

## Trick Me 1641

### Chapter 1641: Even if won the world, what was the point without her?

The hand that was flipping through the list suddenly froze, and Yan Jun's bright black eyes suddenly contracted!

"What do you mean?" Hee suppressed the anxiety in his heart and asked.

Wen Tao seemed to have sensed Yan Jun's eagerness, and his words became even more careful "I don't know if Lu Yiming separated sister-in-law and Xiao Yuhan, but the specific situation is not very clear. Huo Ting has already disguised himself and infiltrated, so there should be news coming soon."

"..." Yan Jun's handsome face sank. Just as he was about to say something, Xiao Puff, who was in the crib, started crying. "Wah!"

Yan Jun immediately looked up at Xiao puff, put down the name list, stood up, and walked over. At the same time, he told Wen Tao, "keep in touch at all times. I'll be there soon."

Then, he put down the phone and gently hugged Xiao puff in his arms, gently coaxing her. "Okay, okay, Daddy is here..."

"Sob, SOB, SOB..." wrapped in a strong sense of security, Xiao puff's crying gradually became smaller.

When she finally stopped crying, Yan Jun calculated that it was about time. He prepared milk powder for her to drink.

After doing all this, there was a knock on the door again.

"Come in," Yan Jun said coldly.

After getting permission, Tan Zhuqing quickly pushed open the door and walked in.

He seemed to be holding something in his hand and said in a hurry, "chairman, are you going out of the city?"

The secretary next to Yan Jun was a student of Tan Zhuqing. Tan Zhuqing could know anything that happened on Yan Jun's side.

However, this was also out of consideration for Yan Jun's safety. After all, his current identity was no longer just the president of the Yan Corporation. He was now the hope of the entire Rao city.

Yan Jun did not raise his eyes to look at him. Instead, he sat beside the crib and patted Xiao puff gently with one hand. His gaze was gentle as he circled her rosy and fair little face.

"The disaster victims have already been appeased. Whether I stay or not doesn't mean much." A clear and moist voice seeped out from the corner of his thin lips.

He used such a short time to finish all of this so that he could prepare to go to Xia Jinqi's side earlier.

Tan Zhuqing's heart skipped a beat. He knew that Yan Jun had already made a lot of sacrifices and concessions for Rao city, but... "If you leave, what about Rao city? Lu Yiming's remnants are still there. If they take advantage of your absence to stage a coup, who will be able to control the situation?"

Yan Jun's eyes darkened slightly, but he did not speak.

Tan Zhuqing thought that what he said was useful, so he struck while the iron was hot. "Now that the entire city is praising your merits, this is a once-in-a-lifetime opportunity to seize the hearts of the people! The position of president next year will belong to you!"

Tan Zhuqing said that Yan Jun's future was bright.

Indeed, Yan Jun already had a lot of prestige in Rao city. After this riot, he had accumulated a lot of popularity in a short period of time!

If he could strike while the iron was hot and do a few public welfare events, then the whole city would remember Yan Jun's good deeds deeply!

Tan Zhuqing's consideration for Yan Jun was understandable.

However... ..

Yan Jun was silent for a long time before he opened his mouth. "So what if I gather the hearts of the people in this world?"

"when the time comes, you will be the president of Rao city, with great power in your hands!" Tan Zhuqing said excitedly.

"Ha." Yan Jun smiled coldly, as if he did not care about this so-called power and reputation at all, "even if you win this world, what's the point without her?"

Tan Zhuqing was momentarily stunned, not understanding what Yan Jun meant.

### **Chapter 1642: He wanted to personally bring her back!**

When Xiao puff finished drinking her milk, Yan Jun carried her up and coaxed her, "go with daddy to pick up your mommy and brother."

Xiao puff seemed to not understand. When she heard her mommy and brother, she immediately repeated excitedly, "Mommy! Brother!"

Her Gaze was fixed on Yan Jun who was holding Xiao puff in his arms with one hand. Only then did Tan Zhuqing realize that the 'she' that Yan Jun was referring to was actually Xia Jinqi... ..

So, he loved the beauty but not the country?

Tan Zhuqing stared at Yan Jun's back as he prepared to leave. Suddenly, he felt extremely disappointed!

"Yan Jun! At this time, are you still unable to let go of your romantic feelings? How can you love the people like a son when you're like this?"

In Tan Zhuqing's heart, those great leaders were able to do everything for the country and the people, be it their families or even themselves!

But Yan Jun was such a romantic. For a woman, he had to let go of a country?

Yan Jun's footsteps paused slightly. His slightly narrowed black eyes looked straight ahead as he said word by word, "my wife is also a citizen of Rao city."

His sonorous and powerful words pierced through layers of air, all the way to the bottom of Tan Zhuqing's heart. It was as if a heavy hammer had landed on the surface of a drum, STIRRING UP WAVES OF ECHOES!

Tan Zhuqing was petrified on the spot. He could not say a single word and could not take a single step forward.

Yan Jun's words made him unable to refute... ..

Indeed.

Xia Jinqi was also a citizen of Rao city... ..

Yan Jun did not care what Tan Zhuqing looked like behind him. He carried Xiao puff and left.

He had already given up on Xia Jinqi for Rao city once. There would not be a second time!

He wanted to personally bring her back!

Bring her back in one piece!

The secretary outside the door saw Yan Jun leave quickly. She did not know what was going on, but she walked to Tan Zhuqing's side and asked, "minister, are we going to let the speaker leave just like that?"

"... " Tan Zhuqing was stunned for a full minute before he came back to his senses. With an Ashen face, he ordered, "block the news of the speaker leaving. No one is allowed to spread it! If the media comes to interview, they will all say that the speaker is dealing with urgent matters and can't spare time! "

Although the secretary did not know what had happened, he could only hurriedly nod his head when he saw Tan Zhuqing's terrifying expression. "Yes! I'll make the arrangements right away! "

After the secretary left, Tan Zhuqing paced back and forth in Yan Jun's office with his hands behind his back. His expression was getting uglier and uglier each time!

Who did not know that Lu Yiming was sinister, cunning, and vicious!

If Yan Jun could successfully save Xia Jinqi and escape unscathed, it would be fine. But if something happened on the way, wouldn't it be a loss for the wife and a loss for the troops?

At that time, Rao city would be in a mess again!

Just thinking about it made Tan Zhuqing's head hurt!

What a meddling winter!

The only thing he could do now was to pray that God would bless Yan Jun's safe return... ..

..

Half an hour later.

The black rolls-royce quietly drove into the private parking lot behind the Yan family.

In the darkness of the night, a helicopter was ready to set off at any time.

Li Kun, who had been waiting here for a long time, bent down and opened the backseat door.

n).Ove/B1n

Yan Jun carried Xiao puff out of the car with a simple small bag in his hand. Inside it were not documents or weapons, but Xiao puff's milk bottle and some clothes.

Xia Jinqi was not around, so he was especially competent as a nanny.

### **Chapter 1643: he is our way home.**

Li Kun took the small bag and reported the latest situation "Young Master, as you expected, Zhao Chongbin's car indeed left the city half an hour ago. According to the inspectors and surveillance cameras at the city gate at that time, there was only one man in the car with him. He did not bring any dangerous items. The car model was also small and it was a private car. There was no luggage, let alone any banknotes or gold bars."

"With such a large amount of cash, he would naturally not be stupid enough to bring it out of the city at this time." Yan Jun frowned deeply.

After knowing Xia Jinqi's exact location, the reason why he had delayed his departure until now was firstly because he really couldn't be separated. Secondly, he was waiting for Zhao Chongbin to leave the city first.

In this way, Rao city would be safe. On the other hand, if he guessed correctly, after Zhao Chongbin left the city, he would probably meet up with Lu Yiming as soon as possible.

When the time came, he would capture these two people in one fell swoop. Only then would there be no fish that escaped the net!

Li Kun nodded. After hearing Yan Jun's words, he knew that Yan Jun already knew everything about Zhao Chongbin like the back of his hand.

Since that was the case, he had nothing to worry about.

But before Yan Jun left, he boldly suggested, "young master, there's still one more person who wants to join us."

Hearing that, Yan Jun raised his eyes.

Li Kun happened to move his body to the side at this time, allowing the person who had been hiding behind him to stand in front of the lights.

When he saw clearly who the person was, Yan Jun did not hesitate for a moment and asked directly, "have you thought it through?"

"I've thought it through!" A sonorous and powerful reply.

The person who came was Qu Yang.

"In that case, you will stay with Li Kun. When I am not around, guard Rao city well!" Yan Jun's voice was steady, and a king's aura suddenly surged out.

"Yes!" Li Kun nodded. After waiting for a long time, he did not receive a reply from Qu Yang. He could not help but push him and remind him, "why aren't you answering?"

After being reminded by him, Qu Yang suddenly came back to his senses. He did not care about his slightly red eyes and his choked voice. "Yes! I will not let the chairman down!"

Yan Jun nodded slightly and did not say anything more. He turned around and boarded the helicopter.

Qu Yang, who could not come back to his senses for a long time... ..

He was once Lu Yiming's trusted aide. He had done many things to hurt the Yan family for Lu Yiming... ..

He was originally the last person who would submit to Yan Jun..

However, the world was always so unpredictable.

When he heard Li Kun's story, he was very moved in his heart... ..

After the riot, Yan Jun's actions completely convinced him!

He mustered up the courage to submit, but Yan Jun did not doubt his motive at all. He even asked him and Li Kun to protect Rao city together!

How broad-minded and farsighted must one be to achieve this!

When Li Kun turned his head, he saw Qu Yang's expression that was so touched that he was about to cry. He smiled and said, "am I right? He is our way home."

Looking at Qu Yang at this moment, it was as if he had seen himself in the past.

This kind of touching continued a second time.

Perhaps there were many, many times, but they did not know it.

But the only similarity was that Yan Jun had brought them this kind of touching!

To follow such a person, one would be willing to go through fire and water!

"You really didn't lie to me." Qu Yang looked at Li Kun, and the two of them looked at each other and smiled!

Some words didn't need to be said, but a look was enough.

The two of them were smiling when another car drove over. Two people rushed out of the car, and without saying a word, they plunged straight into the plane!

## Chapter 1644: you will get used to it

Before Li Kun could see who it was, there was a loud noise coming from the plane.

When Li Kun and Qu Yang rushed in at the same time, Ji Xinyu and Yan Sheng had already carried Xiao puff down from the plane.

As they walked, they hummed, "what nonsense! The child is still so young, how can she withstand your torment!"

"... I already said that Xiao puff will be brought to us, but she insisted on being brave! If we don't come, are you going to take her out on a long trip like this?"

Li Kun finally understood.

So the two people who rushed in just now were them.

They looked old, and their bodies were not as strong as before, but this 100-meter sprint posture... .. En, there was still momentum ...

He turned back to look at Yan Jun who had already taken his seat

He was leaning against the leather seat, his right hand knuckles clearly supporting his brow bone. His handsome face was filled with countless helplessness.

Actually, he could totally bring Xiao puff well, but his grandparents doted on his grandson.

Li Kun hesitated for a moment, then coughed lightly and asked, "young master, this..."

"Let's go." Yan Jun waved his hand and looked out the window at the grandfather and grandson who had already gotten into the car.

Perhaps it was best to let them take care of Xiao puff.

"Yes." Li Kun nodded and turned to get off the plane.

Li Jie just happened to get into the car at this time and brushed past Li Kun.

Li Kun could not help but ask him, "please protect young master and young madam well. I'll treat you to a drink when I get back."

After saying that, he directly got off the plane.

Only Li Jie, who was frozen on the spot, was left.

Suddenly, he was a little absent-minded... ..

Putting aside the fact that it was his duty to protect Yan Jun and Xia Jinqi, not only did Li Kun specifically ask him for help, he even said that he wanted to treat him to a drink... ..

He could not help but think about it. It seemed that no one had ever treated him to a drink before.

Ever since he was young, he was captured and sent to that kind of inhuman place to train. He could not even remember who his parents were or what his original name was.

Later, because of the circumstances, he became more and more isolated and cold-blooded.

Other than his two younger brothers, the one he interacted with the most was his employer.

He listened to his employer's requests and accepted his money.

After that, he transferred from Huo Ting to Xia Jinqi's subordinates.

He rarely met the people from Lego in private. Instead, he interacted more with the people from Yan Jun's side. n).0ve!B1n

However, most of them were still afraid of him because he couldn't change the murderous look in his eyes.

No one had ever formally invited him to drink like this... ..

It felt as if he was truly treated as a friend.

It was very strange, but it made people very happy.

The corner of his lips unconsciously pulled upwards, it was a natural reaction from the bottom of his heart.

But he seemed not to be used to this. The corner of his lips stiffened, but in the end, he let it go.

Yan Jun noticed his change and waved for him to go over and sit down before asking, "you're not used to it?"

"... a little." Li Jie had never been so awkward and restless like now ...

Even when he courted Ling Yue so boldly, his face was full of calmness and confidence.

MMM... .. probably he was very proud of his hardware and physical fitness ...

"You'll get used to it." Yan Jun smiled at him. He had guessed early on that he was used to being alone. Suddenly living in a group and having more or less friends, it was always a little awkward at the beginning.

But people were always living in groups, they would get used to it eventually.

Hearing that, Li Jie's nervous mood slowly relaxed.

By the time the plane took off, he had completely returned to his previous cold-blooded killer appearance.

**Chapter 1645: she... .. will she blame me ? ?**

His expression was the same as before, but his state of mind was very different.

In the past, Li Jie did as he pleased. Other than his two younger brothers, he did not care about anything else.

The main thing was to give him money and let him kill whoever he wanted. There were many who knelt on the ground and hugged his thigh to beg for mercy, but he had never wavered.

All along, his heart seemed to be made of iron, without a trace of warmth.

But now... ..

When he raised his eyes and saw Yan Jun leaning against the chair in front of him, looking sideways at the dark night outside the window, his heart suddenly moved.

The corners of his mouth twitched slightly, and he actually blurted out involuntarily, "the chairman will definitely be fine. Chairman, don't worry too much."

"..."

Yan Jun's brows were deeply furrowed, but he did not speak.

That was the woman he loved deeply... .. How could he not be worried ??

Li Jie saw that Yan Jun's expression was gloomy. He thought that at this time, he might also want to be alone for a while, so he got up and prepared to walk behind Yan Jun..

But when he brushed past Yan Jun, Yan Jun opened his mouth. nove-lb-1n

"She... will blame me?"

His repressed and sorrowful words were mixed with countless apologies. He was like a child who had done something wrong. He was so helpless and confused.

Li Jie thought he had heard wrongly. He hurriedly turned around and saw Yan Jun who was shrouded in darkness. He looked so lonely, so lonely... ..

The chairman was kidnapped. His heart must be very guilty, right?

Just when he did not know how to answer, Yan Jun had already waved his hand, indicating for him to go down first.

Li Jie opened his mouth, but in the end, he did not say a word. He slowly walked out, leaving this small space for Yan Jun..

At this time, perhaps only a person's silence was the best medicine for healing.

Yan Jun stared at the distant night, but in his mind, Xia Jinqi's voice, smile, and appearance would always remain.

Ah Jin.

Wait for me.

?

Just as Yan Jun had expected, after Zhao Chongbin left Rao city, he went directly to Lu Yiming's forces in the neighboring country.

After a night of flying, it was already the second day when they arrived at their destination.

Lu Yiming knew that he had arrived, so he excitedly went out to welcome him.

"Chongbin, you're finally here!" Lu Yiming went forward and held Zhao Chongbin's hand, as if holding all hope.

The reason why he had brought Xia Jinqi to hide here for these few days was to wait for Zhao Chongbin to come over for some brain wave transplant. Now that Zhao Chongbin had finally arrived, his Bi Yue was about to be resurrected!

Zhao Chongbin had a smile on his face. He looked around Lu Yiming's stronghold and sighed, "the scale is not bad! There are over a thousand people, right?"

"Isn't it all thanks to you? If it weren't for you suggesting that I raise death warriors 15 years ago, I wouldn't be where I am today!" Lu Yiming also laughed and pulled Zhao Chongbin into the house.

As they walked, they began to ask impatiently, "where's Bi Yue? Why isn't she with you guys?"

When they spoke on the phone earlier, Zhao Chongbin had told Lu Yiming that he would bring Bi Yue out of the city together.

However, Lu Yiming looked left and right, but he didn't see any sign of Bi Yue.

Zhao Chongbin naturally wouldn't tell him that Bi Yue was already dead. Instead, he made up a lie without changing his expression, "you know her physical condition as well. She can't withstand such a journey. I'll arrange for someone to send her over alone. She'll be here soon."

Lu Yiming firmly believed his words and turned to ask, "then when can we do the brain wave transplant?"

"I want to see how the subject's condition is first." Zhao Chongbin became serious and frowned. "Did you follow my instructions and keep her happy?"

#### **Chapter 1646: was a little rusty**

"This... she was kidnapped. It's hard for her to be happy physically and mentally. However, she eats well and sleeps well. She doesn't know what she's going to experience next. According to you, she's Bi Yue's best vessel!"

Lu Yiming didn't care about that. He didn't know much about academic issues. Bi Yue was about to wake up.

He didn't CARE ABOUT ANYTHING ELSE!

Zhao Chongbin raised his eyebrows. He knew that Lu Yiming was a layman. He didn't ask him anymore and said directly, "bring me to see Xia Jinqi."

“Okay.” Lu Yiming nodded and led him to the small wooden house. *nOVE-lb/ln*

At this moment, in the small wooden house, Xia Jinqi had a good sleep. When she woke up, someone brought her breakfast.

She did not raise her head. She only looked at the food on the table and raised her thin eyebrows. “At first glance, your cooking skills are a little rusty... why is there only rice porridge?”

Compared to the three dishes and one soup that she had ordered yesterday, today’s simple and elegant bowl of porridge was a little too big of a gap, right?

As she spoke, Xia Jinqi even tasted a mouthful of porridge and immediately felt disgusted. “and it’s still cloudy? !”

Huo Ting, who was standing beside her, had already secretly clenched his fists!

He still dared to despise the porridge that he had made?

He had never learned how to COOK IN HIS ENTIRE LIFE!

God knows how he had managed to cook a pot of Porridge in the kitchen this morning in order to disguise his superb culinary skills!

He thought that he would never forget the way the chef looked at him when he put the rice into the pot and stirred it for a long time before he remembered that he had not added water into it... ..

When Xia Jinqi was not paying attention, he hit her on the head with a loud and clear sound!

Xia Jinqi was stunned. She subconsciously looked up, but she felt that the person in front of her was somehow familiar?

“You...” Xia Jinqi was stunned. She was about to ask something when she heard hurried footsteps and the conversation of a few people outside the door.

“Hello, chief!”

“Yes. WHO’s inside?” Lu Yiming saw that the door was open and immediately became alert.

“Yiming is here to deliver the food.”

Hearing this, Lu Yiming relaxed his brows and turned to look at Zhao Chongbin. “Let’s go in.”

Zhao Chongbin nodded and followed Lu Yiming’s footsteps.

When the two of them entered, the person outside shouted, “Yiming, hurry up and come out!”

On the other side, Xia Jinqi just happened to recognize that the person in front of her was huο ting. Her small face instantly flew up, but before she could say anything, the door was already opened.

Huo Ting hurriedly lowered his head, bent his waist and retreated to the side.

Lu Yiming glanced at him, but didn’t find anything amiss. He only said, “go down.”

Huo Ting frowned slightly. He looked up at Xia Jinqi, turned around, and left.

It wasn't easy to get close to the girl, but before he could even say a word, Lu Yiming actually came... ..

Before he left, Huo Ting even glanced at Zhao Chongbin.

Coincidentally, Zhao Chongbin also looked at him, and for a moment, their gazes met.

In a short second, Huo Ting quickly averted his gaze and turned to leave.

This person... .. Had a sharp gaze ...

Sure enough, after Huo Ting left, Zhao Chongbin asked Lu Yiming, "who is this person?"

From that glance just now, Zhao Chongbin seemed to have seen the iron-blooded determination in Huo Ting's eyes. This was not a gaze that an ordinary person should have.

However, Lu Yiming did not give it much thought. He said nonchalantly, "a disabled person who joined us a few years ago. Don't bother about him."

### **Chapter 1647: was so excited that he could not fall asleep**

Hearing this, Zhao Chongbin nodded his head in understanding.

Since he had defected a few years ago, there was naturally no need to worry.

However, this person should have experienced many stories before defecting.

With this thought in mind, Zhao Chongbin withdrew his gaze and focused all his attention on the woman who was quietly eating breakfast on the wooden table in front of him.

His gaze was filled with playfulness and sizing her up.

A prisoner could actually be so calm in the face of danger?

He could not even catch a hint of panic and fear in this woman's eyes.

It had to be said that Yan Jun's taste in women was not bad.

Zhao Chongbin did not speak. Instead, Lu Yiming walked over and sat at Xia Jinqi's table. Seeing her slowly eating porridge, a smile naturally appeared in his eyes.

"How was it? Did you sleep well last night?" His tone was even gentler than before.

These few days, Lu Yiming had been using this tone to talk to Xia Jinqi. There was nothing else but simply treating her as bi Yue.

Xia Jinqi felt that it was strange at first, but even after racking her brain, she could not figure out why Lu Yiming had such a sudden change. Fortunately, she was used to it.

After all, who could guess what a psychopath was thinking?

"eat well and sleep well. Why? Can't you sleep well?" Xia Jinqi curled her lips coldly and glanced at Zhao Chongbin, who had been observing her not far away.

When she was investigating Lu Yiming, Ran Xiangsi had tracked down this person, and Xia Jinqi had also read his file.

Zhao Chongbin, the only son of the person in charge of Zhao's pharmaceutical industry. There was a large amount of money flowing under his name, and his interaction with Lu Yiming was very close.

She did not expect to see him and Lu Yiming appear together.

In this way, all the suspicions and assumptions about Zhao Chongbin were established.

But even so, Xia Jinqi did not expose Zhao Chongbin's identity. Instead, she quietly looked at what he and Lu Yiming were up to.

"I didn't sleep all night." Lu Yiming's gaze was fixed on Xia Jinqi, as excited as a wolf seeing a sheep. His eyes were green. "So excited that I can't sleep."

"Is that so?" Xia Jinqi sneered. She was in no hurry to eat the porridge. "You're excited because you know that your death is near, right?"

Although the porridge was indeed not delicious, since it was made by er huο himself, she would definitely eat it all out of respect.

Moreover... ..

When she saw er Huο just now, even though she hadn't communicated with him yet, her heart was already incomparably at ease!

Someone had come to save her!

She was no longer fighting alone!

Xia Jinqi's calmness seemed to have become the biggest joke in Lu Yiming's eyes. nove-lb-1n

He pursed his lips and brought up the past again. "My death date? Are you still thinking that Yan Jun will come to save you? Let me tell you, he is now in Rao city and is being held by tens of thousands of people. How could he still remember you? You should get rid of this thought as soon as possible!"

"Even if he doesn't come, do you think Lego's people will let you off?" Xia Jinqi finished the last mouthful of porridge and turned to look at Lu Yiming with contempt.

She was Lego's leader after all. If something happened to her, grandfather Ji and cousin would not ignore her.

As expected, the moment Xia Jinqi said this, Lu Yiming's face instantly tensed up.

Sensing that the atmosphere was unusual, Xia Jinqi said, "you still need Lego to launder your dirty money. If something happened to me, what do you think will happen to Lego?"

#### **Chapter 1648: only wanted Xia Jinqi**

Lu Yiming's expression instantly turned extremely ugly.

He subconsciously looked up at Zhao Chongbin, who was standing not far away. His eyes revealed a look of begging for help.

He had never interfered in the matter of money laundering. It was all done secretly by Zhao Chongbin behind the scenes.

In fact, even if Lu Yiming did not look at Zhao Chongbin, Zhao Chongbin planned to stand up and say something.

The large amount of cash that he robbed from the Central Bank was originally meant to be taken to Macau. If he entered through Lego's casino, he could travel around the world for a few weeks in a few seconds. When it returned to his account, it would be completely clean. Even the emperor himself would not be able to find out what the predecessor of this money was.

However, now that he heard Xia Jinqi say this, something might change.

"What is your relationship with Lego?" Zhao Chongbin rushed to Xia Jinqi and interrogated her.

Xia Jinqi met his gaze without any fear. Her Red Lips curled and she smiled. "I'm sorry, I forgot to introduce myself. I'm the leader of Lego, Xia Tian."

"..." Zhao Chongbin's pupils suddenly constricted. He stared at her in disbelief and did not say a word for a long time.

Lu Yiming glanced at Zhao Chongbin. There was some hesitation in his eyes at first, but then it dawned on him — he seemed to have never told Zhao Chongbin that Xia Jinqi was the leader of Lego.

Zhao Chongbin had always been behind the scenes.

He hid in the dark and used the convenience of the medical system to collect the blood type information of all the patients he knew, and then matched it with Bi Yue's.

Out of tens of millions of people, he chose Xia Jinqi, who went to the hospital regularly for Prenatal check-ups.

With his instructions, Lu Yiming began to approach Xia Jinqi with a purpose.

After some investigation, Lu Yiming found out that Xia Jinqi was actually Xia Jitian's daughter, and even Yan Jun's new wife... ..

As if it was an opportunity bestowed by God, Lu Yiming began to prepare a long-prepared and precise plan.

First, he used his position to approach Xia Mingzhu, using her greed and ambition to incite Yan Qing, stirring up the Yan family, and then slowly approached Xia Jinqi.

In addition, his identity was politically hostile to Yan Jun, so he deliberately increased the conflict with Yan Jun in this area, making everyone think that he was deliberately targeting Yan Jun in order to steal the presidency.

Who would have known that his goal from beginning to end was just Xia Jinqi?

He only wanted Xia Jinqi.

Zhao Chongbin was silent for a long time before he turned his head and glared at Lu Yiming. He shouted, "why didn't you tell me earlier? "

"You didn't ask me! " Lu Yiming answered matter-of-factly and righteously!

Zhao Chongbin, " ..."

Xia Jinqi didn't know that Zhao Chongbin robbed the central bank's cash to use it to launder money at Lego. Now that she saw him in such a hurry, she thought that he was afraid of Lego. Just as she was wondering if there was a chance of survival, she saw Zhao Chongbin suddenly turn around. He grinned at her. "It doesn't matter. I'm not going to kill you anyway. What can they do to me? "

Zhao Chongbin's words were indeed true. He had no intention of killing Xia Jinqi. He still hoped to use her to complete the great research of his life!

As for the cash... ... It wasn't only the Lego family that could launder money. When the time came, he could look for it again ! !

Xia Jinqi frowned when she heard that. She looked at the two people in front of her warily. "What do you want? "

Since they didn't intend to kill her, and it wasn't to threaten Yan Jun, what exactly did they want to do?

#### **Chapter 1649: Leave on your own, or shall I help you?**

When Xia Jinqi asked this question, the two people in front of her simultaneously revealed looks of anticipation.

The difference was that Lu Yiming's anticipation could not hide his gentleness, but behind Zhao Chongbin's anticipation, there was a sinister smile.

"Aren't you very smart? Use Your brain to think... "

From now on, Xia Jinqi was not just a simple test subject for him, but also a tool to provoke Yan Jun..

Imagine how Yan Jun would look when he saw the woman he loved throwing herself into another man's arms with peace of mind?

It would definitely be a very soul-stirring scene... ...

Xia Jinqi felt her scalp go numb from being stared at by these two people with malicious intentions. She quietly clenched her fists, and a murderous intent was hidden in her beautiful eyes!

It seemed that before the rescue arrived, she had to think about how to save herself.

"Alright, don't scare her, " Lu Yiming said at this time, then looked at Xia Jinqi. "Don't you want to know what we're going to do? I'll bring you to take a look now. "

As he spoke, he instinctively reached out his hand, wanting to hold Xia Jinqi's hand.

Xia Jinqi instantly felt the alarm go off. With a swoosh, she withdrew her hand. At the same time, she stood up and retreated to the side, keeping a distance from Lu Yiming.

She furrowed her brows tightly and stared at Lu Yiming vigilantly.

These two days, she had always felt that this person was a little strange... ..

Lu Yiming's hand froze in the air for a moment. He was very embarrassed.

Standing at the side, Zhao Chongbin took in everything that had just happened. He sneered. He was very clear about Lu Yiming's thoughts.

However, he didn't say it out loud. Instead, he put on a smile and took the lead to walk out of the door. "Let's go. We don't have much time."

Only then did Lu Yiming turn to look at Xia Jinqi. The gentleness in his eyes disappeared completely. He said coldly, "do you want to leave by yourself, or do you want me to help you?"

As soon as he finished speaking, the two guards outside the door walked in with guns in their hands. The meaning of their threat was self-evident!

Xia Jinqi had no choice at all.

She took a deep breath in her heart. In the end, she still took a step forward and walked out of the door.

It wasn't until she walked out of the door that she saw clearly for the first time what kind of place she had been imprisoned in these past few days.

It did not seem like the hell she had imagined, or a certain desolate mountain range... ..

When she walked out of the door, what came into her sight was actually a beautiful, almost suffocating winter scenery of the snow-capped mountains... ..

Looking into the distance was a high mountain covered in white snow, reflecting the dazzling sunlight, which was exceptionally dazzling.

At the foot of the snow-capped mountains was a dense forest. It was not a name, but it looked exactly like a Christmas tree. However, it could be a fir or a spruce.

A little closer, there were small wooden houses. Most of them were on the first floor, but there were also two floors. It was a typical simple-style building.

Outside the small wooden house, there were a few scattered trees. The leaves were orange. Even though they were ravaged by the winter wind, they didn't show any signs of crumbling. They continued to grow tenaciously.

The grass under the trees wasn't green either. Instead, it was slightly yellow.

What was even more surprising was that there were actually quite a few wild flowers in the haystack. Most of them were white and yellow. They looked a little like daisies.

As Xia Jinqi walked forward, she tried her best to avoid stepping on those delicate flowers. However, the two guards beside her didn't care. With one step, a few small flowers were broken at the waist and buried deep in the ground.

She felt a moment of regret, but then she felt relieved.

What was the difference between her current fate and these flowers and plants?

They were just the same, waiting to be slaughtered.

### **Chapter 1650:**

The only consolation was probably this picturesque scenery.

Unconsciously, Xia Jinqi pulled up her coat and scanned her surroundings without batting an eyelid.

Other than the trees and flowers, the entire stockade was heavily guarded.

Three steps to a person, ten steps to a team. All of them were on high alert.

Xia Jinqi's heart turned cold when she saw this. If she wanted to sneak out of here, the possibility was almost zero... ..

Even if Huo Ting brought people to rescue her, she didn't know if they could break out of the encirclement.

She was even starting to worry about Huo Ting... ..

While her thoughts were running wild, the person leading the way suddenly stopped. Only then did Xia Jinqi realize that she had been brought into the room.

Unlike the wooden houses she had seen before, the room in front of her looked much more modern, and it was very bright and clean.

It looked like some kind of secret laboratory... ..

Xia Jinqi stood at the door, but Lu Yiming, who came from behind, pushed her. "Go in."

"..." Xia Jinqi was pushed two steps forward before she completely walked into the bright and terrifying room.

Only then did she see clearly that there were many instruments that she had never seen before in the room. The most eye-catching ones were the two single beds that were placed parallel to each other in the middle of the room.

Before she could continue to be puzzled, Zhao Chongbin had already changed into a white lab coat and appeared in the room.

He was wearing rubber gloves as he looked at Xia Jinqi. "lie down."

Xia Jinqi, "..."

He had brought her to such a place for no reason, and he had made her lie down for no reason. In addition, the weird-looking Zhao Chongbin in front of her had even specially changed his clothes!

What was he trying to do?

Xia Jinqi held her breath and took a few steps back. She stared at the two people in front of her warily. "What on Earth Are you trying to do? "

Zhao Chongbin glanced at her. Before he could speak, he was interrupted by Lu Yiming. "where's Bi Yue? "

They had been here for so long. Why wasn't bi Yue sent in yet?

Xia Jinqi frowned sharply. The confusion in her eyes deepened!

Bi Yue?

Wasn't that Lu Yiming's wife A BRAIN-DEAD VEGETATIVE PATIENT?

They brought her here and brought Bi Yue here at the same time. Why?

Xia Jinqi suddenly remembered that she had heard Yan Jun mention before that all of Bi Yue's organs were starting to fail. She wouldn't live for long.

Could it be... ..

She narrowed her watery eyes and looked up at Lu Yiming. "Do you want to give my heart to Bi Yue? ! "

This was the only possibility she could think of right now — she was about to become Bi Yue's victim!

Lu Yiming's eyes froze, but he ignored Xia Jinqi. He directly beckoned for his men to bring Xia Jinqi to lie down.

"Let go of me! " Xia Jinqi struggled with all her might, only to realize that she could hardly exert any strength!

Her physical fitness had always been good, so how could this happen all of a sudden?

Xia Jinqi couldn't help but bite her lower lip. Could it be... .. There was something wrong with the food every day ? ?

At this time, Zhao Chongbin had already put on his gloves. At the same time, a few other people carried in a huge box and placed it on the bed next to Xia Jinqi.

Zhao Chongbin pointed at the box and told Lu Yiming, "aren't you here already? "

Lu Yiming took a look at the box and felt relieved.

He turned back to look at Xia Jinqi, whose hands and feet were already handcuffed to the bed. She smiled especially brightly. "Xia Jinqi, goodbye. "
