

## Trick Me 1331

### Chapter 1331: It's not impossible to ask for 10 million, unless... .. You beg me to take you

Zuo Xiaoran had always disliked these two women, so she immediately retorted “You flatter me. I think I’m not as good as you two ladies. After I succeed, you can raise the price on my basis. Minister Fang will definitely not be stingy with 10 to 20 million.”

“You!” Tian Tian was so angry that her head was smoking. “No wonder Minister Fang doesn’t want you! What A SHREWD SLUT!”

Zuo Xiaoran was right. Tian Tian and Si Si were girls to begin with. It was their duty to please men. They acted coquettishly in front of men in order to survive. However, they were not so polite when it came to women who threatened their jobs.

As a result, they could not control their mouths when they were in a hurry.

She thought that Zuo Xiaoran was just a woman who had been played by Fang Shaoan and abandoned. She could do whatever she wanted to her. However, she did not expect that after she said that, she felt a sharp pain on her waist. Then, she fell to the ground!

“Ah!” She screamed, and when she turned back, she found that Fang Shaoan had just retracted his leg.

Obviously, Fang Shaoan had kicked her off the SOFA!

“GET LOST!” Fang Shaoan suddenly shouted, and he stared at Tian Tian as if he wanted to eat her up!

“Minister, Minister, I was wrong...” Tian Tian quickly came back to her senses and knelt beside Fang Shaoan’s feet. She hugged his leg and begged in fear, “Tian Tian knows that she was wrong, please don’t be angry...”

Seeing this, Si Si was so scared that her face turned pale. She didn’t expect Fang Shaoan’s emotions to be so changeable. He was fine just now, but now he was angry just because he said so!

She also helped Tian Tian to beg for mercy, “Minister Fang, please don’t be angry. The wound will open again soon!”

“HUMPH!” Fang Shaoan waved his hand and pushed Si Si away, “I told you to get lost, didn’t you hear me?!” n.(0V**EL**b1n

Si Si was pushed back for a while. Fortunately, her hands moved quickly and supported her body. Otherwise, her waist would have been broken!

She and Tian Tian looked at each other. Neither of them dared to say anything. They could see that Fang Shaoan was in a bad mood at the moment. They quickly got up and ran out.

They could only try to curry favor with the financier for money. They did not want to end up with a few levels of disability!

These financiers relied on their wealth and power to hit and scold people like them. Everyone knew that they did not want to touch that bad luck!

However, when the two women left, they glared at Zuo Xiaoran fiercely at the same time.

If it wasn't for her appearance, why would minister Fang's temperament suddenly change? ! !

HOW DISAPPOINTING!

After the two women left, only Fang Shaoan and Zuo Xiaoran were left in the huge living room.

It was surprisingly quiet.

"Ten million? You're really asking for too much. I only slept with you for one night, and you dare to ask for this amount?" Fang Shaoan's sarcasm suddenly echoed in her ears.

Zuo Xiaoran, "..."

She didn't know why Fang Shaoan's attitude towards her had changed completely after just a few days of not seeing her.

But since she was the one who left first and came back on her own accord, she couldn't blame Fang Shaoan for everything.

She sniffed and tried hard to calm herself down. "Shaoan, are you okay?"

Fang Shaoan's expression changed as if he had guessed what she would bring up next. He hurriedly opened his mouth and used even more unpleasant words to stop her from saying what she might say next.

"It's not impossible to want ten million, unless... you beg me to take you."

### **Chapter 1332: You came back to pity me, didn't you?**

Every word was like thousands of sharp knives, slicing Zuo Xiaoran's heart.

"I... I don't want money." She squeezed out a few words, as if she had used all her strength ...

"Oh? You don't want money?" Fang Shaoan raised his eyebrows high and teased her, "then what do you want? Status? Status?"

Hearing his unreserved sarcasm, Zuo Xiaoran couldn't bear it anymore, "Fang Shaoan! What's wrong with you! You know I didn't mean it like that!"

Fang Shaoan didn't get angry when he saw her angry look. Instead, he smiled with an extremely evil smile. "That's weird. You said you wanted ten million just now. Why are you saying you don't want money now?"

"..."

"You're really funny when you're contradicting yourself..." Fang Shaoan's laughter came to an abrupt end. It was replaced by a cold sneer "I chased you so much, but you didn't even look at me... .. You ran

away when you wanted to and disappeared when you wanted to. Now that I've let you go, why did you come back ?? Are You F \* Cking stupid? Is there something wrong with your brain? ! Do I, Fang Shaoan, deserve to be played by you like this ! ! !"

At the end of his sentence, he became agitated and raised his voice by countless times. He stood up from the SOFA and glared at Zuo Xiaoran, pacing back and forth anxiously.

Zuo Xiaoran gritted her teeth and her eyes reddened. "I'm sorry, I didn't know that this would happen... I didn't know that your parents would..."

"Shut up!" Fang Shaoan shouted and interrupted Zuo Xiaoran. "Don't mention them in front of me!"

Zuo Xiaoran did not expect him to be so agitated all of a sudden. She was so frightened by his sudden increase in volume that she shivered.

There was something in her eyes that she could not help but drop.

She did not even realize it herself and continued to focus on the topic just now. "They are still in the morgue, why didn't you bring them back? Fang Shaoan, you..."

"Shut up! !" Fang Shaoan roared, and the veins on his forehead bulged out. It was very frightening.

He casually swept everything on the coffee table to the ground, and the ping-pong sounds rang out all over the floor.

Those things all fell at Zuo Xiaoran's feet, but she did not even try to dodge them.

Such a violent Fang Shaoan was something she had never seen before. *nOve(lB(1n*

She was trembling from being yelled at, but she still stood firmly on the spot. She braced herself and continued, "you come with me to bring them back."

She bit her lower lip, stubborn and persistent.

"Heh, I'll go with you? Who Do you think you are? Do I have anything to do with you? Didn't you leave? Why did you come back? Did you come back to pity me? Do you think I'm a pitiful wretch?" Fang Shaoan restrained his anger and began to sneer.

It was so f \* Cking funny.

He, Fang Shaoan, wanted to keep a woman, but he actually wanted to use the death of his parents to keep her?

Hahahaha!

He was just a joke, a big joke!

Zuo Xiaoran looked at his almost deranged appearance, and tears seemed to burst out of her eyes. "I didn't, Shaoan, I didn't..."

Why did she have to leave?

Because Fang Shaoan's parents didn't like her, because she had to tell Xiao Qi about her identity being exposed, because... .. She had never thought that there would be a day when she would have a result with Fang Shaoan ...

So, she chose to let the pain go.

She originally wanted to leave.

She had already bought the tickets, but she regretted it at the last minute.

After settling her parents, she secretly ran back.

Who knew that the moment she returned, she would hear about Fang Shaoan's parents dying... ..

### **Chapter 1333: never blamed her**

She knew in advance that Fang Shaoan would attend tonight's banquet, so she snuck in to be a waiter.

There was a lot of gossip at the banquet. When she heard the bad news, she did not believe it at first, but later, more and more people said it. In addition, Fang Shaoan did not refute it at all, so she could only believe it.

However, she did not expect that not only did he treat her like this, he even refused to take her parents home and let them lie in the hospital morgue, unclaimed... ..

"Shao'an, you blame me, you hate me, you annoy me, I accept all of it. But they are your parents after all, how can you do this?" Zuo Xiaoran clenched her fists, her voice choked with sobs.

It was her fault, she admitted it.

She was timid and always wanted to leave.

When such a painful thing happened to him, she did not stay by his side. Instead, she only cared about herself and her parents.

She did not have the right to beg for his forgiveness, but she could not watch him make mistakes again and again... ..

No matter what, since he had already passed away, at least let them rest in peace.

Fang Shaoan did this, not only did he disregard human relations, he would also be scolded in the future.

Fang Shaoan's emotions had indeed exploded at that moment.

But when he saw her crying face, when he heard her sobbing and gasping words, he finally calmed down bit by bit.

How could he blame her, hate her, be angry with her... ..

From the moment his father worked with Lu Yiming behind his back, the fate of the Fang family had already been decided.

Originally, when Lu Yiming asked him to replace his father as the minister, he had already been tempted to let Zuo Xiaoran leave on her own.

This was the Fang family's sin, and she should not be the one to bear it.

Later on, she really left without leaving any news for him.

In her disappointment, she was also somewhat satisfied.

This was good. Now that she was gone, Lu Yiming would not make things difficult for her anymore. At least she could continue living peacefully... ..

He had never blamed her.

As for what he said just now, he was just... ..

He had been extremely depressed and had nowhere to vent. Yet, she had insisted on bumping into him again.

How could he not know that all of this had nothing to do with her.

God knew how much he wanted to go up to her, pull her into his arms, hug her, and tell her not to cry. His heart ached as he looked at her.

In fact, not only did he think this in his heart, he could not help but take a step forward.

However, just as he reached out his hand slightly, the sound of high heels suddenly came from outside the hall.

Fang Shaoan's muddled brain was immediately stimulated and sobered up.

He did not even need to look in the direction of the sound to know that the sound was definitely the return of Tian Tian or Si Si.

These two people were given to him by Lu Yiming, under the pretense of 'submitting to the monarch' .  
nOve-lb)In

In reality, who did not know that these two women were here to spy on him?

If he refused, it meant that Fang Shaoan had doubts about Lu Yiming. Therefore, he could only accept them, and he had to accept them happily.

Not only did he have to accept them, but Fang Shaoan also deliberately brought them around, spreading the news everywhere.

Thinking of this, Fang Shaoan regained his rationality.

It was not easy for him to reach this step. He could not give up halfway.

The gentleness and tenderness in his eyes disappeared completely. In the blink of an eye, he turned back into that cold, handsome, and Pale young man.

"Don't cry in front of me. It's annoying to look at you! There are plenty of women waiting to be my women. I don't need you!"

## Chapter 1334: was afraid of hurting him

Zuo Xiaoran, "..."

Her eyes were filled with tears. She couldn't even see Fang Shaoan's face clearly, much less notice the subtle changes in his emotions just now.

Hearing him say this, she felt as if she had been struck by lightning.

"Do you really want to do this?" She asked back. Her voice was flat, like a walking corpse without any emotions.

"..." Fang Shaoan gritted his teeth and forcefully suppressed the pain in his heart. He looked at her coldly. "either get lost, or... be like them and please me."

Tian Tian and Tian Tian were the ones Fang Shaoan was talking about.

As for how they pleased Fang Shaoan... ..

Zuo Xiaoran froze and frowned instinctively.

"Why? Can't do it?" Fang Shaoan sneered and smiled playfully. "Then get lost."

Zuo Xiaoran thought that he was really going to chase her away. Without thinking, she blurted out, "I can do it."

She didn't expect that the usually stubborn her would agree to such a thing... .. Fang Shaoan was stunned for a moment ...

However, he did not say anything. He did not even express his position. He just looked at her like that.

Zuo Xiaoran knew that he was waiting for her to show him that she could do it.

She took a deep breath and steadied her mind before walking towards him.

She sat beside him a little awkwardly. After a pause, she looked at him anxiously.

She thought about how SI SI and Tian Tian were so close to him, but in her heart, she felt nauseous.

She really didn't know how to do such a thing.

Should she hold her throat and speak That would make her look even sharper... ..

However, she opened her mouth and tried a few times, but she found that she couldn't act like that.

While she was upset, she suddenly saw a large clot of blood on Fang Shaoan's forehead. **novE-lB**-In

Her pupils constricted. She knew that he definitely didn't go to the hospital. Just now, SI SI and Tian Tian didn't really treat his wound, so they just casually treated it.

If she didn't care, what if he got infected?

She did not have time to think further. Zuo Xiaoran took the first aid kit on the table and began to treat Fang Shaoan's wound.

Just as the alcohol ball touched his wound, she heard a hiss.

She instinctively frowned and coaxed, "bear with it." Then she blew on his wound to ease the sting.

Fang Shaoan wanted to refuse, but when he looked down, he saw her gentle and careful look, and he was stunned.

Last time, his father had beaten him dozens of times. The skin on his back was split open, and she had helped him change his dressing.

But that time, he was injured on his back, so he did not see her expression at all. He did not know that she would treat him so seriously and carefully... ..

It was as if he was the most important person in her heart. She could not bear to use any more strength, for fear of hurting him.

Si Si, who was hiding in the corner, took a look inside. She frowned, and her expression was not very good.

She was Lu Yiming's person. Her mission to stay by Fang Shaoan's side was to please him and monitor him at the same time.

If he made any unusual movements, she would immediately report it to Lu Yiming.

Everything was fine at first, but the sudden appearance of this woman seemed to have made Fang Shaoan's emotions extremely unstable.

On the other side, Zuo Xiaoran handled the wound on Fang Shaoan's forehead skillfully. After wiping away half of the blood on his face, she began to look for other wounds on his body.

In a moment of desperation, she did not care too much. Her soft little hands pulled open the collar of his pink shirt.

### **Chapter 1335: wants me to strip naked?**

There was a pool of blood on the shirt in front of her chest. She wanted to see if she was injured.

However, before she could completely pull it away, her hand was grabbed urgently.

Zuo Xiaoran was pinched until she was in pain. She frowned and looked at him.

"Why are you in such a hurry?" He opened his mouth playfully. His pale face was filled with evil.

Zuo Xiaoran's face turned red. "I just want to help you check..."

After saying that, she lowered her eyes and tried her best to look at his chest that was hidden under the shirt.

What entered her eyes was white. She wanted to look more carefully, but a shadow enveloped her. In the blink of an eye, she was on the Sofa by him.

He held her hand to her side and leaned over to look into her clear eyes. "How? Shall I strip?"

"You!" Zuo Xiaoran is a bit embarrassed into anger, she is good for him, but he does not know how, like Spermatozoa on the brain, always bring the topic to this side.

Fang Shaoan did not give her a chance to continue to say, directly bent over, bite her lips. n.-Ove**l**B1n  
I'm sorry, I'm sorry, I'm sorry.

Zuo Xiaoran struggling hard, but little effect.

Until the lips of two people all begin to go numb, Fang Shaoan just is willing to let go of her.

Zuo Xiaoran's eyes turned red with anger. She wiped her lips with the back of her hand and shouted angrily, "Fang Shaoan!"

She shouted his name, but after that, she did not know what to say.

Fang Shaoan did not wait for her to come back to her senses. He immediately bent over and carried her in his arms. He quickly walked upstairs.

His face was dark, and his amber eyes were burning with desire.

"PUT ME DOWN!" Zuo Xiaoran was angry and pushed him.

They were all adults. It was not that she did not understand what his actions meant.

However, Fang Shaoan didn't say a word. He didn't stop walking either. No matter how much she fought and caused a Ruckus, he just kept walking upstairs.

After he carried Zuo Xiaoran and disappeared at the corner of the stairs, Si Si, who had been hiding in the corner, stood up. The doubt and worry in her eyes had long disappeared, leaving only a cold smile "A playboy really does live up to his reputation. He only has eyes for women and doesn't even take care of his parents' funeral matters. Mr. Lu's worries are really unnecessary. What can such a waste do?"

With a sneer, SI SI turned around and walked out of the hall.

Tian Tian was holding her right abdomen and leaning against the door waiting for her.

Seeing her come out, she hurriedly asked, "how was it? What did they say?"

"They rolled around on the sofa and then went upstairs. What do you think?" Si Si snorted coldly, as if she looked down on people like Fang Shaoan.

"I think that woman has a good life. Every man wants to have sex with her. A lecher like Fang Shaoan, of course he is." Tian Tian's words were even more unpleasant, and her eyes were full of dirty light.

Just a second ago, the two of them were still in Fang Shaoan's arms, flattering him in all sorts of ways.

But when they turned around, they had completely changed their faces.

“How is it? Can you walk?” Si Si looked at Tian Tian, who had been holding her stomach, and asked more or less.

Tian Tian frowned. “I won’t die. ”

In her heart, she was even more disdainful of Fang Shaoan... ..

Si Si looked at her, took out a cigarette and lighter, and the two of them smoked downstairs.

After taking the first puff, a scream suddenly came from upstairs. “Ah! ! ! It hurts! ! ! ”

The two experienced men froze at the same time. Then, they looked at each other and revealed a knowing smile.

“Look, our Minister Fang is really energetic. ”

“At least his parents just died. If it were me, I wouldn’t be able to do it, ” Tian Tian spat.

### **Chapter 1336: would not stop until the second half of the night!**

Si Si took a deep puff of her cigarette and said, “let’s go. Sister Ying started a show and asked us to go over to support the show. ”

Sister Ying was the big sister who brought Si Si and Tian Tian to debut. She was the one who brought out more than half of the young ladies in the nightclubs in the city.

In her words, some people were born to be police teachers, while she was born to bring out young ladies.

The way she looked at women was accurate, and the young ladies she brought out were more popular than the others.

Tian Tian hesitated for a moment and then looked upstairs. The huge window was emitting a dazzling light. “What should we do here? ”

“What can we do? It’s not like you haven’t seen a man in heat before. Do you want us to lean against the crack of the door to take a look? Good boy, I’ve seen enough. I’M ABOUT TO THROW UP! ” Si Si patted her forehead As if recalling some unpleasant past, her stomach churned.

“F \* Ck You! ” Tian Tian was not as disgusted as she said. She scolded, “is your brain filled with sh \* T? I mean, how are we going to explain to Mr. Lu after we leave? He made US Follow Minister Fang around 24 hours a day. ”

“It won’t matter if we miss a night. Besides, listen to the commotion upstairs. It won’t stop until the second half of the night! ” Si Si did not care at all She could not think of anything. Fang Shaoan was an animal that only used his lower body to think. What was there to be wary of?

It was all thanks to that woman who came tonight. It would have been best if she could stall Fang Shaoan.

Tian Tian was still a little hesitant. "But we've been here for two days and he hasn't touched us... could it be..."

As soon as she said that, a series of violent sounds came from upstairs, along with a woman's screams.

Tian Tian, "..."

Si Si continued to sneer. "Didn't he gamble the whole night last night? Tonight, this woman stole the limelight from us again. After all, we're still old lovers, so she must still be a little reluctant."

"That's true. With our identities..." Tian Tian Stopped mid-sentence. She felt a little bored and said, "let's go. Where's sister Ying's place?"

"I'll take you there." Si Si threw the cigarette butt on the ground and used her red high heels to extinguish the light. She helped Tian Tian and left.

The two of them were people who knew how to have fun. Life was too short. There was no need to waste time here.

Meanwhile, upstairs... ..

In the dark room, Zuo Xiaoran was curled up and hugging her knees. Fang Shaoan was sitting at the end of the bed.

His back was facing her. He was deep in the darkness and did not say a word.

Zuo Xiaoran stared at him and did not say a word. She kept doing the same thing.

Just now, when he carried her up so savagely, she thought that he... ..

But who knew that he just placed her on the bed and told her not to make a sound.

A moment later, a strange sound came from the room next door.

She heard it until her face turned red... ..

At first, she did not understand. Later, Zuo Xiaoran slowly realized that Fang Shaoan did it on purpose, right?

He brought her up, and the lights in the room were not allowed to be turned on. Then, he made the person next door make that sound, so that... .. people would think that the sound was made by the two of them ??

Anyway, it was all sounds of "MMM" and "AH" . No one could tell if it was her or not.

But what she did not understand was, who was Fang Shaoan doing all this for?

Was someone watching him?

In the silence, the voice next door gradually weakened.

Zuo Xiaoran slowly stopped caring about those sounds. Instead, she sat in the darkness, slowly opened her mouth, and said in a low voice, "Shaoan."

## Chapter 1337: wait for my return.

She called out to him, her voice hoarse and pitiful, like a wronged kitten begging for mercy from its master.

Fang Shaoan's body moved, almost subconsciously wanting to turn around.

But even faster, his reason did not allow him to do so, not even allowing him to open his mouth to answer her.

In this silence, Zuo Xiaoran sighed softly and buried her face into the crook of her arms.

Just as she was feeling extremely dejected, he said in a low voice, "you sleep here tonight."

Then, he got up and walked towards the door.

He heard the sound of an engine starting downstairs and guessed that the two women should have already left.

Zuo Xiaoran immediately looked up at him. "where are you going?"

Fang Shaoan did not say anything and continued to walk forward as if he did not hear her voice at all.

Zuo Xiaoran hurriedly ran down from the bed. She did not even have time to put on her shoes and hurriedly pulled on his sleeve. "I'll go with you."

She knew that his mood was very unstable and was afraid that something would happen to him if he stayed alone.

She was also afraid that he would do something irreversible... ..

Fang Shaoan's footsteps paused slightly as he was pulled by her. His ice-cold face, which was shrouded in the darkness, could not help but be moved.

He suddenly turned around and hugged her tightly in his arms!

Zuo Xiaoran did not expect him to do such a thing. Her cheek bumped into his chest and it hurt a little, but she did not care at all. Instead, she jumped in joy. "Shaoan... I'm sorry."

She hugged him and muttered timidly. n//o..v-.e))l-}&.-1-/n

She should not have been so selfish and left quietly.

She shouldn't have left him alone... ..

"I won't do it again," she choked and said.

Fang Shaoan hugged her even tighter.

His heart was cold. He kissed her forehead and lowered his voice. "Wait for me to come back."

In the end, he couldn't harden his heart to her.

“I want to go with you.” Zuo Xiaoran tugged at the corner of his shirt and stubbornly said.

“Wait for me.” He only repeated these two words. Then, he let go of her and quickly walked out of the door.

Zuo Xiaoran was left standing there in a daze.

She stared blankly at his back as he left. Her eyes were warm again, and soon, a string of tears fell from them.

At this time, Fang Shaoan seemed to have become much softer... ..

Even though his attitude was still as cold as ever, there seemed to be something different about him.

Zuo Xiaoran was so happy that she almost cried.

It was so good... .. He had not changed so completely ...

Fang Shaoan left for the entire night.

He did not return until it was almost dawn.

He came back earlier, and Si Si and Tian Tian also came back later.

His attitude towards Zuo Xiaoran was still as cold as ever. From time to time, he would hurl insults at her. It was as if the gentleness from last night was just a flash in the PAN... ..

Fang Shaoan only went out again when it was almost dusk.

This time, he went to the hospital openly with the motorcade.

He was two days late. He finally appeared in the morgue.

In the vast space, only his parents were lying down.

It was cold and gloomy all around. There were not many windows, and no one knew where the wind came from. It made people’s hearts feel cold.

Fang Shaoan stood in front of the two beds and stared at the two corpses covered by the white cloth. His footsteps were stiff, as if he could not move.

His men did not follow him in. There was only the doctor who led him in.

“Young Master Yan ordered that the room specially prepared for the two of you should not be disturbed by outsiders,” the doctor suddenly said in a low voice.

When Fang Shaoan heard this, a glimmer flashed in his eyes.

### **Chapter 1338: Your son is here to take you home**

He beat up Yan Jun to such a state. Who would have thought... ..

He thought that Yan Jun would hate him for the rest of his life.

“thank you,” he said in a low voice, expressing his gratitude.

His parents were proud people. They would definitely not want to lie with a group of people.

Yan Jun was more thoughtful than he thought.

“Mr. Fang, you’re welcome.” The doctor bowed slightly and left.

He looked at Fang Shaoan as if he wanted to spend some time alone with the deceased.

After the doctor left, there was only Fang Shaoan and the two cold bodies lying on the bed in the huge morgue.

He did not move his feet. He just bent his knees and knelt down.

His knees fell on the ground. It was very painful, but he did not even move his eyebrows.

“Dad, mom. Your son is here,” he said with a heavy and sorrowful voice.

No matter how he had been out these two days, his eyes were red. In the blink of an eye, tears were streaming down his face.

“My son is here to take you home.”

As soon as his voice fell, a gust of chilly wind blew in from somewhere, fluttering the few pieces of white cloth hanging around him.

Swishing sounds flew past, and the remaining room was quiet.

Fang Shaoan could not hold it in anymore. He broke down and burst into tears like a child. “Dad, mom, how could you bear to leave an ‘er alone...”

He knelt down a few steps and pounced on Fang Zemin, sobbing. “Dad, get up... an ‘Er won’t make you angry anymore. An ‘Er will listen to whatever you say... Dad...”

After crying, he turned around and pounced on Jiang Xueqian. “Mom, an ‘er misses you... an ‘er misses you...”

However, no matter how much he cried, how much he made a fuss, and how much he acted coquettishly, the two people lying on the bed did not react at all.

God knows how much Fang Shaoan wanted to see the two of them wake up at this moment. Even if his father beat him with the whip again, he would definitely laugh happily.

Unfortunately, it would never happen again.

No one would hold the long whip passed down from their ancestors. They would scold him as a good-for-nothing B \* Stard and whip him fiercely at the same time. After whipping him, he would flick his sleeves and leave. At night, they would quietly come and pull the corner of the blanket for him, afraid that he would catch a cold.

No one would always pamper him. She would give him whatever he wanted. She would pamper him to the point of lawlessness. No matter how big of a mistake he made, she would always tolerate him and love him... ..

There would never be another... ..

In the end, he cried until his throat became hoarse.

In all his life, he had never shed so many tears.

In the past, when he heard that someone was crying, he always looked down on them. He even jeered at that person and called him a coward. He always said that a man was indomitable and would not shed tears even if he bled. He always said that those who loved to cry were all sissies... ..

Now he knew.

It was a little painful and bitter. There was no way to replace it with fresh blood.

Sometimes, tears really could not be replaced.

“Mom, dad... why, why didn't you listen to me in the beginning? Why did you have to rely on Lu Yiming...” he sobbed and muttered intermittently. Without saying a word, he gritted his teeth hard ...

“Don't worry, I will definitely avenge you. I will not let go of anyone who set you up behind the scenes...”

At this point, the veins on Fang Shaoan's forehead popped out. His hands were tightly clenched into fists. Because he had used too much strength, they were already trembling slightly.

Even though there were still tears in his amber eyes, they were still bursting with intense hatred!

### **Chapter 1339: the Fang family, he will support it!**

Just as this fire of anger was about to burn him to ashes, a gust of cold wind blew in from the hall, immediately blowing away the scorching aura from his body.

The heat in his brain seemed to have dissipated a lot.

He took a deep breath and forcefully suppressed the raging fire of Karma in the bottom of his heart.

“Only by enduring humiliation can one bear the weight...” he squeezed out these words through the gaps of his teeth. Every word he said was extremely heavy, as if he had used all his strength in his life.

A moment later, he wiped the tears off his face and stood up again.

This time, he stood up in an incomparably majestic manner. It was as if the Gods and Buddhas had descended from the sky, shining brightly!

From this moment on, he was no longer that silkpants youth who hid under the wings of his parents!

He would support the Fang family!

He would also shoulder this heavy responsibility!

After being bathed in flames, it meant rebirth.

Even though the path he took was different from that of ordinary people, but... ... He believed that the other shore would always live up to his expectations !!

Fang Shaoan turned around. His pair of charming peach blossom eyes were suffused with a cold charm, evil and profound!

He walked out of the door. Every step he took was filled with an unprecedented determination!

“...”

In less than an hour, the news of the playboy, Fang Shaoan, finally picking up his parents' bodies after two days of debauchery spread throughout the streets and alleys of Rao city.

It was said that Fang Shaoan was still cursing along the way, saying why these two old guys didn't just die at the scene of the accident and even bothered him to personally go and retrieve the bodies!

Of course, it was extremely unfilial. It was even worse than that heinous Scoundrel!

For a time, the entire city started cursing. Anyone who heard the words 'Fang Shaoan', or even just the word 'Fang', would stop and discuss for a long time.

Those who were soft-hearted only clicked their tongues and shook their heads, saying one or two sentences, 'what a sin!'!

Those who were ruthless rolled up their sleeves and started cursing, saying things like 'merciless and heartless', 'inhuman', and 'disregarding one's own family'. In short, they were saying things that were unpleasant to hear.

There were even people who had begun to predict that the Fang family would soon be defeated by Fang Shaoan's hands.

Some people even wrote an anonymous letter, requesting that someone like Fang Shaoan be removed from his position and investigated. It would be best if he could be locked up in prison, so that he could learn from his mistakes!

The Security Department had become very famous recently. When everyone was discussing Fang Shaoan, they also scolded the people from the security department. n//o..v-.e))l-)&.-1-/n

Everyone in the security department was in danger. As long as Fang Shaoan was not removed from his position and investigated, he would still be their boss for a day. However, such a boss... ... Forgive them for being blunt, but they were all trembling !!

Furthermore, they were sitting down innocently. No one dared to reveal the security department's work badge, for fear of being seen by others and being dragged into an alley to be beaten up.

When Xia Jinqi browsed through the comments online, she could already be described as dumbfounded... ...

“There are so many keyboard warriors... How do they know the truth of the matter?” Shaking her head, Xia Jinqi quickly closed the web page she was browsing ...

A few disgusting messages just happened to appear. She quickly opened the brain’s trash can and threw them away.

Now that the online world was developing faster and faster, it was more convenient and free for people to receive information and express their opinions.

Many keyboard warriors were born from it, completely exposing the evil nature of human nature!

And how to select the right one that suited her from the vast amount of information became especially important.

Xia Jinqi closed the web page and turned around. She met Yan Jun’s eyes and looked at her with a wronged expression.

### **Chapter 1340: ... .. I’ll feed you ? ?**

At that time, Yan Jun was sitting at the table, eating with chopsticks in his left hand. It was very inconvenient.

It was not entirely impossible for his left hand to pick up food, but it was very obvious that Yan Jun wanted Xia Jinqi to feed him and enjoy the treatment that a normal patient should enjoy.

Unfortunately, this time, for the sake of a small punishment, Xia Jinqi flatly refused. “Eat it yourself. Do you know how important your right hand is? If you still fight next time, will you still let yourself get hurt?”

Yan Jun,“...”he was actually speechless?

Xia Jinqi was not the slightest bit soft-hearted. She turned around and went to the side to pour him some water.

Wang Mang silently handed Yan Jun a spoon and then gave Yan Jun a deep look.

Brother, I can only help you up to this point. Take care.

Yan Jun looked at the extra spoon in front of him. The corners of his eyes and the muscles on his face twitched at the same time.

Ever since he could remember, he had never eaten Chinese food with a spoon... ..

This kind of behavior was detrimental to his majestic and tall image, so he refused.

He insisted on eating with his left hand. Although his movements were slow, it was not completely impossible.

When Xia Jinqi poured the water, she took a look downstairs. The Yan family’s bodyguards stood in a dense mass, creating a huge commotion. She really wished that everyone in the world knew that Yan Jun had fought with Fang Shaoan and was seriously injured... ..

“You’re in the hospital. What about the company’s matter?” Xia Jinqi walked back and placed the hot water on Yan Jun’s table. She glanced at the extra spoon and subconsciously looked at Wang Mang.

However, Wang Mang seemed to have noticed it. He took a step away from her and blew a whistle.

Xia Jinqi, “...”

Yan Jun didn’t notice the two people’s small actions. He paused for a moment and replied, “GRANDPA is back. He will handle the company’s affairs on my behalf for the next two days.”

Which seriously injured person could still handle official business normally Since he wanted to pretend to be seriously injured, he had to act like it.

Xia Jinqi’s eyes lit up when she heard him say that. “Then can you rest well for the next two days?”

“Yes.” Yan Jun nodded and continued eating.

“THAT’S GREAT!” Xia Jinqi was so happy that she almost jumped up. “Then, why don’t we go to Macau secretly?”

She missed the children too much.

After being apart for so long, she didn’t know how tall the two children had grown, what they liked to eat, what they liked to play, and whether they still remembered her and Yan Jun..

Lu Yiming’s matter had dragged on for too long. It was hard to say when it would end. If they kept waiting like this, it would be too torturous.

Yan Jun saw that she was in high spirits, and the faces of the two children appeared in his mind. He quickly nodded. “Okay.”

“Then should I go make the arrangements now?” Xia Jinqi ran out of the room with a smile.

After she left, Wang Mang turned back to look at Yan Jun. seeing that he didn’t eat much and didn’t need a spoon, he suggested, “how about... I feed you?”

Yan Jun’s smile instantly froze at the corner of his mouth.

Seeing that his expression was a little bad, Wang Mang continued to volunteer. “although I’m not as gentle as sister-in-law, but...”

“Shut up,” Yan Jun interrupted him coldly. His expression was not bad at all, it was simply Ashen!

A man feeding him... .. This scene, just thinking about it made one shudder .. HIS ENTIRE BODY TREMBLED!

Wang Mang thought that he was embarrassed. “We’ve been brothers for so many years, I won’t despise you. I’ll just make do with it.”

Yan Jun looked up at him, death staring at him. “Do you want to die or be crippled?”

“Neither.” Wang Mang tactfully turned around and fled as fast as he could.
