

Trick Me 1451

Chapter 1451: I only want to be by my family's side now

"As long as they don't submit to Lu Yiming, they're basically dead or injured. He's forcing us into a dead end!"

"Mr. Yan, only you can stand up and take charge of the situation now. Saving me is equivalent to water and fire!"

"I implore Mr. Yan to think for the people of Rao City and for the common people!"

When Huo Ting helped old master huo to the door, he just happened to hear the sincere pleas of this group of people. The corners of his eyes immediately twitched.

They really could say anything... ..

When nothing happened to the Yan family back then, these guys all hid and didn't dare to say a word.

Now that they saw the Yan family in trouble, they all came out to instigate Yan Jun..

Old Master Huo's footsteps also paused slightly, and it seemed like he didn't plan to go in now.

Huo Ting also raised his eyes and looked at Yan Jun who was sitting in the hall.

He saw that he was still calm and composed, as cold and unfathomable as a deity.

Even the child sitting on his lap looked like he wasn't an ordinary person.

Xiao Yuhan was indeed calm unlike children of the same age. He almost didn't make a fuss, and he had always been a bystander, quietly watching everything that happened in front of him, as well as... .. How would daddy deal with it ...

Di Qu, who had been standing respectfully at the side, had his attention on young master Han from the beginning to the end.

He was really curious about young master Han's age, which he could not even speak. Did he understand it, understand it, or was he completely immersed in his own world?

That was true. How could such a young child understand these things. Young Master Han just happened to be in a daze.

Yan Jun did not seem to take the long speech of the people below to heart. His expression was still cold and arrogant. Only when he lowered his eyes to look at his son would there be a hint of gentleness.

"right now, I just want to be by my family's side. Everyone, you flatter me." The words that were reserved and elegant flowed out from the corners of Yan Jun's thin lips.

Compared to the past, there was a little more worry and a little less sharpness.

Yan Youcheng's sudden death had a great impact on him.

After he finished speaking, he reached out his well-defined hand and gently stroked Yu Han's small head. His eyes were filled with love.

When the people below heard Yan Jun's rejection, their expressions became even more solemn. Their facial features were almost twisted together.

Tan Zhuqing's face was filled with worry as he continued to persuade Yan Jun, "it's normal for Mr. Yan to love his young son, but this doesn't prevent Mr. Yan from becoming the President! Don't worry! As long as you're willing to agree, we'll help you with everything else!"

Yan Jun knew that this 'everything else' referred to the process needed to re-elect the president.

Not only the government, but also the media, and even the people, had to explain everything one by one.

To completely follow the process, these things were indeed a little troublesome.

He Jin added, "the current situation is also a once-in-a-lifetime opportunity for you! Can a businessman have the grandeur of a country's president?"

He Jin's words were rough but not crude. He was also agitated by Yan Jun's unshakable calmness. When he was anxious, he did not care whether his words were appropriate or not.

However, after he said this, Yan Jun, who was originally handsome and indifferent, suddenly frowned and looked up at him.

That cold and scrutinizing gaze instantly made He Jin feel a chill down his spine. He shut his mouth tightly and did not dare to say another word.

The atmosphere suddenly became a little tense.

Right at this moment, Xiao Yuhan, who had not caused any trouble all this while, suddenly laughed, "Hehe..."

Chapter 1452: han 'er, what are you laughing at?

The laughter was crisp and crisp, with a unique baby voice that was soft and pleasant to the ear.

However, when this laughter appeared in the current scene, it carried a hint of mockery.

He Jin's face immediately turned green, looking extremely ugly.

The Eloquent Tan Zhuqing also fell silent. He did not know what Yan Jun was thinking in his heart, and he did not dare to open his mouth casually, for fear of touching his reverse scale.

Actually... ... To be honest, the nickname 'cold-faced Yama' had long been spread in the political and business circles. Everyone knew that Yan Jun was not to be trifled with, but compared to Lu Yiming, everyone was still willing to work under Yan Jun. ...

But even so, everyone still held reverence towards Yan Jun..

In the past, when Yan Youcheng was still around, these people or their families still had some relations with Yan Youcheng. They could act as elders in front of Yan Jun or something. But now that Yan Youcheng was no longer around, in the entire Yan family, only Yan Jun was in charge. Who Dared to act rashly?

Especially in this sensitive period, in front of Yan Jun, everyone could only tuck their tails between their legs and behave themselves.

Because, right now, the only person who could stand up against Lu Yiming was Yan Jun alone.

As for Yan Jun himself, he did not have the time to argue with this group of people. All his attention was on his son.

The Hur hur just now could be said to be perfectly timed.

If it was a coincidence, then it was nothing. But if it was intentional, then... ..

Yan Jun looked down at his son again. "Han 'er, what are you laughing at?"

"Eh?" Yu Han tilted his head and looked at Yan Jun. his big eyes were filled with innocence, as if he did not know what had happened at all.

Seeing this, Yan Jun heaved a sigh of relief and changed the topic. "Uncle, is what you said wrong?"

"... mm." Yu Han naturally would not answer. He was at a loss ...

When he jin saw the smile on Yan Jun's face, he heaved a sigh of relief and hurriedly explained, "Mr. Yan, don't misunderstand. I said the wrong thing just now. "

Yan Jun shook his head and said thoughtfully, "old he is right. How can a businessman compare to a country's president? It's just that... I don't have the heart to do this now. " n--o/)V(-ε//L.-b..1./n

Yan Jun rejected politely. Then, he turned back to look at di Qu and said, "send the guest out. "

Di Qu understood and immediately stood up and said respectfully, "everyone, please. "

Tan Zhuqing and he jin looked at each other. The frown on their faces could kill a fly.

Obviously, they did not want to return empty-handed. However, Yan Jun was so stubborn that they really did not know what to do.

In the stalemate between the two sides, Grandfather Huo snorted coldly outside the door and said to huo ting in a low voice, "if Yan Jun still doesn't agree, I'm afraid that this group of people will have to kneel down. "

" ... " Huo Ting's gaze deepened. Naturally, he knew that it was not impossible, but he was more concerned about Yan Jun. "grandfather, no matter what, let Yan Jun sit on the president's seat. I will do my best to help him. "

"Hmm? Why are you saying such things all of a sudden?" Grandfather huo raised his eyebrows and looked back at Huo Ting in confusion.

Grandfather and grandson looked at each other before Huo Ting said, "there is only one reason why Yan Jun suddenly doesn't want to be the president. He wants to avenge Grandfather Yan."

Huo Ting still remembered what Yan Jun had said to him the day Yan Youcheng died.

If he wanted to kill Lu Yiming, he wouldn't be president.

If he became president, he wouldn't let his hands be stained with blood.

The reason why Yan Jun suddenly resisted was because he wanted to kill his enemy.

Chapter 1453: if this person was Yan Jun.

Huo Ting suddenly felt that he was wrong.

And he was deeply wrong.

He had been worried that if Yan Jun, with his powerful identity, took the presidency, what if he was blinded by greed in the future and did something harmful to the country and the people?

But now, he began to worry. What if Yan Jun really did not want the presidency and started to raise the banner of revenge?

It was really an extremely contradictory matter.

In the end, it was because after Yan Youcheng's death, Yan Jun did not do anything crazy because of a moment of impulse that made Huo Ting finally make up his mind and decided to believe him.

No matter what, if this person was Yan Jun, he thought, the situation would be much better.

nove)l&/1n

Grandfather Huo saw the seriousness on his grandson's face that he had never seen before.

He thought for a moment and nodded. "I'm very happy that you have such thoughts. From now on, it will be your young people's world. Help Yan Jun well, and he will become a good president."

With that, Grandfather Huo walked into the hall.

"What a coincidence, everyone is here?" Grandfather Huo said. Although his voice was not as powerful as when he was young, it was at least full of energy and loud.

Everyone in the hall instantly turned to look at him.

"GRANDFATHER HUO is here! This is great!" Tan Zhuqing seemed to have seen his savior. He rushed to grandfather huo and held his hand. He said softly, "please help us persuade Yan Jun. he has made up his mind!"

"Don't worry." Grandfather Huo turned around and patted his hand. Then, he went around him and walked in the direction of Yan Jun..

When grandfather huo went over, Yan Jun, who was sitting, also hugged Yu Han and stood up to greet him. "How is the old chief?"

"It's not a big deal." Grandfather Huo loosened his walking stick and looked at the little doll in Yan Jun's arms. He was so happy that he said, "it's only been a while, and the little guy has already grown so big? Come, let me hug him!"

Yu Han was not shy and happily followed grandfather huo into his arms. He even stared curiously at the Tuft of white beard on Grandfather Huo's Chin and was about to reach out to grab it.

Grandfather Huo could not help but laugh. "When I saw him back then, he was just a little guy. Look, he's already so heavy now!"

Yan Jun smiled faintly. He looked at Yu Han and taught him, "Han 'er, this is great-grandfather."

Grandfather Huo and Yan Youcheng were of the same generation, and the relationship between the two families was so close. It wouldn't be an exaggeration for Yu Han to call him great-grandfather.

"Ya... also..." Yu Han moved his little mouth and followed suit ...

When grandfather huo heard this, his heart was also filled with joy. "He's a clever young man. The Yan family has a successor. With Youcheng going, he can rest assured."

As he spoke, he turned back to glare at Huo Ting and scolded, "why aren't you learning from Yan Jun? Get married and have children as soon as possible! That way, I can rest assured!"

Huo Ting, "...innocent bystander.

He Jin looked at him and rolled his eyes. In order to make up for his gaffe just now, he started to please grandfather huo again "Old chief, don't be anxious. Isn't little Ting engaged to the daughter of the Su Family? Pick an auspicious day and let them hurry up with the wedding. By this time next year, they can also have a great-grandson!"

"That's true." Grandfather Huo nodded and his expression softened.

He Jin's words were to please grandfather Huo, but it made huo ting unhappy.

Suddenly, he remembered what he had said to Su Xiangxiang on the mountaintop not long ago.

Chapter 1455: what are you waiting for?

Huo Ting was playing with the little guy in his arms. When he heard Yan Jun's words, the smile on his lips froze. "In the hospital, he hasn't woken up yet. The people from the left are running around in circles, but the strange thing is, no one came to the Yan family to cause trouble."

Everyone was doing their own thing. Lu Yiming was injured and unconscious, so the people from the left were naturally anxious.

Even if they rushed to the Yan family to settle the score with Yan Jun, it was very likely. But this time, everyone was too quiet.

"Lu Yiming himself knows the reason for this matter. I reckon that not many people from the left side know the inside story," Yan Jun said slowly, his voice clear.

Once people found out that Lu Yiming's shot was shot by Yan Jun, everyone would ask why?

The reason would naturally involve Yan Youcheng's matter.

"At least he knows his own limits!" Huo Ting snorted, his face full of disdain.

After they finished talking about this topic, Huo Ting was silent for a moment before asking Yan Jun, "you've waited for such a long time. Isn't it just to wait for an opportunity that everyone wants? Now, more than 80% of the right side supports you. Why are you still hesitating?"

Huo Ting continued the topic that grandfather huo did not continue earlier.

When Yan Jun heard this, his cold eyes narrowed slightly and his voice was ethereal. "today is different from the past."

"What exactly are you waiting for?" Huo Ting could no longer see through Yan Jun. his thoughts seemed to jump out of everyone's mind.

His vision was always so long-term.

Yan Jun pursed his lips and turned to look at the mourning hall not far away. There was an endless stream of people coming to pay their respects.

"waiting for a chance to strike first." Yan Jun's phoenix-like eyes narrowed slightly. His clear voice was like water splashing onto bluestones.

He Shot Lu Yiming.

Lu Yiming was a vengeful person. When he woke up, he would definitely strike again and cause trouble for Yan Jun..

At that time, the Fox would reveal its tail. That would be the time to capture him in one fell swoop.

"..." Huo Ting's jaw tightened when he heard that. However, he did not try to persuade Yan Jun. instead, he said, "if there's anything I can help you with, just let me know."

Yan Jun's eyes deepened. He turned around and looked at Huo Ting before nodding. "okay."

As the two of them spoke, di Qu walked over again. "young master, Madam invites you to the main hall."
"

Before Yan Jun could speak, Huo Ting said, "go and do your work. I'll help you take care of Yu Han for a while."

The main hall had been arranged into a mourning hall. There were too many people coming and going, so it was not suitable to bring Yu Han there.

"That's good too. Jin Qi is in the backyard." Yan Jun nodded and casually reminded him. Then, he walked to the main hall with Di Qu.

Huo Ting was stunned. He stared at Yan Jun's back in a daze.

Yu Han, who was in his arms, did not cry when he saw his father leave. Instead, he smiled excitedly.
“Mommy... is looking for...”

Huo Ting then came back to his senses. He looked down at him in amusement. “Okay, let’s go look for your mommy!”

“...”

In the backyard.

Ji Xinyu had specially sent someone to inform Xia Jinqi that she did not need to go to the main hall for the time being. She wanted to bring the child to familiarize herself with it first and then go over later.

Not long after, Xiao puff woke up. Xia Jinqi carried her downstairs for a walk.

It was rare for the sun to come out in the afternoon. The sunlight was quite good, and the few wintersweet plants in the courtyard were blooming beautifully. The scenery was just right.

“Are you cold, Xiao puff?” Xia Jinqi sat Xiao puff on her lap and stretched out her hand to tighten Xiao puff’s red hat for her. She then tied up a Cape of the same color and wrapped Xiao puff tightly, revealing a white and red rice ball face.

Chapter 1456: mistakenly handed the love letter to the male deskmate of the class Belle

“Ma...” Xiao puff smacked her lips and did not answer Xia Jinqi. Her large black and white eyes were looking around, especially the pink and pink plum blossoms, which attracted her gaze.

She had just woken up. After looking for a while, she yawned again. Her small mouth was whimpering and whimpering, looking extremely cute.

Xia Jinqi could not bear to move her gaze away from her face. As she looked, she sighed. “How can you be so cute?”

Just as she finished speaking, a hearty laughter came from behind her. “Girl, look who I’ve brought for you.”

Immediately after, a soft and cute voice was heard. “MOMMY!” It was both excited and excited.

Xia Jinqi subconsciously turned her head and saw Huo Ting, who was dressed in a military uniform, carrying Yu Han as he walked towards her.

It had been a long time since they last met. She quickly smiled and said, “Er Huo? Why are you here?”

“I just met Yan Jun. he went to work and asked me to bring the child back to you.” The smile on Huo Ting’s face did not diminish. He carried Yu Han and walked to Xia Jinqi’s side and sat down.

Only then did Xia Jinqi turn her gaze to Yu Han. “Did you cause daddy any trouble?”

“HEHEHE!” Yu Han only smiled mysteriously. It was as if everything just now was a secret between him and his father.

When Xiao puff saw her brother coming, she stretched out her chubby little hand to touch him.

Yu Han also stretched out his hand. The brother and sister began to play hand-grabbing games. n)/o/-v)(e-L))b-)./n

Xia Jinqi was only focused on looking at the two children. She did not notice that when she lowered her eyes, Huo Ting's gaze never moved away from her face.

"Why isn't my hair growing?" He looked at her short hair and suddenly frowned.

"Ah?" Xia Jinqi raised her head and touched the back of her head. She said embarrassedly, "It's already grown a lot. Didn't you see that when I cut my short hair in Macau, I was a complete tomboy!"

Thinking of the first time she cut her hair so short, Xia Jinqi still had lingering fear.

She would never cut it so short again in the future God knows she had been looking forward to her hair growing faster!

"You How did you change so much from when you were young I remember one summer, I shaved my head and asked you to shave your head too. You refused, so I took a pair of scissors and cut a little for you. You cried for a day and refused to talk to me for a week How could you do this now?!" Huo Ting suddenly remembered what happened when he was young Then, he looked at the current Xia Jinqi. She really had changed a lot.

Xia Jinqi had forgotten that huo ting had suddenly mentioned her, and she also remembered it. The look in her eyes when she looked at Huo Ting changed. "You still want to say it? I actually asked you to Shave your head with me? To think that you can think of such a thing! HOW STUPID!"

Besides, who wasn't a pretty little girl back then How could she be willing to shave her head... ..

"Then why did you cut it so boldly this time?" Huo Ting asked.

Xia Jinqi rolled her eyes and recalled the time when Yan Jun sent her to Macau. He whispered in her ear, saying that he wanted to see her short hair... ..

Was He bewitched Because of that sentence, she was the one who had to cut off her long hair.

However, she didn't say it and only smiled mysteriously. "CUT IT IF YOU WANT! Anyway, this is a renewable resource. Will it grow out next year?"

"The more I talk about it, the more I lose my integrity. It's a renewable resource..." Huo Ting facepalmed, his face full of helplessness.

"Yes, yes, yes. How can I compare to you, chief? YOU HAVE INTEGRITY!" Xia Jinqi smiled slyly. "I can't compare to you, chief, who mistakenly handed a love letter to the male deskmate of the class Belle, and then the whole school went crazy saying that you're actually gay!"

Chapter 1457: The Person Huo Ting liked

The smile on Huo Ting's face froze. He quickly looked left and right to make sure that no one was around before he stared at Xia Jinqi with a serious expression. "Hey! Just forget about this! How long has it been? Do you still remember it?"

"Hahahaha!" Xia Jinqi laughed so hard that she almost choked!

Back then, Huo Ting had done many legendary events that shook the heavens and earth!

Many of them were buried deep in his youth that had never returned. Just the occasional thought of one or two of them would make people laugh until they cringed!

Huo Ting was originally quite embarrassed, but when Xia Jinqi laughed like this, he couldn't help but shake his head and laugh helplessly. "Sigh, all the embarrassing things in my life have been found out by you, little girl!"

"HAHAHA! So you have to be careful. Don't provoke me, or else... HMPH! The next day, the gossip of our Rao city's head chief will be all over the news!" Xia Jinqi couldn't stop laughing. Thinking back to the time when Huo Ting sent the wrong love letter, he didn't dare to go to school for a long time and hid at home to go crazy with her.

Probably because he knew how ridiculous he was when he was young, Huo Ting could only smile helplessly. "How would I dare to provoke you? You are now a big shot who has a lot of dirt on me! I have to feed you well!"

"PFFT, Hahahaha!"

Xiao puff and Yu Han looked at each other. They did not know what the two adults were laughing about and continued to play the hand-grabbing game.

At this moment, Su Xiangxiang, who happened to follow Ji Xinyu into the backyard, also heard such happy laughter.

Subconsciously, she looked towards the source of the sound and saw that the usually stern and solemn chief was smiling like a child at this moment. There was no restraint at all. It was a sunny and beautiful sight that Su Xiangxiang had never seen before... ..

Her footsteps suddenly stopped, and the expression on her face was very stiff.

If Ji Xinyu had not turned around to ask if she was feeling unwell and her expression was so bad, she would not have noticed it... ..

She hurriedly withdrew her gaze, lowered her eyes, and shook her head. "I'm fine..."

"You must have caught a cold, right?" Ji Xinyu looked at the drenched Su Xiangxiang from head to toe. Her gaze was filled with pity, and she immediately pulled her to take two quick steps forward. "You're about the same size as Jin Qi. I'll get her to find a set of clothes for you to change into so that you don't catch a cold!"

"Alright." Su Xiangxiang nodded and followed Ji Xinyu in the direction of Huo Ting and Xia Jinqi.

Unconsciously, her gaze fell on Huo Ting again. She looked at him smiling, at him looking at another woman with an extremely gentle and dotting gaze... ..

It was a beautiful woman holding a child in her arms.

The warm sunlight shone on her body, and it was actually an indescribable hazy beauty... ..

Was this the person that Huo Ting had said he liked?

For some reason, her heart felt a stab of pain.

Su Xiangxiang gritted her teeth. She did not understand why she was feeling so stifled and uncomfortable at this moment.

In a trance, Huo Ting and Xia Jinqi, who were in front, also sensed their approach and turned their heads around.

Su Xiangxiang really did not have time to notice how Xia Jinqi was doing. She only saw that the moment huo ting, who was originally smiling warmly and brightly, looked back and saw her, the smile on his face seemed to have been frozen by ice and snow, and then gradually disappeared.. Until his tightly knitted brows.

Noticing the change in Huo Ting, Su Xiangxiang's heart seemed to be even more depressed... ..

"Chief Huo is also here?" Ji Xinyu first greeted Huo Ting.

Chapter 1458: What happened to Zhang Xiangxiang?

"Yes, Yan Jun went to work. I'll send Yu Han over." Huo Ting nodded with a serious expression. It was unknown where the young man with the bright smile had gone.

"thank you for your trouble." After Ji Xinyu thanked him, she looked at Xia Jinqi. "Jinqi, this is Xiangxiang. She accidentally fell into the pool and her clothes are all wet. Can You bring her to change?"

Xia Jinqi only noticed that the girl's clothes were all wet when she heard that. In addition to Ji Xinyu calling her 'Xiangxiang', she immediately understood. She looked at huo ting with a smile in her eyes and said to Su Xiangxiang, "Miss Su, come with me."

She remembered that Huo Ting's fiancée was called Su Xiangxiang. Coincidentally, this girl was also called Xiangxiang, so she was alone.

"sorry for the trouble." Su Xiangxiang looked at her embarrassed self.

"It's okay." Xia Jinqi handed the Xiao puff to Ji Xinyu and then brought Su Xiangxiang upstairs.

Ji Xinyu hugged the Xiao puff, and a smile immediately appeared on her face. "My little baby! Mommy will come in a while! Grandma will play with you!"

"Na..." Xiao puff spat out a bubble and looked at Ji Xinyu with a smile. Ji Xinyu was so amused that she couldn't close her mouth.

Huo Ting, on the other hand, kept looking at Su Xiangxiang who had left with Xia Jinqi.

Most of her clothes were wet. It was winter, so one could imagine how cold it was.

The wrinkles between her eyebrows became deeper. Huo Ting turned to Ji Xinyu and asked, "Auntie, what happened to Xiangxiang?"

Hearing this, Ji Xinyu came back to her senses "She said that she accidentally fell into the pond. "Some time ago, our house was renovating and we added a new fish pond. The water isn't deep, but it's bone-chilling in this winter. "I'm old, and my clothes aren't what young people like. I thought that she might like Jin Qi's clothes, so I brought her here. "

"..."Huo Ting's expression turned even uglier when he heard this.

The fish pond that Ji Xinyu mentioned was right next to the main hall. The surroundings were very open, and there were gravel roads everywhere. How could she accidentally fall?

Why didn't that girl know to be more careful when walking?

The water in the pond was so cold in winter. What should she do if she caught a cold?

"..."

Xia Jinqi brought Su Xiangxiang to the cloakroom.

Thinking that she would be Erhuo's wife in the future, which meant that they were family, Xia Jinqi was also very kind to her.

"My clothes are all here. Take a look. Which one do you like? These are all new and haven't been worn yet. " Xia Jinqi pointed to the winter clothes hanging on the wall next to her. There were dresses, pants, and jackets.

There were many clothing brands under the Yan Corporation. They sent her quite a number of clothes every once in a while, even though she had never worn them... ..

Su Xiangxiang was very reserved, and her face was pale. "Okay, thank you. "

Her clothes were all wet. When she walked in, the floor was dripping, and she felt very apologetic.

However, she quickly chose a set of clothes that looked warmer and turned to look at Xia Jinqi. "Is this one okay?"

"OF COURSE!" Xia Jinqi nodded readily and said, "the bathroom is next to it. You can take a hot shower first before changing. I'll wait for you downstairs. "

"Okay. " Su Xiangxiang nodded and turned to go to the bathroom.

After taking a hot shower and changing into clean and warm clothes, her body suddenly felt less cold.

When she went downstairs, Xia Jinqi walked over with a bowl of hot ginger soup and handed it to her. "drink it while it's hot. You cooked it casually while you were taking a shower. I hope the effect will be the same. "

Chapter 1459: such a decision... .. would be good for everyone

Su Xiangxiang carefully took it and looked at the steaming ginger soup with a dull expression. Then, she looked at Xia Jinqi and behind her.

The kitchen was empty, and it didn't seem like there were any servants doing it for her. So, she asked, "did you cook it yourself? "

"Yes. It's a little spicy. After drinking it, my body will warm up a little. " Xia Jinqi didn't care too much.

The Yan family had been coming and going these few days, and there was too much to take care of. The servants were basically busy in the main hall. Xia Jinqi was bored waiting for Su Xiangxiang downstairs, so she casually cooked the ginger soup. It was a piece of cake.

Moreover, this was the person who was going to spend the rest of her life with Huo Ting, so she naturally had to treat her better.

"thank you. " Su Xiangxiang smiled warmly and drank the bowl of ginger soup in her hand.

It was indeed spicy. It went from her mouth to her stomach, and soon her body felt like it was burning. It was extremely warm.

Just like the feeling Xia Jinqi gave her, it was so warm and warm... ..

In the past, she only knew that the Yan family was a big family that even the huos could not compare to. She did not expect the young Madam of the Yan family to be such an amiable person.

It was only the first time they had met, and she had already personally cooked ginger soup for her.

She was really a very good person!

"YOU'RE WELCOME!" Xia Jinqi could not help but laugh and tease her when she saw that she was so supportive. "If you catch a cold, won't Erhuo come to settle the score with me and Yan Jun? "

Hearing Xia Jinqi's words, Su Xiangxiang's mind wandered and she choked. "Cough, cough, cough! "

Xia Jinqi saw that her face was red from choking and quickly asked, "are you alright? "

"I'm fine..." Su Xiangxiang shook her head. Seeing Xia Jinqi's enthusiasm, she liked her even more, but... "The er huos you mentioned just now, are you referring to chief huos? "

"Yes. " Xia Jinqi nodded. Then, she remembered that it seemed inappropriate for her to address Su Xiangxiang as Huo Ting. She smiled awkwardly and explained "We were neighbors when we were young. We grew up together, so we're used to it. Miss Su, please don't mind. "

Su Xiangxiang smiled and shook her head. "You can call me Xiangxiang. "

"Xiangxiang... that's a really nice name. " Xia Jinqi was intoxicated for a moment before she said, "you can call me Jinqi or Xiaoqi too. We're family now. "

"A family..." Su Xiangxiang murmured softly, and for a moment, she was absent-minded.

“What’s wrong?” Xia Jinqi saw that her expression was not right. She seemed to be deep in thought, as if there was something on her mind.

Su Xiangxiang came back to her senses and smiled bitterly. “Hasn’t chief Huo told you yet? We’re going to break off the engagement.”

Her voice was sweet and pleasant to hear, but at this moment, there was a hint of worry in it. People who heard it could not help but feel sorry for her.

Huo Ting indeed did not tell Xia Jinqi about this news. Not only Xia Jinqi, he did not even tell everyone else.

Whether it was because of trivial matters or his instinctive avoidance of it, even he himself could not explain it clearly.

Xia Jinqi’s expression froze. When she looked at Su Xiangxiang, her eyes were filled with astonishment.

Why had she never heard of this matter?

“Have you... discussed it?” Xia Jinqi hesitated and could only ask this question ...

She did not know the exact situation at all.

When she was chatting with Huo Ting just now, she did not notice the slightest movement. How could it be so sudden?

“En!” Su Xiangxiang nodded heavily, as if she was telling Xia Jinqi, but also as if she was telling herself, “we’ve discussed it. This decision... is good for everyone.”

Chapter 1460: Were you careless, or did someone do it on purpose?

“...” Xia Jinqi did not ask further. After all, this was a private matter between Su Xiangxiang and Huo Ting.

After a moment of silence, Xia Jinqi brought her out again.

When they reached the courtyard, they found that huoting was the only one sitting in the courtyard. Ji Xinyu and the two children were nowhere to be found.

Xia Jinqi frowned and looked around. She did not see anyone, so she asked, “where are the children?”

“Auntie took them to her room. She said that the wind is blowing outside and she’s afraid of catching a cold,” huoting replied. He unconsciously looked at Su Xiangxiang who was behind Xia Jinqi.

Perhaps she just wanted to see if she had changed her clothes, and she didn’t mean anything else.

“Oh.” When Xia Jinqi nodded, she noticed Huo Ting’s gaze. Seeing him staring at Xiangxiang, she couldn’t help but snicker. How did this look like they were going to break off the engagement?

She clearly had her heart set on the girl, but she still stubbornly refused to admit it. n--0/-v/-e(/ℓ-.b-/l-.n

She had grown up with Huo Ting since young. Now that she was married and had children, she naturally hoped that Huo Ting would quickly find the right woman for him.

Even though she had only met Xiang Xiang once and had only spent half an hour with her, her sixth sense told her that she was a good girl and very suitable for Huo Ting.

After thinking for a while, she decided to help them.

"It's almost time, I should go to the main hall. You two talk first!" After saying that, she did not give the two of them time to react and quickly opened her purse.

By the time Huo Ting came back to his senses, Xia Jinqi had already run away without a trace.

The wind happened to blow on her face, and it was ice-cold.

For a moment, only huo ting and Su Xiangxiang were left in the courtyard.

Ever since they parted on the mountaintop last time, this was the first time the two of them had been alone together.

Huo Ting was thinking of saying something to break the awkwardness at this moment, when the girl in front of him took the initiative to say, "Xiao Qi is really a cute person. I like her very much too."

Also?

This sudden word made huo ting furrow his eyebrows.

He looked back and his deep gaze fell on her slightly abnormally red little face.

For a long time, he could not see anything.

When he saw that she had already changed into a light-colored winter outfit, he remembered what had happened before. His black eyes narrowed and he asked, "why did the clothes from before get wet?"

Su Xiangxiang did not expect him to change the topic so obviously. She mocked herself in her heart.

She was not even qualified to mention Xiao Qi in front of him... ..

Her heart ached, but she still answered, "I accidentally fell into the pool."

"How could you be careless on such a flat road?" Huo Ting raised his eyebrows. Seeing that she was avoiding his gaze, he keenly sensed that she was deliberately hiding something.

"I was just thinking about something else." Su Xiangxiang found an excuse to avoid looking at Huo Ting. She even turned around and wanted to leave.

It was obvious that she was running away.

The more she acted like this, the more huo ting wanted to get to the bottom of it.

He grabbed her arm and asked persistently, "what happened? Were you careless, or did someone do it on purpose?"

It was not surprising that Huo Ting would ask this when he recalled the time at the shooting range.

Su Chuang had many affairs when he was young. The Su family had a large population, so it was natural that there were more disputes.

In addition, among Su Chuang's many children, Su Jiangong was the most talented. His two sons were the best of the best, and his daughter was going to marry into the hu family. It was inevitable that he would become the target of public criticism.

Su Xiangxiang did not want to mention this matter, but Huo Ting unexpectedly guessed it.

Suddenly, her expression changed. She bit her lower lip and sighed. "Fu Wanqing pushed me. I couldn't stand properly and fell down."
