposed to be.

Only things that could move were fun.

Things that could resist and fight were even more fun.

After saying this, Lu Yiming turned around and was about to leave.

At this moment, Yan Jun's phone suddenly vibrated.

He took it out and saw a text message from an unknown number on the screen.

[medicine in hand]

There were only four words, but it was enough to make Yan Jun show his face.

He put away his phone, looked up at Wen Tao who was not far away, and nodded slightly.

Wen Tao immediately understood and went to inform the organizer of this summit.

A minute later, just as Lu Yiming was preparing for the venue, a group of armed police suddenly rushed in from the outside. Each of them held a gun, and they were all wise and mighty, blocking the entrance of the venue.

The venue was in chaos. The crowd was noisy. No one knew what had happened, and their faces were full of panic.

Lu Yiming was also among the panicked crowd.

He subconsciously frowned and scanned the surroundings. He did not find anything unusual.

Only... .. behind him, Yan Jun was staring at him with a smile that was not a smile ...

Before Lu Yiming could suspect that this was Yan Jun's doing, there was already a person in charge standing out and beginning to explain the situation.

"everyone, don't panic. We received a report from Mr. Yan Jun, Mr. Yan, that there are illegal elements in the venue. They may be carrying dangerous weapons. We need to investigate them one by one now. Please cooperate."

As soon as he finished speaking, the crowd below the stage started to look at each other as if everyone was an illegal element!

Moreover, they heard that the illegal elements were also carrying dangerous weapons, so they all stood in different positions. No one dared to form groups of two or three. They were afraid that if they were not careful, they would all die an unnatural death!

In addition, the armed police had made the atmosphere so tense. No one dared to complain. They were all waiting for the investigation to end.

After all, this kind of thing was related to their own lives. No one dared to be careless.

However, Lu Yiming was very unhappy. He had something to do later and was in a hurry to go out. In the end, he was blocked here for no reason!

His face darkened and he walked to the door unhappily. "I am Lu Yiming. Let me out."

The Armed Police did not even look at him and pointed the gun at him.

Lu Yiming did not dare to go forward. He could only step back angrily and berate the person in charge of the commentary. "What do you mean? You want to stop me too?"

The person in charge knew Lu Yiming's identity, so he naturally did not dare to stop him. However, the person who asked him to do things was Yan Jun... ..
