

Trick Me 1151

Chapter 1151: When you wake up, everything will be fine.

But now that Wen Qing was fine, Ben did not understand why Yan Jun still asked this question?

“What do you want to do?” Ben frowned at him.

Yan Jun narrowed his eyes. “Can you mass produce the antidote?”

“This... in theory, there should be no problem. But what I want to know is, why do you mass produce the antidote?” Ben instinctively sensed that things might not be as simple as he imagined ...

Moreover, Yan Jun was a person who never did useless things.

He must have had a reason for thinking of doing this.

Yan Jun was silent for a moment, and his eyes became deep. “since the other party has developed this neurotoxin, there will be a day when it will come in handy. It is not bad to prepare in advance to prevent a disaster.”

The drug came from Lu Yiming.

Ben had also said before that there was no record of a match with this neurotoxin in the world’s big database.

The Circle was small to begin with, so if it couldn’t be found, it proved that it was the latest research and development.

To think about it simply, Lu Yiming only wanted to use Wen Qing to pin down Yan Jun and find out Xia Jinqi’s whereabouts.

However, if one were to think about it further, Lu Yiming had someone who could produce this neurotoxin by his side.

The cycle of producing a toxin was not short, and it required a lot of manpower and material resources. Therefore, since Lu Yiming had this drug, it was impossible for him to only use it once.

After sensing this possibility, Yan Jun had already begun to take precautions.

Only then did Ben completely understand Yan Jun’s meaning, but there was a difficult problem in front of him. “Mass production is not impossible, but I need an expert in the field of drug manufacturing. Some data still needs to be checked repeatedly.”

“An expert in the field of drug manufacturing?” Yan Jun raised his eyebrows, and a suitable candidate immediately appeared in his mind. His thin lips curved slightly as he said with a smile, “I’ll send it to you this afternoon.”

Didn’t one of the Li family’s brothers happen to specialize in drug manufacturing?

Poison gas bullets, nerve toxins, they were all said to be very good at it.

After Yan Jun finished speaking, he did not stay any longer and left.

He still had to rush back to the group to prepare for the resumption of trading at the securities firm.

After Yan Jun left, Ben turned around and sat beside Wen Qing's bed.

She was still sleeping quietly. She was very gentle and did not look as fierce and terrifying as before.

Ben held her hand tightly in his own palm.

His deep blue eyes, which were like the sea, were always gazing at her with love.

He brushed away a strand of hair from her forehead and murmured softly, "Ah Qing, when you wake up, everything will be better."

"..."

Lu family's official residence.

After Lu Yiming returned from the Fang family last night, he ordered people to search the entire city for the whereabouts of the LEGO leader.

If they couldn't find Xia Jinqi, it should be easier to find the LEGO leader, right?

Who knew that after waiting excitedly for a whole night, all the news they received was that they couldn't find her.

Councilman Lu was very angry and his expression was very ugly. The consequences were very serious!

"Trash! Didn't we still have news about her yesterday? Why can't we find her now?!"

Could it be that she already knew about the news midway and ran away overnight?

Regarding this, Li Kun's answer to Lu Yiming was, "this Lego leader has always been mysterious. Before she appeared in public, no one could find her whereabouts. No one knew either. So she's actually a woman?"

Last night, when Lu Yiming excitedly asked Li Kun to find the leader of Lego for him and said that the leader of Lego was Xia Jinqi, Li Kun was really surprised.

Chapter 1152: I'll go personally!

To be honest, even now, he still didn't believe it.

Lu Yiming didn't doubt it at all. He even maintained a high degree of excitement. "I guess even Lego's people don't know that she's actually a woman! Xia Jinqi, AH, Xia Jinqi, only you can do such a thing!"

Such a unique and different person. No Wonder Yan Jun had such a deep affection for her!

Not to mention Yan Jun, even he was beginning to be interested in this woman!

And once it was what he wanted, he had never failed!

“inform the Road Political Bureau. The entire city is under martial law. Set up checkpoints on every road. Don’t let her get away!” Lu Yiming emphasized. Looking at his appearance, he couldn’t wait to see Xia Jinqi.

“Yes.” Li Kun didn’t say anything more. He turned around and was about to leave.

At the same time, Cui ziyan rushed in from the door. “Sir, we’ve found Xia Tian’s whereabouts.”

As he said that, he handed a piece of A4 paper to Lu Yiming. “Ten minutes ago, at the Red Light Junction at the North Gate, the surveillance camera took this photo.”

Lu Yiming focused his eyes and saw Xia Jinqi in a black Volkswagen.

He immediately curled his lips and smiled evilly. “Go, bring her back!”

“Yes!” Cui ziyan smiled obsequiously and nodded, preparing to leave.

However, he had only taken two steps when Lu Yiming stopped him. “wait, I’LL GO MYSELF!”

With that, he floated out of the door like the wind.

Cui Ziyang returned to his senses and chased after him, coincidentally bumping into Qu Yang who was about to enter the door.

Qu Yang saw Lu Yiming running out of the room. He called out but no one answered. At this time, he could only grab Cui Ziyang and ask, “what happened so urgently?”

“other than that person, who else could make Sir so anxious?” Cui Ziyang broke free from Qu Yang’s hand and ran away in the blink of an eye.

Qu Yang, who was left, stood rooted to the ground with a bad look on his face.

Li Kun looked at him and walked over. He asked, “What’s wrong?”

Qu Yang heard him and said in a deep voice, “Zhu Zhiwen gave the order, and the people from the Bureau of Industry and Commerce withdrew from the Yan group. Just five minutes ago, the Yan Group’s shares resumed trading, and they even announced a strategic partnership with the Quan Group to issue new shares. The market value has at least doubled!”

“Zhu Zhiwen has always been close to Xia Chuanxu. From the looks of it, he’s completely going to work for Xia Chuanxu.” Li Kun also frowned, realizing the seriousness of the matter.

“Yan Jun, this person, was previously ordered to suspend his shares for investigation. His expression didn’t change, and he didn’t do anything for such a long time. It turns out that he’s doing something behind the scenes!” Qu Yang said hatefully. He didn’t expect the situation to turn around.

And not only did they not destroy Yan Jun, they even gave him a wedding dress, allowing him to use the suspension this time to merge with other companies behind the scenes, joining forces to raise the share price.

Originally, it was a huge crisis for Li Kong. Everyone was sweating for Yan Jun. who knew that in a blink of an eye, in a short day, it would turn into a good thing.

Now, the shareholders were all overjoyed. They wantonly bought the Yan Group's shares. Some even went to the Yan Group'S BUILDING TO BURN INCENSE AND KNEEL DOWN!

Li Kun raised his eyebrows slightly. He did not seem to be very surprised by what Qu Yang said.

On the contrary, he casually said, "Yan Jun's ability is far more than that. Brother Qu, our enemies are much stronger than you think."

Chapter 1153: but Yan Jun was different

"..." Qu Yang was stunned. When he looked at Li Kun again, the space between his eyebrows was already slightly furrowed. "If Mr. Lu heard you say that, he would probably fly into a rage."

"This is the truth." Li Kun was not afraid at all. Yan Jun's ability was already obvious to everyone.

After saying this, Li Kun was about to leave. After taking two steps, he thought of something and turned back to look at Qu Yang. "I heard that Yan Jun trapped Mr. Lu in the summit for a few hours yesterday?"

Qu Yang, "..."

Li Kun continued to smile. "Even Xia Jitian can only claim to be sick and hide for the time being. But Yan Jun is different. He is Mr. Lu's formidable enemy."

What he meant was that even Xia Jitian did not dare to show his face at this time, but Yan Jun was fearless.

Whatever he wanted to do, whenever he wanted to do it, it was up to him to be happy. He did not need to see anyone's expression at all.

After Li Kun finished speaking, he looked deeply at Qu Yang before turning around and leaving completely.

Qu Yang, who was already in a daze, was left behind.

It had to be said that Li Kun's words were also somewhat reasonable.

Last night at the summit, he had personally witnessed Yan Jun's aura... ..

That kind of indifferent and indifferent words, and even a look, could intimidate the entire crowd!

Everyone was looking at his expression and doing things. If he did not move, no one under him would dare to say anything.

An emperor-like existence had the aura of a king!

How could an ordinary businessman have such boldness?

The more Qu Yang thought about it, the more the cold sweat on his back flowed down... ..

What Xia Jitian didn't dare to do, he could do easily.

What kind of existence was this man?

“ ... ”

In the north of the city.

Xia Jinqi and her group had just entered the main city when they were stopped by a group of cars.

Xia Jinqi looked ahead and asked Li Jie, “what’s going on? ”

As soon as she finished speaking, she saw Lu Yiming alighting from the black car in front of them.

He wasn’t standing too far away. When he looked at Xia Jinqi with his sinister gaze, Xia Jinqi couldn’t help but see the understanding and pride in his eyes.

Xia Jinqi’s heart skipped a beat, and she suddenly had an ominous premonition.

Could it be... ...

Huo Ting, who was sitting next to Xia Jinqi, also saw Lu Yiming, who was standing opposite her. His face darkened, and he became nervous. “How did he know we were here? ”

No matter what, Lu Yiming stopping them here meant that the next thing wouldn’t be so simple. n.-

Especially... Huo Ting turned around and looked at Xia Jinqi worriedly. “Girl... ”

Xia Jinqi knew what he wanted to say. She bit her lower teeth and narrowed her eyes at Lu Yiming, who was slowly walking toward her. She lowered her voice and said, “Erhuo, no matter who can leave later, go find help immediately. ”

Lu Yiming was coming aggressively, and the smile on his face was extremely strange. She guessed that Lu Yiming either knew that they had dug up the bones, or he was coming for her, and... ...

It was very likely that he already knew her identity.

If that was the case, then Huo Ting’s matter would not be settled. She had to at least ensure that Huo Ting could leave safely.

“What do you want to do? ” Huo Ting looked at Xia Jinqi’s tightly knitted eyebrows and vaguely sensed that something was not right.

Xia Jinqi did not answer because Lu Yiming had already walked over and knocked on Xia Jinqi’s car window.

The meaning was very simple. He wanted Xia Jinqi to get out of the car.

Xia Jinqi only smiled in understanding and reached out to open the car door.

Chapter 1154: already knew her identity

When Huo Ting saw this, he grabbed at Xia Jinqi with one hand and stopped her.

The action of opening the door immediately stopped.

Xia Jinqi looked back at Huo Ting and saw that he was frowning and looking at her worriedly.

Xia Jinqi smiled at him and told him not to worry, but the muscles on her face seemed to be a little stiff, and she couldn't bring herself to smile.

It was all because Huo Ting and Yan Jun had instilled in her so many perverted things that Lu Yiming had done and how terrifying he was.

Her heart was also feeling uneasy now.

Her palms were starting to sweat.

However, Huo Ting did not keep looking at Xia Jinqi. He slightly averted his gaze and looked at Lu Yiming, who was currently outside the car window, smiling coldly at him and Xia Jinqi... ..

"knock, knock..." Lu yiming knocked on the car window again. He was clearly a little impatient. n.-

Only then did Xia Jinqi take a deep breath and let go of Huo Ting's hand.

Huo Ting returned to his senses and looked at Xia Jinqi, only to see that she had already lowered the car window.

She did not get out of the car. She continued to sit in the car, her lips curling up as she looked at Lu Yiming outside the window.

"Sir, is there a problem?" She suppressed her voice and used her identity as Xia Tian to face Lu Yiming.

Outside the car, Lu Yiming listened to Xia Jinqi's unique voice, and his eyebrows almost rose to the sky.

He revealed a devilish smile, pretending that he did not see through Xia Jinqi's identity. "How could I have such a coincidence to meet Mr. Xia here? I wonder if I have the face to invite Mr. Xia for a cup of tea?"

Xia Jinqi smiled coldly. Just now, Lu Yiming clearly knew of their whereabouts and deliberately came to block them. Now, he was saying such polite words. It was really disgusting.

However, she did not expose him. Instead, she rejected him with a faint smile. "I'm sorry, I still have something to do. Let's drink tea another day."

Drink tea.

Since ancient times, very few people who were invited to drink tea had a good ending.

Lu Yiming's words really had some standards.

Hearing this woman so blatantly reject him, Lu Yiming's mood immediately became extremely unhappy.

However, he didn't express it at the first moment. The smile on his face was still the same. He even nodded slightly to show that he had heard Xia Jinqi's words.

All of this seemed very ordinary. He even thought that Lu Yiming was going to leave.

However, the moment Lu Yiming turned around, he suddenly raised his hand and made a gesture.

Seeing this, his subordinates immediately surrounded Xia Jinqi's car. They all took out their pistols and aimed at everyone in the car!

The air seemed to freeze at this moment.

The tense atmosphere instantly enveloped everyone present!

Xia Jinqi frowned slightly, but she still looked at Lu Yiming without changing her expression. "I wonder what Mr. Lu means by this?"

It was very strange.

On the day of the auction, Lu Yiming clearly didn't discover her identity, and she was so nervous that she wanted to die.

But now, as if she had guessed that Lu Yiming already knew her identity, Xia Jinqi wasn't afraid of anything.

It was a lie to begin with, and sooner or later, it would be exposed.

From the moment she lied, she had this realization.

At this moment, Lu Yiming had already unbuttoned his suit jacket. His hands were on his waist, and there was no smile on his face.

After hearing Xia Jinqi's words, he turned around and walked back to the car. He didn't look at Xia Jinqi. Instead, he looked straight at Huo Ting, who was in the car.

"during chief Huo's suspension, he went out on his own. He suspected that his motive was impure. Detain him and send him to the disciplinary committee."

Chapter 1155: In there are some people that you'd better not touch, or else you won't be able to bear the price

Lu Yiming's cold voice had a hint of drama in it. Lu Yiming said this casually and even looked back at Xia Jinqi in a very proud manner.

The meaning was very obvious. If Xia Jinqi didn't go with him, he was going to make an example out of Huo Ting.

Xia Jinqi stared at him for a moment and saw two words on his forehead.

Despicable.

Huo Ting, who was called out, was not afraid. He whispered to Xia Jinqi, "don't listen to him. Now is not the time for him to cover the sky with one hand. The Disciplinary Committee can't do anything to me."

As soon as Huo Ting finished speaking, Lu Yiming turned to look at Ling Yue and Li Jie, who were sitting in the front row. "these two are murderers who have been on the run for many years. When they were arrested, they resisted fiercely, openly attacked the police, and were executed on the spot."

Ling Yue's body stiffened. She had no criminal record at all, so it was impossible for her to be a murderer.

Lu Yiming said this, but it was just nonsense. He wanted to find an excuse to kill her and Li Jie!

As for Li Jie... ..

At this moment, he was already clenching his teeth, and a surging killing intent was surging in his chest!

It was Lu Yiming, the devil, who ruined his life and those of his two younger brothers!

They had parents, family, they could have studied, worked, married, had children... ..

But thanks to this animal outside the car door, they are now in this situation!

People not human, ghost not ghost, all day hiding in the bottom of the struggle of society!

How dare such a beast show off here!

Should have been chopped up and thrown into the pond to feed the crocodiles!

Xia Jinqi and Huo Ting both sensed the deep killing intent emanating from Li Jie's body at the same time, and it was still spreading!

Xia Jinqi gritted her teeth.

If she didn't do something, Li Jie would either be shot to death, or he would rush out to kill Lu Yiming and be shot to death!

Moreover, Ling Yue would also suffer. At that time, Huo Ting would also be sent to the disciplinary committee!

Lu Yiming had always been on guard against Huo Ting. He always wanted to find the evidence that Huo Ting had made a mistake, and then he would be able to catch huο ting in one fell swoop!

At this time, if huο ting was caught by him, it would be very difficult to get out!

As for her... ..

Forget it, I don't care!

Xia Jinqi reached out to open the car door, and at this moment, beside Huo Ting has taken the lead to get out of the car.

He stretched Lazily, with a Languid Air, and glanced casually at the people in front of him, his tone frivolous "Lu Yiming, take me away then take me away, why involve innocent people? I can tell you, some people you'd better not move, or the price you can not afford."

"Huo Ting!" Xia Jinqi called out to him and hurriedly followed him out of the car.

Seeing her come out, Huo Ting glanced at her indifferently again. "You Brat, how can you call me by my name? You said you wanted to drink, but you insisted on going to the farm outside the city to fish. Now that you've been caught, don't you think you've done a lot of harm?"

Deliberately alienating and making up a story at the last minute, every word of Huo Ting's was to conceal Xia Jinqi's identity and the relationship between them.

It was fine if Lu Yiming didn't know Xia Jinqi's identity. For LEGO's sake, he probably wouldn't do anything to her.

But if he knew her identity, then... ..

When Xia Jinqi heard him say this, she immediately understood what he meant. However, when she looked back at Lu Yiming, the look in his eyes made her particularly uncomfortable.

In the past, when she was Xia Jinqi, Lu Yiming had looked at her with such a look. It was no longer like the strange look at the auction that night.

Chapter 1156: actually brought her home?

Huo Ting's words were probably a waste of effort.

Thinking of this, Xia Jinqi stopped looking at Huo Ting. Instead, she turned around and said to Lu Yiming, "it's just a cup of tea. Mr. Lu, why do you need to go through so much trouble?"

"Oh? Are you agreeing to go with me?" Lu Yiming continued to raise his eyebrows. He seemed to be very satisfied with Xia Jinqi's understanding.

Before Xia Jinqi nodded, Huo Ting had already walked over and stood in front of Xia Jinqi. "Don't you have something to do later?"

He used his eyes to tell her that she must not go.

However, Xia Jinqi smiled and said, "you can do it another day. Mr. Lu has invited me, so I can't not go."

"You..." Huo Ting wanted to persuade her, but she took the initiative to lean over and whispered, "I have a secret weapon."

Then, she motioned for Huo Ting to look down at her hand.

After Huo Ting saw what she was holding in her hand, his eyes glazed over and he froze on the spot.

After a moment of absent-mindedness, Xia Jinqi had already bypassed him and walked towards Lu Yiming.

Lu Yiming was naturally very happy to welcome Xia Jinqi into the car.

When Huo Ting came back to his senses and wanted to stop Xia Jinqi again, he was stopped by Lu Yiming's men.

When Xia Jinqi was sitting in the car, she conveniently rolled down the car window and glanced at Huo Ting, full of deep meaning.

Huo Ting could see that she meant to ask him to quickly get help!

This girl!

She had always been like this!

She thought that she was omnipotent and that she would take responsibility for everything!

Did she even know who she was facing? ! !

After Lu Yiming's car left for a long time and made sure that Huo Ting and the others could not catch up, the people surrounding Huo Ting and the others followed and left.

Huo Ting gritted his teeth and rushed back to the car with a livid expression. "drive! Go to the City Hall!"

Li Jie did not say anything and immediately stepped on the accelerator and rushed to the city hall.

Ling Yue, who was sitting in the passenger seat, was already panicking. Her hands were tightly clenched together.

What to do, what to do, the chairman was taken away by Lu Yiming... ..

For a moment, she was so flustered that her lips were purplish green.

Li Jie glanced at her. "Don't panic. Calm down."

"..."Ling Yue turned around to look at him. She wasn't paying attention when she met a firm and calm gaze!

For some reason, her heart seemed to have been miraculously pacified.

She took a deep breath and really began to calm down.

Once she calmed down, her mind became clear. She immediately took out her phone and contacted the Lego elders to inform them that the chairman was in danger!

Huo Ting had already called Yan Jun in the car, but no one picked up!

Why couldn't he contact her at such an important time? ! !

Huo Ting punched the seat in the car. The veins on his forehead bulged and throbbed.

Damn it!

He actually watched as the girl was taken away and did nothing!

He always said that he wanted to protect the girl, but in the end, he wanted her to turn around and protect him! ~~no~~ ~~ve~~ ~~lb~~.In

What kind of protection was this!

Forty minutes later.

Lu Yiming's official residence.

A convoy returned to the courtyard.

The Moment Xia Jinqi alighted from the carriage, she began to size up her surroundings without batting an eyelid.

She had really guessed everywhere, but she had not expected Lu Yiming to actually bring her to his house?

What kind of plan was this pervert planning in his heart?

When he entered the house, he even turned around to ask Xia Jinqi, "what kind of tea do you like?"

"whatever," Xia Jinqi replied. The alarm bells all over her body were already ringing.

Chapter 1157: Xia Jinqi, you've made it so easy for me to find you!

Lu Yiming glanced at her and didn't say anything. He ordered the servants in the living room, "prepare tea."

Xia Jinqi frowned and observed the villa again.

There were bodyguards guarding inside and outside. It was obvious that Lu Yiming was a cautious and meticulous person.

However, since Xia Jinqi dared to come with him, she wasn't afraid that he would do anything to her!

Moreover, Huo Ting knew that she was taken away by Lu Yiming, so he would definitely think of a way to save her.

She just needed to think of a way to ensure her own safety and stall for time. There was nothing else to be afraid of.

With this thought in mind, Xia Jinqi took another deep breath and followed Lu Yiming upstairs calmly.

It was as if she was going to her friend's house. Xia Jinqi even had the leisure to admire it, especially when she saw Lu Yiming's large study room. She was inspired "This House is in a good location. Mr. Lu must have spent a lot of money to buy it, right?"

When Lu Yiming heard Xia Jinqi's words, he paused in his steps. He was surprised by her calmness, her calmness in handling things, and... .. Her flawless acting skills and dual-voiced voice ... *nove.Lb-1n*

She was really capable. She could put in so much effort in everything she did, and she could even pretend to be a man so well!

And such an interesting person was right in front of him now!

This was his territory, and he could do whatever he wanted... ..

Lu Yiming's mood immediately improved. He teased himself, "I'm sorry, I don't dare to show off my skills in front of Lego with such a small family background."

After chatting for a while, the maid brought a cup of flower tea to Xia Jinqi.

"..."Xia Jinqi didn't take a SIP, and her expression changed slightly.

It was actually flower tea.

Only ordinary women liked it.

However, Lu Yiming deliberately arranged it this way. Could it be... ..

Subconsciously, she looked up coldly, only to see Lu Yiming sitting opposite her staring at her with interest and a smile on his lips. "Why aren't you drinking?"

"Mr. Lu, what do you mean by this?" Xia Jinqi didn't answer but asked instead, her eyes gradually showing sharpness.

Lu Yiming continued to smile, a pair of malicious eyes, up and down sizing up Xia Jinqi.

Look at her dress. She looks like a teenager.

It's just a shame they actually cut her hair.

But compared with before, it is another kind of beauty, with the same charming charm.

I'm sorry, I'm sorry, I'm sorry, I'm sorry

He began to murmur, do not know how, suddenly thought of such a poem.

Xia Jinqi narrowed her eyes, on Lu Yiming's line of sight, not afraid, Dai Mei tight lock, imposing manner awe-inspiring.

"It's really different..." Lu Yiming continued to size her up. His mind had already automatically compared the current her to the previous her. Then, he changed the topic. "Xia Jinqi, you made it so easy for me to find you!"

Xia Jinqi, "..."

As expected, he had seen through his identity.

Moreover, he should have only found out recently. Otherwise, he would not have been so anxious to stop her on the street.

In that case, he should not have known that the bones in the mountain area had already been dug up?

Fortunately, she still had a chance to turn the tables.

Thinking of this, Xia Jinqi smiled at Lu Yiming and said in her original voice, "Mr. Lu, you have good eyesight. You finally recognized me."

Her words were clearly praising Lu Yiming, but in fact, she was mocking him for not recognizing her. She had sat beside him at the auction and he hadn't recognized her.

Chapter 1158: I want your heart, do you want to give it to me? "

Lu Yiming's eyes froze. Being ridiculed by a woman like this, he felt a little embarrassed.

But he didn't get angry. Anyway, she was already in front of him, so he could only show off his eloquence.

He immediately leaned back into the chair and admired Xia Jinqi as if she was his prey. "You don't seem surprised that I recognized you at all?"

"Should I be surprised?" The smile on Xia Jinqi's lips didn't diminish. She looked straight into Lu Yiming's eyes without a trace of fear.

This was something that would happen sooner or later. There was really nothing to be surprised about.

Xia Jinqi was not surprised at all, but Lu Yiming was surprised... ..

"You are Xia Jitian's daughter, Yan Jun's wife, and Huo Ting's good friend. Aren't you afraid that I will kill you?" He looked at her meaningfully, his right hand habitually turning the ring on his left hand.

Now that things had come to this, how could she not change her expression when she saw him again?

Speaking of death, Xia Jinqi was obviously afraid.

But if she was afraid, would Lu Yiming not capture her?

Obviously not.

Therefore, she learned to be brave and learn not to be afraid.

Moreover, it was not like she did not have any chips in her hands.

"You invited me here just to kill me?" Xia Jinqi deliberately emphasized the word 'invite'.

She was reminding Lu Yiming that he had brought her back in front of many people.

Once she died, he would be the biggest suspect.

A glamorous presidential candidate becoming a murderer in the blink of an eye, this was probably a little too explosive.

When Lu Yiming heard Xia Jinqi's guess, the smile on his lips became even more bewitching.

He stood up and walked to Xia Jinqi. He leaned against the desk and lowered his body to look at her. "I want your heart. Will you give it to me?"

Xia Jinqi looked into his eyes and did not say anything.

After a moment, her gaze fell on the gem ring on Lu Yiming's left hand.

She asked curiously, "Why isn't Mrs. Lu at home?"

She had been here for a long time, but she had not seen a female owner.

Lu Yiming's expression froze slightly. Obviously, he did not expect Xia Jinqi to suddenly change the topic. Moreover, the words 'Mrs. Lu' had turned into sharp blades and pierced through his chest in the blink of an eye!

His body leaned forward, and his right hand quickly grabbed Xia Jinqi's jaw and squeezed it tightly!

"Don't try to speculate about my matter!" He shouted sternly. He was like a lion whose tail had been stepped on, and he was abnormally furious.

Xia Jinqi moved her head, but she found that she could not break free at all!

Immediately, she stopped struggling in vain and sneered. "Did I hit your sore spot? So... You were abandoned by your wife?"

"I told you to stop talking!" Lu Yiming suddenly lost control of his emotions. He pulled Xia Jinqi up from the chair, grabbed her shoulders, and pulled her in front of him. His blood-red eyes stared at her "Don't worry, I won't let you die. I will only make your life worse than death!"

Xia Jinqi's shoulders immediately felt a sharp pain!

She seemed to hear the sound of friction coming from Lu Yiming's hands squeezing her bones!

Her forehead immediately broke out into fine beads of sweat from the pain!

But even so, she refused to LET HERSELF MOAN!

Showing weakness in front of the enemy would not get any sympathy. Instead, it would incite the enemy's desire to hurt!

The more he cried out in pain, the more he begged for mercy, and the more he would be tortured!

Lu Yiming's strength did not decrease, but he could not wait for Xia Jinqi to beg for mercy. He could not suppress the fury in his heart and said wickedly, "beg me! If you beg, I'll let you go!"

Chapter 1159: if you're not afraid of the living, then what about the dead?

"..."Xia Jinqi clenched her teeth even tighter and glared at him even more stubbornly.

As time passed, Lu Yiming didn't receive any pleasure in return. He immediately felt bored and threw Xia Jinqi back into the chair. "How boring!"

It wasn't fun to hold something that didn't know how to move or scream!

Xia Jinqi fell down heavily. Her arms were already numb from the pain. Even a slight movement would shake her bones. It was so painful that she wished she was dead!

She gritted her teeth and forced herself to endure it. She had to endure it... ..

However, Lu Yiming quickly turned around and glanced at Xia Jinqi from head to toe. His gaze became wretched. n))o..v).e/)-{lb((1--n

He reached out and lifted her chin, forcing her to look at him. "You're really smart. You can actually see through my preferences?"

He didn't notice it just now, but when he saw her large eyes, he suddenly reacted.

She deliberately endured it and didn't say a word, so as to wear down his excitement?

Ha, I have to say, this move of hers was indeed well done.

“Xia Jinqi, I’m really more and more reluctant to kill you... why don’t I chop off your legs and keep you by my side?” He suddenly spoke, his tone full of teasing ...

If others heard it, they would definitely think that he was joking.

However, Xia Jinqi knew that he was serious, and very serious!

Chop off her legs, he would definitely do such a thing!

She immediately held her breath. Xia Jinqi was almost shocked by the death aura that spread out from his eyes... ..

For a second, an incomparably crazy thought suddenly appeared in Xia Jinqi’s mind!

She wanted to know what kind of past did this person in front of her, or rather, this pervert in front of her, have?

At the beginning, a person’s nature was good.

What exactly turned him into a devil, and what made him do everything?

“Lu Yiming, do you really think that you have the upper hand and can do whatever you want?” Xia Jinqi looked at him and suddenly sneered.

Lu Yiming looked at the extremely sarcastic smile on her lips, and his mood immediately became extremely bad. He asked her back.. “Isn’t that so? ! Yan Jun’s company was suspended, Huo Ting was suspended, and Xia Jitian, that cowardly old turtle, was even hiding and didn’t dare to come out! In Rao city, what do I have to be afraid of? !”

Even Fang Zemin from the Security Department had submitted to him!

It was precisely because of this that Lu Yiming dared to openly take Xia Jinqi away!

The day when he could cover the sky with one hand had arrived!

“You’re not afraid of the living, but what about the dead?” The smile on Xia Jinqi’s face was extremely cold, like a pile of ice and snow, emitting a cold air.

Lu Yiming’s black eyes paused, looking at her. “What do you mean?”

Xia Jinqi immediately took out a photo and placed it in front of Lu Yiming. “Do you still remember this place?”

That was the topographic map that she had taken out from the records of the original 47th division, which was also the place that Li Jie had recognized.

Of course, Lu Yiming knew what that place was. His body immediately stiffened. He no longer had the arrogance from before, as if he had been hit in the head by someone!

However, he quickly came back to his senses and could not reveal the slightest bit of inappropriateness. He then looked at Xia Jinqi coldly and sneered. “I’ve never seen it before!”

“Is that so...” Xia Jinqi smiled and took back the photo. She knew that Lu Yiming wouldn’t admit it, but she didn’t care. She just said her own words, “Lu Yiming, you know best what you’ve done. Aren’t you curious why I dared to come back with you?”

Chapter 1160: yan Jun’s beautiful comeback

I dare to come here because I have chips in my hand. Otherwise, do you think I’m stupid enough to come here and throw my life away? There are a lot of white bones buried under the land in the photo... .. Tell me, if people knew that a dignified member of parliament actually did such a heinous thing, would they still choose you as the president?”

At the end of her speech, Xia Jinqi deliberately slowed down her speed of speech. As she spoke, she admired Lu Yiming’s current expression, which was similar to that of a pig’s liver.

“...”

This time, it was Lu Yiming’s turn to be speechless.

He lowered his gaze and restrained his aura. The gaze he used to look at Xia Jinqi became sinister and terrifying, and a heavy killing intent instantly gushed out!

Xia Jinqi knew that he definitely had the intention to kill her. If he wanted to kill her, he would be silencing her!

But... Things were not that simple ...

“If I don’t leave within an hour, Huo Ting will report you with the evidence in his hands. You can kill one of me, but can you kill everyone who knows about this? !”

Xia Jinqi deliberately raised her voice in order to intimidate Lu Yiming!

However, Lu Yiming had been through a lot.

The shock of seeing the photo at the beginning had been mostly digested by him.

He quickly composed himself, crossed his arms in front of his chest, and smiled indifferently. “Xia Jinqi, what are you talking about? I don’t understand at all. As for what bones you’re talking about, I don’t know anything at all. ”

The incident from back then had been wiped clean after he was transferred from the Disciplinary Committee. It was impossible that anyone else knew about it!

The reason why Xia Jinqi said all this was most likely because she had heard it from the Li brothers!

Even if the Li brothers still remembered the exact location where they had stayed back then, they had no idea who the person in charge of this matter was.

He had never shown his face in the entire incident, so no matter how they investigated, they could not find anything on HIM IN THE END!

So no matter what Xia Jinqi said, he just had to deny everything!

“You also need evidence to frame someone. Where’s your evidence?” Lu Yiming smiled contemptuously. He had long concluded that Xia Jinqi would never be able to produce evidence!

In reality, Xia Jinqi only had one witness. Moreover, Li Jie himself was a murderer who had been wanted by the police for many years. His testimony... ..

Just as he was thinking of making up something to scare Lu Yiming, there was a knock on the door from outside.

“knock knock knock... Mr. Lu, it’s an emergency!”

Li Kun knocked on the door and did not wait. He found that the door was not locked and immediately pushed the door open and entered.

He walked quickly to Lu Yiming and Li Kun said anxiously, “Mr. Lu, the Yan Group’s shares have recovered!”

Lu Yiming wanted to scold him for not waiting for a response before coming in. He didn’t know the rules!

But when he heard him say that, he immediately frowned. “When did this happen?”

“It was just announced this morning!” Li Kun didn’t explain. He directly took the remote control on the table and turned on the television hanging on the wall. He found the television station that was broadcasting the news.

“At 9 a.m. Sharp, the securities firm announced the resumption of the Yan group’s shares. The person in charge of the Yan Group, Yan Jun, also said later that the previous suspension was the group’s stock reform. He also confirmed that he had reached a strategic cooperation agreement with the largest compound-type group in the country, the Quan Group. In the next five years, they will be closely cooperating and working together to create a net turnover of over a trillion yuan. The reporters at the scene also preliminarily understand that after the stock reform of Yan group this time, the earnings of shares will increase exponentially. Yan Jun himself may be ranked in the top ten of Forbes’ Global Rich List!”
