Chapter 171: expired pillow talk

Perhaps there was another way to resolve this matter... ..

"I can agree to stay for another month, but I also have a condition." Qi Maolin already had a bold idea in his heart.

"Please speak." Yan Jun listened attentively.

Qi Maolin's gaze lingered on Xia Jinqi's face for a long time before he finally opened his mouth. "after I leave, the casino can only be taken over by Mrs. Yan."

What?

Xia Jinqi was suddenly called by name, and Meng snapped back to her senses. Her Large Eyes looked at Qi Maolin in surprise, unable to believe what she had heard.

Why did she have to take over the Casino?

.. She still did not know what to do in Macau. If Las Vegas came, she would still have to prepare for her postgraduate exams. How could she have so much time?

You Xi could not help but be shocked as well. She looked at Xia Jinqi in surprise.

You Xi's heart was filled with emotions. Giving such a profitable place to this trash Is there a mistake?

Yan Jun was the calmest one among the three.

He raised his eyes and sized up Xia Jinqi for a moment. His black eyes darkened slightly.

The development of the matter seemed to have gone beyond his control.

It was rumored that Qi Maolin had debuted for many years and was well-connected and capable, but he had never taken in any disciples and never wanted to inherit anyone.

But now, he had suddenly chosen Xia Jinqi... ..

Was it because of the scene he saw at the casino last night, or was there some other reason?

In short, from the current situation, this little wife of his had quite an extraordinary status.

Sensing Yan Jun's gaze that was filled with sizing up, Xia Jinqi retracted her gaze somewhat guiltily and cleared her throat. Without thinking, she rejected Qi Maolin. "Mr. Qi, I still have to finish my studies, so regarding this matter, i..."

Before she could finish, Yan Jun interrupted her. "Jinqi, don't you want to continue staying in your original university to take the postgraduate entrance exam?"

Xia Jinqi, "..."

Huh?

Didn't this matter have already been settled a long time ago For Yan Jun to suddenly bring up this matter at this time, could it be... ..

Her conjecture was quickly verified.

Yan Jun stared at her calmly and smiled like an old fox. "since Mr. Qi thinks so highly of you, how can you reject it?"

"! ! !"

Xia Jinqi was speechless.

She remembered that the pillow talk had been a success?

Could it be that it had expired?

While Xia Jinqi was in a daze, Yan Jun directly waved his hand and signed his name on the contract.

His non-negotiable appearance made Xia Jinqi mistakenly think that the man sitting in front of her was a real dictator... ..

When Qi Maolin saw this, he also smiled and signed the contract.

Only by handing it over to Xia Jinqi could he feel at ease.

First, he could see that Xia Jinqi was a kind-hearted child. In the future, she might be able to change the atmosphere of the entire casino industry.

Secondly, she had lego backing her. There was no one in this world who dared not give Lego face for the time being.

The two of them exchanged the contract as if there was no one else around and continued to sign it. They completely ignored the heart of Xia Jinqi, who had inexplicably become the additional condition of the contract... ..

She was still trying to figure out how to get rid of the stock in her hands after Lego's stock rose in two years. She would then think of a way to get rid of the stock after earning a huge sum of money.

But now, even the Yan family's casino was looking for her.

She suddenly felt a little emotional. How did she end up fighting with the Casino in her life?

If Huo Ting had not secretly taken her out to buy horses that year, if she had not suddenly won tens of millions, if she had not gone to do financing because she wanted to be independent... ..

The current her should not be like this, right?

Er Huo, AH, Er Huo, you are indeed a fraud!

Chapter 172: my husband

It was almost noon when they left Qi Maolin's place.

They called Fang Shaoan and the three of them went to a restaurant that was quite famous.

Oh, no, it should be a group of four.

Xia Jinqi glanced at you Xi who was following behind Yan Jun from time to time.

She was still holding a document in her arms and had been recording and reporting on the situation in Rao city.

Yan Jun nodded occasionally, and most of the time, he explained some things in a calm tone.

The content was probably related to the company and was not out of line, but it always made Xia Jinqi's heart sour and uncomfortable.

When she was with Xia Jinqi, she was always full of sarcasm and sarcasm, but when she was with you Xi, she was so gentle and normal... ..

She remained silent the entire way, feeling very depressed.

Xia Jinqi also didn't understand what was wrong with her. She wasn't such a petty person, so why was she always so concerned about you Xi?

Yan Jun noticed that she was unhappy and frowned slightly, thinking that she was still angry about what happened just now. Just as he was about to speak, his phone rang.

He walked to the side to answer the phone, and the attendant in front continued to lead Xia Jinqi to her seat.

Just as she sat down, Xia Jinqi unconsciously turned her head to look behind her.

The sunlight penetrated through the three-meter-high floor-to-ceiling glass and gently sprinkled on Yan Jun's tall and tall figure.

He was really extraordinarily handsome. He was just leaning against the wall, like a huge promotional poster for a movie. It was too beautiful to be imagined.

"Madam is really blessed to be able to marry such an outstanding President Yan," you Xi suddenly opened her mouth. There was an unconcealable bitterness in her tone, as well as an obvious jealousy.

Xia Jinqi raised her willowy eyebrows slightly. When she turned around, she saw you XI looking at Yan Jun in the distance with infatuation... ..

As expected, it was a young girl who was in love. Her gaze seemed to be filled with endless love.

Unfortunately, her love happened to fall on Xia Jinqi's husband.

Feeling that something that belonged to her was being coveted, Xia Jinqi opened her mouth, and her tone was not very friendly. "Miss you is also very blessed to be able to work by my husband's side for so many years."

Xia Jinqi deliberately emphasized the words 'my husband' very heavily.

She was declaring her sovereignty and warning you Xi not to covet other people's husbands.

Initially, you Xi had intended to maintain a polite attitude, but when she heard the words 'my husband', she heard a buzzing sound in her ear and lost control of her rationality.

She stared at Xia Jinqi and said mockingly, "I heard that Madam needs to take sleeping pills all year round to fall asleep?"

"Yes." Xia Jinqi nodded, the expression on her face barely changed.

She had never felt inferior for this, nor did she think that this could be a reason for others to attack her.

The corner of her mouth held a faint smile as she looked up at you Xi. "everyone gets sick. The difference is that you guys have a cold, fever, and take cold medicine to reduce your fever, while I take sleeping pills."

The body would get sick, and the heart would also get sick.

Why could a person who was missing an arm or leg receive sympathy, while a person who was mentally depressed could only be ridiculed?

You Xi obviously did not understand such a deep-rooted topic.

She still snorted coldly and was even more disdainful. "So Madam is proud of this? Do you think a person with a bad memory like you is worthy of President Yan?"

She was actually proud of taking sleeping pills?

By the time she said this, the flames of war had already escalated to another level.

Xia Jinqi narrowed her eyes slightly and asked her in return, "then who does miss you think is worthy of Yan Jun?"

Chapter 173: The drama of life

"Of course it is..." You Xi blurted out. She wanted to say that only she was worthy of it!

However, she didn't want to incur Xia Jinqi's jealousy and hatred because she hadn't finished her sentence. Instead, she randomly listed a person's name. "Of course it is worthy of a real lady like Fan Yufei, the daughter of the king of hotels, Fan Teng!"

There was once when Fan Teng invited Yan Jun for a meal and brought his daughter along.

You Xi happened to be present at that time, so she naturally wouldn't miss the adoration that Fan Yufei had when she looked at Yan Jun..

Since she wanted to drag someone out to become the target of Xia Jinqi's hatred, she might as well drag another love rival out as well... ..

The Moment Xia Jinqi heard the name Fan Yufei, HER SCALP WENT NUMB!

A WELL-BRED YOUNG LADY?

Yes, in the eyes of outsiders, Fan Yufei's delicate and delicate appearance would make anyone want to pity her, right?

But she would not.

She had personally seen Fan Yufei and Zhang Meng in school, blocking the juniors in the toilet and burning their arms with cigarette butts.

Such a well-born young lady really lived up to her name!

Xia Jinqi thought about it and actually nodded her head. "She and I happen to be schoolmates. I more or less know what kind of person she is."

When she said this, she did not continue.

You Xi originally thought that saying this would infuriate Xia Jinqi and make her turn to hate Fan Yufei. She did not expect her expression to be so indifferent?

She bit her lower lip and just as she was feeling indignant, you Xi looked up and happened to see that Yan Jun had already put down his phone in the distance and was looking in their direction.

She immediately had an idea. You Xi bent down and handed a cup of boiling hot tea to Xia Jinqi. Her eyes were filled with apology. She changed her arrogant attitude and said pitifully, "Madam, don't be angry. It was my fault just now..."

"?" Xia Jinqi was slightly stunned. She didn't understand why you Xi had such a sudden change.

Xia Jinqi didn't reach out to take the tea, which made you Xi feel a little awkward.

When she looked up again, Yan Jun had already walked over with quick steps.

In a moment of desperation, you Xi didn't care much. She knocked over the teacup and let the boiling hot tea pour on her fair and tender hands!

"Ah!" She cried out in surprise, and then her facial features twisted into a ball. She said pitifully, "Madam, you... It's my fault. It's all my fault..."

Xia Jinqi continued to be dumbfounded. Excuse me?

She didn't even touch you Xi just now, right?

Who was she going to show this self-directed and self-staged drama to?

Xia Jinqi turned her head instinctively and saw that Yan Jun had already walked behind her.

Looking at Yan Jun's furrowed brows, she suddenly seemed to understand why you Xi was acting so strangely just now.

She saw that the three of them happened to be in a straight line.

Her back was facing Yan Jun, which just happened to cover you Xi's hand movements just now... Now, coupled with you Xi's injured appearance, it was very easy to imagine that she knocked over the teacup that you Xi handed over and caused you Xi to be scalded ...

At this time, Xia Jinqi actually had the mood to take a look at you Xi's hand.

The scalded part quickly became red and swollen.

Without even thinking, she knew that it must be very painful... ..

Xia Jinqi suddenly looked at you Xi in a New Light.

This woman was really ruthless. She could even do something to her... ..

"What's going on?" Yan Jun's cold and indifferent voice reached her ears.

Before Xia Jinqi could speak, you Xi hurriedly apologized, "President Yan, I'm sorry! It's my fault for not knowing how to speak and making Madam Angry!"

Chapter 174: "my heart aches when I see you in pain! "

Xia Jinqi's eyebrows twitched. The show was a little too good... ..

Such an obvious and clumsy frame-up was already outdated, okay?

Pretending to be a white lotus Who wouldn't know how to do that!

She immediately held back her tears. Xia Jinqi rushed forward, held you Xi's injured hand, and very considerately blew on it "Aiya, Xiao Xi, how could you be so careless? Your hand even burned when you were holding a cup of tea! Don't worry, I WON'T BLAME YOU! Every horse loses its hoof after a misstep! Quick, blow on it! It must be very painful, right? Sigh, my heart aches when I see you in pain!"

After she finished speaking in a whimper, Xia Jinqi felt her tongue twitch!

Pooh The role of White Lotus was really not something that an ordinary person could withstand!

However, since there was someone who wanted to play, she would accompany her!

You Xi was stunned."..."

This person, could it be that she had taken the wrong script?

Yan Jun glanced at the two women in front of him, his dark eyes sinking slightly.

Especially when he saw the sparkling tears at the corner of Xia Jinqi's eyes, his brows furrowed even more tightly.

There was a moment of awkwardness in the air.

Even Fang Shaoan, who was sitting on the Sofa next door, finally could not hold it in anymore. His hand, which was still holding the phone in the game, suddenly loosened, and the phone fell onto the SOFA.

However, he did not have the heart to care about it. He slapped his thigh and laughed until he had a seizure. "HAHAHAHAHA! It really is a big show! HAHABA! Talented!"

The seat he was sitting on happened to be at the back row of the SOFA next to Xia Jinqi and you Xi.

He deliberately hid behind the SOFA so that he could play the game quietly... .. And it was precisely because of this that you Xi actually did not notice him and started her performance so generously ! !

Everything that Yan Jun did not see was clearly seen by Fang Shaoan!

Now... He was going to laugh himself to death ! ! ! ! !

Oh my God It was simply much more exciting than a television drama!

Xia Jinqi glanced at him before turning back to look at Yan Jun with a sad face. "Hubby, look at Xiao Xi, she's already burned. Why don't you let her return to the country first to recuperate?"

You Xi: Return to the country? ? ?

She had finally seized this opportunity to come to Yan Jun's side, how could she return just like that? ! !

She immediately put away her pitiful look and said calmly and professionally, "no need, no need. It's just a small injury, it's not a big deal..."

Yan Jun glanced at the injury on her hand and did not mind. Instead, he saw Xia Jinqi's tearful and pitiful look, coupled with the way she addressed him as her husband just now... ..

His heart rippled when he heard her soft and cuddly words. "Since Madam is considerate of you, then you should go back to the country first."

"... President Yan, I..."You Xi felt that she could still be resuscitated ! !

Unfortunately, before she could finish her words, Xia Jinqi unilaterally declared that her resuscitation was ineffective "Xiao Xi, you don't have to decline anymore It's good to love work, but the body is the most important thing I'll make the decision on this matter. You can go back to your country first The treatment fee will be reimbursed by Zhuge Wentao Since it was an injury during working hours, then it can still be considered an industrial injury... .. En, there's no need to thank me. Hurry up and go ! If it leaves a scar, it won't look good!"

After saying that, she even waved her hand at you Xi in a very vivid manner, as if she understood the meaning of righteousness.

How was it? Wasn't it enough to be a White Lotus?

It was as if someone didn't have any acting skills... ..

You Xi gritted her teeth and looked at Yan Jun as if she was pleading. However, she saw that Yan Jun's heart was only on Xia Jinqi... ..

She immediately turned around and left with hatred, leaving the dust behind her!

Xia Jinqi, you're ruthless! ! !

Yan Jun did not care about you Xi's stay or leave at all. He only stared at the tear stains at the corner of Xia Jinqi's eyes that had yet to dry. He raised his brows slightly.

Chapter 175: wanted to see her even more jealous

Looking at Fang Shaoan, who was holding his stomach and lying on the SOFA, unable to move, smiling, Yan Jun also knew that the matter just now could not be that simple.

However, he did not intend to delve into it.

What made him even more concerned was the way she addressed him just now.

“What did you call me just now?” His voice raised slightly, and his black eyes sparkled with starlight. He seemed to be in a good mood.

Xia Jinqi was not in a good mood, she turned her face away, not to see him, “nothing!”

“But I heard you call me husband.” Do not intend to euphemism, Yan Jun righteously for her to find back the memory.

“SLIP OF THE TONGUE!” Xia Jinqi huffed and turned to the bathroom to go to the room, “I will go!”

I tried so hard, now I have to wipe my tears!

—

Squinting at Xia Jinqi’s retreating figure, Yan Jun’s face darkened slightly.

Is She, like, angry?

“Aiyo, this is so funny...” At that moment, Fang Shaoan was wiping the tears from the corner of his eyes as he stood up. “sister-in-law, YOU’RE JEALOUS!”

Hearing this, Yan Jun turned around and sat opposite Fang Shaoan. He stared at him calmly, causing Fang Shaoan’s tiger-like body to tremble. He hurriedly averted his eyes. “Why are you staring at me like that? Did I say something wrong?”

Yan Jun nodded. He looked as if, yes, you said something wrong.

“Jealous?” He raised the corners of his brows. He did not understand why Fang Shaoan said this.

“THAT’S RIGHT! You bring such a beautiful woman in and out all day long. HOW CAN SISTER-IN-LAW NOT BE JEALOUS? And...” speaking up to this point, Fang Shaoan teased Yan Jun with a beaming expression. “The female secretary beside you is not simple...”

Not Simple You Xi?

Xia Jinqi was jealous of YOU XI?

What kind of jealousy was this?

“She’s just a secretary.” He made a conclusion lightly. He had not even looked you XI in the eye, so it was even more impossible for him to have any thoughts towards her.

“Do you think she’s just a secretary? Others don’t think so! You can only blame yourself. Second Young Master Yan’s charm is too great, and no one can stop him!” Fang Shaoan continued to give Yan Jun advice with a smile as if he didn’t care.

He knew Yan Jun too well. After so many years, perhaps he really didn't notice what you Xi had in mind for him... ..

According to his personality, if he knew, he would have fired you Xi long ago and never kept her by his side.

He wasn't a person who would put danger by his side.

Xia Jinqi was more sensitive than him. She had probably discovered the existence of danger early on.

This was originally a matter between Yan Jun and his wife. Fang Shaoan should not have interrupted.

However, seeing that Xia Jinqi had stood up for him last night, he should also remind Yan Jun... ..

Since he had already said this, if Yan Jun still did not understand, it would be a waste of his eq.

He did not care what you Xi thought at all.

Just as Fang Shaoan had thought, he would not keep troublesome people by his side.

But this time, it was a little different.

He lowered his dark eyes and continued to look in the direction where Xia Jinqi had left.

Was She jealous... ..

The corners of his lips curled up slightly, revealing a bright and brilliant smile.

He wanted to see her look even more jealous.

“...”

Xia Jinqi washed her hands for a full two minutes before she washed away the strong perfume smell that had come from you Xi's body!

When she saw you Xi previously, she did not seem to have noticed any perfume smell.

Could it be that you Xi had changed her style?

Could it be that Yan Jun liked this kind of thing?

Thinking of this, Xia Jinqi instinctively hugged her arm, shivering... ..

Chapter 176: was so high that she couldn't stop!

Previously, you Xi was also very polite when she spoke to her, unlike today, when she was trying to be harsh.

What did this sudden change mean?

Could it be... .. that she was planning to declare war on her ? ?

While she was in a daze, a woman had unknowingly stood beside her.

“eldest miss, the target has recently arrived in Las Vegas. The elders have requested for you to meet at seven tonight. The location is at the Bellagio Palace.”

Upon hearing this, Xia Jinqi immediately knew that the woman beside her was someone from Lego.

When she was outside, in order to prevent her identity from being exposed, everyone addressed her as miss.

As for this target, she had heard about it from the elders.

There was a person who wanted to invest in Lego, and he wanted to meet the leader of Lego with his own eyes.

A person who could make the elders think so highly of him must have an extraordinary identity. Xia Jinqi naturally didn't dare to neglect him.

Previously, they had agreed to meet in Rao city. Later, by chance, she found out that she and the target were going to Las Vegas, so she decided to meet here.

“okay, I got it.” Xia Jinqi nodded without changing her expression. Then, she dried her hands, turned around, and walked out of the bathroom.

It seemed that tonight, she had to find an excuse to leave... ..

When Xia Jinqi returned, Yan Jun and Fang Shaoan had already ordered the dishes.

Looking at the table full of delicacies, all the depression from before seemed to have disappeared in an instant.

With a smile on her face, Xia Jinqi asked directly, “do you have any plans in the afternoon?”

“Yes! sister-in-law, let's go to treasure island to see real pirate ships, right? When we come out, we'll be at the shopping mall. There are handsome men and beautiful women everywhere!” Fang Shaoan was in high spirits. In addition to what happened last night, he was still worried that he wouldn't know how to repay Xia Jinqi!

In that case, why not bring her to have some fun?

Xia Jinqi's eyes lit up when she heard that. “Do you have a Yan Dance?”

“Yes! There's a dance hall next to the Casino! There's one over at the Bai Le Palace too!” Fang Shaoan was very familiar with this place!

He could find where he was even if he closed his eyes!

“Then we'll go to the Bai Le Palace!” Xia Jinqi agreed immediately. Her big eyes, which were narrowed into a crescent moon, flashed with a trace of unnoticeable slyness.

The baile palace... .. The place was just right ...

Fang Shaoan did not notice Xia Jinqi's expression. He only saw her high-spirited look and smiled. “Okay! I guarantee that you'll be so high that you won't be able to stop!”

The two of them were talking happily. They completely did not notice Yan Jun, whose expression was getting more and more depressed... ..

He swept a cold glance at the two people in front of him and coughed heavily. "COUGH COUGH!" He wanted to find some sense of presence for himself.

However, Xia Jinqi was still angry that he had called you Xi over. She pretended not to hear anything and continued to chat happily with Fang Shaoan.

Fang Shaoan also took on the role of a tour guide. He kept introducing interesting places to Xia Jinqi, afraid that she would not have enough fun and would not have the time to care about the people around her?

Yan Jun, who was completely ignored, had half of his handsome face darkened.

Xia Jinqi deliberately did not look at him. Instead, she was amazed by the tour route that Fang Shaoan provided for her. "It would be great if you set your sights on picking women..." "

"Yes! In the future, when I look for a wife, I have to look like sister-in-law! sister-in-law, you really impressed me last night!"

"No, no, no, everyone is supporting me, everyone is supporting me..." "

The two of them were already high, and they started to enter the business mode of bragging to each other... ..

When he heard this, Yan Jun, who was originally unhappy about being ignored, had his entire face turned black at this moment!

Chapter 178: holding hands and holding each other in his arms, only then could he feel at ease

"I have an appointment tonight, so I can't accompany you." He held a faint smile as he took the initiative to speak to her.

His tone even revealed a sense of joy, refreshing one's heart.

Xia Jinqi's heart rejoiced. It was best if she had something to do, as it just so happened that she had something to do as well!

Each of them did their own things and did not interfere with each other!

As she thought of this, she forcefully threw back a single word, "oh..." "

It was a Cold War. What was important was one's backbone!

They definitely could not easily reconcile!

Looking at her pouting and indifferent appearance, the smile in Yan Jun's eyes became even more intense.

How cute.

“Come here. ” He waved at her, wanting her to sit beside him.

He didn't know why, but when he was with her, he always wanted her to stay by his side.

Only by holding her hand and holding her in his arms could he feel at ease.

Xia Jinqi blinked and opened her mouth to reject him... ..

But no matter what, she couldn't say the words to reject him.

Because the moment she looked up, she saw the smile on Yan Jun's lips that was like a spring breeze.

She rarely saw Yan Jun smile so simply and purely... ..

Her heart was easily bewitched.

She stared at him in a daze. The things that she had been planning in her heart for a long time had been thrown to the back of her mind in the blink of an eye.

Even the backbone that she had promised him had become so insignificant at this moment.

Some people and some things could change everything about you so easily.

Xia Jinqi pursed her lips. With great difficulty, she controlled her disobedient legs that wanted to stand up. She tried hard to focus her eyes on him. “what's your relationship with you XI? ”

The moment she said it, she realized that it sounded a little familiar.

Where had she heard such words before?

“As you can see, the relationship between a superior and a subordinate, ” he curled his lips and answered unhurriedly.

“really? It's that simple? ” Xia Jinqi clearly did not believe it.

She had heard you Xi say that she liked him with her own ears... ..

“It's that simple, ” Yan Jun's answer was extremely confident.

“I don't believe it... ” Xia Jinqi firmly denied it. She lowered her head and bit the straw of the juice. Her eyes were slightly lowered and her gaze was slightly scattered.

After saying this, she suddenly remembered why she suddenly felt that this conversation was a little familiar!

Back then, when she and Yan Jun went to take wedding photos, Yan Jun had asked her the same question... ..

Then, at that time, Yan Jun must not have believed her answer, right?

Speaking of which, ever since she married Yan Jun, she rarely thought about the matters of the Xia family.

Recently, although she had been bullied terribly by Yan Jun, in general, she had been living very comfortably. She had even cured her insomnia... ..

When she thought of this, Xia Jinqi could not help but blush.

Last night... .. Cough cough ! She seemed to have fallen asleep from exhaustion again ! !

It was as if this man had unknowingly filled her world.

She even rarely thought of Yan Qing... ..

Xia Jinqi's slightly red face made Yan Jun raise his eyebrows slightly.

Since she was unwilling to come over, then he would go over.

He stood up slowly and walked straight to Xia Jinqi's side with his slender legs. He sat down.

Under Xia Jinqi's dumbstruck gaze, his well-defined fingers removed the straw she was biting into her mouth and played with her hair that hung by her ear.

"If you're worried, you can come work by my side. With real power, you can fire her at any time," he said softly with a rare smile on his lips.

Xia Jinqi's eyes twitched and she stammered guiltily, "I didn't ask you to fire her... "

"I won't fire her," Yan Jun interrupted Xia Jinqi and continued, "you can. "

Chapter 179: was such an underrated thing

"You're trying to trick me into joining the company again..." Xia Jinqi pursed her lips and mercilessly exposed Yan Jun's intentions.

She wasn't really stupid. Why would she be seduced by his obvious intentions?

When Yan Jun heard her slightly disdainful tone, he didn't get angry. Instead, he laughed. "Let's eat. "

Before they got married, Yan Sheng had promised Xia Jitian that he would give Xia Jinqi shares and let her manage the company's affairs.

For Yan Jun, apart from fulfilling the contract, he also had a little selfishness.

He always wanted to keep her by his side, so that he could see her at all times.

Although Xia Jinqi had always been in low spirits, she still could not stop her hunger. When it came to eating, she could not even care about the Cold War.

After eating, Yan Jun really took Fang Shaoan away... ..

This was good too. It was easier to act alone. Otherwise, she would have to think of a way to avoid Fang Shaoan.

With this in mind, Xia Jinqi set off and went to the place where she had made an appointment with the lego elders.

..

At the Lincoln Center.

Yan Jun casually turned a document, sitting next to the mobile phone never leave the body of Fang Shaoan.

“Didn’t say the date at night is confidential, still take me out to do?” Fang Shaoan sulkily threw a past, at that time he just met in the game and teammates.

Double Platoon, two people a team, to a girl, the net name is: Jiaochuan S.

Yan Jun did not answer, his face slightly heavy.

Can He admit that he’s jealous?

It’s not possible.

However, this matter let Fang Shaoan know it is good.

“Lego has a new leader,” Yan Jun suddenly said.

“I know!” Fang Shaoan answered nonchalantly. He had just led a girl to destroy an enemy team, so he was in a good mood! “I heard that the new leader is a newcomer, but I don’t know who he is. Until now, no information about him has been leaked out.”

“Lego has always been mysterious.” Yan Jun didn’t get any definite information, but... .. “you will soon find out who he is.”

“Ah?” Fang Shaoan was stunned for a moment and quickly turned to look at Yan Jun. “you’re not going to meet Lego’s new leader right now, are you?”

Yan Jun nodded slightly. “I happen to have a business to discuss.”

Hearing this, Fang Shaoan finally put down the phone in his hand with a serious expression. “No wonder your grandmother suddenly wants to buy Mr. Qi’s casino. Don’t tell me you’re thinking of swallowing Lego as well?”

“If you want to completely leave the Yan family, you’ll need some capital.” Yan Jun did not answer directly, but his words were very likely to be true.

What could be simpler and more profitable than a casino?

There was an endless stream of money.

Fang Shaoan held his forehead and shrugged helplessly “brother, aren’t you a little too lacking in spirit to keep backing off like this After you’ve been gone for a few days, Yan Qing should have pretty much annexed the company, right Even though it’s your ancestor’s business, you’ve contributed a lot over the years. Are you just going to hand it over to someone else?”

He did not understand Yan Jun’s thoughts.

If it was him, he would have rushed up and fought Yan Qing to the death, alright?

In any case, it was either him or him. How could it be as troublesome as it was now!

When Yan Jun heard this, a bright light appeared in his deep black eyes.

“It’s limited to the killing within a family. I’m sorry, but I’m not interested in such unrated things.”

His indifferent and mocking tone was mixed with Yan Jun’s contempt for this era.

He had roughly guessed what his grandfather was thinking.

However, the current Yan family was only the outstanding talent of Rao city.

And his vision was even further and his ideals were even bigger.

Moreover, for Yan Qing... ..

Chapter 180: was just to see one person

When a person has nothing, one can not see his true nature.

Chinese people have been good at enduring humiliation since ancient times.

Only when he gets everything he wants, the darkness in his heart will be completely revealed... ..

When that time comes, Yan Jun believed that Yan Qing had the right to compete with him.

After listening to Yan Jun’s words, Fang Shaoan was completely dumbfounded.

Even though he had been listening to Yan Jun’s words very seriously the whole time, he still did not seem to understand a single word?

Awkward... ..

“I really don’t understand what’s going on with your Yan family. You should just play my game!” Fang Shaoan let out a long sigh and very self-aware, he lowered his head and picked up his phone again.

At his level, he was only qualified to eat, drink, and have fun. He could just earn some money casually and not let his parents lose face. How could he have such a shrewd mind like Yan Jun?

When he lowered his eyes to look at the phone screen, the corners of his eyes twitched violently!

F * CK Just now, he was so engrossed in talking to Yan Jun that he forgot that he was still in the game!

After the automatic hang-up, he seemed to have been killed by someone from another team, along with the new girl that he had just matched... ..

The girl in the team chat log even sent him two words: Trash.

...

Xia Jinqi arrived at the hundred Music Palace before seven o’clock as promised.

When she entered, someone was in charge of leading her to the lounge.

It was the same girl that she had seen in the washroom earlier. Her name was Ling Yue.

Her legs were long and fair, and her voice was very soft, but it was not coquettish at all.

“eldest miss, you can rest here first. If you have any needs, please let me know. The entire building is already reserved. Outsiders are not allowed to enter easily. You can walk around as you like. ”

“En, I got it, ” Xia Jinqi replied. Her watery eyes could not help but look surprised.

Lego was indeed rich and overbearing.

They booked the entire building just to meet one person.

As for who this person was, she still did not know.

They were really good at keeping secrets... ..

When she was bored, Xia Jinqi went to the balcony and enjoyed the music fountain downstairs. She casually took out her phone and checked her social media account.

[MOANING S] sent 11 messages:

[happy honeymoon, my dear! MWAH MWAH MWAH MWAH!]

[Xiao Qi, Xiao Qi, when are you coming back?]

[after getting married, there’s no one left. Sob Sob, a guy who prioritizes romance over friendship!]

[I’m so angry, I met someone who hung up while I was playing the game just now!]

...

Xia Jinqi was amused by what she saw. Her scallion-like fingers quickly jumped on the phone screen and quickly replied, [I’LL BE BACK SOON! I brought gifts for you and Wen Jing! PEN REFILL!]

One second later... ..

Gasping S sent three messages.

[I just happened to move recently, I need an oven!]

[Wen Jing is a tycoon. Don’t worry about her. Just send her to me.]

[anyway, the boxing match is about to start. I’M GETTING OFF!]

After reading the message, Xia Jinqi was a little surprised. Boxing match?

Since when did Xiao ran fall in love with watching boxing matches?

Just as she was thinking, Ling Yue came back again.

“Miss, it’s time. It’s time to go down. ”

“Okay. ” Xia Jinqi nodded and walked back from the balcony. She followed Ling Yue to the specially prepared room on the third floor.

Just as she left, behind the fountain downstairs.

The Black Lincoln stopped.

Yan Jun and Fang Shaoan got out of the car one after the other.

There were bodyguards beside them holding black umbrellas for the two of them, even though it wasn't raining at all.

This umbrella was obviously used as a cover to avoid all possible surveillance cameras and Paparazzi cameras.
