

## Trick Me 1351

### Chapter 1351: Pain can be a little more painful

Just now, Su Zhicheng had gotten a 7-rounder, which was much worse than her Wanqing's!

"Not bad! She's a talented child after all!" Su Jiangong's father, Su Chuang, praised her in a low voice.

Su Zhiya immediately seized the opportunity and went up to her daughter to speak well of her. "Dad, you don't know! Qing'er, this child, is especially hard-working. She keeps saying that GRANDPA taught her this. She must train hard and not let GRANDPA DOWN!"

When Su Chuang heard this, he was even happier.

Fu Wanqing was also beaming with joy. She walked down the stage proudly and stood in front of Su Chuang. She smiled especially sweetly. "GRANDPA, Qing'er has embarrassed herself."

"Come to GRANDPA, good girl." Su Chuang really liked Fu Wanqing. She was cute and obedient.

"Thank you, GRANDPA." Fu Wanqing received an honor and became the only child in the family who could sit next to Su Chuang.

Su Zhiya became even more proud and kept praising her daughter "among the younger generation, our Qing'er is the most hardworking one. She has already gotten up before dawn to review her lessons, and she is not careless with her marksmanship at all. She has to practice for more than four hours every day!"

Fu Wanqing had been forced to learn this and that since she was young, and she had to get a ranking. Otherwise, her mother would be unhappy.

In the past, she had felt that it was quite difficult, but now that she heard her mother praise her like that in front of so many people, she suddenly felt that the hardships she had suffered in the past were nothing.

As for Su Chuang, he was originally quite happy that the child he valued could work so hard and have a bright future.

However, after being praised so much by Su Zhiya, he felt that it was unnecessary.

No matter how much Fu Wanqing was in pain, her surname was still Fu. He could be in more pain, but today's family banquet should be about Su Xiangxiang.

No matter what, Su Xiangxiang was the one with the surname Su. Su Chuang knew this very well.

He frowned slightly and said, "Xiangxiang is also a smart child. The shooting is about to begin, right?"

Su Zhiya was in the middle of a heated conversation, but Su Chuang's words made her face stiffen.

Fu Wanqing did not panic. She continued to smile sweetly "GRANDPA is right. Sister Xiang Xiang is the most enviable one among us!" "I heard that sister Xiang has been practicing her marksmanship in the

military. She must be very good! ” “A simple shooting target is a little boring for sister Xiang. Why don't we put in a few balloons so that we can see sister Xiang's true strength? ”

The so-called releasing of balloons meant replacing the target used for shooting with balloons.

Although the balloons might look more eye-catching than the target, the balloons would move, and the stronger the wind, the more unstable it would be. Even if one was a little careless, they wouldn't be able to hit the target at all. If the target was right about a few outer rings, they would still be able to score some points.

Fu Wanqing was obviously trying to make Su Xiangxiang make a fool of herself. noVe/Lb(1n

Su Jianguo and Lin wanqiong looked at each other, and their faces didn't look too good.

However, before they could speak, Su Chuang had already nodded and agreed to Fu Wanqing's suggestion. “Qinger is right. I'm tired of looking at the target. Go, tell Xiangxiang to change the balloons later and let her prepare well. ”

In fact, he could still feel Su Chuang's love for Su Xiangxiang when he heard the last sentence. However, he did not know the true strength of his eldest granddaughter at all. After hearing Fu Wanqing's words, he really thought that his eldest granddaughter was very powerful... ..

If he did not pull out such a powerful granddaughter and let everyone see it, was he really going to hide it?

### **Chapter 1352: increased his chances of winning**

“Aren't you going to persuade dad? Xiang Xiang's marksmanship is impossible to hit a balloon! ” Lin wanqiong tugged on Su Jianguo's sleeve and said anxiously in a low voice.

Su Jianguo looked at his father and finally said, “let's leave it to fate. Who can change what dad has decided? ”

” ... ” Lin Wanqiong lost her temper completely. “Fine, just watch your precious daughter being bullied! Is your sister more important or our daughter more important? ”

“Alright Wanqiong, let's see Xiangxiang's performance first. ” Su Jianguo covered the back of her hand with one hand and comforted her.

Lin Wanqiong didn't say anything else. What else could she say?

Now, she just hoped that her precious daughter, Xiangxiang, could perform well and not have a burden in her heart... ..

Fu Wanqing looked back at Su Zhiya. The mother and daughter looked at each other and smiled, the same cunning look in their eyes. n-/o/.v/(e-(L((B(I)/n

..

Su Xiangxiang was ready to go on stage, but she was told to change her tools at the last minute.

“What? Change the balloons?” Su Xiangxiang asked uncertainly, feeling a little confused in the wind.

She couldn’t even hit a stationary target well, so was the balloon being blown by the wind a joke?

“Yes, Miss. . Please wait a moment. ” After the scoring staff finished speaking, he immediately ordered people to start preparing.

Not long after, Su Xiangxiang saw that there was really someone in front of her who had changed the target and replaced it with five equidistant red balloons.

This color was indeed eye-catching.

But... ...

At this place that was close to the mountainside, the mountain wind was fluctuating, causing the balloons to shake non-stop.

Su Xiangxiang stood rooted to the spot, a little wanting to run away from the battle.

However, at this moment, her second brother, Su Zhilian, suddenly walked over and handed her a gun.

“What’s wrong, Xiangxiang? Don’t be nervous! ”

“second brother, what if I don’t hit any of the balloons?” Su Xiangxiang felt very tired... ...

“How is that possible? You will definitely hit every single one of them! Second Brother believes in you! ” Su Zhilian’s face was full of smiles, as if he was really confident in Su Xiangxiang.

Su Xiangxiang:” ... Alright.”

Just having confidence and not having the ability was also very embarrassing!

Su Xiangxiang was only concerned about being nervous and did not notice that when she was talking to her second brother, a figure suddenly flashed behind her and stopped not far behind her.

A large pillar in the shooting gallery blocked his figure, and the elders below the stage could not see him.

After Su Zhilian comforted Su Xiangxiang, he turned around and winked at the person. He turned around and took the gun that Su Xiangxiang had prepared in the beginning and quietly walked off the stage.

Su Zhihang looked at his brother who had disappeared for a while and suddenly appeared. He instinctively pulled a straight face and scolded, “where did you run off to? Xiangxiang’s competition is about to begin. ”

“nothing, it’s just... to help our sister increase her chances of winning. ” Su Zhilian smiled and played with the gun that he had just taken ...

“What are you doing this time?” Su Zhihang frowned very tightly.

“Can’t you just see it?” Su Zhilian smiled and shook his chin, indicating for Su Zhihang to look at the shooting range.

At that time, the five balloons prepared for Su Xiangxiang had all been placed.

“Su Xiangxiang, . 45 caliber, M1911 pistol, five bullets. ”

After the scoring staff finished reporting her name, Su Xiangxiang took a deep breath, held the gun with one hand, and aimed at the first balloon on the left.

At first, her arm was not very stable. At this time, the weather was not good, and there was actually a gust of wind.

The balloon was blown to the left and right, there was no way to aim.

### **Chapter 1353: was really embarrassing**

Su Xiangxiang did not shoot for a long time, and the audience began to make some noises.

“What’s going on? Why aren’t you shooting? ”

“It can’t be... it’s not like we’re shooting. Haven’t we waited too long? ”

“Are you kidding us? Do you know how to shoot or not? ”

Gradually, the whispers began to become louder and more justified.

Lin Wanqing and Su Jianguo were naturally very worried. They looked at their daughter in the shooting range with great concentration, their faces full of heartache.

Fu Wanqing, on the other hand, smiled coldly. She had long known that Su Xiangxiang’s marksmanship was not good, but she was afraid that something unexpected would happen, so she deliberately said that to make things difficult for Su Xiangxiang.

Now, it seemed that even the heavens were helping her!

Before this, there was not much wind, but when Su Xiangxiang went on stage, the balloon was blown to the left and right, and it did not stop.

Su Zhiya also snorted. When he looked at Su Xiangxiang, his eyes were filled with contempt.

Su Chuang’s face did not look good either.

He had high hopes for Su Xiangxiang and thought that she had some strength, so he agreed to use the balloon to give her a chance to show her face in front of everyone.

But who knew that she did not have any reaction for a long time... ..

It was really embarrassing.

Fu Wanqing saw that Su Chuang’s expression was getting uglier and uglier. She guessed that it was about time, so she said, “GRANDPA, sister Xiangxiang... What happened? I thought that her marksmanship must be very good, how could it be... ”

Su Chuang’s expression was one of complete surprise. His eyes were filled with regret and regret, as if he really did not know anything.

Hearing her words, Su Chuang's expression darkened to the bottom of the valley. He was about to say something when he heard a bang from the high platform. A bullet flew out and the first red balloon on the left exploded.

"..."

Fu Wanqing suddenly stopped. Her expression was very stiff as she stared at the balloon that exploded in the distance. Her expression was as ugly as if she had eaten a fly.

She had practically grown up with a gun in her arms. Other girls liked dolls, boys liked cars, and her toy was a gun.

She knew very well what kind of precision and prediction was required to blow up a balloon 25 meters away with a pistol at such a speed of wind... ..

How could Su Xiangxiang... .. How could she ...

And Su Xiangxiang herself, who had fired the shot, was also stunned on the spot.

The gossip below the stage had already stopped with the first balloon that exploded.

However, she was not happy at all. Her Scalp was numb and she was almost petrified.

She looked at the broken balloon in the distance and then at her own hand... .. nOvE-lb-In

She pulled the trigger, but there was no pain in her palm. There was no recoil from the pistol, which meant that there was no bullet flying out.

So, she shot an empty gun?

But if it was an empty gun, why was the balloon exploded?

Su Xiangxiang gritted her teeth and aimed the pistol at the second balloon.

After learning from the previous experience, she paid special attention to the vibration and trajectory of the pistol this time.

"Bang. "

The second balloon exploded.

"..."Su Xiangxiang could now confirm that she really did not blow up the balloon!

Because no bullets flew out of her pistol!

Right now, she was no different from holding a toy gun!

But she clearly loaded five bullets, she remembered it very clearly How did it become an empty gun?

Su Xiangxiang frowned slightly and remembered that the gun in her hand seemed to have been given to her by her second brother?

**Chapter 1354: the person behind her was actually Huo Ting**

Could it be... .. That her second brother was secretly helping her ? ?

Even though Su Xiangxiang was extremely puzzled, she did not dare to look back. She pretended to be calm and continued to fire the third shot.

“Bang.”

The third balloon disappeared with a whoosh.

This time, she could be sure that someone was really helping her.

Moreover, this person should be standing behind her!

This was because she was standing in the same line as the third balloon. After the gunshot, she could clearly feel a gust of wind brushing past her neck!

If she guessed correctly, that should be the trajectory of the bullet... .. Just like that, it stuck to her neck and flew out ...

Taking a small deep breath, Su Xiangxiang began to aim at the fourth balloon again.

Just as she expected, at this moment, right behind her, there was indeed a person who was shooting in her place.

And this person was none other than Huo Ting, who was eagerly running over.

He was hiding behind the big pillar, and the attention of the people below the stage was on the balloon and Su Xiangxiang. No one noticed the slight deviation in the trajectory of the bullet.

He just needed to observe when Su Xiangxiang pulled the trigger and then blow up the balloons.

Those balloons were a difficult task for Su Xiangxiang, but for Huo Ting, they were just a year-long training program. Plus, he was so serious, so it was really not a myth that he could hit every shot.

After five bullets were fired, none of them were empty.

The person who scored shouted, “five shots, five hits!”

The elders who were waiting to see Su Xiangxiang all shut their mouths at this moment, and their faces were very unnatural.

Especially Su Zhiya and Fu Wanqing, their faces alternated between green and white, as if they were chameleons. n0Ve/Lb(1n

Only Lin Wanqiong and Su Jianguo were extremely excited. Seeing their daughter so outstanding, they were so happy that their eyes were somewhat moist.

Su Chuang even stood up directly, clapping and laughing loudly to praise Su Xiangxiang. “Good! As expected of my Su Chuang’s granddaughter! She has the style of my past! Come, child, COME TO GRANDFATHER!”

“...”Su Xiangxiang sighed quietly, and a layer of sweat appeared on her forehead.

The feeling of cheating was really not an ordinary thrill... ..

However, she could finally pass the test.

Putting down the gun, she turned sideways and was about to go over, but she inadvertently glanced behind her.

She probably wanted to see who had helped her... .. Who would have thought that this glance would freeze her whole body in place, and she could not move at all ...

Huo Ting?

The person standing behind her in a straight military uniform was actually Huo Ting?

Su Xiangxiang's little pink mouth slightly opened. At first, she thought that she had seen wrongly, but how could such a living person be mistaken?

But his handsome features and slender figure were so real... ..

Huo Ting's gaze never left Su Xiangxiang. Now that he saw that she was looking at him, his dark eyes were calm and his expression did not change. He only nodded slightly at her.

For some reason, when he looked at her like this, Su Xiangxiang suddenly felt that her cheeks were burning.

She could not help but think, why did he come here Why did he come to help her Why?

Could it be... .. could it be that he is also.. ..

Before she could even think about it, her mother's voice rang in her ears again, "Xiangxiang? What are you waiting for? Grandfather is waiting for you! "

Su Xiangxiang turned around and nodded stiffly, "I'm here. "

Finally, she looked at Huo Ting reluctantly and walked towards the elders.

### **Chapter 1355: how about... .. You perform again ? ?**

On the stage, Su Xiangxiang wore a long white dress. Her long hair fluttered in the wind as she walked down the steps step by step. For a moment, she was as beautiful as a fairy from the nine heavens descending to the mortal world, causing the crowd to sigh.

In addition to the dazzling results of the previous five rounds, everyone's opinion of Su Xiangxiang changed again.

"GRANDPA. " Su Xiangxiang walked in front of Su Chuang and called out obediently.

"En. " Su Chuang smiled and nodded. He sized Su Xiangxiang up and down and felt that she was very suitable for him. He praised her a few more times, "good child, your marksmanship is not bad! "

As soon as Su Chuang opened his mouth, some people below immediately began to agree with him.

"Yeah, Xiangxiang's marksmanship is really wonderful! "

“This child is really promising! Not Bad, not bad!”

“I told you, Xiangxiang has two such outstanding brothers, how bad can they be?”

Among these people, there were many who had been waiting to see Su Xiangxiang make a fool of herself. In the end, when they heard that Su Chuang was full of praise for Su Xiangxiang, all of them selectively lost their memories and completely forgot the sarcastic remarks that they had said previously.

Lin Wanqiong glanced at these people coldly, her gaze was completely filled with disdain.

Su Jiangong looked at his daughter with relief and let out a long sigh of relief.

Su Xiangxiang smiled when she saw her father’s appreciative eyes.

Fu Wanqing was the most unhappy. Her marksmanship had always been the best among these children. She had thought that today’s results were impressive, but who knew that Su Xiangxiang was even better than her?

Fu Wanqing gritted her teeth in anger and quickly went to see her mother as if she was calling for help.

Su Zhiya understood and took a step forward to say in a strange tone, “this is really strange. Two days ago, she even missed the target, but why is she so accurate today?”

Su Zhiya had asked someone about Xiang Xiang’s strength before. Coupled with her father’s love for her, she was indeed a little arrogant. When everyone was praising Xiang Xiang, she stood up and said such words.

The people below all stopped talking for a moment. They were probably waiting to continue watching the show.

Su Chuang was originally quite happy, but after hearing Su Zhiya’s words, his eyes darkened. “Zhiya, what nonsense are you talking about? Didn’t you see Xiang Xiang’s marksmanship just now?”

“I saw Dad.” Su Zhiya looked at Su Chuang very respectfully, but when she turned around to look at Su Xiangxiang, she immediately revealed a fierce look “And just now, she used a balloon to replace the target, so it’s normal that her results might not be accurate. Xiangxiang, why don’t... you perform again?”

Su Xiangxiang pursed her lips. Originally, she didn’t care so much about it because she was her father, but she had gone too far over and over again, and it was intolerable!

Moreover, it was huo ting who had helped her just now, so she was lucky enough to pass the test.

If she really did it again, she would definitely be exposed.

“Why do you want to perform again This is a competition, not an acrobatic troupe. Moreover, the balloons were requested by you, and now you can’t say for sure Is it possible that you can change the rules of the Su family whenever you are a little dissatisfied Is this the Su family or your Fu family?”

After that, Su Xiangxiang deliberately emphasized her tone. Not only was she reminding Su Zhiya that this was the SU family's family banquet, but she was also reminding the Su family members present that they were about to be ridden on their heads by Su Zhiya.

However, when Su Zhiya heard that, she paused for a moment, then her eyes immediately turned red, and she choked. "You... you child, I'm still your aunt, after all, my surname is Su! How dare you speak to me like that?"

### **Chapter 1356: in a trance, her heart was beating like a drum.**

As she spoke, she turned to Su Chuang and cried, "Dad, am I not a member of the Su Family? I am also your daughter! Shouldn't I come to the family banquet?"

When Su Zhiya cried like this, Fu Wanqing was also very immersed in the drama and shed tears. She walked over and held Su Zhiya's hand, saying pitifully, "Mom, don't say anymore. Let's go. Even though I respect GRANDPA, since sister Xiang doesn't like us, it will be annoying if we stay."

"Sigh, my poor daughter, mom has let you down..." Su Zhiya hugged Fu Wanqing in the blink of an eye, and the mother and daughter hugged each other and cried.

That scene could be said to make anyone who heard it cry.

This tearful cry made Su Chuang frown more and more tightly. He looked at Su Xiangxiang sternly.

"Xiangxiang, why are you talking to your aunt? Aren't you going to apologize?"

Su Xiangxiang also frowned, but she didn't apologize.

She felt that she didn't say anything wrong.

If Su Zhiya didn't insist on this, she wouldn't have said these words.

Su Zhihang, who was in the back row, saw that his sister had been bullied. He immediately gritted his teeth and walked forward, wanting to get justice for his sister.

However, he had only taken one step when he was stopped by Su Zhilian.

"brother, where are you going?"

"I'm going to help Xiangxiang! Didn't I see anyone bullying her?" Su Zhihang used his strength, intending to shake Su Zhilian off.

However, he heard Su Zhilian say with a smile, "don't be anxious! Oh, isn't someone going?"

Su Zhilian was slightly stunned. He looked up and followed Su Zhilian's line of sight. Sure enough, he saw a tall figure in military uniform slowly walking down from the shooting platform.

A wave of steady footsteps approached from afar.

Everyone was stunned and looked curiously in the direction of the footsteps.

Huo Ting had his hands behind his back. His tall and straight body was handsome and imposing. Under everyone's gaze, he walked down step by step. At the same time, his thin lips fluttered as he asked, "Grandpa Su, I wonder what words Xiangxiang said that she needs to apologize."

For the sake of the marriage alliance between the two families, Huo Ting called Su Chuang 'grandpa Su'.

In reality, Su Chuang had become a monk halfway through. Because of his marksmanship, he was able to get a position by old general Long's side. Later on, he made a meritorious deed and got an opportunity to make a fortune. In

However, in the end, he was not as well-off as the Huo clan and was born into a prestigious family.

Strictly speaking, the level of the Huo clan was higher than the Su clan. When Su Chuang did not make a fortune back then, he had to address old master Huo as chief and even addressed Huo Ting as young master.

Therefore, when the Su clan found out that Su Xiangxiang was about to marry Huo Ting, they were so happy that they even held a family banquet to celebrate... ..

It could be seen how much the Su clan looked up to the Huo clan.

Now, Huo Ting's sudden appearance was already enough to shock Su Chuang, not to mention the way he addressed Su Chuang as 'GRANDPA SU'. Su Chuang immediately stood up and said with a smile, "it's just some family matters. Young Master... I'm sorry for making a fool of myself."

Su Chuang was only halfway through his previous address when Su Chuang immediately stopped for a moment and changed the 'young master' that he was about to blurt out to 'little Ting'.

Huo Ting pretended not to notice and instead shifted his gaze onto Su Xiangxiang before waving at her. "Xiangxiang, come over here."

At this moment, Su Xiangxiang was completely dumbstruck... ..

She would never have imagined that not only did Huo Ting secretly help her, he actually spoke well of her in front of so many people for so many years?

At this moment, he actually called her over... ..

It was so natural, as if they were already married and had become husband and wife.

In a trance, her heart beat like a drum.

### **Chapter 1357: choose a more comfortable position**

Su Xiangxiang did not move for a long time until someone pushed her from behind. She even whispered, "Go!"

Then, she walked toward Huo Ting mechanically. Every step she took was very careful. She held her breath and focused, afraid that she had made a mistake.

When she reached Huo Ting's side, she stopped and looked up at him timidly. "You... why are you here?"

"If I didn't come, would you just let them question you like this?" Huo Ting's expression was extremely unsightly, and his eyes were burning with anger. As he spoke, he inadvertently glanced at Su Zhiya and Fu Wanqing.

The Huo family was thin, and Huo Ting was the sole heir of three generations. Other than his own troublemaking, he had never experienced the encirclement of seven aunts and eight uncles like this since he was young. Now that he had met Su Xiangxiang and her family, it was truly an eye-opener for him.

There were more people than the girl's family!

No wonder the Su family had been so prosperous in recent years. How could they not be?!

Subconsciously glancing at Su Chuang, Huo Ting could not help but think of his old man. none!

Sigh, people really could not be compared.

Su Xiangxiang had been a little suspicious of his true purpose of appearing, but who knew that his answer would be so straightforward, catching her off guard.

She raised her head and smiled brightly at Huo Ting. "That's why you're here."

He had come to help her, to protect her.

Thinking of this, Su Xiangxiang felt a special warmth in her heart.

"..."

Huo Ting lowered his eyes and looked at her bright and beautiful smiling face. It was white, pure, and gentle.

Her large gem-like eyes narrowed into a crescent moon. The silkworm lying below was full and gentle, and the tip of her nose was small and cute. Her two pink lips were slightly pursed, and the two dimples on her cheeks were faintly discernible.

Compared to the Winter Sun, it was so bright that one could not move their eyes away for a moment...

...

After a moment of absent-mindedness, Huo Ting unconsciously swallowed his throat.

An inexplicable warm current surged in his heart, and all the cells in his body became restless.

The two of them looked at each other normally, but in the eyes of the people around them, they were filled with love.

Many people already had some thoughts in their hearts.

Look at chief Huo, he was very satisfied with Xiang Xiang!

Xiang Xiang marrying into the Huo family was just around the corner. In the future, they would have to rely on the Huo family as a big tree, so they naturally had to treat Xiang Xiang twice as well in the future!

Lin Wanqiong and Su Jiangong also looked at each other and smiled at this scene, very satisfied.

As for Su Zhihang in the back row, he was first stunned, then he turned to look at his younger brother who loved to cause trouble since he was young and had many ideas. "It's you again?"

Su Zhilian spread his hands helplessly "Can I be that capable?" Huo Ting came here on his own, and he also wanted to help Xiang Xiang. Besides, fourth aunt was used to being arrogant all day long. Bringing her precious daughter around to show off had long provoked the wrath of the heavens and the resentment of the people "Besides, didn't you hear how she made things difficult for our Xiang Xiang "Huo Ting is willing to help Xiang Xiang. It's such a good thing!"

Su Zhihang originally wanted to say that he was a troublemaker, but when he heard this, he felt that it was also reasonable.

"That's true. Grandfather respects the huo family, so no matter what, he won't be biased this time."

"Right." Su Zhilian smiled and chose a more comfortable position to continue watching the show.

Su Zhiya and her daughter, who had been so shocked by the sudden appearance of Huo Ting that they had forgotten to cry, were even more furious when they saw such a romantic scene.

Su Zhiya immediately stood up and questioned huo ting "What do you mean by this? What do you mean by 'allowing them to question you like this'? You make it sound like my aunt is bullying a junior like her! It's obvious that she doesn't recognize me as her aunt, but everyone has seen it for themselves!"

### **Chapter 1358: He protected her like this**

Fu Wanqing continued to pretend to be weak and pitiful as she wiped her tears. "Mom, don't say anymore. Let's go. Sister Xiangxiang already said that my surname is Fu, not Su. I shouldn't stay here."

Su Xiangxiang raised her eyebrows. Did she mean what she said just now Why didn't she know?

Just as she was about to speak, the man beside her took the initiative. "Xiangxiang, what did you say wrong?"

It was a simple sentence, but it made him sound cold and fierce. The air around him became very oppressive.

Su Xiangxiang opened her mouth slightly but did not say anything. She only raised her head slightly to look at the man beside her.

The side of his face looked so handsome and noble. He was emotionless and did not have any warmth. His expression was always cold and hard.

She had seen him a few times in the army, and he was almost always so cold and indifferent.

And such an indifferent him would actually help her again and again... .. n-.o)/v(.e..I.-b()1//n

He protected her like this, as if he was really her husband.

Su Xiangxiang could not help but think, when she got married in the future, would he also protect her like this?

Fu Wanqing, who was standing right in front of her, felt her chest tighten. Her eyes were wide open as she stared at Huo Ting in a daze, as if she had never expected him to say such a thing.

Su Zhiya was also stunned. However, she reacted quickly and immediately went to ask Su Chuang for help "Dad, Qing 'Er is usually the most filial child. She always thinks about how good GRANDPA is to her. No matter what good things she has, she always wants to be filial to GRANDPA... it's okay for me to suffer a little, but can you bear to see her being hated like this?"

In the past, no matter what Su Zhiya did or what she wanted, all she had to do was cry a few times in front of her father. Her father would definitely help her.

Therefore, this time, she thought that it would not be an exception.

However, Su Chuang only tightened his face and glanced at Huo Ting without saying a word.

If he spoke up for Su Zhiya now, wouldn't that be a slap in Huo Ting's face?

Su Chuang was very clear about the reason why the Su family was able to become in-laws with the huo family. However, because of the current situation, the huo family had no choice but to come up with this plan.

Otherwise, the Huo family might not have taken a liking to the SU family. After all, as far as the eye could see in Rao city, there were many aristocratic families. The Su family could not even be considered a prestigious family.

Su Chuang's silence made Su Zhiya anxious. She did not hesitate to use her trump card. "Dad, do you still remember? When mom was still alive, she loved Qing'er the most... If mom was still alive, she would not have watched us being chased away..."

As she spoke, Su Zhiya began to cry again.

Su Chuang's wife had gone to war with him in the early years. She had suffered a lot and had given birth to nine children for him. In the end, she only enjoyed a few days of peace and happiness before she took a bullet for Su Chuang in an assassination attempt and passed away.

Su Chuang had always felt guilty for this.

When he remembered that his wife had always doted on his four daughters and Wanqing as her granddaughter, Su Chuang felt a little more tenderness towards them.

When he heard Su Zhiya's words, he immediately sighed and spoke to ease the atmosphere "Xiangxiang, your fourth aunt is not a bad person. Although this Wanqing is surnamed Fu, she is still your cousin. Grandfather knows that you are a kind child, so there is no need to argue with them."

Su Chuang's meaning was that the fault was still on Su Zhiya and her daughter. However, he wanted Su Xiangxiang to forget about the conflict just now, so that Huo Ting would not continue to be angry.

If a big matter was turned into a small matter, then the small matter would be turned into a small matter.

### **Chapter 1359: was enough**

Su Xiangxiang was about to nod her head. She did not like to get involved in this kind of thing, especially when it was such a crying scene. It looked especially fake.

However, before she could speak, Su Zhiya had already given up. She changed from her previous meekness and looked at Su Chuang in astonishment “Dad? She was the one who said that we were outsiders. Why is it the other way around? Is it me and Qing'er who are in the wrong? ! No, she must apologize to me today! ”

Hearing this, Huo Ting's aura suddenly dropped, as cold as a deep pool.

Su Chuang frowned and immediately shouted, “enough! What's the point of crying in front of the chief? Xiangxiang was right about this! ”

Not to mention other things, just looking at Huo Ting's appearance today, Su Chuang also knew that he was obviously here to protect Xiangxiang.

Su Zhiya was immediately stunned and called out, “Dad... ”

“GRANDPA, don't be angry, mom didn't mean that...” Fu Wanqing also sobbed, as if the mother and daughter had been wronged.

Su Chuang's head hurt as he watched. He pinched the space between his eyebrows with one hand, and the veins on his forehead started to bulge.

He had already lowered his head in front of the Huo family, and now he had let huoting witness these trivial things in his family. He really didn't know how embarrassing it was!

When these people were almost done with their performances, Su Xiangxiang, who had been silent all this time, finally opened her mouth and was ready to end this farce “shooting competitions have always used shooting targets to record scores according to the number of points, but you changed it to balloons with just a few words. “everyone present should know that when the wind blows the balloon, the difficulty of aiming can be said to be several times higher. “fourth aunt, you're doing this because you're afraid that I'll steal your daughter's limelight. “Now that the shooting is over, you want me to do it again. I just don't understand who made the decision for this shooting. ”

Su Xiangxiang's words were heard by the other elders in their hearts.

Everyone had long come to a conclusion as to who was right and who was wrong.

However, due to Su Chuang, everyone chose to remain silent.

No one wanted to get into trouble.

Su Zhiya was used to running amok in the Su family.

At this time, only the honest Su Wei'er stood up and chimed in "Sister Xiang Xiang, you probably don't know that this shooting was planned by fourth aunt, right?" Third uncle had said that cousin Qing was already using a sniper rifle at the age of 12. Naturally, he wanted to perform well in such an occasion... ... Who asked you to have a good wife? Some people are jealous just by looking at you."

Su Wei'er was already very unhappy with the way Su Zhiya and her daughter behaved.

It was not easy for her to seize such a good opportunity, so why didn't she stand up and give them a good scolding?

However, just as she finished her sentence, sixth uncle immediately pulled her back and scolded her fiercely, "shut up! What do kids know? !"

"Dad, I'm telling the truth!" Su Wei'er struggled for a while, but she still could not free herself.

However, even so, the words she said just now were already heavy enough.

Su Chuang's expression was especially ugly. After listening to these few words, he probably understood something, so he scolded Su Zhiya harshly, "you did this!"

"Dad, I didn't do this. Don't listen to their nonsense!" Su Zhiya hurriedly shook her head to clarify herself and pulled Fu Wanqing over. "Qinger, quickly tell your grandfather that these people are talking nonsense!"

"I..." Fu Wanqing opened her mouth, and her hands that were hanging by her side were already clenched tightly. This kind of scene was really embarrassing for her... ..

However, Huo Ting was no longer in the mood to continue watching.

"enough."

He spoke in a deep voice, showing his might without being angry.

**Chapter 1360: If only he had understood earlier... ..**

"I'm not interested in your family matters, but I hope you remember that Xiangxiang is my fiancée and will marry into the huo family in the future. From now on, she is a member of the Huo family. You'd better not provoke her."

Speaking of this, Huo Ting turned to look at Su Chuang and nodded humbly. "GRANDPA Su, we still have things to do, so we'll be leaving first."

Then, Huo Ting naturally took Su Xiangxiang's hand and left with her under the watchful eyes of everyone.

Su Xiangxiang looked down at her hand that was being held. At this moment, it was enveloped by a warm feeling... ..

A moment later, she looked up and habitually looked at his handsome side profile. She was in a daze.

There were still noises coming from behind her ears

“Su Xiangxiang! Stop! Do you think you’re great just because you have the support of the Huo family? ! ”

“Mom! Stop talking! ”

“Enough! Shut up now! ”

Su Xiangxiang was slightly stunned. Her grandfather, who had always doted on her fourth aunt, was finally angry.

And all of this was because of the man beside her.

She no longer had the mood to care about the Su family’s matters, because Huo Ting had already brought her into the car.

The car started very quickly, and after a series of twists and turns along the Winding Mountain Road, they finally arrived at a viewing platform at the top of the mountain.

Huo Ting brought her out of the car again. The two of them stood on the viewing platform at the top of the mountain, looking at the beautiful sunset in the distance and the city beneath their feet.

Huo Ting stood on the veranda with his hands behind his back. He looked elegant and handsome.

However, Su Xiangxiang could feel the cold aura coming from him... ..

She didn’t understand. He looked fine before, but now, he seemed to be a little angry Or maybe he was blaming himself.

After a pause, she still thanked him, “thank you for what happened just now. ”

“...”Huo Ting didn’t say anything. He didn’t even turn his head. He was still looking at the scenery of the distant mountain, as if he was looking at the sunset that dyed the clouds red, or looking at something else through the breathtaking beauty... “...”.

Seeing him like this, Su Xiangxiang sighed softly. “We have a lot of family members, so... Yes, it’s quite noisy. But fortunately, you helped me today. Otherwise... I might be laughed out of my teeth... ”

After saying this, she smiled helplessly. Thinking of the experience of cheating today, her heart beat a little faster.

Fortunately, she was not discovered... “...”.

Listening to her bitter tone, Huo Ting turned his eyes and looked deeply at her. “Do you often do this? ”

“HM? ” Su Xiangxiang didn’t know what he was asking at first, but when she carefully looked at his furrowed brows, she suddenly understood “You mean today’s situation? Fortunately, I grew up outside when I was young. It’s just that I’ve been back recently, and with you... There will always be people who are unhappy. ”

Su Xiangxiang was quite open-minded. She had always been a gentle person and didn’t like to fuss over things.

After hearing this, the pity and regret on Huo Ting’s face deepened.

Seeing Su Xiangxiang's situation today, Huo Ting suddenly thought of Xia Jinqi.

Su Xiangxiang had only been like this recently, but what about the girl The girl had lived in such an environment for 20 years... ..

Sigh.

When he was young, he was insensible and thought that the girl did not like to stay at home. He never thought that she would suffer so much.

He had been alone since he was young, and the Huo family did not have many relatives. Even if they did, which one of them did not dote on him?

He did not understand how the girl was treated... ..

After he left, the girl's situation was even more difficult, right?

If only he'd known sooner... ..
