

## Trick Me 1161

### Chapter 1161: The forbearance before was just to pave the way for today

The beautiful female streamer was explaining, and the scene cut to the stock market. The scene was bustling with noise, and the rolling big screens in the hall were all about the growth of the YAN group's stocks.

Lu Yiming was so angry that his head was smoking. He slammed one hand on the table and gritted his teeth, shouting, "what's going on? ! What's the Securities Office doing? What are the people from the Industry and Commerce Bureau doing? !"

Only then did Li Kun answer, "Zhu Zhiwen has been the closest to Xia Chuanxu recently, so it must be... "

He didn't finish the rest of his sentence, but a sensible person would know immediately that Zhu Zhiwen had definitely defected to Xia Chuanxu!

"Despicable fence-sitter!" Lu Yiming threw the pile of documents on the desk, his eyes red with anger!

However, Xia Jinqi didn't care about Lu Yiming at all. She was smiling as she looked at the report on the television.

She knew that Yan Jun would definitely not do nothing and wait for his death.

He liked to prepare everything before taking action.

Without a foolproof plan, he would definitely not act rashly.

That was why he had been holding back just to pave the way for today.

If he didn't make a sound, then so be it. Once he made a sound, he would definitely make the world pay attention to him!

When Lu Yiming was so angry that he was about to die, he turned around and saw the admiring smile on Xia Jinqi's face. He immediately flew into a rage and shouted, "What are you laughing at? !"

"I'm laughing at you for saying that you can do whatever you want, but you can't control anything. You didn't expect the Yan Corporation to revive so beautifully, did you?" Xia Jinqi could be said to be very excited in her heart.

Yan Jun's comeback was not only beautiful, but it also caught LU YIMING OFF GUARD!

Looking at his current appearance, he was so angry that his hair was about to burn!

"You!" Lu Yiming was really angry. He rushed over and was about to hit Xia Jinqi, but was stopped by Li Kun. "Mr. Lu..."

"GET OUT OF THE WAY!" Lu Yiming glared at him. "Li Kun, you dare to stop me? !"

"..."Li Kun was thinking about how to answer when the last news on TV finished broadcasting. Then, the second explosive news of the day began!

“It is reported that this morning, someone reported the discovery of a child-like skeleton in the suburban valley. The police rushed over and started digging. A total of 16 skeletons were dug out. They were between the ages of 8 to 14. Each skeleton had scars of different sizes.”

The female broadcaster’s voice was very clear, but at this moment, in Lu Yiming’s ears, it was no different from a demonic voice!

He had no time to care about Xia Jinqi. Instead, he stared at the images on the television... ..

In the deep valley, there were pits of different sizes everywhere. The ground was full of excavated skeletons. The forensic doctor was investigating the scene. There were also criminal police officers and police dogs walking around.

That place, those things... ..

Lu Yiming’s mind was already buzzing!

He thought that no one would know that he was going to be brought into the coffin with him, but without any warning, it was exposed just like that?

When the bones were dug up, the news began to spread, and the matter would soon blow up!

And everything on the television was the face of the chief of the criminal police. He looked at the camera, frowned, and said very seriously, “no matter what the truth is, we will investigate thoroughly!”

“...”hearing this, Lu Yiming already had an idea in his heart.

Since they said this, it meant that there was no evidence to point to.

And why were the bones that had been buried underground for so many years being seen for no reason?

Lu Yiming bit his Chin tightly. He quickly realized that this could be the doing of Xia Jinqi. He looked back with his eyes full of killing intent as he stared at her.

### **Chapter 1162: do you know why I suddenly recognized you?**

Sensing Lu Yiming’s Gaze, Xia Jinqi just shrugged her shoulders, acting as if she couldn’t do anything to him.

In fact, she was secretly thinking that this news came at the right time... ..

She had been thinking about how to scare Lu Yiming just now, but she didn’t expect the news to come just like that!

The heavens were really helping her!

Seeing the smug Xia Jinqi, Lu Yiming felt a surge of Qi and blood in his heart, and his throat immediately felt sweet.

He fell back into his chair, his mind in a mess.

Yan Jun's reversal, coupled with the fact that he didn't want people to know about the past, had been revealed, Lu Yiming was too excited in an instant!

After he sat down and calmed down for a while, he gradually calmed down the anxiety in his heart and the fear of the incident.

He took a deep breath, calmed down, and looked up at Li Kun. "Go get Qu Yang for me."

Li Kun nodded. "Yes."

When he turned around and left the room, he glanced at Xia Jinqi without changing his expression.

Xia Jinqi naturally noticed his gaze.

From the moment Li Kun entered the room, Xia Jinqi had noticed that he was looking at her.

However, there was no lewdness in his gaze. Instead, he was sizing her up and observing her.

Even so, from the beginning to the end, he had not said a single word to her... ..

After Lu Yiming calmed down, he used the key to open the cabinet in the lower left corner of the desk. He wanted to take out the painkillers from inside.

The incident just now had made his head hurt so much that it felt like it was going to split open!

Then, the moment the drawer was opened, his gaze clearly froze at a certain point.

The painkiller in the drawer was placed perfectly, but the injection that was supposed to be next to the painkiller was gone.

That was... .. Wen Qing's antidote ...

Lu Yiming's eyes suddenly narrowed!

In this house, no one was poisoned!

Those who were not poisoned did not need the antidote!

Unless someone secretly took the antidote out and gave it to Yan Jun... ..

His house was heavily guarded. It was absolutely impossible for a thief to enter and leave without being discovered.

Then there was only one conclusion. There was a mole in his house!

Other than that, the antidote should have been stolen between yesterday afternoon and the time he left this morning.

Before he went to the summit yesterday afternoon, he had taken the painkiller and did not notice that the antidote was missing.

Therefore, based on this time, it was very likely that Yan Jun had already gotten the medicine, and Wen Qing was also very likely to have recovered.

When he thought of this possibility, Lu Yiming's heart was burning with a fire!

He had so many plans and made so many thorough preparations, but in the end, none of them succeeded?

Not only did the Yan Corporation reissue its shares, it even soared into the sky!

The antidote that he wanted to use to threaten Yan Jun had also been stolen!

The bones of the valley had been dug up again!

There was also Xia Jinqi threatening him with a handle in her hands!

This round, he could be considered to have lost completely!

How detestable... ..

Lu Yiming closed his eyes. After taking a deep breath, his mind spun rapidly, and soon, another plan was born.

He pretended to be calm and took out the painkiller. He glanced at Xia Jinqi. "Do you know why I suddenly recognized you?"

Xia Jinqi didn't know why he suddenly mentioned this. She looked at him coldly and didn't answer.

Lu Yiming didn't give an answer himself. Instead, he began to beat around the bush. "Do you know that Wen Qing was poisoned?"

"..."Xia Jinqi really didn't know this!

She was stunned for a moment before she hurriedly asked, "did you do something to Wen Qing? ! You asked her to kill me?"

"M3491, a newly developed neurotoxin. It can modify a person's memory while eroding her brain nerves," Lu Yiming said as he poured out a painkiller pill from the bottle.

### **Chapter 1163: was Yan Jun telling you that Xia Tian was me?**

His speed was very slow, and his hands were actually trembling slightly.

When he heard Xia Jinqi's rhetorical question, he knew that Yan Jun had not told her the truth.

In this way, there was a chance that his method would work.

However, at this moment, a sharp pain was coming from the back of his head. It was twitching, and every twitch extended to his heart. It was a piercing pain.

Even so, Lu Yiming's expression did not change. He forcefully suppressed the pain and pretended to be calm to deceive Xia Jinqi.

"Once poisoned, unless there is an antidote, the poison will flow into the brain along with the blood in the body. Day and night, it will corrode the brain and nerves, and in the end, it will die a tragic death."

“...”when Xia Jinqi heard these words, the scene of that day when Wen Qing went crazy and wanted to strangle her could not help but appear in her mind.

At that time, she only thought that Wen Qing hated herself for poisoning her, that was why she was so excited.

She did not expect that it was actually Lu Yiming who did it?

Xia Jinqi narrowed her eyes and stared at Lu Yiming who was taking a brown pill and throwing it into his mouth. Her black brows were tightly knitted. “Why did you do this?”

Lu Yiming swallowed the pill without even taking a sip of water, as if he had already gotten used to it.

The moment his Adam’s apple rolled, even though the pill had not fallen into his stomach and had not been digested, he felt as if his head did not hurt as much anymore.

He closed his eyes and took a deep breath.

After a moment of silence, he raised his eyes and looked at Xia Jinqi.

This glance no longer had the panic and trembling from before. It quickly returned to the evil and sinister look from before. n-/σ//∇--e)/l--&--l//n

No, it should be said that it was even more sinister than before!

“Wen Qing is Yan Jun’s old lover. I think you should know this matter better than I do, right?” He laughed sinisterly. He stood up and walked in front of Xia Jinqi, moving closer to look at her “Back then in the school, they were a talented and beautiful couple. How many people envied them as a couple?”

Xia Jinqi raised her beautiful brows slightly. A mocking smile spread across her Beautiful Lips. “You want to sow discord between me and Yan Jun? I advise you not to waste your energy anymore. No matter what happened between Wen Qing and him back then, I only cherish the future.”

She herself did not mind it anymore, but the outsiders were talking enthusiastically.

Yan Jun did not seem to be a person who knew how to put on an act. If he really had something to do with Wen Qing, he would have divorced Xia Jinqi when Wen Qing returned.

But he did not.

Lu Yiming saw that this trick did not work, so he was not anxious. He slowly continued, “at the summit yesterday, I saw Yan Jun. I gave him two choices. Either Watch Wen Qing die, or tell me about your whereabouts.”

When he said the last six words, Lu Yiming deliberately slowed down his pace and approached Xia Jinqi with a sinister smile.

His terrifying black eyes were filled with gloominess and pride, which made people’s hair stand on end.

Xia Jinqi’s eyes flashed and she immediately snorted. “So, you want to tell me that it was Yan Jun who told you that Xia Tian was me?”

Lu Yiming did not say anything. He just looked at Xia Jinqi with a malicious smile.

He could not lose everything. It was absolutely impossible... ..

Therefore, even if he was at a disadvantage now, he would definitely plant a thorn in Xia Jinqi's heart!

This thorn would not only be planted in Xia Jinqi's heart, it would also be planted in Yan Jun's heart... ..

Xia Jinqi did not wait for Lu Yiming's reply, but looking at him like this, it was obvious that he was tacitly agreeing.

"Your iq is indeed as bad as your foresight." Xia Jinqi sneered and began to retort, "I don't care how you know my identity, but it's definitely not Yan Jun who told you!"

#### **Chapter 1164: you're a smart woman**

You don't even have a brain to lie. Do you think she'll believe you if you say something like that?

Lu Yiming didn't panic when he heard Xia Jinqi's rebuttal. He continued to rotate the ring on his finger, trying his best to consolidate his lie and make it more believable "I really didn't recognize you at the auction. Ha, Xia Jinqi, I have to say, you're a smart woman. Not only smart, but also courageous and courageous. If I wanted to lie to you, I wouldn't have used such a stupid method. As for whether Yan Jun had revealed your identity to me, you only need to go back and see Wen Qing to see if she could recover... ..

Lu Yiming's antidote had been stolen, so he must have given it to Wen Qing.

According to the time, by tonight at the latest, the poison in Wen Qing's body would be cured. As long as she recuperated properly, she would recover very quickly.

"..."Xia Jinqi looked at Lu Yiming's expression and then weighed the tone of his words. She suddenly found it funny.

Was it really good to try so hard to lie to her?

Before she could refute, there was another knock on the door. "Sir, I am Qu Yang."

Unlike when Li Kun entered, Qu Yang waited outside the door after knocking this time. He did not directly push the door open and enter.

Lu Yiming glanced at Xia Jinqi. He knew that what he had said just now was almost done. If he continued, he was afraid that he would arouse her suspicion.

The truly powerful lies were always to the point, not to the point.

"Come in." He shifted his gaze to the door and raised his voice.

When Qu Yang heard this, he pushed the door open and walked in.

He glanced at Xia Jinqi with a deep gaze. Then, he walked to Lu Yiming's side and whispered, "Sir, Xia Jitian is here." n-/σ//V--e)/L--&--l//n

When Lu Yiming heard this, he furrowed his brows. "Huo Ting's actions are quite fast."

When Xia Jinqi heard this, she immediately understood that her reinforcements had arrived.

Since that was the case, her crisis had been resolved.

“today’s tea is really bland and tasteless. Mr. Lu’s taste is still so poor.” When Xia Jinqi spoke, she was even more confident.

On the other side, Lu Yiming’s expression was getting uglier and uglier. Li Kun immediately knocked on the door and came in. “Sir, Zhu Zhiwen is here.”

Lu Yiming, “...”

He knew that these people came here today to save Xia Jinqi.

Xia Jitian and Huo Ting didn’t need to be mentioned, but this Zhu Zhiwen... .. He was the director of the industry and Commerce Bureau ...

“What is he doing here?” Qu Yang didn’t understand the meaning of this at first, so he asked.

Li Kun first glanced at Lu Yiming. Seeing that he didn’t stop him, he said, “Fifteen minutes ago, the presidents of the 29 banks in Dizhou called Zhu Zhiwen one after another. They said that it was a capital problem, and the accounts couldn’t be accounted for. It was difficult to issue loans, and the savings accounts couldn’t be maintained normally.”

As he spoke, he glanced at Xia Jinqi, intentionally or unintentionally.

Qu Yang, “...”

He understood.

Even if these banks had short-term problems, it was impossible for all twenty-nine banks to be like this at the same time.

It was all because Xia Jinqi had been captured. Lego was anxious and cut off the bank’s supply, forcing the banks to have no choice but to seek help from above.

Layer by layer, it reached Zhu Zhiwen’s ears.

If he didn’t come, in less than a day, all twenty-nine banks would collapse.

Savings accounts were unable to withdraw cash, and the banks were unable to issue loans. The original ecological chain would immediately break.

### **Chapter 1165: Yan Jun, did not come**

All of a sudden, the public’s resentment rose, and the whole society would fall into chaos.

After realizing this, Qu Yang could not help but look at Xia Jinqi.

This woman... Was actually so powerful ...

It was not an exaggeration to say that her life and death would determine whether Rao city was stable or not.

And as the main character in this, Xia Jinqi's position was also very clear.

She slightly curled her pink lips and smiled with 70% anger. "Mr. Lu, looks like today's tea party will end early."

Under such circumstances, countless pairs of eyes were staring at Lu Yiming's every move.

If he really dared to make a move on her here, that would be the most foolish act.

The pressure from all directions made Lu Yiming have no choice but to let her go.

Moreover, he had to respectfully send her off!

With a smile, Xia Jinqi stood up straight and acted as if she was about to leave.

Lu Yiming stared at her with anger in his eyes. He could not vent it out and could only clench his teeth until they squeaked!

However, when he saw that she was about to turn around and leave, he did not stop her.

Instead, it was Xia Jinqi. After taking two steps forward, she turned around and looked into Lu Yiming's eyes with a faint smile. "Mr. Lu, aren't you going to send me off?"

Her tone was raised, and her provocation was especially obvious!

He invited her here, so when he left, he naturally had to send her off properly!

"..." Lu Yiming was already unwilling to accept this. Now that he heard Xia Jinqi's words, he felt his blood boiling and his teeth were almost crushed!

The room suddenly fell into a dead silence.

Li Kun and Qu Yang both felt a strong murderous aura at the same time. It kept spreading from Lu Yiming's body... ..

The two of them secretly broke out in cold sweat. n--o)(v(-e-.l))B-/l-(n

However, unlike them, Xia Jinqi was not afraid of Lu Yiming at all. Instead, she smiled like a flower and looked straight into Lu Yiming's eyes.

She did not say anything else, but the threat was so obvious!

Now that so many people had come to Lu Yiming's official residence, if Xia Jinqi could not get out unscathed, Lu Yiming really would not be able to answer for it!

From the moment Xia Jinqi took out the photo of the valley where division 47 had been stationed, the situation had undergone an earth-shattering change.

Lu Yiming was no longer the one who held the initiative.

And Xia Jinqi was no longer the Xia Jinqi from before.

The two of them stood in a stalemate for three seconds. Lu Yiming suddenly sneered and walked up to Xia Jinqi. He spread his hands and made a 'please' gesture to her.

"Miss Xia, please. "

Xia Jinqi then turned around in satisfaction and walked downstairs.

After taking two steps, she heard Lu Yiming gnashing his teeth. "You knew I couldn't do anything to you?"

"Do you really think I'm so stupid that I got into your car without any confidence?" Xia Jinqi sneered. At that time, she just wanted to ensure the safety of Huo Ting and Li Jie and Ling Yue.

Also, she also wanted to take this opportunity to know what Lu Yiming wanted to do.

As the saying goes, one can not get a Tiger's son without venturing into the Tiger's den.

When the crisis happened, an opportunity also came.

" ... " when Lu Yiming heard her proud words, his face sank again, poking at her pain. "You calculated well. Unfortunately, among so many people, Yan Jun didn't come. I guess he should be guarding Wen Qing's bed right now, right?"

Before he could finish his words, Xia Jinqi stopped in her tracks.

Her eyes narrowed, and her cold gaze instantly fell on Lu Yiming, who had already turned around. "I'm warning you, don't put your mind on Yan Jun and me anymore. "

### **Chapter 1166: You Will Beg me to take you**

A cold voice suddenly spread out, freezing the air around the two of them.

Lu Yiming sneered, his attitude extremely arrogant. "Xia Jinqi, you better understand that I let you go today not because these people stopped me, but because I want you to live a few more days. "

"really?" Xia Jinqi sneered. "Then I have to thank you for letting me live a few more days. "

She especially hated the way he looked at her, like a wolf seeing its prey.

"You!" Lu Yiming glared at her. "Give Me..."

Xia Jinqi didn't want to listen to him. She pushed him away and walked straight out. "So much nonsense!"

Lu Yiming, "..."

He was pushed to the side, and his footsteps staggered. Even his mind was shaken.

When he turned back, Xia Jinqi had already walked out of the first floor's main door.

Looking at her elegant figure, Lu Yiming was not angry. Instead, he smiled coldly.

"One day, you will beg me to take you. "

“...”

When Xia Jinqi walked to the door, she saw a car parked in the courtyard.

Xia Jitian and Huo Ting were standing at the front.

Xia Jinqi didn't recognize a few people in black and white suits.

Huo Ting saw Xia Jinqi come out and immediately rushed up, “girl, are you okay?”

“I'm fine.” Xia Jinqi shook her head and looked back at Lu Yiming who just came out. She said in a clear voice, “Mr. Lu just invited me back for a cup of tea. Look, he even came out to see me off personally. He is so considerate.”

“...”Huo Ting didn't know what Xia Jinqi had just experienced, but seeing that she could still smile, it meant that she should be fine.

As for Lu Yiming, he didn't even have the time to look at him!

He immediately pulled Xia Jinqi's hand, wanting to take her away. “Let's go.”

However, just as he exerted a little force, Xia Jinqi immediately sucked in a breath of cold air in pain. “Hiss...”

The two arms that had been pinched by Lu Yiming just now were already in excruciating pain. Now that Huo Ting pulled on them, it was as if their bones had touched each other, and a sharp pain instantly struck!

Xia Jinqi's face was pale with pain. Huo Ting immediately turned back to look at her and released her hand at the same time. “What's wrong?”

Xia Jinqi hugged her right hand and shook her head slightly.

She did not intend to make a big deal out of it, and she did not want Huo Ting to say anything because she and Lu Yiming had a conflict.

Who knew that Huo Ting could pull her so hard as if there was a wolf or a tiger behind him.

Huo Ting saw Xia Jinqi like this and knew that her hands must be injured!

However, she was still fine when she was with him before. She had only been taken away by Lu Yiming for a while, and now she was in this state?

It was easy to guess who the culprit was!

Huo Ting gritted his teeth and looked at Xia Jinqi's pale face. Fan Teng's eyes were filled with anger!

At this moment, Lu Yiming leisurely walked over with a completely contemptuous look on his face. “Chief Huo must have stepped on the firestorm wheels. He came really fast!”

The moment he finished speaking, Huo Ting, who had not even looked at Lu Yiming, suddenly turned his body. He raised his fist and smashed it hard on Lu Yiming's left face!

“Bang!” Before Lu Yiming could react, he was sent flying. He drew a perfect parabola in the air and landed heavily on the ground!

### **Chapter 1167: if you dare to hurt her again, I'll pay you back a hundredfold!**

Before he could fully appreciate the burning pain on his face, the sharp pain on his buttocks swept through his heart again.

Not to mention Lu Yiming, even Xia Jinqi, who was very close to him, could not react in time. Huo Ting had already started to attack... ..

Xia Jitian and the others who were beside him were all stunned.

No one had expected that Huo Ting would suddenly attack them. Moreover, in front of so many people, as a military region's leader, he beat up a representative.

After Lu Yiming fell to the ground, Huo Ting rushed over and bent down to grab his collar, lifting his upper body off the ground. “If you dare to hurt her again, I'll pay you back a hundred times over! Do you remember?!”

There were still traces of blood on the corner of Lu Yiming's mouth, but he didn't remember to wipe it. Instead, he sneered and looked into Huo Ting's eyes.

He looked like he had discovered a new continent, and his face was full of curiosity. “Huo Ting, so you like her too? Haha!”

Huo Ting's eyes paused, and his hands stiffened.

It turned out that being seen through by others was really uncomfortable at times.

However, when he came back to his senses, he directly reached out and grabbed Lu Yiming's neck. Without the slightest hesitation, he said, “I asked you if you remembered!”

Huo Ting roared, and everyone around him heard it clearly!

Very soon, someone came forward and pulled Huo Ting back. In a low voice, he advised, “chief, you mustn't. You're still suspended. If you hurt anyone again...”

Huo Ting did not move at all. His blood-red eyes tightly gripped Lu Yiming, revealing his killing intent!

Lu Yiming, who had his throat gripped tightly, seemed to be afraid at all. The smile on his lips became even more smug.

Another man who was obsessed with Xia Jinqi.

He was wondering why Huo Ting and Xia Jinqi had such a good relationship. It turned out... ..

Men, men, what should he say?

Speaking of which, he was also extremely interested in Xia Jinqi.

It made sense. There were so many women in the world, but only Xia Jinqi was unique.

Who wouldn't want to take her for their own?

Especially that unique heart in her chest.

Xia Jinqi came back to her senses and hurriedly went up to pull Huo Ting. "Erhuo, don't waste time with him. Let's go."

She had already experienced it. This Lu Yiming was clearly a lunatic. WHY WASTE TIME FOR HIM!

Hearing Xia Jinqi's voice, Huo Ting finally let go.

However, he didn't let Lu Yiming off easily. He directly used force and slammed him heavily on the ground before he got up to vent his anger.

The Lu family's bodyguards ran over quickly and helped Lu Yiming up.

Qu Yang and Li Kun also came over and hurriedly checked if Lu Yiming was injured.

"Sir! Are you alright?!"

Huo Ting, who had created all this, tidied up his clothes and turned around to help Xia Jinqi.

The two of them walked forward and met Xia Jitian who was walking over.

He looked at the handsome young man standing in front of him and his eyes were still filled with astonishment... ..

When Huo Ting came to look for him, he said that Xia Tian was Xia Jinqi. He didn't believe it at first, but seeing Huo Ting's anxious expression, it didn't seem like he was lying. He couldn't care less and rushed over.

However, when he saw the young man with his own eyes, he suddenly had an illusion. Could it be that he had given birth to a son?

"Xiao... Xiao Qi?" Xia Jitian called out in disbelief. He didn't dare to recognize this handsome young man ...

Xia Jinqi looked up at him and sighed softly. "Dad, it's me."

### **Chapter 1168: She didn't blame him for**

Forget it. Since her identity had been exposed, she had to face what she had to face.

Xia Jitian only dared to confirm it was him when he heard her voice. In a blink of an eye, his eyes turned red and his voice became choked. "Why didn't you come back to see Daddy?"

Xia Jinqi lowered her eyes and didn't answer.

Because of her biological mother, she always had a grudge against her father.

When she was young, she didn't have a good life. Her father didn't care much about her, and when she grew up, he arranged her marriage for her benefit. She didn't blame him for this.

But... ..

Thinking back to her mother's past experiences, Xia Jinqi always felt that if she accepted her father, it would mean that she had betrayed her mother.

So she could only deliberately distance herself.

Seeing Xia Jinqi like this, Xia Jitian thought that she was hurt somewhere, so he didn't say anything more. He quickly helped her into the car with Huo Ting.

After Xia Jinqi sat down, Xia Jitian walked over to Lu Yiming, who had already been helped up, with a strained face. He glared at him and shouted "My eldest daughter has already been sent to the Discipline Inspection Commission by you. You still want to touch my youngest daughter? Lu Yiming, don't go too far!"

At that time, Lu Yiming was wiping the corner of his mouth with the Napkin that Li Kun handed over. He took some time to glance at Xia Jitian. "chairman, you have to be clear. The person who sent your eldest daughter to the discipline inspection commission wasn't me. It was your younger daughter."

"If you hadn't instigated Mingzhu to do those things behind her back, would she have harmed her own biological sister? !" Xia Jitian completely threw away the burden of his identity and confronted Lu Yiming!

It seemed that Xia Jinqi was caught here and even injured. It really made Xia Jitian's heart ache.

Lu Yiming wiped the corners of his mouth and began to wipe his hands that were covered in dust. He scoffed at Xia Jitian's words "If she didn't think that way in her heart, would she have been able to do this with just my instigation? Xia Jitian, oh Xia Jitian, you're already so old, yet you can't even see through the heart of your own child. hmph, how pathetic."

After saying this, Lu Yiming glanced at Xia Jinqi, who was sitting with Huo Ting, with a determined smile in his eyes.

"No matter what, they are my Xia Jitian's daughters! BE CAREFUL!" Xia Jitian said hatefully and turned to leave.

After watching Xia Jitian get into the car, Zhu Zhiwen also got into the car.

The convoy soon left the Lu family's official residence.

Lu Yiming was still wiping his hands.

He glanced at the locked door, looked back at Li Kun and Qu Yang, and asked, "where is Cui Ziyang?"

Qu Yang and Li Kun didn't say anything. They didn't know where Cui Ziyang was at this time.

Lu Yiming's deep gaze swept over the two people in front of him one by one. His expression was extremely ugly!

"No one knows, right? Go and find him!" Suddenly, Lu Yiming shouted loudly. He threw the Napkin that he used to wipe his hands onto Li Kun's body. His eyes were wide open!

Li Kun lowered his eyes. Without saying anything else, he immediately retreated.

Qu Yang wanted to leave too, but he was stopped by Lu Yiming. "I told you to guard the valley. Did you do it?!"

Hearing this, Qu Yang immediately knew that Lu Yiming had come to denounce him. He immediately said, "the people sent to guard the mountain will only report the news after a few days. The rain last night was too heavy. Maybe..."

"Bullsh \* T! Do you really think that the heavens have eyes? ! This is all Xia Jinqi and Huo Ting's doing!" Lu Yiming shouted, and his head began to hurt again ...

He reached out to hold his head, and darkness flashed in front of his eyes.

### **Chapter 1169: how have I treated you all these years?**

Qu Yang kept his head down and did not see anything. He only replied, "don't worry, sir. They will definitely not trace it back to us. Even if they rely on Li Jie to find that place, they will definitely not be able to produce any evidence!"

However, Lu Yiming did not listen to him at all. He turned around and walked upstairs.

He had a terrible headache. It seemed that he still needed to take another pill.

After stumbling upstairs, Lu Yiming took the pill. Only then did the headache slowly ease up.

In the vast space, he sat alone for more than 20 minutes, staring at the empty drawer in a daze.

Finally, he called the two servants who were in charge of the night shift yesterday and today. Lu Yiming asked coldly, "after I left yesterday, who entered this room?"

The Servant recalled for a moment and blurted out, "last night, Mr. Cui came over and didn't find you, so he waited downstairs for a while. Mr. Li came later and persuaded Mr. Cui to go back."

"What about today?"

"when Mr. Li went out this morning, Mr. Cui came to look for you and said a few words to the other two gentlemen. After that, it was you who came back." The Servant remembered very clearly.

Hearing this, Lu Yiming began to rub his temples again.

Only these three people had entered his study.

Then, who exactly took Wen Qing's antidote?

Yesterday, he brought Qu Yang out to do some business, leaving Li Kun and Cui Ziyang behind. These two people had come again.

This morning, the three of them appeared in the study at the same time. It was absolutely impossible that it was done this morning.

Therefore, one of the two people, Li Kun and Cui Ziyang, must be a traitor!

Logically speaking, Cui Ziyang had been by Lu Yiming's side for a longer time. The first person he should have suspected was Li Kun.

However, Lu Yiming especially liked Li Kun in his heart. In addition to today's important moment, why would Cui Ziyang be absent?

Where had he gone during this morning?

Not long after, Li Kun returned to report to him alone.

"Sir, I couldn't find Cui Ziyang. I called his cell phone, but no one picked up. His men said that they saw him take something in the morning and leave in a hurry. He didn't bring anyone with him," Li Kun said without batting an eyelid.

"..." Lu Yiming was originally suspecting Cui Ziyang, but he heard such news.

He should have immediately determined that Cui Ziyang was the traitor who stole the antidote, but... ..

He raised his eyes and glanced at Li Kun from top to bottom. He asked, "Ah Kun, how have I treated you all these years?"

Li Kun's expression didn't change. He quickly answered, "very good."

"I think so too." Lu Yiming nodded his head. His hand habitually turned the ring. "You're smart, you have good taste, and you do everything well. Even I can't find any fault with you."

It was precisely because of this that Lu Yiming looked at him in a different light. He had been promoted all the way, and his speed of ascension was so fast that many people would never be able to achieve it in their lifetime.

At this rate, Lu Yiming would become the president, and Li Kun would be his confidant. One could imagine how bright his future would be.

Li Kun heard Lu Yiming's praise for him, but he was not too proud of it. He only said obediently, "thanks to Sir's promotion, I was able to get to where I am today from being a small assistant. As long as it's Sir's matter, I will try my best to do it."

It was a very standard answer. After being praised, he was not arrogant. Lu Yiming was still the first.

If it was in the past, Lu Yiming would definitely like him more because of this answer.

### **Chapter 1170: Huo Erhuo was becoming more and more overbearing**

But now, such a perfect and flawless answer made him more and more suspicious "It's precisely because you have no flaws at all that I'm puzzled. Cui Ziyang is lustful, Qu Yang is good at wine, but you don't touch wine or lust, and you don't gamble. What exactly do you want?"

At this point in the conversation, there were some things that both sides already knew without saying.

Li Kun looked up at Lu Yiming, his eyes surprisingly firm. "I want to repay your kindness. Since you treat me like this, I'm willing to be loyal to you for the rest of my life and help you achieve your ambitions."

In the face of a person who was beginning to doubt himself, it was very important to show his loyalty at the first moment. n))σ.-v/.e(.ℓ--B-.1.(n

Lu Yiming was originally just testing Li Kun. In the end, after hearing his heartfelt words, what else could he continue to doubt?

He frowned slightly and was silent for a moment before laughing out loud. He waved his hand at Li Kun. "As expected of the person I nurtured! He did not disappoint me! You can leave now! "

Li Kun did not ask anything and turned around to leave.

After he left, the smile on Lu Yiming's face froze.

He looked down at the empty drawer on the left. After a long time, he closed the drawer again.

What he hated in this life was betrayal!

No matter who betrayed him, they would have to pay a heavy price!

If he found out who the traitor was, he would definitely tear him into pieces... ..

..

After leaving Lu Yiming's official residence, Huo Ting insisted on sending Xia Jinqi to the hospital.

Xia Jinqi originally thought that she didn't want to go because of a small injury, but huο ting was stubborn, so she could only nod.

After taking a CT scan, she confirmed that there was no problem with the bones. There were only a few soft tissue contusions and muscle strains. She just needed to recuperate well.

Huo Ting asked the doctor to prescribe some medicine to promote blood circulation and remove blood stasis. There were medicine for both internal and external application, so he asked Xia Jinqi to bring them.

Holding a pile of medicine, Xia Jinqi suddenly felt a headache. "Erhuο, you're exaggerating. I actually just have a slight muscle strain. Is there a need to buy so much medicine? "

"there will be a time when it will be useful. " Huο Ting didn't give her a chance to refuse and directly made the decision on her behalf.

Xia Jinqi shook her head helplessly. She felt that Er huο was getting more and more overbearing.

"Wait for me here. I'll go ask the doctor if there's anything I need to pay attention to. " After saying that, she went back into the house to look for the doctor.

Xia Jinqi sat alone on the public chair in the corridor. She moved her slightly sore hands and immediately grimaced in pain.

At this moment, Xia Jitian walked over and coaxed her. "Xiao Qi, don't move. The doctor said that you have to rest well. Don't use too much strength these few days. "

“...”Xia Jinqi was stunned for a moment. When she saw how well her father treated her, she was still a little unaccustomed to it and felt a little guilty.

Seeing that she didn't say anything, Xia Jitian sighed “Dad knows that you're still blaming me. What your big sister did was indeed excessive! All these years, I've cared too little about you. I can understand if you don't want to see me. But no matter what, I'm still your father, Xiao Qi.”

It would have been fine if he didn't say this, but when he said this, Xia Jinqi felt a wave of sadness in her heart. “I really hope that you're not my father and that my mother doesn't meet you.”

When she said this, Xia Jinqi's voice was very calm. She didn't blame or scold him, only feeling emotional.

Her birth was like a big joke.

Xia Jitian knew what Xia Jinqi meant. He suddenly fell silent. He wanted to say something, but in the end, he didn't say anything. He just stayed by Xia Jinqi's side.

He knew that he wasn't a good father.
