

Trick Me 1441

Chapter 1441: family reunion

Before the father and daughter could speak, Xia Jinqi carried Yu Han and walked in from the door. When she saw that Yan Jun had already woken up, she could only helplessly shake her head at Xiao puff. "little troublemaker, did you wake daddy up?"

"Di di..." Xiao puff did not care about these things. She smiled and leaned over to hug Yan Jun's neck. It was very intimate.

Yan Jun took the opportunity to lower his head and kiss her forehead. He smiled and said, "it's okay."

Xia Jinqi also placed Yu Han on the side of the bed. The Little Guy Naturally climbed over and hugged Yan Jun's arm. He called out, "Daddy!"

At that moment, Yan Jun's heart almost melted.

He reached out and hugged his son in his arms. Looking at the boy and girl on his left and right, he didn't know how satisfied he was.

"Yu Han, Xiao puff, do you Miss Daddy?" He couldn't help but ask.

"Eh?" Xiao puff didn't quite understand what he said. She only stared at Yan Jun with her big eyes.

Yu Han nodded heavily. He also leaned over and hugged Yan Jun tightly, unwilling to let go.

Xia Jinqi watched from the side and instantly felt a warmth in her heart. She reached out and stroked Xiao puff's soft short hair "Of course I want to! Just now, I carried her up to see you. Seeing that you were still asleep, I originally wanted to take her away, but she kept shouting 'di Di di Di di Di di Di'. I had no choice but to let her stay beside you for a while. I didn't expect to wake you up."

As she said this, Xia Jinqi's face was filled with a blissful smile.

How long had it been since the four of them had gathered together like this? ? ?

More importantly, the brother and sister had grown up a little. Their brains had become more intelligent. Not only did they know how to recognize people, but they had also become more intelligent!

Yan Jun listened to Xia Jinqi's words, and his pitch-black eyes were filled with an unresolvable gentleness.

"I just woke up," he replied. He leaned over and kissed Xiao Puff and Yu Han again.

The moment he woke up, he saw this pair of children descending to his side like angels.

Xia Jinqi smiled as she watched him hug the two children and refuse to let go. She then said, "since you're awake, you should wash up first. It's time for breakfast."

"Okay." Yan Jun nodded. He carefully placed the two children on the bed before he got up and went to the bathroom.

After he left, the two children consciously crawled to Xia Jinqi's side, one on the left and the other on the right, and they were close to her.

"Yu Han, did you take good care of your younger sister?" Xia Jinqi patted Yu Han's little head and turned back to look at the fair and fat Xiao Puff. Her heart felt like it was smeared with honey.

There was nothing more blissful than being able to be together as a family. n0Ve.0b)In

Perhaps the time they spent apart made her know how to cherish it even more.

It was just a casual question, but she didn't know that Yu Han seemed to really understand. He nodded very seriously. "Yes..."

Xia Jinqi was slightly shocked. She hurriedly turned her head to look at him, only to see that he had already turned his head to look at Xiao puff. He even took the initiative to climb over and hug her. He even shouted, "little sister, good."

After a few staccato sounds, Xia Jinqi miraculously understood. "You mean, you took good care of your little sister?"

"Yes!" Yu Han nodded again with a face full of confidence.

Meanwhile, Xiao puff, who was the small lead, was in a state of fugue. She had no idea what mommy and her brother were talking about!

Xia Jinqi smoothed her hair for her. She couldn't help but look at Yu Han a few more times before asking, "Yu Han, who sent us back?"

She asked this question because she wanted to verify if this little guy could really understand her.

However, Yu Han answered without thinking, "uncle..."

Chapter 1442: the strongest reliance!

"YOU'RE SO SMART!" Xia Jinqi praised him without any hesitation and touched his smart little head at the same time!

When they came back, it was indeed Ji Yunjing who escorted them all the way back.

She didn't expect Yu Han to really understand what she meant. After not seeing him for a long time, he seemed to have become much smarter!!!

"hehe..." as if he knew that he had been praised, Yu Han smiled so much that his big eyes curved.

Xiao puff, who was in a trance, finally came back to her senses. Looking at her mommy and brother, she also joined in with a smile. "Mom..."

"AHEM! Our little princess is finally online?" Xia Jinqi pointed at the tip of her cute nose and couldn't help but laugh.

Compared to Yu Han, Xiao puff seemed to like to be in a daze. She was immersed in her own world of thoughts, a completely free soul!

Not long after, Yan Jun finished washing up.

When he walked out of the bathroom, he was already full of energy. The fatigue and dejection from last night were all swept away, replaced by his usual handsome and handsome appearance.

He slowly walked over, his eyes like a painting. "Let's go. Let's go downstairs to eat."

"okay." Xia Jinqi knew that he had already recovered. After replying, she looked at the two treasures on the bed and asked, "who wants daddy to carry them?"

Xiao puff directly stretched out her two small arms towards Yan Jun, acting coquettishly in her baby voice. "Di di..."

Yan Jun naturally could not reject her. He immediately bent down and hugged her in his arms.

The moment he stood up, he saw that Yu Han was also staring at him closely. Although he did not say anything, Yan Jun could tell that he also wanted him to carry her.

It was only because his sister said it first that he didn't open his mouth to fight for anything.

At that time, Xia Jinqi had already stretched out her hand toward Yu Han, wanting to carry him.

Of course, each of the two children would carry one!

It felt very difficult to carry two children by themselves!

However, as Yan Jun's eyes flickered, he quickly said, "Yu Han, come, daddy will carry you too."

Just as he finished speaking, Yu Han, who had been quiet and didn't say anything, suddenly became excited. "Daddy!"

He stood up from the bed. Although he was still swaying, he stood up by relying on his own strength Xia Jinqi was stunned by what she saw... ..

Yan Jun smiled in satisfaction and bent down to carry him as well.

He was carrying one child in each hand and did not feel tired at all. His back was still very straight.

Xia Jinqi quickly came back to her senses and walked over to help him carry the two children. She asked worriedly, "can I? Why don't I carry Yu Han?"

"I'm fine." Yan Jun smiled and shook his head. From his expression, it seemed that he was quite relaxed.

It seemed that the unremitting exercise over the past ten years had some effect... ..

When Yan Jun turned around and went downstairs, two words suddenly popped up in Xia Jinqi's mind, 'father's love is like a mountain'.

The two children were nestled in their father's arms. They must be extremely at ease, right?

Their father was like a huge mountain, the strongest person they could rely on!

At that moment, Xia Jinqi thought of her father.

She didn't know how her father was doing now... .. After the disciplinary committee building was bombed, he was transferred ...

Now that such a thing had happened to the Yan family, she had no way to visit her father. She only hoped that he would be safe and sound.

After thinking for a long time, Xia Jinqi came back to her senses and followed him downstairs.

After Ji Yunjing sent Xia Jinqi and her mother home last night, she did not leave.

Ji Heng wanted to stay at Lego, so he did not come back. However, he asked Ji Yunjing to bring a lot of people back so that he could protect Xia Jinqi.

Chapter 1443: was about flowers, not hair!

In fact, even if Ji Heng didn't say it, Ji Yunjing would have done the same.

Not to mention that Xia Jinqi was now the leader of Lego, and Xia Jinqi even called him cousin. Naturally, he had to do his part.

It was just that he was wandering downstairs early in the morning, and he actually saw such a shocking scene... ..

On the wide spiral staircase, Yan Jun slowly walked down. His figure was outstanding, and he was handsome.

This was nothing. The important thing was that he was actually holding two little children in his arms!

The two children did not quarrel or make a scene. They did not even look left and right. They just leaned into his arms in unison, as if they were enjoying the feeling of that moment!

Ji Yunjing's brows were tightly knitted together. He was so surprised that he could not even speak... ..

In the past, Yan Jun was handsome, but he was cold and handsome. He was indifferent and distant.

But now, he seemed to be even more out of this world. He also had such a gentle side.

"your arm strength is not bad." Ji Yunjing nodded at Yan Jun with great admiration.

Yan Jun, who had already walked down the stairs, naturally saw Ji Yunjing. He also knew what Ji Yunjing meant. He immediately said, "it's alright."

Yu Han, who was in his arms, also turned his head. The moment he saw Ji Yunjing, he called out, "uncle... .."

"En! At least you have a conscience. Even when you have a daddy, you still don't forget your uncle!" Ji Yunjing walked forward in satisfaction and took Yu Han from Yan Jun's arms.

"CHIRP..." Xiao puff also called out to Yu Han. Although her pronunciation was accurate, it was more or less meaningful now. When she looked at Ji Yunjing, her eyes were filled with reliance.

During the time they were in Macau, Ji Yunjing would accompany the two of them whenever he was free. Now that they both looked familiar, other than Yan Jun and Xia Jinqi, Ji Yunjing was probably the only one who could bring them along.

When they came back last night, even Ji Xinyu had to coax her for a long time before she fell asleep.

“Xiao Puff, not Qiu, it’s uncle!” Ji Yunjing corrected Xiao puff’s pronunciation every day and handed her a plum blossom that he had picked casually in the yard.

The pink color instantly attracted Xiao puff’s gaze. She reached out her chubby little hand in surprise and took it. “FA...”

“It’s a flower, NOT FA!” Ji Yunjing held his forehead.

At that time, Xia Jinqi also came down from upstairs. When she saw Ji Yunjing, she said excitedly, “cousin, did you have a good rest last night?”

“Not bad.” Ji Yunjing nodded, and the few of them took their seats.

When the servants brought breakfast up, Yu Han, who was originally in Ji Yunjing’s arms, suddenly flew up into the air. In the blink of an eye, he was in Xia Jinqi’s arms.

“Mommy...” the little guy’s words were clear. Once he was in Xia Jinqi’s arms, he was extremely excited. He kicked his two short legs and tried to stand up.

Xia Jinqi supported his small body so that he could stand up smoothly.

Feeling the pressure on his thighs, Xia Jinqi exclaimed, “Yu Han has really grown up a lot! His legs are already so strong?”

“More than strength! He’s not even one year old yet, and he’s already thinking of walking!” Ji Yunjing recalled two previous times This little guy was playing in the living room. He was clearly sitting on the carpet just a second ago, but when he turned around, this kid actually stood up with the help of the SOFA. He was so scared that his heart almost stopped. He was afraid that he would fall!

As if he could feel his uncle complaining about him, Yu Han instinctively turned around and glanced at Ji Yunjing.

That sudden glance was very much like Yan Jun!

Ji Yunjing’s hair immediately stood on end, and he hurriedly turned to look at Yan Jun. “look, look, your son is exactly the same as you! Even the way he looks at people is exactly the same!”

Chapter 1444: I regret it

Think he was also the head of the underworld, how many heroes have knelt at his feet begging for mercy.

Now, unexpectedly by this even can’t walk the little baby to stare the tiger body a shock... ..

Shame on you, shame on you!

Originally also wanted to complain, who knew Yan Jun to look at his eyes, faintly also some displeasure.

” ... ” Ji Yunjing continued to be surprised, “yes, that’s the look! It’s simply...”

Genes are amazing and powerful things!

Xia Jinqi’s gaze also lingered between the father and son. She actually realized that Ji Yunjing was right?

Xia Jinqi smiled awkwardly before fixing her gaze on Yu Han. With a slightly stern tone, she said, “Yu Han, you are not allowed to look at your uncle like that in the future, understand?”

Yu Han immediately turned his head around. As if he had understood what his mommy had said, his small mouth pouted. He felt extremely wronged.

Xia Jinqi’s heart ached when she saw this. Just as she was about to comfort him, he had already turned his small body around and stretched out his two small arms towards Ji Yunjing. “Hug...”

That pitiful look of his was completely fawning over her.

This little smarty-pants!

Xia Jinqi could not help but laugh. “GO KISS UNCLE!”

Ji Yunjing then took Yu Han’s small body. When Yu Han smacked his cheek, a big smile appeared on his face. “Our Xiao Yuhan is really getting SMARTER AND SMARTER! He even knows how to coax people?”

“Uncle...” Yu Han hugged his neck again, as though he was focused on acting cute.

Ji Yunjing was amused by him and laughed out loud. He turned around and said to Xia Jinqi, “you guys eat first. I’ll bring him out for a walk.”

“Don’t be gone for too long,” Xia Jinqi instructed. When she turned around, she happened to see Yan Jun frowning and Xiao puff, who had unknowingly fallen asleep in his arms.

“What’s wrong? Why do you look so Pale?” Xia Jinqi asked. She called the nanny over and carried Xiao puff to her room to sleep.

Her arms were empty, but the wrinkles between Yan Jun’s brows were even tighter. The uneasiness in his heart grew.

“I regret it.”

He suddenly opened his mouth and said a few words that did not make sense.

Xia Jinqi raised her eyebrows in surprise and asked, “what do you regret?”

After she asked, she subconsciously thought of Yan Youcheng’s matter and wondered if he was regretting this. However, the next second, when his answer came out, it was completely different from what she had thought.

“From now on, the two children won’t go anywhere. They will be by our side,” he suddenly said this with extreme seriousness.

“...” Xia Jinqi continued to look at him in confusion.

UH... .. It was so early in the morning. Why did she not understand what he said ? ?

Was it because he drank too much last night and his mind was still in a daze? Or was it because she had accompanied grandma too much last night and slept too little that her brain wasn't enough?

Why did he suddenly say that he wanted to keep the child by his side?

Moreover, wasn't he the one who said that for safety's sake, he wanted to send them away first?

Why... ..

As she thought about it, an idea suddenly flashed through Xia Jinqi's mind!

She turned her head to look at Ji Yunjing, who was already chatting and laughing with Yu Han outside the courtyard, and then turned back to look at her inexplicably quarreling husband beside her... ..

Could it be... .. "You... Are Jealous? You saw Yu Han and your cousin? "

He was just a kid. Whoever brought him along and played with him more, he would naturally like to play with someone.

It was probably because the interaction between Yu Han and Ji Yunjing was too sweet just now that it made Yan Jun feel a little jealous, right?

Yan Jun remained silent, but his increasingly ugly expression had already betrayed his heart.

Chapter 1445: Last night, I scared you.

The smile on Xia Jinqi's face grew wider. "He can only bully uncle for a while. He doesn't dare to act rashly in front of you! "

This little smarty-pants. He was so young, and he already knew who could bully and who couldn't be provoked!

Yan Jun raised his eyebrows and asked in return, "am I very scary? "

"Oh..." Xia Jinqi was stumped by this question. She sized up Yan Jun for a moment, afraid that telling the truth would hurt his heart, so she decided to use a more tactful way to say it. "Aren't fathers more strict? "

Xia Jinqi remembered when she was young. When she mentioned the word 'father' , she always felt that it was an authoritative existence.

The four siblings in the family were all afraid of their father.

Hearing this, Yan Jun furrowed his brows slightly, as if he had already felt relieved. "during this period of time, it's all thanks to grandfather Ji and Yun Xiang. "

With them taking care of their two children, Yan Jun and Xia Jinqi were able to worry about their own matters.

“Yes, when these matters come to an end, we should properly thank them,” Xia Jinqi said as she reached out to pick up a small soup dumpling.

She was actually a little hungry.

Yan Jun watched her actions and very naturally refilled the Empty Cup in her hand with fruit juice.

He had a better way to thank grandfather JI and JI YUNJING — to double his kindness to Xia Jinqi.

This was much more practical than any gratitude or gift.

Xia Jinqi ate a soup dumpling and conveniently took a sip of fruit juice. It was very natural.

After being married for more than a year, the two of them were no longer strangers and polite at the beginning. Slowly, they became more and more familiar with each other and slowly became real family members.

Every word and action was integrated into the other person’s life. With just a glance, the other person could know what you were thinking.

Yan Jun didn’t eat much. Most of the time, he watched Xia Jinqi eat and occasionally spoke to her.

“I scared you last night.”

After Waking Up, Yan Jun thought about his loss of composure last night and more or less blamed himself.

He rarely got drunk, but last night... ..

He shouldn’t have drunk so much.

However, Xia Jinqi smiled and shook her head. “I’m honored!”

I’m honored that you let me see your weak side.

I’m also honored that you allowed me to be by your side when you’re sad and weak.

Yan Jun was such a strong person. The fact that he was able to let down all his defenses in front of Xia Jinqi last night proved that Xia Jinqi had truly walked into his heart. *no ve(lB-1n*

Looking at the smile on the woman’s face that was almost showing off, Yan Jun seemed to be infected. The corners of his lips curled up slightly, and there was a hint of a smile in his eyes.

Although his face was still a little Pale, at least his spirit had improved a lot.

He unconsciously raised his hand and caressed her smooth short hair. “I’m honored too.”

I’m honored too that you can be by my side.

The two of them looked at each other and smiled. Their long gazes did not feel awkward at all. Instead, they were sweet and mellow, unwilling to part.

Ji Yunjing’s worried words came from the door. “Slow Down, Yu Han. DON’T WALK SO FAST!”

Walk?

Xia Jinqi's heart stopped and she hurriedly looked in the direction of the voice.

This look gave Xia Jinqi quite a scare!

She saw that Yu Han, who was only ten months old, was actually touching the door with one hand and holding Ji Yunjing with the other, and he was learning how to walk!

"COUSIN! How could you let him walk? And it was even held by one hand? !" Xia Jinqi cried out in shock, and she hurriedly ran over to carry Yu Han.

Ji Yunjing also felt helpless. "He insisted on walking by himself, and he cried while holding hands. There was nothing I could do! "

It was not his fault, but Yu Han, this child, was too abnormal!

Chapter 1446: the family. There was no need to care about these things

Xia Jinqi's heart skipped a beat when she heard this. "walking too early is not good for the development of the bones. Don't let him go for the time being. "

"Mommy... " Yu Han hugged Xia Jinqi's neck and smiled very happily. "Let's go... "

After just two steps, the little guy was abnormally excited. His calves were kicking and kicking, and he was extremely energetic!

Xia Jinqi lowered her head to look at him. "You can't leave so early, understand? "

Yu Han pursed his lips and leaned back on Xia Jinqi's shoulder. He didn't smile anymore, and he seemed to be a little unhappy.

Seeing this, Yan Jun reached out and took Yu Han back into his arms. "It's not a bad thing to learn slowly. "

"But it's too early. " The fact that Xia Jinqi held her forehead proved that children were too smart, too talented, and developed too well. It was also a very tiring thing to do!

"Let nature take its course. " Yan Jun Patted Yu Han's back gently and coaxed him.

The originally tired little guy seemed to know that his daddy was speaking up for him, so he immediately perked up. He raised his little head and looked at Yan Jun with a giggle. "Daddy... is good. "

Xia Jinqi was also jealous. "Does that mean mommy is not good? "

"giggle... " Yu Han returned an awkward but polite smile. n).OvεlbIn

Xia Jinqi, "... "admit defeat!

Ji Yunjing just sat down to eat breakfast at the side. Seeing the family interacting so sweetly early in the morning, he inexplicably thought of a person.

That was a girl who was a little timid and a little timid, but she was extremely pleasing to the eye.

Her name was Ye Qinghuan.

Once they parted in Macau, it was very close to the horizon.

As he stirred the Porridge in the bowl in front of him, Ji Yunjing recalled that the day Ye Qinghuan left, he had also made a table full of dishes for him.

That was the best meal he had ever eaten... ..

Unfortunately, he might never be able to eat it again in this lifetime.

He let out an inexplicable sigh. Even Ji Yunjing did not notice how sad and disappointed he looked at this moment.

Xia Jinqi turned her head and saw Ji Yunjing like this. She frowned and asked, "cousin, what's wrong? Why are you sighing?"

"Hmm? Me? Did I?" Ji Yunjing quickly came back to his senses and touched his face. He suddenly realized how Pale he looked at that moment.

"You didn't rest well?" Yan Jun also looked at Ji Yunjing.

"I slept well." Ji Yunjing also frowned. The room that Xia Jinqi arranged for him was far away from the mourning hall. It was very quiet, and he rested well.

Speaking of this, he looked at Yan Jun and said seriously, "grandfather was supposed to come back personally, but Lego..."

Yan Jun knew what he was going to say next, and he knew Ji Heng's grandfather's difficulties, so he said immediately, "I understand. We're a family. Don't worry about these things."

"..." Ji Yunjing was stunned for a moment. He didn't expect Yan Jun to say the words 'family' so naturally.

It seemed that the relationship between Yan Jun and Xia Jinqi was really getting better and better.

Since he had already said this, then he would say all the important things at once.

Ji Yunjing's eyes darkened slightly, and he said, "Little Qi, previously, you asked me to check Lu Yiming's account, but I didn't find anything at first. Later, I checked those big clients who laundered money, and I found that one person's account was the most suspicious. I wonder if you have any impression of the name Zhao Chongbin?"

"Zhao Chongbin?" Xia Jinqi repeated the name and looked back at Yan Jun. seeing that Yan Jun was also frowning, she said, "no impression. Does he have any connection with Lu Yiming?"

Chapter 1447: In someone had been guiding him

"I don't know yet." Ji Yunjing shook his head. He could only use LEGO's intelligence to find out about this. As for Zhao Chongbin's personal circle of friends, he had no other way.

As the two of them were talking, Yan Jun's phone vibrated. He took out his phone with one hand and opened it. It was a message from Xing Chen.

It happened to be related to this Zhao Chongbin.

After taking a closer look, he put down his phone. His deep black eyes sparkled. "It's a doctor. If I'm not wrong, it should be the doctor who goes to take care of Lu Yiming's wife every week."

"It's him?" Xia Jinqi immediately recalled the time when she pretended to be a maid and sneaked into old Jin's villa. She did hear the people inside call the doctor 'doctor Zhao'.

After sorting out her thoughts, Xia Jinqi said, "so, all this time, Lu Yiming has been using this personal account called Zhao Chongbin to hide his money?"

"that should be the case." Ji Yunjing nodded and said, "but not long ago, Zhao Chongbin suddenly took all the money from Lego. It happened to be during the time when you came back to Rao city."

"..." Xia Jinqi's eyes twitched. "It was during the period when my identity was exposed..."

Lu Yiming should have immediately asked Zhao Chongbin to transfer the money as soon as he found out her identity.

It was just that she didn't realize it at that time... ..

To be honest, if Yu Yang hadn't reminded her that Lu Yiming also had a close relationship with Macau, who could link Lu Yiming and Lego together?

Xia Jinqi was the big BOSS of Lego, and she dealt with high-level important matters. She couldn't possibly remember every single one of the casino's clients.

It could only be said that Lu Yiming was really smart. He found a person with an innocent identity to open an account, and then cut off all ties with him. No wonder they couldn't find his Fox tail no matter how hard they tried.

He really had a trick up his sleeve.

"This Zhao Chongbin, who can hide behind the scenes and play the police around, is not that simple." Yan Jun narrowed his Phoenix eyes dangerously. He instinctively felt that this person was not as simple as a small character.

Lu Yiming's money flowed through his hands, and he could get close to Bi Yue. He should be someone that Lu Yiming trusted very much.

In fact, his status might even be higher than Lu Yiming's.

Lu Yiming valued Bi Yue more than anything else. He could even kneel down in front of Bi Yue. Why would such a person want to sit on the president's seat?

Yan Jun was already beginning to doubt whether someone had been guiding him behind Lu Yiming. If there really was such a person, was it that doctor called Zhao Chongbin?

If all the assumptions were true, then why would Zhao Chongbin, who was hiding in the dark and single-handedly making all this happen, do it? What was his real purpose?

Xia Jinqi nodded. "In short, after investigating for so long, we finally have some clues."

Finding out this person's name was already quite a harvest. This at least meant that they were one step closer to Lu Yiming's secret and were no longer as ignorant as before.

"What do you need me to do?" Ji Yunjing looked at the two people and took the initiative to ask.

The main reason why he had followed them this time was because he wanted to do his part and help a little.

He knew what the situation was like.

The final game was the climax.

Chapter 1448: to you, all of them should answer to you and follow your lead

Yan Jun gently stroked Yu Han's back, who was lying on his shoulder, and said slowly, "tomorrow is the day of grandfather's funeral. The road may not be peaceful. I wonder if the Ji family's friends in the underworld can escort the Yan family?"

With Huo Ting leading the army on the white road, there was naturally nothing to worry about.

The Yan family had the Black Tortoise Hall's men of Sacrifice to protect them in secret, but this was not enough.

There were many people in the underworld who could do anything. Yan Jun's subordinate was just a pheasant, and it was not enough.

If Master Chang Qi could make a move and join forces with the pheasant, they should be able to secure victory.

When Ji Yunjing heard Yan Jun mention the word 'underworld', he immediately understood. "You mean, Master Chang Qi?"

"That's right." Yan Jun nodded.

"This... although I really want to help you, there's nothing I can do." Ji Yunjing said apologetically, but there was a mysterious smile on his lips ...

Just as Yan Jun frowned slightly, Ji Yunjing turned back to look at Xia Jinqi and said with a smile, "we'll have to ask our little Qi to help you with this."

"Me?" Xia Jinqi looked surprised. How could she call Master Chang Qi?

Yan Jun also looked at Xia Jinqi and raised his eyebrows. "Do you have a relationship with Master Chang Qi?"

“No... No...” Xia Jinqi answered subconsciously. Then, she remembered the time when she went to save er Huo. She seemed to have fought side by side with Master Chang Qi once ...

She coughed embarrassedly and said, “a little... a little bit?”

“More than a little bit!” Ji Yunjing interrupted her and added excitedly “Master Chang Qi admires you so much now! He’s bragging about you whenever he meets someone. He’s your best friend and says that you’re the most promising and talented young genius he’s ever met! He even says that he’s willing to follow you for the rest of his life and follow you wherever you go!”

“No... No way?” Xia Jinqi was dumbfounded. She couldn’t believe what Ji Yunjing said !!

What kind of young genius... She remembered that when she first entered Lego, master Chang Qi was the one who was the most displeased with her. Why did his temper suddenly change now ? ?

Seeing that she didn’t believe him, Ji Yunjing added, “Chang Qiye is a person who mingles in the underworld. The most important thing is brotherhood! Since he talks about you like this everywhere, it means that he really recognizes you in his heart! If you ask him to do something, he will definitely come.”

Even though Ji Yunjing didn’t know what happened between Xia Jinqi and Chang Qiye, seeing Chang Qiye supporting Xia Jinqi like this, as his cousin, he was happy for her from the bottom of his heart.

Whether it was the LEGO headquarters in Rao city or those troublesome old guys in Macau, Xia Jinqi spent more than a year to subdue them. Only now did she truly have the appearance of a leader.

Ji Yunjing looked at Xia Jinqi very seriously and said, “don’t forget, you are the leader of Lego, the highest ruler. To you, all of them should answer one hundred times and follow your lead.”

Xia Jinqi’s expression also began to become solemn. Of course, she didn’t forget the responsibility on her shoulders.

She had not been able to truly shoulder the burden of Lego, so why not take this opportunity to properly adapt to LEGO’s deployment?

Leaders should have the boldness of a leader.

“okay, I’ll contact Chang Qiye in a while and have him bring someone over.” Xia Jinqi nodded solemnly. Her eyes were unprecedentedly calm and serious.

Seeing her like this, Ji Yunjing smiled with relief.

This younger sister of his, when she encountered such a matter in the past, she would first ask, can I do it Can I do it Her heart was full of apprehension and doubt.

But now, she did not have the slightest doubt, and directly said with absolute certainty, “good!”

She was completely calm and confident!

Chapter 1449: was clingy again!

It seemed that her trip to Macau had made her grow up a lot.

Yan Jun also turned to look at Xia Jinqi, his eyes filled with admiration.

Yan Jun had personally witnessed Xia Jinqi's changes and growth.

Just as he was about to tell her what she needed to pay attention to, di Qu walked in from outside the door. "Young Master, Young Madam, Mr. Ji."

He first called everyone over before looking at Yan Jun. "young master, a guest has arrived. He wants to see you."

"MM." Yan Jun nodded and did not ask anything else. For Zhai Qu to personally inform him, he was naturally not an ordinary guest.

Xia Jinqi saw this and reached out to hug Yu Han. "You can go first."

Who knew that the little guy would not let go. He insisted on hugging Yan Jun's neck and refused to let go.

He had been very quiet just now. Xia Jinqi thought that he had fallen asleep!

"Yu Han, be good. Daddy has to go to work. Mommy will accompany you!" Xia Jinqi coaxed him and tried to hug him again.

However, he hugged Yan Jun's hand even harder. His little mouth was still shouting, "Daddy..."

That soft sentence sounded like he was acting coquettishly. Yan Jun's heart softened when he heard that. How could he bear to part with him? He immediately said, "it's fine. I'll bring him there."

After saying that, he really carried Yu Han and walked out the door.

Xia Jinqi was a little surprised, but she didn't insist. Father and son rarely had the chance to be alone. It was rare for Yan Jun to be in the mood today, so it was not bad for them to cultivate a relationship.

Xia Jinqi smiled as she watched Yan Jun's figure leave. She was suddenly shocked by Yu Han who turned around and gave her a triumphant smile... ..

"This kid!" She was stunned for a moment, then she couldn't help but shake her head and laugh. "He's starting to cling to me again!"

She didn't want Yu Han to walk just now, but now she knew how to cling to his father!

Ji Yunjing also saw Yu Han's small movements, but he didn't have much of a reaction. It was obvious that he was already used to it.

Then, they turned to business. "When do you want to meet Master Chang Qi? I'll help you arrange it."

"tonight." Xia Jinqi counted the time and found that she only had some free time in the evening.
nOve/lb(1n

"Okay." Ji Yunjing nodded. He picked up a tissue to wipe his mouth and was about to get up. "I'm going out to do something."

“Okay, thank you, cousin.” Xia Jinqi smiled and sent him out, thanking him at the same time.

Ji Yunjing waved his hand and left Xia Jinqi’s back view in a very carefree manner.

After he left, Xia Jinqi went upstairs. She did not know how Xiao puff was sleeping... ..

On the other side, Yan Jun held Yu Han with one hand and walked quickly to the front hall.

Di Qu followed behind respectfully. Occasionally, he would take a look at young master Han’s condition. His slightly swollen eyes were filled with some joy.

Di Qu could not help but recall this scene. When Young Master Yan Jun was still young, he had also leaned on the shoulders of the old master like this... ..

Time passed, the four seasons changed, and the incense was also passed down in the same way.

A cold wind blew in his face. Di Qu silently wiped the tears from the corners of his eyes.

Yan Jun Hugged Yu Han’s small body tightly and asked him, “are you cold, Son?”

Yu Han shook his head and looked left and right as if he was familiar with this house that had changed greatly.

In the side hall.

About ten people were waiting for Yan Jun..

They were either sitting or standing, all dressed neatly in suits. They were all between 35 and 55 years old, and all of their faces were extremely solemn.

Two or three of them stood together, discussing something in a low voice. The rest were mostly silent, not saying a word.

Hearing the sound of footsteps coming from outside, everyone looked out of the door in unison.

Chapter 1450: took its place

The restlessness after a long wait became a pleasant surprise the moment they saw Yan Jun. however, this pleasant surprise did not last for even half a second. When everyone saw the child in Yan Jun’s arms, their faces suddenly stiffened, and then they became dejected.

Each of them had a belly full of words that they wanted to say, but they did not know where to begin.

They were all core members of the parliament. They came to look for Yan Jun today because they had something important to discuss.

However, Yan Jun carried a baby in his arms... ..

As the person in question, Yan Jun did not seem to care about this at all. He took a long step forward and suddenly arrived with the aura of a king who ruled the world.

He walked to the hall and sat down. Yan Jun placed Yu Han on his lap and supported him with one hand while he indifferently glanced at the people in the hall with a Cold Gaze.

“Everyone, please take a seat.” His thin lips curled slightly as he spoke indifferently.

The people below looked at each other before taking their seats.

This was the Yan family and Yan Jun was the master. Naturally, he had to sit. Moreover, Yan Jun’s position in Rao city was unrivalled.

The Little Yu Han did not feel afraid when he saw this scene. He did not cry or make a scene. His pair of pure black eyes revealed the same calmness and calmness as Yan Jun..

The hall was silent for a long time. The atmosphere was unusually oppressive.

After an unknown amount of time, Yan Jun slowly said, “I wonder why all of you have come to the Yan family today?”

These people had already come yesterday to pay their respects to Yan Youcheng.

But today, they had specially formed a team to come here. Yan Jun already knew what they were here for.

It was only by asking this question that he was able to get the people below to speak.

As expected, as soon as he finished speaking, the thin man in his forties who sat closest to him stood up. His brows were tightly furrowed “Mr. Yan, let’s not talk too much nonsense. We have unanimously elected you as the next president.”

This person was called Tan Zhuqing. He was the minister of the political department. Normally, he always had a scholarly appearance and was unwilling to say anything. He did not expect him to lead today. Moreover, he did not beat around the bush at all. He was so direct from the start.

It seemed like... .. Under Lu Yiming’s tyranny, his life wasn’t easy either ...

When Yan Jun heard this, his long and narrow eyes were calm. His entire body exuded a noble and cold aura.

He only took a glance at Tan Zhuqing before lowering his eyes to help Xiao Yuhan close his collar. He said calmly, “Minister Tan, you must be joking.”

He didn’t agree, didn’t refuse, and didn’t even express his opinion.

Compared to Yan Jun’s carefree and carefree attitude, Xiao Yuhan was much busier. n0Ve.l0-1n

He looked at his father curiously at one moment, and then turned around to look at the uncles sitting below. Why were all of them frowning... ..

It was really interesting.

Faced with this father and son pair, the people below were worried to death.

Tan Zhuqing was so anxious that his face was wrinkled, and two more wrinkles appeared on his face. "This Lu Yiming hasn't taken office yet, and he has already turned Rao city into a mess. Mr. Yan, if you don't replace him, I'm afraid that Rao city will be in danger in the future!"

As expected of someone who came from the political department, he spoke in a scholarly manner.

After Tan Zhuqing finished speaking, he jin, the Minister of transportation beside him, also stood up and persuaded Yan Jun, "so many lives have been lost recently, even Mr. Yan... our Rao city must never have such a president!"

"That's right. Our days are getting more and more difficult now. At worst, we'll be stripped of our power, which is nothing, and at worst, we'll be framed and imprisoned for all sorts of crimes."
