

Trick Me 1171

Chapter 1171: Waiting for his daughter-in-law to return home

The hospital corridor was filled with the cold wind and the smell of disinfectant.

The father and daughter sat quietly together. No one said anything. The atmosphere was awkward and silent, like two strangers.

After Huo Ting asked the doctor to come out, he saw Xia Jinqi and his phone rang.

He glanced at it and saw that it was Yan Jun calling.

Huo Ting subconsciously looked at Xia Jinqi and picked up. "Yan Jun, it's me."

He deliberately called Yan Jun's name first so that Xia Jinqi could hear it.

On the other side of the phone, Yan Jun had just come out of the press conference when he saw a missed call from Huo Ting, so he called back to ask about the situation.

"It's nothing much. It's just that little Qi just now..." Huo Ting had just said this when he saw Xia Jinqi waving at him. She crossed her hands in front of her chest and made a symbol.

He immediately understood and changed his words at the last minute. "I'll send her back later. Okay, don't worry."

After saying a few words, the phone was hung up.

Huo Ting put away his phone and asked Xia Jinqi, "why didn't you let me tell him? If he knew that Lu Yiming took you away, Yan Jun would probably shoot a rocket at Lu Yiming's head!"

"Are you kidding me? That's something only the army has. Where did Yan Jun come from?" Xia Jinqi snorted and spread her hands. "I went by myself at that time. If Yan Jun found out, he would scold me again."

"I should scold you! You know that there are tigers on the mountain, but you still went to the Tiger Mountain. I saw that you went to Macau, and your courage is getting bolder and bolder!" Huo Ting said and poked her forehead.

She dared to do such a dangerous thing, and she couldn't stop him!

Xia Jinqi rubbed her forehead and smiled. "You don't say. I really went to Macau to train my courage."

If it were in the past, she really wouldn't have been able to suppress Lu Yiming.

However, the trip to Macau had invisibly forged a whole set of armor for her.

"But now that my identity has been exposed, it's no longer fun." Xia Jinqi was a little discouraged. She had thought that the days of pretending to be a man could be longer.

But now, she had no idea how to dress up.

Hearing her mention this, Huo Ting was also a little curious. "How did he recognize you? Didn't he say that you were sitting next to him at the auction and he didn't notice you?"

"..."

Huo Ting's question reminded Xia Jinqi of what Lu Yiming had said about the deal between him and Yan Jun..

Even though he said it with certainty, Xia Jinqi didn't believe him.

She shook her head and smiled indifferently. "Who knows? Maybe his brain is just that long!"

After saying that, she stood up and stretched. "It's good that he was recognized. It saves me from having to worry about pretending to be a man all day. I didn't sleep all night. I want to go home and have a good sleep!"

Huo Ting looked at the smile on her face and couldn't help but smile as well. "Let's go. I'll send you off."

As long as she was willing, he could protect her smile like this for the rest of his life.

He didn't care about her identity or anything else.

As long as she could live well.

He would be satisfied.

?`?`

Yan Family.

Yan Jun had just finished his press conference. He was supposed to attend a celebration banquet at the company, but when he called Huo Ting and heard that he was going to send Xia Jinqi back soon, he couldn't wait to rush home.

However, when he reached home, he found that Xia Jinqi hadn't returned yet. He happened to be a little tired, so he took a shower and rummaged through the Yan Corporation's stocks in the yard for a while.

As he watched, he waited for his wife to return home.

Chapter 1172: the two people hugging in the distance

After reading a few pages, di Qu reported, "young master, your friend is here."

Yan Jun was surprised to hear that. Friend?

He looked up and saw a car parked at the gate. Ben Brought Wen Qing out of the car.

The distance was a little far. Yan Jun did not see their expressions clearly. He only saw that Wen Qing had changed into a new set of clothes and her hair was neatly arranged. It was completely different from the mess he saw in the morning.

The moment he sized them up, the two of them had already walked in front of him.

Yan Jun first took a look at Ben, and seeing the joy in his eyes, he could roughly guess what was going on.

When he turned to look at Wen Qing again, he saw that her face was calm and her eyes were clear. She was completely different from the crazy Wen Qing in the morning.

It seemed that the antidote had taken effect. Wen Qing should have already started to recover.

Ben Even started to explain excitedly “Yan Jun, this medicine is really amazing. It can repair people’s nerves in a memorized manner. Although ah Qing still can’t remember the four years that she lost, her mental state has already completely recovered. She remembered the previous incident and said that she must come over to apologize to you in person. I couldn’t stop her, so I brought her over.”

Hearing this, Yan Jun looked at Wen Qing. “speaking of which, this incident was also caused by me. You don’t have to apologize to me.”

Wen Qing’s gaze had not moved away from Yan Jun since she had just entered the courtyard.

At this moment, seeing that he was looking at her, her heart beat faster.

She did not speak immediately but looked at Ben First. “I’m a little thirsty. Can you help me make a cup of fruit juice?”

“Sure, no problem!” Ben Did not think much of it and went into the house happily.

He felt very happy to be able to make fruit juice for his sweetheart.

After Ben left, Wen Qing looked at Yan Jun again with a fiery gaze “Jun, Ben told me that I was poisoned a few days ago and lost part of my memory. I don’t know what exactly happened before, but I still want to ask you personally. Are you... really married?”

Wen Qing had already asked this question before, but she was unwilling to accept it. She wanted to ask again.

“Yes.” Yan Jun nodded. Without hesitation, he continued, “Ben has been taking care of you these past few days.”

As wise as he was, how could he not notice Wen Qing’s thoughts.

She deliberately sent Ben Away because she wanted to say these things.

“Then do you love her?” Wen Qing asked again.

“Yes.” Yan Jun continued to nod.

He stood up and walked to the lawn. He looked at the huge ferris wheel that stood in the air not far away.

It was the paradise that he had promised Xia Jinqi.

Wen Qing’s eyes reddened as she received the answer. The tip of her nose was also aching.

“What about me?”

"I only have friendship for you." Yan Jun turned around and looked straight at her, his dark eyes full of calmness.

" ... " Wen Qing looked up at him, tears rolling down her red eyes. "You're still the same as before, you never know how to be tactful, you always speak so directly, directly... hurting people." n/Ovel&1n

Yan Jun lowered his eyes slightly, wanting to tell her that Ben had been protecting her, but before he could open his mouth, she smiled again.

"I was just a little unwilling, so I had to come and ask. Now I know the answer, Yan Jun, I wish you happiness."

She smiled sadly and suddenly took two steps forward to hug him from the front.

At the same time, Huo Ting's car also drove into the gate.

The Moment Xia Jinqi got out of the car, she saw the two people hugging each other in the distance.

Chapter 1173: she was so despicable

The afterglow of the setting sun was a dazzling golden color.

When it fell on the two of them, it was indescribably dazzling.

Xia Jinqi did not need to think to know how ugly her expression was at that moment.

On the way back, she asked Huo Ting if he had said anything to Yan Jun. Huo Ting said that he had called before, but Yan Jun did not pick up.

She recalled the news she saw at Lu Yiming's place and thought that Yan Jun should have been busy with the Yan Corporation's matters at that time.

But she never expected that Yan Jun was at home.

Moreover, he was with Wen Qing.

No matter what, a layer of disappointment surfaced in her heart.

Huo Ting got off the car and saw the two people hugging each other in the distance.

He frowned and looked at Xia Jinqi worriedly.

At the same time, Ben, who had brought some fruit juice in the villa, also walked out happily.

He was happier than anyone that Wen Qing had returned to normal.

Unfortunately, the good times did not last long. When he walked out of the living room, he saw Wen Qing in Yan Jun's arms... ..

His feet suddenly froze as if they had taken root and he could not move another step.

His eyes, which were as blue as the sky, shook slightly for a moment. Ben Sighed inwardly and turned his head, no longer looking at the two people.

Unexpectedly, when he turned his head, he saw that a car had come to the door at some unknown time.

There were two men standing on either side of the car.

The short youth among them looked rather familiar.

But when he thought about it seriously, it seemed that he could not recall it at all.

It was just that... ..

Ben saw the disappointment and helplessness in the youth's eyes, because every time he thought of Wen Qing, he could see such a look from his own reflection in the mirror.

The same piercing heart, the same piercing bone.

Ben felt a little strange. Could it be that the young master also liked Wen Qing?

"..."

As for Yan Jun, who had unknowingly become the center of attention, he gently patted Wen Qing's shoulder, took a step back, and moved away from her body.

"You too."

She wished herself happiness, but it was always out of kindness. Yan Jun did not refute her face.

However, the moment he turned his body, his pitch-black eyes suddenly froze in a certain spot.

n//o)(r)-e.L/(B)l()n

Yan Jun looked at Xia Jinqi, who had not returned, and did not miss the disappointment on her face.

Wen Qing's front was empty. Her warm embrace no longer existed, just like her heart at this moment.

The last glimmer of hope had vanished.

Although she could not remember what had happened during these four years, she knew that Yan Jun had always been a man of his word.

Love was love, not love was not love. He knew very well what he wanted, and he would never be ambiguous.

His clear rejection had already expressed his meaning very clearly.

Wen Qing took a deep breath. She wanted to chase after him again, but she heard footsteps approaching from afar.

She raised her head and bumped into a pair of sapphire-like eyes without any warning.

"Ah Qing, your juice is here." Ben did not ask anything and did not say anything. He just handed over the juice in his hand.

Wen Qing looked at the red liquid that suddenly appeared in front of her and her expression changed slightly. "thank you..."

She reached out to take the juice and retreated to the side.

It was not that she could not feel Ben's kindness towards her.

But she was openly enjoying Ben's kindness and then her gaze fell on Yan Jun..

Even she felt that she was so despicable with this kind of self.

But she still couldn't help but do it... ..

Perhaps she didn't care, or perhaps she deeply knew that no matter what she became, no matter how unreasonable she was, Ben would never leave her.

Wen Qing was in a daze for a moment, and Yan Jun had already walked towards Xia Jinqi's direction.

Chapter 1174: she did all this for you

He did not know that Xia Jinqi had been taken away by Lu Yiming, nor did he know that Xia Jinqi's identity had been exposed.

However, when he saw that she was holding the medicine in her hand, his long eyebrows suddenly furrowed.

"Are you not feeling well?" He looked her up and down, but he did not find any obvious injuries. There was not even a trace of blood. It was just a little dirty.

Xia Jinqi silently shook her head. Then, she moved away from him and walked into the villa.

She had been caught in the rain last night and had not slept all night. She was exhausted.

She had been happy to come back and report her heroic deeds to him. Who would have thought that he would give her such a big surprise as soon as she arrived home.

After Xia Jinqi left, Yan Jun's eyes followed her beautiful figure. He was about to catch up with her, but Huo Ting stopped him.

"Let her change her clothes first," Huo Ting said in a bad tone.

He glanced sideways at Wen Qing, who was still looking at Yan Jun affectionately not far away. The corner of his mouth dropped. "Lu Yiming knows her identity."

"... " Yan Jun's eagle-like eyes trembled. He turned around and stared at Huo Ting. "When did this happen? "

"It should be today." Huo Ting did not say much. He did not know what Lu Yiming and the girl had said, but he just wanted to remind Yan Jun. "She ran back without even risking her life for you. ". "Last night, she braved the pouring rain to investigate Lu Yiming's criminal evidence. On the way back, she was blocked by Lu Yiming. If Xia Jitian had not gone, she might not have come back today. ". "She risked her life to do all this. Yan Jun, she only did it for you. "

After saying this, Huo Ting turned around and got into the car. He stepped on the accelerator and left.

Those words were said to Yan Jun, but they were also said to himself.

It's time to let it go.

No matter what he did, the girl's heart had always been on Yan Jun..

Huo Ting, it's time to let it go... .. n//o)(r)-e-**L/(B)**l()n

He understood the logic and the reality, but why did his heart hurt so much?

It was sour and bitter, as if it could split a person in two... .. heart-wrenching ...

Falling in love might only be for a moment, but letting go... .. could be a month, a year, or a lifetime ...

After Huo Ting left, Yan Jun's expression darkened as he turned around to go upstairs.

Wen Qing and Ben walked over at this time. They could clearly see that Yan Jun's expression was not quite right, so they asked, "what happened?"

Yan Jun looked back. "Nothing. "

"since it's nothing, then we... " they left first.

Before Ben could finish his sentence, Wen Qing interrupted him. "The three of us haven't gathered together for a long time. Why don't we have dinner together tonight? We'll just stay at home. "

"..."Ben's expression turned a little ugly.

Wen Qing's meaning was too obvious.

However, Yan Jun was in a hurry to go upstairs to see Xia Jinqi. When he heard Wen Qing's words, he suddenly thought of what Huo Ting had said just now. His eyes immediately darkened, and he already had some thoughts in his heart.

"Okay. But I still have some things to take care of. You guys can help yourselves. " Yan Jun agreed hastily. He didn't stay any longer and quickly walked upstairs.

After Yan Jun left, Ben turned to look at Wen Qing. "Ah Qing, he's already married. Why are you doing this? "

"I don't believe it. " Wen Qing shook her head. Her eyes were filled with unwillingness. "We've been here for so long. Have you seen his wife? "

Wen Qing had already lost her memories of meeting Xia Jinqi. As for Ben, he did not recognize that the very familiar youth was Xia Jinqi. "No. "

He just felt that it was a little strange. was that also Yan Jun's friend He could enter and exit this place as he pleased.

Chapter 1175: you are mine.

Upstairs.

Xia Jinqi went straight to the bathroom.

After taking a comfortable hot shower and changing into clean clothes, she felt her mood improve.

Just as she pushed open the bathroom door, she was shocked by the handsome man leaning against the wall.

“What are you doing here?” Xia Jinqi glanced at him from the corner of her eyes and used a towel to wipe her short hair as she walked out.

Her tone was very unpleasant. It was obvious that she was angry, and it was not light.

Yan Jun naturally heard it, but he didn’t say anything. He took a hairdryer and asked her to sit by the bed while he blew her hair.

Xia Jinqi hid for a while, still angry. “I’ll wipe it myself. You go and accompany her.”

” ... ” Yan Jun’s hands froze for a moment, then he said, “blow dry your hair first.”

After he said that, the whistling hot wind had already blown out.

Although Xia Jinqi was angry, it was already late autumn. Each day was colder than the previous one. The hot wind seemed to have blown away a lot of her tiredness from the whole day.

Fine, she was angry, but she still had to blow her hair.

Since she had cut her short hair, it was easier to take care of it than before.

A few casual blows were already very dry.

Xia Jinqi was fuming with anger as she thought about the scene just now. The sound of the hair dryer behind her stopped.

It seemed that the blow was almost done. Xia Jinqi was just about to get up when the man behind her leaned over and hugged her tightly with both hands, not allowing her to leave.

“Are you angry?” His deep and seductive voice reached her ear.

Xia Jinqi’s body stiffened. After a long while, she said, “you hugged her.”

She was sour and full of jealousy.

“I didn’t hug her,” Yan Jun answered seriously. Wen Qing had come up to him just now, so he didn’t even move his hand.

Hearing his words, Xia Jinqi snorted in contempt and said, “when I first met you, you hugged each other.”

” ... ” Yan Jun was a little surprised. “Did I?”

“Yes!” Xia Jinqi complained sadly, “in your company, it should be at the door of the meeting room!”

Yan Jun recalled what she said, and then he remembered that it seemed to be true, but his expression was still magnanimous. “I wasn’t the one who carried her.”

At that time, Wen Qing was also the one who came to carry him.

“Who knows!” Xia Jinqi continued to snort. She moved her body, trying to escape from Yan Jun’s shackles.

In the end, after struggling for a while, she gave up.

She had been running around in the mountains last night, and she was already very tired. She was too lazy to continue wasting her energy.

“I’ve already seen you two hugging each other twice. Who knows how you two would have ended up hugging each other if I hadn’t seen it...” she added angrily.

Yan Jun didn’t loosen his grip on her. “Only these two times.”

“And I happened to see them both?” Xia Jinqi really wanted to roll her eyes!

They had only hugged each other twice, yet she had seen them both?

Was Her luck that good?

Yan Jun was finally willing to let go of her and let her sit facing him. Looking at her pouting little mouth, he leaned over and gave her a light peck. “nothing can escape your eyes.”

Xia Jinqi blushed and pushed him away. “Don’t even think of using sugar-coated cannonballs!”

After being pushed away, Yan Jun wasn’t angry. He grabbed her little hand and held it tightly in his palm. “Ah Jin, believe me, you’re the only one in my heart.”

He looked straight into her eyes, and the deep depths of his eyes were as deep as the ocean.

Xia Jinqi looked at him for a long time before sighing softly. “I don’t like her hugging you.”

As she muttered, she leaned forward again and hugged him with her arms wide open. She said Domineeringly, “you’re mine.”

Chapter 1176: only I can hug you

Unknowingly, her possessiveness towards Yan Jun had grown to such an extent.

At that time, she only felt that it would be good if she could get married. Even if there was no love, it did not matter. Even if he had someone else in his heart, it did not matter.

Later on, she slowly wanted his love, his heart.

Until now, even if someone touched her slightly, she would feel uncomfortable in her heart.

Moreover, that was not someone else.

That was someone who had accompanied Yan Jun when he was young.

Yan Jun didn’t know that she was thinking so much. Seeing her take the initiative to hug him and say such domineering words, his heart was instantly filled with something soft.

He hugged her back and held the back of her head with one hand. He stroked her hair one after another and smiled dotingly. "okay, it's yours."

Xia Jinqi, who was baring her fangs and brandishing her claws just now, immediately became obedient after being coaxed by him. She lay softly in his arms.

After thinking for a while, she suddenly felt that it wasn't enough. She said again, "only I can hug you."

"Okay." He smiled. It was like the scorching sun in March, warm as jade, and dispelled all the coldness and haze.

Xia Jinqi could not help but laugh as well. The corners of her eyes and brows were full of smiles.

Recalling the news about him on television, she burst out laughing. She propped herself up and looked at him. "You were prepared to cooperate with the Quan Corporation long ago and work together to raise the stock price. Is that why Lu Yiming had the securities firm Tamper with it?"

Yan Jun lowered his eyes and looked into her clear eyes. He said in a strategic manner, "I didn't plan to be in such a hurry, but since he helped me stop trading, I can push the boat with the current."

"You didn't even see Lu Yiming's face turn green when he saw the news!" When Xia Jinqi thought of this, she felt especially relieved!

Previously, it was Lu Yiming who had been showing off, but he had just been promoted. It was as if he was the emperor, and everyone in the world should be afraid of him.

Xia Jinqi's casual remark made Yan Jun frown. "I heard from Huo Ting that you were captured by Lu Yiming?"

When he heard the news, his heart was instantly lifted!

However, he quickly realized that since she had returned safely, it meant that nothing major had happened.

"..."Xia Jinqi froze for a moment. She wanted to give herself a big slap. What was wrong with it? Why did it have to be about that unlucky guy!

However, she knew that this couldn't be hidden. Yan Jun would find out sooner or later, so she nodded. "He invited me to have a cup of tea. Later, when my dad came over, the LEGO elders put pressure on the bank. Lu Yiming had no choice but to send me out obediently."

Xia Jinqi still found that scene somewhat unbelievable when she recalled it now.

So many people came out to protect her at the same time... ..

Lu Yiming was originally hopping mad at her. He almost stabbed her with a fruit knife, but in the end, he could only let her go obediently.

This was the first time that Xia Jinqi personally experienced the benefits of power and money.

There was no need to say anything. Just standing there was an invisible pressure!

The smile on Yan Jun's lips deepened. "LEGO's identity is equivalent to a protective talisman for you."

“right...” Xia Jinqi was also somewhat moved. Grandfather Ji had indeed left the best for her.

Speaking up to this point, Xia Jinqi thought of the bones that had been dug up last night. “Have you seen the news? It’s the one that hides the white bones under the valley.”

Yan Jun nodded, his black eyes sinking slightly. “I didn’t expect that you guys would really find it.”

Chapter 1177: you’re really capable

He had also heard about that matter from Huo Ting, but because the time interval was too long, it was too difficult to investigate.

He originally thought that the clue would be broken with Li Jie, but he didn’t expect Xia Jinqi to really find that photo, that place.

In addition, this time, Xia Jinqi bumped into Lu Yiming head-on and actually didn’t suffer a loss. Yan Jun’s views and thoughts also changed.

Perhaps, from the beginning, he shouldn’t have treated her as a weak woman who couldn’t even truss a chicken.

“originally, we had been digging for a long time, but we still couldn’t find anything. We were about to leave, but who knew that a sudden clap of thunder would descend and the rain would intensify. Only then did a small section of white bones rush out!” Xia Jinqi said with a beaming expression, her expression once again becoming extremely fearful.

“Yan Jun, do you know?” After digging for a long time without finding anything, I was actually very flustered. I thought that this entire journey had been a little too smooth. Was it because I was too eager for instant success, so I had made a mistake in which section. But then I remembered what you told me. No matter what happens, you must not show joy on your face. You must stay calm... ..

Fortunately, God helped her in the end.

Otherwise, she would have blamed herself if she made such a big fuss and got nothing in the end.

Yan Jun heard her talk about last night’s thrilling experience, and his pure black eyes sparkled with starlight.

“You’re great,” he praised her from the bottom of his heart, holding her side profile with his big palm.

This was something that he and Huo Ting hadn’t accomplished. He didn’t expect her to find it by accident.

“Hehe...” Xia Jinqi laughed and threw herself back into his arms. “You’re also very capable!”

Even though they weren’t by each other’s side during this operation, they were still working tirelessly. In the end, they both succeeded and successfully completed the mission!

Yan Jun’s eyes were filled with a smile. He kissed her forehead and held her hand as they went downstairs. “Let’s go downstairs to eat.”

“Okay.” Xia Jinqi smiled and let him hold her hand as they slowly went downstairs.

Xia Jinqi only found out when they arrived downstairs that it was not just a romantic dinner for the two of them.

Wen Qing and Ben were also there.

She hadn't left yet Xia Jinqi thought unkindly.

Even though she knew that Wen Qing had suddenly become the same as before because of Lu Yiming, Xia Jinqi knew that she was still coveting Yan Jun in her heart, so she had been brooding over it.

Yan Jun held Xia Jinqi's hand and walked in front of Wen Qing and Ben.

“Jun, who is she?” Wen Qing widened her eyes and stared at the beautiful woman in White Beside Yan Jun... .. n)/o(-V-(e--L)/b.(l--n

“Her name is Xia Jinqi, my wife.” Yan Jun remembered that she had lost her memory, so he introduced her again and emphasized the last four words.

Then let go of Xia Jinqi's hand and hug her waist to show their close relationship.

Wen Qing's face was full of shock and jealousy, and Ben almost screamed out, “you... you are the teenager who just went in? You are Summer?”

Xia Jinqi smiled at him. “Yes, you still remember me, Ben.”

Ben and Xia Jinqi didn't change much when they met before, especially that short blonde hair and deep blue eyes like the blue sea and sky.

BEN SIZED UP XIA Jinqi from head to toe and clicked his tongue in surprise. “I really didn't recognize you just now... why do I feel that this young man looks so familiar?”

After admiring himself for a long time, Ben said again, “How amazing!”

Xia Jinqi couldn't stop laughing. Even she herself was surprised that her little trick could fool so many people!

Chapter 1178: The incarnation of the Black Lotus

Yan Jun's eyes softened when he saw her smiling happily.

Wen Qing stood at the side and looked at Yan Jun with a Pale face, who had been focusing on Xia Jinqi.

She did not know how Xia Jinqi got married to Yan Jun, nor did she know how much they loved each other. She only knew that the moment Xia Jinqi appeared, all of Yan Jun's attention was on her He did not pay attention to anyone else at all.

While Ben was still shouting Magic, di Qu walked over and asked respectfully, “young master, dinner is ready. Do you want to eat in the restaurant?”

Yan Jun did not make a decision. Instead, he turned around to look at Xia Jinqi and asked her, “where do you want to eat?”

Xia Jinqi seemed to have gotten used to Yan Jun pampering her like this. Xia Jinqi looked around the house and then at the courtyard. Suddenly, she said, “I want to eat in the courtyard. I can see the ferris wheel that you gave me there.”

Intentionally or not, Xia Jinqi mentioned the ferris wheel and emphasized that it was given to her by Yan Jun..

Of course, she would not say this normally, but since Wen Qing was here... .. There was still a need to say it ...

Facing a woman who constantly had designs on her husband, Xia Jinqi transformed into a black lotus without hesitation.

When it was time to be kind, be kind, and when it was time to protect, don't be soft-hearted.

Sure enough, when she heard that Yan Jun had given Xia Jinqi a ferris wheel, Wen Qing's expression became even worse.

On the other hand, Yan Jun raised his eyebrows and looked at her in surprise. “You know about it?”

The Ferris wheel had not been completed yet. He wanted to wait until it could be used before telling her, so recently, he had brought her back in the dead of night.

Even if she came back during the day, he would try his best to let her walk through the area blocked by the villa. He did not expect that she would still discover him.

When Xia Jinqi heard his words, she became even more proud. She hugged his arm and shook it. “I don't know everything. I'm waiting for you to tell me personally!”

“How can I tell you if I know!” Yan Jun snorted and pinched the tip of her nose. Wherever his gaze went, it was filled with tenderness.

Wen Qing's face turned green and green again.”...”

Xia Jinqi would not normally act like this, and Yan Jun would not be so cooperative.

When they first got married, they spent the whole day arguing.

Usually, when she started to act, Yan Jun would coldly interrupt her and then say a few words of sourness to her.

It was rare for her to be so cooperative like today... .. It was so sweet that it made one sick of it ...

Actually, Xia Jinqi did not know that Yan Jun was deliberately cooperating with her.

Even leaving Wen Qing to come down for dinner was also intentional.

Since she could not refuse again and again, she could only accept the reality and give up on herself.

He only had one heart and had given it to Xia Jinqi long ago. He did not have the extra mind to care about the people around him.

The servants went to the courtyard to set the dining table. Xia Jinqi also dragged Yan Jun out.

Wen Qing stood where she was, gritting her teeth... ..

Ben looked at the unusual atmosphere between the three of them, and then at Wen Qing's ashen face. He sighed again. "Ah Qing, why are you doing this? The couple is so close, you..."

"Stop Talking!" Wen Qing interrupted him and turned around to chase after him.

Her mind was burning with jealousy and unwillingness. How could she listen to what Ben said?

Seeing her leave in a huff, Ben had no choice but to pinch the space between his eyebrows. "Hey, when are you going to get over it?"

Chapter 1179: what have you done to me?

Wen Qing had just walked into the courtyard when she saw two people walking side by side not far in front of her. They were talking and laughing as they looked at a huge ring in the night sky.

"You said you wanted to give me a paradise? Is that what you're talking about?" Xia Jinqi asked with a smile as she pointed at the ring that happened to have the moon in the center.

She had seen the ferris wheel a long time ago, but Yan Jun had been holding back and did not say anything, so she did not ask.

She had originally planned to wait until he was willing to listen to her, but who knew that Wen Qing would stay tonight, so she could not bear it anymore. n/.Ovel&1n

"Okay." Yan Jun knew that she was deliberately showing Wen Qing, so he wasn't angry. Instead, he cooperated with her in every way. "after the construction is completed, take the car to the highest point, and you can overlook the entire Rao city."

"It must be very beautiful..." hearing Yan Jun's words, Xia Jinqi unconsciously began to fantasize, as if what was in front of her at this moment was the beautiful night view of Rao city.

Yan Jun looked sideways at her. Seeing the longing on her face, he was very satisfied.

To be honest, it took a lot of manpower and material resources to build such a huge ferris wheel here. However, as long as he could make her smile, everything was worth it.

"There's something even more beautiful." His thin lips curled into a mysterious smile.

"Hmm?" Xia Jinqi returned to her senses curiously. "What else is there?"

"You'll know when the time comes." He kept her in suspense and pretended to be mysterious.

Xia Jinqi was so anxious that her brain was about to explode. She could only coax him. "Aiya, tell me... what else is more beautiful?"

Curiosity really killed the cat!

Yan Jun did not say anything. Instead, he held her hand and walked to the dining table that was already prepared. "Let's eat first."

He wouldn't tell her..

Also, under the Ferris wheel, he planted 300 acres of daisies for her.

However, it was already late autumn, and the flowering period had already passed.

When spring came, February, and March came, the 300 acres of daisies would be in full bloom. Then, he would take her up the ferris wheel and look down at the flowers.

Xia Jinqi pouted, her face full of unhappiness.

It really didn't feel good to be kept in suspense!

After Yan Jun pulled her to sit down, he saw this little girl staring at him with a face full of resentment. In the end, he really had no choice but to lean over and kiss her forehead. He coaxed her gently, "alright, eat obediently."

When the servant who was serving the dishes saw this, his hand trembled and the plate almost fell off...

...

Oh my God Was this still their young master? ! !

Did the sun rise from the West?

Usually, he didn't want to say anything more. The cold and expressionless King of hell actually had such a gentle side?

The Servant quietly raised her eyes to look at the sky. This, this, this, there was no sun... ..

Not to mention the servant, even Xia Jinqi was stunned by Yan Jun's actions.

She narrowed her eyes and sized him up suspiciously before blurting out, "why are you suddenly so good to me? Could it be that you've done something to let me down?"

Wen Qing was just about to sit down when Ben walked up to the dining table.

Both of them were stunned when they heard Xia Jinqi's words.

Wen Qing, in particular, had an even uglier expression on her face. She subconsciously looked at Yan Jun..

However, Yan Jun did not even look at her. He only looked at Xia Jinqi affectionately and gently. He said helplessly, "what are you thinking about? You know that I only love you."

"..."sick.

Xia Jinqi touched her cheek. She felt that her teeth were about to be sick!

She looked at Yan Jun more suspiciously and thought to herself, what's wrong with this guy tonight Why is he always sweet-talking me?

Chapter 1180: was a small show that went on and on

Was this still the quiet and cold King of Hell?

Opposite him, Ben was not too surprised. He only looked at Yan Jun with a look of understanding.

He seemed to understand that Yan Jun was deliberately doing it for Wen Qing... ..

As for Wen Qing, she had already gritted her teeth, but she did not dare to show it. She could only swallow the bitter water in her stomach.

That was because Yan Jun had never treated her well, but now he had given it to Xia Jinqi so easily. This made her particularly unwilling!

"You two... you two are really close. " It was as if she had squeezed out a few words from between her teeth. When Wen Qing looked at Xia Jinqi, there was a small flame flickering in her eyes ...

Xia Jinqi naturally did not miss this point. She raised her head and smiled, telling the truth without any humility. "Yes, we've been married for more than a year, and our relationship has always been this good! "

Ben, "... "

Why did he suddenly feel a surge of wind and clouds despite it being such a simple conversation?

Women are so scary... ..

Xia Jinqi felt that it was not enough for her to say it herself. She turned to look at Yan Jun and asked, "Don't you agree, my dear? "

"Yes, you're right. " Yan Jun smiled the entire time. It was not the usual polite fake smile or helpless sneer. Instead, it was a gentle smile that came from the bottom of his heart.

He was smiling at the fact that he had talent in acting as well as the thoughts of the little woman beside him.

Wasn't she doing this all of a sudden to prove to Wen Qing that he was hers at All Times?

Yan Jun could feel that Xia Jinqi's possessiveness towards him was getting stronger and stronger.

Thinking back to the time when Wen Qing first appeared, she was still so flustered and cautious, not knowing what to do.

But now, this little show was going on one after another. Wen Qing was so angry that she was in a daze.

Xia Jinqi was very satisfied with Yan Jun's answer. She turned back to look at Wen Qing with a smile. Sure enough, she saw Wen Qing's face change from green to white. Even when she changed her clothes, she could directly perform the Chinese stunts and change her face!

In fact, she quite sympathized with Wen Qing. She was inexplicably put up for auction by Lu Yiming and drugged, making her look neither human nor ghost.

But who asked her to start sticking to Yan Jun again after she lost her memory... ..

Xia Jinqi did not feel bad even after spending so much money to bid her back. As long as she saw Wen Qing sticking to Yan Jun, she felt all kinds of discomfort all over!

Thinking of this, Xia Jinqi asked Wen Qing again, "I remember that Miss Wen was also in Nevada before this? She has been here for so long this time. When do you plan to go back? "

Wen Qing, "..."

She stared at Xia Jinqi with surprise in her eyes!

She had probably never seen such a difficult woman... ..

If others saw her husband hugging a strange woman, they would probably be furious.

But she was not angry at all. She only cared about showing off her love to her husband. Wen Qing was so angry that... .. She felt like her heart was going to stop ...

"It's still early! " When she opened her mouth, her voice unconsciously became heavier.

Ben Could tell at a glance that Wen Qing was no match for Xia Jinqi. Now that he heard Wen Qing's words and thought about it, he decided on her behalf. "We'll go back in two days. There's still a seminar. We can't be late. "

Ben Thought that after Wen Qing's body was examined for two more days and confirmed that she was really fine, they would immediately go back.

If they continued to stay here, not only would it be dangerous, it would also make Yan Jun and Xia Jinqi uncomfortable.
