

Trick Me 1661

Chapter 1661: Don't tell the second young master about

People who were used to fooling around did not expect to discover the most important point at the crucial moment.

Huo Ting shook off the ashes and stood to the side to make a phone call.

"It's me. Gather the troops immediately and search for Yan Yuhan's whereabouts along the Ice Lake!"

It was obviously a call to Rao city. Huo Ting was also the head of the military region. With his order, everyone would go all out!

Li Jie also called Li Kun and told him the general situation.

Fang Shaoan was stunned on the spot. He couldn't help but feel a little uncomfortable when he saw the two of them getting nervous because of his words... ..

Didn't he usually get rolled eyes when he spoke?

He was really flattered that he suddenly valued him so much!

After Huo Ting finished the call, Fang Shaoan asked, "if he really hid Yu Han, would it be so easy for you to find him?"

"It's fine if he hid him." Huo Ting's face suddenly darkened and he said worriedly, "I'm just afraid that he would just throw Yu Han on the side of the road."

Fang Shaoan, "..."

Cold sweat suddenly broke out all over his body!

Fang Shaoan subconsciously took a step back and almost missed his step... ..

In this freezing winter, in this world of ice and snow, if a child who was still in swaddling clothes was really abandoned, he would probably have been frozen into a popsicle long ago.

"It's still too early to say this. Let's try our best to find him first." Wen Tao had already arranged a plane, and he happened to hear Huo Ting's words when he came in.

Seeing that Fang Shaoan was so scared that he couldn't say anything, he could only say, "don't tell second young master before you find Yu Han. He's now..." as he spoke, he looked at the laboratory again. "sister-in-law is enough for him to suffer."

When the rest of the people heard this, they also followed Wen Tao's line of sight and looked over. Their eyes were filled with different colors of regret and lamentation.

Especially Huo Ting.

He had seen how much Yan Jun and Xia Jinqi had gone through to reach this point.

In this life, the girl had been paying for her parents' mistakes since she was young. It was not easy for her to grow up, find someone who loved her, get married, and have children, but she still had to suffer so many hardships!

Why did God treat her so unfairly?

As she thought about this, the laboratory door was finally opened.

"CREAK!" With a sound, everyone's gaze was attracted.

They saw Yan Jun carrying Xia Jinqi, who was still sleeping, out of the room.

The black coat he was wearing had been taken off and covered Xia Jinqi's body. His steps were not fast, but they were abnormally steady!

It was as if no matter what happened, he would never let go of her hand again... ..

He brought Xia Jinqi onto the plane and did not say a word during the whole process.

However, Huo Ting and Shao an could clearly see Yan Jun's red eyes and his taut jaw.

Everyone's heart was unusually heavy.

Even though they had just won a victory.

The adjutant quickly cleaned up the battlefield and reported to Huo Ting, "chief, none of our men were killed. Only five were lightly injured and have been bandaged."

"..."Huo Ting was slightly shocked. He subconsciously turned to look at Yan Jun, but there was no sign of him. He could only see a plane with the Yan Corporation's logo on it.

The commander of this battle was Yan Jun, and the army was also brought by Yan Jun..

To be able to ensure that not a single person died in battle showed Yan Jun's ability to deploy troops. There were also his soldiers, all of them were the elites of the elites!

Someone from Fang Shaoan's side also reported, "minister, the fake mute took advantage of the chaos to escape!"

Chapter 1662: We didn't help him in but he used us

"What?" Fang Shaoan came back to his senses. He just remembered that there was actually such a person?

Moreover, what did he mean by running away?

"His clothes are gone. Where can he run to in this winter?" Fang Shaoan winked. Just thinking about it made him shiver!

A naked man running on the snow... ..

The image was very strong!

“SHOULD WE CAPTURE HIM?”

Fang Shaoan fell into deep thought, but Wen Tao said, “let him go. We have done what we should do. Let their own people handle the matters on this land.”

Hearing that, Huo Ting suddenly raised his eyebrows and looked at Wen Tao. “You know the identity of one-eye?”

He had accidentally guessed one-eye’s identity because he had pretended to be one-eye and met that captain by chance.

But Wen Tao had been outside the stockade the whole time. Why did it seem like he knew the identity of one-eye very well?

Wen Tao adjusted his glasses and coughed lightly “When I was bored, I went to the military to understand the local customs of this place. I happened to hear that there were people in this stockade who had fallen into the weeds and become bandits, but they were later occupied by others. “Out of curiosity, I found a picture of the former chief and found that it was somewhat similar to the first glance.”

The people inside were exchanging fierce fire. He was really bored waiting outside, so he found something to do for fun.

Huo Ting saw that what he said was already very close to the truth, so he opened his mouth and helped him fill in some details “The first glance was the original chief here, but he was later occupied by Lu Yiming. He robbed his village and even raised death warriors here. He even set a fire to burn the first glance to death, but the first glance was lucky enough to escape. “It’s said that the most dangerous place is the safest place. Lu Yiming would never have thought that one eye would conceal his identity and hide right under his nose.”

“So, after we took care of Lu Yiming, we helped one eye as well?” Fang Shaoan asked with a frown. The image of the fake mute appeared in his mind.

HMM... .. One should not judge a book by its cover ! Who could tell that the abject man who looked like a beggar was once the leader of a tribe ? ?

Wen Tao pondered for a moment and suddenly laughed, “we didn’t help him, but he used us.”

“What do you mean?” Fang Shaoan looked puzzled.

“Do you remember his reaction when he found out that the person Lu Yiming imprisoned was second young Master Yan’s wife?” He deliberately revealed the information to us and refused when chief Huo said he wanted to sneak into the stockade. This was obviously to lure chief Huo to sneak into the stockade in his disguise. When the time came, he would work together with Yan Jun from the inside and outside. Lu Yiming will definitely lose!” Wen Tao seemed to be calm. In fact, he had already figured out the little plan of his.

Huo Ting actually shook his head and laughed when he heard that. “what a leader who endured humiliation and was so meticulous.”

“...”the corner of Fang Shaoan’s eyes twitched as he looked at the two people in front of him. He really didn’t understand why they were not angry after learning that he had been tricked. Instead, they were laughing?

He really didn’t understand.

On the plane.

Yan Jun carefully put Xia Jinqi into the luxurious bed and carefully pulled the blanket for her. He stared at her for a moment before getting up and ordering the people guarding the door, “inform me immediately if she wakes up. ”

“Yes, Young Master! ”

Only then did Yan Jun step down from the plane.

Yu Han’s whereabouts were still unknown. It was impossible for him to leave so easily.

Chapter 1663: where is my son

Li Jie did not participate in the discussion between Huo Ting and the others. He turned around and was about to contact his friends on Rao city road again, wanting them to help look for Xiao Yuhan. However, when he turned around, he saw Yan Jun alighting from the plane with an aggressive look on his face.

He hurriedly followed him. Before he could say anything, he heard Yan Jun ask, “where is Lu Yiming? ”

” ... ” Li Jie paused. He looked up and saw Yan Jun’s gloomy expression. He then said, “he’s in the car. ”

“lead the way. ” Yan Jun coldly opened his mouth and turned back to look at Li Jie.

Li Jie didn’t say anything more and quickly walked in front.

At that time, Lu Yiming’s hands were handcuffed behind him in the iron cage. He fell down and sat at the bottom of the car. His face was Pale, and there was dried blood at the corner of his bruised mouth.

He closed his eyes in a daze, and his body was in an extremely bad condition.

Until a basin of ICE WATER SPLASHED AT HIM!

“SPLASH! ”

A bone-piercing chill rushed from all directions, drilling into his pores, heart, and lungs!

He could not help but shiver and wake up!

He took a deep breath and felt the cold, wet skin all over his body. His mind suddenly became extremely clear!

When he finally calmed down, he saw clearly that the person sitting in front of him was Yan Jun... ..

Everything that had happened before rushed into his mind.

He stared at Yan Jun as if he was looking at an enemy. He really wished he could rip off his flesh and drink his blood!

“where is my son?” Yan Jun narrowed his eyes and asked coldly, ignoring the monstrous anger in his eyes.

Lu Yiming licked the blood on his lips, put it in his mouth, and spat it out. “Bah!”

Obviously, he didn't intend to say anything.

Li Jie watched from the side and was about to go up and teach him a lesson when the door of the van was pulled open.

Fang Shaoan jumped into the van and first looked at Yan Jun. “second young master, why didn't you call me? I'm very good at this kind of thing!”

With that, Fang Shaoan walked directly to Lu Yiming and squatted down. His right hand grabbed the scabbed wound on Lu Yiming's left shoulder and suddenly exerted force!

“Ah!!” Lu Yiming suddenly screamed!!!

The wound was once again torn apart. It was ravaged to the point of blood, flesh, and blurry. All the nerve endings became active at this time!

Yan Jun looked at everything happening in front of him coldly and did not step forward to stop it.

For Fang Shaoan, even if he were to Chop Lu Yiming, he had a million reasons!

Not to mention that it was only a small torture for him now.

Fang Shaoan changed his cheeky smile from before. He was calm and ruthless to the point of scaring people!

He pulled a long face and calmly increased the strength of his right hand. “Does it hurt? This is for my parents.”

He had long wanted to take revenge for killing his parents!!!

“You! You...” Lu Yiming wanted to retort, but the intense pain was torturing every nerve in his body. He could not even find the words, nor could he speak a complete sentence!

“And what you owe me...” Fang Shaoan muttered as he continued to increase the strength of his hand.

It was not until Lu Yiming fainted from the pain and woke up with ice water again that he was willing to stop. He used a clean handkerchief to wipe off the blood stains on his hand.

That was Lu Yiming's blood. He thought it was dirty!

“HEHEHE! If you have the ability, then kill me! Fang Shaoan, I am really sad for you! From the beginning to the end, you are just a dog under Yan Jun!” Lu Yiming was even more sober from the ice water. He stared at Fang Shaoan and laughed impudently.

Thinking of Fang Shaoan's deception to him, he felt even more furious!

Chapter 1664: was so anxious that he was about to go crazy

Yan Jun narrowed his eyes and turned to look at Fang Shaoan.

Lu Yiming's words... ..

Initially, he was worried that Fang Shaoan would be hurt, but he didn't expect Fang Shaoan to not take it to heart at all. Instead, he spat at Lu Yiming. "With just you, you want to sow discord between me and second young Master Yan?"

Lu Yiming, "..."

"where is Xiao Yuhan?" Fang Shaoan finished settling his own matters and began to help Yan Jun..

Lu Yiming had just lost a round, so how could he easily tell Yan Yuhan's whereabouts now?

Xia Jinqi had not woken up yet, and Yan Qing was dead. Yan Jun must not know Yan Yuhan's whereabouts. He must be so anxious that he was going crazy, right? n-OverLb1n

"He's dead." Lu Yiming chuckled. His son was dead, and Yan Jun still wanted to find his son Dream on! !
!

As long as Zhao Chongbin's experiment was successful, Xia Jinqi would completely disappear, and he was beaten to death, Yan Jun would never be able to find his son!

"..."Fang Shaoan paused. He had never thought that Lu Yiming would give such an answer.

In an instant, a powerful aura suddenly erupted behind him, pressing down on everything in the surroundings and even the temperature in the entire space dropped by several degrees! ! !

Fang Shaoan was shocked and hurriedly turned his head back. As expected, he saw Yan Jun with a malicious gaze.

His entire body was emitting a cold air. His hands that hung by his side were clenched into fists, making creaking sounds!

"You... said... what? !" He asked Lu Yiming with gritted teeth!

"I said he's dead I threw him into the ice lake a long time ago Yan Jun, you waste YOU WASTE You can't even protect your own wife and children HAHAAHAHA So what if you have the whole world Are you a man You don't even know where your own son died!"Lu Yiming suddenly burst into laughter!

He laughed and said while crying!

Yan Jun's current predicament was very similar to the past him!

They all watched helplessly as their wives and children were hurt! ! !

While they were scolding Yan Jun, they also seemed to be scolding his past!

The regret, self-blame, and guilt in their hearts had followed Lu Yiming until now!

It had been fifteen years... ..

The pain had finally turned into a devil and attached itself to his body, changing his thoughts and everything about him day by day... ..

In the end, he had become a murderous devil, a sick existence.

Lu Yiming's terrifying and perverted laughter echoed in the entire car.

Fang Shaoan turned to look at Yan Jun, afraid that his emotions would completely collapse. However, when he turned around, he heard Yan Jun's calm and steady three words, "impossible."

"..." Lu Yiming's laughter was suddenly stuck in his throat. It was neither up nor down. He just stared at Yan Jun, his heart already in a state of panic!

How could Yan Jun know that the child was not dead?

At that time, only the few of them were present... ..

Could it be that Xia Jinqi had woken up She had woken up. What about Bi Yue? ! !

When Yan Jun said those words, he originally only had a 70% certainty in his heart. However, when he saw Lu Yiming's expression, he could be 100% sure that Yu Han was still alive!

First of all, whether it was from Wen Tao or Huo Ting, he knew that Xia Jinqi had been eating and sleeping well for the past two days. She was very calm and did not panic.

From this, it could be seen that even if Yu Han was not by her side, she was at ease.

Then it could be concluded that Yu Han was definitely in a safe place at the moment.

Chapter 1665: was a person who should be anxious at this moment

Secondly, Lu Yiming had planned so meticulously to take the child away. He definitely would not throw the child away halfway.

Ever since he left Rao city, he only had this one stronghold. Other than this place, he would not believe in anything else!

Lu Yiming did not expect that Yan Jun would be able to analyze everything so calmly at this point!

In his panic, he did not have the time to lie. He only asked anxiously, "where's Xia Jinqi? Where did you take her? Is She awake?"

Yan Jun frowned as he sized him up. His sharp black eyes were filled with a cold glint!

The News of Bi Yue's death was not leaked. Lu Yiming couldn't possibly know about it either!

Now that the corpse was still in Yan Jun's hands, the person Lu Yiming should be worried about right now was Bi Yue!

Back when Lu Yiming Kidnapped Xia Jinqi and Yu Han, Yan Jun's first guess was that Lu Yiming planned to take revenge on him, or even redeem Bi Yue.

But now, it seemed that Lu Yiming had completely forgotten about Bi Yue. Instead, he was very interested in Xia Jinqi's condition!

When he recalled the time when he brought people to break into the laboratory, Lu Yiming also went crazy and tried to stop him!

Why did Lu Yiming have such a change?

"I'll ask you again. Where is my son?" Yan Jun's pitch-black eyes darkened again and again. It was obvious that he did not have any more patience.

"Tell me if XIA JINQI IS AWAKE!" Lu Yiming ignored his question and roared angrily!

This time, without waiting for Yan Jun to express his opinion, Fang Shaoan had already punched Lu Yiming in the stomach, making him spit out another mouthful of blood. "PFFT!"

"A prisoner has to look like a prisoner. What kind of identity do you think you have to speak to second young master now?" Fang Shaoan laughed savagely, the deep hatred in his eyes never dissipating!

If he could, he really wanted to send this B * Tch To hell immediately!

Lu Yiming's condition was not good to begin with. Previously, he had been injured, and two pots of ice water had been poured on him. After being ravaged by Fang Shaoan, his spirit immediately became listless.

Fang Shaoan spat on his face and turned to wash his hands. He looked at Yan Jun and said, "second young master, let's talk in private."

Yan Jun glanced at Lu Yiming, who was already in a state of delirium. His eyes were as dark as the night. After a moment of silence, he looked at Li Jie and said, "keep an eye on him."

"Don't worry, chairman. Unless he steps over my body, don't even think about leaving!" Li Jie nodded and crossed his arms in front of him. His eyes were filled with murderous intent and hatred. He didn't leave Lu Yiming for a moment!

It just so happened that he still had some debts to settle with this person.

Hearing this, Yan Jun got out of the car.

Judging from Lu Yiming's current state, he was determined not to say anything. There would be no result if he continued to ask.

Seeing that Yan Jun had left, Fang Shaoan tidied up his clothes and prepared to follow him.

A second before he got off the car, he seemed to have thought of something and instructed Li Jie, "brothers, don't be polite. If there's hatred, take revenge. If there's hatred, take revenge. But don't pick a fatal spot to attack."

After that, he jumped out of the car.

At this moment, his and Li Jie's line of defense was highly unified.

As for Lu Yiming... ..

The mistakes he had committed and the people he had hurt, now was the time for him to pay them back one by one.

It wasn't that he didn't want to pay back, it was just that it wasn't the time yet.

Now, the time had come.

Fang Shaoan took a few steps forward and as expected, he heard screams coming from the car behind him.

Chapter 1666: is, after all, your child

Fang Shaoan blocked the disturbing cries and walked quickly to catch up with Yan Jun..

Yan Jun deliberately slowed down his pace and waited for Fang Shaoan to catch up before asking, "what's the matter?"

"Second Young Master, I suspect that Lu Yiming didn't bring Xiao Yuhan back at all. Something must have happened at the Ice Lake. Even Lu Yiming doesn't know where Yu Han was placed." Fang Shaoan combined his previous speculations In addition to Lu Yiming's reaction just now, he also mentioned the ice lake. This possibility was very high.

When he heard the word "ice lake," Yan Jun's footsteps suddenly stopped.

The scene where Yan Qing's body was found kept flashing in his mind... ..

At the scene, a car without oil was also found. Later, the surveillance camera confirmed that it was the car that Yan Qing drove when he brought Xia Jinqi out.

Yan Qing and Xia Jinqi must have run out of gas on the way and had been forced to stop by the roadside.

At this time, the two of them should have run as fast as they could with the child. According to their pace and the fact that Lu Yiming was still far behind them, they should have run at least 500 meters.

However, when they found Yan Qing's body and the pool of blood, they were only less than 100 meters away from the abandoned car.

Could it be that something had happened?

Where did they send the child to hide and then come back?

Realizing this, Yan Jun's heart tightened and he said anxiously, "get someone to search around the Ice Lake immediately!"

Huo Ting also walked over at this moment. "Don't be anxious. I've already used all my manpower and Resources. They should have reached the ice lake by now. Once they find anything, they will contact US immediately."

Wen Tao also said, "that's right, second young master. I've also arranged for people here. They will definitely be able to find Yu Han."

When Yan Jun heard this, he turned around and looked at the two of them. Only then did his tightened heart slightly ease up.

He took a deep breath before opening his mouth. "thank you."

This gratitude came from the bottom of his heart.

The matter had become so chaotic that they could still think of Yu Han. Yan Jun was grateful for this favor.

Huo Ting shook his head and went forward to pat Yan Jun on the shoulder. "We'll help you look for Yu Han. You take the girl back to receive treatment first. She hasn't woken up yet, so we can't delay her."

Yan Jun nodded and patted him back. Thousands of words were in there.

"Go. We'll go back to look for you after we clean up," Fang Shaoan said.

Wen Tao was still pushing his glasses. "Don't worry. Yu Han will be fine. After all, he's your child."

Yan Jun's lips twitched. He felt a little comforted.

That's right. He was Yan Jun's son.

This little ordeal was nothing to him... ..

Son, you can definitely get through this!

Daddy will take mommy home first and find you soon!

..

May you and I always have a rock-solid friend by our side no matter what.

I will comfort you when you're sad.

I will help you when you're in trouble.

I will give you warmth when you're lonely.

Su Zhishui.

Yan Jun led Xia Jinqi away first, leaving Huo Ting and Fang Shaoan to pack up and take the second military plane back.

It was Fang Shaoan's first time sitting on such an official military plane. It was as if he had discovered a new continent. He touched here and there... ..

"This is too awesome! Chief Huo, are you guys carrying out missions on such a plane?" Fang Shaoan looked at Huo Ting who was sitting next to him. His eyes were filled with the stars of Brin.

Chapter 1667: remembered the kindness of others

Huo Ting looked at him with disdain. It was as if he was looking at a frog at the bottom of a well who had never seen the world.

"It's also my first time riding on such a fighter jet," Huo Ting said slowly.

"Ah? That's impossible..." Fang Shaoan did not believe it. As the chief of the military region, the man who sat firmly in the first position, how could he not have even been on a fighter jet?

Hearing the disbelief and doubt in Fang Shaoan's tone, Huo Ting turned his head and looked at him coldly "This is Yan Jun's fighter jet. The Shangguan family recently developed it and hasn't sold it to the public yet. Even in the military region, it's still a previous generation fighter jet."

Of course, he had been on a fighter jet, but he had never been on the latest model.

Fang Shaoan, "..."

Wen Tao, who was washing his tablet, also asked at the right time, "I heard that this fighter jet costs 3 billion yuan?"

"about that." Huo Ting nodded. He was still very familiar with these things.

"Second Young Master Yan ordered three directly," Wen Tao added.

"..."Fang Shaoan did not want to speak anymore. He turned around with his stomach and hid in a small corner, biting his fingers.

So it turned out that with money, he could really do whatever he wanted... ..

Moreover, second young master Yan was such a stingy person. He was so straightforward when it came to buying fighter jets. Usually, he would only give him tens of millions of dollars just to throw himself at him SOB, SOB, SOB He was not as important as a fighter jet! ! !

""

On the ground.

He did not know where he got a set of clothes from, but he appeared in the stockade at a glance.

He raised his eyes to look at the fighter jets flying in the air, and a sinister smile hung on his lips.

The captain followed behind him and also smiled, "leader is really wise, letting these people chase Lu Gou away for us with no effort at all!"

"after hiding for so many years, we have finally not wasted our efforts!" The captain let out a long sigh, and then turned back to look at the group of wolves in front of him, "they have also taken Lu Gou's men away?"

"Yes. Those are Lu Gou's men of sacrifice who have been raised all these years. It's good that they have been taken away, we can rise again!" The captain was very excited, they could finally see the light of day again!

“inform the brothers in the past that they can go home! !” With his hands on his hips, he looked at the sky and laughed wildly, “I’m back again! Hahahaha! ”

After laughing, he solemnly swore to the sky, “the heavens are my witness! I swear over and over again that no matter when, where, or what situation, as long as Yan Jun is around, I will welcome him and treat him as my biological parents! ”

The captain looked at the side with a dumbfounded face and asked in puzzlement, “leader, Can Yan Jun stand it? ”

With a glance, the captain cut off his head and scolded “Nonsense Why can’t he take it Do you really think that he’s so stupid that he can’t see through my petty tricks He just doesn’t want to be calculative with people like us Even if you take advantage of others, you still have to remember the kindness of others, understand? ! This is the benevolence and righteousness of our path!”

“understood, leader! ” The captain nodded solemnly. He remembered the words of the captain and also remembered the kindness of Yan Jun and Huo Ting!

Only then did he smile.

Finally, the rain had passed and the sky was clear! ..!

..

On the plane.

Xia Jinqi was still in a deep sleep.

No matter what happened, it seemed that she could not be woken up from her sleep.

Yan Jun came in from the outside and asked the guard, “has she woken up? ”

“No, young master. ”

Yan Jun’s dark eyes were full of disappointment. He waved his hand and said, “you can go down first. ”

“Yes, young master. ”

Yan Jun slowly walked over and sat beside Xia Jinqi’s bed.

Chapter 1668: was the dream that good?

He reached out his hand and held her hands that were folded on her abdomen. His tired and weathered lips curled up. “Is the dream that good? So good that you’ve been unwilling to wake up. ”

What answered him was still the suffocating silence in the room.

Xia Jinqi’s eyes were closed. Other than breathing and her heartbeat, it was no different from death.

The strange thing was that the accompanying doctor had examined her and found that her body had not suffered any injuries. Her vital signs were also very stable.

However, for so long, no matter how much she was called, she could not wake up.

The doctor finally told Yan Jun that he must return to Rao city as soon as possible to do a detailed examination to determine the cause of the disease.

Yan Jun looked at her like this, think of the whereabouts of Yu Han is still unknown, heart suddenly feel pain unbearable.

He clenched his teeth, a hand pressed on his heart, handsome face suddenly incomparably Pale!

Fine beads of sweat covered his forehead, the suffocating pain, as if to tear his whole life general... ..

“Ah Jin... wake up, okay?” He murmured unconsciously. The endless pain forced him to bend over, and his forehead leaned against Xia Jinqi’s neck. “Wake Up, okay...”

There was a panic and helplessness in her voice that she had never felt before.

Who would have thought that the world’s word of mouth, the cold face of hell, would be so afraid of losing a person... ..

Only Xia Jinqi.

She’s the only one left.

Yan Jun has been accompanying Xia Jinqi in this way, talking, bearing the heart-wrenching pain, finally weak faint.

Ever since Xia Jinqi and Yu Han’s accident, he had not slept for a single moment.

It had been three days. He did not sleep or rest. He did not eat anything. He only drank some water and survived just like that.

He stayed in Rao city and provided relief to the people. He mobilized the army and personally commanded the battle. He did not let his side lose a single soldier and successfully rescued Xia Jinqi.

He could always do such a difficult thing.

When he was young, he had also thought about his future.

The family business definitely could not be abandoned. After he was over thirty, he would start a family.

He never looked forward to love. He didn’t even believe that there was any kind of love in this world that would last until death.

As for what kind of woman to marry, he had never thought about it.

It was probably not too annoying. It didn’t matter if it was requested by the family or not. The important thing was not to interfere with his life too much.

Then, he would naturally have children. One or two or three would be fine. Of course, he liked having more children so that it would be lively.

Before he met Xia Jinqi, he had always thought this way.

He had placed all his attention on the family business and his own business. He had no time to pay attention to women. He felt that it was just a waste of time.

Later on, he would hear about the Xia family from his grandfather from time to time.

Xia Jitian was promoted again, and Xia Jitian had more supporters. Xia Jitian's power was getting greater and Greater... ..

Furthermore, Xia Jitian had a little daughter who was in university. She was very obedient and had a good appearance.

It could not be said that she was annoying. He just felt that she was probably a rich girl who lived under the wings of her parents. She did not understand the hardships of the world and was a puppet who lived in luxury. She was the type that he disliked the most.

He was very resistant from the start. Whenever he heard this name, he would instinctively frown. It wasn't until that night at the bar that he met the girl called Xia Jinqi for the first time.

After the business meeting, Fang Shaoan pulled him to drink two cups.

In the Bar, all kinds of women walked past him, whether intentionally or not. He didn't even want to look at them.

As he drank, he unintentionally raised his eyes. A girl who was emitting light all over her body was suddenly reflected in his eyes.

Chapter 1669: Second Young Master, do you think she's beautiful?

Compared to the women around her, who were wearing heavy makeup and were wearing all sorts of flirtatious looks, she looked so out of place in her student-like attire.

However, it was undeniable that it was this kind of her that successfully attracted his gaze.

If he were to mention it in the future, he would probably only be able to explain it by saying, "it's only because I took one more look at you in the crowd. "

Xia Jinqi would never know that although she had listened to Wen Jing and Xiao ran's instigation that night and knew that Yan Jun would appear at that bar, she had taken the initiative to go over. However, the first person to see her was Yan Jun..

He sat silently in the distance, holding a wine glass with one hand. As he shook it slightly, he silently watched everything that happened to her from afar.

It was as if she had come with a friend. Her footsteps were a little stiff, and she looked very uneasy.

What could a little girl of this age come to the bar for?

Novelty Hunting Or perhaps, she came to grab her playful boyfriend?

With a teasing smile, Yan Jun elegantly brought the wine glass to his lips and slightly pursed it.

Just as his thin lips touched the cold liquid, Yan Jun's hand movements and even his entire body froze for a moment... ..

His black pupils dilated slowly without him realizing it... ..

Because at that moment, the girl who was foolishly turning around in the distance actually turned around and her gaze fell straight on him.

The sudden exchange of glances caught both of them off guard.

At that moment, Yan Jun felt his heart tighten and his throat was slightly dry.

It was a very strange feeling, making him feel flustered for the first time in his life.

He subconsciously drank to ease his embarrassment, but his gaze never moved away from the girl's face, as if he was attracted by something fatal.

As for the girl, she seemed to turn around again and called her two friends to look in his direction.

The three of them whispered something, and the girl's gaze fell on him again.

Yan Jun did not retreat at all. He looked up again and met her gaze for the second time.

There were so many people in the bar, and the music was so noisy, but it did not disturb them at all.

At that time, Fang Shaoan, who was drunk, was cutting flowers on his head. He mimicked the Gangguan girl's dance moves and twisted his body, causing the women around him to burst into laughter.

After dancing two rounds, he jumped in front of Yan Jun. he even acted coquettishly. "Second Young Master, do you think I'm pretty?"

"Eh..." The people around him felt nauseous.

However, Yan Jun didn't even turn his head. His gaze was fixed on the girl in front of him.

Fang Shaoan, who was left on the side, curiously followed his gaze and said in surprise, "isn't that Xia Jinqi? Your fianc??e?"

"Xia Jinqi?" Yan Jun raised his eyebrows and looked back at Fang Shaoan. He asked uncertainly.

"Yeah! You must have drunk too much! You don't even know your own fianc??e?" Fang Shaoan's tone was full of contempt. Then, he turned around and walked towards Xia Jinqi, taking the initiative to shout, "sister-in-law! !"

In the distance, Xia Jinqi's scalp went numb, and she immediately turned around.

She only wanted to take a look because her parents had been mentioning this Yan Jun to her recently, saying that he was really good and really curious... .. And she didn't mean anything else ! !

Fang Shaoan stopped in his tracks and rubbed his head aggrievedly. "Why did sister-in-law leave?"

Yan Jun, who was sitting at the side, curled the corner of his lips. He raised his glass and downed the brandy that was emitting a charming wine fragrance.

Xia Jinqi... ..

So, it was you.

Chapter 1670: One look and you're set for life.

One look and you're set for life.

Because it was her, he listened to his grandfather's arrangement and went to take wedding photos with her.

Even though he said "no" at the time, his body always approached her honestly.

After that, he got married.

The life after marriage was not as boring as he imagined. Instead, he found out more of her little secrets.

He did not know when he began to pay attention to everything about her.

School, friends, family... ..

When he saw her sad, his heart also tightened.

When he saw her in the rain, he desperately held her in his arms.

When he saw that she almost lost her life because of a miscarriage, he really wished that he could not have children, as long as she was... ..

Little by little, she began to imprint into his life.

A good morning when he woke up in the morning.

A Cup of hot milk when he worked late at night.

A sweater in the winter.

A gift for every New Year and festival.

Some things that seemed unremarkable, but she always brought him infinite moving.

Love, also more and more.

Until now, it had long been deeply ingrained in his bones, unable to extricate itself.

This was the first time in his life that he had loved so deeply.

He thought, perhaps this was a love that was engraved in his heart and bones?

At least for him, it was.

"..."

The plane was supposed to land next to the ice lake.

But the assistant knocked on the door twice, but there was no movement inside. In addition, the situation of the Ice Lake was unknown, and Yan Jun's identity was so special that it was very dangerous to stay outside for too long, so he took the initiative and directly returned to Rao city.

On the private apron of the Yan family, the plane landed for almost two hours, but none of the staff inside had left.

Everyone knew that Yan Jun had not slept for a few days. Since he finally fell asleep after much difficulty, let him sleep a little longer.

This kind of tacit understanding created a very comfortable resting environment for Yan Jun..

When he woke up, the world became much brighter and clearer.

He turned slightly and saw Xia Jinqi in his arms. He revealed a satisfied smile.

With her by his side, even his breath was sweet... ..

He leaned over and kissed her forehead, greeting her as usual. "Good Morning."

"..."even though Xia Jinqi was still in a deep sleep, he already felt very well.

He lifted the blanket and got off the bed. Looking at the time, he realized that it was already the afternoon of the next day. *n-/0V**el**In*

His dark eyes suddenly darkened. Yan Jun walked out of the door quickly and saw his assistant standing guard at the door.

"Why didn't you wake me up? !" He said sternly, his handsome face tensed up.

"This... young master, you haven't slept for the past few days, so..." the assistant lowered his head. There was some hesitation in his words, but there was no hint of regret ...

If he had to do it all over again, he would have done the same.

He had been by Yan Jun's side for a long time. All these years, it was thanks to Yan Jun's nurturing that he was able to reach this step.

At this time, he would definitely have to think about Yan Jun's body.

Even if he was a man of iron, he could not be so restless. Moreover, Yan Jun was also a flesh and blood body like them.

Yan Jun did not want to hear his explanation. He bypassed the topic and asked directly, "is there any news about Yu Han?"

"... No." The assistant shook his head. "An hour ago, chief huo called. He said that he had searched the entire area of the Ice Lake, but he did not find the whereabouts of the young master."

"..." Yan Jun's jaw suddenly tightened. His hands that hung by his side tightened first. After a long time, he let go. "Send someone to look for him!"
