

## Trick Me 1311

### Chapter 1311: was so painful... ...

He was definitely not a soldier of sacrifice. Or perhaps, this recruit was hiding his true strength?

The second stage was jumping the short wall.

The short wall was 2 meters wide, 1.1 meters high, and 0.20 meters thick. The purpose was to train the soldiers' jumping ability.

This height was really not high. Su Xiangxiang rushed over quickly and jumped with one foot, making her body jump onto the short wall. She quickly lifted her legs and pushed against the wall with one hand.

This action was actually quite cool, but... ... Her hand was not strong enough to support her, and her sprinting was not strong enough. She did not climb over, but sat steadily on the low wall ...

Su Xiangxiang, "..."

Huo Ting, "..."

The guard, "..."

At that moment, Su Xiangxiang felt extremely awkward.

She did not have the courage to look in Huo Ting's direction. She only gritted her teeth and acted as if nothing had happened, jumping off the low wall.

Then, they went to the third stage, the high-board platform and the horizontal ladder.

The high-board platform was 1.8 meters high. Su Xiangxiang looked up at the height and walked around it with self-awareness.

She was not a professional. She didn't even have any training before jumping down from here. It was either a fall or a sprain.

As for the horizontal ladder... ... It was even higher than the platform, at 2.4 meters ! !

The corner of Su Xiangxiang's eyes twitched as she watched... ...

She used to think that her brothers were so handsome and eye-catching when she watched them run. Now that it was her turn, she could only laugh bitterly, hehe.

As expected, it was not a height that she could touch.

Thus, she once again chose to give up and ran in a roundabout way.

Huo Ting, "..."

The guards could not stand it anymore and directly reminded Su Xiangxiang loudly, "Hey! That rookie! What's wrong with you? ! Who runs like this? You're not allowed to touch the water in the next stage! "

Su Xiangxiang wanted to cry but had no tears. If she did not touch the water, was she waiting to die?

Fortunately, the next stage was to cross the single-plank bridge.

There was no need to run or jump... ..

Carefully climbing onto the bridge, Su Xiangxiang opened her hands to maintain her balance. After taking a few steps, she felt that it was still okay.

After learning dance for a few years, she still had some sense of balance.

However... .. This single-plank bridge was a little high ...

Taking a glance at the ground, Su Xiangxiang's head began to feel dizzy.

Her head felt dizzy, and her body began to sway from side to side. n/-O-)v-.e)(l-.&).l)-n

She hurriedly squatted down and supported the single-plank bridge with both hands. She did not even dare to breathe loudly, let alone move forward!

Seeing that she was frozen in place, the guard reminded her again, "go ahead! Why are you squatting on the bridge? !"

Su Xiangxiang was already quite afraid. Now that she was being yelled at, her entire body immediately trembled. With a scream, her feet slipped, and she fell heavily!

"You..." the guard wanted to say something, but Huo Ting had already rushed over with a dark face.

Once he entered this military area, he would be his soldier. If he was injured, he should care about it.

"Are you okay?" Huo Ting asked anxiously. He reached out to help Su Xiangxiang who had fallen to the ground.

"ouch, it hurts..." Su Xiangxiang held her waist. When she fell to the ground, she felt that her internal organs had been injured!

She grimaced in pain. She did not care about suppressing her voice or hiding her identity... ..

However, it was this Moan that immediately made huo ting frown. "woman?"

He finally recognized the problem in her voice.

"..."Su Xiangxiang paused on the spot. She didn't notice and even made eye contact with Huo Ting.

With just one glance, Su Xiangxiang felt that she was completely seen through by him.

Her big watery eyes were bright and clear, which further confirmed Huo Ting's thoughts.

"Who are you?" He lowered his voice, and a cold light suddenly appeared in his dark eyes!

### **Chapter 1312: nonsense!**

Huo Ting's first thought was to be on guard against the strange woman who suddenly appeared in the Military District!

However, Su Xiangxiang did not think too much about it. She thought that since she had already been discovered, she might as well wipe the dirt off her face and look at him timidly.

"I... I'm Su Xiangxiang..." she said her name in an extremely helpless tone ...

This was the first time she felt this kind of helplessness that even introducing herself was difficult?

Huo Ting had already had ten thousand thoughts flashing through his mind... ..

Similar: Is this a military spy What is Yan Jun doing?

However, after hearing this soft self-introduction, all the thoughts in Huo Ting's mind were frozen.

He stared at the face in front of him. At first, he felt that it was extremely unfamiliar, but then he thought of the photo that his grandfather showed him. It seemed... .. A little similar ??

When he thought of the reaction of the Su brothers, Huo Ting's expression became more and more unsightly. noVe/lb/In

If it was anyone else who sneaked into this disciplined army, Huo Ting would have long been furious. He would have scolded them and punished them with a few hundred push-ups If it was serious, he would have been sent to the court... ..

However, he and Su Xiangxiang stared at each other for a long time and only managed to say two words, "nonsense!"

The guard at the side glared at them. When he heard the chief's obviously suppressed anger, he silently retreated to the side.

Who was Su Xiangxiang That was the chief's fianc??e... ..

He actually shouted at the chief's wife just now And he even shouted twice... ..

The guard swallowed hard. He felt a chill on the back of his neck. He felt that he was going to die.

Su Xiangxiang also felt very embarrassed. She lowered her eyes and bit her lower lip. "I'm sorry... I forced my brothers to let me in. Don't blame them."

"..." Huo Ting looked at her pitiful look and suddenly felt that his tone was too harsh. He pinched the space between his eyebrows with regret and asked, "why did you enter the army?"

Su Xiangxiang didn't say anything and lowered her head even more.

The two of them were silent. The guard rolled his eyes and felt that he had a chance to save himself. He quickly said, "Miss Su, are you here to see the chief?"

Su Xiangxiang was stunned and her face was slightly red.

Huo Ting turned around and glared at the guard with a Sullen expression.

The guard felt his scalp go numb and did not dare to say anything more. He sewed his mouth shut and retreated to the side.

After a moment of contemplation, Huo Ting went back to look at Su Xiangxiang. "Are your injuries serious? Can you stand up? "

Unconsciously, his voice softened a little.

Su Xiangxiang first shook her head, then nodded slightly and whispered, "yes. "

As she said that, she supported herself on the ground and carefully stood up.

When she didn't move, she didn't know that every part of her body hurt when she stood there!

Su Xiangxiang gritted her teeth and beads of sweat quickly formed on her forehead.

She guessed that she must be covered in bruises now... ..

She turned around and looked at the single-plank bridge. She sighed in her heart. It was really high... ..

Huo Ting noticed her gaze and his expression changed slightly.

Just now, he was the one who asked her to go for a run. Speaking of which, he was the one who caused her to get hurt.

Suddenly feeling guilty, Huo Ting's tone became gentler. "I'll send you back. "

"No... No need. I can go back myself... " Su Xiangxiang shook her head hurriedly. She was the one who was in the wrong. She didn't dare to trouble him again since she was caught playing too much ...

Huo Ting felt even more helpless.

Obviously, he had hurt her. In name, they were going to get married soon, so he should send her back.

But she refused again. What should he do?

### **Chapter 1313: did not want to embarrass him**

The guard next to him quietly looked up at huo ting, feeling surprised as well.

This was the first time he had seen the chief's face turn black, white, and blue... .. like a chameleon ! !

Huo Ting was in a stalemate for a moment. Then, he remembered that he had left the theater midway on the day of the movie, and he felt even more apologetic towards Su Xiangxiang.

He sighed lightly and said, "I'll send you back. "

A tone that could not be refused!

Su Xiangxiang, "..."

She could hear the displeasure in Huo Ting's voice, and she knew that this was her fault, but she really could not go back now... ..

"Um... can, can I go to the shooting range for a while more? " Su Xiangxiang mustered up her courage and finally said it ...

Huo Ting looked down at her and frowned slightly.

Su Xiangxiang immediately promised, "just for a while!"

Huo Ting did not say anything. He only looked at her with an increasingly fierce gaze.

"... " Su Xiangxiang smiled embarrassedly. "There's a family banquet next week. Everyone knows that big brother got a good ranking in the shooting competition, and I don't want to embarrass him. So... I want to come and practice? "

Although the SU family was not as big as the huo family, they had been in the military for three generations, and that was why they brought the Su family great glory.

Therefore, this family banquet was a little different. Other families might only eat and drink, but the SU family had to use real guns.

Previously, Su Xiangxiang had been out of town and rarely interacted with the people of her family. This time, she was going to get married, so her family had specially held a family banquet for her.

No matter what, she had to practice with real guns... ..

Huo Ting listened to her explanation and his eyes flashed slightly. Especially when he heard her say, "I don't want to embarrass him," the coldness on his face became even colder.

They were about to get married. If they were to lose face, it would also embarrass him, Huo Ting, okay?

As for the Su Family's family banquet, Huo Ting had heard about it.

It was said that regardless of whether it was a man or woman, they had to show their skills at the family banquet. Otherwise, they would be discriminated against.

.. It could be considered as one of the more eccentric clans in Rao city.

"You've never practiced before?" Huo Ting came back to his senses and looked at her as if he was sizing her up.

Su Xiangxiang shook her head.

"Why?"

"I... I wasn't in good health when I was young." Su Xiangxiang lowered her eyes and her head drooped as she spoke. She looked like a frosted eggplant ...

Huo Ting looked at her soft appearance and his heart skipped a beat. He broke the rules and said, "come with me. "

Su Xiangxiang looked up and was about to look at him with a puzzled look. However, when she looked up, she realized that he had already brushed past her and was walking in the opposite direction.

"..."she couldn't care less and could only keep up.

However, she had just fallen and her movements were a little inconvenient. She could only try her best to move forward.

Perhaps Huo Ting noticed that the girl behind him wasn't walking properly. Suddenly, he slowed down for some reason.

Su Xiangxiang followed after him. She still followed him at a distance and didn't dare to approach him rashly.

When they returned to the shooting range, the two brothers of the Su family were nowhere to be seen. At a glance, it was empty and desolate.

It was probably because of the recent expansion of the shooting range that the open-air shooting range had not been officially put into use yet. The two brothers of the Su family were just here to test their guns.

Huo Ting looked at a few targets not far away and asked Su Xiangxiang, "what caliber guns are used?"

### **Chapter 1314: Instructor Huo went online**

". 45." Su Xiangxiang did not know what he meant, but she still answered.

Huo Ting lowered his eyes and picked up a pistol. He skillfully loaded the bullets and agreed, ". 45, fast, accurate, and ruthless."

Then, he skillfully fired at the target 20 meters away.

"Bang, Bang, Bang..."

After five shots, all five shots hit the center of the target without any deviation.

"50 points." Someone reported the target.

Su Xiangxiang, who was watching from the side, was stunned. "SO POWERFUL!"

She only knew that her brother was an expert shooter, but she didn't expect Huo Ting to be a well-hidden seeded player?

In Shock, Huo Ting calmly reloaded the gun and handed it to Su Xiangxiang. "You do it."

Su Xiangxiang, "..."

Only then did she seem to understand. This person had specially brought her here to practice?

Carefully taking the gun, Su Xiangxiang imitated Huo Ting's movements and stood still. She wanted to aim, but found it difficult because her hands were shaking so much... ..

For those who had never been to training, their arms would shake like crazy if they kept raising their arms.

Huo Ting frowned as he looked at her irregular movements. He looked very serious and went up to her personally to urge her.

"Keep your hands steady! Don't shake!" He lifted her elbow with one hand.

“Keep your lower body steady! Spread your legs slightly!” A foot came from behind her and forced her legs apart... “...”.

“...” Su Xiangxiang was forced to spread her legs slightly, and her face was slightly red.

Just as her head started to heat up, he ordered in a low voice, “shoot!”

She had never been so close to a man before, not to mention that his deep voice was so close to her ear that it almost exploded... ..

This feeling was very strange... .. She felt that her blood pressure was rising a little ??

“Bang, Bang, Bang...”

Five bullets in a row were shot out just like that.

The recoil caused Su Xiangxiang’s head to hurt... ..

Soon, someone reported, “Miss Target. 0 points.”

“...”

“...”

Su Xiangxiang blinked and stared at the target in the distance.

It can’t be... .. She felt like she was aiming ! Why was it 0 points ??

Soon, she felt a heavy chill coming from behind her like an avalanche... ..

She must have cried because of her stupidity?

Without waiting for Su Xiangxiang to turn around, Huo Ting had already stretched out his big palm from behind her and held her small hand holding the gun. He personally taught her, “aim for the heart. Don’t shake your hand, tighten your skin! Don’t be distracted!”

Su Xiangxiang,” ...”

She wanted to focus!

But at this moment, he was right behind her, almost encircling half of her.

At this moment, she suddenly felt his tall and big. n-(OveL&In

His hand was even holding her... .. So gentle, so big ...

A hot steam came out of nowhere and rushed to the top of Su Xiangxiang’s head. She only felt a blur before her eyes, and all kinds of dazzling dazzles exploded. It was a beautiful sight.

“using the strength of your hand to suppress the gun, not shaking is the key!” Huo Ting’s words were still echoing in her ears, but Su Xiangxiang heard it in a daze.

In the end, Huo Ting directly held her hand and fired the gun.

“50 points.” Another full score.

In the distance.

After Su Zhihang and Su Zhilian finished their business, they came out and saw the two people in the shooting range from afar.

“that’s... Xiangxiang and Huo Ting?” Su Zhihang’s face was full of surprise. Looking from his direction, the two people in the shooting range were almost stuck together ! !

Hearing this, Su Zhilian also followed his brother’s line of sight.

However, he was not the slightest bit surprised. Instead, he chuckled, “see, I told you Xiangxiang wouldn’t cause trouble! ”

**Chapter 1315: he was a good younger brother. He had to respect the elderly and love the young**

Not only did he not cause any trouble, he even got a good opportunity for the two of them to be alone!

“Look at how well-matched they are!” Su Zhilian muttered.

He was the type to dote on his sister. At first, he did not know Xiang Xiang’s thoughts. He was afraid that she would not be willing, so he tried his best to stop the marriage.

Later, when he heard Xiang Xiang say that she liked huo ting, Su Zhilian began to matchmake the two of them.

Su Zhihang turned a deaf ear. “We can teach her the pistol too. ”

“Can you teach her the same as Huo Ting? ! ” Su Zhilian propped his brow with one hand and expressed his deep helplessness towards his big brother!

No eq NO INTEREST!

“What’s the difference?” Su Zhihang didn’t give up. His Handgun’s accuracy was even better than Huo Ting’s. Wasn’t it very important to find a good teacher?

Su Zhilian,” ...”

Could he give this UNROMANTIC guy a punch? no ~~ve-lb~~(In

It seemed that he couldn’t.

He was a good younger brother. He had to respect the old and love the young.

In the distance.

Huo Ting had already let go of Su Xiangxiang and was still standing at the side. “Let’s try again. ”

Su Xiangxiang’s face was still burning because of his approach just now.

However, she quickly adjusted her breathing and nodded. She looked at the target in front of her again and aimed at it with all her might.

This time, she did not shoot recklessly. Instead, she tried to aim at the center.

After a few seconds, she fired five shots consecutively.

Soon, the target was reported. "Miss."

Su Xiangxiang, "..."

Miss Again She wondered if she was blind?

"... " Huo Ting was silent for a few seconds. He pointed at the target 15 meters away. "practice this first."  
"

Su Xiangxiang saw that it was only 10 meters away. She was about to jump up and down, but the next second, her face turned even uglier.

She stared blankly at the target 15 meters away, which was even smaller than her fist. For a moment, her heart ached so much that she could not breathe.

This situation was equivalent to putting a small egg 15 meters away. One had to hit the center of the egg to be able to do it.

Huo Ting saw that she did not speak. Her face was as ugly as a bitter Gourd. His heart softened and he said, "it is indeed difficult to fight with one hand without a shield. In addition, the ring number calculation here is different from other places. Even your Big Brother has practiced for more than ten years to get to where he is today."

Su Zhihang was the eldest son of Su Jiangong, and he had been held in the palm of his hand since he was young. At the age of three, Su Jiangong had brought him around the military district, giving him an unloaded gun to play with.

At the age of five, he had entered the shooting range to watch Su Jiangong practice his gun. In the blink of an eye, he had played with the pistol thoroughly for more than ten years.

Su Xiangxiang sighed softly, very powerless.

After a moment of silence, Huo Ting said again,

"That family banquet, must we go on stage to shoot?"

To be honest, Su Xiangxiang did not have any foundation at all, nor did she have any talent. Her last-minute efforts were of little use.

"MHM..." Su Xiangxiang nodded.

"..."Huo Ting continued to be silent.

Su Xiangxiang gritted her teeth slightly. After a while, she smiled awkwardly. As she smiled, she changed the magazine in a strange manner. "I know that I won't be able to train much in two or three days. I'm just here to familiarize myself."

There was no formal shooting training ground outside. Only the military district had it... .. She had to grind her second brother for a long time before he was willing to bring her in ...

Huo Ting looked at her lonely expression and was slightly moved. "How many more days until the family banquet?"

"Five days," Su Xiangxiang answered honestly.

"during this period of time, you were the only one who came in to train with your two brothers. It's better to cram at the last minute than to do nothing," Huo Ting suddenly said. After he said that, he seemed to realize that he had made an exception again. His face immediately turned red and he pretended to be serious. "You are only allowed to come after three in the afternoon."

Su Xiangxiang never expected that he would actually agree to her continuing to come?

For a moment, she was stunned on the spot and did not know what to say... ..

### **Chapter 1316: special services**

Huo Ting looked at her big watery eyes and said, "If you don't want to..."

"I do, I do!" Su Xiangxiang immediately came back to her senses and nodded like a chicken pecking at rice.

How could she not want to? She was so willing!

"Thank you..." she smiled, her voice soft and sweet.

Huo Ting coughed awkwardly and looked away. "Let's go, I'll send you back first."

"Sure!" Su Xiangxiang did not stand on ceremony this time. She continued to look at him with a bright smile on her face, causing Huo Ting's cheeks to burn red.

Being stared at by a girl like this was really a little... .. Cough cough ...

The next afternoon, Su Xiangxiang went on time. Not only did she go, she even brought lunch for her brothers.

Of course, the military district did not allow takeout food, but she went through the back door.

Naturally, she also brought a portion for Huo Ting.

However, Su Xiangxiang did not deliver it personally. Instead, she passed it to Huo Ting's guards.

During that period of time, Huo Ting had special treatment every afternoon.

The next day.

Xia Jinqi went to see Long Qingxin when she returned. She received a call from her cousin, Ji Yunjing, from Macau.

After chatting for a while, they went straight to the point. "Xiao Qi, I've checked all the casino accounts, but I can't find Lu Yiming."

“No? Could he have someone open an account for him? Does he have an account with relatively large funds?” Xia Jinqi was starting to wonder. If Lu Yiming did not even have money hidden in Macau’s casinos, then where exactly did he hide the money?

“there are a few, but I’ve checked. These people have nothing to do with Lu Yiming. They are all regular customers of the casinos.” Ji Yunjing pinched the space between his eyebrows. He had been helping Xia Jinqi to look up information for the past two days without sleep or rest. Both of his eyes were bloodshot.

“...”this really surprised Xia Jinqi.

She was silent for a moment, but she still thanked Ji Yunjing. “thank you, cousin, for helping me look up for so long.”

“You’re welcome as a family.” Ji Yunjing smiled, as if because of Xia Jinqi’s words, all the fatigue and hard work over the past few days had turned into nothing. “But on your side, when will it end? The two children miss you so much.”

“It should be soon. In spring, Yan Jun and I will go pick them up.” Xia Jinqi wanted to say these words with a smile, but the corners of her mouth moved, but she could not smile in the end.

She also missed the children, and so did Yan Jun. However, they could only be separated for a short time.

Ji Yunjing also knew that Xia Jinqi was upset, so she did not talk about this anymore and changed the topic “If you want to check Lu Yiming’s money, it’s definitely impossible to check his own account. Most of his money has been laundered, and our casino has a special money laundering service. Many people in high positions in the mainland are frequent customers of our family.”

At the end of her sentence, Ji Yunjing actually smiled a little.

Their family also did special services.

Xia Jinqi frowned slightly. She should have expected Lu Yiming to do this.

It seemed that a clue provided by Yu Yang had been cut off just like that.

Since they couldn’t find out about the funds, they could only wait for Yu Yang to follow up on the latest situation of the 9 / 15 incident.

Just as she was about to say that she wouldn’t care about this matter for the time being, Ji Yunjing suddenly came to a realization on the other end of the phone “Oh right, money laundering! Why didn’t I think of it before? Historically, money laundering and saving money are two completely different channels! I only checked to save money, how could I forget to launder money!”

### **Chapter 1317: Be careful when driving**

Xia Jinqi suddenly felt that there might be a turning point in the situation, so she heard Ji Yunjing say, “I’ll go check it out immediately!”

After that, the sound of hanging up could be heard.

“ ... ”

Her cousin must have found an important breakthrough point, which was why he was so anxious.

Xia Jinqi smiled, put away her phone, and got up to change her clothes.

According to tradition, in the last month of the presidential election, there were more banquets than usual for the military, government, and business sectors to exchange ideas, and they were all official banquets.

In a fancy way, they would be talking to each other.

In fact, everyone knew that this would provide an occasion and an opportunity to form cliques?

Anyone who had a bit of status in the three realms and could speak would be invited.

On the other hand, anyone who came to this banquet would be someone with status.

In the past, Yan Jun disdained to attend such banquets. However, this time, he unexpectedly agreed to go.

As his wife, Xia Jinqi naturally couldn't be absent.

However, there happened to be an important person who came to Rao city today. Yan Jun received him and went directly to the banquet venue. Xia Jinqi went alone.

It was rare for her to be able to change into women's clothes. Xia Jinqi let out a sigh of relief. At least she didn't have to wear men's clothes and pretend to be a boy!

When the car went around half of the city, it was blocked on the viaduct.

After waiting for about half an hour, the car could slowly pass through.

Xia Jinqi looked at the time. She was about to be late, so she asked the driver, “why was it blocked for so long?”

“It should be a major accident.” The driver had just hung up the phone and checked the information from the Ministry of Transportation. “Young Madam, don't worry. A police car will come to clear the way for us immediately.”

“... okay.” It was obvious that Xia Jinqi was sitting in Yan Jun's car. The Ministry of Transportation would definitely give priority to this call ...

Not to mention Yan Jun's current reputation, even Xia Jitian's identity as his beloved daughter was enough for the Ministry of transportation to open a back door.

After another ten minutes or so, the sound of police sirens could be heard. After evacuating the cars in front of them, the two police cars cleared the way for Xia Jinqi.

When they drove to the front, Xia Jinqi indeed saw the scene of a major traffic accident.

A large truck crashed into two small black cars. One of them was charred and the other was badly deformed.

Xia Jinqi instinctively focused her eyes and sighed softly.

There were traffic accidents every day. One had to be careful when driving... ..

However, she never expected that when she arrived at the banquet venue, she would hear about the accident. n/-017E1b1n

“When I first arrived, I was stuck in traffic for a while. I don’t know what happened.” The noblewoman who got off in front of Xia Jinqi met two friends as soon as she entered the venue. The three of them began to chat.

“Oh my, why did you take that road? I just saw on my wechat moments that there was a car accident on the elevated road. Three people died and two were injured! ”

“Ah? That bad? I only took a look. One of the cars seemed to have a gas tank burst. It was burnt to a crisp! ”

“None of you are as accurate as me! I have a distant cousin in the Ministry of Transportation. Inside Information, the two cars were from the Fang family! In the burnt car, there was Fang Zemin, his wife, and a driver! Three people died on the spot! ”

“No way? A member of the Fang family? I heard that Fang Zemin just stepped down from his position as the head of the Ministry of security. How did this happen? ”

Xia Jinqi was initially curious, but when she heard the words ‘Fang Zemin and his wife’ , her face turned pale.

### **Chapter 1318: was very precious**

Those were... Fang Shaoan’s parents ? ?

Before they could feel sad, the voices of those people came again.

“Yeah, how could there be such a coincidence? I think it must be a trap set by someone. ”

“What’s there to set up? That big truck was also badly hit. Half of its body rushed out of the guardrail and hung in the air. It almost crashed and died! ” said the noblewoman who came from the scene.

“You, be more careful! How come Fang Zemin has been fine for so many years? Why did something happen as soon as he stepped down from the stage? I heard that someone took revenge! ”

“It’s also possible. The Security Department has a lot of nonsense to do. They care about everything. Many people’s information came from them. I don’t know how many people they have offended! ”

“You’re really stupid! Who would dare to Touch Fang Zemin? It seems like... the King of Hell did it. Because Fang Shaoan betrayed him, he became angry out of humiliation and took revenge on the Fang family! ”

Xia Jinqi, ” ...”

The more she said, the more ridiculous it became!

"I think Fang Shaoan did it himself! I heard that he forced his father to step down and forcefully helped a good-for-nothing like him up!"

"... forget it! Even if you want to be promoted, you don't have to kill your parents! It's not that I don't know Fang Shaoan, he's just a bit of a coward. How can he be as ruthless as you say?"

"maybe it's just an ordinary traffic accident. Your imagination is really rich?" The noblewoman sneered and turned to say mysteriously, "guess who I met on the way here?"

"Who?"

"Xia Jinqi!" The noblewoman's expression was filled with contempt "She is Jingui. She was brought here by a police car! You didn't see that scene. There were four police cars escorting her from the front and back, and there was even a motorbike leading the way! If others didn't know, they would have thought that the president was here!"

Xia Jinqi was silent. She calmly reflected on herself.

Weren't there two cars at that time When did it become so ostentatious Why didn't she know?

What the noblewoman said was so vivid that even Xia Jinqi almost believed it, not to mention the group of people who listened to the gossip!

"is she so arrogant? Her father has already collapsed, and she still thinks she's the daughter of the president? Just you wait and see. Once Lu Yiming takes over, the Xia family will be the first to be destroyed. Let's see how many days she can still hold her head up high."

"enough, stop saying that. How dare you say such words here?" Someone reminded from the side.

During this period of time, the left and right factions had been fighting fiercely. They were also snatching people from each other, but they were all sneaky in the dark. On the surface, no matter which faction they were from, they would always smile when they saw people, and they were extremely polite.

Such behavior, which was obviously used in public, could be said to be extremely stupid.

However, the noblewoman snorted and didn't think much of it. "What are you afraid of? This is something that we all know very well! The Xia family has already been defeated. Now, isn't it just Lu Yiming's family that is dominating?"

Xia Jinqi listened from the side and nodded slightly in agreement.

It seemed that everyone had started to take Lu Yiming's side recently No Wonder Lu Yiming had become much more arrogant recently. He probably thought that he had won the hearts of the people?

As she was thinking, a voice suddenly came from behind her. "Mrs. Yan, why are you alone?"

This voice was not soft. Not only did Xia Jinqi hear it, but the women in front of Xia Jinqi also heard it.

"..."

The women, who were still chattering non-stop, instantly turned pale. Their stiff necks turned back and saw that Xia Jinqi was really standing behind them. Each and every one of them was so regretful that they wished they could bite off their own tongues!

### **Chapter 1319: I'm sorry, but I can still continue to be famous for a few more days**

So, please don't speak ill of others behind their backs. Who knows, when you turn around, that person might be watching your performance from behind How Awkward.

Xia Jinqi originally didn't want these women to see her.

It was true that many people were famous.

These few identities of hers were indeed a little high-end. From time to time, she would appear on the headlines, and it was common for people to gossip about her behind her back.

But who knew that a Cheng Yaojin would suddenly appear out of nowhere?

Oh No, Xia Jinqi looked at that person carefully for a long time. It should be said that a Zhu Zhiwen had appeared out of nowhere.

This person was the director of the Bureau of Industry and Commerce. Previously, when Xia Jinqi was brought to his official residence by Lu Yiming, Zhu Zhiwen had also gone to save her.

"Director Zhu, please wait a moment." Xia Jinqi first smiled at him.

"please go ahead." Director Zhu nodded with a very amiable attitude.

Upon seeing this, Xia Jinqi turned around and glanced at the few women who were gossiping behind her back. Her gaze finally landed on the noblewoman. "You just said that I have four police cars and two motorcycles to clear the way?"

"..."The noblewoman's face turned sullen.

"there are only two cars in total. Also, I used a police car to clear the way, but in the end, I was still one step behind you. I can't compare to your influence in the Ministry of Communications, right?" Xia Jinqi retorted unceremoniously.

The noblewoman's face was already ashen.

When the few women next to her heard this, they immediately knew that the noblewoman not only lied, but also accused the bad guy first.

They had taken a special path, yet she still had the right to criticize others?

For a moment, this group of noisy women tightly shut their mouths, not daring to say a single word.

Xia Jinqi struck while the iron was hot, scaring them. "If you have the mood to care about other people's affairs, why don't you care about whether your men will be looked down upon by your superiors because of what you said today!"

The few women were instantly stunned, and they looked at Xia Jinqi with a hint of suspicion.

Xia Jinqi saw that most of them didn't believe her, so she turned to look at Director Zhu "I'm forgetful. I'll have to trouble director Zhu to take note of these few people. When we get back, sort out the list of names. Those who should be locked in a small dark room should be locked in a small dark room, and those who should sit on a cold stool should sit on a cold stool. Don't be polite."

When the few women heard this, they were completely dumbfounded.

Director Zhu was also stunned. Then, he nodded embarrassedly. "Okay."

Xia Jinqi smiled with satisfaction just now. She turned around and looked at the few women. "I'm sorry. The Xia family hasn't been destroyed yet. I can still continue to be mighty for a few more days."

After saying this, she stopped smiling and turned around to leave without looking back.

Zhu Zhiwen raised his hand slightly. Immediately, someone stepped forward and memorized the appearances of these few women.

"..." n)/0Ve1bIn

The few women who were left behind looked at each other with Ashen faces.

Xia Jinqi made sure that the few women behind her could no longer see her, then she stopped and waited for Director Zhu.

Director Zhu took a few steps and saw Xia Jinqi at the corner. He smiled and said, "Mrs. Yan, these few people have been noted down."

"Okay." Xia Jinqi coughed lightly and said with a frown, "their husbands or fathers should be Lu Yiming's people. Please take note, director Zhu."

Director Zhu was stunned at first, then he understood. "That's why Mrs. Yan asked me to remember them?"

"Director Zhu, you wouldn't think that I'm a mean person, would you?" Xia Jinqi smiled slightly, and her clear eyes flickered with a sly light.

She was not a person who was good at holding grudges, and she was not that petty either. She wanted to kill someone's entire family just by saying a few words.

She only overheard the noblewoman say, "wait for Lu Yiming to go on stage." This was obviously Lu Yiming's henchmen.

Of course, she had to find an excuse to pay attention to them so that she could distinguish between friend and foe.

### **Chapter 1320: yan Jun was being targeted**

Who knew who were the two-faced spies during such an emergency They had to pay more attention.

Director Zhu understood Xia Jinqi's intentions and immediately praised her with a smile, "as expected of Speaker Xia's beloved daughter. Her thoughts are very clever."

"Director Zhu, you flatter me." Xia Jinqi smiled sheepishly and changed the topic. "Director Zhu, do you know about the car accident on the elevated road?"

After dealing with those women who were gossiping everywhere, Xia Jinqi thought of the extremely tragic car accident.

She thought it was fake news, but when director Zhu heard her words, he immediately fell silent with a strange expression on his face.

They were in important positions, so the news would definitely circulate quickly. If even he knew about it, then the person in the car accident must really be Fang Shaoan's parents.

Xia Jinqi's expression froze, and she suddenly didn't know what to say.

Fang Shaoan's parents really had an accident... ..

Director Zhu saw that Xia Jinqi's expression wasn't good, so he comforted her, "life and death are fated. Mrs. Yan, don't be too sad."

Xia Jinqi nodded. Just as she was about to say something, Xia Chuanxu walked in from outside the door. When he saw Xia Jinqi and director Zhu, he took the initiative to come over and greet them, "fourth sister, director Zhu, what are you guys talking about?"

"We just happened to be talking about the car accident in the afternoon," director Zhu turned to look at Xia Chuanxu and replied.

Xia Chuanxu's expression suddenly stiffened, and he said with a pained expression, "I didn't expect such an accident to happen."

The three of them suddenly fell silent, and they all thought about the deceased at the same time.

After a while, Xia Chuanxu looked at Xia Jinqi. "fourth sister, why did you come alone? Where's brother-in-law?"

Hearing this, Xia Jinqi raised her eyes to look at him. It was a very cold and emotionless look.

"... " Xia Chuanxu felt a chill at the back of his spine from her gaze. "What's wrong?"

"Nothing." Xia Jinqi threw him three words coldly and turned around to leave.

Ever since Xia Chuanxu brought Xia Jitian down from the stage, Xia Jinqi had always had this attitude towards him.

A person who even conned his own father... .. Xia Jinqi still didn't understand. Was Power really that attractive to him??

Moreover, she suddenly remembered that her third brother, who had ignored her since she was young, had treated her well after she was about to marry Yan Jun. When she thought of what he had done

now.. It really made Xia Jinqi have no choice but to doubt the original intention of what he had done in the beginning.

In the past, she was the most unloved idiot in the family, so he disdained her.

Later, when she married Yan Jun and had value to be used, he was willing to call her fourth sister?

Heh. It's quite realistic, isn't it?

Xia Chuanxu was left on the spot with an ugly expression on his face.

Director Zhu glanced at the two siblings and noticed some clues. However, he pretended not to see anything and said, "I'm afraid that the matter between Fang Zemin and his wife is not an accident."

The news spread very quickly, and even some unknown people soon found out.

In addition, most people were spreading the news that this matter was done by the King of Hell, and it was strange everywhere.

"A tall tree attracts the wind. Yan Jun has been targeted." Xia Chuanxu recalled a sentence his father once said.

"If Yan Jun wants to be the president, no one can stop him."

Recently, Yan Jun had started to actively move towards the officialdom. People with sharp noses smelled danger and started to misbehave behind his back, trying to trip Yan Jun's feet.

However, this person's move was also a little too sinister, using Fang Shaoan's parents as an example.

"Who do you think did it, Young Master Xia?" Director Zhu asked.

"other than Lu Yiming, who else could it be?"
