

Trick Me 1801

Chapter 1801 I will keep my promise and leave you forever

If not for the disaster fifteen years ago, she and Lu Yiming would have lived happily ever after. Their son would be fifteen years old this year... ..

Fifteen years old. What a wonderful age. Everything had just begun.

But all of this was destroyed in the blink of an eye.

How could she not hate?

Xia Jinqi had never fallen asleep. She had seen everything Bi Yue had experienced after she woke up.

“Your heart is bitter, but you can still persuade Lu Yiming to turn over a new leaf. Bi Yue, you are also a strong person. “

Hearing this, Bi Yue turned to look at Xia Jinqi. The smile on her lips became even more bitter. “How can I not be bitter when I was born? Yiming made too many mistakes and he went to hate him, but in the end? This is all I can do. “

“...”Xia Jinqi didn’t know what to say for a moment and could only remain silent.

At first, when she found out that someone had taken over her body, she instinctively felt disgusted.

However, after seeing Bi Yue’s decision, she could no longer hate her.

From the beginning to the end, Bi Yue did not know anything. On the contrary, she was also a victim of the riot.

After being reborn, she did not bring up the hatred in her heart again. As long as she wanted, she could fight with Xia Jinqi. No one knew who would win or lose.

However, she did not do that. She even advised Lu Yiming to abandon evil and become good.

On the other hand, Bi Yue let out a long sigh of relief. The smile in her eyes slowly became relaxed.

“This time, I can finally be free... “

Xia Jinqi looked at the relieved smile on her lips and tightened her grip on Bi Yue’s hand.

Feeling the strength in her hand, Bi Yue lowered her eyes in surprise and looked at the hand that she and Xia Jinqi were holding... ..

Previously, they were unable to touch each other, but now... .. Even God knew that she was leaving, so he let her feel the last trace of warmth in this world ? ?

If that was the case, then let her be more selfish in the end.

“Jinqi, I’m sorry that Ah Ming and I have brought you so much trouble. I will keep my promise and leave you forever, but... can you promise me one thing? “

Xia Jinqi could see the incomparable sincerity in her eyes. "Say it. "

"I... I'm leaving just like this. My parents have no one to rely on. Can you... take care of them for me once in a while? Don't be too forced, just... take care of them for me once in a while. Can they eat their fill and wear warm clothes... "

In her life, there were only three people that she loved the most.

Lu Yiming was one of them, but he had committed too many sins. Bi Yue knew that she could not ask for anyone's forgiveness, so she could only bring her son and wait for him on the road to hell.

The other two were her parents.

Her parents had given birth to her and raised her. They had poured their entire life's effort and love into her, and she could not repay them.

Now that she was leaving, the only ones she could not rest assured about were them... ..

"I know that what I said is really selfish, but... Jinqi, the only person I can ask for help from is you. "

Bi Yue looked at Xia Jinqi nervously. She was afraid that she would reject her, so she held onto the last bit of hope in her heart.

Xia Jinqi wiped away the tears on her cheeks and nodded with a smile. "okay. I promise you that they won't be lonely during the holidays. "

Bi Yue couldn't help but cry with tears in her eyes. She smiled again. "thank you, thank you. "

Just like that, she had no regrets about leaving.

She leaned over and hugged the person in front of her who she had sincerely apologized and thanked countless times.

"Goodbye, Xia Jinqi. "

Chapter 1802 would never be anyone else's

"before I left, it was my fortune to know you... "

As soon as she finished speaking, her body suddenly became lighter and even began to emit a faint light.

Xia Jinqi wanted to hug her back, but she realized that she was slowly disappearing. Her hand directly passed through her body... ..

"Goodbye, Bi Yue. "

She stared at the girl who was gradually disappearing but still smiling, and slowly opened her mouth.

This time, it was really goodbye.

A gust of breeze brushed past her face, blowing away the final afterimage of the woman who was as gentle as water and as pure as the moon.

Xia Jinqi reached out her hand, and the wind blew past her fingertips without leaving a trace... ..

She was the only one left in the entire world.

There was a sound in the distance. Xia Jinqi looked back and realized that the cliff and Black Lake that Zhao Chongbin had created had miraculously disappeared. What replaced it was a clear stream and a beautiful mountain.

The dark clouds dispersed, and a beam of bright sunlight pierced through the clouds and landed on her shoulder... ..

Xia Jinqi smiled, squinted her eyes, and raised her head to feel the warmth of the ocean.

Before she could enjoy it properly, she was disturbed.

“Aiya! Why is my body still so cold? QUICKLY TURN UP THE HEAT! Bring the small heaters over as well. Bring those little suns over too! Don’t catch a cold! “

“...”

When Xia Jinqi woke up with a frown, she realized that there was a circle of heaters around the bed. She was right in the middle, so hot that she felt like she was living in the sun!

.. No wonder she felt the warmth of the sun just now. It turned out... ..

Seeing that she had woken up, Ben was so happy that he almost jumped up. “Summer! You’re awake? ! Do you have a headache? Is Your Throat Hoarse? “

“It doesn’t hurt.” Xia Jinqi shook her head and coughed lightly. She realized that her body was fine and did not have any symptoms of a cold or fever.

She remembered that she seemed to have been caught in the rain earlier. No Wonder Ben asked this.

“It’s good that you’re fine, it’s good that you’re fine... ” Ben wiped his sweat. He was very glad that Xia Jinqi was fine.

Otherwise, he would definitely be glared to death by Yan Jun when he returned!

Who asked him to boast that he wanted to bring Summer back in one piece?

Xia Jinqi looked down at her changed clothes and frowned... Before she could ask, Ben said, “the maid helped you change. “

“Then these heaters?” Xia Jinqi asked again.

“To help you warm up!” Ben Seemed to be very satisfied with what he had done... ..

If he hadn’t seen Lu Yiming and Bi Yue crying in the yard, he would have asked someone to carry them back to the room and quickly asked the maid to help bi yue take a hot bath and warm up her body. It would be weird if she didn’t catch a cold!

Thinking of this, Ben asked, “you... are you bi Yue or Summer? “

“Guess.” Xia Jinqi smiled. She lifted the blanket and stretched comfortably. Then, she asked the maid to remove the heater in the room.

Ben looked at her and was very happy. “YOU’RE SUMMER! You’re back! “

Xia Jinqi nodded. Last night, it was as if she had experienced her whole life. “Yes, I’m back. “

And, she would never leave again.

Seeing her bright smile, Ben guessed that something good had happened, so he probed, “that Bi Yue... left? “

Looking at the situation last night, Bi Yue had also made up her mind to leave completely.

Now that the person who had woken up was Summer, it meant that the matter had already been settled.

“En,” Xia Jinqi answered with a smile. At the same time, she told Ben everything that had happened, including the disappearance of the cliff and the Black Lake.

After that, she added solemnly, “the current me is just me. I won’t be anyone else anymore. “

Chapter 1803: When will be back?

After listening to her, Ben finally heaved a sigh of relief.

Bi Yue was willing to take the initiative to leave. This could be considered the best ending.

“She...” he wanted to ask something, but just as he opened his mouth, the phone in his pocket started to act up again.

Taking it out to take a look, Ben subconsciously shivered. He hurriedly threw this hot potato to Xia Jinqi.

“YOU PICK IT UP! “

Xia Jinqi saw that he looked like he had just seen a ghost, so she picked up the phone suspiciously. Her brows furrowed even tighter, and before she could ask, Ben said.. “Last night, he called to ask where you were and insisted that you pick up the phone. He only gave up when I said that you were discussing something with someone else You scared me to death “Now that you’re awake, you can explain it to him yourself “I’ll wait for you in the outside room. “

After saying that, she wiped the oil off her feet.

Xia Jinqi was amused by him and immediately picked up the phone.

“You’re not back yet?” The cold words immediately reached her ears.

Xia Jinqi was stunned. She looked outside the door and smiled unkindly.

“It’s me.” She opened her mouth, and there was a hint of excitement in her tone that could not be concealed.

" ... " there was a moment of immersion in her ears, and then she asked, "where did you go? "

It was not as cold as before, but it was much gentler.

"I took care of some things. How are you?" Xia Jinqi lowered her head and played with the blanket covering her body. Her small face that was carved out of jade was filled with a bright and beautiful smile.

"I'm fine," he answered, and then he asked, "when are you coming back? "

Hearing the longing in his words, the smile in Xia Jinqi's eyes became even stronger. "lie down a little longer. When you wake up, I'll go back. "

"okay," he replied gently and obediently. He was very different from usual.

Although Xia Jinqi was a little surprised, her heart was still filled with more joy.

After saying a few more words, she hung up the phone.

Coming out of the villa, Ben looked back at the large courtyard and suddenly asked, "what about Lu Yiming? "

Ben Already had a pretty good understanding of this person.

Back then, Yan Jun only kept him because of Bi Yue who lived in Xia Jinqi's body. Now that Bi Yue had left, he probably didn't have any face to let Yan Jun keep him anymore.

Xia Jinqi also followed his line of sight and looked over. Her beautiful eyes narrowed slightly, and she lifted her lips slightly. "lock him up first. "

He had died too early, and it had benefited him instead.

In addition to what Bi Yue had said to him last night, it was enough for him to go crazy for a period of time.

"..."

After Yan Jun put down his phone, he obediently lay down and slept again.

He did not know that he was so lethargic.

He had slept for about twenty hours in total. He did not wake up much on the way, nor did he have any dreams. Perhaps he had a dream, but he had forgotten all about it.

All he knew was that when he woke up again, a conversation seemed to ring in his ears.

"Xiao Qi, I know you mean well, but I'm old and can't fight anymore. I've become indifferent to the matters in the officialdom. I'm just waiting to hold my grandchildren at home and enjoy the happiness of family." It was Xia Jitian's voice.

Then, it was Xia Jinqi. "Is it because of third brother's matter? "

"Yes, but it can't be." Xia Jitian sighed. His eyes were covered with a layer of things that Xia Jinqi could not understand "your brother is still young. He still has a long way to go. If I go back again, he will most

likely feel uncomfortable. It's good that things are like this now. Yan Jun is now highly respected and has received the hearts of the people. When he takes office next year, he will definitely be loved by people and become a good president.

Chapter 1804: "should I return to him?"

"I'm now his father-in-law. No matter what I do, he still has to give me some face. I'm afraid that outsiders will have to gossip about me again. "He just took over the position, so it's good that he doesn't have too much gossip. "

Hearing this, Xia Jinqi finally understood.

Her father was making way for his son and son-in-law... ..

"But... " Xia Jinqi still wanted to persuade him to stay, but she didn't know what she should say.

Xia Jitian had long seen through her intentions, and he still smiled "You don't have to worry about me. I'm taking a back seat. With my son and daughter being filial, I don't know how much better my life will be "As for you, Yanjun will be busy for a period of time next year, so he probably won't have the time to care about you. If you feel lonely, bring your child home "Anyway, I have nothing to do at home. I'll help you take care of your child and talk to you. Then, the days will pass. "

Some things were fought over, snatched over, and whether or not they were obtained in the end became less important.

After going through so much, Xia Jitian had long put down the obsession in his heart. He was living a carefree life.

When Xia Jinqi saw how relaxed and happy he was, she finally felt relieved.

"Don't worry, Dad. I know everything. " As she said that, she smiled and pointed at the hot white porridge that she had just brought. "Look, I think he's about to wake up and is bringing porridge over! "

Xia Jitian took the opportunity to look over. When he saw that there was only one bowl of porridge, he raised his eyebrows and asked unhappily, "just one bowl? Your Dad has been busy all night, but I haven't eaten anything yet! "

His tone was full of jealousy.

"..."Xia Jinqi blinked a little awkwardly. When she looked back at the bowl of Porridge, she felt extremely guilty.

She had just returned with Ben and had no time to prepare this. When she went upstairs, she saw that Wang Mang was holding a steamed bun and porridge in his hands. Thinking that Yan Jun might not have eaten anything yet, he directly snatched a bowl of porridge. Wang Mang was so angry that he glared at him.

In the end, he forgot that his father was still here... ..

Xia Jinqi cleared her throat to cover it up. Her brain worked quickly and she quickly helped herself out. "This... This is for Yan Jun. I'll accompany you downstairs to eat it! "

Xia Jitian was originally just teasing her, so when he heard her say this, he also laughed out loud "Enough! You Child, YOU'RE SO CLEVER! Daddy won't freeload off your food anymore. That old thing Tan next door is still waiting for me. I'LL BRING HIM OUT TO EAT! You take good care of Yan Jun here, but don't tire yourself out. "

"Okay! Thank you, Daddy! " Xia Jinqi hurriedly nodded, and her face was filled with a fawning smile.

She had forgotten about Tan Zhuqing again... ..

She had asked someone to help her stay up all night, so she had to manage her breakfast no matter what!

Sigh, she had too many things to deal with last night. She could barely think straight!

She happily sent Xia Jitian out. Xia Jinqi turned around and saw that a certain someone who was supposed to be sleeping had opened his eyes. He was half-propping himself up to sit up.

"You're awake? " His face immediately lit up with joy. He went over to help him sit up straight. "Are you hungry? THERE'S PORRIDGE TO DRINK! "

Yan Jun saw that there was nothing unusual about her. Instead of answering, he asked, "where did you get the porridge? "

" ... " Xia Jinqi did not dare to say that she had bought it, so she could only tell him honestly, "I snatched it from Wang Mang's hands... "

Yan Jun was silent, and his deep eyes looked at her.

Xia Jinqi felt very uncomfortable being stared at, so she stammered, "should I return it to him? "

Yan Jun, "..."

He was just hungry.

"Eat it, " he lifted his lips and said indifferently.

Chapter 1805 set Lu Yiming free

Xia Jinqi brought him porridge with a smile and fed him mouthful by mouthful. After a few mouthfuls, Li Kun rushed in from outside the door.

In her impression, he had a calm personality that was very similar to Yan Jun. now that he ran so fast, something big must have happened.

"What happened? " Yan Jun asked with a frown.

"Zhao Chongbin... Ran Away... " Li Kun's tone was a little hesitant. "Li Jie and the others were ambushed. A group of people saved Zhao Chongbin. "

Xia Jinqi still did not know about this matter. She was a little confused, so she did not interrupt and quietly listened to their conversation.

Yan Jun was gently wiping the corner of his mouth with a tissue. After listening to Li Kun's words, there was almost no emotion on his handsome face.

"was anyone injured?" He turned to ask.

"One was seriously injured, three were slightly injured. Li Jie was shot in the abdomen and has already been sent here." Li Kun frowned. Even Li Jie was injured. It could be seen how fierce Zhao Chongbin's men were.

Hearing this, Xia Jinqi's eyes paused.

Yan Jun sensed the worry between her brows. He held her hand and used a little force.

Xia Jinqi looked up at him. The two of them looked at each other, deep in thought.

Li Kun hesitated for a moment before asking, "young master, this Zhao Chongbin is full of tricks. Letting him escape this time is probably a threat."

This was an extremely dangerous person. In addition, he had suffered at the hands of Yan Jun. the first thing he would do after escaping would definitely be to take revenge on Yan Jun. .

Xia Jinqi naturally knew how powerful this was, but... ..

She rolled her lively eyes and suddenly had an idea. "I do have an idea."

Hearing this, Yan Jun turned around and happened to see the craftiness in her eyes. He asked, "tell me about it."

"Let's release Lu Yiming," Xia Jinqi said straightforwardly.

Li Kun frowned when he heard this. "RELEASE HIM?"

Lu Yiming had two lives in Yan Youcheng and Yan Qing's hands. In addition, he had committed many evil deeds. It was not easy to capture him. How could he be released so easily?

Yan Jun narrowed his eyes and waited for the next part.

Seeing this, Xia Jinqi smiled playfully "He already knows that the person who caused bi yue to be disemboweled back then was Zhao Chongbin. If we let him go now, wouldn't it be a dog-eat-dog situation?" One had to know that these two had been bosom friends for fifteen years. They knew each other the best. "We don't have to do anything. We just need to sit back and watch the tiger fight!"

She could not wait to see these two fight among themselves.

Yan Jun immediately revealed his face. He looked at her with undisguised admiration. "when the snipe and clam fight, the fisherman gains."

"THAT'S RIGHT!" Xia Jinqi nodded with a smile, her face full of interest.

"..."Li Kun immediately reacted. He thought that this was not a bad idea, but... ..

What if this Lu Yiming did not play by the rules, or ran away overnight?

However, before he could ask this question, Yan Jun's voice was heard. "Go and let Lu Yiming Go. "

Li Kun stiffened and could only nod. "Yes, young master. "

Then, he turned around and left.

Xia Jinqi picked up the bowl of porridge just now. Just as she was about to feed Yan Jun, he waved his hand and said that he did not have much appetite.

He must have had a high fever last night, so he definitely did not have much appetite. It was already not easy for him to barely eat two mouthfuls.

Therefore, he did not force him to continue eating. Instead, he asked, "I heard that people are saying that I killed my sister and dumped her body? "

Yan Jun lifted the blanket and was about to get out of bed when his movements slowed down slightly.

Chapter 1806: Fawning coquettishly

He turned his head and happened to meet a pair of eyes filled with worry.

"Will it affect you? " She asked again.

Yan Jun's gaze deepened. He did not expect that her first sentence was actually worried about him.

A corner of his heart that was missing was filled to the brim.

With a sigh, he stretched out his long arm and pulled her into his embrace.

"Don't worry, I'll take care of it, " he whispered in her ear.

The hot breath blew at the edge of her ear.

It was a little itchy, so she dodged it. "But your identity is special now. If you interfere and help me, will it be an eye for an eye? "

"Why are you so worried about me? " He smiled in satisfaction. Seeing that she was avoiding him, he simply leaned over and kissed her petite earlobe.

He kissed her once but felt that it was not enough, so he opened his mouth and swallowed it.

A numbing sensation was like an electric current that instantly struck her heart. Xia Jinqi's small face flushed red. She wanted to dodge again, but she realized that he was hugging her very tightly. She could only place her hand in front of his chest and whisper, "don't... "

Only then did he agree to let go, but the kiss still lingered in her ear. "Ah Jin, I miss you. "

"Me too... " Xia Jinqi's heart softened as she replied in a hazy voice.

Presumably, she had misunderstood as well. Yan Jun added, "I want you. "

Only then did Xia Jinqi's entire body quiver. She hurriedly sobered up and wanted to push him away. "We're in the hospital! "

Her Shy and scared look amused Yan Jun greatly, and he laughed loudly. "Haha! "

"..."Xia Jinqi's small face was completely red. She wanted to punch him, but seeing his slightly thin chin, she felt a wave of heartache.

Fortunately, after he smiled, he only hugged her and didn't move much. He even said, "don't worry, it's definitely not here." Moreover, he had to wait until his body was better.

Xia Jinqi finally heaved a sigh of relief. Her small hands clung onto his lower back, and her beautiful little face was filled with a blissful smile.

It had been a long, long time since she had been this calm... ..

It felt like the last time they hugged was a century ago.

Taking advantage of this moment of happiness, she told him another happy event. "In the morning, I sent Bi Yue away. "

As soon as she finished speaking, she felt the body of the man who was hugging her stiffen.

Yan Jun immediately loosened his grip and lowered his gaze to look into her bright eyes. "What do you mean? "

"En... It means that she has disappeared and will never appear again. I'm just me, and I will never become someone else again." She looked up at him and smiled in response ...

A Gust of wind blew through the half-open window. It blew against the moon-white curtains, and it also blew against Xia Jinqi's shoulder-length short hair.

Under the bright sunlight, her skin was as white as snow. Her eyes were curved, and she was indescribably beautiful and charming.

Yan Jun's heart moved slightly, and he actually felt a little unable to control himself... ..

It was a pity that he hadn't recovered from his cold yet, so he couldn't touch her easily. He could only follow her words and ask, "last night, you went to do this? "

"Yes! " Xia Jinqi nodded vigorously. "although it was a little risky, the final result was good! "

Then, she told him everything that happened last night.

"Why didn't you tell me? " After he heard it, his deep black eyes stared at her, and his tone was slightly gloomy.

He remembered that when he called Ben last night, Ben was still tight-lipped and didn't say a word.

Xia Jinqi could feel some anger from his tone. She could only lower her head resentfully and hug him again. Her small face was pressed against his chest, and she coquettishly said, "I was afraid that you would worry... "

Chapter 1807 was just a word?

Her voice was soft and pleasant, like a feather falling on his heart.

How could he have the heart to blame her?

He could only sigh and hold her in his arms again.

“Is everything done?” He asked.

“Yes!” Xia Jinqi answered with a little pride. “I didn’t expect it to be so smooth. Bi Yue... indeed lives up to her name and has a pure heart!”

“You did well.” Yan Jun didn’t care about other people and only focused on her.

These words were not only to praise her for solving Bi Yue’s matter, but also to properly handle his matter before she went out last night.

Xia Jinqi raised her head to look at him, her eyes curved. “You too.”

During the time she was away, he had endured so much by himself.

The two of them looked at each other and smiled. A thousand words were said without words.

In the afternoon.

After Yan Jun had a simple physical examination, he was discharged from the hospital.

Xia Jinqi had also stayed here for a few days, and now she was especially homesick. She really wanted to immediately rush to Xiao Puff’s side.

However, when she reached downstairs, she saw that the hospital’s entrance had been surrounded by a group of reporters.

“Mrs. Yan! Someone accused you of killing sister and dumping her body. Is that true?”

“I heard that you have always been at odds with second sister. You hated her for stealing the man you loved, so you cruelly killed her and then dismembered her body and threw her into the sea. What do you think about this?”

“Mr. Yan, as the chairman, would you use your power to protect your wife?”

Hearing these questions from all directions, Xia Jinqi could not help but clench her hands that were hanging by her side.

But in the next second, a layer of warmth covered the back of her cold hands.

Xia Jinqi turned her head and met the gentle gaze that Yan Jun was looking at her with.

His thin lips curved slightly, and there was an indescribable calmness in his ink-like Phoenix Eyes.

“I’m here.” He only gave her three words, then shook her hand and walked out of the door calmly and calmly.

Xia Jinqi was pulled away by him, but her steps were somewhat stiff.

She knew that this matter was not easy to handle. Now that there was no evidence to prove it, even if she had a thousand mouths, she would not be able to explain it clearly. Yet, Yan Jun dragged her to appear in front of the media in public like this. She was worried that she would implicate him.

However, he always held her hand tightly without any hesitation, as if he would never let go again for the rest of his life... ..

The more they walked out, the more reporters surrounded them. The questions they asked became more and more tricky.

In fact, Xia Jinqi was a little impressed by them. In order to dig out more information, they dared to ask all kinds of harsh questions. They were not afraid of offending Yan Jun... ..

“Mr. Yan, according to reliable information, your wife is suspected of intentional murder. The circumstances are serious and a case has been filed. Can you tell us why she hasn’t been investigated yet? “

“Mrs. Yan, can you say something? “

All the way there, there were these questions.

Just as she was about to get on the car, Xia Jinqi suddenly stopped in her tracks.

She turned to face the media and asked coldly, “as far as I know, two conditions must be met to file a case. First, there must be a criminal fact, and second, there must be criminal responsibility. May I ask what is the criminal fact? Is it just words? “

The reporters did not expect her to dare to ask directly, and everyone was stunned for a moment.

Although these people were not legal professionals, their years of Gossiping had allowed them to come into contact with many criminal cases, so they were still clear about the process.

Chapter 1808. Is the speaker trying to obstruct the official business?

The only thing they knew now was that Zhao Xiong had gone to the bureau to report Xia Jinqi’s intentional murder. Xia Tianjiao’s death back then was indeed unclear, and the Xia family had yet to give a clear explanation.

However, this was not what they cared about. Because this matter involved the next president, they would rush over like crazy.

Similarly, if it was not because this matter might affect Yan Jun, Xia Jinqi would not have confronted them in public.

“without a corpse or evidence, you can file a case without permission. I’d like to ask these law enforcement officers whether they followed the rules or not, or if they can be convicted simply because someone said something in private? “

“...”the reporters were completely stunned. No one would have thought that a murderer who was supposed to be beaten up by everyone would actually dare to openly challenge the law enforcement officers, implying that they were doing things unjustly.

What was even more terrifying was that what she said... .. actually seemed to make some sense ? ?

Yan Jun stood at the side, his eyes filled with admiration as he looked at his wife who was full of her own aura. He did not say a word.

She had never disappointed him, had she?

In this kind of situation, most people would have been scared silly long ago. And the moment she opened her mouth, she shocked all the reporters present.

When Xia Jinqi looked back, she just happened to see the unfathomable smile on Yan Jun’s lips. Just as she was about to ask, a few people walked over from behind, holding police documents in their hands.

“Xia Jinqi, we suspect that you are related to the murder of Xia Tianjiao. Please come back with us to assist in the investigation,” the leading police officer said skillfully. He casually took out his handcuffs and placed them in front of Xia Jinqi “You have the right to remain silent, but anything you say will be used as evidence in court. “

As soon as he finished speaking, the surrounding reporters seemed to have seen a life-saving Straw. They struck while the iron was hot and began to criticize Xia Jinqi with sarcasm and sarcasm.

“The law will always be in place. Mrs. Yan, you’d better go to the police station to reason things out with them! “

“You said so much just now, but you were just apologizing for yourself, weren’t you? You even dared to do it to your own sister! “

Xia Jinqi did not care about what these people said. She frowned and carefully looked at the documents in the hands of the police officer. It was true.

It seemed that Zhao Xiong really used some tricks to build the case.

If she didn’t go, she would definitely be accused of guilt. Moreover, in front of everyone, it would make things difficult for Yan Jun..

As for going... .. She wanted to see what evidence Zhao Xiong could produce ...

She made up her mind. Just as she was about to follow these people, an arm appeared in front of her and blocked her way.

Xia Jinqi’s body stiffened. Before she could raise her head, she heard Yan Jun’s low voice slowly come over... ..

“hold on. “

The king’s domineering aura, which was as arrogant as an emperor’s, brought with it a powerful aura that suppressed everything in the surroundings.

Xia Jinqi slowly raised her eyes, only to see Yan Jun's handsome face, which was cold, standing in front of her.

Under the sunlight, his figure was tall and sturdy, and his demeanor was elegant, as if he was a celestial being... ..

Everyone present was stunned once again. No one had expected that Yan Jun would protect Xia Jinqi, a suspect in a case, in front of everyone's eyes... ..

Just as everyone was stunned, the police officer who was about to take Xia Jinqi away looked at Yan Jun and asked righteously, "is the chairman trying to obstruct official business? "

As soon as he said this, everyone collectively sucked in a cold breath.

Chapter 1809 perhaps everything that happened today was arranged by him

Everyone was amazed that this young police officer had openly offended the future president?

Yan Jun only glanced at him indifferently. His deep black eyes were calm.

"If my wife had done something illegal, then I naturally wouldn't play by the rules. But... you just said that she was suspected of Xia Tianjiao's murder. It's a little ridiculous. "

The police officer frowned but still refused to back away. "The higher-ups ordered me to arrest her. If there's any injustice, you can go to the station and explain it clearly. "

The two words 'higher-ups' that the police officer said made everyone present silent again.

Naturally, this higher-ups were not referring to Yan Jun. He couldn't possibly arrest his own wife and then come here to put on an act, right?

Since it wasn't Yan Jun, who else could it be?

It was probably Lu Yiming's remaining influence or Gao Guan who was bribed by Zhao Xiong with money and benefits.

No matter who the bribed person was, to dare to openly oppose Yan Jun like this, it was likely that they wouldn't have a good ending in the future.

Xia Jinqi heard that it was not good to aim at the head, so she quietly tugged on Yan Jun's sleeve, wanting him to stop defending her, or else he would be exposed.

However, Yan Jun did not turn around because of her actions. Instead, he smiled coldly. "since when did director Wang start to be indiscriminately? There's not even a corpse, how can there be a case? "

Yan Jun naturally knew who gave the order. Wang Xuerong and Zhao Xiong used to be classmates, and they had been very close in the past two years. This time, Zhao Xiong's matter was definitely his help.

The police officer's expression was a little bad. He was a newborn calf that was not afraid of a tiger. The thing he hated the most was the high officials and nobles who used their power to bully others. After

being called by Wang Xuerong to say a few words with sincerity, he thought that Yan Jun was really favoring himself and cheating to protect his wife That was why his attitude was so tough this time.

But now that Yan Jun asked, he remembered that Xia Tianjiao's body had never appeared before.

In the silence, another familiar voice came from the crowd, breaking the deadlock in the blink of an eye.

“Not only does director Wang not have a body, he even dares to file a case without any evidence. He casually sent his men to arrest people. Does he really think Rao city belongs to his family? ! “

Everyone looked in the direction of the voice and were stunned.

Even Xia Jinqi was a little surprised. The person who came was actually Qu Yang?

Almost subconsciously, she raised her eyes to look at the man in front of her. Xia Jinqi miraculously discovered that his expression was indifferent and his eyes were immersed. He seemed to be the only one who was not surprised.

So... ..

He knew Qu Yang would come?

Perhaps everything today was arranged by him.

Thinking of the King of Hell's usual style and methods, Xia Jinqi felt that the possibility of this was very high.

Fortunately, she stood silently at the side, waiting for a good show.

After this period of mental activity, Qu Yang had already looked at Yan Jun..

He nodded slightly and stepped aside.

Just when everyone did not know what he was up to, they suddenly saw a person walk out from behind him.

That person was petite and dressed in a black hoodie and black trousers. His entire person was completely covered up.

Everyone held their breaths, not knowing who this person was... ..

Xia Jinqi also looked over, but with just one glance, she was completely stunned.

At first glance, she thought that she had seen wrongly.

But when she took a second glance, her heart really skipped a beat.

She quickly walked over and stood in front of that person, opening her mouth in surprise. “SECOND SISTER? ! “

Chapter 1810 still addressed her as second sister

With a crisp sound, there was no hesitation, not even a hint of disgust. There was only the surprise and worry of Reunion.

Under the Black Brim of the hat, Xia Jinqi's face, which was somewhat similar to Xia Tianjiao's, was instantly stunned.

Before she came, Xia Tianjiao didn't think too much about it. She thought that as long as she stood in front of the camera and let the public see that she was still alive and that she wasn't dead, it would be fine.

She never thought that Xia Jinqi would have any interaction with her... ..

After all, she had bullied her sister since she was young, who had a body, looks, and personality that was better than hers. Later on, she even had the intention to kill her.

She didn't even think that when Xia Jinqi saw her again, she would still be happy?

She even... Still called her second sister ...

Endless shame and regret surged from the bottom of her heart and finally turned into rolling hot tears, wetting her face.

She slowly raised her head and looked at her sister who had been bullied by her for 20 years... ..

She wanted to take a good look, but her eyes were warm and her vision was blurry.

For some reason, when she heard Xia Jinqi say that she was Xia Tianjiao's second sister without any ill feelings, the tip of her nose was sore and her heart felt stifled.

When the people around saw Xia Tianjiao's face clearly, all of them had different expressions. Apart from that, there was also a high degree of silence.

It was really a reversal!

At first, they said that Xia Tianjiao was murdered by Xia Jinqi, and some people even reported it in their real names. This case was inexplicably filed, but Yan Jun stopped Xia Jinqi from being taken away. Everyone thought that he was going to be biased in public!

Who knew that Xia Tianjiao would actually appear at this time, and she was still alive?

This big news was simply eye-popping!

Qu Yang watched from the side that it was almost time, and then he explained to everyone in a clear voice, "as everyone can see, this is Xia Tianjiao herself. She is alive and well, how could she commit murder and dispose of her body? "

As soon as he finished speaking, he frowned, and his sharp eyes stared straight at the police officer.

That police officer now looked completely stupid. Looking at Xia Tianjiao, he recalled what director Wang had told him before, and his mind was in a mess.

The eyes of the crowd were bright. Now that he was not dead, how could he commit murder Not to mention building a case!

This was a big F * Cking mistake!

The reporters who had only asked Yan Jun and Xia Jinqi began to tremble silently... ..

One by one, they really wished they could bite off their tongues or scratch their faces. They must not be recognized by the King of Hell!

Yan Jun watched Qu Yang's performance with an indifferent expression. He lifted his thin lips and said lazily, "Go and find out who is so bold! There is insufficient evidence and they built a case without permission, ignoring the rules and regulations. "

"Yes! " Qu Yang immediately nodded. When he answered, his voice was very loud and clear. It was obvious that he was speaking for everyone present.

These people were all people who had been through experience and training. They immediately turned to praise Yan Jun, "the speaker is wise! "

"The speaker is impartial! "

"The speaker... don't let these countries' PARASITES OFF! "

When he said the last word of praise, he simply turned to attack the person who set up the case.

Yan Jun did not take these flatterers' words to heart. Instead, he turned to look at Xia Jinqi.

At that time, she had just taken a tissue and handed it to Xia Tianjiao. She asked, "where have you been all this time? Do Your parents know that you're back? "

Xia Jinqi had once thought that Xia Tianjiao was gone, and she had felt guilty for a long time. Now that she had returned, the past feuds and grudges had disappeared in this smile.
