

## Tick Me 151

### Chapter 151: WHO'S AFRAID OF WHO!

Xia Jinqi, "..."

So Yan Jun's money was not money, but paper?

He just casually gave it to her to spend... ..

Looking at Fang Shaoan again, he did not seem to be the slightest bit surprised by the situation in front of him.

From the beginning to the end, he was unusually calm, as well as the poignant self-deprecation on the edge of his lips.

He had known what kind of woman Julie was three years ago.

She courted the flames of power, adored vanity, and could have any man she wanted.

But he was still obsessed with her allure, unable to extricate himself.

He would rather lose all of his assets to win her smile.

Now that he thought about it, he was really ridiculous at that time.

With a SNEER, Fang Shaoan looked back at Xia Jinqi. "Let's go."

Such a scene should not have been seen by his sister-in-law.

"... " Xia Jinqi saw that Fang Shaoan's expression was not right. Just as she was about to follow him, she heard Fatty Hua's provocative voice again. "You're leaving just like that? Why are you still the same as three years ago? YOU'RE A coward! Come, if you don't have the money to play, your GRANDPA Hua will reward you with a few! "

As he said this, Fatty Hua really grabbed a handful of chips from the gambling table and ruthlessly smashed them in Fang Shaoan's direction.

The chips crashed into Fang Shaoan's body and then fell to the ground.

Such blatant humiliation was simply trampling on one's dignity.

The surrounding people began to jeer. "It's really useless. Three years ago, he couldn't afford to gamble anymore. Three years later, he still couldn'T AFFORD TO GAMBLE! It's embarrassing! "

"That's right. If you don't have the money, why are you still entering the Casino? You're so embarrassed! "

"GET LOST QUICKLY! He still dares to snatch a woman from master Hua! Our Master Hua has HAD JULIE FOR THREE YEARS! "

These people's words were really too much!

Even Xia Jinqi felt sorry for Fang Shaoan. She frowned and looked at Fang Shaoan with worry in her eyes.

If he had heard these words three years ago, Fang Shaoan estimated that he would have really gone bankrupt.

But the current him was no longer the past him... ..

When he came, he had promised Yan Jun that he would only bring 20 million.

“sister-in-law, let’s go.” Fang Shaoan lowered his voice, not caring about what these people said.

Three years. He had long learned to endure.

He would not make the same mistake again.

Xia Jinqi stared blankly at Fang Shaoan in front of her. She did not expect him to be so calm.

She could see the veins on his veins, as well as his ashen face.

He was just enduring.

However, he could endure, but Xia Jinqi could not!

She looked back at the two boxes that had just been delivered to her from behind the bodyguards. They were still steaming. With a flash, she shook off Fang Shaoan’s hand, frowned, and said angrily, “why are you leaving! LET’S GAMBLE! WHO’S AFRAID OF WHO!”

With that, she walked through the crowd and sat on the empty seat at the gambling table. She looked coldly at Fatty Hua and Julie. “Aren’t you going to gamble? Let’s begin!”

Fatty Hua and Julie looked at each other. No one knew Xia Jinqi’s background, so they snorted immediately. “Do you have money? If you don’t, don’t waste my time!”

Xia Jinqi snorted lightly and leaned back on the chair. She snapped her fingers casually, and the two bodyguards behind her immediately understood. They threw the two suitcases onto the gambling table with a bang, and with two clicks, they opened the cases.

The two suitcases of US dollars were instantly exposed in front of everyone’s eyes.

The surroundings were filled with gasps of cold air... ..

Everyone was guessing, where did this rich woman come from?

She was actually so generous!

“change all of them into chips for me.” Xia Jinqi glanced at Julie. Her gaze was as sharp as a knife, UNUSUALLY SHARP!

## **Chapter 152: YOU CAN’T LOSE ANYTHING!**

Based on the situation just now, she could more or less guess what happened three years ago.

But no matter who was right or wrong, the way they bullied people now made her very unhappy!

Julie's expression also changed quickly. She suddenly felt that this woman in front of her was not someone to be trifled with!

When Fatty Hua saw the two boxes of money, he was so excited that his stomach trembled as he sat over. "If you had money, you should have said so earlier! Today, if your master Hua doesn't win your inner Ku, I won't f \* CKING call you Fatty Hua!"

How many people in the Casino could be serious?

Fatty Hua was used to being dirty, especially when he saw that the person who gambled with him was a peerless beauty. His heart couldn't help but be a little excited, and his thoughts were a little cloudy!

It was fine on normal days, but today, who asked him to provoke Yan Jun's woman.

"IMPUDENT!" Fang Shaoan frowned and rushed forward. He was about to make a move, but before he could go forward, the two bodyguards behind Xia Jinqi had already raised their guns and stabbed Fatty Hua's head!

The crowd screamed, but no one left!

This kind of scene was already common in the Casino!

Moreover, guns were not prohibited in the country. In their place, every citizen had the right to carry a gun!

Fatty Hua would never have thought that the person brought by this rich girl would be so fierce!

With a gun in the head, even a King would have to restrain himself at this moment. His face was Pale and he did not dare to say another word!

Julie immediately came to the rescue. She twisted her body and smiled as she leaned over. "This is a casino, not a place to kill people. Calm Down, calm down..."

The bodyguard did not even glance at Julie. Instead, he moved closer to Fatty Hua and threatened, "if you want to play, then have fun! Otherwise, I'll immediately prepare the hole dug in the desert outside the city for you!"

Hearing that, Fatty Hua immediately nodded. Cold sweat kept breaking out on his forehead!

Everyone who had been to Las Vegas knew that this was a city in the middle of the desert!

Things that could not be resolved in the city naturally had to be resolved outside the city!

And in the vast desert, a few large pits would pop up every few days... ..

Those pits had only one purpose — to bury the bodies.

It was not that Xia Jinqi did not understand the meaning behind the bodyguard's words. She frowned slightly, but did not stop him.

Who would not know how to cheat others?

When she joined Lego, she already knew that Lego had started from the underworld.

She just did not expect that the people that Yan Jun had sent to protect her were all so arrogant... ..

On the contrary, it was that Julie who made people feel uncomfortable no matter how they looked at her. What did Fang Shaoan see in her back then?

Taking advantage of the moment when Fatty Hua was being obedient, Fang Shaoan went forward and whispered to Xia Jinqi, “sister-in-law, didn’t you tell me that you’re actually a gambling expert?”

Looking at the aura that Xia Jinqi had when she sat on the gambling table just now, it was as if she had instantly killed everyone She was incomparably extravagant!

Fang Shaoan expressed that his admiration for this sister-in-law was like a torrential river, continuous... ..

In the next second, Xia Jinqi interrupted him.

“How do you play blackjack?” She recalled seriously just now and realized that she seemed to have forgotten the rules again.

She had only played it once or twice in total, and they were all in a daze. How could she remember it.

Fang Shaoan was stunned on the spot and asked in disbelief, “you don’t know how to play blackjack? You didn’t act so arrogant just now?”

“Calm down! You CAN’T LOSE ANYTHING AND LOSE THE GAME!” Xia Jinqi narrowed her eyes and looked at the chips that were as high as a small mountain in front of her. She smiled slightly. “Aren’t you still here?”

### **chapter 153 entered the gambling table, she became a big bad wolf!**

Fang Shaoan had lived for so many years, but he had never seen a person who was as confident as Xia Jinqi at the poker table... ..

She didn’t even know the rules, so how could she be so confident?

It was just that the expression on her face revealed a strong confidence that she wouldn’t lose... ..

Where did the confidence come from?

Fang Shaoan let out a mournful howl and stared at the two boxes of US dollars on the table with incomparable pity.

It seemed that this money would have to be fed to the dogs again.

Sighing lightly, Fang Shaoan said again, “sister-in-law, I know you’re doing this to seek justice for me. Anyway, the gambling game hasn’t started yet, so we can still leave now...”

Although it was said that gambling was fun and Yan Jun didn’t care about the money at all, he would rather not gamble if he were to give the money to fatty Hua for free!

“What are you panicking for? SIT DOWN!” Xia Jinqi glanced at him with slight disdain. Without saying much, she looked directly at Julie. “DEAL!”

Fang Shaoan originally wanted to say something, but he was frightened by Xia Jinqi’s cold gaze and shivered!

This... Her Gaze and tone were comparable to Yan Jun’s !!

At this moment, Fang Shaoan seemed to understand why Yan Jun suddenly agreed to the marriage alliance.

Both of them were people who could hold the entire venue!

Ever since they entered the casino, his sister-in-law seemed to have changed into a different person... ..

She used to be a little white rabbit, but as soon as she entered the gambling table, she became a big bad wolf!

She was decisive in killing and had a strong aura. When she saw the bodyguard draw his gun, she didn’t even lift her eyelids!

It was simply inhuman... ..

Even though Fatty Hua was scared out of his wits, he didn’t Miss Fang Shaoan’s little tricks. This kid was indeed the same as three years ago. So what if he had a rich helper?

He would still win against him!

“DEAL!” Fatty Hua looked at Julie, and his right eye blinked slightly.

Julie immediately understood. In all the years she had worked with Fatty Hua, she had never failed.

Three years ago, she and Fatty Hua had worked together to win Fang Shaoan’s money.

But... ..

Julie couldn’t bear to do it this time.

She looked up at Fang Shaoan, who was sitting next to Xia Jinqi, with a complicated look in her eyes.

There was pity, apology, and... .. Regret ...

But when her gaze shifted to Xia Jinqi, the hesitation in her heart instantly disappeared!

She didn’t know about the relationship between Xia Jinqi and Fang Shaoan. She only saw the two of them talking together, and they looked so intimate!

As expected, she knew that a playboy like Fang Shaoan would never really fall deeply in love with a woman?

The words he said to her back then were just a lie!

Biting her lower lip, Julie averted her gaze with hatred and began to deal cards.

This time, the game was blackjack. Usually, the dealer of the Casino was the dealer. There was no limit to the number of other players, and the surrounding crowd could also place bets on which player won.

The dealer would give each player two cards. One Card would face up to call the open card, and one card would face down to call the dark card. He would give himself two cards, one dark card, and one open card.

The calculation of the poker points in everyone's hands was: k, Q, J, and 10 cards would be counted as 10 points.

The A card could be counted as either 1 point or 11 points. It was up to the player to decide.

The remaining 2 to 9 cards would be calculated according to their original face value.

If two cards were enough for 21 points, they would win. If there were no 21 points, they would win close to 21 points. If he had more than 21 points, he would lose.

The difference was that this time, it was fatty Hua who was the banker and he was betting against Xia Jinqi.

The first round of dealing came out very quickly.

Xia Jinqi: Open Card 8, Hidden Card 8.

Fatty Hua: Open Card 10, Hidden Card 9.

#### **Chapter 154 absolutely crushed him in terms of money!**

Fang Shaoan glanced at the Mahjong table. He was worried that Xia Jinqi would be like him back then, throwing away all her money and losing everything.

On the other hand, Xia Jinqi had a faint smile hanging on her lips. After taking in the situation on the Mahjong table, she pushed the bet of three million US dollars out.

"I'll bet three million." Her clear and ethereal voice was neither fast nor slow. It spread out all at once.

Julie instantly froze. The sweat on Fatty Hua's clothes, which had not dried yet, was instantly soaked by a new round of sweat!

The other party had placed a bet of three million, which meant that he had to bet three million in order to continue the bet!

And on his table... .. There was only a total of 1.3 million chips ! !

"..."Fatty Hua did not pass the first round and began to take out a small handkerchief to wipe his sweat non-stop.

The surrounding people sighed again, then turned their guns and attacked Fatty Hua.

"three million is not a small sum... from the looks of it, I don't think I can take it out, right?"

"Don't talk nonsense. Fatty Hua is an oil tycoon. How can he not even have three million?"

“THAT MAY NOT BE THE CASE! Master Hua, HURRY UP! We’re all waiting to see! ”

Xia Jinqi’s expression remained unchanged. She only glanced at Master Hua. She didn’t even bother to look at her secret card!

She didn’t know how to gamble, but she didn’t come here today to gamble!

Since master Hua was so proud of his wealth, then she would definitely crush him in terms of money!

Fang Shaoan, who was standing at the side, had already seen through the trick.

At this moment, he could only open his mouth wide and look at Xia Jinqi with incomparable amazement. “sister-in-law, so you planned to scare them to death with money from the beginning? High, really high! ”

Hearing this, Xia Jinqi smiled faintly and turned her head back. In a clear voice, she said to the bodyguard behind her, “get someone to send another 50 million over. This little money isn’t enough to PLAY WITH OUR MASTER HUA! Is it? ”

The last three words were clearly meant for the fat master Hua to hear!

And the effect was also very good!

As the fat master Hua wiped his sweat, his hands trembled as he berated Julie, “hurry up and take out your chips! Three million, put it on the bet! ”

“But master Hua, you don’t have so much money in your account... ” Julie had already nimbly checked the account that the fat master Hua had deposited here. The number on it was far less than three million.

To be honest, there weren’t many people who could casually take out so much money at such a gambling table!

” ... ” Uncle Hua’s face darkened. He grabbed his phone and made a call. “Hello! Transfer the money to my casino account, now! ”

After the call, Julie Checked the account and sure enough, it was a little too much. She casually pushed out three million.

The onlookers were all dumbfounded.

Did they hear wrongly?

Just now, this rich woman said that she would get someone to send another fifty million?

And it seemed that Uncle Hua was going all out to do it!

Tsk Tsk, there would be a good show tonight!

Someone was going to lose an internal Ku!

...

After the first round of betting ended, Xia Jinqi requested to split her two 8s and continue dealing cards.

Xia Jinqi received two sets of cards: the first set, 8s and a, the second set, 8s and 10s.

Fatty Hua already had two cards, 10 and 9S, which added up to 19. Just counting the points, the odds of winning were already very high.

However... ..

Seeing that Xia Jinqi had split the cards, he decided to gamble again!

“SPLIT THE CARDS!”

Splitting the cards into two groups would increase the probability of winning!

There was nothing he could do. His opponent was not only a little girl, but also came with Fang Shaoan!

If he lost, where would his face go?

He was also under a lot of pressure!

Julie continued to deal: The first group, 10 and 2, the second group, 9 and J.

Both sides had two hidden cards that they had not laid out, so in the second round, they would choose to open or forfeit.

### **Chapter 155, Big Brother's woman**

The gambling match had just begun, and the bet had already exceeded six million.

The number of people watching the match increased. After all, such a large sum of money was rarely seen on a normal day!

Fang Shaoan broke out in a cold sweat for Xia Jinqi. He was afraid that she would repeat the same mistake he had made in the past, so he hurriedly asked, “sister-in-law, are you still in?”

“I'm in,” Xia Jinqi answered without hesitation. She had long been familiar with the atmosphere in the casino. Even if she was surrounded by everyone, it would not affect her judgment in the slightest!

A pair of almond-shaped eyes with watery light swept across the fat uncle Hua, who was constantly wiping his sweat, and the still enchanting Julie. Xia Jinqi curled the corners of her lips and spoke faintly “Uncle Hua, I heard that you've booked Miss Julie for three years? You're really generous... I wonder how much Miss Julie's fee for three years is?”

Originally, Xia Jinqi would have been gentler to Julie, even if it was for Fang Shaoan's sake.

But now that she saw Julie acting like this, it was not worth Fang Shaoan Liking.

It just so happened that the poker game was boring, so he wanted to find some fun to chat with her.

When Julie heard this, her body instantly stiffened, and her eyes that were filled with sparks shot toward Xia Jinqi with malicious intent!

Xia Jinqi looked directly into her eyes without any fear. "Don't worry, I'm just curious. I want to know how much Miss Julie is worth at her level."

After saying this, Xia Jinqi turned around and looked at Fang Shaoan.

Revenge was revenge, so she still had to take Fang Shaoan into consideration.

Although she didn't know what kind of Lard Fang Shaoan had fallen in love with back then, it was at least the love Fang Shaoan had once had.

Fang Shaoan lowered his eyes. Hearing Xia Jinqi's words, he suddenly laughed self-deprecatingly.

This woman was very good at earning money from men!

Fatty Hua was anxious about whose points were higher in this round. Who knew that Xia Jinqi would suddenly change the topic.

He subconsciously turned his head to look at Julie. Just as he was about to speak, he was fiercely glared at by Julie!

Fatty Hua's pupils shrank and his expression immediately changed. He avoided the topic. "Julie is not someone who can be bought with money! Hurry up and start the second round! I can't wait anymore!"

As he spoke, Fatty Hua began to rub his hands together.

Tonight, he was definitely going to win these two boxes of US dollars!

Xia Jinqi wasn't in a hurry. She was silent, and someone in the crowd shouted, "the girl who dances spicy dances next door costs 50 dollars a night! Our Julie's price is probably a little higher!"

As soon as she finished speaking, the surrounding people immediately burst into laughter. "HAHAHAHAHA!"

Julie's face first turned Ashen, and she looked as if she wanted to eat Xia Jinqi up.

But in the next second, miraculously, she restrained the expression on her face. She casually lit a cigarette, took a deep puff, and looked flirtatiously at Xia Jinqi "Is this lady or Madam? You seem to be very hostile towards me? What's the matter? Do you like our young Master Fang? If you like him, then take him away. Why do you have to be jealous of me?"

With that, Julie deliberately blew a smoke ring in Fang Shaoan's direction.

White smoke filled the air as she spat it out from her bright red lips. Slowly, the shape of a peach heart floated out and flew towards Fang Shaoan.

Xia Jinqi was stunned. A unique skill?

Fang Shaoan, who had never spoken to Julie, finally made up his mind. He looked at her coldly and said, "you better show some respect. This is my big brother's woman."

"My brother's woman? No wonder she has such an aura." Julie Hummed. In an instant, she was laughing so hard that her flowers were trembling. Her contempt was obvious.

## Chapter 156 deciding the winner in one battle

However, Xia Jinqi remained smiling. She was not angered by Julie's gaze at the moment.

She lowered her eyes and sized up the table for a moment before saying, "this hand looks pretty good. How about 10 million? We'll decide the winner in one battle. How about it?"

After saying that, she raised her eyes to look at Fatty Hua across from her.

Just as she had expected, the sweat on fatty Hua's forehead had already flowed like a waterfall... ..

The entire crowd was shocked again. More than half of them had their mouths agape. In the minds of many people, they did not even have any idea how much 10 million was!

Even Julie was stunned.

Even Fang Shaoan's highest bet was only five million, but this woman... ..

She was about to ask if this woman had brought so much money when a bodyguard came forward and handed her a black bank card.

She took it with a shake of her hand and swiped it on the POS. Ten million was already in her account.

She had seen many distinguished guests with black cards, but she had never seen such unlimited use! ! !

Julie bit her lower lip. When she turned around, she happened to meet Fatty Hua's Pale face.

As for Xia Jinqi, she looked at the two people opposite her with satisfaction, one green and one white, and then looked at the black card that the bodyguard had handed over. She sighed in her heart.

She had borrowed this money from Yan Jun. now that she had the most shares in Lego, she could still afford 10 million.

"..."

In a luxurious hotel less than a kilometer away.

Yan Jun was talking about cooperation with his business partners in Nevada.

Five years ago, he single-handedly built the largest financial system in Asia. Now, he began to develop in North America and northern Europe, expanding his business globally.

Only in this way could he break away from the limitations of the Yan family.

Halfway through the cooperation, it was very pleasant.

At this time, the assistant quietly walked over and whispered in Yan Jun's ear about Xia Jinqi's high-stakes gambling in the casino.

Immediately, Yan Jun raised his eyebrows.

Didn't she not know how to gamble?

Why did she play so big the moment she made a move?

Deep in thought, Yan Jun unconsciously curled his lips, and a hint of a smile appeared in the depths of his deep eyes.

Thinking about it, it really made people curious. What kind of performance would the usually submissive Yan Jun have on the gambling table?

Immediately, he waved his hand and immediately finalized the few cooperation deals that were being discussed.

When the few foreigners saw Yan Jun being so straightforward, they all stood up and shook hands with him. Each of their faces was brimming with smiles.

After the cooperation talks were over, he did not stop for a moment. He directly took a step forward and headed towards the Casino.

He had to go and see if the assistant's words were exaggerated... ..

“...”

In the Casino, Xia Jinqi's 10 million bet almost forced fatty Hua into a desperate situation!

He didn't have that much money on his account!

Even if he went to collect it now, he wouldn't be able to get it!

However, he was the banker, and Xia Jinqi bet 10 million. If he wanted to follow, he had to bet at the same price!

Otherwise, it was equivalent to forfeiting!

Forfeiting meant that he didn't even have the right to look at the cards. No matter what cards he had, he would definitely lose!

“You guys are simply going too far!” Fatty Hua slammed the table and stood up with a whoosh. He gritted his teeth and stared at Xia Jinqi. “How can you gamble like this?”

Xia Jinqi was still sitting calmly. She was not afraid of Fatty Hua's fierce look. Instead, she choked and said, “didn't you just say that you have a lot of money and are going to reward us with a few flowers? Why? Don't tell me that you can't afford such a small amount of money?”

As soon as she said this, Fatty Hua was so angry that he pounded his chest a few times. He was so angry that he might even have a heart attack!

Fang Shaoan quickly gave Xia Jinqi a thumbs up. “You don't even support the wall, but I admire you! “!

### **Chapter 157: A person you can never afford to offend**

Why didn't he think of doing this before?

Fang Shaoan suddenly felt that his iq had been crushed?

It turned out that the real boss had always been hiding his abilities!

And he kept saying that he didn't know how to do it. This was called not knowing?

It was obvious that he was an old hand!

He forced a character like Fatty Hua to be unable to sit still!

"Who the hell are you!" Fatty Hua gritted his teeth and looked at the three million chips that he had thrown out on the table. The veins on his forehead were popping out!

He had never lost so miserably before. He didn't even reveal his trump card and had no money to follow!

F \* CK Where did this woman come from? Was She deliberately messing with him?

"Me?" Xia Jinqi pointed at herself with the back of her hand and pondered for a moment. "I'm someone you can never afford to mess with."

Uncle Fat Hua,"..."

Thinking back to the time when he had won half of the Fang family's assets and had a good business, he could be considered a wealthy person!

A mere ten million was nothing to him!

However, in the past three years, he had already lost most of his money in the casino. Now that his company was in a slump, he had lost a lot of money internally. However, he still liked to find a sense of presence in the Casino. When the people around him saw him, they treated him like a God!

He enjoyed this feeling very much!

But now... .. Fatty Uncle Hua raised his eyes and looked around him. He realized that the way these people looked at him had changed ...

Those adoration and respect were gone. All that was left was ridicule and indifference... ..

All of this was because of this woman in front of him!

He raised his hand and messed up the cards on the gambling table. Fatty Hua roared, "F \* Ck Your mother! You want to mess with me? Brothers, attack!"

Fatty Hua gave the order and a group of people instantly rushed out from all directions. In the blink of an eye, they pounced on Xia Jinqi and Fang Shaoan!

"Oh, my God!"

"F \* Ck You! Bitch!"

The waves of screams mixed with the rapidly fleeing crowd pushed the chaotic atmosphere to the climax!

"Fatty Hua is going back on his word!" Fang Shaoan quickly whispered into Xia Jinqi's ear, "sister-in-law, let's retreat first! TEMPORARILY AVOID THE SHARP EDGE!"

Xia Jinqi was still sitting firmly on the chair. Her brows were tightly furrowed, and her sharp gaze swept across the surroundings!

Fatty Hua actually had so many subordinates here. It was unknown whether they were called over earlier or if they had already been ambushed!

If they had been ambushed earlier, then it was obvious that when the bodyguards had pointed their guns at his head, these subordinates were too far away. Otherwise, they would have rushed out to protect their boss early on!

However, since Fatty Hua had people, it didn't mean that she didn't have people by her side.

"You were the ones who said that you wanted to gamble. Now that you've gone back on your word, you're the ones who want to fight. Master Hua, it doesn't matter if you don't have money. The most important thing is that you can't afford to lose," Xia Jinqi said as she slowly stood up.

Seeing that master Hua's men were about to rush over, she actually calmly wiped her hands with a handkerchief... ..

She touched the chips just now. It was dirty.

"SISTER-IN-LAW! It's already so late, and you're still so particular!" Fang Shaoan was anxious. Seeing more than ten people rushing over, if they didn't run, they would be dead for sure!

Even the two bodyguards behind Xia Jinqi instantly stood in front of Xia Jinqi, ready to block all the people for her.

Fang Shaoan knew that these two people were powerful, but there were more than a dozen of them. They simply had no chance of winning, okay?

In the blink of an eye, fatty Hua's people had already rushed in front of them!

Fang Shaoan instantly held his head and didn't plan to run. He had the integrity of a Wolf Fang Mountain's five brave warriors!

### **Chapter 158 "when young and frivolous were blind. "**

However, the expected pain did not come.

Fang Shaoan looked up in surprise and saw more than 30 people suddenly fighting in front of him!

Not only Fang Shaoan, even the two bodyguards who were blocking Xia Jinqi were dumbfounded!

Just at the critical moment just now, more than 10 people suddenly jumped out from behind Xia Jinqi and started to fight with Fatty Hua's men!

The two bodyguards looked at each other and then turned back to secretly look at Xia Jinqi... ..

Xia Jinqi's expression was rather calm as she casually threw away the handkerchief she had wiped her hands with. She seemed to have expected what was going to happen.

Indeed, Xia Jinqi had long known that there were many people around her to protect her.

She was now the leader of Lego, so how could she not have anyone to protect her?

When she entered the casino just now, she had seen some familiar faces, which was why she dared to challenge Fatty Hua like this.

Putting aside the chaotic scene in front of her, Xia Jinqi's gaze fell on Julie, who was following fatty Hua not far away.

When she first saw her, she felt that her temperament and charm were not bad. However, the short ten minutes of contact made her somewhat annoyed.

"Shao'an, your taste in women is really not that good."

"Ah?" Fang Shaoan was extremely surprised as he withdrew his gaze from the dozens of people who were fighting in front of him. Clearly, he had not recovered from his shock and did not understand the meaning behind Xia Jinqi's words!

After that, he saw Xia Jinqi's gaze fall on Julie, who was in the distance. Fang Shaoan then nodded in a daze. "Yes, back then, when I was young and frivolous, I was blind..."

"It's fine. You're still young." Xia Jinqi sighed softly.

Fang Shaoan was also relieved. Just as he was enjoying the comfort, he heard Xia Jinqi say again, "there will be plenty of times when I'm blind in the future."

"..."What Grudge?

When Fatty Hua saw that Xia Jinqi had brought people with her, he could not contain his anger and immediately swung a chair at Xia Jinqi!

"F \* CK! I'll F \* CKING kill you!"

Xia Jinqi did not move. The two bodyguards in front of her had already moved forward. In a second, they pressed Fatty Hua to the ground with both hands behind his back. His face and big belly were stuck to the ground, unable to move!

"Let go! Let go of me!" Fatty Hua was still struggling.

Xia Jinqi took a step forward and looked down at him. "APOLOGIZE TO MY FRIEND!"

As soon as Xia Jinqi said this, Fang Shaoan's heart, which was originally filled with millions of grass mud horses, was instantly frozen.

He didn't even care about the matter himself, but his sister-in-law was actually seeking justice for him...

...

"PTUI! You want my grandpa Hua to lower his head? Dream on!" Fatty Hua's mouth was half-pressed to the ground and was covered in dust. He couldn't even close his mouth, and the words he said were also leaking wind and twisting.

Xia Jinqi didn't look at him anymore. She directly said to the bodyguard, "go dig a hole outside the city and bury it."

After saying that, she turned around and was about to leave. She didn't hesitate at all and was decisive!

"Yes." The bodyguard nodded. He dragged the fat uncle Hua's fat body and was about to head out of the city.

About two meters away, the fat uncle Hua's stomach and face were burning. He had already been scratched!

His arrogance just now was also scared out of his wits by Xia Jinqi's impatient three words, "bury it". He quickly begged for mercy. "I apologize, I APOLOGIZE! Please forgive me, please forgive me!"

Fatty Hua had done a lot of things like burying people alive.

He had driven his car in the middle of the night and buried the people who had annoyed him in the endless cave in the desert.

### **Chapter 159: I have let you down for what happened back then**

He could not understand how desperate the kind of rough sand that was buried from the toes to the nose and mouth, as well as the heart-wrenching cries for mercy, were!!!

Xia Jinqi knew that fatty Hua could not withstand the shock and nodded slightly. The bodyguard dragged Fatty Hua to Fang Shaoan and grabbed his short hair with one hand, forcing him to raise his head to look at Fang Shaoan.

"Ah!" Fatty Hua cried out in pain. He had long forgotten about his backbone. He hurriedly began to apologize, "I'm sorry! I'm sorry! Young Master Fang, please be magnanimous and spare me!"

As he shouted, he actually began to cry loudly.

From the looks of it, he must have been frightened quite badly by Xia Jinqi's words just now.

Fang Shaoan stood on the spot. He suddenly remembered that three years ago, uncle fat Hua was not as fat as he was now. His belly was not so big, and he looked a little younger. He sat next to Julie, and the two of them were exchanging glances. He was so angry that his internal organs were almost on fire... ..

He did not know why, but he began to bet, one round after another.

Later, he lost completely.

If Yan Jun hadn't caught him later, he might have really lost everything in the Fang family.

And all of this was for that prostitute... ..

Thinking of this, Fang Shaoan also raised his eyes and looked at Julie, who had already shrunk into the distance.

At this moment, Julie was also looking at Fang Shaoan with a face full of fear.

Their eyes met, and the affection of the past years had long ceased to exist.

Julie was stared at by Fang Shaoan's gaze, and her entire body trembled. She wanted to run, but realized that she had nowhere to run, so she could only walk over.

After all, when she was talking to Xia Jinqi just now, she was quite arrogant. When Xia Jinqi saw her walk over, she thought that she would say something, but who knew that she would kneel in front of Fang Shaoan with a PLOP.

"Mr. Fang, please let us go for the sake of the past. I've let you down for what happened back then..."

Her voice trembled, completely losing the seductive and evil aura she had just now. She cried in fear.

She didn't know if it was Xia Jinqi's imagination, but she actually saw a trace of apology in Julie's eyes.

Perhaps Fang Shaoan saw it too.

He had never thought of making her kneel in front of him to apologize.

In the end, what happened back then was also his fault. Gambling was a matter of mutual consent. Who could blame anyone?

It could only be blamed because his hands were too itchy and his willpower was insufficient.

Fang Shaoan reached out and rubbed his temples. He seemed to be extremely tired. "Alright, alright. I hate crying the most!"

Just as he was about to tell them to scram and completely disappear in front of him, an alarm suddenly sounded from outside the door!

"Oh no! The police are here! Run!" Someone in the crowd shouted, and the scene that had been quieter just now began to boil once again!

Although they were operating this place legally and gambling was not against the law, it was against the law to gang up and fight!

Fatty Hua's men instantly dispersed and ran towards the back door!

Xia Jinqi also took the opportunity to look outside the door... ..

How did the police come so quickly She had not had enough fun yet!

Just as she was thinking, she suddenly bumped into a familiar figure in her line of sight! ! !

He had a tall and tall body, a black suit that perfectly fitted his body, and four bodyguards behind him...

...

The moment he appeared, the world seemed to have lost its brilliance in an instant. He was the only one who was shining brilliantly!

Who else could possess such an aura other than Yan Jun?

Xia Jinqi's heart froze when she saw this. Without saying anything else, she grabbed Fang Shaoan and turned around to open the back door!

“Let’s go! !”

### **Chapter 160 fortunately, she was fast**

Fang Shaoan didn’t even have the time to look back, nor did he see that Yan Jun had already walked to the door. Seeing Xia Jinqi’s abnormal excitement, he thought that she was afraid of being found by the police, so he quickly followed her!

The people who came to protect Xia Jinqi saw that their boss had left, so they also covered the rear!

In the blink of an eye, the chaotic center of the Casino became empty, leaving only the gamblers who hid far away to watch the show.

Yan Jun had already stepped into the casino at that time. He glanced at the messy surroundings and suddenly frowned.

He was certain that he had seen Xia Jinqi just now.

He was also certain that Xia Jinqi had also seen him.

But the moment their gazes met, she turned around and ran away again?

Heh... .. She had the guts to cause trouble in the casino, but she did not have the guts to meet him ??

Seeing how chaotic the place was, it was likely that he had underestimated the abilities of this newly married wife.

Her pitch-black eyes were sharp and cold, suffused with a cold light. They faintly landed in the direction where Xia Jinqi had just left.

A moment later, Yan Jun turned his gaze to glance at the densely packed cameras on the ceiling.

In order to prevent cheating in the casino, the cameras were much denser than usual.

If he wanted to know what Xia Jinqi had done here just now, he could just pull up the surveillance footage and take a look.

The older the ginger, the spicier it was.

The police quickly rushed in. Just as they were about to lock down the scene, they were stopped by one of Yan Jun’s bodyguards and brought to a corner to say something. The police did not even search the scene and quickly left.

It was as if nothing had happened just now. No one called the police, and no one gathered to fight.

How could the young Madam of the Yan family leave a criminal record at the police station?

“...”

She ran all the way.

Xia Jinqi only stopped after running seven blocks with her hands on her waist, panting heavily.

Fang Shaoan was already lying on the ground, exhausted, like a lapdog. He stuck out his tongue and panted heavily. "I'm... I'm exhausted..."

Xia Jinqi leaned against the wall and could clearly hear her pounding heart. "You scared me to death..."

She was almost caught red-handed by Yan Jun!

HUFF huff huff, luckily she was fast... ..

Otherwise, how could she explain to him the mess at the Casino!

Silently wiping her sweat, Xia Jinqi patted her chest to calm her breathing.

Indeed, impulsiveness was the devil... ..

Fang Shaoan seemed to have almost recovered. He glanced back at Xia Jinqi and casually teased, "you were so powerful just now, but when you heard... when you heard the police were coming, you ran away so fast? Don't you have any backbone?"

"Can backbone be used as food?" Xia Jinqi fanned herself with her hand and couldn't help but roll her eyes.

How was she afraid of the police? She was clearly afraid of Yan Jun, okay? ! !

It was also strange. She was a dignified leader of Lego, why was she so afraid of Yan Jun... ..

Fang Shaoan recalled that when he was thrown his chips just now, didn't he also endure it So he nodded and stood up. "That's true."

Xia Jinqi turned around and looked behind her. She realized that no one was chasing her. Julie and Fatty Hua had also run away. Everything returned to normal, as if nothing had happened just now.

It was just that... .. Yan Jun probably didn't see her just now, right ? ?

God bless, no, no, definitely not... ..

Fang Shaoan looked up and saw the look on Xia Jinqi's face as if she was ready to die. He thought that she hadn't recovered from the casino yet, so he took the initiative to suggest, "as a token of my gratitude, I'll take you to the Baili palace to drink something, right? We can also take a walk and see the Music Fountain!"
