

## Trick Me 1791

### Chapter 1791. It was her turn to answer the phone

“...”Ben rubbed his nose, feeling a little awkward.

Earlier, he had thought that Yan Jun had a high fever, so his body must be very weak. In addition, he had stayed up all night, so he would definitely sleep very soundly. He might even be able to sleep until tomorrow night.

But who knew that he would actually wake up so early? Moreover, he had just woken up and was already asking Xia Jinqi where she had gone.

“She said that she had something to take care of, so I accompanied her out.” Making up an excuse at the last minute, Ben quickly changed the topic. “You’re awake? How’s your body?”

On the other side of the phone, Yan Jun was still hugging Xiao puff, who had just cried. He had also heard Ji Xinyu describe the situation just now. He felt that something was wrong, and after asking, he found out that Ben had brought Xia Jinqi out.

As for where they had gone, no one knew.

His high fever had just subsided, and he had only woken up, but his body had not recovered.

However, he directly ignored this point and said directly, “put her on the phone.”

No matter how much Ben said, it was useless. He would only be willing to believe it if he heard Xia Jinqi’s voice with his own ears.

“Even I can’t hear what she’s talking about with others. When she’s done, I’ll personally send her back. Don’t worry.” Ben Straightened his neck and continued to make things up.

He had almost never lied in his life. He didn’t expect that tonight would be an exception.

Yan Jun furrowed his brows. He Knew Xia Jinqi too. Just like him, no one could easily influence what she wanted to do.

Ben Waited for a while, but didn’t hear Yan Jun’s next sentence. He hurriedly said, “but when you came out, Summer said that he wanted you to rest well.”

His tone was slightly more serious. Anyway, it was in the name of Xia Jinqi, so Ben wasn’t afraid at all.

Sure enough, when Yan Jun heard it, he only said, “take good care of her.”

Ben Immediately let out a sigh of relief. “Don’t worry, I’ll definitely bring her back safely for you!”

After saying that, he immediately hung up the phone, afraid that Yan Jun would continue to question him.

On the other end of the phone, Yan Jun had just put down his phone when Xiao puff in his arms reached out and grabbed his clothes. On his long eyelashes, there were still traces of tears. She called out softly and cowardly, "Daddy..."

"MM." Yan Jun responded softly. When he lowered his eyes to look at his daughter, his thin lips curled slightly.

"hehe." Xiao puff also smiled, revealing a few cute little white teeth.

Ji Xinyu watched from the side. She had more or less heard the contents of the phone call between her son and his daughter-in-law. It was probably not a big deal, or else her son would not be as calm as he was now.

"Jun' er, your fever has just subsided. You still need to rest well." Sitting by the bed, Ji Xinyu also sighed "Your father has been visiting the Yan family every day for the past two days, so you don't have to be distracted by the Yan family anymore. I'll bring Xiao puff to stay at your grandmother's place. After you and Jin Qi are done, you can come back and visit us."

In fact, she wanted to ask if Yu Han had been found.

However, seeing her son's pale face, she swallowed the words that were on the tip of her tongue.

Looking at the current situation, she was afraid that they still hadn't found him. If she asked, it would only make her son worry even more.

Yan Jun nodded slightly. "Mom, it's been hard on you and dad during this period of time."

"Good Child." Ji Xinyu finally revealed a smile on her face. At the same time, she mentioned some things about Qingxin Garden. It eased the atmosphere and also made Yan Jun feel at ease "Your grandmother is in good spirits too. It's just that the weather has been too cold recently, so your dad and I won't let her go out." It was not easy for an elderly person to recover from a cold. However, for some reason, she kept saying that she wanted to ride a horse. As you know, the Horse Farm in the backyard had been abandoned for many years and there was not enough manpower.

### **Chapter 1792: is afraid that she will be angry**

"Your father and I have arranged for some more people to be recruited. We will take advantage of this opportunity to repair the horses properly. Next Spring, we will fatten the horses and make her happy."

As he listened, Yan Jun suddenly recalled a photo he saw when he was tidying up his grandfather's study a while ago.

When he was young, his grandfather and grandmother galloped on horseback on the endless prairie. The two of them looked so young and matched... ..

"Now Rao city is in turmoil, people recruited back outside, identity can be strictly investigated." Yan Jun frowned, thinking of every detail.

“You don’t have to worry about that. We didn’t recruit any outsiders. It was just a few old ladies who took care of your grandmother for many years. They said that they were relatives from the countryside. Their ancestors were all fishermen, so they knew everything.” Ji Xinyu knew what Yan Jun was worried about, so she hurriedly said.

If it wasn’t for this family, they wouldn’t be looking.

Now the son Yan family is standing on the cusp of the storm, do not know how many people are waiting to harm them, nature is to be careful of everything.

They continued to talk about common things for a while before Ji Xinyu carried Xiao puff and left. Before she left, she kept telling Yan Jun to rest well with Jin Qi and take good care of themselves.

Just as she left, Yan Jun called Wen Tao in.

“Get someone to send in all the documents that were left behind today.” Yan Jun’s first sentence was serious business.

Wen Tao smiled. “Second Young Master, there are no documents that were left behind today.”

Hearing this, Yan Jun raised his eyebrows in surprise. His dark eyes looked into Wen Tao’s eyes carefully. The meaning of his question was very obvious.

“sister-in-law has temporarily handed the matter of the Yan Group to the vice president to handle. She asked me to assist from the side. She also found Xia Jitian and Tan Zhuqing. The two of them are now dealing with government affairs next door. Their progress is just right. They haven’t fallen behind at all,” Wen Tao added.

“...”Yan Jun was silent.

Seeing him like this, Wen Tao thought that he was brewing some kind of emotion. Presumably, with his character, he would never be willing to let his own affairs fall into the hands of others.

However, Wen Tao saw Yan Jun’s hard work these few days and could not help but want to advise him.

“second young master, since sister-in-law has already made proper arrangements, why don’t you take this opportunity to have a good rest? It’s a good opportunity to recharge your energy so that you have the energy to deal with the Zhao family.”

To be honest, from Wen Tao’s point of view, he also felt that Xia Jinqi’s previous arrangements were very appropriate. There was absolutely nothing that could be overlooked.

If he had to pick, then there was only one point — it was not personally handled by Yan Jun..

Yan Jun listened and frowned for a moment before asking, “you just said that Xia Jitian and Tan Zhuqing are handling government affairs together?”

“Yes.” Wen Tao nodded. He recalled that he had walked back and forth a few times when he handed in the documents. When he saw that the atmosphere inside was very warm, he replied, “these two are chatting and laughing. They seem to be on good terms.”

“Not only on good terms, they are best friends.” Yan Jun suddenly opened his mouth, his eyes deep.

Tan Zhuqing could have handled these matters by himself.

However, since Xia Jinqi had called Xia Jitian over... .. n-0vεlB1n

After pondering for a moment, Yan Jun suddenly curled his thin lips that were not very red. "Do as she says. "

Wen Tao was stunned for a moment before he came back to his senses. "Second Young Master, rest well. "

With that, he left.

After he left, Yan Jun Fu slowly laid back on the hospital bed. He closed his eyes in peace and fell into a deep sleep.

Since she had already arranged everything for him, if he insisted on not listening, when she came back to see him later, he would probably be angry again.

### **x Chapter 1793, heavenly Earth 1**

He had promised that as long as she came back, he would listen to whatever she said.

Wen Tao retreated to the door and stood there in a daze for a long time.

Previously, no matter how much he tried to persuade him, second young master acted as if he didn't hear him. No matter what, he refused to let go of the work at hand.

This time... .. How could he be so straightforward ? ?

After thinking for a long time, Wen Tao finally understood.

It was probably because all of this was arranged by Xia Jinqi, right?

In this world, only when Xia Jinqi came to persuade him, would Yan Jun listen to her... ..

Wen Tao smiled helplessly and walked to the room next door.

It just so happened that he had been sleeping well for the past few days. It was rare for him to stay up all night tonight!

..

After Ben hung up the phone, he looked back and saw Bi Yue still sitting on a long row of bamboo chairs, staring blankly at the building in front of her.

While sitting there, Bi Yue thought about many things.

Sometimes, when she saw young parents bringing their two or three-year-old children home, she could not help but take a few more glances.

She reached out to touch her flat stomach, and the bitterness in her heart began to flood.

The things that she had lost could no longer be recovered... ..

Now, the only thing she could do was to correct some of the things that she had missed back then.

Try her best to make up for it... ..

She only hoped that this kind of compensation would still be of some use.

With a long sigh, Bi Yue took one last deep look at the tall building. She tried hard to pull the corners of her lips, forcing herself to laugh. "Dad, mom, in the next life, Yue'er will still be your daughter. "

As she spoke, tears rolled down her cheeks.

Finally, she bid farewell to her parents. Bi Yue no longer hesitated and no longer felt lost. She immediately took a taxi to the villa where Lu Yiming was being held.

When the bodyguard at the door saw that it was her, he didn't even need to ask. He immediately bowed and invited her in. "Young Madam, please come in. "

Bi Yue's hands that hung by her side tightened slightly.

All the way in, it was still the familiar back garden and the familiar arched bridge.

Lu Yiming stood at the same spot, sprinkling fish food under the bridge.

That was something she loved to do since she was young... ..

Even if she got married, she couldn't change it. She would even pull him along to feed the Koi. She always felt that the fish swimming around were so energetic and full of vitality.

She didn't expect that after so many years, he would actually... .. still remember ...

Slowly walking closer, Bi Yue didn't realize that her face was covered in tears. It wasn't until the moment she opened her mouth that she realized that her throat was already hoarse.

"Ah Ming, " she called him, using the most intimate address between the two of them.

The man who stood at the bridge in a daze suddenly stopped. Then, he quickly turned around. His gaze went from shock to disbelief, and in the end, only ecstasy and excitement remained.

"Yue'er! ! " He could not help but shout out loud. He could not care about anything else and quickly ran toward him.

At that moment, Bi Yue remembered that Lu Yiming was transferred to another province to work. He could not go home even during the New Year. She disregarded everything and braved the cold to go to an unfamiliar city to look for him.

In the vast sea of people, she also called him that. When he turned around and saw her, he couldn't care about anything else. He shouted her name and rushed in front of her.

Those memories, she thought they were already buried deep in her heart. But now that she thought about it, it felt so real, so... It was heartbreaking ...

After the failure of the previous escape incident, Lu Yiming's heart was already as dead as ash.

**Chapter 1794: heavenly Earth 2**

He thought that he would never see his wife again. He did not expect that his Yue'er would return so soon!

"Yue'er, is it really you?" He could not believe his eyes. Even though he was holding her hand, he still had to ask her clearly.

"It's me." Bi Yue nodded and looked carefully at the man standing in front of her.

He was really not as young as she remembered.

The corners of his eyes were slightly drooping, and a new strand of white hair had even grown out from his temples.

She remembered that when she had come to see him before, his hair had not turned white yet... ..

At this moment, she realized that he had changed so much that she did not recognize him anymore.

"I'm still Yue'er, but you... are you still the same Ah Ming?" The words that were tinged with tears suddenly flowed out from her lips ...

Lu Yiming was stunned for a moment. The Gaze he looked at Bi Yue unconsciously had a hint of evading.

But he quickly forced himself to calm down. "Of course I'm Ah Ming, your Ah Ming. "

As he spoke, he held her hand and gently stroked the side of his face. "touch it. "

Bi Yue did not struggle away. Instead, she followed his movements and gently stroked his cheek... ..

Just like how he loved her, she had loved him deeply for so many years.

It was a pity that the upright and kind Lu Yiming who was willing to look for the owner of the money he picked up by the roadside even though his days were tight was no longer there.

The person in front of her made her feel so unfamiliar.

"No, you're not." She put down her hand and suddenly shook her head.

Lu Yiming's heart skipped a beat. Seeing Bi Yue's eyes filled with tears, he became anxious too "Why not? Yue'er, look at me again. I'm your Ah Ming. You love eating grapes the most, watching Koi the most, and welcoming spring flowers the most. You said that as long as the spring flowers bloomed, Spring would come... "

He simply thought that Bi Yue had forgotten him and did not recognize him.

But Bi Yue still shook her head. She even took two steps back... ..

The gaze she looked at him with was no longer filled with attachment.

Instead, it was filled with deep fear and helplessness... ..

"You said that our child will be called Lu Weiguo in the future and that he will protect his family and country. You said that we will live our lives diligently. Even if we don't have great wealth and wealth, we

will still have a small happiness. You said that flowers and plants are like humans. They all have lives. We must treat them well.”

As she spoke, Bi Yue choked up again.

The pain in her heart was like a tear, forcing her soul to hurt.

“My husband, my lover, how kind and righteous he is... how can you be him? Your hands are stained with blood, you do all kinds of evil, you kill people like a mummy! “

At the end of her sentence, Bi Yue was practically screaming and screaming, her grief could not be any worse! ! !

She really did not expect that he would turn out like this... ..

Lu Yiming stood rooted to the ground like a puppet, staring blankly at the woman who was crying in front of him. His heart felt like it was being pressed down by a huge rock, and it was extremely uncomfortable.

“Yue’er... you... “

“Don’t call me! !” Bi Yue scolded loudly, her eyes were red as she stared at him. “At this point, are you still not willing to confess? Ah Ming! How long do you want to keep this a secret from me? ! “

“...”Lu Yiming was silent, and he suddenly felt that he could not say a word.

He only thought that as long as Yue’er could wake up, they could be together again, so he tried his best to achieve it... ..

But he never thought that when Yue’er really woke up one day and knew what he had done, would she blame him?

### **Chapter 1795: heavenly Earth 3**

And the answer was obviously yes.

Lu Yiming’s furrowed brows suddenly relaxed. The breath that he had been holding in for a long time was finally slowly exhaled.

It was as if he had completely given up on hiding. The innocent and ignorant expression on his face had also been removed. It was replaced with a sinister face and a lifeless gaze.

“It’s reality that has forced me into this state. ” He threw out a sentence coldly and looked into bi Yue’s moist eyes expressionlessly.

Bi Yue had always been angry that he had hidden it from her and lied to her. But now that he had admitted it so quickly without even defending himself, her heart became even heavier... ..

“So you killed so many innocent children? You stole other people’s Wives and children? “

“innocent? Who isn’t innocent? Am I not innocent? Aren’t you innocent? Aren’t our children innocent? !” Lu Yiming changed his previous gentleness and cursed hatefully, as if he was gnashing his teeth.

As long as he remembered the suffering that his family of three had experienced, the wild beast in the depths of his soul would rush out and turn him into a demon.

“Why can they treat us like this, but we can’t?” “Yue’er, no matter what I did, I did it so that you could wake up again... “You’ve been in a coma for fifteen years, and your body is already extremely weak. If you continue like this, you’ll die “.. “So, so I thought of a way to find Xia Jinqi and transplant your brainwaves into her brain, so that you can be reborn in her body!

“Look, I’ve succeeded “You’ve obtained a young, healthy, and lively body, and we can finally be together again “I’ll take you away, okay We’ll go to a place where no one knows US and START ANEW I don’t want anything else, I only want you... .. Okay ? Yue’er ... ..”

Almost hysterically, Lu Yiming shouted these words. He took two steps forward and held Bi Yue’s hand once again, putting down all his dignity and begging her, “it’s been fifteen years, I’ve finally waited for you... “

Bi Yue’s eyes were already wet with tears. She forcefully shook off his hands and roared “How could you... .. How could you say such a thing ? Don’t do to others what you don’t want to do to yourself. Don’t you understand such a simple principle ? ? Yes, if it weren’t for the disaster back then, our family wouldn’t have become like this, and my parents wouldn’t have been heartbroken... .. But what about what you did ? What’s the difference between you and those abusers back then ? !”

“How could I be the same as them? I did all of this for you!” Lu Yiming said anxiously.

“For me You did it for me So, I’m the culprit I actually shamelessly took someone else’s body and caused their family to be destroyed... .. How could I still have the face to live on ? If I knew this would happen, I definitely wouldn’t have held my last breath and waited for you to come back. I should have died long ago ! If I had let go of this obsession fifteen years ago, I wouldn’t have harmed you to such an extent ! I wouldn’t have harmed so many innocent lives!” Bi Yue finally couldn’t control herself and burst into tears ...

No one knew how much despair was contained in that heart-wrenching cry.

It was just like a person drinking water. Leng Nuan knew it herself!

Lu Yiming looked at Bi Yue who was crying so sadly. His heart was about to break... ..

He wanted to wipe her tears and hug her. “Yue’er, you didn’t do anything wrong. We didn’t do anything wrong. What was wrong was this unfair world. What was wrong was this heartless fate... “

However.

Just as he reached out his hand, he was ruthlessly slapped away by Bi Yue!

**Chapter 1796: heavenly Earth 4**

“Don’t touch me!” The stern reprimand was like a sharp blade, cutting Lu Yiming’s heart.

“Yue er...” he looked at her in surprise. He didn’t understand why she was making such a big deal out of nothing. “Now that the ship has sailed and you have successfully been reborn, why should you care about the lives of those people anymore? As long as you follow me, we can start anew at the ends of the earth! I promise you, I will never do these things again, I will wash my hands of them!”

People said that a prodigal son would return to his hometown in glory and become a virtuous person.

But... ..

Could they return to the past?

Bi Yue shook her head slowly. “If I leave with you, what about my parents? They’ll be cursed for eternity... What about Xia Jinqi? Her child is still so young...”

“I’ve been looking for someone to take good care of your parents. Don’t worry, I’ve already made the arrangements.” Lu Yiming looked at her with longing in his eyes. He really hoped that she would understand and approve of him.

After so many years of hard work, he had only wanted her from the beginning to the end.

If she kept denying everything that he had done, denying him as a person, then what was the point of him living?

“Don’t say anymore...” Bi Yue’s face was full of pain as she pressed hard on her chest, pleading weakly, “please don’t say anymore...”

She really didn’t know how he had become like this... ..

By the end of her crying, she was already beginning to collapse. She slowly bent down and squatted on the ground. Helplessness, sadness, pain, all the negative emotions surged up, pressing down on her from all directions... ..

She could barely breathe.

Lu Yiming saw that she was in so much pain and did not dare to continue. He could only crouch down with her and hug her. “I won’t say anymore. Yue’er, don’t be agitated. Your body has always been unwell...”

This time, Bi Yue did not push him away.

She knew everything that she knew... ..

The things that he did, one was not for money, two were not for money. Other than because of her, what else could it be for?

Unfortunately, his sincerity was used in the wrong place, which resulted in the big mistake he made today.

With tears in her eyes, she hugged his arm and sobbed. “If only I had died then... Heaven and earth are two remote places. You have also broken your heart and lived your life well...”

So, the crux of the problem was her.

“No, Yue’er, you can’t die. If you die, how can I live? These fifteen years without you, I have been living in pain every day. I only thought of you and waited for you to come back. That’s why I endured day by day.” Lu Yiming shook his head hard. As he spoke, his vision started to blur. “Don’t leave me again. It’s my fault. I’ve changed...”

“...” Bi Yue couldn’t say anything. She could only sob, cry, and shake her head.

She shouldn’t have come back. She shouldn’t have lived... ..

How could she face those vengeful souls that had died tragically at Lu Yiming’s hands?

The pain of thousands of arrows piercing through the heart was probably nothing more than this, right?

Behind the wall, at the place where Yan Jun had once leaned against, Ben was silently leaning against it. He listened to the incomparably sorrowful and desolate cries coming from behind him, and his gaze was deep.

The two of them were deeply in love.

But after that accident, one was unconscious, and the other was too obsessed, so they went down the wrong path.

If the obsession was too deep, it would only make this love change its taste and lose its original heart.

And Lu Yiming was giving Bi Yue not love, but deep self-blame and self-hatred.

A love that was too heavy, to the other party, might just be a disaster... ..

### **Chapter 1797: execution 1**

The light in the backyard was dim, and only a few lamps were left, barely lighting up the place.

In the middle of the night, it started to drizzle.

The cold raindrops fell on Lu Yiming’s body. He came back to his senses and stepped back slightly. He used his hand to block Bi Yue’s forehead and helped her up. “It’s raining, let’s go inside...”

Following his strength, Bi Yue stood up. She looked up at the sky and squinted at the random raindrops that were flying towards her aggressively. In a trance, she seemed to have made up her mind.

After the raindrops washed away her tears, she turned her eyes and looked into Lu Yiming’s eyes with utmost seriousness.

She said, “Ah Ming, turn yourself in. I’ll go with you.”

Lu Yiming’s heart trembled. He looked down at her in disbelief. “What did you say?”

“Turn yourself in,” she repeated with a sigh. The struggle on her pretty little face was gone. There was only calmness and determination left. “No matter who did the wrong thing, they have to bear the consequences.”

“IMPOSSIBLE!” Lu Yiming interrupted her abruptly. He was no longer as pleasant as before. His face was gloomy as he looked into her eyes. “YOU WANT ME TO DIE!”

“...” Bi Yue’s heart trembled. The tears that she had managed to stop with much difficulty were surging again... ..

He was indeed different from before.

The current him was sensitive, irritable, and violent.

If he was left behind, who knew how many more people and families would be destroyed by his hands.

The relatives and friends of these people would definitely not let him go... ..

Bi Yue did not dare to think about how he would end up in such a miserable state one day when the heavenly dao was reincarnated and retribution was not satisfying?

She might as well turn herself in at this moment and bear as many mistakes as she had made.

With that thought in mind, she adjusted her breathing and looked up at him. “If you don’t go, I’ll die in front of you right now!”

The classic dialogue that she had seen countless times on Melodramatic TV dramas. She never thought that it would be her turn to say it... Bi Yue’s gaze was a little erratic ...

Lu Yiming narrowed his eyes and looked back at her for a long time, but he refused to nod.

If he turned himself in, what would happen to her?

She was alone in this world, with no one to rely on. With Xia Jinqi’s face, who would remember her?

No, he had to stay behind to protect her... ..

Time passed by, and he finally lifted his lips. “Yue’er, no matter what you say, I will listen to you. But this is the only thing that I can not agree to.”

When Bi Yue heard that, something in her heart suddenly became empty.

The light in her eyes dimmed bit by bit... Then, layers of pain overtook her, filling the air with mist ...

He, in the end, still refused to listen to her advice... ..

“If that’s the case, I don’t have any face to live on.” She smiled bitterly. The mistake that she had started would naturally be ended by her.

Lu Yiming was caught off guard. His hands gripped her shoulders tightly and pulled her over to face him. “Yue’er, don’t be like this, okay? Think about our home, our children, our love!”

When she heard him say the word ‘love’, Bi Yue’s lips curled up coldly.

All these years, he had done so many wrong things, all under the banner of love, openly and without the slightest bit of compassion.

Stepping on countless bones and talking about the Song of love with her?

She couldn't do it... ..

She looked up at him and kissed him, saying word by word, "I hate you. "

### **Chapter 1798: exterminating the heart 2**

The rain was getting heavier and heavier.

"Hua Hua Hua! "

The sound of the rain was getting denser and denser as it surrounded Lu Yiming.

His body stiffened like a statue without a soul. He stared at the woman in front of him, whom he had waited for 15 years and waited for 15 years.

At that moment, the color of blood on his thin face disappeared.

After a long silence, he asked her with trembling lips, "what... did you say? You... lied to me, didn't you? Yue'er, this joke is not funny at all. "

His careful tone made Bi Yue's heart twist like a knife.

God knows how much she wanted to jump into his arms and tell him that she had always loved him. Not to mention just fifteen years, even if it was thousands of years, her heart would not change!

But she could only take a deep breath and make up her mind, "I didn't lie to you. What I love is the once upright and kind ah Ming, not you, a murderous demon! "

It was because of love that she did not want to see him fall day after day.

No matter how painful it was, she had to endure it.

Just as Bi Yue's words fell, an extremely powerful bolt of lightning lit up her incomparably tough eyes.

Then, with a rumble, a bolt of lightning followed closely behind!

Lu Yiming, who had been frozen for a long time, suddenly trembled!

He did not know if it was because of this bolt of lightning or because of Bi Yue's words... ..

He had loved her into his heart and lungs and carved it into his bones. Qiong Qi had given her a lifetime of rebirth, but she had told him that she did not love him anymore and that she hated him?

All these years of deep love and obsession, but in the end, all of it was for naught?

"Yue'er... " he moved his lips, but he still did not give up. He pulled her hand and forced himself to laugh. "Don't be angry, okay? You Won't hate me... "

"..." Bi Yue's heart hurt again But she still used all her strength to push him away "How many times do you want me to say it? I hate you! I hate that you're willing to fall into this evil path! I hate that you won't forget me, and that you've harmed so many innocent lives! I hate that you don't know people well, and that you've always treated your enemies as your confidants! ! "

Lu Yiming was caught off guard. Furthermore, he was already in a trance. With a push from Bi Yue, he actually fell to the cold ground.

The falling rain drenched his entire body. He stared blankly at Bi Yue and asked, “enemies? Who’s the enemy? “

“Don’t you know? The person who cut open my stomach and took out my child back then was Zhao Chongbin! !” He shouted with tears in his eyes. Bi Yue’s small face was already wet. She could not tell if it was rain or tears... ..

When Xia Jinqi told her about the past, she remembered everything from before!

Who would have known that Lu Yiming’s personality had changed greatly because of what happened back then. He had come to such a dead end, but he did not see through Zhao Chongbin’s wild ambitions!

After so many years, he even treated Zhao Chongbin as a military, a good friend, treated him kindly, and respected him... ..

“No... impossible...” Lu yiming quickly shook his head He did not dare to believe this at all “How could it be him Back then, he was the one who saved you, who had almost lost your heartbeat... .. Yue’er, he even helped me hide my identity and gave me a large sum of money, allowing me to rise to the top .. He said that I didn’t have any aristocratic families to rely on and could only train my own death warriors. He was the one who suggested that I buy those children, and he was the one who helped me train them... ..  
..

## **Chapter 1799: Farewell 1**

At the end of his speech, Lu Yiming gradually fell silent.

He looked back at his tortuous life and found that the most important turning point was the sudden disaster fifteen years ago.

Rather than saying that the disaster had destroyed his original heart, it was more appropriate to say that Zhao Chongbin, whom he had met in the disaster, had led him step by step into the dark abyss.

He was immersed in the pain of losing his wife and children day and night. Zhao Chongbin taught him to divert his attention and to vent his pain... ..

And this way of venting was to torture others.

Seeing those who were struggling and moaning under his feet, he slowly became excited and began to enjoy the pleasure that all of this brought him!

Hiding behind that extreme pleasure, he seemed to be paralyzed and wrapped up. He temporarily forgot the pain and nightmare of losing his loved ones.

As time passed, he became addicted to this paralyzing pleasure. It was like a drug addiction. Once he got involved, he would be beyond redemption.

It was... .. Zhao Chongbin, who single-handedly caused all of this ? ?

“Hehe, how could this be...” he smiled foolishly and shook his head continuously.

Bi Yue’s heart seemed to be pulled up by those empty eyes. Just as she was about to bend down to help him up, the curtain of rain in front of her seemed to have been cut off. No more rain fell on her body.

She looked back and saw that it was Ben who was walking over with an umbrella.

“although you don’t feel cold now, it’s winter. If you get caught in the rain, you’ll inevitably catch a cold and have a fever,” Ben said slowly.

Actually, what he wanted to say was that if she got caught in the rain like this, after Bi Yue left, Xia Jinqi might fall seriously ill.

But thinking about it, he felt that saying this might hurt people, so he put it mildly.

“...” Bi Yue was stunned. Only then did she remember that she was a person who did not feel anything, so even after standing in the rain for such a long time, she did not feel anything at all.

Without waiting for her to come back to her senses, Ben had already put the umbrella handle into her hand.

“It’s almost dawn. Let’s say goodbye properly.” With only this sentence, Ben turned around and disappeared into the continuous drizzle.

Bi Yue’s hand holding the umbrella handle tightened slightly. She took two steps forward and covered Lu Yiming’s head with the umbrella. She bent down and stroked his forehead. Sure enough, it was already a little hot.

A chill went down his forehead. Lu Yiming finally snapped out of his daze and looked up at Bi Yue. His eyes suddenly heated up and a string of crystal fell from his eyes.

“yue-er...” He murmured. He was clearly crying, but he laughed out loud, “I’m really a fool! Hahaha... I actually... I actually treated him as our benefactor! I actually... Hahahaha!”

Bi Yue looked at his crazy appearance and her heart suddenly shrank. In the end, she could not help it and leaned over to hug his cold body.

“Ah Ming, you can’t make the same mistake again and again. Stop...”

“I’m a person who deserves to die. It’s already heaven’s mercy to see you again. I don’t want more.”

“Let go of the hatred in your heart, okay? Don’t be so persistent. As long as you’re willing to let go, it’s not too late...”

She told him one sentence after another. In his arms, he trembled slightly and cried like a child.

“Ah Ming, how lonely is our child in heaven? I’m his mother. I have to go first and accompany him...”

Lu Yiming’s heart trembled as he hugged her tightly. “No, Yue’er, don’t go. Don’t leave me... It’s all my fault. It’s all my fault. Don’t leave me...”

## **Chapter 1800: Farewell 2**

He had spent his entire life for her.

She was his life... ..

Hearing his words, Bi Yue burst into tears, unable to stop herself.

Wasn't her heart like a knife?

Today would be a parting of life and death... ..

As she tried her best to swallow her tears, Bi Yue leaned against his ear and whispered softly, "promise me to let go of the obsession in your heart, okay? Death is actually not scary. I don't expect to live at all. I'm already very satisfied, because I can still see you one last time... "

"No... Yue'er, don't leave me behind..." Lu Yiming kept crying and shaking his head. Because of his emotional agitation, the wounds all over his body had split open once again. Fresh blood seeped through the bandages and dyed his clothes red, but he did not feel any pain at all ...

When his heart ached, he really could not care about anything else... ..

"I didn't leave you behind. My child and I are waiting for you on the bridge of helplessness. Our family will be able to reunite one day..." Bi Yue choked with sobs and hugged him tightly.

How could people like them have a good ending?

The heavenly axiom was good for reincarnation. Who would the heavens spare?

The sins she had committed would eventually be borne by herself... ..

The heavens had already taken care of them. They even had the chance to say goodbye.

Some people didn't even have the chance to see each other one last time... ..

What else did she expect?

Amidst the rustling rain, she thought of one last thing. "Ah Ming, don't make things difficult for Xia Jinqi anymore. She's also an innocent victim. We've already caused so much damage to her. Don't do that experiment again, okay? "

According to the previous explanation, her brain waves had been stripped and preserved fifteen years ago.

She was really afraid that she would wake up in someone else's body next time... ..

"But... this is the only way you can survive, Yue'er..." Lu Yiming shook his head forcefully. He really didn't want to lose her, not even a second ! !

"I can't survive... .. This experiment is a bug in itself I don't feel anything. This body is rejecting me too. I'll die again very soon . . Ah Ming, don't harm innocent people anymore. Otherwise, even if I die, I won't be able to rest in peace . . .

From the beginning to the end, the person who was the most awake was actually Bi Yue who had slept for 15 years.

“I... I... “

“PROMISE ME! “

“... okay.”in front of the person He loved, Lu Yiming had no way to refuse !!!

And Bi Yue, who had received his affirmative answer, finally smiled comfortably... ..

“This way, I can leave with peace of mind. Ah Ming, my child and I will always love you. “

Lu Yiming hugged her tightly and closed his eyes in heartache. Tears streamed down, as if they would never stop... ..

The red umbrella shielded the two of them from the wind and rain that filled the sky as they hugged and wept... ..

There were a few more thunderclaps in the sky.

The rain was getting heavier.

It was as if it wanted to wash away something dirty.

Early in the morning.

When the first ray of sunlight shone on Rao city, Bi Yue returned to Xia Jinqi’s subconscious.

“I’m sorry... ” when she saw Xia Jinqi again, all she could say was these three words.

Xia Jinqi looked at her red and swollen eyes and shook her head slightly. She took the initiative to pull her hand, and the two of them sat together on the grass that emitted the fragrance of grass.

The surroundings were covered with green trees, sunlight, flowers, and Birdsong... ..

“Do you hate her? ” Xia Jinqi looked at bi yue beside her and suddenly asked.

Bi Yue was silent for a moment. She knew what Xia Jinqi was asking, and she smiled bitterly. “How can I not hate her? “
