

Trick Me 1501

Chapter 1501: He told me to come back and get something

Xia Jinqi looked down and saw Xiao puff's big, round eyes that had just opened. "You're awake?"

"Mommy..." Xiao puff smiled happily when she saw Xia Jinqi hugging her.

"Yes, Mommy's here." Xia Jinqi also smiled and adjusted her hat. Only then did she realize that her hands were already sore.

She didn't rest after hugging her for the whole journey.

Just as she was about to change her arms to hug her, a series of explosions suddenly erupted on both sides of the mountain path!

"Bang Bang Bang!"

In an instant, the earth shook and the mountains shook!

The entire funeral procession was thrown into chaos. Everyone swayed left and right, almost falling to the ground!

Everything happened so quickly that Xia Jinqi had no time to react. Countless gunshots rang out in the surroundings, as well as shouts. "Quick! PROTECT YOUNG MADAM!"

After that, countless people came over and surrounded Xia Jinqi and the children.

Xia Jinqi couldn't care less. She brought Ji Xinyu and Li Jie and retreated to the back of the coffin!

At the same time, Fang Shaoan, who was standing guard in front of the Lu family's official residence, took off his Bluetooth headset and turned to look at the team of Special Forces soldiers behind him. "I'll go in first. After you see them open the door, charge in!"

"Yes, Minister!" The Special Forces soldier in black combat uniform nodded and leaned forward with the submachine gun in his hand.

There were about twenty people behind him. They all spread out and hid in the surroundings.

Fang Shaoan immediately stood up, tidied up his clothes, and swaggered toward the Lu family's main gate.

Lu Yiming was not there, and most of the bodyguards in the mansion had been transferred away. There were fewer people inside, so the defense was even tighter. Ordinary people, let alone entering, would be immediately warned even if they came a little closer.

However, Fang Shaoan was different. In the past, when Lu Yiming was here, he always came and went as he pleased, and this time was no exception.

But this time, the gatekeeper greeted Fang Shaoan as usual and asked, "Minister Fang, are you here to see sir? Sir is still in the hospital."

Fang Shaoan made up an excuse. "He asked me to come back to get something." As he spoke, he handed a cigarette to the gatekeeper.

Although this person was just a gatekeeper, without him controlling the mechanism inside, the door made of pure steel in front of Fang Shaoan could not be opened.

Once someone was found to have forced their way in, the high-voltage power grid on the door would be triggered immediately. One touch and you would be in close contact with the grim reaper.

Lu Yiming treasured his own nest. This level of protection also showed that he had a secret in his heart. There must be some secret hidden in this official residence!

It was also because of this that Yan Jun let Fang Shaoan take advantage of this opportunity to bring people to raid his home.

Lu Yiming's heart was set on letting Yan Jun die. At this time, all his energy must be focused on Yan Jun and he would not care about what happened here!

The security guard at the door also took the cigarette that Fang Shaoan handed over without any courtesy. Without Smoking, he put it behind his ear and turned around to open the door.

But after taking two steps, he paused again. Frowning, he turned to look at Fang Shaoan and said in puzzlement, "but Sir said that when he is not here, no one can come in..."

Fang Shaoan's heart skipped a beat, but he still pretended to be calm. "I'm not going to say anymore. I'm here to get something for Sir. He's in the hospital now. How can he come back?"

"I see... What are you going to get?" The security guard continued to ask suspiciously ...

Chapter 1502: you're really a 'good person'

The security guard also knew how to do his duty. If anything were to happen, he would not be able to shoulder this responsibility.

Especially since he knew Lu Yiming's temper very well. At that time, it was even possible to beat him to death.

Not to mention that the person who came today was Fang Shaoan, even if Qu Yang was here, he would still have to ask about it.

Fang Shaoan was just telling a small lie, but who knew that the security guard would start to ask about the details.

At that moment, he let out a long sigh and hid the panic and embarrassment in his heart. At the same time, his brain spun rapidly and he began to find an excuse. "Old Bao, you don't know how violent Mr. Lu's temper is!"

The security guard, who was originally full of doubts about Fang Shaoan's motives, was immediately attracted by his words. "This... I do know."

“...”Fang Shaoan rolled his eyes. In an instant, his mind seemed to be stuck and he could not think of a reason for it. He could only pretend to sigh and pinch his forehead to cover his eyes. He did not want old Bao to see through the anxiety in his heart at this moment.

He could only blame himself for knowing too little about Lu Yiming!

This suddenly made him think of a reason. It was as if someone had hit him on the head with a stick. He could not find the north, south, east, or West! ! !

Lu Yiming usually did not have any hobbies, so what should he say at this time... .. n..OveLB1n

Old Bao saw Fang Shaoan holding his forehead with his hand in distress and asked tentatively, “Minister Fang? What exactly did sir ask you to come back for?”

Fang Shaoan was urged to do nothing. If he did not come up with a little excuse, he might be exposed!

He was about to grit his teeth and go all out. “Aiya, old Bao, you’re not an outsider, so I’ll tell you! Two days ago...” when he said this, Fang Shaoan’s eyes were still darting around, making things up “Mr. Lu... he asked me to do something... Yes, he asked me to do something! In the end, I drank two more cups and forgot about this matter! I have to hurry up and take the documents to do something. Otherwise, if Mr. Lu finds out, I’LL BE FINISHED!”

After saying that, even Fang Shaoan himself believed it... .. As if it was true ! Only then did he realize that he had the potential to make things up ! ! !

Old Bao was stunned for a moment. Then, he remembered Fang Shaoan’s ridiculous reputation outside, so he winked and said, “did you drink too much with a beauty? Minister Fang is really hot-blooded!”

” ... ” the corner of Fang Shaoan’s eyes twitched, and he chuckled, “this... you’ve already guessed it...”

F * Cking hot-blooded! ! !

Ever since that night when he had drunk sex with Zuo Xiaoran, he had never touched another woman!

This was the longest he had endured since he became an adult!

God knows how he had survived that long night... ..

When old Bao saw Fang Shaoan nod, he really thought that he had guessed it right. The smile on his face became even more ambiguous. “WE’RE ALL MEN! The things in the crotch are all the same, Hahaha!”

Fang Shaoan winked and echoed, “yeah... Sigh, what a mistake!”

Having said that, Fang Shaoan had embarrassed himself. Old Bao naturally did not doubt him anymore. He immediately went back and pressed the button in the security booth. The steel door opened with a click Then, it slowly opened.

Fang Shaoan was not in a hurry to go in. Instead, he waited until the door was completely opened before he took a step forward and stood in front of old Bao. “thank you, old Bao. You are really a ‘good person’ . ”

Chapter 1503: F * Ck You YOU SHAMELESS SCUM!

“It’s a piece of cake!” Old Bao chuckled. He had bad intentions and said, “minister, can you bring me along when you go drinking next time? I WANT TO CHEAT TOO! My wife is so strict at home. I’ve been suffocating all these years!”

What he meant was that he wanted to follow Fang Shaoan to the brothel to find a lady.

After all, with Fang Shaoan’s status and his reputation as a playboy, the lady he found must be top-notch. This old Bao was up to no good.

However, the moment he finished speaking, before the smile on his face disappeared, Fang Shaoan had already waved his fist over!!!

With a bang, old Bao fell to the ground and looked up at Fang Shaoan with a dumbfounded expression...

...

“F * Ck You! YOU SHAMELESS SCUM! You have a wife and you’re still fooling around outside! ! Be careful not to let your wife and chicks stew mushrooms!” Fang Shaoan spat at old Bao fiercely Looking down at him from above, it was as if he was looking at the country’s vermin!

The moment he finished speaking, a group of Special Forces soldiers who had been lying in wait outside immediately rushed in!

When the Group of Special Forces soldiers in handsome black combat uniforms with guns rushed past his eyes, old Bao was extremely shocked!!!

He looked at Fang Shaoan as if the world was coming to an end... ..

The number one playboy of Rao city, the number one scumbag, actually said such sanctimonious words?

Oh No!

What was going on with these Special Forces soldiers?

“You... you guys...” old Bao hurriedly wanted to get up, but Fang Shaoan raised his leg and kicked him again, causing him to fall to the ground. “Trash! SCUMBAG!”

After swearing, Fang Shaoan just turned and started to walk, followed the footsteps of the Special Forces.

Humph!

If he has a wife in the future, he must devote himself to her, only love her a, only spoil her a Just like Master Yan and sister-in-law!

Striding forward like a shooting star, Fang Shaoan felt for the first time that his back could stand straight like this, and he walked with the wind!

—

In the hospital. n.-OVel&1n

Lu Yiming and Zhao Chongbin are nervously looking at the screen of the Dragon head captured by the drone camera.

“Great! Blast them to death!” Lu Yiming slapped his thigh in excitement!

Zhao Chongbin leaned back and watched everything in front of him without saying a word.

The good show was about to begin.

In the footage, it was the time of the explosion. Smoke rose everywhere and the wind stirred!

The people who were caught in the rain of bullets could not care less about the latest drone hovering above them?

The people who were carrying coffins and holding wreaths in the funeral procession tore off their school uniforms, revealing their black suits and the mark on their chests that represented black tortoise hall.

Everyone tacitly surrounded Xia Jinqi and used their flesh and blood to build an iron wall for Xia Jinqi, Ji Xinyu, and the two children!

Xia Jinqi’s expression suddenly changed. Without thinking, she placed Xiao puff into Ji Xinyu’s arms and turned back to look at Li Jie. “protect your mother and children!”

Then, she turned around and resolutely squeezed out of the group of bodyguards!

“JINQI!”

“Chairman!”

Ji Xinyu and Li Jie shouted at the same time. Both of them held their children in their arms and couldn’t follow them. They could only watch as Xia Jinqi left.

“Wah! !” Xiao puff was even more frightened by the scene in front of her and burst into tears.

Yu Han did not cry, but his small face was also Pale. Clearly, he was quite frightened.

Chapter 1504: I’m going to find Yan Jun!

The Moment Xia Jinqi squeezed through the crowd, she conveniently took out a pistol from the waist of one of the bodyguards and found cover to move forward.

Most of the gunshots came from the left, and she planned to move forward from the right.

She had only taken a few steps when a man wearing a black mask and hat suddenly approached her. He grabbed her arm and pulled her forward.

Xia Jinqi was shocked. Just as she was about to retaliate, she looked back and saw the Black Tortoise Hall logo on the man’s left chest. She immediately withdrew her hand and followed his steps.

She was puzzled. This person... .. Why did it feel so familiar ??

It felt like she had seen him somewhere before?

However, the flames of war were raging, and she did not have the time to confirm this person's identity. She would not know that the person who was pulling her forward was none other than Yan Qing, who had told her that he would go overseas.

He covered himself up tightly. Firstly, he did not want outsiders to know his identity. Secondly, he did not want Xia Jinqi to know his identity.

He was originally in charge of protecting Xia Jinqi. Now that he saw Xia Jinqi charging out alone with a gun, he naturally had to follow her.

"I'm going to find Yan Jun!" Xia Jinqi said seriously as she looked at the thick smoke coming from both sides.

Yan Qing stiffened slightly, but he did not turn around to look at her, nor did he bring her forward. He only said in a hoarse voice, "it's dangerous up ahead!"

"I want to know if he's okay!" Xia Jinqi did not explain anything to him. She curled her body and carefully moved forward again!

During the time she was in Macau, she had been practicing her marksmanship and martial arts every day. She had originally wanted to scare those people from Lego, but who knew that it would come in handy now!

Yan Qing looked at the brave and stubborn her who was moving forward, and his heart felt a little sour. However, he quickly put away his emotions and quickly followed her!

At this moment, in front of the thick smoke, Yan Jun held Yan Youcheng's memorial tablet with one hand. He turned his body and leaped up. The moment he landed, he used his left foot to kick the enemy who was already close to him. With the other hand, he pointed the pistol at the right side and pulled the trigger!

"Bang!" A person fell to the ground.

The third person had just rushed into the thick smoke. The moment the muzzle was pointed at Yan Jun, Yan Jun had already fired one step ahead of him, hitting the left side of the heart.

On the mountain, Huo Ting led the soldiers who had been lying in ambush for a long time to surround him. Meanwhile, the sharpshooter, Shangguan Nan, was still lying on the ground, aiming at all the enemies within his sight.

Every time he fired a shot, the powerful recoil caused his entire body to tremble!

But as long as he fired, he would not miss!

The people at the foot of the mountain who were outside the thick smoke were quickly taken care of by him!

"Your marksmanship is amazing!" Su Zhilian could not help but praise excitedly as he rushed down.

Just as he finished speaking, he heard someone in front of him shout, "There's an ambush! !"

Su Zhilian and Shangguan Nan looked in the direction of the voice at the same time!

They saw that on the right side of the originally Empty Mountain Path, a group of soldiers in camouflage uniforms suddenly rushed out. All of them were equipped with professional equipment, and in the blink of an eye, they started fighting with Huo Ting's men!

Judging from the scale, there should be 40 to 50 people!

"It's the regular army." Shangguan Nan immediately turned his gun and pointed it at his 10 o'clock direction!

Su Zhilian frowned as he thought about how the regular army would attack Huo Ting. Su Zhihang had already flown towards him, "BE CAREFUL! !"

Su Zhilian was instantly thrown to the ground. Then, he heard the sound of bullets brushing past his ears!

He was stunned... ..

Chapter 1505: his woman, he knew!

"This is a real battle, not a drill! BE CAREFUL!" His big brother lectured him, then stood up and rushed to the place where the firepower was most concentrated!

Su Zhilian gulped, then came back to his senses. He tightened his grip on the assault rifle in his hand and followed his big brother's footsteps.

At this moment, there was quite a strong east wind. It blew away the smoke that rose after the explosion, and the entire funeral procession was completely exposed!

Xia Jinqi hurriedly looked up and saw at least five people fighting with Yan Jun at the Front!

Without thinking, she took a step forward and rushed in his direction!

"Xiao Qi!" Yan Qing only diverted his attention to look at the group of people that suddenly rushed out from the right side. When he looked back, he saw Xia Jinqi running forward without caring about her own safety.

He instinctively wanted to chase after them, but another group of people pounced on him, completely separating him and Xia Jinqi!

At that time, Yan Jun turned over and gave a side kick, kicking the nearest person away. Then, he turned around and pointed his pistol at the people who were approaching on the left side. When he pulled the trigger, no bullets were fired!

There were no more bullets!

He frowned and subconsciously thought of changing the bullets, but his left hand was still holding his grandfather's memorial tablet. He could not let go no matter what!

At that moment, the muzzle of the person who rushed over from the left had already pointed at Yan Jun's heart.

Yan Jun was about to dodge, but he heard a fierce gunshot. The person on the left had already fallen to the ground.

While he was astonished, a petite figure had already rushed over!

She was wearing mourning clothes just like him!

It was Xia Jinqi!

Before Yan Jun could speak, Xia Jinqi had already dropped her pistol and Yan Jun's pistol in a flash. "Are you alright?!"

Yan Jun's black eyes darkened slightly. Then, from the corner of his eye, he happened to catch a glimpse of the enemy rushing over from behind Xia Jinqi. He quickly raised his hand and took care of them with one shot!

"Why are you here? Where are the children?!"

Xia Jinqi took advantage of this time and quickly took out the magazine and loaded the pistol!

In the blink of an eye, the two of them were relieved and handed their backs to each other, standing back to back tightly!

Xia Jinqi fired three shots consecutively, hitting two enemies who were rushing over!

"Li Jie will protect them. I'll help you!"

Yan Jun heard this and his thin lips curled up slightly. "Alright!"

He did not say any unnecessary words, and he did not blame her for changing her actions on her own. Yan Jun knew her character and would never leave her alone!

He knew his woman!!!

Seeing that Yan Jun and Xia Jinqi were surrounded, Li Kun's face darkened.

He did not know why another group of people suddenly appeared!

Lu Yiming only gave him 12 people and asked him to come and snatch the coffin. That was why Yan Jun had arranged all his bodyguards to protect Ji Xinyu and the children.

Those 12 people, plus Huo Ting's men on the mountaintop, should have been more than enough!

However, the group of people who suddenly appeared on the right side of the funeral procession had the advantage in numbers and were all ruthless. They did not have any scruples at all!

If this went on, Yan Jun would be in danger!

Li Kun could not care about anything else. He turned around and fired his machine gun. After firing all the bullets, he rushed towards Yan Jun!

He knew that there were drones overhead filming, so he pretended to fire at Yan Jun. However, he found that there were no more bullets. He threw the pistol away and rushed up to fight with YAN JUN WITH HIS BARE HANDS!

Coincidentally, Yan Jun's bullets were also out, so the two of them fought with bare hands!

"There's a change in plan! Let's go first!" Yan Jun took advantage of the moment when the two of them were close to each other and said quickly!

Chapter 1506: should I give it to you to play with?

"Young Master, BE CAREFUL!" Li Kun heard this and did not stay any longer. He was kicked by Yan Jun and rolled twice before falling back into the grass.

When he stood up again, he immediately shouted, "grab the coffin and leave!"

When the subordinates who were about to rush forward heard this, they immediately turned around and pounced in the direction of the coffin!

In the middle of the team, Li Jie also heard Li Kun's shout at the same time. He immediately frowned and led JI XINYU TO RETREAT FORWARD!

"MOVE FORWARD! All of you, move forward!" As he spoke, Li Jie had already taken out his pistol. Even though he was still holding Xiao Yuhan in his arms, this did not hinder his vigorous movements and accurate marksmanship!

All those who tried to get close to Ji Xinyu were instantly killed by him. In the end, when everyone saw him, their legs went weak and they took a detour!

Even though he had recently washed his hands, the killing intent that was deeply imprinted in Li Jie's bones could not be washed away no matter how hard he tried!

In an instant, the kind of killing intent that could kill Gods and Buddhas surged out and suppressed all the enemies present!

Xiao Yuhan, who was in his arms, was not afraid at all. Instead, he felt extremely safe!

Li Jie was also very considerate. He pulled down the brim of Yu Han's hat and covered his eyes so that he could not see the scene of the battle in front of him.

After the smoke dispersed, Shangguan Nan, who was holding his gun on the high ground, had a chance to use it again. His gun was fast, accurate, and ruthless. HIS TECHNIQUE WAS CLEAN AND EFFICIENT!

"Bang, Bang, BANG!" With a few shots, he finished off the people surrounding Yan Jun and Xia Jinqi. Then, he turned back to help Huo Ting. Under such a double attack, the unknown team that appeared on the right side of the mountain path was quickly pushed back!

They did not seem to want to continue fighting. As they fought, they retreated. In the end, they successfully met up with Li Kun's people. The group of people carried the coffin and ran down the mountain. Their speed was extremely fast, but it happened in an instant!

"GO AFTER THEM!" Huo Ting very cooperatively led his people to chase after them!

Shangguan Nan also stood up at this time. He raised his sniper rifle and aimed at the drone that was still hovering in the sky. With a bang, he shot it down!

“Oh!” Lu Yiming, who was in the hospital watching the surveillance footage being suddenly cut off, was not angry that his drone had been shot down. He even clapped his hands and finally let out a sigh of relief “Chongbin, you’re right. Let Qu Ruoshan bring people over too! Otherwise, Li Kun wouldn’t have been able to come back!”

Zhao Chongbin, who was standing behind him, had just retracted his gaze from the computer screen. He was still holding Lu Yiming’s medical record book in his hand. As he made notes, he joked, “Yan Youcheng’s body has been snatched back. What are you going to do? Whip the body?”

Lu Yiming looked up at him and smiled sinisterly. “I’m only interested in things that can move. Unlike you, who is interested in corpses soaked in Formalin all day long!”

Then, as if he had thought of something, Lu Yiming suggested directly, “why don’t I give it to you to play with? Aren’t you doing some kind of dissection? Academic Research?”

“I’d love to.” Zhao Chongbin did not decline and immediately accepted it.

With an additional sample, what reason did he have to reject it?

Moreover, this person was so important to Yan Jun... .. If he kept it in his hands, it was equivalent to pinching Yan Jun’s pulse ...

Lu Yiming knew that Zhao Chongbin liked it. He first smiled and shook his head. Then, he lifted the blanket, got off the bed, and began to change his clothes. “okay, I’ll go check on that old guy. I’ll send it over to you when the time comes!”

Zhao Chongbin saw his impatient look and frowned. “You can’t be discharged yet. Your wound hasn’t healed yet.”

Chapter 1507: was an empty coffin!

“I know what to do with this small injury! I’m leaving!” Lu Yiming did not listen to his advice and left without looking back.

After he left, Zhao Chongbin closed his medical record book in satisfaction, a smile of success still hanging on his lips.

It was a pity that the drone was shot down, otherwise... .. He really wanted to see what kind of expression the people of the Yan family would have at this moment ? ?

It must be very exciting.

??`?

On Dragon Head Mountain.

“Boom!” A drone in the air was destroyed.

As the sound was heard, Huo Ting immediately stopped in his tracks. He looked at the group of people who had disappeared around the corner carrying coffins and put away his pistol. "Stop Chasing."

With his order, the soldiers behind him were all stunned. *novel*

Stop Chasing Could it be that they just watched those people escape?

Huo Ting did not explain anything. He walked back to Yan Jun and Xia Jinqi and asked, "are you all injured?"

"I'm fine." Xia Jinqi shook her head. She was not injured. Her hand holding the pistol was slightly trembling.

She was not scared, but she was not used to firing so many guns in a row.

Huo Ting also noticed it and raised his eyebrows. "Your marksmanship is not bad, Girl!"

How did he not know that the girl knew how to play this game?

"Li Jie taught me." Xia Jinqi smiled bitterly and shook her hand that was numb from the shock. She then turned to look at Yan Jun. "do you have other plans with Li Kun?"

Yan Jun nodded. "He knows where to go."

As soon as she finished speaking, Ji Xinyu ran over with Xiao puff, who was sobbing because she was tired. She asked anxiously, "Jun' er, why didn't you let people chase after him? ! You just watched them take away your grandfather's body!"

Li Jie followed closely behind with Yu Han in his arms. The murderous aura on his body had already been greatly restrained.

Before Yan Jun could speak, Xia Jinqi had already taken Xiao puff from Ji Xinyu's arms. "Mom, don't be anxious."

As she spoke, she wiped the tears off Xiao Puff's face.

Xiao Puff whimpered a few times and lay back on Xia Jinqi's shoulder. It seemed that she was also tired from crying. She looked listless... ..

"How can I not be anxious? ! Your grandfather has never suffered such humiliation in his entire life!" Ji Xinyu was so anxious that her eyes were red!

How glorious was Yan Youcheng's life when he was alive After death, how could he allow those lowly people to humiliate him!

Yan Sheng also hurriedly ran over. Seeing his daughter-in-law so anxious, he hurriedly put his arm around her shoulder and pulled her into his embrace. He comforted her, "alright, that's an empty coffin!"

"... " Ji Xinyu's originally anxious heart was instantly made a little dizzy by Yan Sheng's words. "An empty coffin?"

“Yes, mother. Grandfather isn’t in the coffin.” Xia Jinqi also nodded as if she was testifying for Yan Sheng.

Ji Xinyu’s feet swayed, and she almost fell.

Fortunately, Yan Sheng held her shoulders firmly, allowing her to barely stabilize her body. “Don’t be agitated. Your blood pressure will go up again in a while!”

Ji Xinyu pushed Yan Sheng away and glanced at the people in front of her one by one. She asked in disbelief, “you all know? Are you hiding this from me?”

Why did she feel like she was kept in the dark? ! !

But when she saw the expressions of these people, it was obvious that they had known about it all along!

Yan Jun and Xia Jinqi looked at each other. The two of them were very tacitly silent.

This difficult task naturally fell to Yan Sheng. He walked forward and put his arms around Ji Xinyu’s shoulders. He coaxed her, “aren’t I afraid that you’ll be worried? The children did this for a reason.”

Chapter 1508: dare to think what others don’t dare to think, dare to do what others don’t dare to do!

Ji Xinyu was so angry that she took a deep breath, but then she thought of the scene just now, and she still had lingering fear in her heart.

Thinking about it, life and death were just a thought, so why bother about such a small matter?

She sighed and asked, “then where is your grandfather’s body?”

Hearing this, Yan Jun narrowed his deep black eyes and looked at the way down the mountain, his thin lips curling slightly. “This will depend on grandmother.”

As soon as these words were said, everyone followed Yan Jun’s line of sight. They were all holding their breath and concentrating.

Only Xiao puff yawned. Outside of the situation, she looked at the blue sky and white clouds that were gradually clearing up. “clouds...”

At the foot of the mountain.

Li Kun and his group carried the coffin and ran down the mountain. When they reached the foot of the mountain, there was naturally a car to meet them.

When they were running on fire, no one noticed a medium-sized truck parked at the fork in the road.

When their car was completely out of sight, the door of the medium-sized truck was opened.

Long Qingxin, who was dressed in a white Qipao, got out of the car, went around to the back of the car, and opened the hatch.

“get down,” she said lightly. The few people in the car worked together to carry a coffin out of the car.

That coffin looked exactly the same as the one that Li Kun and the others had taken away on the way...
...

It was just that when the coffin was lifted, it was obviously heavier.

When Long Qingxin went up the mountain to meet up with Yan Jun and the others, the sky was completely clear.

The Sun shone all the way from the foot of the mountain all the way to the top of the mountain. It was extremely bright.

After the funeral procession was repaired, they set off again.

If it wasn't for the potholed rocks on the way, who would have thought that they had just experienced an ambush?

This time, Yan Jun still carried Yan Youcheng's memorial tablet and walked at the front.

Yan Sheng and Ji Xinyu followed closely behind, followed by the servants carrying Yu Han and Xiao puff.

Xia Jinqi took care of the two children along the way. As she walked, she suddenly remembered what had happened during the gunfight... ..

She seemed to remember that someone from the Black Tortoise Hall had been protecting her.

Moreover, he seemed to have called her Xiao Qi... ..

That voice... .. sounded a little familiar, but the gunshots were too intense, so she didn't hear it clearly ...

However, when she thought about it now, she felt that the voice should be someone she knew, right?

Could it be that someone she knew was in the Black Tortoise Hall?

As she thought about it, Xia Jinqi looked back at the long line behind her, but she didn't find anything strange... ..

..

Huo Ting and Wang Mang walked at the end of the line. Both of them had just experienced a tough battle, so it was the best time for them to exchange their insights.

Huo Ting looked up at Yan Jun who was walking at the front of the line. Even now, he still had some lingering fear in his heart. "He really dares to do it. A family guarding an empty coffin, making it look like it's real!"

"If it doesn't look like it's real, can Lu Yiming believe it?" Wang Mang smiled. Actually, to be honest, he admired Yan Jun from the bottom of his heart.

Not only did he have brains, but he also had guts.

He dared to think what others didn't dare to think, and he dared to do what others didn't dare to do!

"You're right." Huo Ting nodded, which could be considered as approval "He has already arranged everything, so he naturally has confidence. But I wonder what that team that appeared out of nowhere

is for The good plan was also disrupted, but Li Kun brought the coffin back. Although it was empty, it could not be considered to be nothing. Lu Yiming should not be able to see through his identity for the time being.”

“This is plan B. if there are any changes, let Li Kun take the coffin away directly.” As Wang Mang said, his footsteps suddenly stopped, and his face suddenly turned extremely green. “Oh no! There’s also Fang Shaoan!”

Chapter 1509: was still the same as before WHAT THE HELL!

Plan A was that Li Kun would bring people over to cause trouble, and then Yan Jun would catch him on the spot. At that time, Huo Ting’s people would all become witnesses.

At the same time, Fang Shaoan found relevant evidence at Lu Yiming’s house. In the end, Li Kun would also testify in court about the things that Lu Yiming had instructed him to do.

All of this was supposed to be on the basis of sending Lu Yiming to prison.

But now it was changed to plan B. Li Kun had left with the coffin. Lu Yiming’s side could not be moved for the time being, but Fang Shaoan had already rushed to Lu Yiming’s House with his people... ..

Everyone had a way out, but Fang Shaoan had not been informed yet!

Wang Mang could not care less about the sweat on his forehead. He immediately called Fang Shaoan.

As soon as the call was connected, Fang Shaoan’s curious voice reached his ears. “Are you guys done? I’m still searching here, so I haven’t found anything yet.”

They had made an agreement before. As soon as Yan Jun’s side succeeded, Wang Mang would call him immediately.

However, Wang Mang’s next words were different from what he had expected. “There’s a change in plan. Li Kun has returned to Lu Yiming’s side. Everything will be the same as before.”

“Ah?” Fang Shaoan’s body stiffened. His eyebrows were raised high as he asked with a dumbfounded look, “F * CK! Can’t you f * Cking tell me earlier? I’ve already rushed in with my men! You’re telling me everything will be the same as before? !”

God knows how much Fang Shaoan wanted to beat up Wang Mang Now!

If he had told him earlier that there was still a way to save him, he would have swaggered in with his men and tied up all of Lu Yiming’s lackeys. He even turned Lu Yiming’s study into a mess. Under such circumstances, could everything still be the same as before? ! !

After Lu Yiming found out, it would be weird if he didn’t kill him Everything would still be the same
WHAT THE HELL!

“This... wait a minute.” Wang Mang couldn’t make a decision and could only hang up the phone first ...

“beep Beep beep...” Fang Shaoan’s hand that was holding the phone shook heavily as the line was busy.

Then he walked to the window and looked at the servants and security guards who had been driven to the center of the courtyard, as well as the Special Forces soldiers in the courtyard. He felt a headache coming on!

In this situation, he absolutely couldn't continue to stay by Lu Yiming's side to collect information.

Or... He could directly shed all pretense of cordiality with Lu Yiming and return to Yan Jun's side ??

This was not a bad idea... ... But if he did this, wouldn't it make Lu Yiming do even more crazy things to Yan Jun ??

After all, knowing that he had been tricked, according to Lu Yiming's personality, he would do even more terrible things!

If such a thing really happened, it would be equivalent to harming Yan Jun... ...

Or, he could simply go out on his own, not only not contacting Yan Jun, but also standing on the opposite side of Lu Yiming. In this way, he would become an individual. Even if Lu Yiming wanted to take revenge, he would only come for him alone, so that Yan Jun would not be involved.

Just as he was thinking, the phone in his hand suddenly vibrated. Fang Shaoan was so scared that his tiger body trembled. He almost lost his phone!

Fortunately, he quickly came back to his senses and picked up the phone. Yan Jun's familiar voice came into his ear, "Shaoan, did you find anything?"

"I'm still searching." When Fang Shaoan answered, he looked up at the special forces soldiers who were still busy searching in the study. His eyes were shaking uneasily.

"leave immediately and go back to the security department. I will send someone to protect you," Yan Jun said in a deep voice.

What he meant was that Fang Shaoan should go back and no longer need to continue to be a spy beside Lu Yiming.

Chapter 1510: Walk Your Own Path

Having come to this point, Yan Jun's plans were well prepared and he had the ability to protect Fang Shaoan.

In other words, even if Fang Shaoan didn't do anything from now on, Yan Jun still had a way to win against Lu Yiming.

Just like countless times in the past, he didn't need to worry about anything because Yan Jun was there.

But... ... This time was different ...

He calmed down and rejected with a smile, "every time something happens, you will help me solve it. Second Young Master, this time I want to try to handle it myself."

Actually, he did not want to drag Yan Jun down.

Indeed, he could not stay with Yan Jun forever.

After all, he was no longer like before, with his parents supporting him at home. He only needed to be a carefree second-generation heir who ate, drank, and played all day and was responsible for squandering.

Now, the entire Fang family had to rely on him alone. He had to learn to face all of this alone.

" ... " the other end of the phone was silent for a long time before replying, "be careful. Don't stay at home. Stay in the security department. "

Fang Shaoan's eyes were slightly hot. "Say hello to the old man for me. "

After that, he hung up and looked at the house full of wolves in front of him. He took a deep breath.

From this moment on, he was going to truly start on his own path.

After a series of intensive searches, they only found some interactions between Lu Yiming and other officials. At most, it was a private teaching. Moreover, the number was not large, so it was meaningless.

Fang Shaoan did not expect Lu Yiming to be so careful. His official residence was actually so clean... ... And that so-called neurotoxin was nowhere to be found ...

It seemed that today's trip had been in vain.

"Put these documents away. " Fang Shaoan pointed at the private messages between Lu Yiming and some officials. Then, after a moment of silence, he frowned and said, "set a fire and burn this place down. "

The person who was packing the documents was stunned. "Burn it down? "

"Yes, make the fire bigger. It's best if it burns until not even a blade of grass grows. " After saying this, Fang Shaoan walked down the stairs calmly.

Only by burning this place would Lu yiming not know that he was here to search for things.

The rest of the Special Forces soldiers looked at each other and did not say anything. After all, Fang Shaoan's position as the director was there. They only needed to listen to his orders.

They found gasoline and sprinkled it in every room of the building. Then, they threw down a few kindling flames.

In less than fifteen minutes, a high-end three-story villa was instantly swallowed by the flames!

The raging fire burned wantonly and devoured everything!

The fiery light reflected in Fang Shaoan's dark eyes, like rolling pain, spreading wave after wave.

"Dad, mom, did you see it in the sky? This fire was set for you! One day, I will avenge you! "

Not long after, the fire seemed to have burned the gas in the kitchen on the first floor. With a boom, the entire fire wave rushed out, scaring the servants who were surrounded in the courtyard!

The timid ones directly burst into tears, screaming and screaming to call back Fang Shaoan's attention.

He turned around and looked at those people. His brows were tightly furrowed, and his eyes were shining with fire. It was indescribably terrifying.

He took two steps forward, and the group of people screamed even louder, "you... don't come over! Please let us go!"

At this moment, in the eyes of these people, Fang Shaoan was like a man-eating Raksha, an evil spirit with a green face and fangs.
