Chapter 1371: The young master is parading the army

Or perhaps, it's just by the sea.

Xia Jinqi wasn't too sure either. She only felt around for the exit of the castle.

When she reached the door, she was stopped.

"Young Madam, the young master is parading the army. Please stay in the castle for the time being," the soldier with a gun on his back said respectfully.

Xia Jinqi was frightened by him. "parading... parading the army?"

She thought she might have heard wrong?

Parading the army? ! !

"Yes." The soldier nodded without hesitation.

This time, Xia Jinqi had no more doubts.

She turned around and walked back while mumbling.

On the surface, it was calm and peaceful, but in her heart, she kept thinking, 'Yan Jun is conducting a military parade? '

Wasn't military parade usually done by national leaders Or people who had an army... ..

People at Huo Ting's level could only say that it was a wrong investigation. They couldn't parade openly, right?

Then, what about Yan Jun... .. He was already at the level where he could parade, or did he have an army ? ?

Xia Jinqi suddenly remembered that Yan Jun did indeed have an army.

Back when they were in Berlin, didn't Yan Jun lend it to her?

If that was the case, then it would make sense.

Thinking of this, Xia Jinqi was no longer worried. She basked in the sun and hummed a little tune before returning.

She originally wanted to return the way she came, but she failed. She took a wrong path and walked to another courtyard.

She was still thinking about how the scenery was different from when she came out when she saw Wang Mang standing alone in the middle of the courtyard, his expression unusually heavy... ..

Xia Jinqi rolled her eyes and walked over to greet him curiously. "Wang Mang? Why are you standing here alone?"

Wang Mang had been standing here for an hour. He didn't say anything or move. Just as his heart was about to die, he heard Xia Jinqi's voice.

He looked up and saw that it was indeed Xia Jinqi walking over. He immediately put on a sad face. "sister-in-law, second young master punished me to stand here all morning..."

"Why?" At this moment, Xia Jinqi was quite surprised.

This Wang Mang was close to protecting Yan Jun. he could fight and do things. Yan Jun had always liked him, so how could he bear to punish him?

Although it was winter and the sun was not hot, the snow from last night had not completely melted. There were still pools of snow on the ground. Standing for so long, his body would be stiff, right?

Speaking of which, it snowed last night, but Xia Jinqi did not see it. She only heard it from the maid when she saw some snow on the ground when she woke up early.

It was a pity that she did not see the first snow of this year.

Wang Mang felt like crying when Xia Jinqi asked him. "It snowed last night, and it was too cold. I made some hotpot to eat and... drank some wine while I was at it, and then... I got drunk."

"It's normal to get drunk, why are you being punished?" Xia Jinqi raised her eyebrows. What was Yan Jun's hobby He was punished to stand when he got drunk?

Wang Mang continued to sigh. "This is a military base, and drinking is prohibited."

"It's amazing that you can find alcohol even though drinking is prohibited..." Xia Jinqi had just finished speaking when her face suddenly stiffened. "This is a military base? Whose military base is it?"

Weren't they going to Macau Why did they suddenly arrive at a military base?

"That's right..." Wang Mang was about to say something when Mengde realized something and stopped talking. "sister-in-law, you should go ask second young master."

Judging from Xia Jinqi's expression, it was obvious that Yan Jun didn't tell her anything.

Wang Mang naturally couldn't say anything easily. This was Yan Jun's matter, so it was better for him to say it himself.

Chapter 1372: was such a youthful age, but it was a pity that it was gone forever... ..

Xia Jinqi paused. At first, her face was a little Pale, but she quickly calmed down and changed the topic as she sized up Wang Mang. "Sure, why didn't you invite me to eat hotpot? You deserve to be punished!"

She really wanted to eat hotpot too! ! !

Wang Mang,"..."

Heh.

It was really not like a family would not enter the same house! n-0VElbIn

Both of them were so cruel!

After laughing, Xia Jinqi still let Wang Mang go back to his room to rest, but Wang Mang was adamant on not doing so. He insisted on standing.

Xia Jinqi had no choice but to let him be. She found a maid who seemed to be very free to take her around and introduce her to this place.

When she found out that this was actually Arqi island, Xia Jinqi was shocked. After all, she had heard the name of this island many times, but she had never been here before.

One day, she suddenly woke up and found herself on this island. It was quite a wonderful feeling.

"It snowed all night last night. Why didn't it pile up?" Xia Jinqi asked with disappointment as she looked at the last bit of snow on the ground that was about to melt.

"It stopped at the second half of the night. The temperature on our island is a little higher. It's not easy to pile up snow, unlike Rao city. When it snows heavily, the entire city is covered in white. It's really beautiful. "Young Madam, look. Even the seagulls haven't flown away yet. " The Servant pointed at a group of Flying Birds in front She said happily.

Xia Jinqi took the opportunity to look up. The Group of Flying Birds circled in the air for a moment before flying south.

It was already winter. The trees on this island were always green. There were even some rare flowers that were still blooming. It was really a magical island.

In the past, she had no concept of this island. Now that she thought about it, how wealthy and magnanimous was the Yan family to actually give her an island.

If she thought about it, wouldn't she be able to occupy the mountain and become the king?

After preparing a few more boats, she would be able to set sail... ..

When she was young, she had been especially envious of the fishermen around Rao city. This was because they could go out to sea to fish every day, and then they would be able to eat fish every day. How blissful would that be.

She also wanted to be like those fishermen, living a life of freedom and having fish to eat every day.

When she grew up, every time she thought of this wish, Xia Jinqi could not help but laugh.

How young she was, but it was a pity that it was gone forever... ..

Thinking back to the days in the Xia family, she felt gloomy all day long. But now that she thought about it, she actually felt a little nostalgic.

At least at that time, their family of six was neat and orderly, noisy and noisy. Occasionally, they could have a meal together.

Although Hong Xianglin did not treat her well, and they were not biological mother and daughter, at least when Xia Jinqi was crying for food, Hong Xianglin had hugged her and fed her milk.

Xia Mingzhu was also overbearing and scheming, but she had bought toys for her since she was young and called her fourth sister.

As for Xia Tianjiao... ... Until now, when Xia Jinqi thought about it, she still felt a little regretful ...

No matter how big the matter was, it was still no bigger than a human life.

In her heart, she was still willing to remember the good of the Xia family. Every time she thought about this, she would no longer hold a grudge, and her heart would feel much better.

A long time ago, she had heard a saying: perhaps the greatest strength in this world was not hatred, but forgiveness.

At that time, she was young and did not understand the meaning of this saying.

When she grew up and experienced many things, she gradually understood the true meaning.

Kindness, kindness to the point of sharpness.

The Moment Xia Jinqi was absent-minded, Yan Jun had already walked slowly from behind her.

Chapter 1373: is so good at holding grudges?

The maid saw Yan Jun first and opened her mouth. Before she could say “young master” , Yan Jun raised his hand slightly to stop her.

When the maid saw this, she understood and quietly left, leaving this world to these two people.

With one hand behind his back, Yan Jun slowly walked behind Xia Jinqi. He did not speak, but just accompanied her like this, looking at the sky, sea, and beach in front of them... ...

It could be considered a rare vacation.

Far Away from Rao city, far away from the open and hidden struggles, far away from the dangers lurking everywhere.

On this small island, it was like another paradise away from the Hustle and bustle of the world.

There was nothing to worry about, just enjoy it properly.

After a long time, Xia Jinqi suddenly sighed.

Unknowingly, she had also reached the age where she began to reminisce about the passing of time?

The things that could not be forgiven even if she died in the past were slowly being forgiven.

The people and things that she hated to the point of gnashing her teeth were forgotten.

Yan Jun looked at her from the side and frowned slightly. He opened his mouth and asked, “what’s wrong? ”

Xia Jinqi was shocked when she heard this voice. She instinctively turned her head and saw Yan Jun standing behind her in a black and white suit. He was staring at her with his eyes that were as deep as the ocean.

“When did you come?” Xia Jinqi adjusted her breathing and patted her chest. “You scared me to death...”

Seeing her exaggerating, Yan Jun couldn’t help but smile. “I just came. I saw that you were lost in thought, so I didn’t call you.”

“well... I was bored and remembered a lot of things from the past.” Xia Jinqi came back to her senses in embarrassment. Her emotions seemed to be still immersed in the memories just now. From the beginning to the end, she didn’t feel high. In fact, she even felt a little lonely ...

Seeing Xia Jinqi’s expression, Yan Jun knew what she was thinking. “The matter of the Xia family?”

Xia Jinqi nodded and turned to look at the distant sea. “In the past, I only knew that they didn’t like me. Now I know that they shouldn’t have liked me in the first place...”

All hatred had a starting point. Someone had to start first... ..

“Alright, don’t think about this anymore. It’s all in the past.” Yan Jun held her shoulders and pulled her into his arms. “whether it was in the past or now, you’ve done well.”

Hearing his praise, Xia Jinqi felt a little sour in her heart. She suddenly thought of something and asked, “did you also think that I was weak in the past?” n-0VElbIn

She still remembered that when they first met, he saw the scars on her body and knew how she was treated at home. He even said that she was a good-for-nothing.

Yan Jun thought for a moment and shook his head. “In the face of family love, there is no weakness. Am I not the same as you?”

Yan Qing had been in the Yan family for so long. Even if Yan Jun didn’t like him, what could he do?

They were still family members whose blood was thicker than water.

Even after Yan Qing made a big mistake, Yan Jun didn’t kill him out of righteousness.

“Tch...” Xia Jinqi despised him. “You clearly said that I was a good-for-nothing!”

Hearing this, Yan Jun smiled mischievously. “Why are you so good at holding grudges?”

“I don’t care. I just have to remember it. Not only did you say that I was useless, you even said that I was in a sorry state on our wedding day!” Every moment she was with him was deeply imprinted in Xia Jinqi’s mind. How could she forget it?

Yan Jun was silent for a moment before he asked her in return, “didn’t you also say that I was a lunatic? A lunatic?”

“... who asked you to drive your car to hit us!” Xia Jinqi facepalmed as she recalled the day she escaped from their wedding. Yan Jun chased after her like a madman and actually used his car to hit their car ! !

If he wasn't crazy, how could he do such a thing?

Chapter 1374: When did you fall in love with me?

Yan Jun also thought of that matter, asked her righteously, "who let you run away from marriage? "

"I. . ." Unsolvable.

Xia Jinqi rubbed her temples and suddenly had a headache.

If she could go back in time, she wouldn't have run away... ..

The best is right in front of her. Why would she run?

But... ..

"Then why are you chasing me? Have you fallen in love with me since then? " Xia Jinqi changed her train of thought and started to tease Yan Sansui with a smile!

Yan Jun frowned at her question. "No. "

Xia Jinqi, "..."

This person really didn't give him any face at all!

Just as she was clenching her fists so hard that they creaked, the man next to her spoke again. "When you said you would try your best to fall in love with me. "

"En? " Xia Jinqi was stunned at first, but when she saw the serious expression on Yan Jun's face, she suddenly understood... "You mean when we were at the seaside and I bought you hot milk? "

"Yes. " Yan Jun nodded without hesitation.

Xia Jinqi was completely frozen.

So early?

She thought that no matter what, he must have fallen in love with her after they got married.

She didn't expect it to be so early... ..

"Why? We only met a few times at that time, and every time you see me, you're always cold with a look of disgust... " Xia Jinqi tried hard to recall It seemed that he didn't have any special expression at that time, nor did he do anything special.

There weren't any signs at all!

An iceberg was an iceberg. How could he be so secretive about something as big as falling in love with someone He didn't even notice the slightest bit of movement... ..

"Didn't I confess to you? " Yan Jun asked her back, his brows raised high.

"When? " Xia Jinqi was so shocked that her jaw almost fell to the ground!

She immediately searched her mind in a carpet-like manner, but she couldn't find any trace of him confessing to her that night!

When she thought about it, she finally found something suspicious... ..

"Wait. Your confession... could it be that 'I'll give you a stable home' ? " Xia Jinqi asked in astonishment ...

However, Yan Jun nodded without hesitation. "That's it. "

He said that he would give her a home, but wasn't that expressing his feelings?

Xia Jinqi, " ... "

She was convinced. n-)D-(V/-E(/l)-b.-1-(n

The world of straight men was incomprehensible.

Who the hell would have thought that this sentence was a confession?

If she had known his feelings earlier, she wouldn't have made so many jokes later on! ! !

Yan Jun saw that she had her head lowered and looked very upset, so he also asked, "when did you fall in love with me? "

"Oh... " Xia Jinqi raised her eyes just now and met his gaze seriously, thinking carefully.

When did she fall in love with him?

Was it after the marriage?

No, it should be before the marriage.

The marriage arranged by her family, she originally had a chance to escape, but later, when she found out that the partner was him, she slowly compromised.

Then... .. Was it the first time they fell in love at first sight at the bar ? ?

It shouldn't be. That time, they didn't even say a word. They just looked at each other from afar. It might have been a little tempting, but it wasn't love.

Later, when they took wedding photos, he was so overbearing and stubborn, with a little dark color. Ordinary girls would have long been charmed by him.

And when she really remembered him, it should have been that time on the beach... ..

Chapter 1375: I can't help but be moved.

His words, 'I'll give you a stable home' , silently touched the softest part of her heart.

It was also that time when she became even more determined to marry him.

"It should be that time too." Xia Jinqi suddenly smiled, blissfully relieved. "The way you leaned against the car was so handsome, the way you spoke was so pleasant, and the way you looked at me was so deep... I can't help but be moved."

For the first time, the two of them could talk openly about the past, and the moment they were initially moved.

It turned out that it was all that time by the seaside, and they had already fallen in love.

They really had a tacit understanding, didn't they?

Listening to her babbling love, Yan Jun's heart seemed to be filled with a warm current.

He curved his lips, and his smile was so warm, as if he was bathing in the spring breeze.

He pulled her into his arms, hugged her tightly, and doted on her.

Xia Jinqi hugged him back and continued, "did I tell you? The luckiest thing in my life was meeting you. So... I don't want to be a burden to you, and I don't want to stop you from pursuing what you want to pursue."

The moment she finished speaking, she could clearly feel the man hugging her stiffen.

She continued, "are all the troops on this island yours?"

"Yes," he replied.

"You want to... be the president of Rao city?" She asked again ...

This time, Yan Jun hesitated.

He let go of her in his arms and lowered his gaze to look into her eyes. "You already know?"

"I guessed a little." Xia Jinqi didn't know at first, but after combining the recent events and the military facilities on this island, she had a rough idea of what he wanted to do.

A place that could be called a military base was not small, nor simple.

Yan Jun's secret hiding place was basically Sima Zhao's heart, and everyone knew about it.

"But what I don't understand is that you seem to be hesitating again? What are you worried about?"

Xia Jinqi looked up straight into his deep black eyes.

After a long silence, Yan Jun sighed softly. "when you become the president, you might forget about you and the child."

"... you are indeed worried about us." Xia Jinqi retreated from his arms somewhat dejectedly. Lowering her eyes, she asked in disappointment, "do you have no confidence in me?"

Yan Jun held her shoulders. "Of course not, I just..."

He could give a group speech in front of tens of thousands of people, but at this moment, he didn't know what to say to her.

She was always his exception, his one and only.

Xia Jinqi had already raised her head at this moment and was staring at him "I've said it before, I don't want to be your burden. When you were President Yan, there was no financial group. I could help you set up a financial group. If you want to be president, I can't support you politically, but I can silently support you from behind. "Don't worry, I'll take care of myself and the children. "Even if you're busy and don't have time to accompany us, I won't blame you. "I hope that our love will bring happiness to each other and not become a burden and disgust. " *novE-lb.1n*

Yan Jun was a great man with aspirations everywhere. He couldn't accompany her every day, right?

Xia Jinqi had long come to this realization.

She also had her own career. When lego needed her, she had to abandon the things around her to deal with them.

Yan Jun also had his own ambitions.

She would support him and understand him.

Just like how he had been tolerant and loving towards her.

Chapter 1376: The person responsible for unlocking the bell must be the one who unlocks it

If two people could not understand each other and support each other, how could they last long?

Moreover, Xia Jinqi was not the kind of person who liked to cause trouble. She was independent enough and did not need her husband to dote on her every day.

They each had their own careers. Although they could not spend every day together, their hearts were placed on each other. No matter what they did, they would always think of each other.

Previously, Zuo Xiaoran had said that she was especially envious of this kind of husband-and-wife relationship.

They admired each other, but they were not tied to each other.

Yan Jun's tense jaw slowly relaxed.

His burning gaze never left the woman who was staring at him.

The ailment in his heart over the past few days was instantly cured because of her simple yet heavy words.

"okay," he replied in a deep voice and lifted his hand to pull her into his embrace.

Pressing his Chin against her head, he let out a long sigh of relief.

He still needed to tie the knot.

Only she could help him open this knot in his heart.

Xia Jinqi wrapped her arms around his waist and smiled.

“perhaps our parents were right back then. We really are a match made in Heaven... Oh no, we should be a match made in Heaven!” Xia Jinqi’s smile was especially sweet ...

Just like how Su Xiangxiang could accept Huo Ting’s identity, Xia Jinqi could also understand Yan Jun.. n-)D-(V/-E(/l)-b.-1-(n

In the Xia family, wasn’t Xia Jitian busy with official business all day long, leaving early and returning late?

Xia Jinqi was also used to it.

In the past, she only thought that the older generation only cared about benefits and didn’t care about the thoughts of the younger generation. Instead, they wanted to force them to get married and even made it sound like they were a match made in heaven. At first glance, it sounded like a lie.

However, in reality, after they really got married, Xia Jinqi finally understood. This so-called “equal status” was not only about the equality of status and status, but also the structure of the original family, as well as a similar track of growth.

She had to admit that this was quite wise.

“En, they were born to be together.” Yan Jun also smiled and said along with her.

“then... don’t hesitate anymore because of me, okay?” After saying a long circle, Xia Jinqi pulled the topic back ...

“...”

After waiting for a while, Xia Jinqi didn’t get an answer from Yan Jun. she patted her chest and promised, “don’t worry, I will be your strong backing!”

Yan Jun was only willing to let go of her after he was amused by her confident tone. “just stay here and don’t do anything. I will be relieved.”

Not only was she powerful, but she was also bold. She had pointed out Lu Yiming’s weakness everywhere. If Yan Jun wasn’t worried about her, who was he worried about?

“... well, I will try my best!” Xia Jinqi nodded as a guarantee ...

She had come back to help him in the first place. If she really didn’t do anything, wouldn’t it be useless?

Seeing her like this, Yan Jun didn’t intend to listen to her.

Helpless, he could only pinch the tip of her nose to vent his anger. “Be more careful.”

“Yes, my dear!” Xia Jinqi smiled so widely that her big eyes narrowed. She hugged Yan Jun’s arm and shook it gently. “Oh right, didn’t we say we were going to Macau? Why did we come to the Arqi island?”

Yan Jun’s heart was shaken by her little actions, and he couldn’t hold it in for a moment. He leaned over and kissed her Red Lips before saying, “there’s a change of plan. Ji Yunjing will send the two children over. If we calculate the time, they should arrive tonight.”

"tonight..." Xia Jinqi calculated the time and suddenly felt a little disappointed. "But we have to return to Rao city tomorrow."

Chapter 1377: world-class top hacker

This trip was an opportunity that Yan Jun had to fight for when he was sick in the hospital. n.-0V eIbIn

According to the plan, they would have arrived in Macau the day before and could have spent a day or two with the children. However, based on the current situation, they would only have one night at most.

Yan Jun saw her disappointment and hugged her again. "We'll go back the day after tomorrow."

"really?" Xia Jinqi looked up, her bright eyes filled with hope as she looked into his eyes.

"Yes." He nodded, a hint of confusion floating in his black eyes.

She'll probably never know how beautiful she is right now... ..

The Sea Breeze blows gently, blowing her soft silver short hair, a pair of large moist eyes clean and pure, white skin is more than snow, like a faint silver white fluorescence general.

That little bit of Red Lips, close at hand, is even more deadly.

He could hardly control himself.

And he's always been a man of action.

It's all right, it's all right, it's all right, it's all right, it's all right.

Xia Jinqi slightly, and then stretched out his arms, around his neck, tiptoe slightly, to receive his kiss in full swing.

There are waves around the sound of the wind, everything is so beautiful, so relaxed and happy... ..

Far Away.

Wearing a military coat Lengsi city is slowly walking, with a man and a woman, are a clear and handsome, beautiful people, a look is not an ordinary person.

"Didn't say to still have a few days to arrive? How come ahead?" Leng Si Cheng asked the man beside him, obviously a little surprised.

"everything at home has been arranged properly. ACACIA said that she wanted to see the snow, so we arrived at Rao city last night." As the man spoke, he turned around and looked lovingly at a beach seven or eight steps away A girl was walking alone on the beach with a satisfied expression on her face.

The girl was wearing a soft pink down jacket, and her hat was covered with soft mink fur. As she walked, it swayed slightly.

After a few steps, a wave hit the beach. It eroded the beach bit by bit, and they were less than a meter away from the girl.

The girl had a surprised look on her face. She happily wanted to chase after the retreating wave.

Then, she slapped a few waves onto the beach. She was not afraid at all. She even started to chase happily.

The last wave was too big. It rolled onto the shore and sprinkled some on the girl.

“Wow! !” The girl seemed to be extremely happy. She ran two more rounds on the beach.

The man shook his head as he looked at her. He helplessly called her back, “ACACIA! Stop playing. Come over quickly.”

“Oh! ” The girl answered straightforwardly. She ran back to the man from the beach and called out to him, “Xing Chen, can we go fishing? !”

“Do you want to go?” Xing Chen pulled her to the front, wiped the seawater off her cheek and asked lovingly.

“Yes! ” The girl smiled and turned to look at Leng Sicheng. “Can we go fishing, sir?”

Leng Sicheng looked at the couple and thought for a moment before saying, “this is not my territory. We have to ask Yan Jun.”

This girl was the world-class top hacker expert he had mentioned to Yan Jun, Ran Xiangsi.

The one next to her was her husband, Xing Chen.

Due to some coincidences, Leng Sicheng had gotten to know Ran Xiangsi in the early years. After that, he had a good relationship with Xing Chen, and the two families often interacted with each other.

This time, knowing that Yan Jun had a need, Leng Sicheng had specially invited them over for a gathering.

Ran Xiangsi looked at the seaside, but she was not disappointed. Instead, she looked at Leng Sicheng with even more anticipation. “where is Yan Jun? Let’s go ask him! ”

Chapter 1378: Xiangsi, be obedient.

Originally, Leng Sicheng and Yan Jun were on parade together. After the parade ended, Yan Jun left first.

Leng Sicheng received Xing Chen and his wife before turning back to look for Yan Jun. he asked the maid and said that Yan Jun had come this way.

Hearing Ran Xiangsi’s question, Leng Sicheng pointed forward casually. “He’s right...”

Who knew that with this point, he would see two people hugging and kissing under a coconut tree not far away.

“...”

Ran Xiangsi and Xing Chen looked over as well.

“ ... ”

“ ... ”

“AHEM. ” Leng Sicheng coughed lightly and turned around. “Let’s go to the living room first. The sea breeze is a little strong. ”

“Okay. ” Xing Chen nodded. He turned around and stopped looking at the two people hugging and kissing on the beach.

Only ran Xiangsi was there.

She smiled and hugged her hands under her chin. She looked at the two people in the distance with admiration and said, “wow... so romantic... ”

” ... ” Xing Chen’s eyebrows twitched and he said rather helplessly, “Xiangsi, let’s go. ”

“Well, you guys go first... I’ll watch for a while... ” Ran Xiangsi replied without turning her head ...

Xing Chen’s handsome face darkened. “Xiangsi, be good. ” n()**OVeℓB1n**

Hearing the hint of threat, Ran Xiangsi immediately calmed down. She turned her head unwillingly and obediently walked to Xing Chen’s side.

Only then did Xing Chen hold her hand in satisfaction and lead her to follow Leng Sicheng’s footsteps.

However, RAN Xiangsi was not obedient at all. She secretly turned back to take a look.

There was nothing she could do. She was born with no resistance to handsome men and beautiful women Moreover, the scene in front of her was so beautiful!

Even a movie could not produce such an effect... ... It would be a pity if she did not watch it ! !

“XIANGSI! ” Xing Chen’s face was stern.

Ran Xiangsi hurriedly averted her gaze and smiled sheepishly to ease the awkward atmosphere. “Hehe, I don’t want to watch it anymore. I really don’t want to watch it this time. ”

Xing Chen,” ...”

Leng Sicheng,” ...”

“ ... ”

The three of them returned to the living room.

Yan Jun and his wife only returned when they had their second cup of coffee.

As soon as they entered, Leng Sicheng introduced them to each other first. Then, the five of them sat in the living room and started chatting together.

“Hello, my name is Xia Jinqi. You can call me Xiao Qi. ” Xia Jinqi sat beside ran Xiangsi with a friendly smile on her face.

“Hello. My name is ran Xiangsi. Just call me Xiangsi. ” Ran Xiangsi nodded and then smiled at Xia Jinqi.
“HEHE... ”

Xia Jinqi didn't know why, but she felt that after she sat down, the girl beside her kept smiling at her... ...
and her smile was full of meaning ...

In view of the previous scene, Ran Xiangsi noticed Xia Jinqi's flushed cheeks and slightly swollen lips the moment she saw her.

After counting the time it took for them to drink two cups of coffee, Tsk Tsk, one could imagine the intensity of the battle on the beach just now!

If Xing Chen hadn't dragged her away, she would have appreciated it What a pity, what a pity!

Xia Jinqi was baffled by the laughter. She even started to feel uneasy.

She turned around to look at Yan Jun, who also had a confused look on his face.

When she looked back at Xing Chen, she saw that he had already buried his forehead deep into his palm, and his forehead was filled with black lines... ...

This daughter-in-law of his was good at everything... ... It was just that.. .. How should I put it She looked a little perverted.

“Xiangsi. ” This was the twentieth time he had called her by her name today... ... Until now, he was already gnashing his teeth in anger ...

Ran Xiangsi immediately came back to her senses and stopped the infatuated smile on her face. “Alright, stop fooling around! ”

Chapter 1379: is this world so small?

Only then did the atmosphere return to normal.

As the middleman, Leng Sicheng naturally had to introduce Xing Chen and ran Xiangsi in detail.

“Xing Chen, British Aristocrat, heir to the Wilson family. ”

As soon as Leng Sicheng finished speaking, Xia Jinqi subconsciously asked, “Are you William? ”

Xing Chen was also a little surprised. This should be the first time he met Xia Jinqi. How did she know his English name?

However, he still nodded. “That's right. ”

Xia Jinqi, ” ... ”

Oh, my God... ...

Was this world so small?

When she was in Berlin, Ji Heng's grandfather had found her some noble family. It was the Wilson Family!

Moreover, she still remembered that Ji Heng's grandfather had praised this William to the skies at that time... ..

It was just that they had not been able to meet after that, so the matter was dropped.

Xia Jinqi had thought that it was just a small episode in her life. Who would have thought that they would meet again here?

Yan Jun also remembered that incident. When he looked at Xing Chen again, his gaze was already a little subtle.

Ran Xiangsi looked around, tilted her small head, and asked, "do you know each other?"

"No." Xing Chen shook his head first. It could be said that he had a strong desire to live... ..

Ran Xiangsi looked at Xia Jinqi and waited for her answer like a curious baby.

"Uh..." Xia Jinqi froze for a moment. She regretted asking him so impulsively just now.

But since she had already said it, there was nothing to hide. She thought for a moment and then smiled generously. "I wonder if Mr. Xing remembers the JI family in Berlin?"

Upon hearing the words 'the JI family in Berlin', Xing Chen's brows furrowed slightly. His expression was solemn. "A branch of the Rothschild family?"

"Yes." Xia Jinqi nodded.

"I wonder what is the relationship between Mrs. Yan and the JI family?" Xing Chen pressed on.

There was no need to mention his own relationship with the JI family. Furthermore, Xia Jinqi was the one who asked about it. She must have some sort of connection with the JI family. Otherwise, she wouldn't know about this.

However, the JI family had strict family rules. In addition, it was a branch of the Rothschild family. There were many secrets. Even if the people in the family weren't core figures, they wouldn't know about the family's secrets. Why did Mrs. Yan... .. Seem to know everything about the JI family like the back of her hand?

Could it be... ..

Xing Chen remembered that Ji Heng seemed to have a granddaughter. He wanted to marry her, but then he heard that the granddaughter was married?

Xia Jinqi replied, "Ji Heng is my grandfather."

Xing Chen heard this and came to a sudden realization. "I see. Speaking of which, the Rothschild family also has a bank headquarters in England and has close ties with my family."

As the two of them were talking, Ran Xiangsi asked curiously, "then why aren't you surnamed JI?"

Speaking of this, Xia Jinqi smiled. "actually, he should be considered my grandfather. Calling him grandfather is more intimate! "

In fact, it was because Ji Heng had given Lego to Xia Jinqi.

Calling him grandfather was not only more intimate, it was also a form of identity recognition. It was to prevent Lego and the others from talking too much and saying that grandfather and granddaughter were not close enough.

In addition, Xia Jinqi was Ji Heng's only relative. It was not inappropriate to call her that.

"Oh, I see. " Ran Xiangsi nodded and finally understood. Then, she seemed to have thought of something. In the blink of an eye, she became a little unnatural and did not dare to look at Xia Jinqi.

Xing Chen was very keen to sense this little change in her, but he did not say it out loud. Instead, he continued to chat with Xia Jinqi about the topic just now. "I wonder how old master Ji is doing recently? "

Chapter 1380: the heavenly dao is good at reincarnation. Who would the heavens spare?

"It's pretty good, " Xia Jinqi answered politely.

Leng Sicheng, who was listening by the side, also laughed. "So, the two of you have quite a deep relationship with each other? If that's the case, I think our cooperation will be even closer from now on. "

"cooperation? " Xia Jinqi raised her eyebrows, not knowing what Leng Sicheng meant.

Almost instinctively, she turned back to look at Yan Jun beside her.

Yan Jun exchanged a look with her and explained, "Mr. Xing's family has a very important position in the political arena. Mrs. Xing is one of the top three hackers in the world, L.S. "

Xia Jinqi, "..."

So awesome?

After saying that, Yan Jun turned to look at Xing Chen and nodded slightly.

Xing Chen also smiled. "It's just a small help. If there's anything you need, Mr. Yan, please feel free to ask. "

It was the first time the two of them met, so their conversation was a little polite.

Ran Xiangsi also said seriously, "when I came here, I heard from brother Leng that this mission might involve military networks? "

"Yes. " Yan Jun nodded.

"What level? " Ran Xiangsi asked again.

"s-rank. " n((@-)v-)ε(.l)-b.-1/-n

"... the highest level?" Ran Xiangsi raised her thin eyebrows and looked at Leng Sicheng. "So... you're not joking when you asked me to kidnap the satellite?"

"Of course," Leng Sicheng answered.

When had he ever joked?

Ran Xiangsi, "..."

Xing Chen saw that her expression was a little strange, so he asked, "why? Is there a problem?"

"Of course there isn't a technical problem." For her, although it was a little difficult to hack a city's military network, it was not to the point where it was impossible to complete.

However... "If someone were to be held responsible for kidnapping a satellite, they would have to go to jail for a long time..."

She was a little afraid!

Even though kidnapping a satellite was very attractive to a hacker!

"You know fear?" Xing Chen laughed.

The network that she had hijacked all these years could go around Earth, right?

If she were to be held responsible, she would probably have to go to jail for hundreds of years.

Ran Xiangsi chuckled. "Well, we have to make things clear in advance. Don't you think so, Director Yan?"

Yan Jun nodded. "Don't worry, Mrs. Xing. No one will hold you responsible."

"That's good! I'm fine!" Ran Xiangsi nodded in satisfaction. What she had said just now was just a formality. It was just a formality.

After they had finished chatting, Leng Sicheng spoke again. "Then it's settled. We'll discuss the details when Quan Rui and his wife come over."

"That's fine too." Yan Jun beckoned for a servant. "bring Mr. and Mrs. Xing to see their room."

"Yes, young master." The Servant walked over and took the initiative to invite Xing Chen and ran Xiangsi. "Mr. and Mrs. Xing, this way please."

"Then we'll go over and take a look first." Xing Chen brought ran Xiangsi out.

Before they left, ran Xiangsi stole another glance at Xia Jinqi. The mischievous look in her eyes was no longer there. Instead, there was a hint of apology.

This made Xing Chen very confused.

When they walked out of the hall, he asked, "what's wrong? Why are you staring at Mrs. Yan?"

"I..." Ran Xiangsi hesitated for a moment, as if she was in some kind of intense ideological struggle.

After a long time, she said weakly, “when I first became famous a few years ago, I hacked the Rothschild family’s bank, and at the same time... robbed some of the rich to give to the poor... ”

Xing Chen,” ...”

“It’s not a lot... I wouldn’t have thought that I would meet the descendants of this family in my lifetime! As expected... The heavenly axiom is good for reincarnation, who would the heavens spare? ! ”
