

## Trick Me 1551

### Chapter 1551: Yes, I've been coveting your beauty for a long time

A night of infatuation.

It was already the second day when she woke up again.

Zuo Xiaoran moved her body slightly and was keenly aware of the large hand on her waist.

Subconsciously, she opened her eyes and saw Fang Shaoan's familiar face.

Everything that happened last night instantly surged into her mind like a tide.

Her cheeks were slightly red as she lay back in his arms. Her Index Finger gently touched his thin lips, and there was a faint smile on the edge of her lips.

The first time was when she was drunk and had sex.

But last night, she was moved by love.

Now that she thought about it, the step that she did not dare to take in the past had now been taken back in a few steps.

Actually, it was not as difficult as she thought, was it?

It was just that... .. It was not easy for her to wait for her to be willing to join hands with him and work hard together. Her parents'interference was like a blow to her head, knocking her until her eyes were full of stars ...

Thinking of her promise in front of her parents, the smile on Zuo Xiaoran's lips gradually faded away, and her eyes were full of sadness.

Sighing in her heart, she lifted the quilt and wanted to get out of bed.

However, the moment she moved, the hand on her waist suddenly exerted force and pulled her back.

"where are you going... " his misty voice came with a heavy nasal tone.

Zuo Xiaoran did not dare to move and her body stiffened. "Get up. "

"sleep for a while more. " He did not care what time it was and just wanted to drag her to bed.

Last night, he had used up a lot of energy and needed a lot of sleep to repair it... ..

It was impossible for Zuo Xiaoran to get out of bed, so she could only lie back down.

It was only then that she remembered that she was naked. She shyly pulled the blanket over her chest and coughed unnaturally.

At that time, Fang Shaoan had already opened his eyes. He saw her eyes rolling uneasily and looked at her small movements. He suddenly said, "Don't tell me you want to do what you did last time, eat me clean and then leave? "

There was a hint of resentment in his tone.

Last time, after the two of them slept, the first thing she did was to ask him if he was sick. She even ran away in a huff, so angry that he didn't eat well for several days!

Who wasn't a baby? She had to be a little angry too!

Zuo Xiaoran's expression froze. She didn't care about her shyness and argued with him, "what do you mean by I ate you clean? You were the one who ate me clean, okay..."

"I was the one who attacked first?" Fang Shaoan raised his eyebrows and recalled seriously, "I remember that you were the one who attacked me first..."

When he woke up the next day, he was still drunk, so he couldn't remember it clearly. However, when he woke up at night, he remembered that she was the one who started it, right?

When Zuo Xiaoran heard this, the corner of her eyes twitched. "I attacked you? That's impossible..."

Was She that bold?

Anyway, that night, she was really drunk and couldn't remember anything.

"Why is that impossible? You must have been coveting my beauty for a long time. When I was drunk that night, you... forced yourself on me!" Fang Shaoan started to accuse her, looking like a wronged little wife ...

"..." the corner of Zuo Xiaoran's mouth continued to twitch. After thinking for a long time, she still could not remember what happened that night. She could only bring up what happened last night. "Then what about last night? Last night was you coveting my beauty?!"

She was just angry and said it casually. Who knew that someone actually nodded. "Yes, I have been coveting your beauty for a long time."

Zuo Xiaoran, "..."

Could she be more direct?

## **Chapter 1552: Be My girlfriend**

Seeing her speechless look, Fang Shaoan smiled and leaned over, pulling her into his arms again. "This time, it can't be that you had sex after drinking, right?"

Other couples usually asked boys for a relationship at this time, but when it came to Fang Shaoan and Zuo Xiaoran, it was the other way around.

She was too free and easy, like a gust of wind that couldn't be caught.

"Well..." Zuo Xiaoran blinked and nodded. "You can say that..."

"What do you mean you can say that? I don't care. You have to be responsible for me," Fang Shaoan said unyieldingly. He lowered his eyes and stared at her with a pitiful look. "Be my real girlfriend."

In fact, he had said this to her once, and she had agreed to it at that time.

But he still wanted to ask her again.

Zuo Xiaoran was pestered by him until she had no choice but to agree. "Alright, alright! Do it, do it, I'll do it, alright!"

Why did she not realize that he was so clingy in the past? ! !

Zuo Xiaoran was just about to rub her hangover head when the man beside her suddenly flipped over and looked down at her. "Alright, let's begin then."

"begin what?" She frowned at him, showing that she did not quite understand his ridiculous words.

What did she just say that he was going to start?

He met her confused gaze and smiled wickedly. "Didn't you just say you were going to do it?"

After saying that, he bent down and was about to kiss her.

Zuo Xiaoran shuddered and only then did she react to what he was saying... ... "I said I was going to be your girlfriend! Not that! Beast!"

"Then that's it. If you don't do it, how are you going to be my girlfriend?" He deliberately misinterpreted her meaning and did not give her the chance to reject him. He kissed her lips and stopped her from muttering.

For such a long time, he had kept his virginity for her. It was not easy for him to have sex with her, so how could he let her off so easily?

Of course, they would fly together and go to the clouds together.

For the whole morning, the people from the security department had not seen their minister.

They did not pick up the phone, and there was no one in the office. They went to the exclusive suite of the minister on the 24th floor to knock on the door, but no one opened it.

Everyone was guessing, what did the minister go to do when he went missing for no reason?

At noon.

The Sun was very warm.

Inside the Qu family's ancestral hall, it was so cold that it made people shudder.

Qu Yang had been kneeling here for two days and two nights.

According to his uncle's instructions, unless he admitted his mistake, he was not allowed to leave.

During these two days and two nights, he had not said a single word, let alone admitted his mistake.

The Servant gave him a bowl of water every day, but his lips were still cracked because of the dryness.

He stared straight at the memorial tablet of the ancestors of the Qu family, his eyes unfocused.

His two cousins had already come to persuade him to admit his mistake, but he did not know what exactly he had done wrong.

He had only come to ask his uncle if Lu Yiming had anything to do with the Mountain Valley's corpse case, but his uncle's expression changed immediately and told him not to ask again.

Actually, even if his uncle did not say anything, just from his attitude, Qu Yang already knew.

The Mountain Valley's corpse case really had something to do with Lu Yiming.

In the past, he had done so many things for Lu Yiming and thought it was understandable, but this time was different... ..

While he was in a daze, the sound of slow footsteps came from behind him, as well as his uncle's voice, "looking at the ancestral tablets, do you know that you were wrong?"

The same question as last night.

Qu Yang glanced sideways at his uncle who had already walked up to him. His gaze revealed a strong sense of strangeness.

This uncle, who had raised him single-handedly, was the first time he felt that he was so unfamiliar, so unfamiliar that it was as if he had never seen this person's heart clearly before.

### **Chapter 1553: In order to be remembered by everyone, could only be the first**

"I went to the criminal police unit. My friends inside told me that the 119 corpses were all underage children. "

Qu Yang suddenly said this, and his face was already very stiff.

Qu Ruoshan frowned and cursed fiercely, "I made you kneel for two days and two nights, and this is all you can think of? ! "

"More than 100 children, more than 100 lives. When they were buried deep in the valley, how desperate would they be... " Qu Yang continued to say his own words.

He had never felt that he was a righteous person, especially after so many years of doing countless unspeakable things for Lu Yiming. Even so, there was still light in his heart.

This time, he could not pretend that he did not see it, and he could not continue to deceive himself.

Qu Ruoshan reached out to pinch the space between his brows. He really wished that he could kick Qu Yang, who was kneeling in front of him, unconscious. "from ancient times until now, if you want to do great things, you must make sacrifices! "

"So the so-called great things are to let Lu Yiming sit on the presidency? " "Uncle, you are wrong. His heart is not in the political power. He only cares about his wife and children. "No matter how high and mighty he claims himself to be, to put it bluntly, he is a selfish person who will not hesitate to take the lives of others for his own interests. "

“You! !” Qu Ruoshan was so angry that his head was splitting. “Why don’t you understand uncle’s painstaking efforts? Why do you care about what he has done! As long as he can rise to the position and help our Qu family, won’t it be enough for our Qu family to become the number one aristocratic family in Rao city? “?”

Those consciences and righteousness you mentioned, can they be used as food Don’t you know how our Qu family was suppressed by the Yan and Xia families back then As long as there was a big matter, it was never our family’s turn!

If there was anything difficult to do, it would be for our Qu family to charge forward with our lives Have you forgotten your parents Your parents sacrificed their lives for these things!

We charged forward for them, our blood spilled on the ground, who remembered us Everyone only knew that it was the Yan family’s credit “No one is willing to look at us at all! n01e-1b-1n

“If you want to be remembered by everyone, you can only be the first and the boss! ”

“...”when Qu Yang heard these words and looked at Qu Ruoshan again, he became even more sarcastic.

He sneered, his face full of contempt.

“What are you laughing at? ” Qu Ruoshan stared at him, his tone extremely unfriendly.

“Is this the reason why you have always helped Lu Yiming? In order to get the so-called number one in Rao city, you aided the wicked and even sent me to his side, following him to be devoid of conscience? ” Qu Yang’s eyes were filled with tears of laughter.

“HMPH! It’s just a little trick. After we succeed, the world will only know that we’ve created a new era. Who Will Care about what we’ve done? ” Qu Ruoshan snorted coldly His mind had always been clear, and he did not care who he helped or what he did. As long as it was beneficial to his Qu family, he did not care.

Qu Yang shook his head. “that matter will be found out sooner or later. Lu Yiming is now covered in black. No matter how hard I try, I can’t wash him clean. ”

“...”Qu Ruoshan continued to pinch the space between his eyebrows “Why don’t you understand? What Lu Yiming does is his business! What does it have to do with us? If he falls, won’t the position of President Fall into the hands of our Qu family? I’m helping him because I want to use him to bring down Yan Jun and Huo Ting! ”

#### **Chapter 1554: was kept by his side and treated him like his own son**

At this point, Qu Ruoshan finally revealed his wolf-like ambitions.

He had never said these words to a third person. He had never even expressed his position. Even Lu Yiming had never noticed it.

He had always kept his ambitions well hidden. In the past, if he had not expressed his position, it would have been fine if everyone did not know. Later, he and Lu Yiming became closer and closer. When everyone mentioned the Qu family, their first reaction was: Lu Yiming's lackey!

Who would have thought that one day, this seemingly loyal lackey would also want to turn over a new leaf and become a master.

At this moment, Qu Yang's expression could no longer be described with shock. He stared at Qu Ruoshan in disbelief, his eyeballs shaking like an earthquake.

"Don't look at me like that." Qu Ruoshan sneered, and then continued, "that's a position that no one can resist. Are you willing to submit to someone else for the rest of your life?"

Of course not.

Who would be willing to be someone else's lackey for the rest of their life?

Qu Yang also wasn't willing to be someone else's lackey for the rest of his life, but... ..

For a moment, he actually hesitated. He couldn't think of any words to refute.

Qu Ruoshan knew that his words had played a role when he saw Qu Yang like this, so he struck while the iron was hot.. "yesterday, Lu Yiming came, but you didn't see him. Now he's waiting for you in the courtyard outside. Go out and tell him yourself. "Right now, the most important thing is not that he did anything outrageous. It's that you have to regain his trust in you and still let you be his right-hand man "only in this way can our Qu family's position be stabilized! "

It really answered that sentence.

There were no eternal enemies or eternal friends, only eternal interests.

Qu Yang refused to move for a long time, but he did not say anything else.

Seeing this, Qu Ruoshan slowly walked to his side and helped him up. His tone softened as he said earnestly, "Little Yang, didn't I do this so that our qu family can glorify our ancestors? And your parents, after the matter is done, they will be proud of you even in the Netherworld! Don't you want to do something for them to see? "

This ability to brainwash was no joke.

Qu Yang stood up unsteadily, as if he really believed Qu Ruoshan's words. He asked weakly, "what should I do? "

"It's very simple. You just need to help him get rid of Yan Jun, and everything will be fine." Qu Ruoshan guided him slowly.

Qu Yang nodded, then walked unsteadily out of the ancestral hall.

Looking at his receding figure, the corners of Qu Ruoshan's lips curled into a cold smile.

When he looked sideways, he happened to see the memorial tablet with the words 'Qu Ruohe' written on it. He took it in his hand and gently stroked it.

“little brother, big brother is doing this for the sake of our Qu family. You also know that in ancient times, those who achieve great things have to make sacrifices... Little Yang will become the hero of our Qu family.”

Actually, Qu Ruoshan’s heart was as clear as a mirror. Qu Yang Following Lu Yiming had always been a matter of life and death. In addition, he had to deal with Yan Jun... ... The probability of losing his little life would be even higher ...

Outsiders knew that Qu Yang lost his parents at a young age. It was Qu Ruoshan who raised him by his side and treated him like a parent. However, in reality, if there was any hard work, it would definitely be done by Qu Yang. Qu Ruoshan could not bear to part with his two precious sons.

After cleaning the memorial tablet for his younger brother, Qu Ruoshan crossed his hands behind his back and swaggered out of the door.

In the courtyard outside, although it was not clear what Lu Yiming and Qu Yang were talking about, but from afar, one could see a smile on Lu Yiming’s face. It was clear that the two of them were having a good conversation.

#### **Chapter 1555: could never be returned**

In the distance.

Lu Yiming Patted Qu Yang on the shoulder and said with a smile, “It’s good that you’ve thought it through. How about it? Find a place to eat?”

To Lu Yiming, Qu Yang was different from Cui Ziyang.

Cui Ziyang had made a mistake and was dealt with in one shot. There was no room for negotiation.

But Qu Yang was different

Qu Yang knew too many things about him. This kind of person was definitely not suitable to be an enemy.

Moreover, until now, he still needed to use the QU family’s power to save bi Yue.

Moreover, tomorrow was Yan Youcheng’s seventh day, so Yan Jun would definitely make a move.

Therefore, he could put down his pride and take Qu Yang back with him.

Qu Yang did not reject Lu Yiming. He nodded weakly, but his gaze no longer met with Lu Yiming’s. “Mister, make the decision.”

There were some things that once there was a gap in the heart, it could never be returned.

Qu Yang knew that he and Lu Yiming were no longer on the same side.

As for why he was willing to admit defeat... ...

Only in this way could he walk out of the ancestral hall legitimately, and his uncle would no longer put pressure on him.

When Lu Yiming saw him like this, he only thought that he had not eaten for two days and that he was too weak. He did not suspect anything and brought him into the car.

As he sat in the car and looked at the scenery flying past the window, Qu Yang's state of mind was completely different.

He used to think that the QU family was loyal to Lu Yiming, but his uncle told him that it was not loyalty, because Lu Yiming was nothing, and what the Qu family wanted to do was to be above others.

Since that was the case, there was no need for him to care about loyalty... ..

“...”

In the afternoon, Xia Jinqi brought her son and daughter to bask in the sun in the courtyard.

Di Qu had specially found someone to custom-make a wooden bed that was two meters long and two meters wide. He placed it in the courtyard and spread a thick blanket over it. He also made a sturdy fence so that the two children could enjoy the winter sun as much as they wanted.

Xiao Puff wore a pink cotton dress and crawled a few steps on the blanket. She was wearing a cute little cat's hat. Her round rice ball face was red. She was holding a small bee doll and smiling happily.

Yu Han was holding onto the railing with one hand and stood up with his own strength. However, he didn't dare to let go, so he could only hold onto the railing and move bit by bit.

Xia Jinqi was also sitting cross-legged. She was holding onto a truck toy that had been smashed into two halves, and she was racking her brains to put it back. “Son, Mommy will buy you a new one, okay? I can't put it back.”

“Okay...” Yu Han looked at his mommy and nodded cutely.

Hearing this, Xia Jinqi finally breathed a sigh of relief. She put down the toy and looked at Xiao puff. “Do you like the Little Bee so much? Do you know that it's a gift from Che Er?”

“Eh?” Xiao puff opened her big round eyes as if she didn't quite understand, but then she repeated, “Ge Ge...”

Yu Han instinctively turned his head, thinking that his sister was calling him. Feeling anxious, he let go of his hand.

“BE CAREFUL!” Xia Jinqi was shocked and quickly reached out to grab him. However, she found that the little guy jumped two steps forward as if he was dancing. With a PLOP, he knelt on the thick blanket. He didn't cry and continued to climb in the direction of his sister.

Xia Jinqi was surprised and happy when she saw it. “Yu Han, you can walk? !”

Although the scene just now was fleeting, Xia Jinqi saw it clearly. Yu Han didn't hold onto anything and took two steps forward!

Xiao Yuhan and his sister were currently in a mess and didn't notice what their mother said at all.

Xia Jinqi couldn't contain her joy. She subconsciously turned around to look at Yan Jun who was talking to Wang Mang. "Hubby, did you see that? Our Son just took two steps!"

### **Chapter 1556: finding a dark and windy night**

He leaned against the chair. His light gray shirt was covered with a white sweater, and his long legs were crossed.

His well-defined fingers were flipping through a document with a red cover, and his expression was focused.

The golden sunlight shone on his body, as if it had coated him with a layer of mysterious and noble aura.

Hearing Xia Jinqi's voice, he raised his eyes calmly and looked at the mother and son trio.

His originally unfathomable black eyes suddenly turned gentle, and his tightly furrowed brows slowly relaxed.

Only in front of his wife and children would his expression be so relaxed. The corners of his eyes and brows revealed happiness.

Before he could open his mouth, Xia Jinqi had already snapped back to her senses. She knew that she might have interrupted him when he was talking about serious matters, so she hurriedly added, "it's okay. I'll tell you in a while!"

With that, she played with the children again.

"..."Yan Jun was just about to open his mouth, but before he could say a word, his wife mercilessly cut him in half.

He shook his head helplessly. The corners of his slightly raised mouth were filled with a slowly indulgent look. n-)o/)v.-E-.l//B)(l)-n

When Wang Mang saw this, he continued the topic from before. "Qu Yang appeared again and followed Lu Yiming. It looks like the two of them have reconciled. Li Kun's words didn't have much effect."

As he spoke, he placed a photo on the table next to Yan Jun. it was a picture of Qu Yang and Lu Yiming having lunch together in a hotel at noon.

Yan Jun glanced at it indifferently and didn't express his opinion. He stopped the smile on his lips and continued to focus on the red document in his hand.

This game of chess was much bigger than what Wang Mang could imagine. It was just Qu Yang's personal decision, but in fact, it had little effect on him.

After he finished flipping through the entire red document, he asked Wang Mang, "what are the charges for wanting to take down a political figure?"

"Corruption? Bending the law for personal gain?" Wang Mang almost blurted out.

In today's officialdom, which one of them did not fall because of these charges?

Yan Jun shook his head and his eyes darkened. "these are not useful to Lu Yiming."

Personal accounts and background checks were the first to be investigated after entering the parliament, not to mention the nomination of the president. Lu Yiming had done his information beautifully and impeccably.

Speaking of which, it was all thanks to Fang Zemin's help. He had tampered with the most confidential documents of the security department. It was equivalent to rebuilding Lu Yiming's golden body without any blemishes.

"murder for hire and disregard for human life?" Wang Mang answered again. This was already a very bad plot, especially the case in the valley. It could even be sentenced to death!

"There's no evidence." Yan Jun shook his head, his expression indifferent.

These days, he had made a lot of arrangements, and at the same time, he had been trying to find Lu Yiming's weakness, but he had not found anything.

It was not that his ability was limited, but Lu Yiming was indeed a capable person. He wiped his hands clean and did not reveal any traces.

Even if they knew, there was nothing they could do. In front of the law, everything had to be based on evidence. Without evidence, there was no credibility.

"Then what should we do? Just watch him get away with it?" Wang Mang was almost driven mad by Yan Jun's slowness. He scratched the back of his head and suddenly thought of something. He looked at Yan Jun carefully and asked, "how about we follow the old rules and secretly kill him on a dark night?"

Yan Jun, who had been deep in thought, suddenly came back to his senses when he heard this.

### **Chapter 1557: calming the heart**

He looked sideways and stared coldly at Wang Mang. He threw the document on the table with a thud.

"I don't want to hear the same thing a second time." A cold voice came out from his thin lips.

Wang Mang was shocked and realized what he had just said. He hurriedly shut his mouth and didn't dare to say another word.

Seeing him like this, Yan Jun's cold face was still gloomy. "You don't have to participate in tonight's operation."

"..." Wang Mang looked at Yan Jun in surprise. "But second young master..."

"No buts," Yan Jun interrupted him with many reasons and excuses. "There's no one to take care of the flower field in the backyard. You can go and calm your mind."

"..."

Knowing second young master Yan's temper, Wang Mang could only clench his teeth and turn around to walk in the direction of the flower field.

While Xia Jinqi was accompanying the two children, she looked up and saw Wang Mang walk away in a hurry. When she turned back to look at Yan Jun, she found that half of his face was also dark, and the atmosphere was very bad.

What happened to the two people who were having a good conversation just now?

Xia Jinqi frowned slightly. She waved her hand and called the two nannies who were guarding at the side. She stood up and walked in Yan Jun's direction.

"What's wrong?" She asked as she picked up her cup and took a sip of tea.

"He suppressed himself in the dark for too long and had the intention to kill," Yan Jun gave a simple comment. He knew that Wang Mang could not be like this because he could not find any evidence against Lu Yiming.

Anxiety and IRASCIBILITY would make people lose their rationality.

However, at times like this, it was more important to remain calm.

Xia Jinqi listened. When she put down the teacup, she saw the red document on the table from the corner of her eye and asked, "what is this?"

Yan Jun heard this and retracted his gaze. He followed Xia Jinqi's line of sight and said, "take a look."

He didn't plan to hide it from her and let her see it directly.

After going through so much, he understood Xia Jinqi's temperament.

The more she didn't let her see it, the more curious she became.

Xia Jinqi had originally thought that it was a simple business document. She did not expect that when she opened it, she would discover that all the contents could be considered state secrets!

The more she read, the heavier her expression became... ..

When she saw a certain point, she asked Yan Jun in extreme shock, "you integrated all the troops on Arqi island into the various zones of Rao city?"

The first few pages of this book recorded the names of the people who entered the various zones.

Yan Jun nodded. His brows were like distant mountains, and his eyes were like the stars.

Xia Jinqi took a deep breath. "when did it start?"

With such a huge army, it would definitely take a long time for them to sneak into the various defense districts of Rao city, right?

"Not long after returning from Berlin," he replied.

When the army was brought back from Berlin, they were still very weak. Later on, they recruited quite a number of soldiers from within Rao city. Among them, there were many retired special forces soldiers, as well as many skilled people.

Then, they found Leng Sicheng to help him train these soldiers. After that, they began to plant them in Rao city without anyone noticing.

The work was done in secret, but in an orderly manner.

“...”Xia Jinqi’s almond-shaped eyes widened She couldn’t hide the waves in her heart. At the same time, her mind was spinning rapidly as she recalled some of the corresponding things “There are also some in the Criminal Police Unit “I remember that time when Huo Ting and I found the bones in the valley outside the city, some soldiers who didn’t know me called Me Madam “Also, that time when my father was forced to isolate his public speech, all the soldiers guarding the entrance of the building seemed to be very respectful to you They’re actually all your people?”

### **Chapter 1558: wait for my return**

Yan Jun continued to nod his head. His handsome face was still as calm as ever.

In reality, Xia Jinqi only knew a small part of it. Other than the people who had integrated into Rao city, there were also quite a number of soldiers on Arqi island.

Yan Jun’s influence was beyond anything she could imagine.

Not to mention the forces in the Middle East, even the Yan Corporation’s many years of building schools in Rao city and sponsoring the medical industry were supported by many people as long as he raised his arm.

Even some of Lu Yiming’s subordinates had been replaced by Yan Jun’s men.

Otherwise, after Yan Youcheng’s death, Yan Jun wouldn’t have swaggered into Lu Yiming’s official residence with only a few men.

At that time, among the men under Lu Yiming who pointed guns at Yan Jun, 30% of them were arranged by Yan Jun..

” ... ” at this moment, Xia Jinqi’s mood was no longer enough to be described as ‘shocked’ .

She continued to flip through the Little Red Book.

The first half recorded the name list, so what kind of terrifying thing would the second half be?

Xia Jinqi thought that she was mentally prepared, but when she actually saw it, she was still stunned for a long time.

Yan Jun’s deep gaze never left her delicate little face. Seeing that she had fallen into a long silence, he opened his mouth and broke the strange atmosphere.

“Tomorrow is grandfather’s seventh day. ” His words were both an explanation and a warning.

Xia Jinqi knew that even if she wanted to stop him, she couldn’t stop him. As long as it was something he decided, no one could change it.

Moreover, tomorrow was such a sensitive day.

If it were her, she would definitely do the same.

She sighed and put down the red document. She only asked him, "Are you confident? After all, it's not so easy to get rid of Lu Yiming's power in one go."

"I will arrange it." Yan Jun only replied with two words. His black eyes were gloomy.

The matter had dragged on long enough, and he had prepared long enough.

Tonight, it was decided!

Xia Jinqi stared at him for a long time. It was impossible for her not to be worried, but there were some things that she couldn't stop or stop.

Yan Jun was not only her husband, but also the father of her children. He was also a descendant of the Yan family and a god-like existence in Rao city.

There were some things that someone had to do... ..

She could not selfishly keep him by her side.

Other than that, what she could do was to support him.

Thinking of this, she took a deep breath and looked up at him again. There was a big smile on her face. "Go, be careful. The children and I are waiting for your triumphant return at home!"

Under the sunlight, her bright eyes and white teeth, her face like the moon in mid-autumn, like the flowers in spring, were deeply engraved in his heart.

He also smiled. His heart was moved, and he reached out to pull her into his arms. His deep and hoarse voice echoed in her ears. "Wait for me to come back."

"En." Xia Jinqi also hugged him tightly. Her face was pretending to be calm, but her heartbeat could not be controlled.

For some reason, she suddenly had an extremely bad premonition that enveloped her.

Before she could calm herself down, two soft and clear whistles suddenly came from behind her.

"MOMMY!"

"Daddy!"

Xia Jinqi suddenly came back to her senses and remembered that there were still two little fellows there!

She hurriedly withdrew from Yan Jun's embrace. She held his hand and pulled him over. "The children are calling you!"

**Chapter 1559: was a little higher!**

“Daddy, Daddy, daddy...” Xiao puff suddenly became excited. When she saw Yan Jun walking over, she kept calling out.

Yan Jun carried her up in satisfaction and raised her high above his head. He smiled warmly and contentedly, “are you afraid of heights?”

“HEHEHE!” Xiao puff’s laughter was sweet and clear. Obviously, she was not afraid at all. She even shouted, “High! High!”

“Okay, a little higher!” Yan Jun’s eyes were filled with a smile. He exerted force with his hands and threw Xiao puff’s soft body high into the air!

Xiao puff suddenly felt like she was floating in the air, and her vision was completely different from before. The feeling of falling together made her feel very novel, and her smile became even more joyful. “HEHEHE!”

Xia Jinqi was holding Xiao Yuhan, who was still learning to walk. When she looked back, she happened to see Yan Jun throwing Xiao puff up. Just as she was about to tell him to be careful, her eyes suddenly paused, and her heart was instantly touched.

Xiao puff, who was so small and soft that she couldn’t even walk, was flying into the air at this moment. At a certain angle, she blocked the sunlight that was directly shooting toward Xia Jinqi.

At that moment, Xiao puff seemed to be able to stand shoulder to shoulder with the sun.

She was smiling so happily, and Yan Jun was also smiling so happily. And behind the two of them, the bright sun was emitting heat, adding warmth to the scene in front of them... ..

Xiao Yuhan was also curious and anxious to try that feeling. “Yes... yes...”

Yan Jun put down Xiao Puff and picked up Yu Han again. “Han ‘er also wants it?”

“Yes!” The little guy answered with a sonorous and powerful voice. At such a young age, he already had some manly spirit.

Yan Jun curved his lips into a smile and repeated the previous action. Using his powerful arms, he lifted Yu Han to a higher place than himself... ..

“Ge Ge... High!” Xiao puff shouted excitedly in Xia Jinqi’s arms. Her gaze followed her brother who seemed to be able to fly, and her smile was extremely brilliant ...

“brother, do you fly high or Xiao puff fly high?” Xia Jinqi teased her, and the smile in her eyes became more and more intense.

“Brother!” Xiao puff answered crisply. This time, her words were much clearer.

The cheers and laughter in the courtyard attracted the envious gazes of many people. Everyone stopped in their tracks and could not help but smile as they looked on.

How blissful. This family of four... ..

Far Away.

In a dark corner where the sun could not shine directly, Yan Qing, who was dressed in black, slowly withdrew his gaze from the courtyard.

His back was leaning against the cold and stiff wall. His hands were placed coolly in his pockets as he looked up at the distant sky.

In front of the Azure blue background, many pure white clouds floated with the wind. It was so free and unrestrained... ..

There was a thin mist in the bottom of his eyes, and his heart felt sour and uncomfortable.

That feeling was as if it could tear him into pieces. It was extremely uncomfortable... ..

But no matter how painful and uncomfortable it was, he no longer complained and no longer felt hatred.

In fact, he could have chosen to leave Rao city, leave this piece of land, find another place with beautiful mountains and rivers, or go abroad and get away from all of this.

With his ability, he could still find a job with good pay, and he could start all over again.

But instead of leaving, he chose to stay.

No matter how hard it was, he gritted his teeth and persevered, because he knew he was atoning for his past mistakes.

### **Chapter 1560: protect him for me**

What pulled Yan Qing back from his long and heavy memories was a black sedan that quickly drove in from the main entrance.

There was no time for him to grieve. He frowned and looked at the small car. He saw a thin man wearing black-rimmed glasses alighting from the car. Yan Qing recognized that man. He was Yan Jun's secretary.

After you XI's accident, Yan Jun's personal secretaries had all been replaced with men.

This request was not made by Xia Jinqi, but by Yan Jun..

The secretary ran into the courtyard in a panic, not noticing the existence of another person in the corner.

Yan Qing watched as he walked to Yan Jun's side and whispered something in his ear. The smile on Yan Jun's lips gradually disappeared.

Xia Jinqi did not hear what the secretary said, but looking at Yan Jun's expression, she knew that it was not a good thing.

Sure enough, the secretary quickly retreated to the side. Yan Jun looked at Xia Jinqi with a slightly hesitant gaze.

Xia Jinqi, however, understood his heart. She smiled and said, "you can go. "

Yan Jun's dark eyes deepened slightly. He leaned over and kissed the two children's foreheads before looking at her. "I'll be back very soon."

"Okay." Xia Jinqi nodded and smiled faintly. "I'll wait for you."

The two of them looked at each other and smiled. A moment later, Yan Jun turned around and left quickly.

Xia Jinqi stood at the same spot and watched Yan Jun's departing figure for a long time. Her hands that hung by her side felt slightly cold.

She didn't know what was wrong with her either. She had a bad premonition... ..

"Li Jie." She suddenly called out.

Li Jie, who was standing guard not far away, stepped forward at once.

"protect him for me." Xia Jinqi bit her lower lip, uneasy way.

Li Jie knitted his brows. "Chairman, then your safety..."

He is responsible for protecting Xia Jinqi, he left, Xia Jinqi security who is responsible?

"I am at home, very safe." Xia Jinqi attitude is firm.

This time, it was different from the past. Her skills were not as good as Li Jie's, and her identity was very sensitive. She had no place in the political arena. If she insisted on following him, not only would she not be able to help Yan Jun, she might even drag him down.

Instead of that, it was better to stay at home and take care of the two children, so that Yan Jun could do what he wanted to do in peace.

But even so, she still wanted more people to protect Yan Jun, so that at least she did not have to worry so much.

Li Jie saw the determination in her eyes and knew that it was pointless to say more, so he nodded, "yes, chairman."

Then, he quietly followed Yan Jun who had left first.

In the extended Lincoln car.

The secretary quickly reported the current situation to Yan Jun..

"As you expected, Lu Yiming gathered most of his men today and is holding a meeting at the City Hall. Today is the best opportunity to capture them all."

The assistant in the front row also said, "chief Huo just sent news. Half an hour ago, Qu Ruoshan secretly took a team from the army."

"The murderer who claimed to have killed old master Yan, Wang Ning's twin brother, Wang Chao, has also been found. He has agreed to cooperate with us and pretend to be his brother Wang Ning to testify against Lu Yiming."

“The bug that was placed in Cui Ziyán’s body has also been taken out. It contains the conversation between him and Lu Yiming before he died.”

Yan Jun leaned against the soft seat. His black eyes kept looking out the window at the sky that had become dark clouds at some point in time. His cold face was calm, as if he already knew everything.

Twenty minutes later, the car stopped at the City Hall.
