

Trick Me 1321

Chapter 1321: was a completely different Fang Shaoan

Director Zhu opened his mouth and wanted to say something, but someone happened to come over and interrupted the conversation.

Xia Jinqi went to a quiet corner and called Yan Jun..

No one picked up the call. She was puzzled, but when she turned around, she saw that the orderly entrance suddenly became noisy.

“Why is he here?”

“Damn, it can’t be? It’s him?”

“This person with his arms around him doesn’t look like he just lost his parents!”

Xia Jinqi frowned and looked towards the source of the sound. She saw Fang Shaoan, who was wearing a black suit, entering the venue.

Beside him were two women with sexy figures. Their eyes were like silk, and they were extremely beautiful.

As for him... ..

He was cold and stern, his face Pale, and his entire body was emitting a gloomy chill.

Xia Jinqi felt a chill in her heart.

This was completely different from the Fang Shaoan in her memories.

In the past, Fang Shaoan would laugh and play, and his face was bright and beautiful. Wherever he went, he would bring joy and laughter to others.

She could not help but wonder if this person was not Fang Shaoan at all It was just that they had the same face.

Moreover, Fang Zemin and his wife had just met with an accident. Why would the current Fang Shaoan appear here?

On the other side, Fang Shaoan slowly walked into the arena and swept his gaze across the arena.

The moment he saw Xia Jinqi, his pair of cold peach blossom eyes suddenly narrowed.

He turned around and walked straight towards Xia Jinqi.

The two women behind him followed his line of sight. The moment they saw Xia Jinqi, their expressions were somewhat stiff to varying degrees.

Xia Jinqi did not move. As Fang Shaoan walked over, she kept thinking about what Li Jie had said to her after he returned from the security department.

[the current Fang Shaoan is completely different from the past.]

She did not ask Li Jie how he was different at that time, but now it seemed that she knew what was different.

His expression, gaze, aura, and even his footsteps were completely different from before.

While he was deep in thought, Fang Shaoan was the first to speak. "where is Yan Jun?" A cold and emotionless sentence reached Xia Jinqi's ears.

"I don't know." Xia Jinqi only replied with three words.

Fang Shaoan's attitude had changed, so her attitude would naturally change as well.

Moreover, Fang Shaoan and Yan Jun had a close relationship. Xia Jinqi didn't know what had happened between the two of them. She just thought that something had happened to Fang Shaoan's parents, and someone was deliberately trying to shift the blame to Yan Jun. Fang Shaoan happened to ask about Yan Jun's whereabouts at this juncture, so people couldn't help but suspect.

Could it be that the two of them had a falling out?

The people around began to suspect. Could it be that Yan Jun really killed Fang Shaoan's parents, which was why Fang Shaoan was in such a hurry to find Yan Jun?

Otherwise, how could a person whose parents had just died bring two beauties to the banquet... ..

Shouldn't he be preparing for his parents' funeral?

Fang Shaoan didn't care about how the people around him looked at him. He lowered his eyes and stared at Xia Jinqi. His gaze gradually became terrifying.

A cold killing intent suddenly erupted and rushed toward Xia Jinqi in a fierce manner.

Xia Jinqi still didn't move. She didn't even blink. She only saw a black figure flash by her side.

Li Jie, who had been hiding in the crowd to protect Xia Jinqi, sensed the killing intent surrounding him. He appeared in front of Xia Jinqi and blocked her way.

At the same time, a beauty on Fang Shaoan's left suddenly stepped forward and grabbed Fang Shaoan's arm. She spoke with a devilish tone, "minister... why are you staring at her? Isn't she pretty?"

Chapter 1322: [you called Tian Tian last night!]!

Si Si was that woman's name.

Fang Shaoan pretended that he did not see Li Jie who was blocking Xia Jinqi. He turned around and looked at the beautiful woman's face.

He grabbed her chin with one hand and coaxed her, "my SI SI is the most beautiful."

Si Si smiled shyly and punched Fang Shaoan's chest with her little pink fist. "minister, you're so annoying..."

After coaxing the woman on the left, the woman on the right was unhappy. She leaned forward and pouted, "what about Tian Tian? Minister, you called her Tian Tian last night! You said she was the most beautiful, but now it's SI SI!"

Fang Shaoan turned back to look at the woman on the right, "Tian Tian is also beautiful!"

"Then Minister, are you going to my place tonight?" Tian Tian took an inch and took a mile. She hugged Fang Shaoan's arm and shook it hard.

Fang Shaoan was shaken by her and could only nod, "okay, okay, okay, I'll go to your place! My Darling!"

"minister said, you CAN'T LIE TO ME!"

On the other side, SI SI was unhappy again. She tried her best to act coquettishly, "minister, what about me? You said you were going to my place this morning!"

"All of you! Are you done?!" Fang Shaoan held the slender waists of the two women at the same time. He hugged them from left to right, enjoying the happiness of all people.

Xia Jinqi, "..."

The surrounding audience who were watching the show, some of them were contemptuous, some were sneering, and some were speechless.

"If I had known earlier that this young master of the Fang family was a playboy, it would have been true!"

"I thought that he was just a playboy, or at least a human being. But now, I see that his parents have just died, and he's out to have fun already?"

"He's really heartless!"

Xia Jinqi didn't listen to a single word these people said.

The note Xiao ran left for her earlier stated that Fang Shaoan had betrayed her identity because he was protecting his parents.

After betraying her, Fang Shaoan had been feeling very guilty and tormented.

How could such a person still come out to have fun after his parents' accident?

Xia Jinqi frowned. She was about to ask Fang Shaoan, but Zhuge Wentao walked out from the crowd and shouted, "what's wrong with you, kid? Is it time for you to have some fun?"

Zhuce Wentao's words instantly broke the deadlock and brought Fang Shaoan back to his senses.

He turned around and gave Zhuge Wentao a cold glance. "when do I need your permission to have fun?"

"... " Wen Tao was so angry that his face turned ashen. He didn't even think about what he was going to say before he blurted out, "your parents are still lying in the morgue! Aren't you going to bring them home? ! Fang Shaoan, I really F * CKING misjudged you! "

The moment he said that, everyone was speechless.

Fang Shaoan's parents were really dead.

And they were still lying in the morgue?

Everyone looked at Fang Shaoan with reproach in their eyes.

"You're already dead, why are you in such a hurry?" Fang Shaoan laughed mockingly, as if the ones who died weren't his parents at all, but other unimportant people.

"You!" Wen Tao gritted his teeth and stared at Fang Shaoan with helplessness and disappointment in his eyes.

He thought that Fang Shaoan must be in great pain at this moment after losing his parents.

Who knew that not only was he not sad at all, he even blurted out such words... ..

Fang Shaoan still had a contemptuous look on his face. "Didn't you hang out with Yan Jun every few days? He didn't come to such an occasion today?"

Wen Tao had already clenched his fist so tightly that it was creaking. Looking at Fang Shaoan's expression that was asking for a beating, he threw a punch at his face.

Then, before the punch landed, a woman suddenly rushed between him and Fang Shaoan. "Don't hit him!"

Chapter 1323: if you want to touch him, you'll have to step over my corpse first.

This voice... ..

Wen Tao suddenly lowered his eyes. In an instant, he met a pair of round, black and white large eyes.

Xia Jinqi also looked over anxiously. "Xiao Ran?"

At this moment, Zuo Xiaoran was wearing the waiter's clothes here, and she was holding an empty tray in her hand.

She should have been at this banquet a long time ago, as a waiter.

She had suddenly rushed out at this time to protect Fang Shaoan.

Xia Jinqi was stunned.

Wen Tao's hand also stopped moving. He said resentfully, "at this moment, you're still protecting him?"

"..."Zuo Xiaoran didn't say anything, nor did she turn around.

She stood there firmly, as if silently telling Wen Tao, "If you want to touch him, you'll have to step over my body first. "

As the person who was protected, a hint of surprise flashed through Fang Shaoan's deep eyes, but that was only for a moment.

Soon, he covered everything up and looked indifferently at everything in front of him.

Si Si and Tian Tian looked at each other with a rare look of unity. She pulled on Fang Shaoan's sleeve and said in a coquettish voice, "minister, who is this woman? She is protecting you!"

"humph. " Fang Shaoan snorted coldly and glanced at Zuo Xiaoran's back. He said in disdain, "which woman I have slept with doesn't come up to me so eagerly? Little Darling, don't you see that you are sticking to me so tightly now? "

As he said that, he pinched the woman's waist hard, causing her to tremble in pain. "minister, you are so bad! There are so many people... "

The conversation behind her was so unbearable, but Zuo Xiaoran only gritted her teeth stubbornly and did not refute.

Xia Jinqi could not stand it any longer. She walked forward and held Zuo Xiaoran's hand, glaring at Fang Shaoan. "Are you crazy? Xiaoran was kind enough to protect you, yet you still say such things? ! "

She thought that losing her parents might have been too much of a blow to Fang Shaoan, but it was clear that his current actions did not garner the slightest bit of sympathy!

Moreover, when she held Zuo Xiaoran's hand, she realized that her hand was extremely cold.

In the face of Xia Jinqi's questioning, Fang Shaoan's expression was still cold. He did not even want to look at Zuo Xiaoran again. "Since Yan Jun is not here, then I have nothing to do here. Why don't you go back and accompany my two treasures? "

His tone was just like a playboy's son. Just hearing it made people want to beat him up!

"HOPELESS! " Wen Tao spat at him, his face still ashen.

If Zuo Xiaoran had not been standing in front of him, he would have really fought.

However, Fang Shaoan acted as if he did not hear anything. He hugged the two beauties and turned around to leave.

Zuo Xiaoran only let out a slight sigh of relief when the footsteps gradually faded away.

Xia Jinqi heard her breathing and came back to her senses. She gently patted her back and asked, "Xiaoran, why are you here? "

"I... Came here for a part-time job. " Zuo Xiaoran paused and did not tell the truth ...

"But you... " Xia Jinqi wanted to ask her why she came back when she said that she was leaving Rao city.

However, seeing that there were too many people around, she didn't ask any more questions. Instead, she said, "He has already treated you this way. Why are you still protecting him! "

However, Zuo Xiaoran's eyes were only red as she gritted her teeth. After a long while, she slowly shook her head. "He, isn't he... "

Before she could finish her sentence, Wen Tao shouted, “isn’t what? I think that kid has completely revealed his true nature! When his father was around, at least someone was watching over him. Now that his father is gone, his tail is about to fly into the sky!”

Chapter 1324: what’s wrong with you people?

As soon as these words came out, the surrounding people who were watching the show immediately came to a sudden realization.

Many people began to discuss animatedly, bringing up old matters again. “I heard that a few years ago, Fang Shaoan made a huge gamble in Las Vegas and lost half of the Fang Family’s assets! If not for his father catching him and beating him up, if he had been honest, he probably wouldn’t have been able to keep the remaining half of the family’s assets!”

“Sigh, don’t mention it. The Fang family’s silkpants young master is famous. Now that old master Fang is dead, it would be strange if he had no law or talent!”

“speaking of which, he’s been looking for Yan Jun ever since he came in. From the looks of it, he seems to have some deep-seated hatred!”

“could it really be that Yan Jun did something to him? So ruthless?”

Xia Jinqi, “...”

All these people wanted to do was to pour dirty water on Yan Jun..

But what exactly was the reason for Fang Shaoan’s actions today?

She didn’t understand.

Could a person really change so quickly?

It had only been a few days.

After comforting Zuo Xiaoran for about ten minutes, a person suddenly rushed into the hall.

It was someone from the Yan family. He shouted as he ran, “Young Madam! It’s bad! Something happened to young Master!”

Xia Jinqi’s nerves tensed up. “What did you say?”

“young master ran into Fang Shaoan on the way here! The two of them got into a big fight on the way here. Young master was covered in blood and was sent to the hospital on the verge of death! Young Madam, please go and take a look!”

The moment she said that, Xia Jinqi’s heart skipped a beat. Without saying anything else, she rushed straight out of the door!

How could this be?

Yan Jun was covered in blood On his last breath?

Xia Jinqi did not dare to think further. Her face was Pale and she quickly disappeared from the banquet.

Zuo Xiaoran also paused for a moment before she got up and chased after her.

The spectators in the banquet hall looked at each other in dismay. They all came to the same conclusion: Yan Jun and Fang Shaoan had really broken up.

The hospital.

The VIP passageway of the emergency department was completely sealed off.

A group of awe-inspiring bodyguards in black suits stood on the outer layer. When they saw Xia Jinqi go, they all bowed and greeted, "Young Madam!"

Xia Jinqi didn't have time to greet them and directly rushed to the ward.

On the way, Xia Jinqi was on tenterhooks. She didn't dare to imagine that Yan Jun was covered in blood, but she couldn't help but think... ..

However, when she pushed open the ward door, she saw a figure sitting by the bed with his back facing her. Beside him, Wang Mang was still reporting to him, "Xia Jitian has been sent to the disciplinary committee... "

Just as she said this, she was immediately interrupted by the sound of the door being opened.

Wang Mang was slightly stunned. He looked up at the ward door.

Yan Jun, who had two bandages wrapped around his forehead, also turned his head back.

"You... you're okay?" Xia Jinqi asked while panting. She dragged her numb legs and took two steps forward ...

The corner of Yan Jun's mouth was a little purple. His left face was wounded, and his right arm was also in a cast. It was hanging around his neck, making it difficult for him to move.

But he still opened his mouth. "I'm fine. "

Hearing him talking to her, Xia Jinqi completely relaxed her nerves. She went forward and hugged him. "they said that you were covered in blood and on the verge of death. I thought... "

As she spoke, her voice choked up a little.

Yan Jun wrapped his left arm around her and patted her back gently. "It's just a small injury. It's fine. "

Xia Jinqi sniffed and suppressed her emotions that were about to break down. She stepped back a little and examined his injuries from top to bottom. "What happened? Did Fang Shaoan hit you? "

"Yes. " Yan Jun nodded. His handsome face was a little pale.

"What happened to the both of you? And what happened to his parents? " *no ve|b|n*

Chapter 1325: The two of them must fight one-on-one

“...”Yan Jun was silent. The corner of his lips that had curled up when he first saw Xia Jinqi drooped down at this moment. His entire person was cold and indifferent, cold and threatening.

When Xia Jinqi saw him like this, her heart gradually turned cold.

If there was a reason for this, Yan Jun would definitely explain it to her.

But now that he didn't say a word, there was only one reason — Fang Shaoan had really broken up with him.

Since he was unwilling to bring it up, Xia Jinqi didn't press further. She only reached out to touch the bruise on the corner of his mouth. “Does it hurt badly?”

Yan Jun shook his head. When he looked back, he saw that she was dressed up. He asked, “did you just come from the banquet?”

“Yes.” Xia Jinqi looked down and saw that his right hand was tied up so tightly that it couldn't move. Her eyes reddened in disappointment. When she opened her mouth again, her voice was already somewhat choked up “Fang Shaoan went to the banquet to look for you and almost got into a fight with Wen Tao. Later, not long after he left, there was news that you were in the hospital, so I came over.”

She recounted the incident and lowered her eyelids. She didn't want him to see how useless she was.

Yan Jun furrowed his brows. He naturally sensed that something was wrong with her. As if to reassure her, he deliberately raised his right hand to show her. “They're all superficial wounds. The doctor is making a fuss out of nothing.”

Xia Jinqi jumped in fright and quickly held him down. “Don't move!”

He had already been fixed, so he must have suffered some serious injuries. If he still acted so recklessly, what if he got injured again?

Xia Jinqi was rarely stern. She frowned and glared at him. “where are your bodyguards? Are they just going to watch you get beaten up?!”

At this point, Wang Mang coughed dryly and said, “the two of them have to fight one-on-one.”

“...” Xia Jinqi's expression froze, and she continued to ask, “what happened in the end?”

“Fang Shaoan was also injured, and his legs were crippled,” Wang Mang picked up the main point and said. The rest was simply brushed aside.

For example, when Fang Shaoan's head hit the headlights of the car, blood immediately flowed out like a river. When he was carried away, his face was as pale as a sheet of paper.

The fog in Xia Jinqi's eyes completely dissipated, and she facepalmed. “How old are you? You still want to fight?”

She couldn't imagine how two good brothers who had been inseparable in the past had met each other on the same street, and how they had a tacit understanding to stop the engine and get out of the car together, leading two groups of people to fight on the street.

She couldn't even imagine what it would be like for a cold, noble, and reserved person like Yan Jun to be unable to separate from Fang Shaoan on the street.

Yan Jun lowered his eyes, and the coldness in his Eagle Eyes turned into the usual cold and hard expression that Xia Jinqi had when she first met him.

It seemed that Fang Shaoan's incident this time had dealt him quite a blow.

Xia Jinqi did not continue to question him and only let him calm down. She turned around and asked Wang Mang, "you just said that my father was sent to the Disciplinary Committee?"

Wang Mang was stunned for a moment before he regained his senses. "Yes. Xia Chuanxu personally sent him there. In order to let the members of the parliament know his determination to destroy his family out of righteousness."

The corners of Xia Jinqi's mouth twitched. She did not know whether she should twitch or act more calmly?

After a long while, Xia Jinqi finally said, "he's really a righteous person who kills his family!"

Xia Jinqi did not understand a single thing that Xia Chuanxu had done during this period of time... ..

Taking a deep breath, Xia Jinqi asked again, "what will happen after you enter the Discipline Inspection Commission?"

"..."this time, Wang Mang did not answer quickly. Instead, he glanced at Yan Jun first.

Chapter 1326: of the letter of appointment had been issued

Xia Jinqi noticed Wang Mang's gaze and knew that he was waiting for Yan Jun's intention.

However, Yan Jun should not be in the mood to care about this matter at the moment. Xia Jinqi turned around and gave Wang Mang a look, indicating for him to go outside and speak.

Wang Mang understood and was about to go outside with Xia Jinqi when Yan Jun, who had been silent the whole time, opened his mouth at this moment.

"No one dares to touch your father now. Xia Chuanxu is equivalent to finding a safe house for him." Yan Jun opened his mouth slightly, and his tone finally did not sound as cold as before.

After he finished speaking, he turned around to look at Xia Jinqi. He raised his right hand slightly, indicating for her to go over.

Xia Jinqi then turned around and sat down beside him. "But isn't the disciplinary committee under Lu Yiming's control? What if he wants to do something to it..."

"The disciplinary committee isn't under his control now." Yan Jun held her hand tightly.

Xia Jinqi felt the warmth on the back of her hand. She knew what he meant. He wanted her to not be anxious.

However, she couldn't relax about this kind of matter. "Then who's in charge of the Disciplinary Committee now?"

If it was possible, she still wanted her father to have a more comfortable life in there, even though she knew that no one would have the courage to make things difficult for a member of parliament.

The charges had not been implemented and the parliament had not made a decision. Xia Jitian had only announced unilaterally that he was withdrawing from running for president. He was not a sinner. In name, he was still the speaker with high authority.

No matter what, she more or less wanted to do something for her father.

Yan Jun did not answer her directly. Instead, he first raised his eyes to look at Wang Mang who was standing at the side.

Without saying a word, Wang Mang turned around and walked out.

When he left, he even closed the door for the two of them.

For a moment, only the two people sitting side by side by the bed were left in the room.

Xia Jinqi stared at him, guessing that the person who took over the discipline inspection commission must be a big shot.

But after waiting for a long time, Yan Jun still didn't speak.

"Who is it?" Xia Jinqi couldn't help but ask again, afraid that he would forget.

However, Yan Jun just looked at her with his dark eyes and didn't say a word.

Xia Jinqi held her breath as they looked at each other. She narrowed her eyes and asked tentatively, "could it be... you?"

If it weren't for Yan Jun, Xia Jinqi really couldn't think of anyone else.

Lu Yiming had already walked to the top of the Discipline Inspection Commission. If he wanted to be president, he definitely couldn't manage the discipline inspection commission anymore.

Xia Jitian was detained in the discipline inspection commission. It was impossible for Xia Chuanxu to avoid suspicion.

Huo Ting was a soldier. He didn't like to deal with civil officials, so it was even more impossible.

Xia Jinqi thought about it and added Yan Jun's calm appearance, she felt that she had pretty much guessed it.

As expected, Yan Jun moved his lips. "The commission has been issued."

Xia Jinqi was confused and muttered, "so... fast..."

She thought that there would be a lot of procedures. After all, although he had been in Rao city for so many years, he didn't have any official positions. It wasn't easy to get into the municipal government.

Who knew that it would be so fast.

However, it made sense when she thought about it. Fang Shaoan did not have any official positions in the past. Didn't he still get a position as a minister Not to mention Yan Jun..

After a slight shock, Xia Jinqi snapped back to her senses. "The Disciplinary Committee is under your control now? Then my dad..."

"Don't worry, I will take good care of him." Yan Jun lowered his eyes to look at her. His Gaze was filled with indulgence and comfort.

"Alright..." Xia Jinqi heaved a sigh of relief. With Yan Jun taking care of her, how could she not be at ease.

However... Xia Jinqi immediately frowned. As if she had recalled something, she asked again, "My dad entered the disciplinary committee, and you got a commission certificate after that?"

Chapter 1327: Why didn't belong to anyone else?

This coincidence didn't seem like a coincidence.

Xia Jinqi stared fixedly at Yan Jun, her gaze somewhat absent-minded. "You were never interested in these things in the past. Why did you suddenly accept the commission?"

"..."

His silence meant that his guess wasn't groundless.

Xia Jinqi knew that there was a group of old fellows in the council who had been looking for Yan Jun. they were merely trying to persuade him to join the council, but Yan Jun had never seen them.

But this time, without a sound, the commission had been issued?

Xia Jinqi took a deep breath and sorted out her thoughts. "You agreed to accept the Commission on the condition that you manage the Commission for Discipline Inspection?"

The Commission for Discipline Inspection was not a good place, especially since Lu Yiming came from there. It was said that the methods inside were inhuman, and most people were not willing to have contact with such a place, but Yan Jun went there.

With his strength, it was as easy as flipping his hand to pick a better department.

However, he just had to take on the mess of the Discipline Inspection Commission. In addition, Xia Jitian was sent to the Discipline Inspection Commission. This string of clues made Xia Jinqi have no choice but to believe in Yan Jun's original intention.

Yan Jun raised his eyes and looked at her, his thin lips curving up.

It was rare for her to know him so well. She could even guess his thoughts and methods.

However, there was one thing that she had not guessed.

"Also, let Huo Ting be reinstated," he added.

Xia Jinqi, "..."

She was wondering why Huo Ting could not do anything even after being suspended for such a long time. There had been no news recently, and he had suddenly been reinstated?

Yan Jun saw that Xia Jinqi's expression was getting uglier and uglier, so he consciously said, "Huo Ting agreed to marry the Su family, so he can be considered to have helped himself."

Those in the parliament were probably afraid that the Huo family and the Su family would join forces, and in addition to the pressure from Yan Jun, they also compromised.

Xia Jinqi continued to take a deep breath. "So, you agreed to it for my dad and Huo Ting?"

"Not exactly." Yan Jun smiled indifferently.

In fact, he didn't intend to tell her these things. It was what he was supposed to do, so it would be a bit pretentious to say it out loud.

This time, it was Xia Jinqi's turn to be silent.

She really didn't know what to say.

There were too many people who needed his protection and care, causing him to have no choice but to step up step by step. Only by reaching the top would he be able to protect all the people who needed his protection.

But why was it Yan Jun?

Why wasn't it someone else?

Xia Jinqi had thought about this question countless times, but she had never gotten an answer.

After thinking about it, perhaps only Ji Heng's grandfather's words made some sense.

"There are some things that someone has to do. The more capable a person is, the more they have to bear. Even if Yan Jun doesn't want to, when things come to a head, the pressure from all directions will force him to move up step by step."

It was just like the demonic fruit that grew on a steep mountain. After eating it, one would have the ability to destroy the world.

If you didn't pick it, someone would pick it. However, this person who picked the fruit only wanted to kill you. How could you remain indifferent?

What could she do? I can only take the initiative to pick the fruit.

Xia Jinqi used to think that these words were a bit exaggerated, but now that she experienced it, she felt that it was even more exaggerated.

Often, the situation in reality was much more complicated than a few simple words.

Yan Jun roughly guessed how Xia Jinqi would feel after knowing this, but he didn't expect her to be even more dejected than he imagined.

Chapter 1328: is by my side.

He tightly held her large hand and said in a deep voice, “don’t think so much. You’ll have to walk the path sooner or later, so it’s not impossible for you to walk the path earlier.”

Xia Jinqi sighed softly. She lowered her head and looked at his well-defined right hand. In a daze, she asked, “is there anything I can help you with?”

Xia Jinqi had no way of stopping him from doing those things.

But seeing him endure so much on his own, her heart ached.

It would be great if she could help him share some of the burden... ..

It was just that she was in Lego, so she could be considered half a gangster. It was already good enough that her status didn’t drag him down. How could she help him?

Yan Jun reached out his hand and pulled her into his embrace, gently stroking her short hair. “stay by my side.”

Otherwise, walking this road alone would really be too lonely.

Xia Jinqi’s nose turned sour when she heard that. Her hands wrapped around his waist tightly.

“En, I’ll accompany you.”

Yan Jun closed his eyes in satisfaction and planted a precious kiss on her forehead.

With you by my side, no matter how far the road ahead is, I HAVE NOTHING TO FEAR!

It’s just... ..

After a long time, Yan Jun opened his sharp black eyes and looked out of the window at the deep night.

Tonight is GonNa be the hardest first night for that man... ..

—

Night, deep.

Zuo Xiaoran came out from the banquet, went straight to the Fang family.

She was still dressed in waiter’s clothes, her hair was a little messy, and her little face was red. She was obviously travel-worn.

She stood in the front door of the Fang family, desperately pressed the doorbell a few times, and soon a security guard came over, “Miss Zuo, I’m sorry, our young master closed the door today.”

Zuo Xiaoran had been to the Fang family home twice, and everyone inside knew her.

“please make it easy for me. I have something to talk to your young master about!” Zuo Xiaoran was very anxious because she heard that Fang Shaoan and Yan Jun had a fight.

Yan Jun was seriously injured, but what about Fang Shaoan He would definitely not be any better!

That was why she came over in such a hurry. She was so anxious to see how he was doing... ..

But now, she could not even enter the door.

If she had known that their identities were different, she would not have thought that they could not even cross such a door.

“Miss Zuo, please don’t make things difficult for us. We are just following orders.” The security guard looked troubled. He was only here to make a living, and he still had to support his family.

Originally, with such a big incident happening in the Fang family, the young master’s mood today was extremely bad. If he recklessly went to the gun barrel at this time, losing his job was nothing, but he might even lose his life.

He did not dare.

“I beg you... Let me go in and see him...” Zuo Xiaoran bit her lower lip and put away her pride. She hid her pride and begged bitterly ...

She had never bothered to go to places before. She had tried every means to escape. No one would have thought that one day she would beg at the door like this.

Moreover, This Day had come so quickly that she was caught off guard.

The security guard saw her like this and could not bear to see her like this. “Wait here, I’ll go ask the Butler...”

“thank you... Thank you...” Zuo Xiaoran nodded hurriedly and reached out to wipe away the tears at the corner of her eyes. She did not care about her sorry state at all ...

Not long after, the security guard brought the Butler over.

Zuo Xiaoran had seen this security guard several times and knew that he loved Fang Shaoan. At this time, he was probably the only one who could let her in.

“Butler Qi, I want to see Shaoan. Is He... is he okay?”

“...” the Butler did not look good at first. He even said evil words to Zuo Xiaoran, “didn’t Miss Zuo want to leave no matter what? Why are you back now?”

Chapter 1329: I just want to go in and take a look at him

When Jiang Xueqian made things difficult for Zuo Xiaoran, the housekeeper actually felt quite sorry for Zuo Xiaoran.

But now that Jiang Xueqian was gone, Fang Zemin was also gone, and Zuo Xiaoran had a fight with Jiang Xueqian two days ago, how could the housekeeper be nice to her?

It was already good enough that she didn't get someone to beat her up. Zuo Xiaoran knew that tonight's Fang family was unusual, and she didn't care about the attitude of these people. She only said stubbornly, "housekeeper, sorry to trouble you. Can you let me in?"

"Do you still want to fight with my wife? !" The Butler said angrily.

"..."Zuo Xiaoran gritted her teeth. If this had happened in the past, she would have argued for it. She was not wrong in the first place. It was Jiang Xueqian who had found someone to kidnap her and restricted her freedom.

However, the past was gone. What was the point of saying all this?

Zuo Xiaoran's expression was bright. "I just want to go in and take a look at Fang Shaoan. After I make sure that he is fine, I will leave..."

The Butler was originally firm-hearted, but when he heard Zuo Xiaoran's words, he immediately remembered young master's current appearance... ..

Perhaps this Miss Zuo's arrival would make the young master feel better?

After all, the last time the young master was beaten up like that by the old master, he was locked in his room without eating or drinking. It was only after this miss came that he had improved.

The housekeeper had watched Fang Shaoan grow up. He could see how important this Miss Zuo was to the young master.

With a sigh, the housekeeper removed the cold mask and revealed a sleepy expression. "The young master is not well..."

When she heard this, Zuo Xiaoran's heart subconsciously skipped a beat.

Then, the housekeeper opened the door for her. Without saying anything, she rushed into the living room.

This place was already familiar to her.

After passing through the quiet front yard, she had just entered the living room when she saw the three people sitting on the sofa.

Fang Shaoan, whose face was covered in blood and his clothes were in rags, sat in the middle while Si Si and Tian Tian sat on his left and right respectively.

Zuo Xiaoran had already seen these two women. She did not know why Fang Shaoan would suddenly bring them along and even go out to show off. In short, in her impression, when Fang Shaoan was at his most ridiculous, he had never done such an outrageous thing.

Moreover, today... .. was such a special day ...

On the other side, Si Si was taking an alcohol cotton ball to wipe the blood stains on Fang Shaoan's face. As she wiped, she said worriedly, "minister, are you in pain? Si Si will blow on you..."

Tian Tian was not willing to be outdone. She was wiping Fang Shaoan's hands with a light and delicate movement. "Minister, Tian Tian Will Rub your hands!"

However, as she rubbed and rubbed, her hands were directed towards Fang Shaoan's thigh.

Zuo Xiaoran snorted coldly. Wasn't it too obvious that the DRUNKARD's intentions were not in the wine?
!!

No matter how Tian Tian and SI SI tried to curry favor with him, Fang Shaoan, who sat between them, would always have a strangely pale and handsome face. He did not say a word, and even his eyes were staring blankly at a certain spot.

He was like a ragdoll without a soul, broken and lonely.

It was not until he inadvertently raised his eyes that he saw Zuo Xiaoran suddenly appear in front of him.

There was finally a trace of trembling in that pair of calm amber eyes.

However, that was only for the blink of an eye. Before Zuo Xiaoran could catch any change in him, Fang Shaoan had already regained his indifference. "What are you doing here?"

His tone was the same as when he had glanced at Fang Shaoan at the banquet. It was completely filled with disdain and disgust.

Chapter 1330: how much do you plan to give me for breaking up with you?

Zuo Xiaoran's heart tightened. She thought that he really hated her so much, and her eyes became a little flustered. "I... I... Are you okay?"

Fang Shaoan frowned and was about to speak when a sharp voice sounded from the side. "Yo! Isn't this the waiter from the banquet? You chased him all the way here?"

"Tsk Tsk, don't you see yourself in this state? Do you have the nerve to Pester our Minister Fang?" Tian Tian echoed.

Their mission was to win Fang Shaoan's favor. As for this woman who suddenly appeared in waiter clothes, they both sensed danger.

Therefore, it was necessary to work together to deal with the outside world.

Zuo Xiaoran's face turned a little Pale, and her hands, which were hanging by her side, squeezed hard.

She suddenly looked at Fang Shaoan and said in a serious tone, "I want to talk to you alone."

What she meant was that she felt that SI SI and Tian Tian were too annoying.

Fang Shaoan raised his eyebrows. He had not noticed the two women beside him, but when he heard Zuo Xiaoran say this, he curled his lips and reached out to hug Tian Tian and SI SI. He said casually, "I'm sorry, I'm not interested in you."

The meaning was obvious. He was more interested in the two women.

Tian Tian and Si Si immediately burst into a proud laughter.

Zuo Xiaoran's Pale face turned a little red from the stimulation. She took a deep breath and questioned him, "what do you mean? Even if you want to find another woman, you should talk to me about breaking up with me!"

She had no other choice.

She had lowered herself to look for him like this. Even if she was scolded by him, even if she saw countless women being intimate in his arms, she had to endure it!

However, he was still like this... ..

There was no other way. She could only use the dignified reason of breaking up as her last bit of dignity to exchange for a chance to talk to him.

Si Si misunderstood her meaning and sneered, "so you're here to ask for the breakup fee? That's right, she's just a waiter. She must have spent a lot of effort to climb into Minister Fang's bed. How could she bear to leave just like that?"

"TSK Tsk, how shameless!" Tian Tian followed suit and spat.

After that, Fang Shaoan's expression turned extremely ugly, and the pressure around him became even lower.

Zuo Xiaoran froze.

She didn't mean that at first. She just wanted to find an excuse, an excuse that Fang Shaoan couldn't refuse.

But after hearing what these two women said... .. Zuo Xiaoran simply went with the flow. "Yes, I'm that shameless. Fang Shaoan, how much do you plan to give me for a breakup fee?"

Fang Shaoan,"..."

He did not answer. He only held Zuo Xiaoran tightly with a gaze that could tear a person's soul apart, not leaving her even an inch.

Zuo Xiaoran endured the suffocating pain and looked into his eyes. "Now that you are the head of the security department, the number must not be less."

The moment she said that, Zuo Xiaoran clearly noticed the way Fang Shaoan looked at her, and it became colder.

Finally, Fang Shaoan was willing to talk to her. "How much do you want?"

"Ten million," Zuo Xiaoran boasted shamelessly.

However, the amount was too little. What if he gave it to her Then she would no longer have the opportunity and excuse to get close to him... ..

Therefore, she told him about her sky-high price.

The sky-high price she thought she had.

When Si Si and Tian Tian heard this, they burst out laughing. “Miss, is there something wrong with your brain? Ten million? Do you really think you’re a piece of trash?”
