

Trick Me 1271

Chapter 1271: without you, I'm so lonely... ..

Bi Yue.

The full moon was like a beautiful round jade.

Such a beautiful name, such a beautiful face, but it changed into an incomplete life.

Perhaps, this was the so-called saying that things will turn around when they reach their limit.

God is always fair. If he gives you some, he will take some away.

Fifteen years.

She had been lying like this for a whole decade.

To her, these ten years were nothing but a blur, fleeting in the blink of an eye.

But to Lu Yiming, every day was like a year, every second was a torment.

“fifteen years, Bi Yue. I used fifteen years to climb to where I am today. Countless people have submitted to me. In twenty days, the election will be completely over. By then, I will be the president of RAO CITY! By then, I will be able to take revenge!”

Speaking of these, Lu Yiming could not help but raise his voice. He purposely said it for her to hear and also for himself to hear.

At this time, he really hoped that she would wake up and smile at him. She would rush into his arms and respond to him loudly. Yiming, YOU'RE GREAT!

Unfortunately, she did not wake up after he finished speaking.

The surroundings were quiet.

No one congratulated him, and no one was flattering him.

There was only the sound of instruments in the room.

That sound was really lonely. It was as if tens of thousands of ants had crawled out from the cracks of his bones, nibbling on his flesh, his heart, and his soul bit by bit... ..

In the end, he hugged himself tightly with both hands. He leaned against the corner of Bi Yue's bed and slowly fell to the ground.

“president... Hehe, what Bullsh * T president, it's completely useless... I can't save you, and I can't save our son...”

A staccato voice escaped from his lips.

Until it turned into a low sob.

“Bi Yue, can you wake up? It’s been fifteen years, and I’m so lonely without you... I’m so tired, I miss you so much...”

He kept mumbling and crying.

But no matter what he did, the woman on the bed with her eyes closed remained unmoved.

Her eyes and brows were clear, like the clouds in the mountains, ethereal and indifferent.

There was no blanket on her body. She was wearing a white dress with her hands folded in front of her abdomen.

She looked so peaceful, as if she was asleep, but also... .. Dead ...

A 15-year vegetative state.

Perhaps she would die in the next second.

Perhaps she could live like this for the rest of her life until her organs failed and she died.

However, Lu Yiming did everything he could to prolong her life. n(-o)/V()**(E)**/~~l~~(b).l-/n

He did not care about anything.

Whether it was using a living human organ to prolong her life or finding a fresh body to transplant her brain waves, as long as he could give her a chance to live, no matter how crazy or absurd the possibility was, he would try everything!

Then.

He chose Xia Jinqi.

Thinking of that young and extraordinary woman, the sadness in Lu Yiming’s heart was suddenly swept away.

He smiled and turned sideways, kneeling in front of Bi Yue’s bed.

He held her hand and gazed at her affectionately “Bi Yue, I have a feeling that you’ll be back soon... “That woman, I’ve checked her blood type. Her heart is a perfect match for yours “We’re not afraid anymore. We’re not afraid that your heart will fail “.. “She still has two children, a son and a daughter. “If you like them, I’ll take them over and make them our children, okay?”

His Pale joints slid past her temples, gentle and loving.

Chapter 1272: I will not let go of anyone who harmed us back then!

Bi Yue had been sleeping quietly the whole time. She did not know anything about the outside world at all.

However, this did not stop Lu Yiming from talking to himself again and again.

He covered her beautiful long hair for her and revealed a silly smile like a child. "I know that you will definitely like it."

After saying that, he leaned over and kissed her lips.

When he stood up again, it was true that he had changed into an extremely conceited expression. n/-o.)v--e).1)(b/-1)-n

Lips evil upward, eyes are full of see prey in the general light.

"Fifteen years of hibernation has finally come to an end! Xia Jitian has stepped down, Xia Chuanxu that wet behind the ears boy, what waves can be set off?

Humph, the only did not expect, is Yan Jun unexpectedly in advance to make a move, put an eye line in my side The police are investigating the valley bones, and they obviously don't want me as president... ..

But do not worry, I only want three days, once I have the highest power, for you and our son revenge, I will be satisfied. After that, I'M GONNA stink up this town and make it miserable!

Aren't Yan Jun and Huo Ting the saviors Don't you have a heart of gold They're not GonNa let that happen, and then I'm GonNa take you and that woman's baby with me, and we're gonNA find a whole new place, and we're gonNA transplant your brain waves into her, and you're gonNA come back to life...

...

Bi Yue, we'll meet again soon... .. Wait for me. Soon, soon, we'll be a whole new family of four!"

Finished his whole plan, Lu Yiming excited began to laugh, laughing, the whole body began to tremble.

His mood is now extremely high, the central nervous system is completely unable to control this extreme excitement and pleasure... ..

"Ha ha ha ha! That fool Yan Jun thought I only wanted the presidency! He would never think that all I wanted was his wife and children! HA HA HA!"

"POWER AND STATUS COUNT FOR NOTHING! In my eyes, Lu Yiming, no matter how high the position, no matter how much fame and fortune, all can not compare to your Qingcheng Smile!"

"Bi Yue, I miss you... I really miss you..."

Lu Yiming, who was so twisted that he couldn't control himself, suddenly burst into tears again.

"It's all their fault. They killed our son, and they caused you to become like this... don't worry, I won't let any of the people who hurt us back then go!"

As he cried, anger was born again. His hands slammed hard on the floor, and his skin and flesh were torn open, and bright red blood flowed out.

The scarlet color and intense pain were stimulating his nerves!

He could not stop making a scene at all. He would laugh and cry at times, like a complete lunatic.

Bi Yue, who was lying on the bed, was still completely unaware of all this.

Not only him, even Xia Jinqi and Yu Yang, who were outside the glass window, were completely unaware.

The enclosed space had an absolute soundproof effect.

As long as Lu Yiming did not come out, Xia Jinqi and Yu Yang could not leave for even a moment.

They waited until the second half of the night, when Xia Jinqi began to feel sleepy. Only then did they see Lu Yiming come out of the room.

When he came out, his gaze became very calm. It was no different from what Xia Jinqi usually saw.

However, his hands by his side were dripping with blood.

He didn't care about the pain at all. With every step he took, the bright red blood dripped onto the floor.

Finally, it formed a blood path.

Chapter 1273: no one was born a demon

From Xia Jinqi's point of view, she just happened to see that everywhere he passed, blood flowed like a river!

If Li Jie's body was exuding an eerie coldness as if he had crawled out from a pile of dead people, then at this moment, Lu Yiming himself represented death and darkness!

Xia Jinqi vaguely remembered that some time ago, Lu Yiming's neck had been injured and was covered with a thick gauze, but his expression was still the same as it was now. It was neither painful nor itchy.

This time, his hands were still bleeding, but he himself did not care about these things.

Ben had once mentioned a mental illness to her.

This type of patient was usually of normal intelligence. There were even people with high iq. They either had an unfortunate childhood or suffered a major blow in their youth.

The bad experience of a native family, or even the unexpected events that happened after they came into contact with society, could be the cause of the illness.

The reaction of their plant nervous system and cerebral CORTEX would be mutated. Simply put, they could not control their emotions until they completely collapsed.

Normally, when people were angry, they would speak recklessly and do impulsive things. n.-Ove1b1n

However, once a psychopath became ill, they would be extremely impulsive and aggressive.

In the past, she didn't think of it. Now that she thought of it, Xia Jinqi also remembered at the same time that Lu Yiming was indeed temperamental. When he became agitated, he would even hurt himself.

No, it wasn't just a simple injury. He himself might be enjoying the pain and unable to extricate himself.

It was like a person who was addicted to drugs, unable to reject the extreme pleasure and ecstasy.

And the source that made him become what he was today, was it related to the mysterious woman lying in the room?

Xia Jinqi retracted her gaze and looked at the glass window that had already turned transparent.

She vaguely felt that Lu Yiming should also be a person with a story.

Moreover, the story that he had experienced must be a dark and terrifying one that she had never seen before... ..

In an instant, Xia Jinqi's hands and feet became a little cold.

She recalled a saying.

At the beginning of a person, their nature was good.

No one was born a demon.

The reason why Li Jie had such ruthless skills and vision was because he had lived in a world where death and the strong could get everything.

Then, what exactly had he experienced when Lu Yiming became like this?

Quietly clenching her hands, Xia Jinqi's face was a little Pale.

Yu Yang did not think so much at all. A man's thinking was never as meticulous as a woman's. He paid more attention to the fact that Lu Yiming had already left, and now the situation was advantageous to them.

He slowly stood up and shook his clothes. "come out. Let's see if the password worked. "

Xia Jinqi finally came back to her senses.

"Old Jin won't come up?" She asked.

"No. " Yu Yang shook his head, but he felt a little worried. He simply said, "let's try the password first. "

Then, he took the lead and walked to the door of the room next to the mysterious woman's.

There was only a numeric keypad and password lock on it. Using his memory, Yu Yang quickly entered the six numbers.

Xia Jinqi watched from the side and unconsciously held her breath.

Could the password be correct?

If it was correct, then what was hidden behind this door?

Just as they waited nervously and silently, there was suddenly the sound of footsteps and a conversation downstairs.

"Old Jin, when did you recruit New People? Why didn't you tell me? "

Chapter 1274: five-month-old fetus

This... .. was brother Wei ! !

Next was old Jin, who said in a puzzled tone, “when did I recruit a new person? Xiao Lan just left, and I haven’t settled the matter properly!”

Speaking of Xiao Lan’s last sentence, old Jin was obviously a little angry.

If it wasn’t for Ju Jingwei, who was careless, lecherous, and greedy, why would he force Xiao Lan away?

Xiao Lan was originally a very serious girl, and she was steady. Old Jin still wanted to keep her as a servant for a few more years!

Xia Jinqi was holding her breath as she listened to the conversation downstairs. However, there was a click in front of her. The door of the room that was originally locked was actually opened!

That password was actually universal? ! !

While Xia Jinqi was delighted, Yu Yang gave her a look. “You go in and hide. I’ll go downstairs and deal with them.” n.-Ovelb1n

After saying that, he turned around and left.

Xia Jinqi didn’t have time to think. She pushed the door open and entered the secret room in a flash.

Brother Wei and Lao Jin had met downstairs, so they would definitely notice that something was wrong with her. Now, they could only leave it to Yu Yang. Hopefully, he could settle it... ..

After Xia Jinqi closed the door, she let out a small sigh of relief.

At least for this moment, she was still safe.

However, before she could relax for a moment, the next second, she looked up and her breathing suddenly stopped!

Even her heartbeat missed a beat... ..

In front of her, in this room that was less than ten square meters, there was only a huge glass container in the middle.

In the container, there was an unknown transparent liquid soaking A... .. Fetus ! !

To be exact, it should be a fetus that had not been born yet!

Xia Jinqi was also a mother. During the prenatal examination, she had seen countless images of the baby in her belly.

She recognized the one in front of her at a glance. It was a fetus that was about five months pregnant!

The fetus’limbs had not begun to strengthen, so its head appeared larger. It was curled up and floating in a transparent liquid like a typical baby.

Its small hands and feet were all curled up. Its expression was peaceful, as if it was still in its mother's womb... ..

Xia Jinqi stayed where she was for a long time before she forcefully suppressed the surprise in her heart and slowly moved closer to the fetus.

Whose child was this It was taken out of the mother's womb before it was full term, and it was in such a complete state. It was obvious that it was not a medical induced labor.

If it was not induced labor, then how was it taken out Could it be that the mother's womb was cut open alive?

Xia Jinqi shuddered and did not dare to continue thinking.

However, an even more terrifying thought suddenly popped up in her mind... ..

This child was right next door to that mysterious woman, and it was also locked with a password door.

If that woman was really Lu Yiming's wife, then this child... .. could it be Lu Yiming's child ? ?

Thinking of this, Xia Jinqi unconsciously gritted her teeth, and her hands and feet were ice-cold... ..

So, this was the story of Lu Yiming?

His wife was unconscious, and the child was dug out alive and soaked in a glass container?

Was it because of this that he became so dark and terrifying?

Xia Jinqi took a deep breath and suddenly understood something. She turned around and opened the door to the secret room.

At that moment, a series of hurried footsteps and loud questioning came from outside the door. "That woman said her name is Bei Bei, and she's coming upstairs! "

Xia Jinqi frowned and closed the door as if it was a reflex!

At that moment, outside the door, brother Wei had already sensed that something was wrong. He pulled Yu Yang up to confront him. "You said that you introduced her, but Lao Jin said that there's no such person! How do you explain it? ! "

Chapter 1275: the little girl's face turned red and she ran away on the spot

Yu Yang followed behind him lazily and answered with a calm expression "I've already told Old Jin that I'll introduce someone reliable. Bei Bei just arrived today. Isn't it normal for old Jin not to know? Besides, she didn't go upstairs at all. I told her to wait outside first. "

Old Jin walked at the back.

He was also old and his beard was a little white. It could be seen that he had been by Lu Yiming's side for quite some time.

Listening to the conversation between the two of them, he frowned and said, "there is such a thing. "

After that, he fell into deep thought again.

This place hid the two things that mister treasured the most, and also the two things that he needed to protect with his life. There must be no mistakes!

If what Ju Jingwei said was true, then this Yu Yang must die.

Moreover, this place would no longer be safe. At that time, they would have to move to a new place.

But... ... novE-1B/In

Lao Jin looked at Yu Yang again. This person was quick in handling matters. To be honest, he was much more reliable than that kid, Ju Jingwei!

Back when he was working outside, his bag was snatched away by a group of people. It was Yu Yang who happened to be present and helped him snatch the bag back.

After chatting for a while, he found out that Yu Yang was working as a security guard somewhere else. He thought that his family lacked a skilled and courageous person, so he paid a large sum of money to poach him back.

Yu Yang had worked for a period of time, and his performance was quite good. Lao Jin had always admired him, but he did not expect that there would be such a first time.

After listening to Lao Jin's testimony, brother Wei snorted coldly and said, "you're lying! That woman clearly told me that Lao Jin was the one who sent her upstairs, but she still asked me about the situation on the second floor! There's obviously a ghost!"

"I told her that the main job was on the second floor, so it's normal for her to ask you about it. I also told her about brother Jin's situation. You've been courting her since she came, yet she still doesn't want to bring brother Jin out?" No matter what brother Wei said, Yu Yang refuted him one by one.

Moreover, these words were perfectly matched, and there was no flaw at all.

After saying that, Yu Yang crossed his arms over his chest again and raised his chin provocatively at brother Wei. "Didn't you say that she's still upstairs? Then you find her."

"HMPH! Just you wait!" Brother Wei's expression was very unpleasant. After throwing out those harsh words, he began to search room by room upstairs.

After seeing him leave, Yu Yang turned around to look at Old Jin and took the initiative to explain about this Bei Bei.

"Uncle Jin, this Bei Bei is a university classmate of my cousin's. She just graduated and didn't find a suitable job. I felt sorry for her and thought she was an honest person, so I introduced her here." Taking the initiative to explain was much more convincing than being questioned.

Yu Yang had worked as a police officer for many years and had seen many cases. He randomly picked an identity and was able to cover up this lie.

Uncle Jin nodded. After all, nothing had happened for the time being. If Ju Jingwei was really mistaken, he wouldn't be able to explain it to Yu Yang.

Therefore, he didn't make a move for the time being. Instead, he asked calmly, "since she's already here, why did you let her go? You should have let me see her at least."

"Uncle Jin is right. ". She was still doing the procedures at school during the day, but by the time she arrived at night, it was already late. "Wasn't doctor Zhao here at that time?" "I was standing guard outside. Who knew that this girl would sneak in and be met by brother Wei? She even said a few unpleasant words. When the little girl heard it, her face turned red and she ran away on the spot. I couldn't stop her." Yu Yang shook his head His face was full of pain. "She's a serious little girl. After graduating, she wanted to look for a job. Who could stand him?"

Chapter 1276: what are you looking at Why aren't you leaving? ! !

Between his words, he quietly shifted the focus of the matter to brother Wei.

Previously, Xiao Lan had been bullied by brother Wei and she had left. Brother Wei could be considered a person with a previous record. Now that Yu Yang had said this, old Jin could not help but fall into deep thought.

Ju Jingwei, this kid, was indeed a little lecherous.

Xiao Lan had also been here for quite a long time. Old Jin had always been very satisfied. If it wasn't for Ju Jingwei... ..

Sigh, forget it, it's all in the past.

Just Sir just come when also said, must look for a clever girl to take care of Madam.

It is not so easy to recruit people outside. It would be best if Yu Yang could introduce someone he knows.

Two people say, have already looked for a circle in the upstairs Ju Jing Wei also came down.

Xia Jinqi is hiding in the locked room, of course he can't find her.

Finally can only be discouraged to touch the head, a face of surprise back to the front of Lao Jin, muttered, "is really strange, how can not find people?"

If he couldn't find him, it meant that there was no problem with the Bei Bei that Yu Yang had brought over.

Yu Yang glanced at him and snorted coldly. "I told you that Bei Bei had already left."

With that, he turned back to look at Old Jin. "I still have some matters to attend to, so I'll go down first."

Old Jin nodded and glared at Ju Jingwei as well. "You go down as well. This matter ends here."

Brother Wei continued to rub his head. After being reprimanded, his face was a little Pale, but he didn't dare to say anything else. He could only take the lead and go downstairs.

Yu Yang had no reason to stay any longer and could only follow him slowly.

However, when he left, he turned around and looked behind him. Old Jin had actually walked towards the mysterious woman's room... ..

He had just passed the first hurdle, and he was immediately plunged into a crisis!

How could he have forgotten? Old Jin also knew the password In the past, every time Xiao Lan went in to give that mysterious woman a massage, old Jin would open the door... ..

Looking at the situation in front of him, could it be that old Jin wanted to personally go and check?

That Xia Jinqi... ..

Yu Yang's heart skipped a beat, and his footsteps stopped.

He was hesitating. Should he bend over and Stop Old Jin?

In just a moment, brother Wei suddenly turned back to look at him and shouted, "what are you looking at? Why aren't you leaving? !"

"..."Yu Yang had no choice but to follow. nov**E-1B**/In

If Xia Jinqi was smart enough, she should be able to hide for a while.

But if he rushed up now, it would be the same as confessing without a fight, silently putting Xia Jinqi in danger.

Yu Yang clenched his hands that hung by his side tightly. He could only continue to walk down the stairs.

When the footsteps of the two gradually faded away, old Jin used his palm print and password to unlock Bi Yue's room.

He went in to take a look, but didn't find a second person. Only then did he leave with satisfaction.

After closing the door again, he walked to the door of the next room.

As usual, he entered the password.

At this moment, Xia Jinqi's heart, who was hiding behind the door, had already stopped.

She moved to the side and leaned against the wall by the door. She took a deep breath, waiting for the moment the door was opened. If she was discovered, she would knock out the person who came in with one palm and then wait for an opportunity to leave!

Fortunately, there was no absolute sound insulation in this room. She had heard the conversation between Yu Yang and Lao Jin clearly!

"CLICK!" The door was opened with a sound.

Xia Jinqi held her breath and quietly raised her hand knife.

Lao Jin first took a glance at the young master who was still perfectly fine soaking in the liquid. He sighed silently and his heart finally relaxed. Then, he took his left foot and stepped into the room.

Chapter 1277: narrowly escaping

Xia Jinqi narrowed her eyes as if she was facing a formidable enemy. She was ready for battle!

Seeing that Lao Jin was about to step in with his other foot, a maid ran in from outside the door. She said in a panic, "Butler Jin, quickly go down and take a look! Brother Wei and brother Yang are fighting!"

"What?!" Lao Jin was shocked, and his expression changed instantly!

He hurriedly glanced at the young master who was safe and sound in the glass container, turned around, and quickly retreated!

Following that was the sound of hurried footsteps.

Xia Jinqi frowned when she heard the sound of footsteps. After the sound of footsteps had completely disappeared, she carefully opened the door.

As expected, there was no one in the corridor.

As she walked down the stairs, she heard a series of chaotic noises.

"I've long disliked you! Who do you think you are? How dare you meddle in my affairs? That Xiaolan looks beautiful, so what if I touch her? I didn't give her any money? ! Damn it! I really took a fancy to that Bei Bei, so what?!"

"Ju Jingwei! YOU BASTARD!"

"Alright! Stop Fighting, both of you! Madam will see which one of you can take responsibility for this!"

Everyone gathered in the front hall. No one noticed that a person had come down the stairs.

Xia Jinqi took advantage of the chaos to sneak out through the back door.

Yu Yang's peripheral vision caught a glimpse of Xia Jinqi's shadow passing by the stairs. Knowing that she had safely left, he released brother Wei's collar and stood up to tidy up his clothes.

"If you dare to have any designs on Bei Bei again, I'll hit you every time I see you!" After saying those harsh words, Yu Yang wiped the blood from the corner of his mouth.

He had deliberately provoked the hot-tempered brother Wei in order to attract old Jin to come down.

During the scuffle, he had also thrown the tea set on the coffee table and smashed the television.

The Greater The commotion, the more people would be attracted. This would create an opportunity for Xia Jinqi to leave... ..

At that time, brother Wei, who was still lying on the ground and beaten black and blue, could only hug his hand and curse with his teeth bared, "you better remember this..."

The two of them exchanged disgraceful words. Old Jin was so angry that his old face turned purple.

"Enough! If you still have an old uncle Jin in your eyes, shut up!" Lao Jin scolded angrily. The two people in front of him did not make a sound.

Everyone was so angry that the living room suddenly became quiet.

Brother Wei and Yu Yang were not on good terms, but he still had to listen to Lao Jin's words.

Yu Yang had also achieved his goal. Naturally, he had no reason to continue making a fuss. He also obediently sat on the side and wiped the blood at the corner of his mouth with a tissue.

Lao Jin glanced at the two disgraceful boys. After holding his anger for a long time, he still instructed the maid, "go get the first-aid kit and treat his wounds. "

"Yes. " The maid turned around and went to get the first-aid kit.

"..."

Xia Jinqi had just walked out of the back door. Before she could see the road clearly, she was pulled to the side.

Then, a tall figure instantly enveloped her. Along with it, there was a familiar and anxious question in her ear. "Are you okay? Why did you go for so long? "

Xia Jinqi didn't even need to raise her head. She could recognize that it was Yan Jun just by the faint smell of cigars lingering at the tip of her nose.

"I'm fine. It's just that Yu Yang might be in trouble. I have to go help him again. " Xia Jinqi leaned over and hugged Yan Jun, giving him a sense of relief.

"Yu Yang? " Yan Jun raised his eyebrows. The name sounded familiar, but he couldn't remember who it was.

Chapter 1278: acting

"Yes. He's the captain of the criminal investigation team in charge of investigating the skeleton case, " Xia Jinqi said simply. Then, she left his arms and quickly ran towards the main entrance of the villa. "I'LL BE BACK SOON! "

Yan Jun was the only one left. His dark eyes darkened as he watched her leave.

The captain of the Criminal Investigation team had also investigated to this point?

In the living room.

The servants had already helped Yu Yang and brother Wei to deal with their wounds.

The two of them did not care about the severity of their attacks either. Both of them had caused the other party to be riddled with wounds.

Old Jin stood at the side, looking at the two troublemakers with bulging eyes. He really wanted to give each of them a slap!

In the silence, a servant ran into the room and asked Old Jin anxiously, "Butler Jin, there's a young lady at the door who has been crying. I asked her what she was crying about, but she didn't say. Look..." "

“Young Lady? What does she look like?” Old Jin asked with a frown.

“She’s wearing the servant’s clothes, but she doesn’t work here. She said her name is Bei Bei...” The servant answered truthfully.

The moment she finished speaking, the three people in the hall were stunned at the same time.

Old Jin’s expression did not change, but he turned sideways and walked out of the door quickly. n).O..1-
(e(//(b)-1-.n

After old Jin left, brother Wei turned around and glared at Yu Yang fiercely, then stood up and left as well.

Yu Yang stood on the spot for a moment, and his expression did not look very good. It was not easy for him to send that girl away, so why did she come back?

No, he had to go and take a look too!

When the Group of people walked out of the courtyard, they saw a girl wearing the maid’s clothes sitting on the steps by the door. Her shoulders trembled slightly, and she was sobbing.

Yu Yang took a glance and immediately recognized who it was. He took a few steps forward and called out to her, “Bei Bei? Why are you here? I’ve been looking for you for a long time. I thought you weren’t coming back!”

When Xia Jinqi heard this, she pretended to wipe the tears from the corners of her eyes and replied with a trembling voice, “Big Brother Yu, I’m sorry. I promised to come over to help, but I ran away without even giving an explanation. I... I came back to apologize to you.”

Xia Jinqi did not forget the dangerous scenes upstairs. It was Yu Yang who had helped her at the crucial moment.

It would be too heartless if she left just like that.

It would not be good if old Jin suspected her.

Therefore, she had to come back and finish the play so that old Jin could dispel his doubts.

“silly girl, don’t cry. If you don’t want to do it, don’t do it. Why are you crying?” Yu Yang handed her a tissue and smiled.

A big brother was looking at his silly girl.

Brother Wei looked at the interaction between the two and then looked at Xia Jinqi. Suddenly, he could not react in time.

Could it be that he had thought wrongly?

Seeing this, Lao Jin also walked over and asked Xia Jinqi, “young lady, since you’ve decided to come, why are you not willing to do it? If you come here to work, the salary is very high. As long as you’re diligent, you’ll be able to endure hardships.”

When Xia Jinqi heard this voice, she turned her eyes to look behind her.

This glance was not a big deal. The key was that she also caught sight of brother Wei standing behind Lao Jin.

Instantly, she was like a sheep seeing a wolf. Her entire body trembled and she jumped up to hide behind Yu Yang. She did not dare to look at brother Wei again as she said with a Pale face, "Brother Yu, can I. . . Can I leave now? I don't want to do it anymore. I'm going to find another serious job..."

Yu Yang was stunned.

On the one hand, he praised Xia Jinqi's temporary acting skills, and on the other hand, he lamented how shrewd she was in her mind.

She kept saying that she was going to find another serious job. Wasn't she implying that this current job was not serious?

Chapter 1279: A night of excitement

Upon hearing this, old Jin's face fell.

He turned around and glared at Ju Jingwei. Old Jin was so angry that his nostrils were about to steam up!

"Look at what you've done!"

Brother Wei scratched his head innocently. When he looked at Xia Jinqi again, he was also a little confused. "I didn't do anything to her... I just looked at her legs a little more..."

In fact, Yu Yang had punched him twice on the head just now. He saw stars and his reaction was a little slow.

He had forgotten whether he had done anything to this woman or not.

Sigh, it was also a kind of trouble that he had touched too many women on a daily basis... ..

Hearing his words, Lao Jin did not say anything. He walked over and slapped him hard on the forehead. "YOU RASCAL! Aren't you going to apologize to this little girl? ! If you continue like this, get lost!"

He did not expect to see Lao Jin, who had a friendly face, fight without any hesitation.

And now, he had hit brother Wei on the head again, which made him even more confused!

"Uncle Jin, i..."

"HURRY UP!" Old Jin hit him again.

"OUCH!" Brother Wei held his head in pain, then turned around and said reluctantly to Xia Jinqi, "I'm sorry."

That careless look of his didn't have any intention of apologizing at all. He was acting as if he was arrogant.

“Do you still want to be beaten up? !” The veins on Yu Yang’s forehead began to jump. He clenched his fist and was about to make a move.

On the other side, Xia Jinqi hurriedly pulled him back and advised, “brother Yu, forget it. Can you send me home?”

“...”Yu Yang’s hands stiffened. He did not immediately agree, but instead looked at Lao Jin.

Lao Jin nodded. Only then did Yu Yang stop what he was doing. He adjusted his clothes and left with Xia Jinqi. “Let’s go.”

Brother Wei continued to rub his head. As he watched the two of them leave, he still stubbornly looked at Xia Jinqi.

Lao Jin noticed his gaze and firmly believed Yu Yang’s words. He casually hit brother Wei on the head and scolded, “still looking? ! If you can’t control that thing in your pants, get lost immediately! ”

This time, old Jin did not show any mercy. The pain made brother Wei’s eyes go blurry.

But even so, he still quickly begged for mercy. “Uncle Jin, I was wrong. I really know I was wrong! I promise that I will not be a philanderer in the future and behave properly! How would I know that it was introduced by old Yu... ”

“Humph! DEDUCT THREE MONTHS’ SALARY!” Old Jin did not say much to him and left with a flick of his sleeve.

Brother Wei was left crying and wailing as he followed. “Uncle Jin! You don’t want me to live anymore! I have already apologized. You CAN’T DEDUCT MY SALARY!”

In the darkness of the night, only brother Wei’s screams could be heard.

In the distance.

Xia Jinqi and Yu Yang walked through two small paths and stopped at the corner.

When Yu Yang turned back to look, Xia Jinqi said, “don’t worry, they believe you. THEY WON’T FOLLOW US!”

After what happened just now, even Xia Jinqi admired herself!

How could she be so talented!

How could her brain work so quickly!

Thinking about how brother Wei was fooled by her, she found it funny!

He still dared to tease her? ! Play him to death, okay !

Yu Yang was more careful when he did things. After making sure that no one followed him, he turned around to look at Xia Jinqi. “Didn’t you leave? Why did you come back to help me? ”

“You helped me too. It’s only fair to return the favor.” Xia Jinqi stretched and smiled. When she came out of the villa, she felt as if she had passed another obstacle.

Tonight was really an exciting night.

Yu Yang didn't expect this girl to be so loyal. He smiled and asked, "what's hidden in that small room?"

Chapter 1280: knew how to avoid suspicion

"There's an unborn fetus hidden in a glass container. It's soaked in a special medicine. It hasn't rotted, and it's hard to tell how long it's been there." Xia Jinqi became serious when she mentioned this. Her thin brows were tightly knitted together.

"fetus?" Yu Yang was also surprised. "Isn't it cash?"

Xia Jinqi shook her head. Only then did she remember why Yu Yang had told her about Lu Yiming's financial problems alone.

It turned out that he had always suspected that the small room was where Lu Yiming hid the cash.

"I'm thinking now, the number [090915], could it be related to this child or that woman?" Xia Jinqi scratched her chin, using the only clue she had to think hard about the connection between the three.

Yu Yang also came back to his senses and agreed with Xia Jinqi's guess "You're right. Everyone has their own unique password chain. These numbers can not be set for no reason. Leave this to me. I'll get my colleagues who are responsible for cracking the password to check it out."

"Okay." Xia Jinqi replied. When she turned her head, she happened to see a black car parked not far away under a tree. She immediately smiled knowingly. "Then I'll leave first. If there's anything, contact me again."

After saying that, she handed the note with her phone number to Yu Yang. n//OvEL&In

After seeing Yu Yang take it, Xia Jinqi turned around and walked quickly in the direction of the black car.

Yu Yang was left standing on the spot. After seeing Xia Jinqi get into the car, he left with ease.

It was already very late at night.

The cold wind blew on the empty road. As soon as Xia Jinqi got into the car, she felt extremely warm.

Every cell in her body began to wander comfortably.

"It's so warm..." Xia Jinqi shrunk her shoulders. After that, she completely relaxed and leaned against the seat.

Just as she leaned over, a black coat appeared on her body. It was also warm, carrying a familiar body temperature.

She turned her head and happened to meet Yan Jun's deep black eyes.

"thank you." Xia Jinqi was so comfortable that she was like a lazy kitten. She moved to the side and hugged his arm. She leaned her face on his shoulder in satisfaction. "Why don't you see Yu Yang?"

She thought that he was still behind her, but he got into the car first.

“To prevent more trouble, ” he answered simply.

In fact, if the captain of the Criminal Investigation Unit saw Yan Jun Investigating Lu Yiming, he might be exposed in the future.

Lu Yiming, who had done so many bad things, wanted to wash himself clean with bleach. Even Yan Jun, who had no dirt to begin with, had to know how to avoid suspicion.

Otherwise, he might not be able to sit in that position in the future.

Xia Jinqi did not think so much. She simply thought that Yan Jun was just afraid that doing so would expose Yu Yang’s identity, so she talked about her gains tonight.

“upstairs, there is a woman who has been in a coma for many years. Preliminary estimates suggest that she might be Lu Yiming’s wife. “there is also a room with an unborn fetus that is about five months old and is held in a glass container. The identity is unknown, but I’m guessing that it might be Lu Yiming’s child. “I just don’t know what happened to them. The wife is in a vegetative state, and the child was not born, ” Xia Jinqi muttered to herself At the same time, she recalled everything she had seen before over and over again in her mind.

If Xia Jinqi hadn’t been so quick-witted as to pretend to be a maid to sneak in tonight and rely on the police station to randomly mess things up, she might not have been able to find out for the rest of her life.
