

## **Trick Me 1121**

### **Chapter 1121: Don't let him leave this place.**

"This..." the person in charge's forehead was full of sweat and he couldn't explain it well. He could only look towards Yan Jun's direction as if he was asking for help.

When Lu Yiming saw him like this, he immediately knew that this matter was most likely arranged by Yan Jun!

Just as he was about to speak, he saw Yan Jun already walking towards him. "Mr. Lu is so impatient. Could it be that you have a ghost in your heart?"

"What a joke! What ghost could I have?"

"since there's no ghost, then why is Mr. Lu not cooperating? No one in this room has any complaints. Only Mr. Lu feels that his status is honorable and has been wronged?" Yan Jun spoke very slowly His words were neither hot nor cold, neither light nor heavy, but every word was like a sharp sword, forceful and overbearing!

It was obvious that Yan Jun was deliberately targeting Lu Yiming.

As soon as he said this, many people in the venue cast a strange look at Lu Yiming.

With the upcoming general election, it was very important for individuals to gain the favor of the masses.

Moreover, today's summit was full of people with status. If Lu Yiming lost face in front of them, it would be a little difficult to convince the masses.

"You!" But Lu Yiming was really angry!

As a dignified member of parliament, not only was he inexplicably stopped here, but he was also stepped on by Yan Jun!

How despicable!

Just as he was about to counterattack, Qu Yang walked out from the crowd, pulled his hand, and looked at Yan Jun with a smile, "Mr. Yan is right, we should treat everyone equally. Our member has no objections, we just have to wait a little longer."

After saying that, he turned back to look at Lu Yiming and gave him a look.

Only then did Lu Yiming manage to control his violent emotions.

"HUMPH!" He swung his hand and stood to the side, starting to take a deep breath.

After Lu Yiming left, Qu Yang looked up at Yan Jun again. There were no ripples in his eyes, and everything was very calm.

Yan Jun was also looking at him, and his thin lips curled into a faint smile.

The two of them looked at each other again in an instant, without leaving a trace.

Wen Tao walked over excitedly and whispered beside Yan Jun, “you’re finally willing to take the initiative to attack? Look at Lu Yiming’s defeated look, he must have eaten your heart!”

Wen Tao’s words were not exaggerating.

Lu Yiming was now able to do whatever he wanted. He had a lot of momentum. No matter where he went, he would be held in the palm of everyone’s hands?

However, he had been lectured by Yan Jun and ordered to stay here and wait. As a member of parliament, how could he bear it?

He probably hated Yan Jun even more now... ..

Yan Jun just smiled and looked at the time, “don’t let him leave here before ten o’clock at night.”

Wen Tao was originally quite excited. After all, second young master Yan had always been able to amaze the world with a single feat. If he did not make a move, he could endure it forever.

However, once he started to make a move, he would not stop easily. He would definitely make his opponent throw away his armor and escape... ..

But now, he heard him say that he wanted to keep Lu Yiming until ten o’clock at night?

“It’s only four o’clock in the afternoon! Second Young Master, I feel that an hour is already the maximum...”

Looking at Lu Yiming’s irritable appearance, he could explode on the spot at any moment!

If he really stayed until ten o’clock at night, then that would be a huge problem.

However, Yan Jun lowered his eyes and asked indifferently, “Do you have a chair?”

“Yes.” Wen Tao conveniently took a chair out from behind him. Yan Jun Very impolitely sat down and then looked at Lu Yiming, who was so angry that his head was almost smoking. “Give Him one too.”

### **Chapter 1122: DON’T BE IMPULSIVE!**

Wen Tao nodded and smiled as he personally handed the chair over. He was especially considerate and polite as he said, “Mr. Lu, there’s still a long time. Sit down and rest for a while, and wait slowly.”

After saying this, Wen Tao turned around and left with satisfaction, leaving Lu Yiming, whose eyes were red and bloodshot, staring in Yan Jun’s direction.

On the other side, Yan Jun also made an unceremonious gesture of inviting him to sit down.

The implication was that he wanted him to sit down first and wait slowly.

Naturally, Lu Yiming would not sit down. He was already grinding his teeth. “Damn It...”

He was an honorable member of parliament, but he was actually trapped in this area with just a few words from Yan Jun. He could not leave yet!

Qu Yang saw that the situation was not right and immediately stood in front of Lu Yiming to stop him and Yan Jun from looking at each other.

“Sir, he clearly wants to anger you! There are so many pairs of eyes staring at you, you must not be impulsive!” Qu Yang was surprisingly calm. He did not have any baggage of an idol anyway. He could just wait here. It was not a big deal.

In any case, everyone in the hall was standing perfectly fine. No one said anything.

Thinking of this, Qu Yang suddenly frowned again. After realizing something, he glanced at the people behind him.

Inexplicably trapped here. Just based on a casual explanation from the person in charge, they were just so quiet and did not say anything?

Looking at the gazes of these people, it seemed like they were intentionally or unintentionally sliding over to Yan Jun. could it be... ..

Could it be that these people were so patient because of Yan Jun?

Thinking that it was not impossible, Qu Yang looked at Yan Jun with an even more complicated gaze.

During this period of time, Yan Jun watched helplessly as the Yan Corporation was suspended. He did not look for Lu Yiming to argue with him, nor did he know that Xia Jitian was helping him. He was truly unperturbed.

Most people thought that he did not have the ability to compete with Lu Yiming, so he was very self-aware and did not touch this bad luck.

However, after such a long time, as long as Yan Jun appeared and said a word, these people would all buy it. They would not even say a word.

Everyone accepted it silently. If Lu Yiming made a scene again, he would appear arrogant and despotic, thinking highly of himself.

Yan Jun’s move was really brilliant!

With just a few words, he quietly controlled the entire situation, killing people and invisibly!

On the other hand, Lu Yiming was usually a modest gentleman, polite and well-mannered. But in reality, he had a huge flaw in his personality, and his self-emotional management was often prone to collapse.

Just like just now, once he fell into an anxious mood, it was very easy for him to collapse and become violent and bloodthirsty!

From this point of view, Qu Yang had to admire Yan Jun even more.

And Yan Jun, who was sitting not far away, did not miss Qu Yang’s gaze.

Between experts, just by looking at each other, they could understand each other’s meaning.

Yan Jun saw a trace of admiration in Qu Yang’s eyes, but he pretended not to see it. He just continued to smile indifferently, as if nothing had happened.

Time passed slowly in this awkward and polite exchange of glances.

In the beginning, there was still a person in charge who said that they would start to investigate one by one. After the investigation was completed, they could let everyone leave.

But in reality, no one had started to investigate. The Armed Police did not move, Yan Jun did not speak, and no one dared to leave. They just stood in a stalemate.

Lu Yiming refused to sit on the chair that Yan Jun asked Wen Tao to send over. His legs were already weak, and his eyes were dark... ..

### **Chapter 1123: if he did not move, no one would dare to move!**

There were people below who did not know the truth and quietly asked, "isn't this Lu Yiming very strong? Why is he standing here obediently and not daring to leave? "

"What do you know? Although he is a member of parliament, he is now in a public place! Didn't Yan Jun say that there are lawbreakers here? We can only leave after we investigate! "

"But isn't he a member of parliament? Shouldn't he have special privileges? "

"I don't know if he should have special privileges. I only know that Yan Jun has special privileges anyway. Look, he is sitting there quite comfortably! If he doesn't move, no one will dare to move! "

Yan Jun indeed sat on the chair in front of everyone and began to close his eyes to rest.

Yes, this was a good opportunity to have a good rest.

I just don't know what his Ah Jin is doing now. Did he find any clues?

"..."

At this moment, at the foot of the mountain in the suburbs.

The Sky had gradually darkened.

Xia Jinqi sat on the ground. She hugged her knees and curled up. She raised her head and looked at the sky from the well.

She and Huo Ting were originally walking well, but who knew that they would fall into a trap without noticing.

It was a large circular pit that was about four meters deep and more than two meters in diameter.

At that time, there were many fallen leaves in the forest on top of it. It was so lifelike that Xia Jinqi and Huo Ting did not notice it.

Just like that, after the two of them missed their footing, they both fell into the pit. novel 1123-In

Fortunately, the soil at the bottom was soft and there was a layer of pine needles on it. It was soft and there were no injuries when they fell down.

At the same time, they also experienced the true feeling of being a frog in a well.

“The moon tonight is quite round...” Xia Jinqi suddenly said. She asked Huo Ting, who was sitting in a well beside her, “is it 15 today?”

“It’s 17 today,” Huo Ting replied. His hands were propped back on the ground, making it easier for him to look up at the sky.

The moonlight tonight was really bright and clear.

How long had it been? How long had it been since he had emptied his mind like this? He didn’t think about anything and only focused on looking up at the sky?

He couldn’t remember.

In his memory, perhaps only when he was a child did he yearn for the sky so much.

The Blue Sky during the day and the clear sky for ten thousand miles.

The darkness at night was deep and charming.

What was even more rare was that the girl was still by his side.

Admiring the moon with the person he liked was really a wonderful thing... ..

Except that the current environment was a little... .. Harsh ...

It was dark, damp, and there was the smell of rotten pine needles.

Xia Jinqi looked at the moonlight for a while more and finally couldn’t hold it in anymore. She tilted her head and questioned Huo Ting, “weren’t you a special forces soldier in the past, Erhuo? Why can’t you even climb over a four-meter-high wall?”

“Aren’t Special Forces soldiers human? Don’t run up when you climb over obstacles? Look at this place, I can’t even stretch my arms out. Moreover, this wall is wet and slippery. If I can’t get up, I’ll fall and hit you,” Huo Ting’s analysis was clear-cut.

In fact, he didn’t want to tell Xia Jinqi that on the night of Xia Jitian’s birthday party, he had been chased and killed by people and suffered from old injuries. Now, he couldn’t do too much exercise.

Especially this type of climbing.

Moreover, he had the selfish intention of spending more time alone with Xia Jinqi.

It felt like they had returned to their childhood. The two of them cuddled together and played with each other. Their days passed day by day in a sea of laughter and laughter.

“Then what should we do?” Xia Jinqi spread her hands. She regretted not seeing the ground clearly when she walked back then!

**Chapter 1124: little girl, are you happy?**

There are traps everywhere. If you are not careful, you will be doomed forever!

“Let’s wait a little longer. Li Jie will definitely come back.” Huo Ting raised his head to look at the sky again. When he spoke, he became a little more serious.

Speaking of Li Jie, Xia Jinqi did not know what he had gone to do. He had run for so long without coming back.

But since Huo Ting had already said so, she could only wait. n-.o--v()e((l/.b..l()n

Out of boredom, she found a topic to talk about.

“Erhuo, after leaving the military district, did you feel a big difference in your heart?”

Huo Ting frowned. He really hadn’t thought about this question. “It’s alright.”

“What do you think will happen if my father isn’t elected as the president?” Xia Jinqi suddenly asked again.

During this period of time, although she still couldn’t completely let go of the hatred in her heart towards Xia Jitian, she still couldn’t help but care about him.

No matter how big of a mistake he made, he was still her father. This was a fact that could never be changed.

If it weren’t for him, Xia Jinqi wouldn’t have been born in this world. This was also an indisputable fact.

The current situation in Rao city was turbulent, and everyone was in danger. Xia Jinqi cared about Yan Jun and Huo Ting, but she never looked at Xia Jitian.

Huo Ting could hear the worry in Xia Jinqi’s tone. After a moment of silence, he answered, “nothing will happen in the beginning.”

After all, Lu Yiming wasn’t stupid enough to start killing people openly right after he took over.

“Then what about the future?” Xia Jinqi asked.

“The future... cleaning up the remnants of the previous era. It’s not just your father, I’m the same, and so is Yan Jun.” Huo Ting said it very casually, without any psychological pressure at all, as if he was talking about the fate of others ...

Xia Jinqi suddenly fell into silence.

Everyone said the same thing.

It was either you die or I live. It was absolutely impossible for the two to coexist.

After Huo Ting finished speaking, he waited for a while but didn’t see Xia Jinqi look back. He turned his head in puzzlement and saw that she was frowning tightly with a grave expression.

Thinking that she might have felt that what she said just now was not accurate enough, he said again, “don’t worry. We won’t be the ones to lose.”

Xia Jinqi had never heard huo ting say something so certain. She immediately looked up and looked at Huo Ting. “really?”

“really.” Huo Ting nodded heavily. Even though he didn’t have such confidence in his heart, he still lied to comfort her as if he was telling the truth “Even if you don’t believe me, you have to believe Yan Jun. he can’t let himself go to that extent.”

Hearing this, Xia Jinqi smiled and nodded. “Yes, I believe you.”

Huo Ting looked at her smile and smiled as well. However, there was a hint of bitterness in his smile.

Every time she heard the word ‘Yan Jun’, there would always be a ray of light in her eyes. It was clear and bright, incomparably beautiful.

“Girl, have you been happy?” He suddenly asked, his voice somewhat hoarse.

“very happy,” Xia Jinqi continued to answer with a smile.

“That’s good...” Huo Ting immediately let out a long sigh, and a smile appeared on his lips.

A smile of relief.

Just like that, the two of them sat side by side in the deep pit, smiling as they admired the bright moon above their heads.

After an unknown amount of time, they heard the sound of footsteps gradually approaching.

Xia Jinqi and Huo Ting looked at each other, and their eyes lit up. They felt that they were saved!

As expected, the familiar voice of Li Jie soon came, “chairman?”

“IT’S US!” Xia Jinqi stood up excitedly and looked up. Sure enough, it was Li Jie who looked down.

**Chapter 1125: If you don’t go back now, Yan Jun will have to look for you everywhere!**

“You guys wait. I’ll go find a rope,” Li Jie said before turning around and walking away.

Xia Jinqi froze and looked down at Huo Ting. “where can I find a rope in the Wilderness?”

Was He joking?

Huo Ting clapped his hands and stood up. “You’ll know in a while.”

Not long after, Li Jie came back. This time, he did have something in his hand and threw it down. “Grab this. I’ll pull you up.”

Xia Jinqi focused her eyes and realized that it was a long strip made of some kind of plant’s vines. It could be used as a rope.

She nodded and climbed up the rope.

Huo Ting followed.

When she reached the ground, she realized that it was already very dark. Her surroundings had sunk into a deep darkness. The beautiful scenery during the day was now shrouded in darkness. It was inexplicably strange.

She didn't know if this kind of place was especially resentful... ..

Xia Jinqi looked around before asking Li Jie, "where did you go just now?"

"I went to the place in the photo," Li Jie replied.

Xia Jinqi and Huo Ting were stunned when they heard this. Their faces darkened at the same time.

They should be happy that the place had been found. This should prove that their guesses and deductions were correct. *nOve-Lb(1n*

But at the same time, it also proved that at this moment, in a corner of this valley, the bones of countless children were buried... ..

Xia Jinqi's face was Pale as she gritted her teeth.

Huo Ting asked, "where is it?"

"behind these two mountains." Li Jie pointed at the mountain facing Huo Ting.

"Are you sure?"

"I'm sure." Li Jie nodded. He would never forget that place, so there was no way he could be mistaken!

He had left Xia Jinqi and the others behind just now because he felt that there were a few paths that looked too familiar. For a moment, he was too excited, so he followed the path and searched, so much so that he forgot about the person behind him.

Just like that, he frantically searched through the mountains and forests. He crossed the two mountains on foot, and finally found the empty space in his memory!

When he thought of turning back, he found that the two people behind him had long gone to God knows where, so he could only find their way back.

Xia Jinqi listened to the conversation between the two of them and looked at Li Jie's pants and arms, which were already torn and torn by the branches. They were already dripping with blood and flesh.

It could be seen that he was really excited to look for them. He didn't even care that he was injured.

"I'll bring you there!" Li Jie said as he pretended to walk towards the other side of the mountain.

However, he was stopped by Huo Ting.

"since you remember the way, it's not too late to bring someone to see it tomorrow. It's already so late. Let's go back first." Huo Ting looked at his watch. It was already nine o'clock.

According to the time agreed upon by Xia Jinqi and Yan Jun, there was only one hour left.

It was not enough to go back to Rao city. Moreover, Xia Jinqi's current condition was not very good. She had not eaten anything and had stayed in the pit for such a long time. Huo Ting was afraid that she would not be able to hold on.

Li Jie paused and looked at the distant mountain again. His heart was filled with anxiety. However, Huo Ting was right. It was already late. If they went, the three of them would not be able to dig anything out.

In short, it would be good if they could find it.

"Okay." Li Jie thought about it again and nodded.

The two of them were ready to leave, but Xia Jinqi was stunned on the spot. She stared blankly at the trap that trapped her and Huo Ting.

"What are you looking at, girl? Let's go! If we don't go back, Yan Jun will have to look for you everywhere!" Huo Ting called her half-jokingly.

### **Chapter 1126: Women Need to be protected**

Xia Jinqi frowned. "Some of the pine needles in the pit are still green. It's obvious that someone recently let them in. There are also people making traps in this wilderness?"

Hearing this, Huo Ting also frowned. He squatted down and looked at the big pit. "maybe the farmers nearby want to come and hunt."

"There's a sign of a military important place outside. which farmer dares to come in?" Xia Jinqi shook her head, and her expression became serious. "Erhuo, is it possible that Lu Yiming's people put this here? So we can know if there's an intruder?"

"... this, it's not impossible." Huo Ting's expression suddenly darkened ...

If that was really the case, then it meant that there were people patrolling the area frequently?

In fact, ever since the 47th division left, no one in the outside world had paid attention to this place.

Who would think about this place all day long?

Not only did they think about it, they even deliberately dug pits and set traps every now and then.

If they weren't hunters, then they were people who had ulterior motives.

Were they afraid that outsiders would discover some secret?

"restore this trap," Huo Ting said as his hands began to move.

He still roughly remembered the appearance of this trap, so it was not difficult to make it realistic.

Xia Jinqi also joined in. The three of them worked together and quickly restored the trap.

Just as they finished doing all this, a group of people suddenly moved not far in front of them. At the same time, the sound of running footsteps could be heard!

“Who is it!” Xia Jinqi shouted loudly, and a gust of wind flew past her!

In the blink of an eye, Li Jie had already rushed out. He was as fast as lightning, so fast that Xia Jinqi could not even see his back clearly!

She couldn't help but be stunned for a moment. This Li Jie, whether it was his speed, strength, endurance, or attack power, they all felt that he was top-notch!

Xia Jinqi suddenly turned around to look at Huo Ting. “Such a powerful person, why don't you stay by your side?”

“women need to be protected,” Huo Ting glanced at her and answered in a very annoying manner.

Xia Jinqi, “...”

Huo Ting didn't continue. Instead, he turned to look at the group of people in front of him who had been dragged out by Li Jie's collar.

There was almost no sound of fighting, and it was settled in the blink of an eye.

This meant that the disparity in strength between the two parties was huge. The weaker party did not even have the time to struggle and scream for help before they were captured.

Xia Jinqi looked at Li Jie's cold and murderous face. Suddenly, she rubbed the goosebumps on her arms...  
...

This was a true powerhouse.

When Li Jie got closer, Xia Jinqi finally saw clearly that the person who was strangled by him was a skinny man in his thirties.

He had a buzz cut and dark skin. The bones on his cheeks were very large, but he was very thin and had some characteristics.

After he was captured, he did not even beg for mercy or cry for help. He gritted his teeth and glared at Xia Jinqi and the other two angrily.

It was obvious that he was not a hunter who lived around here, nor was he an ordinary commoner. He had been trained and at least had a strong mind.

Li Jie threw him to the ground, and the man was lying on the ground. Li Jie kicked him again before he sat up.

Huo Ting glanced at him. “Who are you?”

“...”the man did not answer. He had a blank expression and looked like he could do anything to him.

However, before he could persist on with this expression, Li Jie had already raised his leg and stepped on the man's hand that was supporting him on the ground.

“Ah!” The sudden sharp pain caused the man to instantly open his mouth wide and let out a blood-curdling scream!

With his cry, the originally quiet valley floor was once again in an uproar. The flock of birds flew up, and the cries of crows could be heard from time to time!

### **Chapter 1127: If she missed she would definitely regret it!**

However, Li Jie turned a deaf ear to it. His expression did not change as he increased his strength. He did not show the slightest bit of softness.

Xia Jinqi could not stand it as she looked at him. She averted her gaze.

The man really could not stand the pain anymore. Only then did he finally start to beg for mercy. "I'll talk, I'll talk... I'm the hunter around here..."

When he spoke, the strength under Li Jie's feet clearly loosened a little.

However, Huo Ting said, "the hunter will run when he sees us? Looking at you just now, you haven't received more than a few years of training. How can you have this kind of endurance?"

"..."The man was silent. He didn't expect to be seen through with just one look.

Seeing this, Li Jie's foot began to exert more strength. "Tell me! Who Are you?!"

"AHHHHH!" The man screamed again, his voice was several times more miserable than before!

His hand, which had already been stepped on, was now even more injured. One could imagine the pain!

When a person's sense of pain reached a certain level, they would lose their rationality and find it difficult to remain calm.

"I was ordered to patrol the mountain here..." the man said in pain.

"whose life?"

"Qu... Qu Yang..."

The moment he heard the name, a cold smile appeared in Huo Ting's eyes.

Only then did Li Jie lift his leg. The man immediately hugged his hand, his ferocious face trembling on the ground.

Xia Jinqi didn't know who Qu Yang was, so she asked, "Qu Yang? Someone from the Discipline Commission?"

Huo Ting shook his head. "He's Lu Yiming's confidant."

"His confidant sent people to guard this empty valley. It's obvious that there's some secret hidden here!" Xia Jinqi sneered and turned to look at the mountain behind her, her watery eyes narrowing.

Hearing this, Li Jie kicked the man on the ground again. "What are you guarding here for?"

"I don't know... he only said, don't let outsiders get close..." the man answered weakly ...

Not Letting outsiders get close meant that the bones inside might not have been moved yet.

Xia Jinqi turned to look at Huo Ting, who happened to be looking at her as well.

“You want to bring people here to dig right now?” Huo Ting asked her.

Xia Jinqi nodded, her eyes very determined. “It’ll save us a lot of trouble.”

Qu Yang had sent people to guard this place, which meant that he had always cared about this place.

It was not easy for him to come here. If he left tonight, who knew what would happen when he woke up the next morning.

Huo Ting was silent for a moment, and his expression was a little solemn. “It’s easy to find people, but if nothing is found, not only will we alert the snake, but we will also attract Lu Yiming’s crazy revenge.”

Imagine a poisonous snake whose tail had been stepped on, its first reaction would be to turn around and bite the enemy.

Lu Yiming was a crazy person. Who knew what kind of cruel and terrifying things he could do.

Xia Jinqi certainly knew this, but such a great opportunity was right in front of her eyes. If she missed it because of the fear in her heart, she would definitely regret it!

Gritting her teeth slightly, Xia Jinqi turned around to look at Li Jie. “Are you sure that there’s a place in your memory?”

“Yes.” Li Jie nodded.

“That’s good. I’ll get LEGO’s people to come over. If they find anything, that’s best. If not, we’ll leave quietly.” Xia Jinqi made up her mind.

This seemed to be the safest way at the moment.

Huo Ting didn’t object, but he still frowned. “If you don’t go back tonight, I’m afraid you’ll arouse Lu Yiming’s suspicion.”

“He’ll know who I am sooner or later. Only by catching him will we be able to balance him.” Xia Jinqi looked straight into Huo Ting’s eyes.

### **Chapter 1128: Why is the chairman always so low-key?**

From the moment she made up her mind to come back, Xia Jinqi had already mentally prepared herself.

She was not afraid of her identity being discovered, nor was she afraid of death. She was only afraid that when things really happened, she would still be a fish on the chopping board, waiting to be slaughtered.

Yan Jun had taught her to learn how to stack the chips in her hands.

Only in this way would others not dare to wantonly humiliate her.

Huo Ting saw that Xia Jinqi was serious. He hesitated, but still nodded. “Okay, I’ll do as you say.”

Xia Jinqi curled her lips and called Ling Yue.

When Ling Yue heard that Xia Jinqi wanted a maid, she said, “chairman, there are many people tonight! There are 600 people in the club, are they all going? !”

Xia Jinqi, “...”

As expected, Ling Yue did not disappoint her. The number of people she could call was increasing... ..

However, there was no need for so many people tonight.

“Bring 50 people over and leave the city quietly. Don’t make too much of a fuss. ”

“It’s only 50... isn’t it too little for the chairman? That would be too undignified! ” Ling Yue was still obsessed with the big scene of a few hundred people ! !

She just didn’t know why the chairman was always so low-key?

Having more people would give one AN IMPOSING AURA!

“... 50 is enough, come over quickly.”Xia Jinqi pinched the space between her brows and emphasized the number 50 ...

She recalled how she didn’t clearly say how many people she would bring that day, but in the end, Ling Yue directly rebuked her for the scene of more than 200 people standing below Zuo Xiaoran’s house... ..

This time, she learned her lesson.

“...”

9:45 pm.

Rao City.

In the hall of the Academic Summit.

Everyone was still in the same state as in the afternoon.

The people who came to participate in the summit were surrounded in the center. The outer layer was armed police with guns. The exit of the hall was completely sealed off.

Among the crowd, the leader, Yan Jun, sat alone on a chair with his eyes closed to rest.

The people below did not know if Yan Jun had fallen asleep just like that, but no one dared to ask.

Everyone stood obediently until their calves and stomachs cramped. They could only grit their teeth and continue to persevere. No one had any complaints!

Opposite Yan Jun, Lu Yiming was also sitting on a chair.

His backbone only lasted for three hours, and then he inevitably sat down.

He gritted his teeth and stared fiercely at Yan Jun who was resting with his eyes closed. He really wanted to tear him into pieces and EAT HIM WITH CHILI!

He was a dignified member of parliament, the next presidential candidate, but he was trapped here for several hours!

“Qu Yang, I want to kill him now!” Lu Yiming squeezed out these words from between his teeth while grinding his teeth.

Qu Yang’s legs were so numb that he almost lost consciousness... ..

Hearing Lu Yiming’s words, he hurriedly bent down and advised in a low voice, “you are now a member of parliament and a role model for everyone here. If you leave rashly or do anything, you will be criticized by these people.”

Qu Yang could finally see that the people at the summit were actually the witnesses that Yan Jun had found.

If Lu Yiming caused any trouble, these people would immediately use ‘is this how presidential candidates look like?’ As an excuse to attack Lu Yiming and criticize him.

In other words, he was actually an idol burden.

Lu Yiming had not taken over yet, and now was the time for him to accumulate popularity. At this time, if he did not share the joys and sorrows with everyone, how could he win over the hearts of the people?

Lu Yiming himself knew this, which was why he was at the mercy of Yan Jun and sat there for so many hours!!!

#### **Chapter 1129: I’m just returning a tooth for a tooth**

He clenched his teeth even tighter.

Lu Yiming even wanted to eat Yan Jun’s soul now!!!

The scene continued to ferment in such an awkward situation.

Yan Jun was still closing his eyes and taking a nap.

His sitting posture was very upright, but his upper body was gently leaning against the edge of the chair.

Even so, the powerful aura emanating from his body was still not to be underestimated!

After a long time.

Wen Tao, who was standing next to Yan Jun, looked at his watch, leaned over to Yan Jun’s ear, and whispered, “second young master, it’s 10 o’clock.”

Hearing that, Yan Jun slowly opened his eyes and looked at the opposite side.

Sparks seemed to be starting to appear on Lu Yiming’s head.

He curled his thin lips in satisfaction, and a clear and moist voice came out from his lips. “Tell them to retreat.”

Wen Tao nodded and turned to look at the person-in-charge who had been present all along. Then, he went over to the armed police and gave a signal.

After that, the person-in-charge walked to the center and said in a clear voice, “the investigation has been completed. No dangerous people have been found. Thank you for your hard work. Now, you can leave the scene in an orderly manner.”

With that said, the person in charge retreated to the side, and the armed police also retreated.

The people in the scene did not say anything and obediently left the scene.

When they left, no one dared to roll their eyes at Yan Jun or complain about the big blunder today.

It was as if everything was taken for granted.

Although everyone knew in their hearts that there were no dangerous people today, it was just that the big king of hell found an excuse to mess with Lu Yiming.

Presumably, the matter of the Yan group being suspended had been held in grudge by Yan Jun, right?

Lu Yiming deserved to be avenged, and they all suffered as well.

Many people glared at Lu Yiming when they left, expressing their dissatisfaction with him! ! !

When almost everyone had left, Lu Yiming slowly stood up and walked to Yan Jun..

“Good, you’re very good... you actually set a trap for me?” Lu Yiming said angrily, his eyes full of murderous intent, locking Yan Jun firmly ...

God knows how much he wanted to swallow this person in front of him alive!

Yan Jun met Lu Yiming’s gaze indifferently. His deep black eyes were filled with an eerie coldness. “I’m just returning a tooth for a tooth.” **noVe.lb)1n**

Lu Yiming frowned and quickly understood the deep meaning in Yan Jun’s eyes. “You want to fight with me? I’m a member of parliament, and you’re just a businessman who does business separately. Use An egg to strike a stone!”

In fact, Yan Jun’s actions tonight were already very clear.

He had already started a war with Lu Yiming from the front, and tonight, it was just an appetizer.

“Do you think that I would put a small member of parliament in my eyes?” Yan Jun sneered, squinting at Lu Yiming for a moment. His eyes were full of sarcasm and disdain.

So what if he was a member of parliament?

Tonight, if Yan Jun didn’t say anything, he wouldn’t be able to leave!

“You!” Lu Yiming rushed up a few steps. Just as he was about to make a move, Qu Yang hugged him tightly, “Mr. Lu! DON’T BE RASH!”

“Let go!” Lu Yiming kicked Qu Yang in anger, and his eyes that were staring at Yan Jun began to fill with blood!

“Sir! You still have a lot of official business to deal with. Go back first!” Qu Yang Hugged Lu Yiming and dragged him out desperately.

Lu Yiming was dragged away just like that.

Yan Jun sat on the chair as steady as Mount Tai. Looking at Lu Yiming who was gradually dragged away, his cold eyes narrowed.

Wen Tao also looked at Lu Yiming who had disappeared at the door. He sighed happily, "I have long disliked this person. Today, I finally got my revenge!"

### **Chapter 1130: was put under house arrest**

After saying that, Wen Tao frowned again and looked at Yan Jun worriedly. "Second Young Master, aren't you afraid that he will hold a grudge against you and take the opportunity to take revenge?"

At that time, Yan Jun had already stood up. His right hand was buttoning a button on his suit, and his eyes were cold. "I'm waiting for his revenge."

Wen Tao's brows were raised high, and he stared at Yan Jun in surprise. After a moment, he asked excitedly, "there's good news?"

Yan Jun nodded and walked out. "Tomorrow, the stock of the group will resume trading. Go back and prepare to announce the merger agreement with the subsidiary companies of the Quan Corporation."

"..."Wen Tao was stunned for a moment. The shares had resumed trading so soon?

When he looked up again, Yan Jun had already walked far away. He hurriedly followed.

There was indeed good news.

"..."

Underground parking lot.

Lu Yiming kicked the tires of the Land Rover, as if he wanted to vent out all the pent-up anger that he had been holding in this afternoon!

The Poor Land Rover was kicked so hard that the sound of burglary alarms sounded. In the empty and quiet underground parking lot, it was particularly ear-piercing.

"Damn it! Damn it! Damn it!" Lu Yiming roared, his hands smashing onto the hood!

Qu Yang stood at the side and did not stop him. He just waited for Lu Yiming to vent.

After an unknown amount of time, after Lu Yiming finished smashing, he noticed Qu Yang next to him.

He walked over and grabbed Qu Yang's shoulders heavily. His eyes were red. "I want to kill him! Qu Yang, kill him for me!"

Qu Yang was already used to the situation in front of him.

Every time Lu Yiming was so irritable that he could not control himself, he would want to kill everyone who was an eyesore to him.

“after tonight’s incident, if he suddenly dies, everyone will suspect you, sir. ” Qu Yang calmly analyzed for Lu Yiming.

Fortunately, Lu Yiming had brought Qu Yang with him today. If he had brought Cui Ziyang with him, Cui Ziyang would probably have added fuel to the fire at the summit just now, completely igniting Lu Yiming’s anger.

Qu Yang’s talent was not outstanding, but he was well-behaved, neither servile nor overbearing.

Of course, Lu Yiming knew about this, but his mood was volatile, even he could not control it!

With Qu Yang by his side to adjust, he could recover quickly.

Taking a deep breath, Lu Yiming restrained his previous irascibility and returned to his usual calm self-control.

“He knows about Wen Qing, but he still dares to do this! It seems that Wen Qing is no longer of any use. I have to think about it again. What else can I do...”

Qu Yang pondered for a moment and suddenly remembered something. “Sir, I heard that Fang Zemin has locked his son up at home. ”

“Oh? Why? ? ” Lu Yiming was interested and looked back at Qu Yang.

“I don’t know the exact situation, but it should be quite serious. Fang Shaoan is now under house arrest, ” Qu Yang said.

“under house arrest... ” Lu Yiming muttered. He remembered that Fang Shaoan often hung out with Yan Jun. ?

He should know a lot of secrets about Yan Jun. He might even know where Xia Jinqi was!

Didn’t that old man Fang Zemin join his camp now?

Then, they should be on the same boat.

Thinking of this, Lu Yiming smiled wickedly. “Let’s go to the Fang family. ”

Yan Jun, Oh Yan Jun, you want to fight with me?

Then let’s start with the people around you and destroy them one by one.
