

Trick Me 1581

Chapter 1581: this is my family. I have the responsibility to protect them

When Yan Youcheng passed away or went to his funeral, she did not see the person she was supposed to see.

She did not ask Yan Jun because she knew that Yan Jun had a lot of things going on recently. She was also under a lot of psychological pressure. In addition to her relationship with Yan Qing... ..

Of course, it was not that she was afraid to ask anything. She just did not want Yan Jun to worry too much.

But now it seemed that Yan Qing had actually been at the Yan family all along. He had always been by their side.

Looking at the Black Tortoise Hall's clothes on him, he should also be a member of the Black Tortoise Hall.

However, the only thing that Xia Jinqi did not understand was, since Yan Qing was always there, why did he never show himself in front of her His family never mentioned it.

He even lied to her that he wanted to live abroad and start over... ..

Not only him, even Yan Jun had never mentioned a single word to her.

Why did everyone hide it from her like this? *novE/ℓℓ.1n*

Did they still think that there was something between her and Yan Qing?

At that moment, Xia Jinqi's mind was in a mess.

Lu Yiming turned his hand and pointed the gun that was originally pointing at Xia Jinqi at Yan Qing.

"I really didn't expect that after the Yan family hurt you and used you, you were still willing to be their lackey in the end?" Lu Yiming spat and his gaze briefly stopped on the black tortoise hall symbol on Yan Qing's chest, then he stared at him "Yan Qing, oh Yan Qing, have you forgotten? Yan Jun stole everything that should belong to you! ! Your father, your identity, and even your woman! "

Although Lu Yiming and Yan Qing did not have much contact, when he was investigating Xia Jinqi, he had also investigated Yan Qing's interpersonal relationships.

Later, he used Xia Mingzhu to instigate Xia Tianjiao to get in touch with Yan Qing, and even provided him with ten tons of explosives.

In a sense, he pitied Yan Qing, because Yan Qing and he were both pitiful people.

He instigated Yan Qing to resist. Other than wanting to disrupt the Yan family's internal affairs, he also wanted to see Yan Qing rise up and become the final winner, obtaining everything that belonged to the Yan family.

He had never obtained anything before, yet he wanted to see others obtain it. This was also a different kind of compensation mentality.

But who knew that not only did Yan Qing fail, he was also completely subdued by Yan Jun and became the Yan family's lackey, working for the Yan family... ..

In Lu Yiming's eyes, this kind of behavior was simply as stupid as a pig, incurable!

In the past, it was fine if he didn't have the chance, but now that he had coincidentally bumped into him, Lu Yiming wanted to ask what exactly this pig was thinking!

But Yan Qing only gave Lu Yiming an indifferent glance.

In the past, if he had heard these words, he would have been furious and filled with resentment.

But now, when he heard these words, his calm heart didn't even have a single ripple.

"these are my family members. I have the responsibility to protect them." Yan Qing opened his mouth and his gaze fell on the child in Xia Jinqi's arms.

This was Yan Jun's child, the bloodline of the Yan family. According to seniority, he should be called second grandfather.

The bloodline was passed down, he couldn't just sit idly by.

Moreover, this child's mother... ..

Yan Qing was finally willing to raise his eyes and look into the eyes of the woman he deeply loved.

Xia Jinqi raised her head slightly. The moment she met Yan Qing's gaze, it was as if a lifetime had passed.

It wasn't that she didn't see the sadness hidden in his dark eyes that were very similar to Yan Jun's, as well as the intense love that was like fire... ..

However, she could no longer respond to him.

From the moment she decided to marry Yan Jun, they were destined to have no ending.

Lu Yiming, who was watching from the side, laughed out loud and was incomparably arrogant. "family? THAT'S HILARIOUS! You clearly love this woman! You Love Your niece-in-law! HOW VULGAR!"

Chapter 1582: is there anything wrong with loving someone?

Xia Jinqi frowned. These words made her very uncomfortable.

Outsiders did not know about her and Yan Qing, but they still used this to criticize and humiliate him.

Just as she was about to say a few words for Yan Qing, Yan Qing spoke before her. "Yes, I love her."

His voice was clear and gentle. At this moment, he spoke slowly, full of calmness and relief.

His words stunned Xia Jinqi and Lu Yiming at the same time.

No one expected him to admit it so frankly.

Lu Yiming opened his mouth. He originally wanted to say something, but Yan Qing quickly added, "but, is it wrong to love someone?"

"..."he was speechless.

Is it wrong to love someone?

Lu Yiming could not help but fall silent.

He was different from Zhao Chongbin. Although he had done all kinds of bad things and was perverted and disgusting, his love for Bi Yue had never changed from the beginning to the end.

In this aspect, he was even more devoted than Yan Youcheng.

He met Bi Yue for the first time and fell in love very quickly. After Bi Yue's accident, in the whole 15 years, he had not touched a single woman.

Because he only had Bi Yue in his heart.

Even the peerless beauty that he had snatched from Huayu auction house back then, such a beauty, and all kinds of seduction, he had never wanted her.

He knew that there was nothing wrong with loving a person.

He himself was also a person who had loved deeply, why would he make things difficult for a person who was as deeply in love as he was?

Not continuing this topic, Lu Yiming turned to attack Yan Qing's rationality from another direction "Don't talk about this with me. You should know about Yan Youcheng's will, right? He left everything to Yan Jun, not even a hair left for you. In his eyes, you are nothing. Such a person, such a cold home, is it worth you to protect it?"

As soon as these words came out, Yan Qing's originally calm handsome face finally froze for a moment.

Of course, he knew the list of wills.

A full three pages, including 3% of the YAN group's shares, as well as 13 subsidiaries.

Other than that, there were also stocks, funds, real estate... ... n-)0V**elb**ln

But now Lu Yiming said that his father's will had given everything to Yan Jun, leaving him nothing?

"How do you know?" Yan Qing suddenly frowned, his cold gaze like a sharp blade, stabbing at Lu Yiming.

Lu Yiming knew that his words had an effect, so he laughed even more wantonly. "What kind of tricks does that old guy have in his stomach that I don't know?"

Yan Youcheng's will was not notarized by a lawyer, but it had been shown to a lawyer before.

In this world, there was no such thing as an impenetrable wall.

“...”Yan Qing fell silent.

He knew very well what kind of person Lu Yiming was.

He would not be so proud if it was not confirmed.

So... .. The will might really be as he said, his father really did not leave him anything ...

Then these things that were placed under his name... .. were obviously given to him by Yan Jun. ...

Yan Jun did this because he did not want him to be hurt.

Using his father's name to give him so many things... ..

Even if the shares of the Yan Corporation were only 3% , it was enough for him to spend several lifetimes.

Seeing Yan Qing Fall into a long silence, Lu Yiming snorted again, “how stupid! They treated you like this, but you are still so stubborn? You are so sad! ”

Xia Jinqi thought it was bad. Lu Yiming's instigation at this time was really heavy.

She knew that Yan Qing couldn't let go of his identity and the treatment he received in the Yan family. Lu Yiming's words were undoubtedly a devastating blow to him!

Chapter 1583: you are the saddest person

She frowned slightly and said hurriedly, “Yan Qing, grandfather, he...”

Who knew that before she could finish her words, Yan Qing had already turned around and smiled gently at her, “I know. ”

These three words seemed simple, but in reality, they carried a lot of unknown hardships and suffering.

If he were a few years younger, when Yan Qing heard these words, he would have long been so angry that his head would be smoking, let alone talk about rationality.

But the current him was no longer the same as the past him.

He knew that his father did this for the sake of the stability of the Yan family.

In addition to the fact that he had almost destroyed the entire Yan family back then, a person like him was no longer qualified to inherit any of the Yan family.

On the contrary, Yan Jun still gave him so much in the name of inheritance.

This kinship, Yan Qing saw it and felt it in his heart.

And these days, his eldest brother, Yan Sheng, would occasionally ask about his well-being, and his eldest sister-in-law, Ji Xinyu, would take care of every detail of her three meals a day. He felt enough warmth.

The love and care filled his heart. He no longer had anything to hate, and he no longer felt unsatisfied...
...

As long as he thought of this, his heart felt warm and warm.

In fact, when a person lived to a certain point, many things could be seen very clearly.

What chasing after fame and fortune, what striving for fame, were all fleeting clouds. They were all fleeting clouds.

His heart could feel comfortable and happy. It was more important than anything else.

Thinking of this, Yan Qing turned to look at Lu Yiming. "The one who is sad is you. My inner demons have been removed, and you will be controlled by your inner demons for the rest of your life. You are the one who is the most sad."

As someone who had been to hell, Yan Qing could understand Lu Yiming's heart better.

The only difference was that he still had family.

It was these people who gave him warmth and hope to climb out of hell.

But Lu Yiming was alone, sinking deeper and deeper into the mire of hell.

Perhaps Bi Yue was the only one who could save him in this world... .. But.. ..

Lu Yiming was completely stunned by Yan Qing's words.

Was He sad?

Ha... ..

At this moment, the pig-faced man rushed down from upstairs. "I looked everywhere, but I didn't find another child!"

Hearing this, Lu Yiming came back to his senses and glared at Xia Jinqi. "There's still another child!"

"..."Xia Jinqi gritted her teeth and didn't answer. She held Yu Han's hands, but she unconsciously pulled them back.

At this moment, she suddenly felt lucky that Ji Xinyu brought Xiao puff to the hospital first.

Seeing that she didn't speak, Lu Yiming decided to snatch the child in her arms.

After all, there was one less child. Lu Yiming didn't know whether Xia Jinqi was holding a boy or a girl. He wanted to confirm it himself!

Xia Jinqi instinctively sensed the danger and hurriedly took a big step back!

Lu Yiming reached out to grab it, but was blocked by Yan Qing who suddenly appeared.

"GET OUT OF THE WAY!" Lu Yiming pointed his gun at him in anger, fire jumping in his eyes!

Yan Qing didn't take half a step back. Just like that, he used his body to block Xia Jinqi and her child, as firm as a rock!

At this critical moment, Yan Qing glanced sideways at Wang Mang's direction.

The two of them looked at each other for 0.01 seconds, then Wang Mang nodded slightly.

Xia Jinqi looked up at Yan Qing. Before she could think of anything, she heard a scream from a person nearby. "Ah!"

Then, more people around them began to scream and fell one after another!

Chapter 1584: I'll send you over to look for him

These people were all wearing masks and were Lu Yiming's subordinates!

Xia Jinqi had yet to recover from what had happened when Yan Qing, who was in front of her, quickly turned around and protected her and her child in his arms. "Let's go!"

Things happened too quickly. Lu Yiming was stunned for a moment before he quickly caught up. "Stop!"

At the same time, a group of people dressed in black martial arts hall clothes suddenly jumped out from the originally quiet night. The dark mass blocked Lu Yiming's path and bought Xia Jinqi time to escape!

At that time, the situation was dangerous. Xia Jinqi did not have time to think too much and could only instinctively follow Yan Qing's footsteps.

She had only taken a few steps when gunshots rang out behind her, creating a mess!

Just as she ran to the door, a black car drove over. Yan Qing pulled open the car door and sent her up.

Before she could sit still, the car had already rushed into the blurred darkness with a whoosh!

Xia Jinqi's heartbeat could not help but accelerate. She hurriedly lowered her head to look at Yu Han in her arms. Seeing that he had already fallen asleep safely under the protection of the noise-reducing earphones, she turned back to look at Yan Qing beside her. "thank you."

In the situation just now, if it were not for Yan Qing, the mother and son might not have been able to escape so easily!

Yan Qing looked at her and then looked at the child. He said, "the security building was burned down. Yan Jun should be there now. I'll send you over to look for him."

"Okay." Xia Jinqi nodded. Although the scene just now was very dangerous, she still looked at Yan Qing with a smile. "How nice. You've become the same Yan Qing as before."

In the past, Yan Qing did not have a devil in his heart, nor did he have so much hatred.

He was gentle and refined, optimistic and positive, and his face always had that smile that was like a spring breeze... ..

Actually, when Lu Yiming said that Yan Youcheng did not leave Yan Qing any inheritance, Xia Jinqi was worried that he might once again explode with inner demons.

But later on, she discovered that Yan Qing had really changed.

He was not angered by a single sentence, nor was he irascible. He was very rational and very calm in accepting the reality.

Probably, this was a person who had truly experienced the baptism of time... ..

Hearing Xia Jinqi's words, Yan Qing smiled faintly, but did not say anything else.

He knew that Xiao Qi understood everything that he had experienced, as well as his heart.

She was happy for him, and he was happy for himself.

“...”

In the Yan family's courtyard.

Following Wang Mang's shooting, the remaining people from the Black Tortoise Hall rushed out one after another, using the human flesh barrier to open up a path of escape for Xia Jinqi!

Lu Yiming could not rush out, so he could only hold the gun and madly sweep her!

Wang Mang, who was hiding behind a tree, also waited for an opportunity to change his hiding position, silently starting to sneak attack the masked enemy.

In fact, from the moment Yan Qing decided to stand up and walk out of the bushes, Wang Mang saw the overall plan in his eyes. n-)σ(/V--e-(L/(&-(!).n

The reason why Yan Qing took the initiative to stand out at that time was firstly to cover for Wang Mang, and secondly, he actually wanted to protect Xia Jinqi. He wanted to use his body to block the bullets for Xia Jinqi in case Lu Yiming opened fire. In this way, Wang Mang and the Black Tortoise Hall brothers would not be controlled by others, and they could give it their all!

And making such a choice, Yan Qing had his own thoughts.

He was worried about protecting Xia Jinqi if others came. In addition, Wang Mang's marksmanship was much better than his. If he kept Wang Mang, his chances of winning would be higher.

Later on, when Lu Yiming found that the other child was not in the Yan family and pointed the gun at Yan Qing, Yan Qing glanced at Wang Mang who was hiding in the dark.

Wang Mang understood that glance. It was a signal to shoot.

Chapter 1585: If could survive... ..

At first, when Lu Yiming's men barged in, they had indeed caught Yan Qing off guard. However, he quickly changed his defense and gathered those who were still alive in the dark, waiting for an opportunity to rescue Xia Jinqi.

Of course, Wang Mang's cooperation was also essential. It was a pincer attack from both left and right that made Lu Yiming unable to take care of himself for a moment.

Seizing that moment, the entire situation changed drastically!

Looking at the chaotic situation in front of him, Lu Yiming's eyes were blood red as he said furiously, "chase after her!"

Without Xia Jinqi, Bi Yue wouldn't be able to wake up!

How could he let her go? ! !

The pig-faced man didn't expect things to turn out this way. He only went upstairs... ..

However, hearing Lu Yiming's roar, he could only say, "leave this place to me. You go after her!"

Lu Yiming glanced at him. "everyone here saw my face. I've taken care of them."

Then, he turned around and brought most of his men of sacrifice to chase after her.

Wang Mang saw that the situation wasn't good. He wanted to rush over to stop Lu Yiming, but the pig-faced man found his tracks. "little mouse hiding behind a tree. Do you want to come out by yourself or wait for me to catch you?"

At that time, Wang Mang was leaning against a tree. With his right hand holding the gun, he released the magazine and fell straight to the ground. His left hand quickly changed into a brand new magazine. He held his breath slightly and observed the situation around him.

Now that he was being held here, it was impossible for him to support Yan Qing and Xia Jinqi anymore. Xia Jinqi could only hope that Yan Qing could successfully escape with her.

Although there were not many people in the Black Tortoise Hall, they were all capable of fighting, so they could still drag it out.

Yan Jun was not here right now. He had promised Yan Jun that he would guard this house well.

Therefore, he would not leave so easily... ..

Tonight might be the last journey of his life.

Wang Mang gripped his pistol tightly with both hands. He took a deep breath and secretly made a wish in his heart

If he could survive, if he could survive... ..

He would definitely marry that kind-hearted girl he had gone on a blind date with not long ago!

The girl's face flashed through his mind in an instant. She was a little baby fat and was not considered beautiful, but her skin was very white. When she smiled, there were two dimples on her face. It was very comfortable to look at.

At a certain moment, Wang Mang suddenly opened his sharp eyes. He suddenly leaned forward and fired a shot at the pig-faced man. Then, he rolled on the ground, found a second cover, and continued firing!

The pig-faced man was not shot, but he was angered by Wang Mang's counterattack. He immediately raised his hand and called for more people. "OVER THERE! SURROUND HIM!"

Then, more than a dozen guns were pointed in Wang Mang's direction. A burst of wild fire shot into the sky!

The dense gunshots rose and fell.

After a few minutes or dozens of minutes, the gunshots gradually stopped until they completely disappeared.

The pitch-black night enveloped the ruined courtyard. An unusual smell of blood floated in the air. Corpses could be seen everywhere on the ground, as if they were silently accusing everything that had happened here.

A portion of the death warriors that Lu Yiming had left here did not leave, and the people of Black Tortoise Hall were not spared either.

Wang Mang sat in a corner covered in blood. His left hand was clutching his stomach, which was bleeding profusely. His right hand was holding a gun, pointing in front of him... ..

The man with the pig-faced mask was still struggling to stand up in his direction.

Although he was wearing dark-colored clothes and it was impossible to tell if he was injured or if there were blood stains on his body, it was clear that there was liquid dripping from the corner of his clothes and hitting the ground.

Chapter 1586 was so f * Cking ugly

Even so, he still stubbornly wanted to stand up, but he was really exhausted. His legs gave way, and he fell to the ground again.

With a bang, he didn't feel any pain. After clenching his teeth and resting for a while, he simply crawled in Wang Mang's direction... ..

As he moved, his mask slanted, and he faced Wang Mang in an extremely strange posture.

"So... so F * Cking ugly..." Wang Mang was also exhausted and had only the last bit of strength left, but he didn't forget to ridicule this strange creature in front of him ...

It was one thing for Lu Yiming to be a pervert, but the person beside him was also so perverted!

Indeed, birds of a feather flock together!

The kind of person he was would attract the kind of person he was!

Unable to endure it any longer, Wang Mang aimed at the strange mask and pulled the trigger.

However, when he pointed, he didn't hear the expected gunshot. Instead, it was a crisp "DA!" .

He was out of bullets.

Wang Mang's eyebrows twitched, and he threw away the pistol. gritting his teeth, he said again, "I'm out of bullets too. You still want to come? Then let's HAVE A HAND-TO-HAND FIGHT!"

The pig-faced man had been out of bullets since a long time ago, and one of his arms had been dislocated. Now, he could only crawl on the ground alone.

He had no intention of escaping at all. Even if he had to die together with Wang Mang, he would not hesitate!

Because before Lu Yiming left, he had given him an order: Anyone who had seen Lu Yiming's face must be killed... ..

His brain would not turn around, and he would only listen to reason!

This was an order, and the order had to be completed!

Seeing that he did not stop, Wang Mang took a deep breath and forced himself to stand up.

However, the moment he moved, the wound on his abdomen was so painful that his whole body was twitching, and he could not move at all.

At this moment, Wang Mang was blinded by a cold light that flashed in front of his eyes. He looked over and found that the pig-faced man had pulled out a dagger out of nowhere and stabbed it into the ground with force. Then, he used the force to move his body forward and pulled out the dagger. He continued to stab forward... ..

"..."Wang Mang was dumbfounded this time.

His pistol was out of bullets, and he had completely lost the ability to fight in this state.

The worst part was that the other party actually had a knife in his hand... ..

His dry throat subconsciously gulped. Wang Mang gritted his teeth, and his entire being was dominated by the fear of death.

If he really had a gunfight or a melee fight, he would be completely convinced of his loss!

But if he was killed by such a monster in front of him, wouldn't it be too embarrassing for him?

His skills were only second to Li Jie's... .. Otherwise, how could he have taken out so many of Lu Yiming's men of sacrifice by himself ??

It was a big win... ..

Wang Mang kept consoling himself, trying to take a deep breath to ease his emotions.

But only now did he realize that what relaxation was, was all Bullsh * T!

Who could relax in the face of death?

He couldn't!

At this time, the pig-faced man who was wriggling forward had already crawled to Wang Mang's feet and stabbed at Wang Mang's calf!

Wang Mang reflexively withdrew his leg and kicked at the pig-faced man hard, right in the face!

The pig-faced man's mask was kicked off unexpectedly, revealing his true face!

In the darkness, with his back to the light, Wang Mang didn't see too clearly, but even that blurry glance was enough to make his heart clench!

Not a single piece of skin was intact on the face in front of him. It was bumpy and twisted, and there weren't even any eyebrows or nose... ..

Chapter 1587: "your face hurts my eyes. "

Wang Mang was absent-minded for a moment.

The pig-faced man also knew that his mask had fallen off, so he immediately became angry out of humiliation. He did not know where his strength came from, but he actually got up on one knee and rushed in front of Wang Mang!

The bright knife was right in front of Wang Mang's heart!

The strong wind with killing intent blew on his face, and Wang Mang subconsciously grabbed one of the pig-faced man's hands.

But the pig-faced man's strength was too great, so he could only watch as the sharp tip of the knife approached his heart inch by inch!

Wang Mang could not defeat him in terms of strength, so he could only think of another way to divert the pig-faced man's attention.

He carefully looked at the pig-faced man's miserable face and said faintly, "your face... might as well put on a mask. It hurts my eyes... "

"..."the pig-faced man gritted his teeth, and the killing intent in his eyes grew heavier.

Wang Mang thought to himself, this is not good. My words seem to have provoked him again His strength was getting stronger and stronger. The cold tip of the knife had already pierced through his skin... ..

The pain of his body tissue being destroyed instantly spread to the nerve endings, and the exposed nerve endings continued to transmit this intense pain to his brain.

"You..." Wang Mang tried to push the monster away with his last breath, but no matter how hard he tried, the monster in front of him did not retreat one bit!

And he had already reached his limit... ..

The pain in his chest and abdomen slowly became less obvious, and his eyelids became heavier and heavier, and his consciousness began to fade.

He thought, it's over. I'm really going to die here this time.

And I'm going to die at the hands of such a monster... ..

At the last moment when he closed his eyes, he vaguely felt a strong light shining in his direction.

He turned his head slightly and looked in the direction of the strong light.

He saw a fleet of carriages driving over.

The bright light was the headlights.

A tall and handsome figure walked out of the carriage, walked past the dazzling light, and walked towards him... ..

Then, his entire body was surrounded by endless darkness.

The person who came was Yan Jun..

His handsome face was unprecedentedly tense, and his dark eyes were filled with thick anger, as well as undetectable fear and worry!

He quickly walked in the direction of Wang Mang and kicked away the man who was stabbing Wang Mang with a knife!

The bodyguard immediately controlled the pig-faced man and dragged him to the side.

Yan Jun's brows were tightly knitted, and his hands pressed on the wounds on Wang Mang's chest and abdomen that were still bleeding. He shouted loudly, "Doctor!"

Then, the 120 medical staff immediately came forward to treat Wang Mang's emergency wounds.

The Yan residence was covered with surveillance cameras and automatic alarm devices.

The moment the accident happened, Yan Jun had already received the news.

He rushed back without stopping, but he was still one step too late... ..

In the blink of an eye, a perfectly fine home had become like this.

Yan Jun stood up, HIS BLOOD-COVERED HANDS CLENCHED INTO FISTS!

He glanced at the corpses on the ground, suddenly turned around, grabbed the pig-faced man's collar, and lifted him up. "where is Xia Jinqi?!"

"..."the pig-faced man was on his last breath. Originally, he was angry from embarrassment because his mask had been kicked off, and he used all his strength to stab Wang Mang's last stab. Who knew that before the stab could go deep, he was kicked in the head by Yan Jun..

That kick made him see stars. He was completely dumbfounded and couldn't even speak.

Moreover, he had been here the whole time. He didn't even know if Lu Yiming had caught up with Xia Jinqi, let alone know where she was... ..

Chapter 1588: You must bring this person back to life!

At this moment, the doctor beside Wang Mang said excitedly, "he didn't hurt any vital parts. He just lost too much blood and fell into a coma. He needs to be sent to the hospital immediately for a more detailed examination."

Only then did Yan Jun come back to his senses. He shook off the pig-faced man and turned to instruct the doctor, "send him to the hospital."

After saying that, he turned back to look at the pig-faced man who had already fainted on the ground and said coldly, "also, you must bring this person back to life!"

This was the only intruder alive. It would be a pity if he died. Only by living could he get more information.

After saying a few words, Yan Jun turned around and got into the car.

Li Jie glanced around and followed him.

Wen Tao was also in the car. The tablet in his hand showed the map of Rao city, and there was a red dot moving rapidly on it!

"Yan Qing is moving out of the city. He is 27 kilometers away from us!"

Everyone in the Black Turtle pavilion had the symbol of the Black Turtle pavilion on them. It was actually A BUILT-IN GPS positioning system. Everyone had a special code, and each code corresponded to a person. Even if it was known by outsiders.. It was impossible for them to know who the specific person was!

Only Yan Jun had the authority to control everyone's GPS SIGNAL!

And now... ..

The only person who could be found was Yan Qing alone.

Yan Jun's pitch-black eyes sank again and again. "CHASE AFTER HIM!"

"Yes!" The driver nodded. He immediately turned the steering wheel of the car and drove into another lane.

Wen Tao looked at the GPS on the tablet for a long time. Suddenly, he looked up at Yan Jun and asked, "second young master, what if Yan Qing is not with sister-in-law? Then we..."

Previously, the Yan family's surveillance cameras could only see Yan Qing and Xia Jinqi leaving together. However, so much time had passed since the incident, and no one knew how many changes would happen.

Even Li Jie, who had been silent all this time, glanced sideways at Yan Jun when he heard this.

He was also worried about the same thing.

Now, the three of them had joined Lego. With Lego's protection, his two younger brothers had lived a peaceful life.

It could be said that Huo Ting had given the three of them a chance to live a new life, but Xia Jinqi had given them a way to live.

Yan Jun had even persuaded Li Kui to let him participate in the national examination and strive to enter the Chinese Academy of Sciences, so that he would not waste his talents.

Li Jie would occasionally go back to Lego to see his two younger brothers, but he was shocked by Li Kui...
... He had never seen his second brother so eager to do something with a smile on his face ...

All these changes came from Xia Jinqi and Yan Jun..

In Li Jie's heart, he had long regarded these two people as his benefactors who he would repay for the rest of his life.

Now that Xia Jinqi's whereabouts were unknown, he really did not feel good.

Yan Jun was silent for a moment.

His unfathomable black eyes narrowed slightly, and the aura around him was cold and piercing.

After a long while, he finally opened his mouth. "He will. "

He did not know about others, but Yan Qing... ... Under such circumstances, he would never leave Xia Jinqi ! !

UNLESS... ...

Yan Jun clenched his hands tightly.

Ah Jin.

Wait for me.

"..."

In the dark night, an unremarkable small car was speeding along the highway out of the city.

Not far behind the car was a small motorcade consisting of five or six cars.

The roar of the engine set off an exciting high-speed race!

The driver had been replaced by Yan Qing.

He held the steering wheel with both hands, and the accelerator under his feet had been stepped to the bottom. As he looked ahead, he had to divert his attention from the rearview mirror to observe how far the motorcade had followed.

Chapter 1589: this time, I will never let go

Originally, he had planned to bring Xia Jinqi to find Yan Jun, but on the way there, Lu Yiming caught up with them and chased after Mengmeng. They didn't dare to stop the car!

It was impossible to go to Lego. Lu Yiming already knew Xia Jinqi's identity. At this time, he might have already arranged people at the entrance of Lego, waiting to intercept Xia Jinqi... ..

They had been chased to this point, and the guards of Lego didn't even know Xia Jinqi's exact location, let alone rush over to protect the driver.

Therefore, they could only rely on themselves now.

Xia Jinqi turned around to look at the motorcade that was chasing closely behind her. Her brows were tightly knitted, and she unconsciously bit down hard on her teeth. Her entire body was tensed up.

If they were to be caught... .. The consequences could be imagined ...

Fortunately, Yan Qing's driving skills weren't bad. He flew all the way, drifting through several corners perfectly, widening the gap bit by bit.

But at this moment, Yan Qing's slightly hoarse voice reached her ear. "We're out of gas. "

Xia Jinqi, " ... "

She instinctively looked at the oil meter and her brows immediately jumped.

A House that leaks will always have a rainy night. This was probably the case... ..

Biting her teeth lightly, Xia Jinqi took a deep breath and her gaze landed on Yan Qing. She said carefully, "Yan Qing, put me down. The one they want to catch is me. You Take Yu Han and leave. "

" ... "

For a moment, Yan Qing's face turned ashen.

He glanced sideways at Xia Jinqi and his gaze was as deep as the vast starry sky. "Do you know what you're saying? If you fall into his hands, can you still live? "

"Of course I know. But... you're innocent. I don't want to implicate you. " Xia Jinqi's gaze focused slightly. She lowered her head to look at Yu Han's smiling face, who was sleeping soundly in her arms. "and Yu Han. Only you can bring him away. "

There were no guards by his side, and the car was out of gas. With Lu Yiming chasing them relentlessly, it was only a matter of time before they were caught up.

Rather than all of them being caught, it was better to leave the hope of survival to Yan Qing.

Yan Qing fell into silence.

He roughly understood Xia Jinqi's meaning.

After a long time, he sneered. "If it was Yan Jun, would you let him leave too? "

This time, Xia Jinqi was silent.

Before Xia Jinqi could continue thinking, Yan Qing asked again, "Xiao Qi, do you still remember what happened on the day of your wedding? I convinced you to escape with you. At that time, I was also the one who drove you out of the city. "

Xia Jinqi did not understand what he meant by bringing up this matter now. She could only stare at him blankly.

“later, Yan Jun caught up with you and brought you back, ” Yan Qing said, his voice turning bitter. “actually, on that day, I really intended to give up everything and take you far away. ”

What heir, what injustice, what revenge, he threw them all to the side. He only wanted to take her away, to go to the ends of the Earth where no one knew them, to start a new life.

However, Yan Jun caught up with him.

Yan Jun’s appearance changed everything.

“today, history is repeating itself again. This time, I will never let go. ” Yan Qing clenched his teeth slightly, as if he was talking, but also as if he was making the most important promise in his life!

Giving up that time had become his lifelong regret.

He did not want to make himself even more regretful.

There were some things, regardless of life or death, that had to be done... ..

Xia Jinqi’s eyes were slightly sore. All the things in the past had surfaced in her heart, and there were a myriad of emotions. In the end, there was only regret and regret.

“This time is different. Yan Qing, listen to me. Bring Yu Han and leave. Otherwise, none of us will be able to escape! ” She suddenly raised her voice, her emotions unusually agitated!

Chapter 1590: you have lived to the extent that I envy you the most

Today is different from the past If Lu Yiming captured her, he might even use her as a hostage, but what about Yan Qing?

Once Yan Qing fell into Lu Yiming’s hands, he would be the first victim to be killed to vent his anger!

Yan Qing did not expect that Xia Jinqi would still be willing to protect him at such a time.

His eyes slowly teared up.

Yan Qing was very clear about what he had done in the past.

He had once threatened her life and even wanted to harm her child... ..

But at this point, she still chose to leave the hope of life to him.

“Xiao Qi, how could you be so stupid... ” as he said this, Yan Qing couldn’t help but laugh out loud.

How could there be such a stupid woman in this world?

Couldn’t she be a little more ruthless and heartless This way, he could love her a little less... ..

“I’M NOT STUPID! I only know that human lives are at stake!” Xia Jinqi immediately interrupted him, her tone unusually serious. “Don’t talk to me about the holy mother White Lotus Flower. I have my own justice in my heart!”

How others defined her was someone else’s business. What she wanted to do was her own idea!

She didn’t know what was going on in this world now, but everyone’s hostility was terrifyingly heavy.

Whoever made her unhappy would have to kill the whole family to be happy.

Yan Qing had done many wrong things in the past, but in the end, was it only his fault?

Half of his fault came from the grudges of his parents of the previous generation. He was just a person who was forced to accept it.

Xia Jinqi chose to forgive because she remembered that Yan Qing had once treated her well and accompanied her through those dark years... ..

She chose to be kind, chose to let go, and chose to forgive!

It was unknown when it began, but the word ‘holy mother’ became a derogatory term. The kind people became the holy mother White Lotus Flower and became the object of ridicule!

Was it really necessary for everyone to carry their knives and hack on the streets? Was this a peaceful and prosperous era?

Hearing Xia Jinqi’s words, Yan Qing smiled leisurely.

As he laughed, two lines of clear tears slid down his handsome cheeks.

“Xiao Qi, you’ve lived to the point that I’m most envious of you.” He opened his mouth bitterly. His heart was extremely disappointed, but it was also filled with faint joy and endless hope.

He had once said to her.

[a truly mature person is someone who, after being hurt by the world, still treats the world gently.]

This was a sentence that he had copied from a book. It stayed in his notebook for a long time.

His heart was hurt, so he was unusually sensitive to such sentences.

Every time the beast of hatred in his heart could not be suppressed, he would silently repeat this sentence over and over again. He would even share it with Xia Jinqi.

But... In the end, he did not do it ...

But Xiao Qi did it.

She had encountered countless hardships along the way, but she had always retained the kindness and tolerance in her heart. No matter how the world changed, no matter how much gossip people had, she had never denied her beliefs.

Step by step, she had finally reached this day.

She had gained the recognition of Lego, won Yan Jun's love, and became a little sun that emitted positive energy.

He knew too well the hardships she had experienced along the way. He knew too well... ..

When Xia Jinqi looked sideways, she happened to see the tear stains on Yan Qing's cheek. She opened her mouth to say something to comfort him, but the cars behind her instantly closed in. The roar of the engine roused her thoughts. "They'RE GOING TO CATCH UP SOON!"

Yan Qing immediately came back to his senses. Before Xia Jinqi noticed, he turned the steering wheel to the left and made an emergency drift. The car swung its tail and entered the on-ramp on his right hand!
